Service Units and Tranche A Units are accounted for as equity awards and related compensation expense is recognized ratably over the vesting period. As of December 31, 2023, Service Units and Tranche A Units had unrecognized compensation expense of $15 million. The expense is expected to be recognized over a weighted-average period of 1.8 years from December 31, 2023.

Performance Units

Performance Units of Parent ("Performance Units") which have been granted as Tranche B Units and Tranche C Units of Parent, will vest based upon equity holders of the Parent realizing certain targeted multiples of invested capital ("MOIC thresholds"). Performance Units are accounted for as equity awards with expense recognition occurring upon the realization of the stated MOIC thresholds due to a liquidity event. Unvested Units that do not vest on termination are forfeited upon such termination, subject to certain conditions. As of December 31, 2023, there were approximately 15.3 million outstanding Performance Units, all of which are unvested.

The following table summarizes the Company's total stock-based compensation expense for the years ended December 31, 2023, 2022 and 2021 (in millions):

	2023	2022	2021
Service Units	$ 5	$ 5	$ 30
Performance Units	-	-	87
Total stock-based compensation expense	$ 5	$ 5	$ 117

Valuation Assumptions

The fair value of all Units was determined using a Monte Carlo simulation framework. The following table shows the weighted average assumptions used by the Company to develop the fair value estimates and the resulting estimates of weighted-average fair value per Unit granted during the years ended December 31, 2023, 2022 and 2021:

Common equity value of the Company (in millions)	$ 3,600
Expected volatility	63.1 %
Risk-free interest rate	0.92 %
Expected dividends	-
Average expected term (years)	5.0

Note 13. Commitments and Contingencies

Capital Expenditure Commitments

The Company is reconfiguring some of its facilities to more effectively accommodate patient services and to provide for a greater variety of services. The Company has incurred approximately $212 million in costs related to uncompleted projects as of December 31, 2023, which is included under the caption "Property and equipment, at cost" in the Company's accompanying consolidated balance sheet. At December 31, 2023, these uncompleted projects had an estimated cost to complete of approximately $138 million. The estimated timeframe for completion of these projects generally ranges from less than one year up to two years. Additionally, the Company is subject to annual capital expenditure commitments in connection with several of its facilities. At December 31, 2023, the Company estimated its total remaining capital expenditure commitments to be approximately $540 million. The majority of this amount represents long-term commitments that are computed as a percentage of revenues at the applicable facility.

Legal Proceedings and General Liability Claims

Healthcare facilities, including the Company and its facilities, are, from time to time, subject to claims and suits arising in the ordinary course of business, including but not limited to, claims for damages for personal injuries, medical malpractice, breach of contracts, wrongful restriction of or interference with physicians' staff privileges, employment related claims, wage and hour claims, consumer protection and data privacy claims, and putative class action claims. In certain of these actions, plaintiffs request payment for damages, including punitive damages, that may not be covered by insurance.

In addition, the Company is subject to the regulation and oversight of various state and federal governmental agencies. Further, under the False Claims Act, private parties have the right to bring qui tam, or "whistleblower," suits against healthcare facilities that submit false claims for payments to, or improperly retain identified overpayments from, governmental payers. Some states have adopted similar state whistleblower and false claims provisions. These qui tam or "whistleblower" actions initiated under the civil False Claims Act may be pending but placed under seal by the court to comply with the False Claims Act's requirements for filing such suits. As a result, they could be proceeding without the Company's knowledge. If a provider is found to be liable under the False Claims Act, the provider may be required to pay up to three times the actual damages sustained by the government plus substantial civil monetary penalties that are subject to annual adjustment for inflation for each separate false claim.

Although the healthcare industry has seen numerous ongoing investigations related to compliance and billing practices, hospitals, in particular, continue to be a primary enforcement target for the Office of the Inspector General, the Department of Justice and other governmental agencies and fraud and abuse programs. Certain of the Company's individual facilities have received, and from time to time, other facilities may receive, inquiries or subpoenas from Medicare Administrative Contractors, and federal and state agencies. Any proceedings against the Company may involve potentially substantial amounts as well as the possibility of civil, criminal, or administrative fines, penalties, or other sanctions, which could be material. Settlements of suits involving Medicare and Medicaid issues routinely require both monetary payments as well as corporate integrity agreements. Depending on whether the underlying conduct in these or future inquiries or investigations could be considered systemic, their resolution could have a material adverse effect on the Company's financial position, results of operations and liquidity.

The Company does not control and cannot predict with certainty the progress or final outcome of discussions with government agencies, investigations and legal proceedings against the Company. Therefore, the final amounts paid to resolve such matters, claims and obligations could be material and could materially differ from amounts currently recorded, if any. Any such changes in the Company's estimates or any adverse judgments could materially adversely impact the Company's future results of operations and cash flows.

The Company accrues an estimate for a contingent liability when losses are both probable and reasonably estimable. The Company reviews its accruals each quarter and adjusts them to reflect the impact of developments, advice of legal counsel and other information pertaining to a particular matter.

Note 14. Subsequent Events

In accordance with the provisions of ASC 855, "Subsequent Events," the Company evaluated all material events subsequent to the balance sheet date through February 29, 2024, the date of issuance, for events requiring disclosure or recognition in the Company's consolidated financial statements. There were no subsequent events requiring disclosure or recognition in the Company's consolidated financial statements other than those included below or elsewhere in the notes to these consolidated financial statements.

Change Healthcare Systems Incident

The Company uses, directly or indirectly through its third-party vendors, information technology systems provided by Change Healthcare ("Change Systems") for various business and administrative support functions, including revenue cycle management. On February 21, 2024, the Company was notified by Change Healthcare of a cyber security incident impacting the Change Systems (the "Change Systems Incident"), and the Company's access to such systems was disabled. As of the date of this Report, Change Healthcare has not provided an estimated timeframe for resuming functionality of the Change Systems. The Company's management continues to work directly with Change Healthcare, its third-party vendors, and other parties to identify and implement solutions intended to minimize the operational and financial impact to the Company caused by the Change Systems Incident. The Company has implemented, and plans to continue to implement, alternative systems where available to help mitigate the potential impact of delays in the timing of remittances from payors. While the Change Systems Incident has yet to be resolved, to date, it has not adversely impacted patient care at the Company's facilities, and the Company does not expect it will have a material impact on its business, financial condition or results of operations. However, the Company cannot predict the ultimate outcome of the Change Systems Incident and whether its efforts to minimize its impact will be successful.

Item 16. ***Form 10-K Summary*****.**

None.

SIGNATURE

Lifepoint Health, Inc. has caused this Report to be signed on its behalf by the undersigned thereunto duly authorized.

LIFEPOINT HEALTH, INC.

Executive Vice President and Chief Financial Officer

3-year Recruitment Plan - Growth

Start Year	Specialty	FTE Needs	Commentary/Notes
2024	OB/GYN	1	• ORHC has no full-time OB/GYNs, we currently utilize 1099 contracted providers
2025	Internal Medicine	2	• PSA shows a need of 11.4 FTE's • ORHC has 4 Family medicine providers and currently no Internal Medicine providers
2025	Orthopedic APP	1	• Second Ortho begins late fall of 2024 • As ramp up continues, APP will be needed
2025	General Surgeon	1	• Continuing growth of service line.
2025	OB/GYN	1	• ORHC will have 1 full time OB/GYN by 2025 • Need 2 full-time physicians to maintain service line
2026	Internal Medicine	1	• Continuing growth of IM service line • Demand will continue to outpace access

3-year Recruitment Plan - Backfill

Provider Name	Specialty	FTE	Employed or Affiliate	Expected Departure Date / Year	Reason for Departure	Near-term Mitigation Plan (including other physicians)
[redacted]	Gen.Surg.	1	Employed	9/19/2024	Resignation	• Utilizing Locums while recruiting • Negotiating with Gen. Surg. regional practice for contract

~~**DELIVERED VIA EMAIL**~~

Ottumwa Regional Legacy Foundation, Inc.
935 Pennsylvania Avenue
Ottumwa, Iowa 52501
Attention: Chairman

Re: Amendment to Asset Purchase Agreement

Dear Ladies and Gentlemen:

Reference is made to that certain Asset Purchase Agreement, dated as of April 30, 2010, as amended (the "**Purchase Agreement**"), among Ottumwa Regional Legacy Foundation, Inc. (f/k/a Ottumwa Regional Health Center, Incorporated), an Iowa non-profit, non-stock corporation (the "**ORHC**"), Regional Retirement Living, Inc., an Iowa non-profit, non-stock corporation ("**RRL**"), Regional Enterprises, Inc., an Iowa corporation ("**RE**" and, collectively, with ORHC and RRL, the "**Sellers**"), RCHP-Ottumwa, LLC (f/k/a RCHP-Ottumwa, Inc.), a Delaware limited liability company ("**Buyer**"), and RegionalCare Hospital Partners, LLC (f/k/a RegionalCare Hospital Partners, Inc.), a Delaware limited liability company ("**RCHP**"). Subsequent to the closing of the transactions contemplated by the Purchase Agreement, RRL and RE both dissolved and distributed their respective assets to ORHC, as the sole shareholder and successor in interest to each of RRL and RE. Pursuant to Section 10.7 of the Purchase Agreement, Buyer agreed to make certain annual routine capital expenditures in connection with the operation of the Hospital, and the parties now desire to enter this letter agreement (this "**Letter Agreement**") to amend Section 10.7 of the Purchase Agreement in accordance with the following:

1. Amendments. Section 10.7 of the Purchase Agreement is hereby deleted in its entirety and replaced with the following, with additions show in double-underline text:

> **10.7 General Capital Expenditures**. In addition to the capital expenditures set forth in Section 10.6, during the first five (5) years following the Closing Date, Buyer shall make annual routine capital expenditures in connection with the operation of the Hospital equal to at least two and one-half percent (2.5%) of the Hospital's net patient revenue. Beginning in the sixth year after the Closing, during such time as Buyer owns and operates the Hospital, Buyer shall make annual routine capital expenditures equal to at least five percent (5%) of the Hospital's net patient revenue. The Parties agree that (i) the foregoing capital expenditures shall be calculated in the aggregate over the term of Buyer's ownership and operation of the Hospital, such that excess capital expenditures may be carried over and applied by Buyer to satisfy the annual routine capital expenditure commitment during any subsequent year(s), provided that beginning in calendar year 2021 and each year thereafter during the commitment period the rolling five-year average of capital expenditures is equal to or greater than five percent (5%) of the Hospital's net patient revenue, (ii) Buyer may satisfy up to one and twenty-five hundredths percent (1.25%) of such annual routine capital expenditures commitment for calendar year 2021 with physician investments, and (iii) Buyer and ORHC shall meet on or prior to November 30, 2021 to determine what percentage of such annual routine capital expenditures

commitment for calendar year 2022 and each year thereafter that Buyer owns and operates the Hospital may be satisfied with physician investments; *provided, however*, that (x) in the event Buyer and ORHC are unable to mutually agree upon the physician investment percentage at such meeting on or prior to November 30, 2021, then the physician investment percentage of one and twenty-five hundredths percent (1.25%) shall continue for calendar year 2022 and each year thereafter until such time as Buyer and ORHC mutually agree upon a change in such physician investment percentage; and (y) Buyer shall not be required to satisfy any portion of the annual routine capital expenditure commitment with physician investments and shall not be required to make any minimum amount of physician investments. As used herein, "**routine capital expenditures**" shall include expenditures for unforeseen maintenance, new equipment, equipment replacement, facility renovations, operating and capital leases, other capital improvements and physician investments. As used herein, "**physician investments**" shall include expenditures for physician development and recruiting, physician retention costs, physician practice losses and other investments in physicians, including, but not limited to, sign-on bonuses, relocation costs, payments made under income guarantees, out of pocket costs and payments for tangible and intangible assets related to the acquisition of physician practices. The Board of Directors shall be responsible for overseeing the development of annual operating and capital budgets. Buyer's liability for the costs of remediation of asbestos and asbestos-containing materials on or at the Real Property (other than the Alta Vista Site) shall be offset, at Buyer's option, against either (i) the routine capital expenditure commitment set forth in this Section 10.7, or (ii) the funds allocated to complete the Infrastructure Projects set forth in Section 10.6.

2. Capitalization. Capitalized terms used but not otherwise defined herein shall have the meanings set forth in the Purchase Agreement.

3. Conflicts/Ratification. This Letter Agreement will constitute an amendment to the Purchase Agreement pursuant to Section 13.29 thereof with respect to the matters set forth herein. The balance of the terms of the Purchase Agreement shall remain in full force and effect.

4. Counterparts. This Letter Agreement may be executed in two (2) or more counterparts, each of which will be deemed to be an original copy of this Letter Agreement and all of which, when taken together, will be deemed to constitute one and the same agreement. The exchange of copies of this Letter Agreement and of signature pages by facsimile or Portable Document Format (PDF) transmission shall constitute effective execution and delivery of this Letter Agreement as to the parties and may be used in lieu of any originals for all purposes.

[Signature Page Follows.]

IN WITNESS WHEREOF, the parties have caused this Letter Agreement to be executed as of the date first above written.

AHA Annual Survey - 2009

This printout of the survey includes all the data that has been entered so far. If no data has been entered all the fields will be empty. If you have entered some or all of the data, it will be represented here (except responses to 'write-in' or 'dropdown' questions, where only the first item will print). Please keep a copy of the most complete survey for your records. If you have any questions, please contact the Health Forum/AHA Support Team.

Thank You.

Section B: Question	Description	Answer
3e. Does the hospital participate in a group purchasing arrangement? If yes, please provide the name, city, and state of the group purchasing organization(s):		Yes
	Name	Premier
	City	San Diego
	State	CA
	Name	
	City	
	State	
	Name	
	City	
	State	
3f. Is your hospital owned in whole or in part by physicians or a physician group?		No
3g. If you checked 80 Acute long-term care hospital (LTCH) in the section B2 (Service), please indicate if you are a freestanding LTCH(F) or a LTCH(C) colocated within a general acute care hospital.		
If you are colocated in a general acute care hospital, what is your host hospital's name,city and state?		
NPI		
4. NATIONAL PROVIDER IDENTIFIER (NPI)		
National Plan Provider		
a. Does your hospital have its new National Provider Identifier (NPI) from the National Plan and Provider Enumeration System?		Yes
Digital NPI		
If yes, please report the ten digit NPI		1528175981
SubPart NPI		
Does your hospital also have a Subpart NPI.?		Yes
National Identifier Provider (NPI)		
Subpart NPI 1		1952465320
		04 - Rehabilitation Unit
Subpart NPI 2		1902943970
		03 - Psychiatric Unit
Subpart NPI 3		1275746406
		10 - Other
Subpart NPI 4		1750383055
		10 - Other

Section D: Staffing	Full-Time (35 hr/wk or more) On Payroll	Full-Time (History)	Part-Time (less then 35 hr/wk) On Payroll	Part-Time (History)	FTE
a. Physicians and dentists	15	18	0	0	14.24
b. Medical and dental residents/interns	0	0	0	0	0
c. Other trainees	0	0	0	0	0
d. Registered nurses	154	167	46	49	156.84
e. Licensed practical (vocational) nurses	10	12	5	3	11.36
f. Nursing assistive personnel	44	33	12	18	44.91
g. Radiology technicians	13	16	7	8	13.68
h. Laboratory technicians	0	0	0	0	0
i. Pharmacists,licensed	3	4	1	1	3.33
j. Pharmacy technicians	6	5	1	1	6.4
k. Respiratory therapists	5	5	1	1	5.32
l. All other personnel	383	401	108	107	453.83
m. Total facility personnel (add 11.a through 11.l)(Total facility personnel should include hospital plus nursing home type unit/facility personnel reported in 11.n and 11.o)	633	661	181	188	709.91
n. Nursing home type unit/facility Registered Nurses	0	0	0	0	0
o. Nursing home type unit/facility personnel(if applicable - please break out these personnel from the total facility number.)	0	0	0	0	0

Section D: Staffing (continued)

	Answer	Answer (History)
HOSPITALISTS		
a. Do hospitalists provide care for patients in your hospital?	No	No

	Full-Time (35 hr/wk or more) On Payroll	Full-Time (History)	Part-Time (less then 35 hr/wk) On Payroll	Part-Time (History)	FTE
b. If yes, please report the number of full time, part time and FTE Hospitalists?					

	Answer	Answer (History)
c. If yes, please select the category below that best describes the employment model for your hospitalists?		

13. INTENSIVISTS

	Answer	Answer (History)
a. Do intensivists provide care for patients in your hospital.	No	

	Full-Time (35 hr/wk or more) On Payroll	Full-Time (History)	Part-Time (less then 35 hr/wk) On Payroll	Part-Time (History)	FTE
1. Medical-surgical intensive care					
2. Cardiac intensive care					
3. Neonatal intensive care					
4. Pediatric intensive care					
5. Other intensive care					
6. Total					

If yes, please select the category below that best describes the employment model for your intensivists.

	Independent provider group	Employed by your hospital	Employed by a physician group	Employed by a university or school program	Other
1. Medical surgical intensive care	☐	☐	☐	☐	☐
2. Cardiac intensive care	☐	☐	☐	☐	☐
3. Neonatal intensive care	☐	☐	☐	☐	☐
4. Pediatric intensive care	☐	☐	☐	☐	☐
5. Other intensive care	☐	☐	☐	☐	☐

	Answer	Answer (History)
FOREIGN EDUCATED NURSES		
a. Did your facility hire more foreign-educated nurses (including contract or agency nurses) to help fill RN vacancies in 2009 vs. 2008?	Did not hire foreign nurses	Did not hire foreign nurses
b. From which countries/continents are you recruiting foreign-educated nurses? CHECK ALL THAT APPLY		

.

AHA Annual Survey - 2010

This printout of the survey includes all the data that has been entered so far. If no data has been entered all the fields will be empty. If you have entered some or all of the data, it will be represented here (except responses to 'write-in' or 'dropdown' questions, where only the first item will print). Please keep a copy of the most complete survey for your records. If you have any questions, please contact the Health Forum/AHA Support Team.

Thank You.

		Answer	Answer (History)
C. Physician Arrangements			
102b. Looking across all the relationships identified in question 102a, what is the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payers or shared responsibility for financial risk or clinical performance between the hospital and physician (arrangement may be at the hospital, system or network level)?	# of physicians	0	
Group C 'Joint Venture Physician'			
103a. Does your hospital participate in any joint venture arrangements with physicians or physician groups?		Yes	Yes
103b. If your hospital participates in any joint ventures with physicians or physician groups, please indicate which types of services are involved in those joint ventures. (Check all that appy).		d. Other	d. Other
103b. Other		Lab services	Radiation Oncology, Lab services
103c. If you selected 'a'. Limited Service Hospital' please tell us what type(s) of services are provided (Check all that appy).			
103c. Other			
103d. Does your hospital participate in joint venture arrangements with organizations other than physician groups?		No	No
104a. Has your hospital or health care system established an accountable care organization (ACO)?		No	

AHA Annual Survey - 2011

Ottumwa Regional Health Center (6621105)

	Answer	Answer (History)
104b. If yes, please indicate the patient population that participates in the ACO. (Check all that apply):		
104b. Other		
105. Does your hospital have an established medical home program?	No	
106. Does your hospital participate in a bundled payment program involving inpatient, physician, and/or post acute care services where the hospital receives a single payment from a payer for a package of services and then distributes payments to participating providers of care (such as a single fee for hospital and physician services for a specific procedure, e.g. hip replacement, CABG)?	No	
107. Please indicate below what percentage of your hospital's net patient revenue is paid based on the following payment mechanisms:		
a. Fee for Service - DRG	28	
b. Fee for Service - Per Diem	0	
c. Fee for Service plus Shared Savings	0	
d. Bundled payments (inpatient plus physician and/or post acute care)	0	
e. Partial and global capitation payments	0	
f. Other	72	
Total	100

b. Use of predictive analytic tools to identify individual patients at high risk for poor outcomes or extraordinary resource use.	☐	☐	☐	☒	☐
c. Prospective management of patients at high-risk for poor outcomes or extraordinary resource use by experienced case managers.	☐	☐	☐	☒	☐
d. Assignment of case managers to patients at risk for hospital admission or readmission for outpatient follow-up.	☐	☐	☐	☐	☒
e. Medication reconciliation as part of an established plan of care.	☐	☐	☐	☐	☒
f. Provision of visit summaries to patients as part of all outpatient encounters and scheduling of follow-up visits and/or specialty referrals at the time of the initial encounter.	☐	☐	☐	☐	☒
g. Post-hospital discharge continuity of care program with scaled intensiveness based upon a severity or risk profile for adult medical-surgical patients in defined diagnostic categories or severity profiles.	☐	☐	☐	☐	☒
h. Arrangement of home visits by physicians, advanced practice nurses or other professionals for homebound and complex patients for whom office visits constitute a physical hardship.	☐	☐	☐	☐	☒

Describe your hospital's processes for facilitating safe transitions. Check the appropriate box for each process administered.

How is the process administered?	Verbally	Paper (mail or fax)	Electronic	Other	Is the process; Standard	or Ad Hoc
a. Identifying patients who transition between setting of care.	☐	☐	☒	☐	☐	☐
b. Sharing clinical information between setting of care.	☐	☒	☐	☐	☐	☐
c. Providing patient discharge summaries to primary care providers.	☐	☒	☐	☐	☐	☐
d. Providing patient discharge summaries to other providers (e.g. rehabilitation hospitals).	☐	☒	☐	☐	☐	☐
e. Tracking the status of transitions including the timing of information exchange.	☐	☐	☐	☐	☐	☒

2. DIVERSITY, LANGUAGE AND LEADERSHIP

a. Does your hospital gather information on a patient's race/ethnicity at any point during their stay?	Yes
b. Does your hospital gather information on a patient's primary language any point during their stay?	Yes
c. Does your hospital or health system currently have or plan to develop, execute, or evaluate a diversity strategy or plan?	No
d. Does your hospital educate all clinical staff during orientation about how to address the unique cultural and linguistic factors affecting the care of diverse patients and communities?	No
e. Does your hospital require all employees to attend diversity training?	Yes
f. Does the hospital's strategic plan include goals for improving quality of care of culturally and linguistically-diverse patient population?

Supplemental Information (Cont)	Completed	04/19/2012	Philip G Dionne

Section F: Supplemental Information

	Answer
F. OTHER INFORMATION	
a. Does your hospital provide services through one or more satellite facilities?	Yes
b. Does the hospital participate in a group purchasing arrangement? If yes, please provide the name, city, and state of the group purchasing organization(s):	Yes
	HealthTrust Purchasing Group
	Brentwood
	TN
c. Does the hospital purchase medical/surgical supplies directly through a distributor?	No
If yes, please provide the name(s) of the distributor.	
d. Which of the following best describes the type of triage system your emergency department uses on a daily basis to determine which patients can wait to be seen and which need to be seen immediately.	3. Five (5) level Emergency Severity Index (ESI)
e. Does your hospital outsource the HIM coding function under any of the following conditions?	
1. To handle backlog due to staff vacations or shortages.	No
2. Partially outsource during normal operations.	No
3. Completely outsourced during normal operations	No

f. Does your hospital use social media applications to conduct patient outreach or engage patients?	a. Yes
g. If yes, which social media applications does your hospital use for patient outreach or engagement (check all that apply)?	4. Hospital's own website
h. If your hospital hired RNs during the reporting period, how many were new graduates from nursing schools?	6
i. Use this space to describe your community benefit activities as well as any partners you are currently working with on such activities. Also use this space or additional sheets if more space is required for comments or to elaborate on any information supplied on this survey. Refer to the response by page, section and item name.	
j. Does your hospital or health system have an Internet or Homepage address? If yes, please provide the address.	Yes
	www.orhc.com
k. Please indicate below whether or not you agree to these types of disclosure:	I do not grant AHA permission to release my confidential data.

AHA Annual Survey - 2012

This printout of the survey includes all the data that has been entered so far. If no data has been entered all the fields will be empty. If you have entered some or all of the data, it will be represented here (except responses to 'write-in' or 'dropdown' questions, where only the first item will print). Please keep a copy of the most complete survey for your records. If you have any questions, please contact the Health Forum/AHA Support Team.

Thank You.

		Answer	Answer (History)
C. Physician Arrangements			
102b. Looking across all the relationships identified in question 102a, what is the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payers or shared responsibility for financial risk or clinical performance between the hospital and physician (arrangement may be at the hospital, system or network level)?	# of physicians		0
Group C 'Joint Venture Physician'			
103a. Does your hospital participate in any joint venture arrangements with physicians or physician groups?		Yes	Yes
103b. If your hospital participates in any joint ventures with physicians or physician groups, please indicate which types of services are involved in those joint ventures. (Check all that appy).		d. Other	d. Other
103b. Other		Lab, Radiation Oncology, Medical Oncology	Lab services
103c. If you selected 'a'. Limited Service Hospital' please tell us what type(s) of services are provided (Check all that appy).			

AHA Annual Survey - 2012

Ottumwa Regional Health Center (6621105)

	Answer	Answer (History)
103c. Other		
103d. Does your hospital participate in joint venture arrangements with organizations other than physician groups?	No	No
104a. Has your hospital or health care system established an accountable care organization (ACO)?	No	No
104b. If yes, please indicate the patient population that participates in the ACO. (Check all that apply):		
104b. Other		
105. Does your hospital have an established medical home program?	No	No
106. Does your hospital participate in a bundled payment program involving inpatient, physician, and/or post acute care services where the hospital receives a single payment from a payer for a package of services and then distributes payments to participating providers of care (such as a single fee for hospital and physician services for a specific procedure, e.g. hip replacement, CABG)?	No	No

		Answer	Answer (History)
C. Physician Arrangements			
102b. Looking across all the relationships identified in question 102a, what is the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payers or shared responsibility for financial risk or clinical performance between the hospital and physician (arrangement may be at the hospital, system or network level)?	# of physicians	0	
Group C 'Joint Venture Physician'			
103a. Does your hospital participate in any joint venture arrangements with physicians or physician groups?		No	Yes
103b. If your hospital participates in any joint ventures with physicians or physician groups, please indicate which types of services are involved in those joint ventures. (Check all that appy).			d. Other
103b. Other			Lab, Radiation Oncology, Medical Oncology
103c. If you selected 'a'. Limited Service Hospital' please tell us what type(s) of services are provided (Check all that appy).			
103c. Other			
103d. Does your hospital participate in joint venture arrangements with organizations other than physician groups?		No	No
104a. Has your hospital or health care system established an accountable care organization (ACO)?		No	No
104b. If yes, please indicate the patient population that participates in the ACO. (Check all that apply):			

	Answer	Answer (History)
104b. Other		
105. Does your hospital have an established medical home program?	No	No
106. Does your hospital participate in a bundled payment program involving inpatient, physician, and/or post acute care services where the hospital receives a single payment from a payer for a package of services and then distributes payments to participating providers of care (such as a single fee for hospital and physician services for a specific procedure, e.g. hip replacement, CABG)?	No	No

Section C: Question Insurance Products and Capitation	(1) My Hospital	(2) My Health System	(3) My Health Network	(4) Joint Venture With Insurer	(5) Do Not Provide
107a. Health Maintenance Organization					X
107b. Preferred Provider Organization					X
107c. Indemnity Fee for Service Plan					X

Section C: Question Insurance Products and Capitation	Answer
108a. Health maintenance organization (HMO)	No
108b. If YES, how many contracts?	
108c. Preferred provider organization (PPO)	No
108d. If YES, how many contracts?	
109. What percentage of the hospital's net patient revenue is paid on a capitated basis? (If the hospital does not participate in capitated arrangements, please enter 0)	0
110. What percentage of the hospital's net revenue is paid on a shared risk basis?	0
111. Does your hospital contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis?	No
112. If your hospital has arrangements to care for a specific group of enrollees in exchange for a capitated payment, how many lives are covered?	0
113. Does your hospital have contracts with commercial payers where payment is tied to performance on quality/safety metrics?	No

		Answer	Answer (History)
C. Physician Arrangements			
102b. Looking across all the relationships identified in question 102a, what is the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payors or shared responsibility for financial risk or clinical performance between the hospital and physician (arrangement may be at the hospital, system or network level)?	# of physicians	0	0
103a. Does your hospital participate in any joint venture arrangements with physicians or physician groups?		No	No
103b. If your hospital participates in any joint ventures with physicians or physician groups, please indicate which types of services are involved in those joint ventures. (Check all that apply).			
103b. Other			
103c. If you selected 'a'. Limited Service Hospital' please tell us what type(s) of services are provided (Check all that apply).			
103c. Other			
103d. Does your hospital participate in joint venture arrangements with organizations other than physician groups?		No	No
104a. Has your hospital or health care system established an accountable care organization (ACO)?		No	No

AHA Annual Survey - 2014

Ottumwa Regional Health Center (6621105)

	Answer	Answer (History)
104b. If yes, please indicate the patient population that participates in the ACO. (Check all that apply):		
104b. Other		
105. Does your hospital have an established medical home program?	No	No
106. Does your hospital participate in a bundled payment program involving inpatient, physician, and/or post acute care services where the hospital receives a single payment from a payor for a package of services and then distributes payments to participating providers of care (such as a single fee for hospital and physician services for a specific procedure, e.g., hip replacement, CABG)?	No	No

102i. Other, please specify:	☐ (# Physicians: ____)	☐	☐	☒

		Answer	Answer (History)
C. Physician Arrangements			
102b. Looking across all the relationships identified in question 102a, what is the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payors or shared responsibility for financial risk or clinical performance between the hospital and physician (arrangement may be at the hospital, system or network level)?	# of physicians	19	0
103a. Does your hospital participate in any joint venture arrangements with physicians or physician groups?		No	No
103b. If your hospital participates in any joint ventures with physicians or physician groups, please indicate which types of services are involved in those joint ventures. (Check all that apply).			
103b. Other			
103c. If you selected 'a'. Limited Service Hospital' please tell us what type(s) of services are provided (Check all that apply).			
103c. Other			
103d. Does your hospital participate in joint venture arrangements with organizations other than physician groups?		No	No
104a. Has your hospital or health care system established an accountable care organization (ACO)?		No	No

AHA Annual Survey - 2015

Ottumwa Regional Health Center (6621105)

	Answer	Answer (History)
104b. If yes, please indicate the patient population that participates in the ACO. (Check all that apply):		
104b. Other		
105. Does your hospital have an established medical home program?	No	No
106. Does your hospital participate in a bundled payment program involving inpatient, physician, and/or post acute care services where the hospital receives a single payment from a payor for a package of services and then distributes payments to participating providers of care (such as a single fee for hospital and physician services for a specific procedure, e.g., hip replacement, CABG)?	No	No

AHA Annual Survey - 2015

	Answer	Answer (History)
104. Looking across all the relationships identified in question 103, what is the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payors or shared responsibility for financial risk or clinical performance between the hospital and physician (arrangement may be at the hospital, system or network level)?	20	19
105a. Does your hospital participate in any joint venture arrangements with physicians or physician groups?	No	No
105b. If your hospital participates in any joint ventures with physicians or physician groups, please indicate which types of services are involved in those joint ventures. (Check all that apply).		
105b. Other		
105c. If you selected 'a'. Limited Service Hospital' please tell us what type(s) of services are provided (Check all that apply).		
105c. Other		
105d. Does your hospital participate in joint venture arrangements with organizations other than physician groups?	No	No
106a. Has your hospital or health care system established an accountable care organization (ACO)?	No	No
106b. If yes, please indicate the patient population that participates in the ACO. (Check all that apply):		
106b. Other		
107. Does your hospital have an established medical home program?	No	No

AHA Annual Survey - 2016

Ottumwa Regional Health Center (6621105)

	Answer	Answer (History)
108. Does your hospital participate in a bundled payment program involving inpatient, physician, and/or post acute care services where the hospital receives a single payment from a payor for a package of services and then distributes payments to participating providers of care (such as a single fee for hospital and physician services for a specific procedure, e.g., hip replacement, CABG)?	No	No

Section C: Question Insurance Products and Capitation	(1) My Hospital	(2) My Health System	(3) My Health Network	(4) Joint Venture with Insurer	(5) Do Not Provide
109a. Health Maintenance Organization					X
109b. Preferred Provider Organization					X
109c. Indemnity Fee for Service Plan					X

	Answer
110a. Health maintenance organization (HMO)	No
110b. If YES, how many contracts?	
110c. Preferred provider organization (PPO)	No
110d. If YES, how many contracts?	
111. What percentage of the hospital's net patient revenue is paid on a capitated basis? (If the hospital does not participate in capitated arrangements, please enter 0)	0
112. What percentage of the hospital's net patient revenue is paid on a shared risk basis?	0
113. Does your hospital contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis?	No
114. If your hospital has arrangements to care for a specific group of enrollees in exchange for a capitated payment, how many lives are covered?	
115. Does your hospital have contracts with commercial payors where payment is tied to performance on quality/safety metrics?	No
116a. Does your hospital conduct an internal survey of the hospital's quality/safety culture at least every 18 months?	No
116b. If yes, please indicate the response rate for the most recent survey.	
116c. If yes, are valid results available at the level of individual units (e.g., medical ICUs, cardiothoracic surgery)?

6. Large Group	☐	☐	☐		X	☐

Does your health plan make capitated payments to physicians either within or outside of your network for specific groups or enrollees?

	Answer
a. Physicians within your network	No
b. Physicians outside your network	No

Does your health plan make bundled payments to providers in your network or to outside providers?

	Answer
a. Providers within your network	No
b. Providers outside your network	No

Does your health plan offer shared risk contracts either to providers in your network or to outside providers? (i.e., other than capitation or bundled payment)

	Answer
a. Providers within your network	No
b. Providers outside your network	No

Ottumwa Regional Health Center (6621105)

	Answer
5. What percentage of the hospital's net patient revenue is paid on a capitated basis?	0
5a. In total, how many enrollees do you serve under capitated contracts?	
6. Does your hospital participate in a bundled payment program involving care settings outside of the hospital (e.g. physician, outpatient, post acute, etc.)?	No
6a. If yes, does your hospital share upside or downside risk with any of those outside providers?	
6b. If yes, what percentage of the hospital's patient revenue is paid through bundled payment arrangements	
7. What percentage of your hospital's patient revenue is paid on a shared risk basis (other than capitated or bundled payment)?	0
8. Does your hospital contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis?	No
9. Does your hospital have contracts with commercial payors where payment is tied to performance on quality/safety metrics?	No
10. Has your hospital or health care system established an accountable care organization (ACO)?	No
10a. If yes, please indicate the patient population that participates in the ACO. (Check all that apply):	
10a. If yes, please indicate the patient population that participates in the ACO. (Check all that apply):	

11. Do any hospitals and/or physician groups within your system or the system itself, plan to participate in any of the following risk arrangements in the next three years? (Check all that apply)

- [X] a. Shared Savings/Losses
- [ ] b. Bundled payment
- [ ] c. Capitation
- [ ] d. ACO (Ownership)
- [ ] e. ACO (Joint Venture)
- [ ] f. Health Plan (Ownership)
- [ ] g. Health Plan (Joint Venture)
- [ ] h. Other, please specify:
- [ ] i. None

	Answer
12. Does your hospital have an established medical home program?	
13. Has your hospital/system established a clinically integrated network?

Section E: Question (continued)	Inpatient	Inpatient (History)	Outpatient	Outpatient (History)
If you reported receiving Medicaid Supplemental Payments on line 6.a(2)e, please break the payment total into inpatient and outpatient care.				
Medicaid supplemental payments				

	Answer	Answer (History)
6e. If you are a government owned facility, does your facility participate in the Medicaid intergovernmental transfer or certified public expenditure program.	No	

	Gross	Gross (History)	Net	Net (History)
*6f. If yes, please report gross and net revenue.				

	Answer	Answer (History)
6g. Are the financial data reported from your audited financial statement?	Yes	
6h. IS THERE ANY REASON WHY YOU CANNOT ENTER REVENUE BY PAYER?	No	
7. Fixed Assets		
7a. Property, plant and equipment at cost	60,531,414	57,865,809
7b. Accumulated depreciation	9,518,808	4,850,294
7c. Net property, plant and equipment (a - b)	51,012,606	53,015,515
7d. Total gross square feet of your physical plant used for or in support of your healthcare activities	202,105	202,105
8. Total Capital Expenses		
Include all expenses used to acquire assets, including buildings, remodeling projects, equipment, or property.	2,665,604	2,746,138
9. INFORMATION TECHNOLOGY AND CYBERSECURITY		
a. IT Operating Expense	2,015,949	2,104,496
b. IT Capital Expense.	1,105,662	429,256
c. Number of Employed IT staff (in FTEs).	8	7
d. Number of outsourced IT staff (in FTEs).	0	0
*e. What percentage of your IT budget is spent on security?		

f. Which of the following cybersecurity measures does your hospital or health system currently deploy?*

- [X] a. Annual risk assessment
- [X] b. Incident response plan
- [X] c. Intrusion detection systems
- [X] d. Mobile device encryption
- [X] e. Mobile device data wiping
- [ ] f. Penetration testing to identify security vulnerabilities
- [X] g. Strong password requirements
- [ ] h. Two-factor authentication

	Answer	Answer (History)
CYBERSECURITY		
g. Does your hospital or health system board oversight of risk management and reduction specifically include consideration of cybersecurity risk?*	Unsure	
h. Does your hospital or health system have cybersecurity insurance?*	Yes	
i. Is your hospital or health system participating in cybersecurity information-sharing activities with an outside information Sharing and Analysis Organization to identify threats and vulnerabilities?*	Yes	
*These data will be treated as confidential and not released without written permission. AHA will, however, share these data with your respective state hospital association and, if requested, with your appropriate metropolitan/regional association.		
*For members of the Catholic Health Association of the United States (CHA), AHA will also share these data with CHA unless there are objections expressed by checking this box.

AHA Annual Survey - 2018

This printout of the survey includes all the data that has been entered so far. If no data has been entered all the fields will be empty. If you have entered some or all of the data, it will be represented here (except responses to 'write-in' or 'dropdown' questions, where only the first item will print). Please keep a copy of the most complete survey for your records. If you have any questions, please contact the Health Forum/AHA Support Team.

Thank You.

	Answer
If yes, to 4.g. Other Please specify:	

5. Does your health plan make capitated payments to physicians either within or outside of your network for specific groups or enrollees?

	Answer
a. Physicians within your network	No
b. Physicians outside your network	No

Ottumwa Regional Health Center (6621105)

6. Does your health plan make bundled payments to providers in your network or to outside providers?

	Answer
a. Providers within your network	No
b. Providers outside your network	No

7. Does your health plan offer shared risk contracts either to providers in your network or to outside providers? (i.e., other than capitation or bundled payment)

	Answer
a. Providers within your network	No
b. Providers outside your network	No

	Answer
8. Does your hospital or system offer a self-administered health plan for your employees?	No

	Answer
9. What percentage of the hospital's net patient revenue is paid on a capitated basis?	0
9a. In total, how many enrollees do you serve under capitated contracts?	
10. Does your hospital participate in any bundled payment arrangements?	No

10a. If yes, with which of the following types of payers does your hospital have a bundled payment arrangement? (Select all that apply)

- ☐ 1. Traditional Medicare
- ☐ 2. A Medicare Advantage plan
- ☐ 3. A commercial insurance plan including ACA participants, individual, group or employer markets
- ☐ 4. Medicaid

10b. For which of the following medical/surgical conditions does your hospital have a bundled payment arrangement? (Select all that apply)

- ☐ 1. Cardiovascular
- ☐ 2. Orthopedic
- ☐ 3. Oncologic
- ☐ 4. Neurology
- ☐ 5. Hematology
- ☐ 6. Gastrointestinal
- ☐ 7. Pulmonary
- ☐ 8. Infectious disease
- ☐ 9. Other (please specify

	Answer
10c. what percentage of the hospital's patient revenue is paid through bundled payment arrangements	
11. Does your hospital participate in a bundled payment program involving care settings outside of the hospital (e.g. physician, outpatient, post acute)?	No

Ottumwa Regional Health Center (6621105)

	Answer
11a. If yes, does your hospital share upside or downside risk with any of those outside providers?	
12. What percentage of your hospital's patient revenue is paid on a shared risk basis (other than capitated or bundled payment)?	0
13. Does your hospital contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis?	No
14. Does your hospital have contracts with commercial payers where payment is tied to performance on quality/safety metrics?	No

	Answer
15a. Has your hospital or health care system established an accountable care organization (ACO)?	4. My hospital/system has never participated or led an ACO
15b. With which of the following types of payers does your hospital/system have an accountable care contract? (Select all that apply)	

15c. If you selected Traditional Medicare, in which of the following Medicare programs is your hospital/system participating? (Select all that apply)

- ☐ 1. MSSP Track 1
- ☐ 2. MSSP Track 2
- ☐ 3. MSSP Track 3
- ☐ 4. MSSP Track 1+
- ☐ 5. NextGen
- ☐ 6. Comprehensive ESRD Care

	Answer
15d. What percentage of your hospital's/system patients are covered by accountable care contracts?	
15e. What percentage of your hospital's/system patient revenue came from ACO contracts in 2018?	
16a. In what year did your hospital's/system last ACO contract end?	

16b. Which of the following types of payers did your hospital's/system have an accountable care contract with? (Select all that apply)

- 1. Traditional Medicare (MSSP and NextGen) ☐
- 2. A Medicare Advantage plan ☐
- 3. A commercial insurance plan (including ACA participants, individual, group, and employer markets) ☐
- 4. Medicaid ☐

16c. In which of the following Medicare programs did your hospital's/system participate? (Select all that apply)

- 1. MSSP Track 1 ☐
- 2. MSSP Track 2 ☐
- 3. MSSP Track 3 ☐
- 4. MSSP Track 1+ ☐
- 5. NextGen ☐
- 6. Pioneer ☐

16c. In which of the following Medicare programs did your hospital's/system participate? (Select all that apply)

7. Comprehensive ESRD Care ☐

	Answer
16d. How many commercial accountable care contracts has your hospital's/system previously been a part of?	
17. Has your hospital's/system ever considered participating in an ACO?	b. Yes, but we are not planning to join one

18. Do any hospitals and/or physician groups within your system or the system itself, plan to participate in any of the following risk arrangements in the next three years? (Check all that apply)

a. Shared Savings/Losses ☐

b. Bundled payment ☐

c. Capitation ☐

d. ACO (Ownership) ☐

e. ACO (Joint Venture) ☐

f. Health Plan (Ownership) ☐

g. Health Plan (Joint Venture) ☐

h. Other, please specify ☐

i. None ☐

19. Does your hospital/system have an established medical home program?

	Answer
a. Hospital	No
b. System	

20. Has your hospital/system established a clinically integrated network?

	Answer
a. Hospital	No
b. System

	Answer
2. Does the hospital participate in a group purchasing arrangement? If yes, please provide the name, city, and state of the group purchasing organization(s):	Yes
	HealthTrust
	Brentwood
	TN
3. Does the hospital purchase medical/surgical supplies directly through a distributor?	Yes
If yes, please provide the name(s) of the distributor.	Cardinal Health
If yes, please provide the name(s) of the distributor.	Medline
If yes, please provide the name(s) of the distributor.	Owens & Minor
4. If your hospital hired RNs during the reporting period, how many were new graduates from nursing schools?	1

5. Describe the extent of your hospital's current partnerships with the following types of organizations for community or population health improvement initiatives.	Not Involved	Collaboration	Formal Alliance
a. Health care providers outside your system		X	
b. Local or state public health organizations		X	
c. Local or state human/social service organizations		X	
d. Other local or state government		X	
e. Non-profit organizations		X	
f. Faith-based organizations		X	

g. Health insurance companies		X	
h. Schools		X	
i. Local businesses or chambers of commerce		X	
j. National businesses	X		
k. Other (list):	X		

	Answer
6. Does your hospital have an established patient and family advisory council that meets regularly to actively engage the perspectives of patients and families?	No
7. Does your hospital have a policy or guidelines that facilitate unrestricted access, 24 hours a day, to hospitalized patients	b. Exists across some units
8. Use this space for comments or to elaborate on any information supplied on this survey. Refer to the response by page, section and item name.	
9. Does your hospital or health system have an Internet or Homepage address? If yes, please provide the address.	Yes
	www.ottumwaregionalhealth.com
10. Please indicate below whether or not you agree to these types of disclosure:	I do not grant AHA permission to release my confidential data.

AHA Annual Survey - 2019

This printout of the survey includes all the data that has been entered so far. If no data has been entered all the fields will be empty. If you have entered some or all of the data, it will be represented here (except responses to 'write-in' or 'dropdown' questions, where only the first item will print). Please keep a copy of the most complete survey for your records. If you have any questions, please contact the Health Forum/AHA Support Team.

Thank You.

g. Other	☐	☐	☐		☐	☐	☐

	Answer
If yes, to 4.g. Other Please specify:	

5. Does your health plan make capitated payments to physicians either within or outside of your network for specific groups or enrollees?

	Answer
a. Physicians within your network	No
b. Physicians outside your network	No

Ottumwa Regional Health Center (6621105)

6. Does your health plan make bundled payments to providers in your network or to outside providers?

	Answer
a. Providers within your network	No
b. Providers outside your network	No

7. Does your health plan offer shared risk contracts either to providers in your network or to outside providers? (i.e., other than capitation or bundled payment)

	Answer
a. Providers within your network	No
b. Providers outside your network	No

	Answer
8. Does your hospital or system offer a self-administered health plan for your employees?	No

	Answer
9. What percentage of the hospital's net patient revenue is paid on a capitated basis?	0
9a. In total, how many enrollees do you serve under capitated contracts?	
10. Does your hospital participate in any bundled payment arrangement?	No

10a. If yes, with which of the following types of payers does your hospital have a bundled payment arrangement? (Select all that apply)

1. Traditional Medicare ☐
2. A Medicare Advantage plan ☐
3. A commercial insurance plan including ACA participants, individual, group or employer markets ☐
4. Medicaid ☐

	Answer
10b. For which of the following medical/surgical conditions does your hospital have a bundled payment arrangement? (Select all that apply)	
Other (please specify)	
10c. what percentage of the hospital's patient revenue is paid through bundled payment arrangements	
11. Does your hospital participate in a bundled payment program involving care settings outside of the hospital (e.g. physician, outpatient, post acute)?	No
11a. If yes, does your hospital share upside or downside risk with any of those outside providers?	

AHA Annual Survey - 2019

Ottumwa Regional Health Center (6621105)

	Answer
12. What percentage of your hospital's patient revenue is paid on a shared risk basis (other than capitated or bundled payment)?	0
13. Does your hospital contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis?	No
14. Does your hospital have contracts with commercial payers where payment is tied to performance on quality/safety metrics?	No

	Answer
15a. Has your hospital or health care system established an accountable care organization (ACO)?	4. My hospital/system has never participated or led an ACO
15b. With which of the following types of payers does your hospital/system have an accountable care contract? (Select all that apply)	

15c. If you selected Traditional Medicare, in which of the following Medicare programs is your hospital/system participating? (Select all that apply)

- ☐ 1. MSSP Track 1
- ☐ 2. MSSP Track 2
- ☐ 3. MSSP Track 3
- ☐ 4. MSSP Track 1+
- ☐ 5. NextGen
- ☐ 6. Comprehensive ESRD Care

	Answer
15d. What percentage of your hospital's/system patients are covered by accountable care contracts?	
15e. What percentage of your hospital's/system patient revenue came from ACO contracts in 2019?	
16a. In what year did your hospital's/system last ACO contract end?	
16b. Which of the following types of payers did your hospital's/system have an accountable care contract with? (Select all that apply)	
16c. In which of the following Medicare programs did your hospital's/system participate? (Select all that apply)	
16d. How many commercial accountable care contracts has your hospital's/system previously been a part of?	

17. Has your hospital/system ever considered participating in an ACO?

- a. Yes, and we are planning to join one ☐
- b. Yes, but we are not planning to join one ☐
- c. No, we have not even considered it ☐

	Answer
18. Do any hospitals and/or physician groups within your system or the system itself, plan to participate in any of the following risk arrangements in the next three years? (Check all that apply)	i. None
18. Other, please specify	

AHA Annual Survey - 2019

Ottumwa Regional Health Center (6621105)

19. Does your hospital/system have an established medical home program?

	Answer
a. Hospital	No
b. System	

20. Has your hospital/system established a clinically integrated network?

	Answer
a. Hospital	No
b. System

Section Title	Status	Last Edit Date	Last Edit By
Organizational Structure	Completed	05/26/2021	Philip J Noel

Section B: Question	Answer
1. Indicate the type of organization that is responsible for establishing policy for overall operation of your hospital. SELECT ONLY ONE:	33 Corporation (Investor-owned, for-profit)
2. Indicate the ONE category that BEST describes your hospital or the type of service it provides to the MAJORITY of patients:	10 General medical and surgical
Other-specify treatment area:	

OTHER

3a. Does your hospital restrict admissions primarily to children?	No
3b. Does the hospital itself operate subsidiary corporations?	No
3c. Is the hospital contract managed? If yes, please provide the name, city, and state of the organization that manages the hospital:	No

Name	City	State

3d. Is your hospital owned in whole or in part by physicians or a physician group?	No
3e. If you checked 80 Acute long-term care hospital (LTCH) in the section B2 (Service), please indicate if you are a freestanding LTCH or a LTCH arranged within a general acute care hospital.	

If you are arranged in a general acute care hospital, what is your host hospital's name, city and state?

Name	City	State

3f. Are any other types of hospitals co-located in your hospital?	No

3g. What type of hospital is co-located? (Check all that apply)

- ☐ 1. Cancer
- ☐ 2. Cardiac
- ☐ 3. Orthopedic
- ☐ 4. Pediatric
- ☐ 5. Psychiatric
- ☐ 6. Surgical

AHA Annual Survey - 2020

Ottumwa Regional Health Center (6621105)

	Answer
10c.what percentage of the hospital's patient revenue is paid through bundled payment arrangements	
11.Does your hospital participate in a bundled payment program involving care settings outside of the hospital (e.g. physician, outpatient, post acute)?	No
11a.If yes, does your hospital share upside or downside risk with any of those outside providers?	
12. What percentage of your hospital's patient revenue is paid on a shared risk basis (other than capitated or bundled payment)?	0
13. Does your hospital contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis?	No
14.Does your hospital have contracts with commercial payers where payment is tied to performance on quality/safety metrics?	No
15a. Has your hospital or health care system established an accountable care organization (ACO)?	4. My hospital/system has never participated or led an ACO
15b. With which of the following types of payers does your hospital/system have an accountable care contract? (Select all that apply)	

15c. If you selected Traditional Medicare, in which of the following Medicare programs is your hospital/system participating? (Select all that apply)

- ☐ 1. MSSP Track 1
- ☐ 2. MSSP Track 2
- ☐ 3. MSSP Track 3
- ☐ 4. MSSP Track 1+
- ☐ 5. NextGen
- ☐ 6. Comprehensive ESRD Care

15d. What percentage of your hospital's/system patients are covered by accountable care contracts?	
15e. What percentage of your hospital's/system patient revenue came from ACO contracts in 2020?	
16. Has your hospital/system ever considered participating in an ACO?	b. Yes, but we are not planning to join one

Ottumwa Regional Health Center (6621105)

17. Do any hospitals and/or physician groups within your system or the system itself, plan to participate in any of the following risk arrangements in the next three years? (Check all that apply)

- [ ] a. Shared Savings/Losses
- [ ] b. Bundled payment
- [ ] c. Capitation
- [ ] d. ACO (Ownership)
- [ ] e. ACO (Joint Venture)
- [ ] f. Health Plan (Ownership)
- [ ] g. Health Plan (Joint Venture)
- [ ] h. Primary care transformation, including direct contracting
- [ ] i. Other, please specify:
- [X] j. None

18. Does your hospital/system have an established medical home program?

	Answer
a. Hospital	No
b. System	No

Addressing Patient Social Needs and Community Social Determinants of Health	Completed	05/26/2021	Philip J Noel

Section F: Addressing Patient Social Needs and Community Social Determinants of Health

1. Which social needs of patients/social determinants of health in communities does your hospital or health system have programs or strategies to address? (Check all that apply)

- [X] a. Housing (instability, quality, financing)
- [X] b. Food insecurity or hunger
- [X] c. Utility needs
- [X] d. Interpersonal violence
- [X] e. Transportation
- [X] f. Employment and income
- [X] g. Education
- [X] h. Social isolation (lack of family and social support)
- [X] i. Health behaviors
- [ ] j. Other, please describe

	Answer
2. Does your hospital or health system screen patients for social needs?	a. Yes for all patients

2a. If yes, please indicate which social needs are assessed. Check all that apply.

- [X] a. Housing (instability, quality, financing)
- [X] b. Food insecurity or hunger
- [X] c. Utility need
- [X] d. Interpersonal violence
- [X] e. Transportation
- [X] f. Employment and income
- [X] g. Education
- [X] h. Social isolation (lack of family and social support)
- [X] i. Health behaviors
- [ ] j. Other, please describe

	Answer
2b. If yes, does your hospital or health system record the social needs screening results in your electronic health record?	Yes
3. Does your hospital or health system utilize outcome metrics (for example, cost of care or readmission rates) to assess the effectiveness of interventions to address the patients' social needs?	No

AHA Annual Survey - 2020

Ottumwa Regional Health Center (6621105)

4. Has your hospital or health system been able to gather data indicating that activities used to address the social determinants of health and patient social needs have resulted in any of the following (check all that apply):

- [ ] a. Better health outcomes for patients
- [ ] b. Decreased utilization of hospital or health system services
- [ ] c. Decreased health care costs
- [ ] d. Improved community health status

5. Please indicate the extent of your hospital's current partnerships with external partners for population and/or community health initiatives. Which types of organizations do you currently partner with in each of the following activities? (Check all that apply)

	Not involved	Work together to meet patient social needs	Participates in our Community	Work together to implement community-level initiatives
a. Health care providers outside of your systems	☐	☐	☐	☒
b. Health insurance providers outside of your own system	☐	☒	☐	☐

Section B: Question	Answer
1. Indicate the type of organization that is responsible for establishing policy for overall operation of your hospital. SELECT ONLY ONE:	33 Corporation (Investor-owned, for-profit)
2. Indicate the ONE category that BEST describes your hospital or the type of service it provides to the MAJORITY of patients:	10 General medical and surgical
Other-specify treatment area:	

OTHER

3a. Does your hospital restrict admissions primarily to children?	No
3b. Does the hospital itself operate subsidiary corporations?	No
3c. Is the hospital contract managed? If yes, please provide the name, city, and state of the organization	No

Name	City	State

3d. Is your hospital owned in whole or in part by physicians or a physician group?	No
3e. If you checked 80 Acute long-term care hospital (LTCH) in the section B2 (Service), please indicate if you are a freestanding LTCH or a LTCH arranged within a general acute care hospital.	

If you are arranged in a general acute care hospital, what is your host hospital's name, city and state?

Name	City	State

3f. Are any other types of hospitals co-located in your hospital?	No

3g. If you checked yes for 3f, what type of hospital is co-located? (Check all that apply)

- ☐ 1. Cancer
- ☐ 2. Cardiac
- ☐ 3. Orthopedic
- ☐ 4. Pediatric
- ☐ 5. Psychiatric
- ☐ 6. Surgical
- ☐ 7. Other

3h. Is your hospital designated as a state, jurisdiction, or federal Ebola or other Special Pathogens facility? (Check all that apply.)

- ☐ 1. Federal designation: Regional Emerging Special Pathogen Treatment Center
- ☐ 2. State/Jurisdiction designation: Special Pathogen Treatment Center
- ☐ 3. State/Jurisdiction designation: Special Pathogen Assessment Hospital
- ☐ 4. Frontline facility

AHA Annual Survey - 2021

Ottumwa Regional Health Center (6621105)

	Answer
10c.what percentage of the hospital's patient revenue is paid through bundled payment arrangements	
11.Does your hospital participate in a bundled payment program involving care settings outside of the hospital (e.g. physician, outpatient, post acute)?	No
11a.If yes, does your hospital share upside or downside risk with any of those outside providers?	
12. What percentage of your hospital's patient revenue is paid on a shared risk basis (other than capitated or bundled payment)?	0
13. Does your hospital contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis?	No
14.Does your hospital have contracts with commercial payers where payment is tied to performance on quality/safety metrics?	No
15a. Has your hospital or health care system established an accountable care organization (ACO)?	4. My hospital/system has never participated or led an ACO

15b. With which of the following types of payers does your hospital/system have an accountable care contract? (Select all that apply)

- ☐ 1. Traditional Medicare (MSSP and NextGen)
- ☐ 2. A Medicare Advantage plan
- ☐ 3. A commercial insurance plan (including ACA participants, individual, group, and employer markets)
- ☐ 4. Medicaid

15c. If you selected Traditional Medicare, in which of the following Medicare programs is your hospital/system participating? (Select all that apply)

- ☐ 1. MSSP BASIC Track, Level A
- ☐ 2. MSSP BASIC Track, Level B
- ☐ 3. MSSP BASIC Track, Level C
- ☐ 4. MSSP BASIC Track, Level D
- ☐ 5. MSSP BASIC Track, Level E
- ☐ 6. MSSP ENHANCED Track
- ☐ 7. Original MSSP program, Tracks 1, 1+, 2 or 3
- ☐ 8. Comprehensive ESRD Care

15d. What percentage of your hospital's/system patients are covered by accountable care contracts?	
15e. What percentage of your hospital's/system patient revenue came from ACO contracts in 2021?	
16. Has your hospital/system ever considered participating in an ACO?	b. Yes, but we are not planning to join one

17. Do any hospitals and/or physician groups within your system or the system itself, plan to participate in any of the following risk arrangements in the next three years? (Check all that apply)

- [ ] a. Shared Savings/Losses
- [ ] b. Bundled payment
- [ ] c. Capitation
- [ ] d. ACO (Ownership)
- [ ] e. ACO (Joint Venture)
- [ ] f. Health Plan (Ownership)
- [ ] g. Health Plan (Joint Venture)
- [ ] h. Primary care transformation, including direct contracting
- [ ] i. Other, please specify:
- [X] j. None

18. Does your hospital/system have an established medical home program?

	Answer
a. Hospital	No
b. System	No

Addressing Patient Social Needs and Community Social Determinants of Health	Completed	05/31/2022	Dennis Hunger

Section F: Addressing Patient Social Needs and Community Social Determinants of Health

1. Which social needs of patients/social determinants of health in communities does your hospital or health system have programs or strategies to address? (Check all that apply)

- [X] a. Housing (instability, quality, financing)
- [X] b. Food insecurity or hunger
- [X] c. Utility needs
- [X] d. Interpersonal violence
- [X] e. Transportation
- [X] f. Employment and income
- [X] g. Education
- [X] h. Social isolation (lack of family and social support)
- [X] i. Health behaviors
- [ ] j. Other, please describe

	Answer
2. Does your hospital or health system screen patients for social needs?	a. Yes for all patients

2a. If yes, please indicate which social needs are assessed. Check all that apply.

- [X] 1. Housing (instability, quality, financing)
- [X] 2. Food insecurity or hunger
- [X] 3. Utility need
- [X] 4. Interpersonal violence
- [X] 5. Transportation
- [X] 6. Employment and income
- [X] 7. Education
- [X] 8. Social isolation (lack of family and social support)
- [X] 9. Health behaviors
- [ ] 10. Other, please describe

	Answer
2b. If yes, does your hospital or health system record the social needs screening results in your electronic health record?	Yes
3. Does your hospital or health system utilize outcome metrics (for example, cost of care or readmission rates) to assess the effectiveness of interventions to address the patients' social needs?	No

4. Has your hospital or health system been able to gather data indicating that activities used to address the social determinants of health and patient social needs have resulted in any of the following (check all that apply):

- ☐ a. Better health outcomes for patients
- ☐ b. Decreased utilization of hospital or health system services
- ☐ c. Decreased health care costs
- ☐ d. Improved community health status

5. Who in your hospital or health care system is accountable for meeting health equity goals? (Check all that apply):

- ☐ a. CEO
- ☐ b. Designated Senior Executive (Chief Diversity Office, VP for DEI, etc.)
- ☐ c. Middle Management
- ☐ d. Committee or Task Force
- ☐ e. Division/Department Leaders
- ☐ f. Employee Resource Group

6. Who in your hospital or health care system is accountable for implementing strategies for health equity goals? (Check all that apply):

Supplemental Information	Completed	05/31/2022	Dennis Hunger

Section G: Supplemental Information

	Answer
1. Does the hospital participate in a group purchasing arrangement? If yes, please provide the name, city, and state of your primary group purchasing organization:	Yes

Name	City	State
HealthTrust	Brentwood	TN

	Answer
2. Does the hospital purchase medical/surgical supplies directly through a distributor?	Yes

If yes, please provide the name(s) of the primary distributor.

Name: Cardinal Health

Name: Medline

Name: Owens & Minor

	Answer
3. If your hospital hired RNs during the reporting period, how many were new graduates from nursing schools?	5
4. Does your hospital have an established patient and family advisory council that meets regularly to actively engage the perspectives of patients and families?	No
5. Utilization of telehealth/virtual care	
a. Number of video visits: Synchronous visits between patient and provider that are not co-located, through the use of two-way, interactive, real-time audio and video communication.	0
b. Number of audio visits: Synchronous visits between a patient and a provider that are not co-located, through the use of two-way, interactive, real-time audio-only communication.	0
c. Number of patients being monitored through remote patient monitoring (RPM): Asynchronous or synchronous interactions between and patient and a provider that are not co-located involving the collection, transmission, evaluation, and communication of physiological data.	0
d. Number of patients receiving other virtual services: All other synchronous or asynchronous interactions between a provider and patient or provider and provider delivered remotely including messages, eConsults, and virtual check-ins.	0
6. Does your hospital have a partnership with a Community Mental Health Center or a Certified Community Behavioral Health Center?	
a. Community Mental Health Center	No
b. Certified Community Behavioral Health Center	No

AHA Annual Survey - 2021

Ottumwa Regional Health Center (6621105)

Decarbonization Goals

	Answer
7. Which of the following describe(s) your organizations decarbonization efforts?	e. We have not set any decarbonization targets/goals and uncertain if any plans to within the year.
If yes to, have your hospital set a decarbonization percentage reduction.	
% Reduction goal (e.g. xxx.xx)	
Target year to meet goal	
Baseline year	
If yes to, net-zero emissions goal	
Target year to meet goal?	
Baseline year	

Please feel free to expand on your response in the box below:

8. The federal government has recently released ambitious goals for federal facilities. It includes achieving a carbon pollution-free electricity sector by 2035 and net-zero emissions economy-wide by no later than 2050 with a 65% reduction in Scope 1 and 2 GHG emissions from Federal operations by 2030 (from 2008 levels). Irrespective of the exact targets and years, would your organization, in principle, be willing to support similar types of goals for the health sector? You can read the announcement by clicking on the question mark in red.	c. Unsure

Please feel free to expand on your response in the box below:

9. Do you believe the decarbonization goals for the health sector should be similar, more ambitious, or less ambitious than the targets set by the federal government? (check one of the following)	d. Unsure

Please feel free to expand on your response in the box below:

10. Does your organization have an executive leader responsible for environmental sustainability, including climate change mitigation?	No

Please feel free to expand on your response in the box below:

Please indicate below whether or not you agree to these types of disclosure:	I do not grant AHA permission to release my confidential data.

Use this space for comments or to elaborate on any information supplied on this survey. Refer to the response by page, section and item name.

AHA Annual Survey - 2022

This printout of the survey includes all the data that has been entered so far. If no data has been entered all the fields will be empty. If you have entered some or all of the data, it will be represented here (except responses to 'write-in' or 'dropdown' questions, where only the first item will print). Please keep a copy of the most complete survey for your records. If you have any questions, please contact the Health Forum/AHA Support Team.

Thank You.

Section Title	Status	Last Edit Date	Last Edit By
Organizational Structure	Completed	06/15/2023	William Kiefer

Section B: Question	Answer
1. Indicate the type of organization that is responsible for establishing policy for overall operation of your hospital. SELECT ONLY ONE:	33 Corporation (Investor-owned, for-profit)
2. Indicate the ONE category that BEST describes your hospital or the type of service it provides to the MAJORITY of patients:	10 General medical and surgical
Other-specify treatment area:	

OTHER

3a. Does your hospital restrict admissions primarily to children?	No
3b. Does the hospital itself operate subsidiary corporations?	No
3c. Is the hospital contract managed? If yes, please provide the name, city, and state of the organization	No

Name	City	State

3d. Is your hospital owned in whole or in part by physicians or a physician group?	No
3e. If you checked 80 Acute long-term care hospital (LTCH) in the section B2 (Service), please indicate if you are a freestanding LTCH or a LTCH arranged within a general acute care hospital.	

If you are arranged in a general acute care hospital, what is your host hospital's name, city and state?

Name	City	State

3f. Are any other types of hospitals co-located in your hospital?	No

3g. If you checked yes for 3f, what type of hospital is co-located? (Check all that apply)

- ☐ 1. Cancer
- ☐ 2. Cardiac
- ☐ 3. Orthopedic
- ☐ 4. Pediatric
- ☐ 5. Psychiatric
- ☐ 6. Surgical
- ☐ 7. Other

Ottumwa Regional Health Center (6621105)

3h. Is your hospital designated as a state, jurisdiction, or federal Ebola or other Special Pathogens facility? (Check all that apply.)

- [ ] 1. Federal designation: Regional Emerging Special Pathogen Treatment Center
- [ ] 2. State/Jurisdiction designation: Special Pathogen Treatment Center
- [ ] 3. State/Jurisdiction designation: Special Pathogen Assessment Hospital
- [ ] 4. Frontline facility
- [X] 5. None

7. Equity Model				X
8. Foundation				X
9. Other, please specify:				X

AHA Annual Survey - 2022

Ottumwa Regional Health Center (6621105)

108b. For those arrangements reported in 108a., please report the approximate ownership share.

	Hospital ownership share %	Physician ownership share %	Parent corporation ownership share %	Insurance ownership share %
1. Independent Practice Association (IPA)				
2. Group practice without walls				
3. Open Physician-Hospital Organization (PHO)				
4. Closed Physician-Hospital Organization (PHO)				
5. Management Service Organization (MSO)				
6. Integrated Salary Model				
7. Equity Model				
8. Foundation				
9. Other, specified above:				

108c. If the hospital owns physician practices, how are they organized?

	Percent %	Number of Physicians
108c.1 Solo practice		
108c.2 Single specialty group		
108c.3 Multi-specialty group		

	Answer	Answer (History)
108d. Of the physician practices owned by the hospital, what percentage are primary care?		
108e. Of the physician practices owned by the hospital, what percentage are specialty care?		
109. Looking across all the relationships identified in question 108a, what is the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payers or shared responsibility for financial risk or clinical performance between the hospital and physician (arrangement may be any type of ownership)?	0	0
110a. Does your hospital participate in any joint venture arrangements with physicians or physician groups?	No	No

110b. If your hospital participates in any joint ventures with physicians or physician groups, please indicate which types of services are involved in those joint ventures. (Check all that apply).

- ☐ 1. Limited Service Hospital
- ☐ 2. Ambulatory surgical centers
- ☐ 3. Imaging Centers
- ☐ 4. Other

110c. If you selected '1'. Limited Service Hospital' please tell us what type(s) of services are provided (Check all that apply).

- ☐ 1. Cardiac
- ☐ 2. Orthopedic
- ☐ 3. Surgical
- ☐ 4. Other

AHA Annual Survey - 2022

Ottumwa Regional Health Center (6621105)

	Answer	Answer (History)
110d. Does your hospital participate in joint venture arrangements with organizations other than physician groups?	No	No
111a. Bed changes: a. Was there a temporary increase in the total number of beds set up and staffed for use during the reporting period?	No	No
111b. Bed changes: b. Was there a temporary increase in the total number of ICU beds set up and staffed for use during the reporting period?	No	No

112. Airborne infection isolation rooms:

	Answer	Answer (History)
a. Please indicate the total number of airborne infection isolation rooms set up at the start of the reporting period?	5	5
b. Please indicate the total number of airborne infection isolation rooms set up at the end of the reporting period?	5	5
c. Please indicate how many rooms not set up as airborne infection isolation rooms at the end of the reporting period can be converted to airborne isolation rooms?	0	0
113. Temporary spaces: Please indicate if any temporary spaces such as tents or other spaces not typically used for clinical purposes were set up for using in triage, testing or treatment during the reporting period.	No	No

114. Ventilators:

a. How many adult (in use and not in use) mechanical ventilators were there in your facility at the start of the reporting period?	10	5
b. How many adult (in use and not in use) mechanical ventilators were there in your facility at the end of the reporting period?	10	10
c. How many pediatric/NICU (in use and not in use) mechanical ventilators were there in your facility at the start of the reporting period??	1	1
d. How many pediatric/NICU (in use and not in use) mechanical ventilators were there in your facility at the end of the reporting period?	1	1
115. Was there a temporary increase in the total number of emergency department beds set up and staffed for use during the reporting period?	No	No

14. Substance Use Disorders	☐	☐	☐	☐
15. Other:	☐	☐	☐	☐

	Answer
10b.what percentage of the hospital's patient revenue is paid through bundled payment arrangements	
11.Does your hospital participate in a bundled payment program involving care settings outside of the hospital (e.g. physician, outpatient, post acute)?	
11a.If yes, does your hospital share upside or downside risk with any of those outside providers?	
12. What percentage of your hospital's patient revenue is paid on a shared risk basis (other than capitated or bundled payment)?	0
13. Does your hospital contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis?	No
14.Does your hospital have contracts with commercial payers where payment is tied to performance on quality/ safety metrics?	No

15a. Has your hospital or health care system established an accountable care organization (ACO)?

- ☐ 1. My hospital/system currently leads an ACO
- ☐ 2. My hospital/system currently participates in an ACO (but is not its leader)
- ☐ 3. My hospital/system previously led or participated in an ACO but is no longer doing so
- ☒ 4. My hospital/system has never participated or led an ACO

15b. With which of the following types of payers does your hospital/system have an accountable care contract? (Select all that apply)

- [ ] 1. Traditional Medicare (MSSP and NextGen)
- [ ] 2. A Medicare Advantage plan
- [ ] 3. A commercial insurance plan (including ACA participants, individual, group, and employer markets)
- [ ] 4. Medicaid

15c. If you selected Traditional Medicare, in which of the following Medicare programs is your hospital/system participating? (Select all that apply)

- [ ] 1. MSSP BASIC Track, Level A
- [ ] 2. MSSP BASIC Track, Level B
- [ ] 3. MSSP BASIC Track, Level C
- [ ] 4. MSSP BASIC Track, Level D
- [ ] 5. MSSP BASIC Track, Level E
- [ ] 6. MSSP ENHANCED Track
- [ ] 7. Original MSSP program, Tracks 1, 1+, 2 or 3
- [ ] 8. Comprehensive ESRD Care

	Answer
15d. What percentage of your hospital's/system patients are covered by accountable care contracts?	
15e. What percentage of your hospital's/system patient revenue came from ACO contracts in 2022?	

16. Has your hospital/system ever considered participating in an ACO?

- [ ] a. Yes, and we are planning to join one
- [X] b. Yes, but we are not planning to join one
- [ ] c. No, we have not even considered it

17. Do any hospitals and/or physician groups within your system or the system itself, plan to participate in any of the following risk arrangements in the next three years? (Check all that apply)

- [ ] a. Shared Savings/Losses
- [ ] b. Bundled payment
- [ ] c. Capitation
- [ ] d. ACO (Ownership)
- [ ] e. ACO (Joint Venture)
- [ ] f. Health Plan (Ownership)
- [ ] g. Health Plan (Joint Venture)
- [ ] h. Primary care transformation, including direct contracting
- [ ] i. Other, please specify:
- [X] j. None

18. Does your hospital/system have an established medical home program?

	Answer
a. Hospital	No
b. System	No

3. FINANCIAL				
*a. Net patient revenue (treat bad debt as a deduction from revenue)	68,176,618	76,619,930		
*b. Tax appropriations	0	0		
*c. Other operating revenue	180,828	270,624		
*d. Nonoperating revenue	10,805	1,795		
*e. TOTAL REVENUE (add 3a thru 3d)	68,368,251	76,892,349		
f. Payroll expenses (only)	22,896,737	20,338,766		
g. Employee benefits	3,812,756	5,128,469		
h. Depreciation expense (for reporting period only)	4,622,443	4,756,728		
i. Interest expense	123,920	237,771		
j. Pharmacy Expense	4,389,783	3,048,147		
k. Supply expense (other than pharmacy)	6,319,400	8,530,874		
l. All other expenses	29,338,999	28,229,343		
m. TOTAL EXPENSES (Add 3f thru 3l. Exclude bad debt)	71,504,038	70,270,098		

	Answer	Answer (History)
n. Do your total expenses (E3.m) reflect full allocation from your corporate office?	Yes	Yes
*4. Revenue By Type		
a. Total gross inpatient revenue	77542140	86971680
b. Total gross outpatient revenue	243204265	238142583
c. Total gross patient revenue	320746405	325114263
*5. Uncompensated Care & Provider Taxes		
a. Bad debt (Revenue forgone at full established rates. Include in gross revenue)	8169203	8327128
1. Are you able to distinguish bad debt derived from patients with or without insurance?	Yes	Yes
2. If yes, how much is from patients with insurance?	3676141	3997021
b. Financial assistance (Includes charity care) (Revenue forgone at full-established rates. Include in gross revenue.)	118451	181333
c. Is your bad debt (5a.) reported on the basis of full charges?	Yes	Yes
d. Does your state have a provider Medicaid tax/assessment program?	Yes	Yes
e. If yes, please report the total gross amount paid into the program	496467	496467
f. Due to differing accounting standards please indicate whether the provider tax/assessment amount is included in:		
Deductions from net Patient Revenue.....	No	No
Total Expenses.....	Yes	Yes

AHA Annual Survey - 2022

Ottumwa Regional Health Center (6621105)

Section E: Question (continued)	Answer	Answer (History)
*6e. If you are a government owned facility(control codes 12-16 section b), does your facility participate in the Medicaid intergovernmental transfer or certified public expenditure program.	No	No

	Gross	Net
*6f. If yes, please report gross and net revenue.		

	Answer	Answer (History)
*6g. Are the financial data reported from your audited financial statement?	Yes	Yes
6h. IS THERE ANY REASON WHY YOU CANNOT ENTER REVENUE BY PAYER?	No	No

7. COVID RELIEF FUNDS

*Include all funds received from federal and state governments for COVID relief, such as CARES Act Provider Relief Fund payments. Do not include any funds that constitute a loan and may be on the balance sheet as a liability.

*7a. Provider/COVID Relief Funds recognized as revenue in 2022	0	2,506
*7b. On which survey line did you report this revenue?		
1. Net patient revenue	No	No
2. Other operating revenue	No	
3. Nonoperating revenue	No	
*7c. Provider/COVID Relief Funds recognized as revenue in 2021 (please do not include these dollars in 7a)	2,506	0
*7d. Did you include these funds as revenue on the 2021 survey?	Yes	
*7e. If yes, on which survey line did you report this revenue?		
1. Net patient revenue	No	
2. Other operating revenue	Yes	
3. Nonoperating revenue	No	
*8. FINANCIAL PERFORMANCE - MARGIN		
*a. Total Margin	-17.97	-5
*b. Operating Margin	-9.47	5
*c. EBITDA Margin	-2.38	11
*d. Medicare Margin	-22.90	9
*e. Medicaid Margin	-37.50	-31
9. Fixed Assets		
9a. Property, plant and equipment at cost	78,847,933	73,398,680
9b. Accumulated depreciation	34,021,256	28,088,860
9c. Net property, plant and equipment (a - b)	44,826,677	45,309,820
9d. Total gross square feet of your physical plant used for or in support of your healthcare activities	270,499	270,499

AHA Annual Survey - 2022

	Answer	Answer (History)
10. Total Capital Expenses		
Include all expenses used to acquire assets, including buildings, remodeling projects, equipment, or property.	3,196,380	4,714,016
11. Information Technology and Cybersecurity		
a. *Overall IT Budget	2,611,211	2,372,791
b. *Number of internal IT staff (in FTEs)	5	5
c. *What percent of your IT budget is spent on cybersecurity?	3	3
d. *Number of internal staff devoted to cybersecurity (in FTEs)	0	
e. *Number of outsourced staff devoted to cybersecurity (in FTEs)	0	0
f. *What position does your cybersecurity lead report to?	N/A	
g. *Does your organization rank cybersecurity as an enterprise risk issue?	Yes	
h. *If yes, what priority number to rank it as?	0	
i. *How often is the board briefed on cybersecurity?	Other: Unknown	
j. *What do you view as your biggest cybersecurity threat? (Please rank the choices 1-9, with 1 being the biggest threat)		
1. Ransomware which may disrupt and delay patient care delivery	2	
2. Ransomware which may disrupt business operations	3	
3. Theft of sensitive patient data such as Protected Health Information (PHI) or Personally Identifiable Information (PII)	6	
4. Theft of medical research or intellectual property	9	
5. Cyber risk exposure through business associates. Business associate as conduit for cyber attacks or theft of your data stored by third parties	4	
6. Software and supply chain cyber risk	7	
7. Medical device cyber risk	8	
8. Phishing emails or other social engineering attacks which may result in the delivery of malware or ransomware into the organization	1	
9. Phishing emails or other social engineering attacks which may result in the theft of funds	5	

AHA Annual Survey - 2022

Ottumwa Regional Health Center (6621105)

	Answer	Answer (History)
k. *Does your organization use any of the following cybersecurity techniques? (Check yes or no)		
1. Enterprise wide multi-factor authentication for all remote access to networks, data and applications	Yes	
2. Network segmentation	Yes	
3. Off line, network segmented, redundant network and data back ups	Yes	
4. Immutable backups		
5. Intrusion detection systems	Yes	
6. Employee cybersecurity education including phishing email simulations	Yes	
7. 24/7 Security Operations Center (SOC) monitoring all cyber incidents and events	Yes	
8. Highly efficient and effective patch management program	Yes	
9. Forced password change every 90 days or less	No	
10. Integration of cyber incident response plans with emergency management plans	No	
11. Cross function cyber incident response exercise for all leaders	No	
12. Relationship with local FBI and CISA offices	Yes	
13. Third Party Risk Management Program which assesses business associate access to networks and bulk sensitive data; mission criticality and life criticality of third party	No	

l. *How confident are you in the organization's ability to sustain care delivery through manual downtime procedures for up to four weeks, without the benefit of network and internet connected technology?

- [ ] 1. Confident
- [ ] 2. Somewhat confident
- [x] 3. Uncertain
- [ ] 4. Somewhat not confident
- [ ] 5. Not confident

m. *What do you view as your biggest challenges in improving your organization's cybersecurity posture? Please rank choices 1-6, with 1 being the biggest challenge

1. Funding	3	
2. Staffing	1	
3. Legacy insecure technology	2	
4. Leadership support	6	
5. Organizational culture	5	
6. Non-compliant third parties/business associates	4	

*These data will be treated as confidential and not released without written permission. AHA will, however, share these data with your respective state hospital association and, if requested, with your appropriate metropolitan/regional association.

*For members of the Catholic Health Association of the United States (CHA), AHA will also share these data with CHA unless there are objections expressed by checking this box.

15. HOSPITALISTS

	Answer	Answer (History)
15a. Do hospitalists provide care for patients in your hospital? (if yes, please report in E.14d.)	Yes	Yes
15b. If yes, please report the total number of full-time equivalents (FTE) hospitalists. FTE	4	4

AHA Annual Survey - 2022

Ottumwa Regional Health Center (6621105)

16. INTENSIVISTS

	Answer	Answer (History)
a. Do intensivists provide care for patients in your hospital. (If no, please skip to question 17) (if yes, please report in E.14e.)	Yes	Yes

b. If yes, please report the total number of FTE intensivists and assign them to the following areas. Please indicate whether the intensive care area is closed to intensivists. (Meaning that only intensivists are authorized to care for ICU patients.)

	FTE	Closed	FTE (History)	Closed (History)
1. Medical-surgical intensive care	4		4	
2. Cardiac intensive care	0			
3. Neonatal intensive care	0			
4. Pediatric intensive care	0			
5. Other intensive care	0			
6. Total	4		4	

17. ADVANCED PRACTICE REGISTERED NURSES / PHYSICIAN ASSISTANTS

	Answer	Answer (History)
a. Do advanced practice nurses/physician assistants provide care for patients in your hospital?(if no, please skip to 18)	Yes	Yes

b. If yes, please report the number of full time, part time and FTE advanced practice nurses/physician assistants who provide care for patients in your hospital.

Advanced Practice Registered Nurses Full-time	6	4
Advanced Practice Registered Nurses Part-time	26	29
Advanced Practice Registered Nurses FTE	6	5
Physician Assistants Full-time	2	2
Physician Assistants Part-time	0	0
Physician Assistants FTE	2	2

c. If yes, please indicate the type of service(s) provided. (Please check all that apply)

- [X] 1. Primary care
- [X] 2. Anesthesia services
- [X] 3. Emergency department care
- [X] 4. Other specialty care
- [ ] 5. Patient education
- [ ] 6. Case management
- [ ] 7. Other

18. FOREIGN EDUCATED NURSES

a. Did your facility hire more foreign-educated nurses (including contract or agency nurses) to help fill RN vacancies in 2022 vs. 2021?

- [ ] Did not hire foreign nurses
- [ ] Less
- [ ] More
- [X] Same

b. From which countries/continents are you recruiting foreign-educated nurses? (check all that apply)

- [X] Africa
- [ ] Canada
- [ ] China
- [ ] India
- [ ] Other
- [ ] Philippines
- [ ] South Korea

19. WORKFORCE

19a. Does your hospital use artificial intelligence (AI) or machine learning in the following: (Check all that apply):

- [ ] 1. Predicting staffing needs
- [ ] 2. Predicting patient demand
- [ ] 3. Staff scheduling
- [ ] 4. Automating routine tasks
- [ ] 5. Optimizing administrative and clinical workflows
- [X] 6. None of the above

19b. How is your hospital incorporating workforce as part of the strategic planning process (Check all that apply):

- [X] 1. Conduct needs assessment
- [X] 2. Leadership succession planning
- [X] 3. Talent development plan
- [X] 4. Recruitment and retention planning
- [X] 5. Partnerships with elementary/HS to develop interest in health care careers
- [X] 6. Training program partnership with community colleges, vocational training programs
- [ ] 7. None of the above

Addressing Patient Social Needs and Community Social Determinants of Health	Completed	06/15/2023	William Kiefer

Section F: Addressing Patient Social Needs and Community Social Determinants of Health

1. Which social needs of patients/social determinants of health in communities does your hospital or health system have programs or strategies to address? (Check all that apply)

- [X] a. Housing (instability, quality, financing)
- [X] b. Food insecurity or hunger
- [X] c. Utility needs
- [X] d. Interpersonal violence
- [X] e. Transportation
- [X] f. Employment and income
- [X] g. Education
- [X] h. Social isolation (lack of family and social support)
- [X] i. Health behaviors
- [ ] j. Other, please describe:

	Answer
2. Does your hospital or health system screen patients for social needs?	a. Yes for all patients

2a. If yes, please indicate which social needs are assessed. Check all that apply.

- [X] 1. Housing (instability, quality, financing)
- [X] 2. Food insecurity or hunger
- [X] 3. Utility need
- [X] 4. Interpersonal violence
- [X] 5. Transportation
- [X] 6. Employment and income
- [X] 7. Education
- [X] 8. Social isolation (lack of family and social support)
- [X] 9. Health behaviors
- [ ] 10. Other, please describe

	Answer
2b. If yes, does your hospital or health system record the social needs screening results in your electronic health record?	Yes
3. Does your hospital or health system utilize outcome metrics (for example, cost of care or readmission rates) to assess the effectiveness of interventions to address the patients' social needs?	No

4. Has your hospital or health system been able to gather data indicating that activities used to address the social determinants of health and patient social needs have resulted in any of the following (check all that apply):

- [ ] a. Better health outcomes for patients
- [ ] b. Decreased utilization of hospital or health system services
- [ ] c. Decreased health care costs
- [ ] d. Improved community health status
- [X] e. None of the above

5. Who in your hospital or health care system is accountable for meeting health equity goals? (Check all that apply):

- [ ] a. CEO
- [X] b. Designated Senior Executive (Chief Diversity Office, VP for DEI, etc.)
- [ ] c. Middle Management
- [ ] d. Committee or Task Force
- [ ] e. Division/Department Leaders
- [ ] f. Employee Resource Group
- [ ] g. None of the above

6. Who in your hospital or health care system is accountable for implementing strategies for health equity goals? (Check all that apply):

- [ ] a. CEO
- [X] b. Designated Senior Executive (Chief Diversity Office, VP for DEI, etc.)
- [ ] c. Middle Management
- [ ] d. Committee or Task Force
- [ ] e. Division/Department Leaders
- [ ] f. Employee Resource Group
- [ ] g. None of the above

7. Does your hospital or health care system use DEI disaggregated data to inform decisions on the following? (Check all that apply):

- [X] a. Patient outcomes
- [ ] b. Procurement
- [ ] c. Supply chain
- [ ] d. Training
- [ ] e. Professional development
- [ ] f. None of the above

8. Does your hospital or health care system have a health equity strategic plan for the following? (Check all that apply):

- [ ] a. Equitable and inclusive organizational policies
- [ ] b. Systematic and shared accountability for health equity
- [ ] c. Diverse representation in hospital and health care system leadership
- [ ] d. Diverse representation in hospital and health care system governance
- [ ] e. Community engagement
- [ ] f. Collection and use of segmented data to drive action
- [X] g. Culturally appropriate patient care
- [ ] h. None of the above

Supplemental Information	Completed	06/15/2023	William Kiefer

Section G: Supplemental Information

	Answer
1. Does the hospital participate in a group purchasing arrangement? If yes, please provide the name, city, and state of your primary group purchasing organization:	Yes

Name	City	State
Healthtrust Purchasing Group (HPG)	Brentwood	TN

	Answer
2. Does the hospital purchase medical/surgical supplies directly through a distributor?	Yes

If yes, please provide the name(s) of the primary distributor.

Name: Cardinal Health

Name: Medline

Name: Owens & Minor

	Answer
3. If your hospital hired RNs during the reporting period, how many were new graduates from nursing schools?	0
4. Does your hospital have an established patient and family advisory council that meets regularly to actively engage the perspectives of patients and families?	No
5. Utilization of telehealth/virtual care	
a. Number of video visits: Synchronous visits between patient and provider that are not co-located, through the use of two-way, interactive, real-time audio and video communication.	0
b. Number of audio visits: Synchronous visits between a patient and a provider that are not co-located, through the use of two-way, interactive, real-time audio-only communication.	0
c. Number of patients being monitored through remote patient monitoring (RPM): Asynchronous or synchronous interactions between and patient and a provider that are not co-located involving the collection, transmission, evaluation, and communication of physiological data.	0
d. Number of patients receiving other virtual services: All other synchronous or asynchronous interactions between a provider and patient or provider and provider delivered remotely including messages, eConsults, and virtual check-ins.	0
6. Does your hospital have a partnership with a Community Mental Health Center or a Certified Community Behavioral Health Center?	
a. Community Mental Health Center	No
b. Certified Community Behavioral Health Center	No

Decarbonization Goals

	Answer
7. Which of the following describe(s) your organizations decarbonization efforts?	e. We have not set any decarbonization targets/goals and uncertain if any plans to within the year.
If yes to, have your hospital set a decarbonization percentage reduction.	
% Reduction goal (e.g. xxx.xx)	
Target year to meet goal	
Baseline year	
Target year to meet goal?	
Baseline year	

Please feel free to expand on your response in the box below:

8. The federal government has recently released ambitious goals for federal facilities. It includes achieving a carbon pollution-free electricity sector by 2035 and net-zero emissions economy-wide by no later than 2050 with a 65% reduction in Scope 1 and 2 GHG emissions from Federal operations by 2030 (from 2008 levels). Irrespective of the exact targets and years, would your organization, in principle, be willing to support similar types of goals for the health sector? You can read the announcement by clicking on the question mark in red.	c. Unsure

Please feel free to expand on your response in the box below:

9. Do you believe the decarbonization goals for the health sector should be similar, more ambitious, or less ambitious than the targets set by the federal government? (check one of the following)	d. Unsure

Please feel free to expand on your response in the box below:

10. Does your organization have an executive leader responsible for environmental sustainability, including climate change mitigation?	No

Please feel free to expand on your response in the box below:

Please indicate below whether or not you agree to these types of disclosure:	I do not grant AHA permission to release my confidential data.

Use this space for comments or to elaborate on any information supplied on this survey. Refer to the response by page, section and item name.

Thank you for your cooperation in completing this survey. If there are any questions about your responses to this survey, who should be contacted

SA: State Addendum

[redacted]

1. Bed Changes

a. What changes in bed capacity or designation in beds by service occurred during the most recent fiscal years?

Due to a clerical error our bed count last year was reported incorrectly. This year's survey has the correct bed count.

b. Were these changes temporary (expected to be effective for less then one year) or permanent?

N/A

2. Bed Type Numbers - Beds and Utilization by Inpatient Service

Questions 2a thru 2x relate to section E1a. of the AHA Survey. *The total number of beds here should match the total licensed numbers as reported in section E1a. for licensed beds.*

Bed Type Numbers	Licensed/Registered Beds
a. General Medical/Surgical(adult, include gynecology)	138
b. General Medical/Surgical (pediatric)	20
c. Obstetrics	18
d. Other Acute	0
e. Medical / Surgical Intensive Care (include mixed ICU/CCU)	0
f. Cardiac Intensive Care	0
g. Neonatal Intensive Care (exclude normal newborn)	4
h. Neonatal Intermediate Care	0
i. Pediatric Intensive Care	0
j. Burn Care	0
k. Other Special Care (definitive observation, step down, etc.)	0

l. Other Intensive Care	10
m. Rehabilitation	13
n. Chronic Disease	0
o. Alzheimer's or other Dementia Diagnosis	0
p. Hospice	0
q. Psychiatric Care	14
r. Substance Use Disorder	0
s. Developmental Disability	0
t. Skilled Nursing Care	0
u. Intermediate Care	0
v. Residential Care/Senior Housing	0
w. SubAcute Care	0
x. Total Facility (Add lines a thru w.)	217

3. Current Room Rates by Type

Room Type	Rate
a. Private	2,222
b. Semi-Private	2,222
c. OB	2,222
d. Pediatric	2,222
e. Substance Use Disorder Treatment	0
f. Detoxification	0

g. Rehabilitation	1,838
h. Psychiatric	2,536
i. Intensive Care Unit	4,340

4. Amount of Non-Reimbursed Care by Type

	Amount
a. Amount of Charity	135,308
b. Amount of Hill-Burton	0
c. Bad Debt	9,424,083
d. Total Non-Reimbursed	9,559,391

5. Data Release

To comply with the Iowa uniform reporting requirement law, Iowa Hospital Association is authorized to release data to the Department of Health and Human Services.

☑ Yes

Iowa State supplement Addendum Form

6. SWING BED ADMISSIONS AND INPATIENT DAYS

[redacted]

a. Total facility SWING BED Admissions	0
b. Total facility SWING BED Inpatient Days	0

7. MEDICAID

a. Medicaid Gross Patient Revenue. (Total Medicaid charges)	67,785,711
b. Medicaid Contractual Adjustments	54,130,509

c. Net Medicaid Revenue (Medicaid Gross Patient Revenue less Contractual Adjustments)	13,655,202
d. Medicaid Cost (The cost of providing care to Medicaid recipients)	17,909,527
e. Medicaid Margin or Loss (Net Medicaid Revenue minus Medicaid cost)	-4,254,325

8. CHARITY CARE

a. Charity Care Charge-level (should equal E.5b)	135,308
b. Charity Care Cost-level	30,520

9. a. How many total Auxiliary members and Volunteers (both adult and teen) did you have in your hospital?

12

9. b. How many total hours of service did the auxilians and volunteers give to the hospital?

1,208

9. c. Total funds contributed to the hospital by the auxiliary and volunteer department?

0

9. d. Total funds contributed to the hospital by the hospital foundation?

0

2023 AHA Annual Survey

A: Reporting Period

AHA Reporting

1. Reporting Period used (beginning and ending date):

From (mm/dd/yyyy) 01/01/2023
01/01/2022

To (mm/dd/yyyy) 12/31/2023
12/31/2022

2a. Were you in operation 12 full months at the end of your reporting period? (●) Yes ( ) No

2b. Number of days open during reporting period: 365
365

3. Indicate the beginning of your current fiscal year 01/01/2024

B: Organizational Structure

Organizational Structure

1. Indicate the type of organization that is responsible for establishing policy for overall operation of your hospital. SELECT ONLY ONE:

33 Corporation (Investor-owned, for-profit)

33 Corporation (Investor-owned, for-profit)

2. Indicate the ONE category that BEST describes your hospital or the type of service it provides to the MAJORITY of patients:

10 General medical and surgical

10 General medical and surgical

Other-specify treatment area:

3. OTHER

3a. Does your hospital have a REH designation (Rural Emergency Hospital)? ○ Yes ◉ No

3b. Does your hospital restrict admissions primarily to children? ○ Yes ◉ No

3c. Does the hospital itself operate subsidiary corporations? ○ Yes ◉ No

3d. Is the hospital contract managed? If yes, please provide the name, city, and state of the organization

○ Yes ◉ No

3e. Is your hospital owned in whole or in part by physicians or a physician group?

○ Yes ◉ No

3g. Are any other types of hospitals co-located in your hospital?

- ○ Yes
- ◉ No

3i. Is your hospital designated as a state, jurisdiction, or federal Ebola or other Special Pathogens facility? (Check all that apply.)

- ☐ 1. Federal designation: Regional Emerging Special Pathogen Treatment Center
- ☐ 2. State/Jurisdiction designation: Special Pathogen Treatment Center
- ☐ 3. State/Jurisdiction designation: Special Pathogen Assessment Hospital
- ☐ 4. Frontline facility
- ☑ 5. None of the above

C: Facilities and Services

Physician Arrangements

109. Does your organization routinely integrate behavioral health services in the following care areas?

Integration ranges from co-located physical and behavioral health providers, with some screening and treatment planning, to fully integrated care where behavioral and physical health providers function as a true team in a shared practice.

	Yes	No
a. Emergency Services	○	◉
b.Primary Care Services	○	◉
c.Acute inpatient care	○	◉
d.Extended care	○	◉

110. Does your organization routinely offer psychiatric consultation & liaison services in the following care areas?

Consultation-liaison psychiatrists, medical physicians, or advanced practice providers (APPs) work to help people suffering from a combination of mental and physical illness by consulting with them and liaising with other members of their care team.

	Yes	No
a. Emergency Services	◉	○

	Yes	No
b.Primary Care Services	○	◉
c.Acute inpatient care	◉	○
d.Extended care	○	◉

111. Does your organization routinely offer addiction/substance use disorder consultation & liaison services in the following care areas?

	Yes	No
a. Emergency Services	○	◉
b.Primary Care Services	○	◉
c.Acute inpatient care	○	◉
d.Extended care	○	◉

112. Does your organization routinely screen for psychiatric disorders in the following care areas? *Screens can include, but are not limited to the PHQ-2 and PHQ9 depression screen, the Columbia DISC Depression Scale, and/or the GAD-2 and GAD-7 for anxiety disorders*

114c. If the hospital owns physician practices, how are they organized?

	Percent %	Number of Physicians
114c.1 Solo practice		
114c.2 Single specialty group		
114c.3 Multi-specialty group		

114d. Of the physician practices owned by the hospital, what percentage are primary care?

% 0

114e. Of the physician practices owned by the hospital, what percentage are specialty care?

% 0

114f. Looking across all the relationships identified in question 114a, what is the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payers or shared responsibility for financial risk or clinical performance between the hospital and physician? (Arrangement may be any type of ownership.)

Number of physicians

0

0

115a. Does your hospital participate in any joint venture arrangements with physicians or physician groups?

○ Yes ◉ No

115d. Does your hospital participate in joint venture arrangements with organizations other than physician groups?

○ Yes ◉ No

116a. Bed changes: a. Was there a temporary increase in the total number of beds set up and staffed for use during the reporting period?

- ○ Yes
- ◉ No

116b. Bed changes:

b. Was there a temporary increase in the total number of ICU beds set up and staffed for use during the reporting period?

- ○ Yes
- ◉ No

117. Airborne infection isolation rooms:

a. Please indicate the total number of airborne infection isolation rooms set up at the start of the reporting period.	5 5
b. Please indicate the total number of airborne infection isolation rooms set up at the end of the reporting period.	5 5
c. Please indicate how many rooms not set up as airborne infection isolation rooms at the end of the reporting period can be converted to airborne isolation rooms.	0 0

118. Temporary spaces:

Please indicate if any temporary spaces such as tents or other spaces not typically used for clinical purposes were set up for using in triage, testing or treatment during the reporting period.

- ○ Yes
- ◉ No

119. Was there a temporary increase in the total number of emergency department beds set up and staffed for use during the reporting period?

- ○ Yes
- ◉ No

D: Insurance and Alternative Payment Models

Insurance And Alternative Payment Models

1. Does your hospital own or jointly own a health plan?

○ Yes ◉ No

2. Does your system own or jointly own a health plan?

○ Yes ◉ No

3. Does your hospital/system have a significant partnership with an insurer on an insurance company/health plan?

○ Yes ◉ No

8. Does your hospital or health system fund the health benefits for your employees? ⓘ

◉ Yes ○ No

a. If yes, does the hospital or health system also administer the benefits (as opposed to contracting with a third party administrator)? ⓘ

○ Yes ◉ No

Insurance And Alternative Payment Models continued

ALTERNATIVE PAYMENT MODELS

9. What percentage of the hospital's net patient revenue is paid on a capitated basis? ⓘ

0

0

9a. In total, how many patients do you serve under capitated contracts? ⓘ

10. Does your hospital participate in any bundled payment arrangements?

- ○ Yes
- ◉ No

12. What percentage of your hospital's patient revenue is paid on a shared risk basis (other than capitated or bundled payment)?

0

0

13. Does your hospital contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis?

- ○ Yes
- ◉ No

14. Does your hospital have contracts with commercial payers where payment is tied to performance on quality/safety metrics?

- ○ Yes
- ◉ No

15a. Has your hospital or health care system established an accountable care organization (ACO)?

- ○ 1. My hospital/system currently leads an ACO
- ○ 2. My hospital/system currently participates in an ACO (but is not its leader)
- ○ 3. My hospital/system previously led or participated in an ACO but is no longer doing so
- ◉ 4. My hospital/system has never participated or led an ACO

16. Has your hospital/system ever considered participating in an ACO?

- ○ a. Yes, and we are planning to join one
- ◉ b. Yes, but we are not planning to join one
- ○ c. No, we have not even considered it

17. Do any hospitals and/or physician groups within your system or the system itself, plan to participate in any of the following risk arrangements in the next three years? (Check all that apply)

- ☐ a. Shared Savings/Losses
- ☐ b. Bundled payment
- ☐ c. Capitation
- ☐ d. ACO (Ownership)
- ☐ e. ACO (Joint Venture)

- [ ] f. Health Plan (Ownership)
- [ ] g. Health Plan (Joint Venture)
- [ ] h. Primary care transformation, including direct contracting
- [ ] i. Other, please specify:
- [x] j. None

18. Does your hospital/system have an established medical home program?

	Yes	No
a Hospital	○	◉
b.System	○	◉

E: Total Facility Beds, Utilization, Finances & Staffing

Nursing home unit/facility

1. Does your hospital own and operate a nursing home type unit / facility?

○ Yes ◉ No

Beds & Utilization

1. BEDS AND UTILIZATION

Fill out column (2) if hospital owns and operates a nursing home type unit/facility. Column (1) should be the combined total of hospital plus Nursing Home Unit/Facility	(1) Total Facility	(2) Nursing Home Unit/Facility
a. Total licensed beds.	217 217	
b. Beds set up and staffed for use at the end of the reporting period (Do not report licensed beds)	68 60	
c. Bassinets set up and staffed for use at the end of the reporting period	10 10	
d. Births (exclude fetal deaths)	297 356	
e. Admissions (exclude newborns, include neonatal & swing admissions)	1,917 2,122	
f. Discharges (exclude newborns, include neonatal & swing discharges)	1,907 2,488	
g. Inpatient days (exclude newborns, include neonatal & swing days)	9,989 11,168	
h. Emergency department visits	13,624 15,750	
i. Total outpatient visits (include emergency department visits & outpatient surgeries)	103,846 108,983	
j. Inpatient surgical operations	430 512	

k. Number of operating rooms	6 6	
l. Outpatient surgical operations	4,703 4,900	

Utilization by Payer

2. UTILIZATION BY PAYER (exclude newborns, Include neonatal & swing days & deaths)

Inpatient days and Totals discharge should equal Inpatient days and Discharge totals reported in E1e (Admissions) and E1f (Discharges).

Fill out column (2) if hospital owns and operates a nursing home type unit/facility. Column (1) should be the combined total of hospital plus Nursing Home Unit/Facility	(1) Total Facility	(2) Nursing Home Unit/Facility
a.1. Total Medicare (Title XVIII) inpatient discharges (including Medicare Managed Care)	995 1,077	
a.2. How many Medicare inpatient discharges were Medicare Managed Care?	481 451

11. Cross function cyber incident response exercise for all leaders	( ) Yes (●) No
12. Relationship with local FBI and CISA offices	(●) Yes ( ) No
13. Third Party Risk Management Program which assesses business associate access to networks and bulk sensitive data; mission criticality and life criticality of third party	( ) Yes (●) No

l. *How confident are you in the organization's ability to sustain care delivery through manual downtime procedures for up to four weeks, without the benefit of network and internet connected technology?

- ( ) 1. Confident
- ( ) 2. Somewhat confident
- (●) 3. Uncertain
- ( ) 4. Somewhat not confident
- ( ) 5. Not confident

m. *What do you view as your biggest challenges in improving your organization's cybersecurity posture? (Please rank choices 1-6, with 1 being the biggest challenge) (Please do not duplicate your rankings)

1. Funding	3
2. Staffing	1

3

	1
3. Legacy insecure technology	2 2
4. Leadership support	6 6
5. Organizational culture	5 5
6. Non-compliant third parties/business associates	4 4

***These data will be treated as confidential and not released without written permission. AHA will, however, share these data with your respective state hospital association and, if requested, with your appropriate metropolitan/regional association.**

***For members of the Catholic Health Association of the United States (CHA), AHA will also share these data with CHA unless there are objections expressed by checking this box.**

☐ No

***The state/metropolitan/regional association and CHA may not release these data without written permission from the hospital.**

Staffing

11. STAFFING ⓘ

Report full-time (35 hours or more) and part-time (less than 35 hours) personnel who were on the hospital/facility **payroll at the end of your reporting period.** Include members of religious orders for whom dollar equivalents were reported. Exclude private-duty nurses, volunteers, and all personnel whose salary is financed entirely by outside research grants. Exclude physicians and dentists who are paid on a fee basis. FTE is the total number of hours **worked** (excluding non-worked hours such as PTO, etc.) by all employees over the full (12 month) reporting period divided by the normal number of hours worked by a full-time employee for that same time period. For example, if your hospital considers a normal workweek for a full-time employee to be 40 hours, a total of 2,080 would be worked over a full year (52 weeks). If the total number of hours worked by all employees on the payroll is 208,000, then the number of Full-Time Equivalents (FTE) is 100 (employees). The FTE calculation for a specific occupational category such as Registered nurses is exactly the same. The calculation for each occupational category should be based on the number of hours worked by staff employed in that specific category.

For each occupational category, please report the number of staff vacancies as of the last day of your reporting period. A vacancy is defined as a budgeted staff position which is unfilled as of the last day of the reporting period and for which the hospital is actively seeking either a full-time or part-time permanent replacement. Personnel who work in more than one area should be included only in the category of their primary responsibility and should be counted only once.

	Full-Time (35 hr/wk or more) on Payroll (Headcount)	Part-Time (less than 35 hr/wk) on Payroll (Headcount)	FTE	Vacancies (Headcount)

6. Total	4 4	☐

16a. Do Advanced Practice Providers provide care for patients in your hospital?

(if no, please skip to 17) ◉ Yes ○ No

16b. If yes, please report the number of full time, part time and FTE advanced practice nurses/physician assistants (PAs) who provide care for patients in your hospital.

	Full-time	Part-time	FTE
Advanced Practice Registered Nurses	6 6	28 26	6 6
Physician Assistants (PAs)	2 2	0 0	2 2

16c. If yes, please indicate the type of service(s) provided. (Please check all that apply)

- ☑ 1. Primary care
- ☑ 2. Anesthesia services
- ☑ 3. Emergency department care
- ☑ 4. Other specialty care
- ☐ 5. Patient education
- ☐ 6. Case management

- [ ] 7. Other

17. FOREIGN-EDUCATED NURSES

a. Did your facility hire more foreign-educated nurses (including contract or agency nurses) to help fill RN vacancies in 2023 vs. 2022?

- ○ More
- ○ Less
- ○ Same
- ◉ Did not hire foreign nurses

b. From which countries/continents are you recruiting foreign-educated nurses? (check all that apply)

- [ ] Africa
- [ ] South Korea
- [ ] Canada
- [ ] Philippines
- [ ] China
- [ ] India
- [ ] Other

18a. Does your hospital use artificial intelligence (AI) or machine learning in the following: (Check all that apply):

- [ ] 1. Predicting staffing needs
- [ ] 2. Predicting patient demand
- [ ] 3. Staff scheduling
- [ ] 4. Automating routine tasks
- [ ] 5. Optimizing administrative and clinical workflows
- [x] 6. None of the above

18b. How is your hospital incorporating workforce as part of the strategic planning process (Check all that apply):

- [x] 1. Conduct needs assessment
- [x] 2. Leadership succession planning
- [x] 3. Talent development plan
- [x] 4. Recruitment and retention planning
- [x] 5. Partnerships with elementary/HS to develop interest in health care careers
- [x] 6. Training program partnership with community colleges, vocational training programs
- [ ] 7. None of the above

F: Addressing Patient Social Needs and Community Social Determinants of Health

Social And Community Health

1. Which social needs of patients/social determinants of health in communities does your hospital or health system have programs or strategies to address? (Check all that apply)

- [x] a. Housing (instability, quality, financing)
- [x] b. Food insecurity or hunger
- [x] c. Utility needs
- [x] d. Interpersonal violence
- [x] e. Transportation
- [x] f. Employment and income
- [x] g. Education
- [x] h. Social isolation (lack of family and social support)
- [x] i. Other, please describe

2. Does your hospital or health system screen patients for social needs?

- ○ a. Yes for all patients
- ◉ b. Yes for some patients
- ○ c. No

2a. If yes, please indicate which social needs are assessed. Check all that apply.

- [x] 1. Housing (instability, quality, financing)
- [x] 2. Food insecurity or hunger
- [x] 3. Utility need
- [x] 4. Interpersonal violence
- [x] 5. Transportation
- [x] 6. Employment and income
- [x] 7. Education
- [x] 8. Social isolation (lack of family and social support)
- [x] 9. Other, please describe

2b. If yes, does your hospital or health system record the social needs screening results in your electronic health record?

- (●) Yes
- ( ) No

3. Does your hospital or health system utilize outcome metrics (for example, cost of care or readmission rates) to assess the effectiveness of interventions to address the patients' social needs?

- ( ) Yes
- (●) No

4. Has your hospital or health system been able to gather data indicating that activities used to address the social determinants of health and patient social needs have resulted in any of the following (check all that apply):

- [x] a. Better health outcomes for patients
- [ ] b. Decreased utilization of hospital or health system services
- [ ] c. Decreased health care costs
- [ ] d. Improved community health status
- [ ] e. None of the above

5. Who in your hospital or health care system is accountable for meeting health equity goals? (Check all that apply):

- [ ] a. CEO
- [x] b. Designated Senior Executive (Chief Diversity Office, VP for DEI, etc.)
- [ ] c. Middle Management
- [ ] d. Committee or Task Force
- [ ] e. Division/Department Leaders
- [ ] f. Employee Resource Group
- [ ] g. None of the above

6. Who in your hospital or health care system is accountable for implementing strategies for health equity goals? (Check all that apply):

- [ ] a. CEO
- [x] b. Designated Senior Executive (Chief Diversity Office, VP for DEI, etc.)
- [ ] c. Middle Management
- [ ] d. Committee or Task Force
- [ ] e. Division/Department Leaders

- [ ] f. Employee Resource Group
- [ ] g. None of the above

7. Does your hospital or health care system use DEI disaggregated data to inform decisions on the following? (Check all that apply):

- [x] a. Patient outcomes
- [ ] b. Procurement
- [ ] c. Supply chain
- [ ] d. Training
- [ ] e. Professional development
- [ ] f. None of the above

8. Does your hospital or health care system have a health equity strategic plan for the following? (Check all that apply):

- [ ] a. Equitable and inclusive organizational policies
- [ ] b. Systematic and shared accountability for health equity
- [ ] c. Diverse representation in hospital and health care system leadership
- [ ] d. Diverse representation in hospital and health care system governance
- [ ] e. Community engagement
- [ ] f. Collection and use of segmented data to drive action
- [x] g. Culturally appropriate patient care
- [ ] h. None of the above

9. Please indicate the extent of your hospital's current partnerships with external partners for population and/or community health initiatives. Which types of organizations do you currently partner with in each of the following activities? (Check all that apply)

	Not involved	Work together to meet patient social needs	Participates in our Community	Work together to implement community-level initiatives
a. Health care providers outside of your systems	☐	☐	☐	☑
b. Health insurance providers outside of your own system	☐	☑	☐	☐

G: Supplemental Information

Complete all information and press "Save and Validate" to save the data and check for errors.

1. Does the hospital participate in a group purchasing arrangement? If yes, please provide the name, city, and state of your primary group purchasing organization:

(!)

- (●) Yes
- ( ) No

Name	City	State
Healthtrust Purchasing Group	Brentwood	Tennessee
Healthtrust Purchasing Group (HPG)	Brentwood	Tennessee

2. Does the hospital purchase medical/surgical supplies directly through a distributor? (!)

- (●) Yes
- ( ) No

If yes, please provide the name(s) of the primary distributor.

Name: Cardinal Health

Cardinal Health

Name: Medline

Medline

Name: Owens & Minor

Owens & Minor

3. If your hospital hired RNs during the reporting period, how many were new graduates from nursing schools? (!)

3

0

4. Does your hospital have an established patient and family advisory council that meets regularly to actively engage the perspectives of patients and families?

- ○ Yes
- ◉ No

5. Utilization of telehealth/virtual care

a. **Number of video visits:** Synchronous visits between patient and provider that are not co-located, through the use of two-way, interactive, real-time audio and video communication. 0

0

b. **Number of audio visits:** Synchronous visits between a patient and a provider that are not co-located, through the use of two-way, interactive, real-time audio-only communication. 0

0

c. **Number of patients being monitored through remote patient monitoring (RPM):** Asynchronous or synchronous interactions between and patient and a provider that are not co-located involving the collection, transmission, evaluation, and communication of physiological data. 0

0

d. **Number of patients receiving other virtual services:** All other synchronous or asynchronous interactions between a provider and patient or provider and provider delivered remotely including messages, eConsults, and virtual check-ins. 0

0

6. Does your hospital have a partnership with a Community Mental Health Center or a Certified Community Behavioral Health Center?

	Yes	No
a.Community Mental Health Center	○	◉
b.Certified Community Behavioral Health Center	○	◉

7. Which of the following describe(s) your organizations decarbonization efforts?

- ○ a. We have set a **decarbonization percentage reduction** goal.

- b. We have set a **net-zero emissions** goal.
- c. We have set both a **decarbonization percentage reduction** and a **net-zero emissions goal** .
- d. We have not set any decarbonization targets/goals but plan to within the year.
- (●) e. We have not set any decarbonization targets/goals and uncertain if any plans to within the year.

Please feel free to expand on your response in the box below:

8. The federal government has recently released ambitious goals for federal facilities. It includes achieving a carbon pollution-free electricity sector by 2035 and net-zero emissions economy-wide by no later than 2050 with a 65% reduction in Scope 1 and 2 GHG emissions from Federal operations by 2030 (from 2008 levels). Irrespective of the exact targets and years, would your organization, in principle, be willing to support similar types of goals for the health sector? You can read the announcement by clicking on the exclamation mark in blue.

- a. Yes
- b. No
- (●) c. Unsure

Please feel free to expand on your response in the box below:

9. Do you believe the decarbonization goals for the health sector should be similar, more ambitious, or less ambitious than the targets set by the federal government? (check one of the following)

- a. Similar
- b. More ambitious
- c. Less ambitious
- (●) d. Unsure

Please feel free to expand on your response in the box below:

10. Does your organization have an executive leader responsible for environmental sustainability, including climate change mitigation?

○ Yes ◉ No

Please feel free to expand on your response in the box below:

Please indicate below whether or not you agree to these types of disclosure:

○ I hereby grant AHA permission to release my hospital's revenue data to external users that the AHA determines have a legitimate and worthwhile need to gain access to these data subject to the user's agreement with the AHA not to release hospital specific information.

◉ I do not grant AHA permission to release my confidential data.

Use this space for comments or to elaborate on any information supplied on this survey. Refer to the response by page, section and item name.

Thank you for your cooperation in completing this survey. If there are any questions about your responses to this survey, who should be contacted

Survey Name	Pulse Date (mm/dd/yyyy)	Question	Question Name	Team	Translated Answer in English
June 2022 CoSE	06/15/2022	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	I have always tried to go above and beyond,
June 2022 CoSE	06/15/2022	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	I wish the organization was better at fostering opportunities for community outreach and involvement. I feel like the fact that we are a nonprofit keeps us from really immersing ourselves in the community and becoming an organization that can be trusted. I worked for a rural state hospital and we would do all kinds of volunteer work all over the city and I felt a greater sense of belonging and pride there than I do here.
June 2022 CoSE	06/15/2022	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	there's not much for retention pay. retirement isnt matched, ipers would be nice
June 2022 CoSE	06/15/2022	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	Within my unit/department
June 2022 CoSE	06/15/2022	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	I feel like an outcast at this hospital. I have overheard my peers making judgmental comments about me. I feel like administration intentionally makes certain individuals not feel welcome at this facility.
June 2022 CoSE	06/15/2022	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	My direct leader and my senior leadership group at this organization make me feel inclusive.
June 2022 CoSE	06/15/2022	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	in my department we work very well together to keep patient's safe and well cared for, cannot speak for the rest of the organization
June 2022 CoSE	06/15/2022	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	My coworkers make me feel this way. Not the people higher up than us.
June 2022 CoSE	06/15/2022	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	Rarely do I feel like anyone even cares that I am here.
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	It seems like there is plenty of work that needs to get done, but not enough employees to get it done. It sure would be nice if we could work on keeping good help by offering better wages or hiring good people with good wages in order to work done.
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	I feel we need better wages so we could get more people interested in working here. But you have to always take care of the ones that have stayed and worked and picked up extra duties.
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	Try and make improvements with documentation etc and just get told why its to hard or why it cant happen. We are very much a "this is the way it has always been done" facility.
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	Incredibly resistant to change & change is SO slow!
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	Many ideas get tabled for various reasons, usually budget or a lack of other resources like staff.
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	My unit/department, however, does improve

June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	forced to utilize outdated/end of life equipment due to no $ to replace what is needed. Corporate level issue.
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	My department does no improve from mistakes. Instead of training the employees for everything they should know they cut them short and then we end up with employees that do not know how to do the job.
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	We are asked to analyze budgets and line items repeatedly, searching for ways to decrease our annual spend d/t LifePoint budget cuts. However we have the same volumes if not growing volumes.
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	they attempt to make good changes but follow through is lacking on levels
June 2022 CoSE	06/15/2022	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	There have been multiple ideas jumped around to make things better in our department and no one seems to want to change anything.
June 2022 CoSE	06/15/2022	There is a just process for handling safety-related errors here.	Just Response - GPS	Ottumwa Regional	Put in a variance and never hear about it again.
June 2022 CoSE	06/15/2022	There is a just process for handling safety-related errors here.	Just Response - GPS	Ottumwa Regional	Errors have occurred and when brought up to management. No one did anything to prevent it from happening again.
June 2022 CoSE	06/15/2022	There is a just process for handling safety-related errors here.	Just Response - GPS	Ottumwa Regional	never get feedback regarding process outcome
June 2022 CoSE	06/15/2022	There is a just process for handling safety-related errors here.	Just Response - GPS	Ottumwa Regional	We have reported our inability to hear overhead pages in our department. This is a major safety issue and it is still going on. If I don't know where a Code Zero or a Dr. Armstrong is I cannot respond appropriately in a timely manner.
June 2022 CoSE	06/15/2022	There is a just process for handling safety-related errors here.	Just Response - GPS	Ottumwa Regional	From what I have seen safety matters within the ORMICS Dept Yes my boss is on them right away. Safety concerns within the ED especially with physician is just kept hush hush. NEVER have I seen a variance being addressed about safety concerns in the ED and it just continues.
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	Staffing is a real issue that impacts all of our abilities to effectively do our jobs well
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	All departments are understaffed. Even when fully staffed the processes do not run well.
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	short staffed, constantly. Equipment shortages.
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	using old equipment in desperate need of replacement
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	Do to the lack of nursing staff... my nurses are overworked and hard to get cares done, such as passing meds and getting things done in timely manner
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	The department as a whole (techs, phlebotomist, accessoners, etc) do not have the tools to do our job. We are constantly running out of things to be able to draw blood, transfer it to the correct tubing, and running the actual test needed and ordered by the provider. This has been an on going problems for MONTHS. There is no way for us to continue to treat patient who are ill without these things.
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	Staff are expected to work understaff consistently.
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	I think as a department we have a lot to work on. I understand that ORMICS is going to be hard on our equipment, but when we do not have the essentials to work or do our job it effects our patient care.

June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	Would be nice to have reliable ambulances
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	Our equipment is not reliable. We have ambulances that are incredibly high miles, that consistently have issues.
June 2022 CoSE	06/15/2022	I have the resources I need to do my job well.	Resources	Ottumwa Regional	Equipment is outdated and needs to be updated and need to have supply orders fulfilled better
June 2022 CoSE	06/15/2022	I feel I can report compliance concerns without fear of retaliation.	Compliance	Ottumwa Regional	Have reported some issues and was told they would get looked into and nothing was done
June 2022 CoSE	06/15/2022	I feel I can report compliance concerns without fear of retaliation.	Compliance	Ottumwa Regional	I feel there is no privacy when it comes to voicing concerns. When issues arise I find that the word travels to different departments.
June 2022 CoSE	06/15/2022	I feel I can report compliance concerns without fear of retaliation.	Compliance	Ottumwa Regional	I have reported many times about things that have concerned me without result. To the new and old administrative staff.
June 2022 CoSE	06/15/2022	I feel I can report compliance concerns without fear of retaliation.	Compliance	Ottumwa Regional	I have reported things in the past, and then find out after the fact, that management had told the person reported on, that they would call down the person that reported them. And allow them to confront them.
June 2022 CoSE	06/15/2022	I feel I can report compliance concerns without fear of retaliation.	Compliance	Ottumwa Regional	No. I have reported issues and asked to remain anonymous, only to find out later that someone leaked my information.
June 2022 CoSE	06/15/2022	The patient safety-related training I receive is effective.	Training - GPS	Ottumwa Regional	I do not feel I have received training, I have had to personally go and seek education myself.
June 2022 CoSE	06/15/2022	The patient safety-related training I receive is effective.	Training - GPS	Ottumwa Regional	What training?
June 2022 CoSE	06/15/2022	The patient safety-related training I receive is effective.	Training - GPS	Ottumwa Regional	What training?
June 2022 CoSE	06/15/2022	People at my organization live the company values.	Values	Ottumwa Regional	I don't know
June 2022 CoSE	06/15/2022	People at my organization live the company values.	Values	Ottumwa Regional	I feel most people are just here for a paycheck or until they find something better.
June 2022 CoSE	06/15/2022	People at my organization live the company values.	Values	Ottumwa Regional	We are all humans with different ways of seeing/doing things.
June 2022 CoSE	06/15/2022	People at my organization live the company values.	Values	Ottumwa Regional	Are there company values….?
June 2022 CoSE	06/15/2022	People at my organization live the company values.	Values	Ottumwa Regional	A lot of people just show up for work here. I don't feel like there's a lot of pride in being an employee at ORHC.
June 2022 CoSE	06/15/2022	People at my organization live the company values.	Values	Ottumwa Regional	My coworkers are all trying but we are all tired and worn out from lack of staff and lack of leadership.
June 2022 CoSE	06/15/2022	People at my organization live the company values.	Values	Ottumwa Regional	If management takes care of the employees, they will be more likely to embrace the organization and it's values. In health care, as an employee, you are there because you care. Our patient's get A+ care because WE care not because of the organization's values.
June 2022 CoSE	06/15/2022	People at my organization live the company values.	Values	Ottumwa Regional	I do not feel like 98% of people here care about the values or even live up to any of them.

June 2022 CoSE	06/15/2022	People at my organization live the company values.	Values	Ottumwa Regional	Not at all. Everyone from management to cleaning staff only do as little as they can to get by without being fired. There is no accountability, definitely no respect for others perspectives, no integrity to do the right thing, only the quick thing with the least effort, no empathy for the feelings and needs of others, and the organization as a whole does not take responsibility for the health care of the patients that they are entrusted with. This organization's management definitely does not lead by example.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Same comment as above. I cannot recommend a place to work when they do not place value in their employees beyond ice cream days.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	I feel we have great benefits, the only issues is our wages.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	I would recommend it but not as a "GREAT PLACE TO WORK" there are too many things that need to improve to be called "great"
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Team work is minimal. There aren't enough nurses. Majority of Paramedics/EMTs not willing to help nursing staff. Organization in the facility is terrible & has been for years. Many newer staff are chased off by the attitude of senior staff & how they are treated by senior staff.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	I would be happy to tell a friend or community member to work here but I hear a lot of people saying that they'd never want to work here or that they used to work here and left because they didn't feel valued or listened to as staff.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Upper Management is easy to talk to. Very friendly staff
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Lack of leadership in my department is wearing us all really thin. Working overtime every day is hard to keep up with a family at home counting on me.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	This rating is decreased for reasons including non-competitive salaries, lack of 401k math similar to IPERS at most other competing organizations surrounding our facility, and negative culture.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	I used to refer people to work with us all of the time, but now I feel terrible, guilty, if I ask anybody to join our team.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	i would not recommend this employer because of the lack of merit and/or cost of living increases and the fact that the 401k match is pitiful. How do you expect employees to have a nest egg to retire with?
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	I enjoy my job and my coworkers but hate that there is no recognization here at all. I have worked in Monroe county and they make work a fun and happy place to be at. Managers praise you in all that you are doing well in and also come talk to you about things that need some work. I enjoy this service because we are busy and we get to do a lot more calls than monroe county but I wish some things were different. Im not a pizza party here and there when we are so busy no one got lunch kind of person. Dont get me wrong I love food but sometimes thats not what we need all the time.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Most days are alright, it's not the work that is not great, it is the people. Most of the people I work with do not treat you with respect.

					Other staff, outside of nurses, need decent pay raises to help with inflation.
June 2022 CoSE	06/15/2022	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	
June 2022 CoSE	06/15/2022	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	I agree that you can move up but again compensation is bad. I feel they don't look at how many years you have also been here when you change position and that just because you are making more money than the person before you, you should still be able to get a raise.
June 2022 CoSE	06/15/2022	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	I have grown a lot over my time here because I put in the effort. This is a personal responsibility not that of the organization.
June 2022 CoSE	06/15/2022	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	There has been a lot of "promises" of different shifts given to people but it has never happened.
June 2022 CoSE	06/15/2022	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	I don't see ORHC as a place I could work for forever, it is more like a starting point for other things. I wish I saw more of a future here but this feels like a stale environment.
June 2022 CoSE	06/15/2022	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	Our tuition assistance program is only $10,000 for life. If an employee starts here out of high school and uses the tuition assistance to start an associate's degree, they will never be able to use tuition money to increase their education to obtain a post associates degree or bachelor's degree which is required for all management positions.
June 2022 CoSE	06/15/2022	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	I have lots of ideas on how to better my education but am met with hurdles and negative feedback from management on not having time, resources, or money to further these.
June 2022 CoSE	06/15/2022	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	I feel good for myself but not some of my less vocal co workers
June 2022 CoSE	06/15/2022	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	When asking for classes to learn from we either get sent some papers to look at or we get left on the back burner. If there is a class we will get a message about it the day before. People with young children like myself have to find a baby sitter and are usually unable to make any classes.
June 2022 CoSE	06/15/2022	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	I get very few opportunities to show what I am capable of, otherwise I am constantly stepped on.
June 2022 CoSE	06/15/2022	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	yes you have the resources but are not used as should
June 2022 CoSE	06/15/2022	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	Staffing issues contribute to patient safety
June 2022 CoSE	06/15/2022	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	A lot of equipment is old and out dated.
June 2022 CoSE	06/15/2022	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	I think this hospital could use a lot of structural upgrades in order to improve patient care and safety. We have a lot of old equipment and a lot of spaces that are not conducive for safe, efficient care. I think efficiency and ease of use contributes to safety compliance.

June 2022 CoSE	06/15/2022	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	We have times where we do not have the equipment to move a patient in the best way possible. If ORMICS is out on calls we have a lack of personnel/personnel with less experience responding to Dr. Armstrong's. For the last one there are steps being taken using Handle With Care to remedy this. We have requested the volume for overhead pages to be turned up in our department. This has been and continues to be an issue. ORMICS cannot respond to issues appropriately in a timely manner if we do not know what is going on and where it is.
June 2022 CoSE	06/15/2022	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	Unsafe ambulances
June 2022 CoSE	06/15/2022	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	See above comments about ambulance safety.
June 2022 CoSE	06/15/2022	We discuss ways to prevent safety errors from happening again.	Learning From Mistakes - GPS	Ottumwa Regional	things are 'discussed', but i don't see any results...
June 2022 CoSE	06/15/2022	We discuss ways to prevent safety errors from happening again.	Learning From Mistakes - GPS	Ottumwa Regional	My department takes the time to discuss.
June 2022 CoSE	06/15/2022	We discuss ways to prevent safety errors from happening again.	Learning From Mistakes - GPS	Ottumwa Regional	We do in OUR work area.
June 2022 CoSE	06/15/2022	At work, I feel cared about as a person.	Care	Ottumwa Regional	My director cares about his staff
June 2022 CoSE	06/15/2022	At work, I feel cared about as a person.	Care	Ottumwa Regional	By my co workers
June 2022 CoSE	06/15/2022	At work, I feel cared about as a person.	Care	Ottumwa Regional	Not at all!
June 2022 CoSE	06/15/2022	At work, I feel cared about as a person.	Care	Ottumwa Regional	As a nurse I feel that this facility does not care about its employees, your a number here and your thoughts, ideas and feelings DO NOT matter.
June 2022 CoSE	06/15/2022	At work, I feel cared about as a person.	Care	Ottumwa Regional	OUR TEAM works well together and cares about what others think and feel. That concern continues outside of the hospital.
June 2022 CoSE	06/15/2022	At work, I feel cared about as a person.	Care	Ottumwa Regional	We rarely get positive feedback. It is usually negative.
June 2022 CoSE	06/15/2022	At work, I feel cared about as a person.	Care	Ottumwa Regional	There are very few people I work with that I feel care about me, most people do not care about me at all.
June 2022 CoSE	06/15/2022	At work, I feel cared about as a person.	Care	Ottumwa Regional	I've acquired a $1 raise off of my start rate in 6 years of working here. Inflation is destroying me. Help!
June 2022 CoSE	06/15/2022	My input about patient safety is valued here.	Voice - GPS	Ottumwa Regional	I no longer feel my voice is valued.
June 2022 CoSE	06/15/2022	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	no hourly rounding especially in the er, i know its busy "sometimes", but i work here i see all the bull talking at nurse station and the drama talk between departments, no excuses
June 2022 CoSE	06/15/2022	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	We wait to long to replace safety critical items such as beds, lift equipment etc.
June 2022 CoSE	06/15/2022	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	the way I do things around here, not always WE
June 2022 CoSE	06/15/2022	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	there are some changes, but maybe metal detectors at least in the ER would be good

June 2022 CoSE	06/15/2022	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	The only thing that worries me is when everyone is run ragged that is when mistakes are made.
June 2022 CoSE	06/15/2022	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	All efforts are made, sometimes lack of staff on other units may effect this.
June 2022 CoSE	06/15/2022	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	Depends on your nurse
June 2022 CoSE	06/15/2022	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	Some people on some days
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	It seems like it corporate driven and communication isn't important.
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	leader boards that were placed up for concerns i have seen questions not answered for up to 6 months, or if answered its the easy way out no explanation
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	Communication is a struggle
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	The communication here is terrible. We don't even send out emails when employees leave or are terminated.
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	I feel we lack communication
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	If you are not in administration you hear very little.
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	Many years ago, we used to have a newsletter and get emails and celebrate accomplishments and learn about future goals and progress and it really fostered team building and organizational pride
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	In my position, I am PRN, meaning I am not here all the time. My schedule is constantly getting re-arranged. I do NOT get notified about these changes from administration. I get notified through a co-worker that works full time here because I ask them. There have been MULTIPLE times where I have reached out to my "administration" and not gotten a response. This department needs a new administrative that wont be your friend, but your boss.
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	Lots of emails go out. But most are generalized for whole company. Don't get a lot of communication from my director specifically about our place
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	##### HR Director keeps everyone informed well
June 2022 CoSE	06/15/2022	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	I fee like things get swept under the rug here and are hush hush. I get that as employees we do not need to know everything but some things would be nice.
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	drama is the main topic anymore with this company not caring for their employees,
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	I this this depends on the departments

June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	Hard to get a hold of staff at times and when you do they are often rushed, rude and dismissive.
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	I feel there is an extreme lack of understanding between departments. We have a lot of opportunities to improve processes between departments but a lot of finger pointing gets done and I don't feel like anything ever gets resolved. I wish we could all walk in each others shoes to create a more cooperative, supportive environment.
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	I believe rather than ask for help, staff move forward and do what they think is best; that is a safety concern for patients and staff alike
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	There seems to be a huge downfall between all departments. Housekeeping, dietary, lab and radiology all have different priorities.
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	nurse to pt ratio very uneven, trying to find a nurse to explain what is going to happen, or to find a nurse to help with pt exam,, delays pt care
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	very difficult to give report to the floors. Operator sends most calls to ER for the charge RN to figure out
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	It feels disconnected due to the constant question of the plan for the day or what is going on between our department and others with little to no communication from any leaders.
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	CNAs never get report from the oncoming unit about the patient.
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	Very hard to receive communication between hospital and clinics. A EHR that links the two places would be helpful.
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	It seems that departments work within their own area and not with other depts.
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	Communication between departments needs to improve we need to be educated on what each of us do to help make the patients experience better
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	communication is the worst skill for employees around here. TOO many people assuming communication and not asking for clarification
June 2022 CoSE	06/15/2022	The exchange of information between departments occurs smoothly.	Exchange - GPS	Ottumwa Regional	some issues occurred during admitting patients from the clinic to the hospital
June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	The clinics work hard at helping each other out

June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	Each department is very much its own entity. ICU travelers in particular act far superior and are quite rude to other staff.
June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	Due to staffing no one is able to have time to collaborate effectively
June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	no team work between departments due to short staffing issues, no one has time to help or extra hands to help the next department due to no staffing and increased work loads but lets hire travelers and pay them 3 and 4 times what are regular staff makes
June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	each department and the relationships therein
June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	we start strong, getting frontline staff involved is difficult with staff matrix as staff are sent home when census drops rather than using time for improvement projects
June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	Teams at MY CLINIC do!!
June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	When I first started here (2020) we had full staff that respected the administrative we had. Since then we have lost both the people that filled those positions. The personal that is now filling in those position have lost sight of the big picture (taking care of employees mental and physical health.) With these personal there is no "teams" it is each individual for themselves. No one helps on another in this department.
June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	It depends on who is working.
June 2022 CoSE	06/15/2022	Teams at my organization collaborate effectively to get things done.	Collaboration	Ottumwa Regional	It seems that departments don't always work well together, usually it's a staffing issue.
June 2022 CoSE	06/15/2022	There is good communication between leaders and employees here about patient safety.	Communication - GPS	Ottumwa Regional	I feel most people will speak up for patient safety but they also get tired of hearing the same excesses.
June 2022 CoSE	06/15/2022	There is good communication between leaders and employees here about patient safety.	Communication - GPS	Ottumwa Regional	Good communication with our director and coordinators
June 2022 CoSE	06/15/2022	There is good communication between leaders and employees here about patient safety.	Communication - GPS	Ottumwa Regional	There is communication, with a newsletter and huddles, it is surprising how many people don't read their emails and contracted services like EVS and dietary communication could be better
June 2022 CoSE	06/15/2022	There is good communication between leaders and employees here about patient safety.	Communication - GPS	Ottumwa Regional	Our "leaders" don't care half of the time. Not even about their employees.
June 2022 CoSE	06/15/2022	There is good communication between leaders and employees here about patient safety.	Communication - GPS	Ottumwa Regional	

					It depends on the clinic and specific providers.
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					staff are exhausted, mistakes can be made in these situations
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					the hourly rounding is strongly not happening multiple times witnessed my self, no communication from doctors
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					This would depend on the type of care that was needed. Certain specialties are lacking the staff and resources needed to confidently tell others to seek care here.
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					my family and I have always received great care.
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					I would allow my family to have surgery here as long as they were going home same day. I wouldn't want them to have to stay here overnight.
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					This hospital is dirty! I hear stories in the community and see first hand accounts of unclean patient care areas.
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					depending upon where you work, such as in ER or Behavioral Health, there are increased risks; the training is good and needs to continue or increase the frequency
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					Due to staffing, if too many high acuity patients, it takes up the majority of staff and others get put on the back burner
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					Alot depends on which Doctor or practice
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					If I was half dying by the county line between Wapello and Monroe counties, I would drag myself across the county line to Monroe.
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	
					Some days some providers
June 2022 CoSE	06/15/2022	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	

June 2022 CoSE	06/15/2022	I can speak up about patient safety without fear of retaliation.	Psychological Safety - GPS	Ottumwa Regional	No fear or retaliation or action of any kind actually.
June 2022 CoSE	06/15/2022	I can speak up about patient safety without fear of retaliation.	Psychological Safety - GPS	Ottumwa Regional	Maybe won’t be retaliated against but many times it falls on deaf ears.
June 2022 CoSE	06/15/2022	I can speak up about patient safety without fear of retaliation.	Psychological Safety - GPS	Ottumwa Regional	I feel if I speak up it will be disregarded or treated poorly for voicing concerns regarding safety.
June 2022 CoSE	06/15/2022	I can speak up about patient safety without fear of retaliation.	Psychological Safety - GPS	Ottumwa Regional	I personally never have spoke up about a safety issue because I have seen others speak up and get ignored. I do not fear retaliation, I just don't want to waste my breath on deaf ears.
June 2022 CoSE	06/15/2022	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	back to patient rounding not happening
June 2022 CoSE	06/15/2022	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	They say so but the bank account does not back it up.
June 2022 CoSE	06/15/2022	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	Financial priorities seem to be on facility attractiveness rather than staffing and updated equipment requests
June 2022 CoSE	06/15/2022	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	Often pts are held in ED or transferred out losing revenue that could be retained for improvements in our facility.
June 2022 CoSE	06/15/2022	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	Local leadership's actions demonstrate this as a priority. Division leadership would rank a 1 as they don't make it a priority when they do not purchase the capital that is needed for our organization and they do not do anything to combat staffing issues, resulting in staff working unsafely either due to lack of staff, burnout, or fatigue.
June 2022 CoSE	06/15/2022	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	Although this should be top priority, sadly, its not. Leadership does not look into the patient safety as they should.
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	I have a great director who tries to keep everyone in the loop But I have not had a sit down evaluation in several years.
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	More praise than feedback
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	##### is probably the glue that holds the Dept togethet
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	I feel my manager has a disconnect from what is happening in our department
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	I feel like I rarely receive feedback, positive or negative. I am extremely paranoid that my team members and supervisors discuss issues behind my back without face-to-face resolution.
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	I have worked at this organization for 2.5 years and have not had a performance review.

June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	Have been here at my current job over a year and have not had a yearly review.
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	By manager is only seen in the mornings for half an hour at most.
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	Currently do not have management and feel that we need to have our voices heard and communication between employees and all levels of the organization to be able to accomplish our goals affectively.
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	My supervisor has not given me any feedback on anything since I started working here.
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	My manager and coworkers are the best. The only reason I haven't left.
June 2022 CoSE	06/15/2022	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	We do not see or hear from our managers unless we reach out with a complaint that then seems to be brushed off.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy working with my peers and assisting to improve processes.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The type of work I do and the people I work directly with.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patients
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Most of the people, including my boss and the C.E.O. are very friendly. This makes me want to go to work each day.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Caring staff
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people i work with
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	#####, my manager, is fantastic. He truly cares about his employees and does everything he can to ensure they are taken care of to the best of his ability.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Challenging work, committed department management
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like that it is small enough to know most everyone and develop good relationships but not so small that there isn't always something to learn.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	That I work for the busiest service in Southeast Iowa and I've found some of my best friends working here.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping patients and their families with getting connected to resources that they may need or want.

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy coming to work knowing that most people treat you like your family and safe place to work at.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Involvement from administration
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel a sense of teamwork with my other leaders
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel like I do a good job and am allowed to work independently. Also, my PTS accumulation.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Being of assistance to those who care for our patients.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The leadership team that I work with cares about our staff and works tirelessly to improve work environment and recognizes me and other managers/directors for our what we do every day.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i have a great team of coworkers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My patients and department
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping others
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The team that I work with.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people that I work with. It's our people that keep many of us going during such a hard time for our industry.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I do like the particular physician I am working for and this physician is very responsive to his staff and appreciative of his staff.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like that I have co-workers that I can rely on when I need help.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Patient care and knowing I am making a positive difference in the health of the patients I see.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	taking care of patients and contribute to community with my work
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The only thing keeping me here are our patients & my immediate team members. Not the organization
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patients
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The providers I work for at my Office
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I work with some of the best Medical Technologist and Medical Lab Techs. I'm grateful for that.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patient interaction is what I love about being a nurse
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Several great co-workers at this facility.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the people I work with; they have become my family
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The clinical work that I do and the people I work closely with.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My manager is very knowledgeable and is willing to train and educate her employees.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my Manager
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping patients
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love that my managers (##### and #####) listen to my needs and act on my needs. I love the One Day Surgery team.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	EMPLOYEES
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love working with my group of workers and ##### is a awsome boss to work for she goes above and beonded to help if we need it.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My co-workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love doing the work I do it it ever learning
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I get a paycheck.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	about the only good thing i can think of right off the top of my head is it is worm in the winter and cool in the summer
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I live that i work at a busy place that i can gain real world experience.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Vacation time.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel we have great benefits,
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with and the patients that appreciate us.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	knowing that what we provide here at ORHC is important to the community
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	working with my co workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like the people I work with
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I get to do the type of work I like doing. I get to help others all the time which is what I completely desire to do.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Several great people to work with , strong circle of staff that get things done
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The doctor and nurse I work with is the only reason I stay
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my coworkers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Coworkers are friendly.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy my third shift because I am away from the drama and from techs that can make you feel like crap. I enjoy thirds because I have better communication with the nurses as well with my supervisor
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love most of my co-workers.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers in my department.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Team work!
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people in my department. We all get along well and try to help each other in any way we can. We get stuff done but we also have fun.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	some of the people i work with
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My team! The ones who participate & work as a team & the relationships that we build/have built are what keeps me there
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people, we all have struggled together and the team at this hospital does care about each other.

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love most when a patient tells me I've made a difference in their experience. Whether they let me know verbally or with a simple smile. My bosses and coworkers may not let me know I'm making a difference but my patients do.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My co-workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The friends I have made here
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I do love my job as a nurse, but what I am sick of in this organization is the lack of support by senior team members and the short staffing issues, no raises and being told things are gonna get better when they have not gotten better in 3 years, I could go someplace else and make way more money, but this is convienent for me (close to home) , this facility needs to work on recruiting home town people and retaining their good employees
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my coworkers are in the same predicament i am and we help each other out
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy my co-workers and being able to help the patients who come in
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel like the people that I work directly with value me.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love getting to take care of the community we serve and enjoy the feeling of knowing I worked hard and helped others.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	teamwork within my department
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	what i do for my occupation.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	We work well as a team
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	THE PEOPLE I WORK WITH
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The family feel in my department. Everyone working together to bring this hospital back to the way it used to be perceived as a trusted place to go
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the people I work with. I believe in the Ottumwa community. I believe this place CAN be better when we have the right leadership.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my director is easy to talk with about issues that come up
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with directly in my department are wonderful and I enjoy my specific job; working with the patients I work with and making a difference for those people and their families in some small way.

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Every day is different
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	helping patients
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have great collegues and management is easy to approach. I have been given flexibility to improve workflow in my office with a lot of friction. It has helped everyone.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	RELATIVELY CLOSE TO HOME.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people and their desire to do well in caring for patients
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with. I enjoy my job when I am able to do so and I like the flexibility at times that my job allows.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	the amount of responsibility that has been/is given to me is within my abilities, i am guided with advice from dept mgr(even if it's something i don't want to hear...)
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Supportive peers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Some coworkers are great to work with. I enjoy what I do as a whole.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the work I do!! I love anatomy and find the human body fascinating therefore, I love what I do and feel like I do matter to the patient and the doctor's making diagnoses for their patients.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	CoWorkers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have an amazing director and managers of my department. They go above and beyond to give our patients amazing hometown care. They do everything within their power to take care of their staff. As far as our hospital being part of Lifepoint, it feels like we are a number, a budget, anything but a care giving institution. Many of our services are hired out, such as dietary, housekeeping, laundry. As a result, no one cares if they do a good job, no one cares if there is enough staff to do all the things that need done. Surrounding county or state medical facilities have increased wages across the board, but not us. Our staff leaves, and the rest are expected to pick up the slack, do more with less and not get paid more. Our management, and our corporate company need to increase pay, and staff, and be accountable for our building and the services we provide for our community.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I really enjoy my coworkers, and the patients. I love how easy it is to talk to upper management if I need anything, they really embody the "open door" policy.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love my job/career. I feel that my immediate supervisors care about everyone in our department. And they try to the best of their abiltiy to keep things working smoothly. Unfortunatly most decisions come from corporate, they have very little autonomy. I was taught many years ago, 36 to be exact, that autonomy was very important to what we do as nurses. I feel as though we are all puppets to our corporate owners. I will always do my very best to treat others especially my patients and co-workers as I would want to be treated, with respect and dignity.

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The girls that work on my unit and my department manager
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Our leader is compassionate, caring, a resource to go to, fair, straightforward.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My co-workers and my supervisor
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Taking care of patients in a timely manner and my team I work with.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	We have a very close knit team.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my coworkers are great and I like talking with patients each day and getting to know them
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The hours.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The sense of family from being a part of the organization. Work family.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy working with my receptionist and the provider. We make a great team and support each other. We work hard and make sure our work is done and done right. We have each others back and that is what team work is.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers. We have to work together to get things done.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	on
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	This is a good place to work, however the manager has not clue what she is doing.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Flexibility
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my boss and co workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like the team I work with. We work well together and make sure our patients are well served. We all pitch in where needed.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	It's the worst job I've held in and outside of healthcare.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Co-workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My co-workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My boss.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	helping patients
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I think the "organization" makes it difficult to get things accomplished. With my degree in managment I understand that there needs to be a balance to make a business run efficiently. However, our job is to care for people and sometimes it just feels like that is lost.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I work from home where it is clean.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My manager, #####, is the most responsive, approachable, supportive, and effective manager I have had in my medical career. He actively removes barriers from medical practice leading to increased productivity. We need more of #####'s "do what is best for the patient" approach in healthcare.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	That I get to experience new things working on the medical field.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love what I do, I do not necessarily love the organization.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Ability to care for patients.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the people I work with.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have flexibility with my schedule
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love being about to help aid in the treatment of patients. I love helping my patient start to feel better and have brighter outlooks on life knowing we have treat their illness.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	the nurses in the department i work for
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	complaints never get followed through on. i was ran out of my unit by another staff and the manager so much bullying and work place harassment,
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love that I am caring for members of my community since I do reside in town. I also enjoy caring for members of the surrounding community. I have a really good director that is engaged with her staff. I feel that the benefits are good here. There are people that have been working here for a long time that I love to see every time I work. I feel that I have autonomy here at work, but still there is still good teamwork that I know I can depend on if I need. I really appreciate working for the director that I do, and for the unit I work on,. We have a good leader on our unit and a good team.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Able to care for people of my community

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	co workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Team work and acute services provided
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	There is good teamwork among my peers in my specific department.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Serving my home town.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Paycheck
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Flexible schedule and most co workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I think those directly above me have my back and will always try to help me to be better.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Most front line co workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy working with the team that I employ. I enjoy making a difference in the lives of the citizens of Southern Iowa. I enjoy working for a healthcare corporate structure that provides charity care and gives back.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patients
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping patients making them smile
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My Director is the best to work for!
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel supported in the workplace and able to speak up about concerns.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The provider I work with and the work we do together as a team. We truly make a difference to our patients and that is very satisfying.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The fact I can make a difference in patients care'
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Serving the people in my community
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	That I get to work and my local community, helping to take care of friends and family.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the trust/confidence I get from my co-workers and supervisor
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have some great coworkers.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel like my management team encourages me every day. They seem to always find a positive way to help me continue with my education and learning
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love my co-workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	love my actual job, manager tries very hard
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy the interaction with the patients, knowing I am helping them
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like that I help patients when they are in need of my help. I like that I can make a difference.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I do get along well with my immediate team and staff.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Some of the staff can be very friendly
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Autonomy to do my job... just need help sometimes.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the doctor I work with and my coworkers. We work great together to provide the deliver the best care possible to our patients.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the opportunities this place grants me!
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the work I do and the people I work with.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love my team at Easy care. We all work well together.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My hours
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Not a lot of micromanaging.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My patients.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patient care
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The understanding you get when you need to take time off
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy the care I give
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I don't. I work in an area the past year that needs lots of help and quality improvement and it is known and not acted upon.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers, and the opportunity to run a decent amount of calls.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people in my department.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Knowing what I work for everyday has an impact in helping patients
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with. Radiology is amazing!
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers are awesome. We have the camaraderie that comes from working in the trenches.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My managers are good at making us feel like they care about us as a person.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	people I work with
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Benefits
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	unknown
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy very few of my coworkers, but I love what I do for our community.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Coworkers feel like family.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I LOVE THE OFFICE I WORK IN, THE SMALL STAFF, THE PHYSICIAN IS THE BEST TO WORK WITH.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Taking care of people who have a real need. Working with solid teams and other service lines that have a similar mentality to patient care.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i love the people i work with and the patients i work for
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love to take care of patient's and their families. I do love a large number of my coworkers. I do love my supervisor, although he seems unable to provide a lot of feedback, or seems uninterested at times I do believe he has all of our best interest at heart. Most problems that are perceived as problems with the manager seem to be problems with management above him.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping people

June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My manager and my coworkers on my particular floor. WFC
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love knowing I can help individuals who are struggling (patients) & help my community.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i feel valued as an employee
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy helping patients and working for outstanding physicians.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My co-workers
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Friendly coworkers, amazing director (#####) and great teamwork.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Co workers, teamwork, the communication amongst the team.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love knowing that I am helping keep patients healthy, and being able to talk with them everyday.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	It's not the organization it's helping the patients that makes me feel very good .
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Getting to meet new people everyday, and hopefully making their day a little better with my help.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i am able to do my job and not feel overwhelmed with management
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My director is such a positive light to our unit. Leadership plays a big role in how successful our team is as a whole, and ##### makes us feel cared for in the work place, as well as outside the work place. I also love our team of nurses on my unit. They are wonderful and make each day rewarding to be here. I am passionate about the work we do and the care we give our patients.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My boss is great. She communicates with me, gives me feedback. She works with me.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	As a single woman k I am they give me the opportunity to be able to work a little extra time I thank [redacted] for k that extra time is a great help for me again thank you.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with, who are all travel nurses.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The staff I work with and the patients.
June 2022 CoSE	06/15/2022	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Certain groups of people are amazing to work with. We all work together to and help each other improve.

June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	I have worked here for over 30 years. Because I became a nurse after we became for profit, I do no make the same wage as those who were. I have been a dedicated, hard working employee to this organization and do not feel I am being compensated.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	nice place of employment, but the advertisement of new hire states room for growth and higher opportunity's, which in my department that is false. also economy is rising and haven't seen any raises
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	I am very happy working at the clinics but feel that the hospital needs and their employees take priority over ours and it is hard to explain this to my staff. It makes them feel like they are not as important or valued
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	The biggest issue I have with the organization is the lack of correlation between performance reviews and pay increases. Consistent and great performances in a position should warrant a pay increase. It is hard to maintain the same vigor for my position and organization when I do not feel the compensation from the organization matches my commitment level. I have increasingly been thinking of applying for other positions when I am otherwise quite happy in my position at ORHC.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	Not happy as I once was. Everything seems geared to trying to get the next new person. Nothing or very little for those loyal employees.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	I have always loved my job, but with the staff shortage and picking up extra duties there is no compensation for it.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	Missing in this organization is professionalism, respect within, and appreciation.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	Under payed!!
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	I leave feeling frustrated because they are continually giving more task to be completed but making it impossible to succeed because they is not enough time in a day to get it done so lunches are being missed and breaks that are no longer possible to take, Amd there is not enough staff to help us succeed.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	call pay isn't worth taking call, especially multiple times a week. being stuck 30 minutes from Ottumwa and planning for daycare under 30 minutes away from work is difficult for only $2 an hour.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	I love what I do everyday helping patients, but we have no real leadership here. I am working long days every day with hardly a thank you.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	My direct supervisors are amazing, but compared to the organization as a whole I would same I am not very happy.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	My job within the organization is not supported. My "administration" does not hold the staff accountable for their actions and does not appreciate the staff that does work hard everyday.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	An organization requires strong leadership from the highest level of the corporate structure, supported with budget dollars to improve poor functioning equipment and decrepit buildings, along with a positive morale installation in order to appropriately adjust the culture of an organizational structure at any level.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	I would like to clarify that I love the work that I do, just not the environment.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	We need higher wages and more benefits. We need to hire more staff and spend up the hiring process as we often loose potential new hires because our process takes to long and no body understands why.
June 2022 CoSE	06/15/2022	How happy are you working at your organization?	eSat	Ottumwa Regional	I do not like working for this organization. I feel we are under valued and under paid as employees. Not just nurses. Every single employee. I do love my coworkers and my manager. They are the only reason I have not left. [redacted]
June 2022 CoSE	06/15/2022	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	I feel that my director allows us to make decisions as long as it does not hurt the patient or the clinics.

					Only because I do. Easier to ask for forgiveness than approval.
June 2022 CoSE	06/15/2022	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	
					I feel my co-workers like to micro manage my work.
June 2022 CoSE	06/15/2022	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	
					constant micromanagement
June 2022 CoSE	06/15/2022	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	
					Multiple co-workers have offered ways to improve things around the department but have been shot down for not being part of the administrative personal.
June 2022 CoSE	06/15/2022	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	
					I have in the past made decisions as a TL, that get overruled or ignored.
June 2022 CoSE	06/15/2022	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	I have brought ideas on team building and organization that are not recognized.
					I feel the mentality is "They are just doing their jobs."
June 2022 CoSE	06/15/2022	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	
					This is hard to answer as staff who were liaisons for infection control and safety are not getting the time to participate; again due to limited staff or because of the staff matrix.
June 2022 CoSE	06/15/2022	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	
					there is no real appreciation for us as workers...
June 2022 CoSE	06/15/2022	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	
					I watch my peers advocate for patient safety, speak up when they have concerns, and listen to leadership be dismissive and judgmental.
June 2022 CoSE	06/15/2022	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	
					Invest in employees with reward and recognition for employees, cost of living raise in light of inflation (this is straight forward regardless of constraints to retain employees), opportunity for work from home models of options to complete work in fewer days on site - basically listen to and invest in the employees of the organization.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	
					Updating equipment that is end of life instead of making work arounds that affect time that staff could be spending with patients. Update the computer system to improve efficiency in the teams that would allow for less time spent at the computer and more time at the bedside. Improve benefits like health insurance for part time employees to help attract employees that are working at close facilities receiving benefits that the organization does not offer, Increase support staff's pay to be able higher and retain more support staff.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	
					Remodel, cleanliness (consistently receive negative comments and how dirty and unkempt our hospital is. Patients choose other facilities for care because of this.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	
					Tennessee leadership
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	
					Holding employees accountable for their attitudes to patients and coworkers. Raising pay for non-travel positions.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	
					staffing is an issue as like most of the US, but focusing on retention of the staff we do have
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	From within the clinics. Some of them are very toxic work environments with toxic staff and providers.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Treat full time employees better than temp staff. Get supplies we need to complete our job. Don't say we cant get certain supplies when we can order them on Amazon and have them here in two days - it shows admin cares more about $ than about staff having tools to safely complete our jobs.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Cleanliness
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	1. Focus should be on increasing pay for full-time nurses not to just compete with surrounding market, but to out compete them. We NEED to be the highest paying nursing position in the area in order to establish a good pool of full-time nurses. 2. Focus on the physical building and rooms/technology: Be a place that physicians and nurses can be proud to say they work in and patient's don't mind staying in. 3. Professionalism: Once a quality nursing pool is established through high wages, make sure we are exuding professionally what it means to give high level patient centered care.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Salary
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I think that this organization should consider to change holiday time off policies for people that have office hours and are forced to use vacation time when they are not required to work because of the national holiday.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continue to have employee meetings giving everyone the chance for communication from Admin
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	You need to concentrate on bonuses for the employees that worked thru the pandemic especially in these times of inflation. A little extra help would be so appreciated. Extra bonuses at Christmas would improve morale as well for the employees that continue to work everyday and help with this hospital instead of giving the incentives to the locums or travelers. We need to reward the employees that have committed to this organization and are doing the main body of work and not to the ones that are coming for 13 weeks and then leaving again.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Compensate me. Sweeten employee benefits.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Recruitment and retention strategies to have adequate staff to do all that is needed for the patients
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Culture
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	When you are the frontline healthcare employee coming in dealing with the major events over the last few years, it sure would be nice to feel like you appreciated. Many places out there including ones that wasn't a health filed got raises and recognized for all the extra time and for stepping up doing extra work.

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Retention of current staff that have stayed with us, especially over the past 2 years. Moral fatigue is present in every department and there is not enough support from the organizational level to provide enough staffing to alleviate the stress of frontline staff and managers/directors. Front line staff that had the resiliency to stay in health care over the past 2 years are struggling to continue and are looking to potentially leave the profession. Drastic measures to support these people are needed in order to retain them in the organization and profession and to get away from reliance of contract staffing. A majority of staff do not find the EAP valuable and feel it is impersonal to not have a local support system.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	pay, communication, get out of the administration hall and involve your selves with your team
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	retention employee recognition pay scale benefits cleanliness of facility
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I strongly feel customer service across the board could improve. I moved here from a large city that had 2 large health systems. Customer service was incredibly important in both. Always have a smile and greet every person you see in the hall, treat coworkers from EVS to the CEO with the same respect. Personally escort anyone who is lost. Make each patient feel that they are extremely important to us personally. Everyone in the hospital was required to answer call lights, not just nurses, and the words " That's not my job" were NEVER acceptable. We had yearly meetings to remind everyone of the importance of "5 star" customer service. I have been here for over 5 years and I KNOW we are capable of service of this calibre. Unfortunately, I find myself apologizing to patients more often than hearing gratitude for how they have been treated.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay commensurate with responsibility. Clean environment. I'm ashamed of how filthy the hospital has become.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Make employees feel valued. Increase wages. Wages are the biggest issue my department has. Over 90% of the time when someone leaves it is because of wage. If an applicant does not accept an offer it is because of wage.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Place value on retaining your employees who show up and work hard every day. Replacing a pizza party with ice cream or candy to show appreciation does not work. That should not be done in place of properly compensating employees. We worked the pandemic. Calling us heroes does not feed our families in this economy.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing is a huge issue. Clinic staff feel overworked, underpaid and undervalued. Employees are leaving because wages here are not competitive with other employers in the area.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We need more fun. More laughter, light-hearted competition, meetings (gasp), celebrations, etc. We have spent so much time a part over the last two years. Once spirits are lifted and more employees engage, development of mod-high performers into frontline leaders to drive quality and satisfaction.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Retention of loyal employees
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication is always the key and it is sorely lacking here. Also it seems there could be more of a stream lined communication between the hospital and the clinics.

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employees don't feel valued or respected. Increase the 401k match.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Retention of valued employees. Updating/purchasing of needed equipment.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	You might want to look beyond the money & FTE's. Nobody believes that LifePoint cares about them at all.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Housekeeping, the entire campus is disgusting looking, floors have dust bunnies on them that roll down the halls when you walk, the clinics that are not on main campus are just forgot about, the eddyville clinic has had any updates sine it opened.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	communication
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	everywhere
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing. Pay employees what they are worth and retention will increase. A far better solution than employing travelers at 4 times the pay. Right now we seem to have critical staffing shortages in every department and people are burning out under the extra hours and workload.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	1) We need to update our facility. It looks very gloomy in the hallways. Sometimes when I walk in and I just want to turn around and walk out. 2) Facility needs to be clean. I often see it not maintained. Toilets have not been cleaned etc. 3) Transparency on the pay scale. It's not right to know a newer employee with no experience and a two year degree with no certificating is getting paid a $1.00 less then a employee with 10 years and a four year degree and has their board certification. How does this make your team feel valued?
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Increasing pay, especially for those who have continued to work throughout the last two years of COVID.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Reward and recognize loyal employees. Raises should be given yearly. Spend money to keep employees happy here instead of giving it to temporary employees. Clean this hospital up. Hospital is extremely dirty especially restrooms.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	increase capital resources. much of the equipment is in disrepair and in need of updating
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The recent R1 outsourcing of the business office and admitting.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Focus on employee work/life balance. Tools and resources to encourage employees taking breaks and caring for themselves. Focus on process bottlenecks and rework to improve work flows and decrease frustration.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Making sure that the employees feel that they are needed and wanted. Show the ones that work hard that they are appreciated.

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Getting a cleaning company that actually will clean.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More pay is always an improvement opportunity. Especially with the rising cost of everything.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Raises and employee retainment
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	UPDATED EQUIPMENT WOULD IMPROVE WORK
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Accountability. We will keep a warm body because we don't have enough staff. This drives off the good employees. I don't just mean low performers, I mean people that create conflict and are insubordinate.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employee benefits
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Listening to your employee when they speak.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay-Management who cares about what is really going on in the workplace.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	You can start by increasing the wages to match or better other hospitals in the surrounding areas. Better insurance and 401 and other benefits.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Focus more on the care, recognition, retention, and competitive pay for our employees.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More employees
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We lost the sick bank . only contributes up to certain amount in 401 K . My scale has been capped for years . not adjusted for cost of living expanse . Only get up 500.00 bonus a year for raises that are given . Not giving raises .
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Reward the employees who have been faithful to this organization. The ones who have been loyal. We need raises and more employees.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	updated equipment
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I feel that we really need to look at wages for the clinics, It is bad that you can go to a fast food place and make more money than you can as a front receptionist the 1st person our patients see when they walk in the door.

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Take care of your employees that you have. If you treat us better more people will want to come here to work. We have a bad reputation as a place to work and a place to get care.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	invest in the physical site..... very outdated
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Possibly more dedicated staff. We lose staff and the remaining is expected to pick up the load. The problem is we are already drowning and more jobs are expected to be completed in addition to the heavy load because we have less staff.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Control the frustrations.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Need more staff to do the things that need to be done. Some staff are doing things that should be done by other departments which keeps them from getting their own duties done.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	You need to focus on hiring to fill open positions and retaining the current staff. The Staff that are currently here are overwhelmed and overworked.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay your employees better.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	pay your employee"s better
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Facility appearances, changing the culture of employees and the community, we lose local patrons and staff due to lack of information or false information being spread by misunderstandings, we as a local center are not involved in the community much, or compared to where we were years ago. more community involvement!, more marketing of services and culture.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Overall cleanliness of the hospital could be better, as well as prompt solutions to maintenance issues. It seems to take months and constant reminders to get anything fixed. I've had patients mention the broken appliances as well as how dirty the walls and floor appear. Frankly it is embarrassing to have to explain why there is no running water in some bathrooms and why the paint on the walls are chipping and visibly dirty. I feel as a nurse I clean what I can but I can't be scrubbing the floors and walls.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Everything from poor managment to under paid
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	long term employees that stayed and worked through the pandemic. Nurses are not the only employees in this hospital.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Administration, from the top down.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Increase wages, add benefits back, management to be more respectful and professional. Individuals be accountable for actions.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay rates should be improved in order to encourage people to come here to work.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The lab needs more employees and better management and more recognition from higher up.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Hiring staff and someone to train them correctly, and not after a month let them work the floors with so many doubts and questions.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Make sure your employees are taken care of . We work hard.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Wages, benefits & enough staff
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Incentives, pay raises, yearly evaluations, praises/acknowledgement for good duties/work. Treating staff better to keep staff nurses/employees compared to travel/contract nurses.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Give employees more pay. Hard to make needs meet.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Invest in newer/better functioning equipment and increase employee wages to make them competitive with other organizations/facilities around here.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	more respect as a person
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	the people behind the scenes doing there work daily
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Everything trickles down from the top
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing, we have to have unsafe nurse to patient ratios and support staff isn't close to enough. Nothing else matters till it gets fixed.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Improving processes. Improving pay. Improving morale. Nurses can drive 20-30 minutes & make more money to do less work. There is no incentive to stay at ORHC.

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Housekeeping, maintenance
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	reward the staff that continues to stay here and work comparable pay to the other hospitals around here. I
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	STAFF RETENTION AND COMPETITIVE WAGES
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	hiring more qualified workers and communication
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Upper management
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	competitive pay
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I think there needs to be a bigger focus on employees. I don't always feel like a valued employee and I often hear similar feedback from others. I feel that I am a vital member of the organization but I don't necessarily feel recognized or rewarded for the services I provide here. I had to really advocate for myself during a period of staff turnover in order to get myself a raise which I feel was completely called for given the circumstances. This was uncomfortable for me and made me feel incredibly small that I even had to ask for a fair retention incentive. There is ample job opportunities at the moment and I wish more places would work to retain their staff instead of trying to recruit new employees after they leave.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	communication. staffing needs to be improved. call pay needs to be increased.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Hiring nursing staff
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	OR upgrades long over due, Improve the flow, continue to cross-train
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	the patients
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employee satisfaction
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Overall appearance of hospital to the community. Still most people dont trust us as a place to come during a emergency.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The attitudes. The recognition for staff. Give us something that makes us feel like it is a benefit to work for this organization. There are no perks. There's no benefit for staff retention.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Educated staff
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Care about the employees and need better wages
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	recognize all staff and the great work they do
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Current administration fosters an atmosphere of intimidation; and communication is limited to negative and sometimes hostile memos, emails, insinuations and remarks meant to minimize questions, suggestions and interactions in general.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	tending to staff
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better communication from the corporate and local administration to all staff. Email is not always a good venue. Need to work on staff satisfaction, retention and loyalty
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Our front desk and nursing staff pay is far below market standard in southeast Iowa. The closes comparable hospital system to Ottumwa Regional is Southeast Iowa Medical Center in Burlington, IA. They advertise the lowest paid position is $15/hr. Our staff makes aroud $4/hr less. Front desk, LPNs and RNs can also get more competitive pay with incredible State retirement from four critical access hospitals that are a short 20 minute drive in each direction from Ottumwa. We are spending an exorbitant amount of on hiring and training new staff instead of putting those funds toward retention. Between Southeast Iowa Medical Center and the four local critical access hospitals paying staff $8,000 to $15,000 more per year annually, we are not able to retain QUALITY supportive staff. Many of the staff that are retained, stay as they cannot secure more lucrative employment elsewhere. Is this the image Lifeport wants to market to the community?
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	i REALIZE THAT WE HAVE TO MAKE A PROFIT TO STAY IN BUSINESS, BUT IF A LITTLE OVERTIME MEANS YOU CAN COMPLETE YOUR JOB BEFORE LEAVING FOR THE DAY, OR YOU CAN GO THAT EXTRA MILE TO PROVIDE SERVICE FOR OUR PATIENTS OR CO-WORKERS THEN WHY NOT?
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staff would feel more appreciated if they saw investments in the facility. Floors need cleaned and replaced and it feels like its always other places. Share more of the wealth. Paint would be great, cleaning would be great especially deep cleaning of unit room floors, cost of living raises. Keep the good people and continue to incentivize them for doing good and staying.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Inclusion of new staff in committees

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication. Stronger management. Follow-up. Compensation. Retention. Teamwork.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	by recognizing the employees SO MUCH MORE, the ones who are true and dedicated to this facility, ESPECIALLY the ones who are dedicated to this facility... you want to keep employees, or attract other employees? adjust our pay scales... it's not about the money, but it is about the money, it's easy really, you want to make more money? you start by paying us more... it's pretty hard for us to see/hear about all the travelers that come and go... have a respectable pay scale, that attracts some to stay(understanding that there will always be a need for help)
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We need a strong leadership with an ample caring workforce team.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Hire more employee's and leadership staff for the lab
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay, Benefits, and Accountability
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay. More staff. Better accountability in all departments
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Appreciation of employees that shows like raises that make up for the rise in cost of living and shows appreciation for someone who has been with this company over 7 years. Dr.'s who don't drive patient's away like Dr #####. An O.B. clinic that is more organized, doesn't drive patient's away. Updated WFC unit. Retaining employees. We do not feel appreciated by the organization only our director. We want higher pay for what we do. We don't want pizza and food and such. Yes it is nice and shows appreciation but pay raises that help to support our families and put gas in our vehicles to get here do a better job. Better house keeping and enough house keepers. This facility is dirty and it is embarrassing to try and explain to patient's and their family when you find something unclean. Tearing wallpaper on the walls and nasty carpeting are embarrassing. Leaking roof with spots on the tiles every time it rains is embarrassing.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	1)Our pay is substandard to area hospitals in our location. You are willing to pay travelers and contract workers much more than those of us that have commited our entire life and career to this institution. 2) Our retirement match is next to nothing. Yet you advertise retirement benefits in your advertising. These are 2 major reasons we are unable to hire new employees and retain them.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employee raise increase, contribute more to our 401k, cleaner hospital, hallways dirty garbage over flowing. Our carpets havent been cleaned in over 5 years.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Personal communication between departments. Improve/ replace overhead communication system
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	ORMICS.

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	instead of paying for travel agency's pay your current employees more to retain them and offer competitive wages to bring permanent employees in not ones that leave after there contract is up.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Wages
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Listen to concerns
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I feel that raises are important to make the employees feel reckognized for all their hard work and for staffing issues that arise at times
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	management
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Community involvement - getting patients involved in decision making and also having more resources available to the community.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication, Better Pay Rates, Fairness, Better Leadership
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	staffing
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More staff, working equipement, pay raises, and safety. Security that can actually help take down patients and prevent staff from being assaulted on a daily basis.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Floors cleanliness
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	competitive in wages and bonuses, more modern updates to units
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay, better benefits so the need for travel nurse would be none.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	benefits and pay for employees. Especially the ones who are full time and not travelers.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I think there needs to be more management presence at the clinics.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Stop favoritism, be consistent, make change and get management that advocates for chajge and improvement. Have better policies in place.

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	INcentive for employees that have been here
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Treat the dedicated employees that have been here the same as the new ones coming in ,pay the dedicated ones more than the new employees coming in and they get the bonus and more pay with no experience
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better wages and benefits to keep and attract staff. Other hospitals are increasing their wages and benefits in order to keep staff or hire new staff. ORHC does not seem to grasp this as a priority. We losing good staff and not attracting new staff. This has been problem for the last several years and does not get address. Second updating equipment needs to be look at as whole We are working with updated equipment and we have nothing in return to improve the equipment needs for our hospital. Lastly Food quality is poor. Pt, family members of pt, and staff complain about it. This is a key part in regards to marketing and Pt satisfaction scores. No variety in the menu. Other hospitals allow pt to pick from a menu. We do not. We are not comparable to other hospitals when it comes to food services.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Stop tolerating bad behavior. Increase wages to make ORHC more competitive to recruit and retain more competent and vested local staff.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We are very low paid employees regardless of our time with the organization. We are expected to do alot of work for a little pay and work not in the scope of our job description or credentials so we have alot of turn over and employees that don't value their jobs or really care if they work for ORHC . We have college educations and are paid less than department store employees
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay scale
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Adequate and consistent staffing, but that is a national concern throughout healthcare delivery not specific to this organization.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Regularly offer/require small group training for staff for clinical improvement in their area of focus. Give local managers the freedom and ability to make decisions, not have to check with corporate on EVERTHING- it makes them look like puppets and gives off a less approachable/friendly working relationship. Update the building/facility to appeal to customers and employees. Hold routine meetings (during working hours) to recognize employees to their peers for good work and the ability to compliment each other on day to day work. Retention bonuses/options for employees. Replace outdated old equipment.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	PAAAAAAAAAY
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Need more staffing. Need to be compensated for doing the extra work. Also feel like your previous work experience should be included in your pay.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	ADMINISTRATIVE. Not only for me, but currently and fellow employees of the lab have all had issues with our administrative personal. They do not treat us as employees. They do not care about our families at home. They do not care if you are in school to better yourself (and as I am in nursing school to better my life I am not as "good" as I used to be since I can not fill the hours they are requesting me to.) They do not care about your mental or physical health. They do not care about your feelings. They just simply do not care and that is why our turn over rate in the lab is so high.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	renovations, updating equipment to function better in labor delivery wireless monitors so our patients can walk freely without monitors/wires
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	better managers and following through on complaints. stop the bullying and harassment
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The areas that need improvement have already been addressed. To state them here would be redundant. Perhaps a cost of living pay increase, the cost of living has increased significantly.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	pay staff what their worth for the work they perform and attract more individuals who will want to be staff and not rely so much on travelers
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	pay and benefits
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Money, leadership development, leadership staffing and focus
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Discrimination and culture safety
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Our pay. Dr's that treat staff with respect and not degrade them infront of patients . Quit adding other departments responsibility to nursing. Functioning equipment, (ie wall b/p cuffs..) Cleanliness of all areas, (daily cleaning of patients room never happens unless nursing has time to do)
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better communication

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I wish there was a simple answer for this. First off, better pay. ORMICS, the ambulance service, is THE LOWEST PAID SERVICE in a 60 mile radius and has the HIGHEST CALL VOLUME around. We're losing good medics to smaller services because they pay better. That's a problem. Second, there is ZERO accountability for staff issues. People constantly show up late, call off, break things, and have horrible attitudes, and nothing gets done about it. Get rid of the toxic people who are dragging down the service. Third, our ambulances are garbage. They are constantly in the shop being worked on. We have rigs with 300,000 + miles on them, when the industry standard for replacement is 150,000 miles. Last, we need to recruit hospitalists who will actually keep patients in our facility. We transfer so many patients to larger hospitals becomes they don't want to keep them here. We have a big hospital with a lot of possibilities, but we seem to only have the resources of a critical access facility.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	pay and benefits and proper equipment
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I think we need accountability to be pushed much more on our side of the organization. I think this will help motivate people to work together more and improve themselves at work.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	'-Culture Engagement and Adjustment at the Local and Corporate Level -Streamlined Education benefits for staff based on position in the organization and tenure to the organization (i.e.. $10,000 for every 5 years of tenure to the organization, or members of the "leadership growth program" are allotted $20,000 to obtain education to become a manager or director) -Merit increases are based not only on hospital performance but economical performance and adjustments including inflation.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication getting departments what is needed to get job done
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Some units need nurses that provide attention to patients like I enjoy and care about their jobs
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Get rid of Meditech. It is antiquated and error prone. Standardize EPIC across all hospitals.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay and more staff
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The culture in this organization is very poor. There needs to be more focus on improving Employee Culture.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Hold staff more accountable to actions
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	COMMUNICATION, COMMUNICATION, COMMUNICATION
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	communication
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staff retention and better equipment
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	First thing, we need to raise the pay. When paramedics can go work in fast food, and make nearly what they make as paramedics, it is disturbing. when staff members have to work an incredible amount of overtime, to make up the difference, it's dangerous. Our ambulances need to be safer. I need to not worry about whether or not a door is going to come open, or the air conditioner is going to fail, or there is going to be a carbon monoxide leak inside the cab, where my patient may be. I need to be confident that when driving emergent, the lights and sirens are working properly. When we drive emergent, it is more of a safety issue for others around us. And when our lights do not work, or our sirens are intermittent, it's incredibly dangerous for everyone involved.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More competitive pay, better training programs for staff and especially management, have clear department and organizational goals to work towards. Reward people that work hard instead of just making them do more work then their coworkers who continue to coast under the radar.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Improving planning and communication are always good starts
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Actually listening to the employees when there are concerns
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	better wages, better benifits, supplies needed to do the job
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better communication and trust within the organization. Everyone should feel important
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication, more staffing ,CNA's per patients to provide quality care. Improve on cleaning patient rooms and hospital overall
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Improving their staff financially... we are way behind our competitors.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication, communication, communication! As an example, I have sent emails, but may or may not receive an email back to discuss the topic, provide a resolution, or just to say, "I received your email".
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	COMMUNICATION!

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employee wages and 401k match. With the price of living going up every year, and significantly lately, our wage is essentially going down. The hospital charges have gone up, but employees have not seen any increase especially after tackling the Covid-19 pandemic where we put our own lives at risk to take care of our community.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Empower the employees to better themselves and have better compensation for the work employees do.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Improving wages and improving communication on the why, when and how of changes that are made. Listen and act when employees voice concerns over processes and protocols. Improve working relationships between departments within the hospital and also with the clinics.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The people seem to be unhappy here, so I believe working with those who need help would be a start.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We need to explain more to our patients about their care. Staff need to communicate better and be respectful of each other.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Make employees feel appreciated. We received nothing for nurses week or hospital week. (I was not here the day they brought us a donut) Working in a clinic away from the hospital we are not recognized. We also were told we were going to get a meal or something for Christmas and then nothing.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Taking feedback, a lot of things are "because that's the way we've always done it here".
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay, accountability of people in management, cleanliness, teamwork and collaboration.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Increase pay and hire more people!
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Look at the compensation vs what contract people make.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	accountability with staff
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	listen to employee input on needed changes set quality improvement projects in place to better processes
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Focus on your employees and not money. You wouldn't have a business without your employees.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Increase wages, more staff, and better communication
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Valuing employees, and facility presentation
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Raising pay and focus on the employees that are currently here to help make them want to stay and listen to what they have to say.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Organization and utilization. There are things not being done that have been reported over and over.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Consistent adequate staffing that focuses on patient safety as the first priority, patient satisfaction second, profit last.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	fair wage increase, more staff, better communication.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We are constantly understaffed, underpaid, have to work crazy hours, and deal with multiple patients. Half of our equipment is old and does not work half the time.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Stronger discipline of employees who consistently do not meet expectations Higher standards for leaders Provide staff with everything they need to quickly/efficiently get their work done. Lack of equipment or equipment being out for repair for long periods of time are very aggravating to staff who want to come to work and get their job done timely and do their job well.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	pay is terrible, the work load is heavy without receiving enough to make it in this economy
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	This facility puts their focus in compensating travelers or those only willing to work for "critical incentive" although I do see this as an effective way to cover shifts or have people here to work, I feel as they are only here for the money and certainly not to take care of patient's to the best of their ability. HOW could they? some of them work 48+ hours in a row just for that all mighty dollar. On the other side of that coin there are people like myself that commit to be here every single scheduled shift. You don't have to fill this spot because I am here, and there is no "extra" for us. I honestly (if I didn't care about the people, and patients) could go ahead and go PRN, pick up my same shifts for $650 a shift and stop working my other job. Instead I stay committed, make my $216 for the shift and then supplement more income somewhere else.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Update equipment for better patient care. Increase pay to a competitive wage.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Raises
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Too many management and senseless positions. You need to get rid of some of these positions so that money can be freed up to pay employees a fair wage and then you will be able to recruit more good staff to work here.

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We need raises, a clean facility, more help in every single department.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Decent pay raises!!!
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I'm eating 1 meal a day & working 12 hr shifts, in order to pay all my bills via inflation. I'm trying my best & have since Covid started. Please... I love my job, help.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing. Giving incentives to the employees that show up every day and go over and beyond when they are at work.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	making it easier for all shifts to attend mandatory training
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Appreciating and valuing the employees that do continue to show up to work.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Retention bonuses for employees that continue to work for the organization. Better retirement.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Ward clerk at night shift would be helpful.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Competitive wages without it being last minute picking up. Which would allow better staffing and ability to have more admitted patients.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More cleaning & updates
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Your employees
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Having needed supplies. Even with scanning would be nice if distribution would come and make sure we are stocked up good at least before the weekend. Also would be nice if our supplies from kitchen were better stocked. Particularly box lunches on med surg (we get peoplethat a were npo all day and miss all their meals then are hungryat night), soup, and peanut butter. Also more dibetic freindly foods stocked on the floor.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More rewards, not syringe pens, to make the workers feel more appreciated for the countless amount of hours they put in this hospital.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Cleanliness!!! Please!!! We desperately need well trained housekeeping to help out facility be successful to the public eye. And Taking care of the nursing staff.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	hire employees with proper credentials for the job they're applying for

June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	on pay raises you can make just as much flipping burgers
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay, better facilities.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	No to discrimination
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better working environment. Increase wages.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication. Effective staffing.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Retention of long term employees
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Benefits
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Compensating employees for their time, so they don't leave for other organizations.
June 2022 CoSE	06/15/2022	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing to begin with
June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	This could be much better. An electronic recognition system would make a world of difference. peer-to-peer recognition that can be tracked by managers would be awesome.
June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	The Hospital pays extra for those who pick up extra shifts, the clinics do not get extra pay to pick up extra shifts.
June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	I am satisfied with my manger but not with administration.
June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	Recognition and praise is limited the longer I work at this facility from administration, directors or supervisors.
June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	When I go above and beyond it rarely gets noticed, but yet I see others do the same thing and get recognized for it. I've accepted that I am invisible in my department
June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	I feel that there have been attempts at using recognition to get ORMICS staff to help more in the ER. However, I feel that those who routinely go above and beyond are just expected to do that same level without recognition.
June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	Have went above and beyond my job title with no recognition.

June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	Ive worked for this company for 3 years and have maybe missed 2 days of work. I recognize and praise myself.
June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	Feel that recognition in my department needs to be improved so employees will want to do more.
June 2022 CoSE	06/15/2022	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	Cnas all quit. I'm doing my job & cna job (only get my salary though doing 2 people's jobs at once each day). People say I do a good job, but I'm exhausted & frustrated & receive really no reward for all the extra work.
June 2022 CoSE	06/15/2022	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	I think the team does as well as they can w the resources available to practice medicine safely
June 2022 CoSE	06/15/2022	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	within my department
June 2022 CoSE	06/15/2022	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	This is different from department to department, I know on my unit we do support each other and care highly about patient safety.
June 2022 CoSE	06/15/2022	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	We do in OUR work area.
June 2022 CoSE	06/15/2022	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	departments are variable some are better than others
June 2022 CoSE	06/15/2022	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	Differs with different people
June 2022 CoSE	06/15/2022	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	I think that within my power I can safely take care of patients. If there is a group problem or facility wide problem or problem w a certain specialist such as cardiology nothing is going to get done to change it
June 2022 CoSE	06/15/2022	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	Nursing staff -not Admin-is exemplary when it comes to protecting patients and improving outcomes.
June 2022 CoSE	06/15/2022	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	we do well, but sustaining a "fix" is hard anywhere you are with staff turnover in most industries
June 2022 CoSE	06/15/2022	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	I only see quick fixes implemented and no plans that have been sustainable.
June 2022 CoSE	06/15/2022	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	People do not care about permanent fixes, they would rather do a "quick fix".
June 2022 CoSE	06/15/2022	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	

June 2022 CoSE	06/15/2022	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	another process or check list is created that doesn't get done because we have too much of it
June 2022 CoSE	06/15/2022	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	within my department
June 2022 CoSE	06/15/2022	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	I personally have never known what happens after a Variance is filed
June 2022 CoSE	06/15/2022	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	I have had conversations with staff but directors and admin have not had input in the discussion
June 2022 CoSE	06/15/2022	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	Maybe they have, but not that I am aware of--but this is only based on recent experience.
June 2022 CoSE	06/15/2022	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	I have not had to fill out a patient safety event since working at the organization. I do not have an example to base this response on.
June 2022 CoSE	06/15/2022	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	don't know
June 2022 CoSE	06/15/2022	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	We will have meetings with some department staff who will pick the lowest ranked items on the survey and will try to come up with ideas on how to improve those.
June 2022 CoSE	06/15/2022	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	Usually just see the results posted in the NEXT meeting. Nothing seems to change around here.
June 2022 CoSE	06/15/2022	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	In the recent mandatory hospital wide meetings, I noticed that everywhere we strive to be in the top 10% except when it comes to employee satisfaction. In this category it's ok to be average. After the surveys are completed, there will be groups within departments that will brainstorm as to how to improve and steps may be taken, but overall little is done or sustained. I feel we try to put Band-Aids on big wounds.
June 2022 CoSE	06/15/2022	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	I have lost faith in my organization.
June 2022 CoSE	06/15/2022	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	I don’t think this will matter for anything!
June 2022 CoSE	06/15/2022	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	I feel like we do these every year and nothing changes
June 2022 CoSE	06/15/2022	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	There will absolutely not be a single action that comes out of this survey.

Survey Name	Pulse Date (mm/dd/yyyy)	Question	Question Name	Team	Translated Answer in English
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	As a clinic employee, I do not feel the same sense of belonging as the hospital employees do.
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	There are too many silos between departments. There are many departments that we work great with, but there are so many that they are rude, condescending, and unappreciative. Support services are treated less than by these departments.
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	I FEEL LIKE I BELONG WHEN I AM WITH THE TEAM I WORK WITH DAILY.
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	Administration seem to have little to no regard for some of the departments. Ours specifically continues to hemorrhage staff, and are still expected to do the same amount of work with half the staff, as well as put ourselves in extremally dangerous positions, just to cover shifts. Administration continues to find new and exciting ways to show that they have zero interest in the well-being of the EMS staff, or the community at-large.
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	Retired work prn
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	I have the best manager and no matter what I know that I can go to her for anything!!
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	Nurses are not rewarded or recognized properly for great service or years of experience. For example brand new nurses are hired at a higher rate than an employee that has been here for 10 years.
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	in my dept, i feel like i am trusted to 'help carry the load' if you will', as for hospital wide, it's a litte bit rougher...
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	We are like a family in the OB department.
May 2023 CoSE	05/01/2023	I feel a sense of belonging at my organization.	Belonging	Ottumwa Regional	Unsure of any improvements that have been made for quite some time. Outdated equipment, nothing gets fixed or replaced
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	WE NEED TO GET BETTER TRANSITIONS WITH OUR 3RD PARTY COMPANIES. FOR EXAMPLE R1 NEEDS TO HAVE BETTER WAYS OF SEEING IF A PATIENT IS ON SCHEDULES AND NOT CCALLING PATIENTS THAT HAVE MOVED OR CANCELLED
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	I strongly agree with the continuous improvement. Given how many visitors have been here the last year and all of the look ats we have had, we can't help but improve. As I said before, I truly believe that the people who work here are here for the right reasons..... exceptional patient care.
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	Constantly having equipment breakdown and bring up to management about getting new equipment and all we hear back is that we have no money to replace equipment. We are wasting valuable time as short staffed as we are trying to piece together failing equipment.
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	See questions 2 and 3 above for the amazing ways that our organization continually impedes our ability to be more effective and efficient. In fact, I have a picture on my phone of the new algorithm required for EMS to find coverage for transfers. What was a simple process, now requires multiple phone calls to administration for approval to do what we have been trained to do.

May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	They continue to worry about the bottom dollar over staff. The most recent change to transfers creates an enormous delay in patient care, which has, and will continue to cost lives.
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	Significant improvement recently!
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	I believe that we are getting there, but there is a lot of work that still needs to be done.
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	We have been using the same broken systems for years.
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	I am hopeful improvements will continue with the new CEO/CNO
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	Question 17 (not enough room) *Improve staff morale -Don't schedule long term staff and permanent staff on weekends and allow traveler RNs to refuse to work weekends -Have travelers and temp staff take on the same responsibilities as permanent staff and be held accountable for following policies just like permanent staff. This includes monthly QAs/outdate checks -Temp employees are more invested in the organization than travelers. They are better for our permanent staff. They stay longer. They are more accountable. They take more ownership of the work environment than travelers. -Don't cut temp employee pay and untruthfully say it saves money over travelers. This is not true, and repeating that falsehood further alienates staff and increases distrust of current management -Don't, in the future, provide staff from a company that is in anyway owned by administration or their family members
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	i think its hard to ask this question at this time due to the new leadership roles... i think that there could be positive things come from this, and i know it will take time, but i need to 'see it to believe it'
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	Use information to improve work by people Doing the work.
May 2023 CoSE	05/01/2023	My organization continually improves the way work gets done.	Continuous Improvement	Ottumwa Regional	No
May 2023 CoSE	05/01/2023	I feel empowered to correct potential safety hazards.	Ownership - GPS	Ottumwa Regional	When you turn in environmental (housekeeping issues) it goes in one hand and out the other and let to keep happening
May 2023 CoSE	05/01/2023	I feel empowered to correct potential safety hazards.	Ownership - GPS	Ottumwa Regional	I don't feel I am, but again, I do what's best for the patient.
May 2023 CoSE	05/01/2023	I feel empowered to correct potential safety hazards.	Ownership - GPS	Ottumwa Regional	see above.
May 2023 CoSE	05/01/2023	I feel empowered to correct potential safety hazards.	Ownership - GPS	Ottumwa Regional	

May 2023 CoSE	05/01/2023	I feel empowered to correct potential safety hazards.	Ownership - GPS	Ottumwa Regional	No, because I wonder if my speaking up with cause me to lose my job. Because then its considered "negativitly".
May 2023 CoSE	05/01/2023	There is a just process for handling safety-related errors here.	Just Response - GPS	Ottumwa Regional	I am locked out of online variance reporting!!
May 2023 CoSE	05/01/2023	There is a just process for handling safety-related errors here.	Just Response - GPS	Ottumwa Regional	No, because concerns in the past that have been voiced go unaddressed.
May 2023 CoSE	05/01/2023	There is a just process for handling safety-related errors here.	Just Response - GPS	Ottumwa Regional	I believe so.
May 2023 CoSE	05/01/2023	There is a just process for handling safety-related errors here.	Just Response - GPS	Ottumwa Regional	Variance completed, manager responds and that is pretty much the end of it.
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	staffing is an issue and it makes it difficult to perform your job duties when you have to fill in to cover staffing gaps. We struggle hiring staff due to wage issues
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	It would be nice to have more educational opportunities about my line of work
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	With the exception of our terrible IT system, I feel that we have the resources we need.
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	Well, we do have ambulances, so that's cool. I know at least one has more than 300,000 miles on it. The others aren't far behind. There have been several times where we only have one operable ambulance serving our county, while the others are taken to the next county over for servicing when we have two major dealerships in town who could do the work locally. Also, I feel like staffing is a resource. We are so short-staffed that we often have one person responding to a call alone, with the HOPES of have a first-responder to drive us back.
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	We lack many things, including reliable and safe ambulances to transport our pts. We can't even have decent pens, because the bean counters felt the need to micromanage our supplies. Because BIC ballpoint works wonders from behind a desk, they feel this is the best practice. Never mind those in the field that need sturdy and reliable writing utensils. Although, this may trigger "exciting announcements" that we will get those pens back, because those are the problems that we fix.
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	significant lack of staff and good equipment to perform patient care. Dissatisfied staff.
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	we usually don't have enough resources to make our patients happy here. with WFC a wireless fetal monitoring system would be nice for our inductions that want to walk around to help with pain or to progress labor to if you have a mom thats hard to pick instead of constantly going into room exposing the mother just to readjust the monitor. and we don't have the resources if we need it if we need to vent a baby because there is not a vent to a nicu baby before ambulance crew gets here.
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	Our equipment is pretty good, sometimes we need to replace more than 3 things.
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	Equipment needs updated which would make things run more efficiently and increase turn around time.
May 2023 CoSE	05/01/2023	I have the resources I need to do my job well.	Resources	Ottumwa Regional	I am unsure if I will arrive at my patient safely. Shortages make things difficult but I realize that this is a nationwide problem. I do not trust our trucks,
May 2023 CoSE	05/01/2023	I feel I can report compliance concerns without fear of retaliation.	Compliance	Ottumwa Regional	I have made reports in the past, with major fears of it being shared with those individuals. Plus the feeling of "it does not matter if it is turned in", because things never change.,

		I feel I can report compliance concerns without fear of			Retaliation isn't a fear. But reporting anything and actually expecting things to change is laughable.
May 2023 CoSE	05/01/2023	retaliation.	Compliance	Ottumwa Regional	
		I feel I can report compliance concerns without fear of			you will fired
May 2023 CoSE	05/01/2023	retaliation.	Compliance	Ottumwa Regional	
		I feel I can report compliance concerns without fear of			I do going forward!
May 2023 CoSE	05/01/2023	retaliation.	Compliance	Ottumwa Regional	
		I feel I can report compliance concerns without fear of			There has been retaliation and confrontation prior when i have filed an incident report.
May 2023 CoSE	05/01/2023	retaliation.	Compliance	Ottumwa Regional	
		I feel I can report compliance concerns without fear of			When I reported concerns up the chain to corporate the way the provider treated me afterwards was considerably worse
May 2023 CoSE	05/01/2023	retaliation.	Compliance	Ottumwa Regional	
		I feel I can report compliance concerns without fear of			There are people that said too much and are no longer here.
May 2023 CoSE	05/01/2023	retaliation.	Compliance	Ottumwa Regional	
		The patient safety-related training I receive is			Redundant education
May 2023 CoSE	05/01/2023	effective.	Training - GPS	Ottumwa Regional	
		The patient safety-related training I receive is			what training am I suppose to receive?? I use the training I received at other locations as my guidelines.
May 2023 CoSE	05/01/2023	effective.	Training - GPS	Ottumwa Regional	
		The patient safety-related training I receive is			I have not received patient safety or training.
May 2023 CoSE	05/01/2023	effective.	Training - GPS	Ottumwa Regional	
		The patient safety-related training I receive is			No, health stream is not effective. Its just a task oriented point and click
May 2023 CoSE	05/01/2023	effective.	Training - GPS	Ottumwa Regional	
		People at my organization live the company			Your just filling a spot needed
May 2023 CoSE	05/01/2023	values.	Values	Ottumwa Regional	
		People at my organization live the company			what are the organization company values?
May 2023 CoSE	05/01/2023	values.	Values	Ottumwa Regional	
		People at my organization live the company			Not sure what the company values are
May 2023 CoSE	05/01/2023	values.	Values	Ottumwa Regional	
		People at my organization live the company			I feel as tho William is here to make a difference but the people on units do not portray the mindset or effort to live out the company values. But this could be from not feeling valued as employees.
May 2023 CoSE	05/01/2023	values.	Values	Ottumwa Regional	
		People at my organization live the company			I believe for the most part that people in the organization are here for the right reasons which is part of the company's values. These company values need to be on display because not everyone knows of them and since we have had so many corporate and management changes few know what they are, but more importantly what they mean. I am truly hopeful that our culture changes.
May 2023 CoSE	05/01/2023	values.	Values	Ottumwa Regional	
		People at my organization live the company			eh, not so sure on this one...
May 2023 CoSE	05/01/2023	values.	Values	Ottumwa Regional	

May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Constantly short staff. Low wages. Poor leadership. Would definitely not recommend for friends/family to work, nor would I want myself, friends and/or family cared for within the walls of this hospital
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	ORHC does not offer competitive wages with other area hospitals (They have improved nursing staff pay but not CMA pay or patient service rep pay) There is alot of dysfunction and under staffed
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	I feel like the quality of nurses a providers we have make it difficult to refer my friends or family to work here. There is a lacking of things to be proud of
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	We have good benefits but our pay is low compared to other places
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	I had said for years that I would never work here. I still feel that way. I am hopeful for the future, but I am not sure I would recommend this organization as a great place to work. Right now, I feel administration is trying to fix the perceptions and many, many other issues, but can you un-do everything that has brought this facility so low and truly turn it around in a timely manner. I would love for this facility to a top 100 employer for the state, but so much status quo needs to be changed.
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	I am emotionally and mentally exhausted, doing to many other extra's and not getting any positive feed back.
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Not even a little bit. We have the highest 911 call volume (5000 + per year) in a 90 mile radius and the lowest pay of any surrounding ambulance service. Administration has removed our ability to make real-time decisions that affect the working crews and citizens of OUR communities. We can no longer make decisions about calls and transfers based on our staffing without "C-suite" approval. The manager avoids confrontation so much so that there is no accountability and it literally feels like "Who's Line" where it's all made up and rules don't matter. I would not recommend this place to anyone.
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Pay is terrible and not enough help
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	The organization needs to work on having a more inviting place to work as in changing the way the atmosphere is from culture setting, to attitudes, pay incentives, pay increases, to having a warm inviting place of wanting to stay and make a career here.
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	mixed feelings, love The Doctors i work for and most of my co workers, but feel like the management does not appreciate or even notice the hard work that i put in every second of everyday, im constantly getting ridiculed.
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	This hospital is a great place to work, and like all things good and bad come from it. Unfortunately now is just hard on all of us, but I am not giving up on ORHC.
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Raises are unfair, not recognized for extra work of certifications. When you send your concerns to HR and administration they blow you off and don't respond
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	

May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	Our pay scale does not compare to facilities around us.
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	again, with the amount of thing that is happening around here, it will take a while to straighten things out and to build the peoples trust in us again, but in time, i can see hope...
May 2023 CoSE	05/01/2023	I would recommend my organization as a great place to work.	Recommend	Ottumwa Regional	I love working in this community and working with the people of this community. I do not like feeling insecure and not wanted in a work place.
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	I would like to have the opportunity to attend the Leadership Academy or see it offered to clinic managers
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	I don't believe the lower paid employees have the same opportunity as the higher paid employees. We could offer classes in excel, word, etc. OJT for positions that need filled by qualified staff that may not meet the qualifications on paper. I think we could do much better at this. Since William has arrived, this has improved, but there is still a long way to go.
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	The only learning opportunity here is Health Streams. And there is no growth here. There's only stagnation that somehow seems to get promoted.
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	We have no growth opportunities. It used to the that the TL position was that of pride, because it meant that you can handle it. That is not the case, and even the TL's are treated as though they do not know what they are doing. This is a dead end job, and this is why staff are leaving in droves.
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	Of recent we have had more leadership education which is nice. Although the last one was a 3 part and information was good but I was only able to physically be involved for 1 section the other has to be done independently due to short staffing and having to cover the floor.
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	There is a big lack of communication from HR about positions. I applied for a position months ago and have not heard anything from HR regarding this.
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	i feel if we need more education so we can go as nurses computer healthstream are good for some people to learn off of. if we do want to learn something new we have to find our own conferences and pay out of our pockets because we don't reimbursed enough to go to the conference because we don't get paid enough to be able to afford to go to conferences that will cost 200-600 dollars to go
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	Used to, in the past we did a lot to grow our employees. Anymore its a constant fight to do things and get them paid for.
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	Only certain employees are offered opportunities. Bachelors degree is not recognized in this facility.
May 2023 CoSE	05/01/2023	I have good opportunities to learn and grow within my organization.	Growth	Ottumwa Regional	There is no education department. There hasn't been any classes or education going out since people have left those positions.
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	again, all our ambulances have high miles that's not safe.
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	We use equipment beyond useful life and only get it replaced when it can't be fixed.

May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	We need windows in all the doors and buttons to page for help if threatened or assaulted. Every public room needs a panic button,
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	See answer 20.
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	In the ER and EMS we do.
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	No metal defectors which might help
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	although slowly improving
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	We don't pay enough to our central sterile staff that handle hundreds of thousands of dollars worth of equipment and it shows in equipment damage.
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	We do but people frequently don't use them.
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	Need ultrasound all the time not just Monday through Friday- there are emergent needs.
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	As a nurse I believe all in healthcare are doing the best we can with the resources we have. For the most part we are innovative when need be, especially when we have to switch between various products to accomplish the same end goal.
May 2023 CoSE	05/01/2023	We have the resources we need to keep patients safe.	Resources - GPS	Ottumwa Regional	Lacking experienced/long term staff
May 2023 CoSE	05/01/2023	We discuss ways to prevent safety errors from happening again.	Learning From Mistakes - GPS	Ottumwa Regional	No errors are occurring related to patient care or safety.
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	only on my immediate work area
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	Except for a few key people around me and in my department, I haven't been asked sincerely how I am doing since I started here. I've been asked how are things going, but not how am I doing.
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	PRETTY MUCH ONLY WITH THE TEAM I WORK WITH DAILY. OTHER THAN THAT NOT MUCH
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	Not even a little. Again, administrations sees to it that EMS is unimportant and that our focus should be getting patients out of their hospital, rather than 911 calls and helping to save the lives of the citizens of our community. We have several staff who work 36, 48, and even 96 hour stretches to help cover our community. Administration has proven that they have no understanding or appreciation of the only full-time ambulance service covering 40,000 people in 400 square miles.
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	Not even a little bit. There is zero regard for staff working long hours to ensure that there is ambulance coverage for the community. The supe awesome Christmas bonus that we get every year is a slap in the face, as it may buy a dozen eggs and a gallon of milk. The expectations that we come to work and do the jobs of many with few, and the quality and quantity is the same, is asinine, yet it exists.
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	So much so that I doubt that this survey is actually read by a real person.
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	no because the pay is terrible, no help
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	HAVE BEEN INFORMED STAFFING IS MORE IMPORTANT THAN MY PERSONAL HEALTH BY MANAGMENT
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	I felt supported and cared about by my C suite person but my immediate Director does not reach out much. She stays in her office and has little interaction with any of her staff. She says she cares but does little to show. I'm sure she is busy but there is more to being a Director than sitting in there office. A director is suppose to be a Leader.
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	By my own coworkers but not anyone else in the facility.

May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	Milestones are not acknowledged appropriately. No benefit to being a longtime employee.
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	in our dept, we are like an extended family- still have our quiffs, but still care to see that everyone is ok in their struggles...
May 2023 CoSE	05/01/2023	At work, I feel cared about as a person.	Care	Ottumwa Regional	No the opposite feels true. We are all down here in our cubby feeling like the unwanted children of the organization, except by other staff in the ER there are a lot of them that know that we do have value to us.
May 2023 CoSE	05/01/2023	My input about patient safety is valued here.	Voice - GPS	Ottumwa Regional	Safety of our EMS crews is brought up regularly, yet nothing changes. Admin just finds new and exciting ways to crap all over those crews.
May 2023 CoSE	05/01/2023	My input about patient safety is valued here.	Voice - GPS	Ottumwa Regional	not when there is a high cost $ to it (equipment)
May 2023 CoSE	05/01/2023	My input about patient safety is valued here.	Voice - GPS	Ottumwa Regional	See no changes
May 2023 CoSE	05/01/2023	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	PEOPLE NEED TO DOUBLE CHECK PATIENT INFORMATION AND ALLERGIES
May 2023 CoSE	05/01/2023	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	I think the only concern is money. If the mindset was to ensure patient safety, we would have changes the way the ED and EMS operates years ago.
May 2023 CoSE	05/01/2023	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	I would say that a majority of us are patient advocates and we will do what is necessary for patient safety.
May 2023 CoSE	05/01/2023	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	only feel this way on the BHU
May 2023 CoSE	05/01/2023	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	We try, but with late labs and short staff it is difficult
May 2023 CoSE	05/01/2023	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	We need to implement/ be more observant of the plans or safety process we explain to the patient.
May 2023 CoSE	05/01/2023	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	Patients arrive every day without pre procedure check lists, allergy bands, correct consents or consents at all. Education has been provided and there is not consequence for not doing it. Witnessed a manager tell staff its "no big deal" when it comes to completing the check list. It is a big deal its patient safety.
May 2023 CoSE	05/01/2023	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	I have seen multiple times where doctors' wishes and convenience for doctors is held to a higher standard than what's truly best for the patient. This is NOT okay.
May 2023 CoSE	05/01/2023	Ensuring patient safety is part of the way we do things around here.	Safety Habits - GPS	Ottumwa Regional	My boss does a good job not the company as in the admin
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	There have been many changes in titles within the Ottumwa Health Group (the clinics) and new "roles" These people just get appointed to the titles and its not communicated to the employees that this is happening.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	There have been meetings to help keep us updated. That's helpful. If we can talk about the communication between employees and HR I would give that a -1. It is hard to ever get a response. If they would even give an adequate time frame in which you could hear back - that would be better than nothing at all.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	

May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	I feel we do a good job of communicating, but we get so much new information it gets overwhelming and people easily forget
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	As earlier mentioned, simply contacting our human resources director is not an easy task. We should be able to contact this person whenever necessary, however 90% of the time our phone calls don't get returned.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	I FEEL WILLIAM KIEFER DOES A GREAT JOB COMMUNICATING WITH EMPLOYEES. KEITHA CUTSFORTH ALSO DOES A GREAT JOB OF COMMUNICATING AND TRYING TO MEET THE NEEDS OF HER EMPLOYEES.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	It could be better. At least quarterly town hall meetings. Never get consistent info on raises or job evaluations. I think the rule is 7 touches before someone remembers. We need to be over communicating right now. I think a daily e-mail to all employees with info would be great. Just bullet points with pertinent information because not all directors share info from flash. For Example: 1. Fire Door Inspections today and tomorrow. You may see ##### with a Guest. 2. HSC conversion on patient kleenex. Expect smaller boxes. 3. Floors being re-work in ER hallway this weekend. 4. Etc.... Just one liners that give info that everyone might need to know.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	Months of no leadership and when interim management is put in place all we hear are rumors and "in time" we will have more information and never really get any information.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	E-mails, which nobody reads, and Town Hall Meetings, where they take great pride in celebrating "Jean Day" but continue to erode the confidence of the direct patient care staff by providing false reassurances. But hey, they get to wear jeans on Fridays, so that's cool for them.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	Constant emails, sometimes multiple in a day, which nobody really reads. We have town hall meetings, where clinical staff gets to listen to how nonclinical staff get to wear jeans! So that's fun.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	It seems like the confidentiality has went over board when it comes to communicating with staff in letting them knowing what is going on the in the hospital. It seems like employees find out more outside of work from the community then what we find out from our own Administration Team or Directors/Mangers.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	I feel that there could be more communication from the high up staff. When we are hearing more and seeing things out in the community, before hearing it here that is a problem. We understand of course there are things that can't be said but a heads up about situations would be better then nothing.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	There can be improvement in that area.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	We find out from floor staff when the ICU is closed or other important notices such as that. Communication is poor.
May 2023 CoSE	05/01/2023	My organization does a good job of communicating with employees.	Communication	Ottumwa Regional	

		My organization does a good job of communicating with			The regular town hall meetings have been a great improvement. The director continues to withhold information to certain staff.
May 2023 CoSE	05/01/2023	employees.	Communication	Ottumwa Regional	
		My organization does a good job of communicating with			Much better over the past year.
May 2023 CoSE	05/01/2023	employees.	Communication	Ottumwa Regional	
		My organization does a good job of communicating with			new leadership roles, there has been some work done in this area, a long ways to go though...
May 2023 CoSE	05/01/2023	employees.	Communication	Ottumwa Regional	
		My organization does a good job of communicating with			I am only left with rumors not official information or memos
May 2023 CoSE	05/01/2023	employees.	Communication	Ottumwa Regional	
		The exchange of information between departments occurs			Unsure
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		The exchange of information between departments occurs			Lab resulting things has been horrible of late
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		The exchange of information between departments occurs			Communication between departments, doctors and nurses needs to change for the patients and everyone involved.
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		The exchange of information between departments occurs			THERE ARE TIMES WHERE THERE ARE 3 DIFFERENT RESPONSES BECAUSE NONE OF THE DEPARTMENTS TALK CORRECTLY OR GIVE ACCURATE INFORMATION
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		The exchange of information between departments occurs			Depends on who is speaking with who. As stated above, admin does not care to listen and address the issues that matter. Only jeans day every Friday.
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		The exchange of information between departments occurs			Information comes from leaders? not between departments?
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		The exchange of information between departments occurs			THERE IS NO COMMUNICATION AT ALL HERE
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		The exchange of information between departments occurs			Its hard to get ahold of people to give report. No designated person on the floor for report. Often put off for several minuets to hours.
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		The exchange of information between departments occurs			There are several newer nurses that do not understand to stop for 5 seconds for EMS report. On scene report does have a lot of information and could be valuable to the patient's care.
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	

		The exchange of information between departments occurs			Departments need to understand that everyone is busy. We are not always near a phone or are busy with other patients. We are often at core staff.
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		The exchange of information between departments occurs			I believe there is a huge opportunity for improving communication between departments. I believe the idea of closed loop communication would drastically change communication between departments and correct miscommunication.
May 2023 CoSE	05/01/2023	smoothly.	Exchange - GPS	Ottumwa Regional	
		Teams at my organization collaborate effectively to get things			No collaboration at all. Constantly short staffed with no help.
May 2023 CoSE	05/01/2023	done.	Collaboration	Ottumwa Regional	
		Teams at my organization collaborate effectively to get things			for the most part, I agree. However, there is definitely room for improvement. There are still too many departments that are not team players. With that being said, there are excellent Directors to work with and are very goal oriented and work well with others.
May 2023 CoSE	05/01/2023	done.	Collaboration	Ottumwa Regional	
		Teams at my organization collaborate effectively to get things			depending on the team
May 2023 CoSE	05/01/2023	done.	Collaboration	Ottumwa Regional	
		Teams at my organization collaborate effectively to get things			the only reason the lab hasn't shut down is because of my amazing coworkers who all step up and do way more than they need to be doing and no one is getting compensated for all the extra they are doing.
May 2023 CoSE	05/01/2023	done.	Collaboration	Ottumwa Regional	
		Teams at my organization collaborate effectively to get things			I feel as though it is not about getting things done, its about saving as much money as possible.
May 2023 CoSE	05/01/2023	done.	Collaboration	Ottumwa Regional	
		Teams at my organization collaborate effectively to get things			Our floor team work has always been amazing!
May 2023 CoSE	05/01/2023	done.	Collaboration	Ottumwa Regional	
		Teams at my organization collaborate effectively to get things			i see some actions being taken, but again, we have a long row to hoe...
May 2023 CoSE	05/01/2023	done.	Collaboration	Ottumwa Regional	
		There is good communication between leaders and employees here about			Frontline leaders need to provide feedback to the staff that complete incident reports about their safety concerns.
May 2023 CoSE	05/01/2023	patient safety.	Communication - GPS	Ottumwa Regional	
		There is good communication between leaders and employees here about			Most concerns are brushed aside, unless someone is seriously injured and then its a concern
May 2023 CoSE	05/01/2023	patient safety.	Communication - GPS	Ottumwa Regional	
		There is good communication between leaders and employees here about			See answer to question 20.
May 2023 CoSE	05/01/2023	patient safety.	Communication - GPS	Ottumwa Regional	
		There is good communication between leaders and employees here about			Emails and policy updates are shared when applicable.
May 2023 CoSE	05/01/2023	patient safety.	Communication - GPS	Ottumwa Regional	

May 2023 CoSE	05/01/2023	There is good communication between leaders and employees here about patient safety.	Communication - GPS	Ottumwa Regional	Really the only time I hear about patient safety is when we are preparing for a survey.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	This 100% on what department they need care in.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	I would NOT let anyone I care about come here for anything.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	The hospital lacks proper cleaning!! Clinics do not receive correct PPEs for chemo disposal? GMAB
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	The place is so dirty, so run down and out dated it makes you question if you would be safe having care here
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	THERE ARE SOME DEPARTMENTS I WOULD AND OTHERS THAT IT DEPENDS ON THE TEAMS
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	To be honest, the stuff with ##### freaks me out, and made me a little leery (to get care or have my family get care at ORHC). But that is something that's more of a mental perception that I think can only get better with time, and the continued work to change that mental perception for myself and others. I have had an OP procedure this year, and had a family member admitted as an inpatient, and it was nothing but good.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	I dread it when family needs to be seen, because I worry about the care they will get. I recommend my family go elsewhere, to outlying counties.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	I was a patient here and was not treated very compassionately by some staff. I would go into the details ,but at this time it doesn't really matter anymore. I called the "complaint" line and never had a return call. When I received the survey in the mail I did not feel that it mattered as no one would even return a call so I did not return it.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	depends on place
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	avoid the Er
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	

May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	I did not use to have concerns and I have always had good experiences with my family but, in the last few months its harder to say this is safe and now we have had another experience. How are such disgraceful people in healthcare?!!
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	Depending on the department
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	Labs are late or missing by lab. Care is delayed.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	I would strongly recommend surgical services here
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	I would let my family have a one day surgery here. I would not want them to receive treatment in the ER or on the floors.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	Only to surgical services
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	It depends on the the type of care they are needing.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	as long as the nurses keep calling the shots in the er, without providers seeing patients, then no... get some docs that truly know how to access a patient, that uses common sense , not just trying to 'pay the bills'
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	I would choose this organization for surgery, not to receive inpatient care.
May 2023 CoSE	05/01/2023	I would recommend this organization to family and friends as a safe place to receive care.	Safety Referral - GPS	Ottumwa Regional	Retaliation no, someone actually caring about concerns... NO
May 2023 CoSE	05/01/2023	I can speak up about patient safety without fear of retaliation.	Psychological Safety - GPS	Ottumwa Regional	But I will anyways even if there is retaliation.
May 2023 CoSE	05/01/2023	I can speak up about patient safety without fear of retaliation.	Psychological Safety - GPS	Ottumwa Regional	On the spot issues about patient safety are handled directly. Sometimes a little harshly, but most of us in the Emergency Care setting are patient advocates and will speak up without fear of retaliation.
May 2023 CoSE	05/01/2023	I can speak up about patient safety without fear of retaliation.	Psychological Safety - GPS	Ottumwa Regional	

May 2023 CoSE	05/01/2023	I can speak up about patient safety without fear of retaliation.	Psychological Safety - GPS	Ottumwa Regional	Retaliation, not so much. But something actually being done about it, it is a laughable concept.
May 2023 CoSE	05/01/2023	I can speak up about patient safety without fear of retaliation.	Psychological Safety - GPS	Ottumwa Regional	Yes, because nothing really happens until something happens, Again reactive not proactive.
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	Working short staffed and high nurse/patient ratios is definitely not safe without support is not safe
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	The director of housekeeping allowed some of the clinics to go 3 business days (5 days including weekend) without being cleaned, this is not safe for our patients what so ever.
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	If leadership cared about patient safety we wouldn't be driving ambulances with over 300,000 miles. Were constantly fixing them and its rare to have all three ambulances in service.
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	Our past company administrators cared a lot about safety - This one care about money
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	Everything seems to be focused on saving money. Pinching pennies. Not focused on providing the best care for the patients or trying to really work on the image of the hospital to the community.
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	Not even a little bit. The AOC's have zero regard when requiring overworked and exhausted staff to jump in an ambulance with a non emergent transfer to Iowa City, just for the sake of saving a few bucks and not giving the trip to someone who can safely transport. But hey, maybe when someone who has been on the clock for 26 hours, wrecks a truck, and kills a patient that "matters" to the organization, maybe then will we change. Allowing EMS staff to work 36+ hours without the guarantee of sleep, then forcing short-staffed crews to take transfers, rather than calling another local service to take them. It's more about money than it is about safety. Again, administration shows their priority over and over again. Better pay would lead to more staff, which would lead to less long shifts, which would lead to better safety. But nothing will change until some catastrophe occurs and the change is forced.
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	I beleive i pay close attention but i would not say the same for the leadership
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	In my department I feel patients are completely safe. However in other departments, as proven by past actions, I feel like patients will be very skeptical about their safety.
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	This place seems to be more about Re-action than action.
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	We used to do safety briefings and pay close attention. With all the changes lately I think it has slipped through the cracks.
May 2023 CoSE	05/01/2023	Leadership's actions show that patient safety is a top priority.	Modeling - GPS	Ottumwa Regional	My manager and supervisor do a great job at promoting patient safety at all times. Not only do they care about patient safety, they too check in on their staff to ensure the nurses and other employees are physically and mentally safe to care for those they encounter each day.
May 2023 CoSE	05/01/2023	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	The ottumwa health group (clinics) does not perform yearly performance reviews (this is in the policy manual but they have never been completed as the employee is suppose to receive a copy of it)
May 2023 CoSE	05/01/2023	My manager provides me with feedback that helps me improve my performance.	Feedback	Ottumwa Regional	I would like more feedback on the specific job that I do. - more positive reinforcements or even shout outs to any of us doing a good job and why we are doing well. If we are doing something incorrectly we may never hear about it or know about it.

		My manager provides me with feedback that helps me improve my performance.			Only during annual reviews when it is required.
May 2023 CoSE	05/01/2023		Feedback	Ottumwa Regional	
		My manager provides me with feedback that helps me improve my performance.			haven't had a performance review in 4+ years and never receive raises because we have no money. I work hard but never told by upper management
May 2023 CoSE	05/01/2023		Feedback	Ottumwa Regional	
		My manager provides me with feedback that helps me improve my performance.			ONLY TIME YOU GET A TALK IS WHEN SOMETHING IS WRONG
May 2023 CoSE	05/01/2023		Feedback	Ottumwa Regional	
		My manager provides me with feedback that helps me improve my performance.			We have had several different leaders but I feel the last main leader supported me and provided me with feedback although sometimes I think she didn't see me for my potential. But my evaluations and 1:1 meetings were good and informative.
May 2023 CoSE	05/01/2023		Feedback	Ottumwa Regional	
		My manager provides me with feedback that helps me improve my performance.			She is amazing at communicating with us all and trying to find solutions to all of our problems, even if that means she sacrifices her own time here or at home! SHE IS THE BEST!
May 2023 CoSE	05/01/2023		Feedback	Ottumwa Regional	
		My manager provides me with feedback that helps me improve my performance.			i believe this to be true...
May 2023 CoSE	05/01/2023		Feedback	Ottumwa Regional	
		My manager provides me with feedback that helps me improve my performance.			He did when he was here
May 2023 CoSE	05/01/2023		Feedback	Ottumwa Regional	
		What do you love most about working for your organization?			Helping people.
May 2023 CoSE	05/01/2023		Love Most	Ottumwa Regional	
		What do you love most about working for your organization?			I enjoy helping the new mothers fille out paperwork for the Baby's Birth Certificate. It is the most important paperwork of the child's life. I want to make sure it is done correctly. I also help those that are not married to get the proper paperwork for the paternity affidavit. I enjoy seeing all the new baby's and seeing the joy on the new parents faces.
May 2023 CoSE	05/01/2023		Love Most	Ottumwa Regional	I enjoy working with a great group of people.
		What do you love most about working for your organization?			The flexibility I have at my job with my schedule, an engaged director that I can talk and receive feedback from and the tight team dynamics on my unit.
May 2023 CoSE	05/01/2023		Love Most	Ottumwa Regional	
		What do you love most about working for your organization?			Where I work within the hospital, knowledge and experience I have to provide safe quality care, the people I work with are like a family with great teamwork.
May 2023 CoSE	05/01/2023		Love Most	Ottumwa Regional	
		What do you love most about working for your organization?			other staff interaction
May 2023 CoSE	05/01/2023		Love Most	Ottumwa Regional	
		What do you love most about working for your organization?			I love making a difference in my patient's lives.
May 2023 CoSE	05/01/2023		Love Most	Ottumwa Regional	
		What do you love most about working for your organization?			The work I do.
May 2023 CoSE	05/01/2023		Love Most	Ottumwa Regional	
		What do you love most about working for your organization?			What I like most about working for this organization is the variety of patients I get to work with having different challenges amongst those patients. I also like working with most people in the facility.
May 2023 CoSE	05/01/2023		Love Most	Ottumwa Regional	

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Co-workers are great. Changes are being made for the better. It will take time

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have flexibility to work from home and onsite.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My co-workers in my department
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The team I work with at my clinic
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like the group of people I work with every day. I like the flexibility of my job.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have enjoyed building friendships with many of the nurses I have had the pleasure to work with.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I look forward to coming to work because I enjoy working with my team and I love what I do!
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Giving back to this community, a sense of pride at the place I work, being recognized for a job well done, and also getting feedback when a mistake has been made so that improvements can be made and the mistake will not happen again. I also appreciate my boss. She makes sure we are taken care including that we have had our breaks and food.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Team on my unit and leadership
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	We have a great team at Easy Care.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	SCHEDULE
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

		What do you love most about working for your			like being able to work prn due to aging and dibilitated parents, helps to only be able to work 1 to 3 days a week,
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			taking care of ill patients and feel rewarded
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			I love what I do, and my coworkers in my department. They are the reason I stay. My ormics crew is my family.
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			My team On BHU. I have worked with these individuals for awhile now and we work so well together when we get the opportunity to not be micromanaged
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			Good CEO
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			When I first moved here from a larger city 6.5 years ago, I was amazed how SE Iowa, as a whole, seemed 15-20 years behind even larger cities in the midwest. I often heard " This is just the way it is." I am disgusted by what happened last October, but our new CEO and his team are not only giving 150% to take care of the victims and families, but they are making the changes that so desperately needed to be made. I am excited about our future and new possibilities as a regional health center and very much want to be a part of the change.
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			I love working with my team
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			I work for the ambulance and I stay for my ambulance coworkers. I don't want to let them down.
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			The people I work with.
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			The people I work with in my department
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			The recent changes in administration have been a positive, I was worried to begin with, but change is happening in the best way possible. Transparency is better along with accountability. I'm excited for the direction things are going even though it will be tough.
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			everyone is friendly
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			Providing EMS care to patients in my community.
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			The people in the OR department. We have a great team in this unit and we all work well together.
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			I like the benefits that we have, my work schedule and my director is amazing to work for
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	
		What do you love most about working for your			the patients i work to take care of.
May 2023 CoSE	05/01/2023	organization?	Love Most	Ottumwa Regional	

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the location of my employment. I believe my supervisor (#####) does everything in her power to get us help and things when needed but upper management does not help her
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people on my team are family.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I LOVE WORKING WITH MY CO-WORKER AND MY BOSS.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Flexibility. Open, honest, caring people.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	having a positive impact on the lives of my patients
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the opportunity for personal growth in my profession and to know that I am meeting the patients direct needs
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people in my department and a few of the directors that I get to work with occasionally.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love working for a large employer that is always working to make the health of others better and does it with the utmost of concern.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people and the work
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my immediate coworkers/team
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	THE TEAM I WORK WITH ON A DAILY BASIS. WE WORK WELL TOGETHER AND WATCH OUT FOR EACH OTHER. WE NEVER SAY THAT'S NOT MY JOB. WE JUST PITCH IN WHEREVER NEEDED
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The hours so I can be home with my family and leave work at work.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My co-workers always have my back. They help out when the load is to big or busy. everyone works together to get the job done.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	On
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love making a difference in the care of patients. I love being part of the diagnosis team that helps the providers treat the patients.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with on a daily basis are the best around
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	1.Making a positive difference for my patients and their families 2. Working on my team of coworkers 3. Autonomy to make decisions

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworker #####.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My boss and co-workers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the work I do and helping out the providers to take care of the patients. I'm not proud of where I work though with all the negative drama stigma and then the lack staffing that has strained the rest of the staff to the brink of falling apart.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy pt care, and responding to emergencies. If there were another 911 service in our area, I would personally already be gone. My favorite part is clocking out.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Service to my community.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I Love my patients and my immediate co-workers. We are our own little team , but not part of the ORHC team. Haven't even met our new leader. Have needed help for 3 years..... Nothing yet.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Most days the people are friendly and cooperative
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The employees you get know are very good at working together in chaotic situations.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	As a whole we are trying to keep moving forward and supporting our community
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Working with my coworkers and the patients
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patients I care for.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	It is close to my house and it pays most of the bills.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	coworkers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	the people I work wit
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	being outside on my runs
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the people I work with and that's it.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like that the 3 day work week gives me time with my family and time to decompress from this environment. I like that working in ARU provides me the opportunity to see patients succeed over a period of time. I like the size of our unit, it demands teamwork and cohesiveness.

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love working with the night shift crew in the ER. The best nurses always going the extra mile and truly care about their patients. Night shift flow treats each other with respect and always work together through the rush of patients and stressful situations.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Flexibility in my schedule.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	On most days I enjoy coming to work because it's like family here and most staff will speak/acknowledge you in the hallway.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Caring for the patients in our community and working with amazing colleagues.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Team work
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My Doctors and most of my co-workers, honestly everything else needs a lot of work.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The thought that things might get better
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my team mates
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Team work, communication, caring supervisors
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Commitment to care for patients
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I LOVE WHAT I DO
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have the best managers ever, ([redacted]), they always listen to concerns and always willing to help if they can. Some decisions made by upper management don't always make sense to me in the everyday work that I do. I have worked here for almost 31 years and have seen a lot of changes in health care. Some are very good. I really would appreciate some physical presence from upper leadership on occasion. I never see that anymore. I appreciate knowing the people that I work with and their commitment to the hospital. They are amazing people.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love working with my coworkers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The friends I have made while working here.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The flexible hours my boss allows the people in our department to work.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people care about patients
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I ENJOY THE PEOLPE I WORK WITH
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	the benefit we provide to our community
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I LOVE MY JOB AND THE PATIENTS AND THE PATIENT CARE AND MAKING JOB/ EXAM MORE ENJOYABLE FOR EVERYONE- MYSELF AND PT AND FAMILY
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Challenged with special projects and tasks, always learning something new
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy my coworkers and providers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The ability to serve my community. Not only that, I love that I have co workers that really cares about the patients that are under our care, and directors that never fails to continously keep us updated as possible and the team work that we have, especially with emergency situations such as having access or system where we have assigned "rapid response team" that other hospitals may not possibly have.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Understanding if I have a need to switch my off days or if there is something I need to take care of at home.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love working on WFC and knowing that our team of nurses is truly a family
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love I have been able to change my schedule to meet my families needs.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love taking care of patients and feeling like I make a positive difference in their health care.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patients I work with
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have seen significant improvements at our facility as a whole, especially in the last few months. I do appreciate the proactive administrative teams making ORHC feel great again. There is a sense of feeling cared for again, seen, and heard. I am seeing the sense of belonging from staff coming back and an uplift in workplace environment. I love caring for families on WFC, and grateful for the WFC team and leader! I am able to trust and confide in them. Our director empowers us to grow and learn which also helps us feel supported! We are beginning to see the smiles in the hallways from staff again. I do feel closer to this team and organization in these last six months. We are actively seeing the changes being made, and that is very hopeful!! Thank you!!
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My clinic feels like a family. We all work together to help each other, celebrate each others birthday and most importantly pick each other up if one of us is feeling down. I love my ORHC work family.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	team work
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional

		What do you love most about working for your organization?			I like the fact that the person I am training with is through in making sure I have all the tools needed to be successful. I like the fact everyone gets along and works well with one another
May 2023 CoSE	05/01/2023		Love Most	Ottumwa Regional	

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love helping our community, but most of all this place feels like a family to me. As I watch people come and go from here it saddens me that this hospital is so easily given up on.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	We do have a good manager for the clinics. I feel there is decent communication between staff members. There is behavior that is sometimes tolerated more than it should be. We do have providers that have unpredictable tempers.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i love the people that i work with.they are who keep me comming back to work
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i love a atmosphere we have here with the nurse we work together if we have trouble arising
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	THE STAFF IN THE HIM DEPARTMENT IS GREAT
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers, providers, and patients
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	working remote
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	that i am able to work from home so i can say what i want without anyone else hearing me
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Open communication, expectations set and acknowledged, core values
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel I am treated fairly and have been given opportunities to work in areas that I can excel.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with, and the bosses I have
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy working with the patients we have and being a part of a team that improves their lives by healing them and educating them on remaining healthy.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel I have great support from my director and co workers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel we have good co-worker relationships and teamwork, overall. I feel that most of the people I work with understand the importance of my specialty areas (plural) and usually show appropriate appreciation and/or respect for the depth and breadth of my profession (which is very significant).
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Working with dedicated employees daily that get little recognition and low pay, but still continue to try to do the best job that they can under the circumstances.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Hard working employees that get low pay for the jobs they do! But continue to come to work. Nurses always get raise. But hand on people don't..
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My department director, [redacted] is amazing. Any positive answers I have given are because of her leadership and teamwork with my co-workers in our department
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworokers and helping the community
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with everyday and the patients that I get to help.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Teamwork
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Enjoying the positive changes and friendly faces from the new administration. I love the variety of my job.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Patient Care.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The Nurse Practitioner I assist and the patients I care for.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my coworkers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Most fo my co workers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	CoWorkers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy the people I work with.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	That it's close to home.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	It is convenient and close to my home. I like my role in my department, but would be happier in this role in another facility if it was closer to my home.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Question 17 *Work order requests all available online -Includes maintenance, IT and BioMed -New maintenance system doesn't allow staff to see where in process request is, if it's been dealt with and if new issue or not. We need to see this. We need this for all work requests, especially IT that has notoriously poor follow-through.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My director is incredible and truly what I feel is holding the clinics together.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my coworkers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The job I perform
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	co workers
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Doing the right thing no matter what.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people that I work with.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	again, it's the dept 'family' for me... the abilities to help people...
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My job itself
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love a lot of my coworkers especially those that care about the community as much as I do. I love helping my community, and delivering care and comfort to patients and their families.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Teamwork in my Department !
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy the teamwork.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	like the people i work with
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I used to say the people I work with, however most of them have left.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love working for my specific department, ONE Day Surgery. I feel that we do a great job of communicating and helping each other out at all times.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like the team work at my department
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My unit and my boss
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I appreciate the support I feel from the organization, my coworkers and nurse manager. They are wonderful at communicating and working as a team to get things done.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like my team.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Night time providers and supervisors have been very helpful.
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Proximity to home
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people in my department are great!
May 2023 CoSE	05/01/2023	What do you love most about working for your organization?	Love Most	Ottumwa Regional	the people i work with
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	Everyone is losing their happiness here
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	I do not feel a sense of pride for this hospital. I am prideful in MY work with patients, but this organization only care about profit.
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	The lack of pay benefits is often discouraging. Especially when I can drive 20 minutes out of town and get compensated the way I feel I deserve for my years and experience.
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	I love my job and the people I work with the pay could be better
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	I am hopeful for the culture change that Admin is trying to introduce. However, I wonder if this is another flavor of the month. We have had so much change between RegionalCare and the Regional Care/Capella Health and now LifePoint. We have not had a stable environment and with each new administration, something big changes. We are all tired. We haven't recovered from COVID and we haven't been able to catch a breath. I belong to a great departmental team, but the job is rarely rewarding. I believe in William and his/LifePoint's vision and values, but I hope it's not too late to turn this place around.
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	I am happy to have employment
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	I am doing 3 peoples job as a single person due to short staff. Feeling very overwhelmed and unheard.
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	The only thing that keeps me here is service to my community as a paramedic. If there was another 911 service in town, I would have left years ago.
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	I love what I do, I love patient care. However, this place is toxic, and makes coming to work a dreadful experience.
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	I am not as happy as I used to be. There is too much turn over in employees, always working short so that people (some) have to work extra hours. Team work, and smooth work flow are it appears to be a thing of the past. This is partially due to the constant turn over (employees are not invested in this place because so many are not even from here).
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	My coworkers keep me coming back.
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	i feel that my voice is not heard at all
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	I enjoy my position and co-workers. I do not feel there is equality between nurses with pay scale or opportunities.
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	with all that is going on, it's hard to be happy, but at the same time 'happiness' is a state of mind, so with that said,, i'm grateful to have a job and to use my abilities to help others

					Short on staff, and being on call are facts that made me not feel so happy
May 2023 CoSE	05/01/2023	How happy are you working at your organization?	eSat	Ottumwa Regional	
May 2023 CoSE	05/01/2023	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	I answered this question higher last year. Decision making is slowly and silently being taken away. [redacted] is taking away almost all decision making in some relevant areas and tasks that used to be all part of the process are now done with questions and fear. I used to never feel micromanaged, and now I feel it more frequently. In other areas, I feel very empowered to make changes and to make a difference.
May 2023 CoSE	05/01/2023	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	See above. Administration has stripped away the ability for us to make decisions. I'm just thankful that they don't ride in the ambulance with me to micromanage the care I provide to my patients.
May 2023 CoSE	05/01/2023	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	Any decision that we do make usually gets overridden by admin because they have no clue what it is like to be in our shoes. Even if it means the safety of staff.
May 2023 CoSE	05/01/2023	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	I await the day that they decide they should come out into the field and tell us how to do our jobs in the box.
May 2023 CoSE	05/01/2023	I feel empowered to make decisions regarding my work.	Empowerment	Ottumwa Regional	To some extent. I can make work better for my co workers but don't feel like I always have the support I need for them.
May 2023 CoSE	05/01/2023	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	I have not publicly seen this to be true.
May 2023 CoSE	05/01/2023	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	i dont feel like we ever get recognized for anything we do. definetly dont feel appreciated
May 2023 CoSE	05/01/2023	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	Patients need to be directed to the appropriate area of health to meet their needs safely and efficiently, not seen in the clinics to make their wait times easier.
May 2023 CoSE	05/01/2023	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	No direct appreciation is shown, nor is it necessary. Doing what is right for the patient is just the standard.
May 2023 CoSE	05/01/2023	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	When we do speak up, we are told it does not matter. Example; Staff is on a 36 hour shift, and there are not enough people to staff the ambulance. AOC- sends transfer---> sleep shift person then stays up to run calls ----> sleep shift person then exhausted, and nothing is done to alleviate this---> dangerous situations = NO APPRECIATION
May 2023 CoSE	05/01/2023	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	Do we have anything in place to show that? Not that I am aware of.
May 2023 CoSE	05/01/2023	Employees who prioritize patient safety are appreciated here.	Recognition - GPS	Ottumwa Regional	I can see both sides of this statement. For a decent percent of time, yes patient safety is appreciated. However, there also seems to be a significant amount of time when the overall idea of patient safety is buried. For example, a patient is scheduled for a same day surgery, but ends up having to be admitted to the floor for observation overnight. The nursing supervisor gives a lot of push back because “this patient was scheduled to go home today, have you given them enough time to wake up?” or “we had no idea this would be a potential admit”. This attitude is unacceptable. I understand that certain surgeries are scheduled for outpatient, but plans change. Staffing is an issue currently and so is available beds, but if it’s the patients best interest to stay, that’s how it goes. I have felt like I am looked at as though I am stepping on other people’s toes for advocating for my patients.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	You need to figure out who should be doing what and make sure that they take over the task

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Most of the time the OB department is the first experience many patients have in a hospital, This can build endearment towards the hospital, leading to trust that could make a patient choose the hospital for other reasons. People do have choices. It would be nice to see some care and investment in the OB unit. The team exists on the Unit. They are a team that has very low turnover and longevity in the hospital. It would be great to see that acknowledged.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better communication between departments especially with departments that are contracted.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Reward and recognition to staff that have endured and been here. It feels we are left behind to continue to pay high wages to travelers. It would be nice to be recognized with a gift card, money ets as we have saved the organization money.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	DEPARTMENTS NEED TO WORK AS A TEAM
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	wages, retention, recruiting, marketing
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employee retention and recognition
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Give EQUAL opportunity to ALL employees. Higher pay. Remember ALL employees when giving out snacks to departments. Not all who are under a department are located in the same department and are forgotten.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I think the focus to make this organization a better work place would be the Behavioral Health Unit. I have struggled with getting patients on the unit for various reasons.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing. attitudes towards each other, especially between units
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	more staffing
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Our wages need to be competitive with our competition. Share the love, or praise, with all employees. There is a big focus on nurses and your other employees feel that they are not as important
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Improve communication Communication Ownership Leadership Cleanliness. I know it has improved but the areas I see are still very dirty. I want the floors to shine and the carpet look like it has been cleaned. Maybe the carpet on the main floor needs to be removed
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing. Pay people a competitive wage so that they want to come work here. Patient's cannot receive safe, proper and appropriate care without adequate staff

		Where should we focus to make this organization a better place to work?			everywhere out in the publics eye
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			Employee recognition, flexible schedules, pay increases/market adjustments
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			Higher wages to actually have nurses consider working here instead of temp employees that are only here for money and do not care of the long term goals of the organization.
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			employee recognition
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			pay scale
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			treat everyone fair no matter who they are or what they wrong with everyone here is entitled to work and not sit around doing nothing beside collecting a paycheck
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			Better wages for everyone not just nurses. It takes all of us to make a great hospital. We show up for work every day and do our job but we don't get the same treatment as nurses . They all got pay increase before the clerical staff and we all have bills to pay and do our best to make this hospital great
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			Eliminate all contract employees and outsourced services. In order to have a dedicated work force, we need employees that are employed by ORHC and live in the community.
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			Update systems to make staffs efficiency better. Examples would be a new documentation system, vital machines in every room, more computers for staff.
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			Pay me for what my job requires me to do. A 29cent raise?!?!?! GMAB.
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			Competitive raises for all employees not just nursing. Update technology ORHC is so behind in technology compared to Mahaska Health and Pella regional its embarrassing!
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			Regular raises - substantial raises. Getting compensated for BSNs and more education. Educational opportunities.
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			There seems to be allot of un-happy workers. Schedules changed frequently. Turn over in employees. Team morale is down. I wish there were something we could do to make everyone feel valued and appreciated. I believe in our mission to make communities healthier. I also believe in our team. We have so much talent here. When staff members leave, there is no communication as to why? What can we do to keep you? What happened to make you want to leave. I guess what I'm saying is we need to figure out why people are leaving and maybe turn that around and retain them. Communication is key!
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to work?			Continue to try to recruit full time staff. Staffing is our biggest issue right now. I think if we could get quality staff we could find our pathway back to greatness.
May 2023 CoSE	05/01/2023		Better Place	Ottumwa Regional	

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Human Resources.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	SALARY
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	need to listen to staff concerns regarding help that is needed. and not take so long to brig staff on. whether travel personnel or regular staffing.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Very dirty carpet and bathrooms. Patients' family's complaining and nothing getting done. . Seems like no customer service anymore. Raises more than 3%, not working short staffed. Better computer systems.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	safe patient care environment with stable staffing
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Bring back our old culture and treat people like they are more than a number. Money is the only thing that matters to people and patient care is on the back burner. When a good employee asks for a raise as they work hard and go outside of their job duties, they are not appreciated.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	You need to work on communication, making your employees feel that they are valued, increase pay wages for employees that remain in your organization that are commiserate with the travelers that are paid quite a bit more for doing the same job, and when you say you are going to do something or help us, please do it.... we don't see the actions follow the promises that are made. We would not be here if we didn't want to help and care for the people of our community but when we are understaffed and overworked there is going to be a safety issue at some point with a patient, and we are here to keep our patients safe and make a difference.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Not focus on money. Think of the people and how you can help them. This place feels like it's all about money. Give them things they deserve and can use to do their jobs better, like an ambulance that doesn't have almost 300000 miles on it. Would you personally drive a car with that many miles on it? We have to pick up very sick patients and then if the rig breaks down we're stuck. They are very bumpy and not very comfortable for our pts. I like being recognized as departments for doing amazing things. Come visit departments and get to know who your employees are. Spend some time a couple days a week coming around asking how everyone is doing and if they need anything. Hold meetings to update us on things not just an email. Make time. We are coming here and working hard make this place a good place to work but some days I come here and I hate it. I hate the way my department gets treated as if we don't make the hospital money so we are the red headed step children who are lazy.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I feel we are on a new path of going in that direction. I think our biggest challenges are getting and replacing physicians, and customer service. I feel we need a program to bring customer service (not only to our patients, but to our team members as well) to the forefront. I have worked in hospitals that have such programs and it is difficult to put to words the positive difference it made.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Need more internal, positive communication between leadership and employees. Also need to market the positive things going on at ORHC within the surrounding communities
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better communication and competitive pay.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Start listening to employees. Stop letting management be management without knowing all aspects of the department. Bad attitudes prevail.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better communication and hiring local people versus contracted employees.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Finding a way to get core staff and keep them so we are not training travelers constantly
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Compensation- Not just wage increases but more with benefits that can adapt to the generation today. Not having the job description of "other duties assigned"
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	There's a lot. But be proactive to situations instead of reactive. Stop hiring outside sources that do not care about patients and start taking care of the staff that are here permanently. Stop caring about the money. I understand nonprofit but were in ambulances that are falling apart.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Transparency, follow through in promises, work conditions staffing, wages
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	HOURLY PAY AND BENEFITS SHOULD MATCH OTHER ORGANIZATIONS
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Increasing pay and incentive to retain staff and also on-board new staff. The appearance of the hospital should be assessed as well (i.e. new flooring in the entire hospital or potentially updating rooms in ODS; and cleanliness)
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We need more staff and the ability to hire staff in the clinic setting. We are being micromanaged ineffectively and our clinic employees are working hard but are extremely short staffed.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We need to pay better so we can get more people here to work. the staff we have can not continue to work the job of 3 people
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	better more effective equipment such as better scanners to scan ID bands and meds, cordless would be so much help, nurses who actually care and will help each other. so many staff anymore are rude and grouchy when you ask for help. no bed side manners
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	better competitive wages , better incentives for employees to pick up extra shifts
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

		Where should we focus to make this organization a better place to			In the employment management. We need more nurses and support staff in this hospital. We are getting rid of travelers but not replacing them while fulltime employees are getting the whiplash from it. People are not applying due to the pay ORHC offers them.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			WE SHOULD FOCUS ON LISTENING TO PATIENTS BEFORE TRANSFERING THEM TO THE WRONG DEPARTMENT MULTIPLE TIMES
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional

May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Continuing to listen to the "small things", be transparent, and act upon feedback.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			updating equipment. cleanliness. treat employees equally. recognize contribution of employees who do not draw attention to the work they do, at the same time recognize intent of those who speak badly of or belittle co workers to inflate their own contribution. leadership should verify what they are told and get both sides of a story even if that information is coming from
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	a favored employee.
		Where should we focus to make this organization a better place to			Leadership lacks support of and for their employees and providers. Employees are not retained due to lack of poor working wages that are non sustainable to meet their needs for basic living.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Clear expectations, over communicate, clean it up and paint it, plant some flowers, promote it, hold people accountable, there should not be favorites, consistent evaluations and raises, bonuses for exceptional work, recognition that means something, brainstorming with staff on issues, empower, and give more time off. More community involvement, more community presence, more community outreach. More collaborations, defined goals
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	that anyone can work towards.
		Where should we focus to make this organization a better place to			Getting the staffing we need to provide safe care.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Hire more staff to reduce the work overload and stress. Then work to make processes with IT and anything that has been lacking brought to a better level.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Focus on raising moral of Core Staff so that they're happy to come to work.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			I think the stress of what is going on, when that is over I think it will be great
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			EMPLOYEE SALARIES. NOBODY WANTS TO WORK FOR WHAT WE ARE PAID AND NOBODY WANTS TO STAY BECAUSE THEY ARE NOT PAID ENOUGH. WE SHOULD BE GIVEN A RAISE AINCERTAIN AREAS AND MILESTONES WE HAVE REACHED AS WELL AS TIME OF EMPLOYMENT
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Hiring. As a single person doing the job of 3 people. It’s exhausting mentally, physically, and emotionally.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Give the right amount of pay to your employees and not below all the other hospitals in a 50 miles range. It's been talked about but is always shut down when you bring this amount to the table. ORHC employees are about $5-$7.oo hour below the Hospital 's around Ottumwa Regional
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	

		Where should we focus to make this organization a better place to			The people are spread thin in many clinics. Need more employees to backfill vacancies
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			To make this organization a better place to work, communication should be the focus.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Leadership- experienced and committed- not just hired from in-house because it is convenient. We need qualified leaders with great communication skills and a commitment to not just money or the organization but also our patients, staff
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Competitive wages
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Being transparent. Tired of hearing we don't have money. What money do we have? Where is the money going? What is the expense report? Getting and retaining staff. Communication. Raises for all the staff that have stuck it out during this very difficult times.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Sell us to someone who actually cares about the community and wants to treat staff well!
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			For starters, selling to an organization that actually cares about Iowa, and about OUR community. The people in Tennessee don't care about this facility. And as a result of their apparent indifference, our community suffers from poor quality healthcare. Stop hiring travel nurses and pay the organic staff what they deserve. Pay EMS staff better so people stop leaving for more pay at slower services. Hire managers who will enforce standards, and allow those managers to actually manage their departments without interference from administration.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Communication from management to workers, no friends working for friends
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Keepnig it cleaner & being more sincere. The public does notice. I haven't had a evaluation in over 2.5 yrs. no pay raise, no anything. It gets very hard to come to work when you feel like our leaders don't care ab
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			BETTER PAY
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			get a pulmonologist
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			wages - I hear it all the time we are lowest paid professionals in our hospital world causing staff to leave at a high rate. In the past loyalty kept people working here, but today after Covid the only thing that matters to many is the paycheck.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Invest in equipment & staff.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	

					Remove all upper management and start fresh. Also, make it a not for profit organization. I suggest selling to UnityPoint. They have multiple hospitals that are thriving.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Also, our insurance makes it to where if we need medical care it is cheaper to do it here since it is out of state the network is very small. Therefore, I had to get my care here and have never had such a bad patient experience. There's no excuse for such poor care. It's disgraceful.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Enough staff & better wages.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Need more staff and new equipment
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	On retaining the employees that have stuck around for the last 3 years and realize what we have done to keep ourselves going and continuing to help the patients. Give a sizable raise to these employees since you paid out so much for travelers and not your employees!!!
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Management. Raises!
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay, structure, technology. Pay: I honestly think that this current shortage in our hospital isn't going to change until we significantly outcompete nursing homes and other smaller hospitals in our wide area. To attract a young person to live in a somewhat rural area for any amount of time is going to take a serious pay commitment. Nursing homes in the area are starting to give PART-TIME nurses sign on bonuses of $5,000, and a recent LPN got hired at Ridgewood at a rate of $36/hr. Structure: our building is very dated and things are not kept in good running order. Patient's bring up the condition quite frequently. Chipped corners, stained walls, hanging curtain rods, water stains, broken glove dispensers, etc. Let;s face it, people are shallow, if they aren't in a professional looking place , they don't act it. Look good, feel good. Technology: it seems as though we are scraping by in terms of our tech. Down to one bladder scanner most of the time, an EMR that is not conducive to good work flow. Better pay to compare with other facilities, more employee incentives, and low staffing issues have taken a toll on everyone.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Recruitment and retention of staff and providers
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Motivating employees to stay and having the needed and properly working equipment and Supplies.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay local employees a good wage that will encourage them to stay employed. There are surrounding hospitals that have a smaller volume of patients (less work) that get a higher wage and also get IPERS. I understand a for profit has to make money however that should be shared with the folks at the bottom not just the top of the chain.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Becoming the top competition for other organizations in regards to staff wages, benefits, culture, diversity, and inclusion.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Need to work on changing the culture of wanting people to come here and make a career out of it here at the hospital. We shouldn't be loosing people to other places because of pay incentives or increase. We need to work on keeping good staff here, replacing staff instead of piling more work on staff and not getting any pay increase for it or have any training or licenses for it.

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Departments/inidividuals that aren't liging the new culture

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing, wages, keeping staff, marketing to get a better name for ourselves
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Less hostility displayed by coworkers towards other coworkers
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	PAY SCALE!!
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Keeping nurses and units managers and supervisor communicating with everyone better
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Occasional physical presence of upper leadership so we can actually get to know each other and appreciate the work we all do and why we are here. It's much more than making money.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Taking care of the employees that have stayed and worked through all of the crap. If you continue to take care of your current employees, you wouldn't constantly be searching for new ones.

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	THAT IS A MANGERS JOB- I HAVE TRIED UNTIL I HAVE BEEN ASKED TO SILENCE MY THOUGHTS AND PERSONALITY- GOOD LUCK
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	TREATING EMPLOYEES BETTER WITH ANNUAL REVIEWS TOPPED OFF WITH A WAGE INCREASE TO RETAIN THE EMPLOYEES. ALSO RECONITION WITH THE COMPANY
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Increase wages; increase staffing; better equipment.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better communication from the top down, better sense of team and that we are not just "bodies to work" but valued employees, improved quality of care
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	having more coverage
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I think what's more important is HAVING A BETTER AND COMPETITIVE WAGE for staff, cleaner facility, and having accountability where concerns are not just being acknowledge but taken into action especially with variance reporting and staffing issues (call offs). Cosmetics and structure wise, we are pretty outdated and improvements on this can increase the confidence patients may have with our facility and staff competency. Hr needs to be more organized especially with job applicants where they take MONTHS before getting back to them and it leaves those amazing potential employees to move on to another organization. I think staff may also want to receive items that represent orhc (jackets, pens, shirts, etc) Although pizza and icecream are great, we also have other great food in this town to such as BUBBA Q, JIMMY JOHNS, Ashbys, etc that staff may also like :)
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing we are short staffed and it puts a lot of extra work on everyone.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Wage- pay your full time staff instead of travelers
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Physician recruitment and upgrading the WFC floor to make it look more up to date
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Morale across all departments is low and really needs to be improved. I feel like we work to do our best for the patients and get little to no recognition that we are trying our best. I don't mean a sign that says "your a hero" or "we appreciate at our staff". I mean stopping by and pitching in when we need it. Helping us get the materials we need to do our jobs, without us having to beg and send 42 emails to 5 different people to get our supplies. All most everywhere is working short staffed, so stop expecting increased results or everyone will find new jobs.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employees

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Giving the employees opportunity to grow and learn. I have been “transitioning” to a different position for 3 months and not been able to move.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continue to help us feel supported! Building the trust of the team will help us grow trust within the community again too. Thank you!!
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Annual reviews with raises.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	when an employee has question or comment or an answer for a concern, the person or dept that the concern is addressed to does need to be much better at follow through.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staff feel very strong with staff retention. We are also not competitive enough with wages. We also have to work on the face of the organization and get more updates. Sometimes it feels like it would be cheaper to build a new facility than to continue to bandaide what we have. Last continue to provide resources of positive outcomes for things like BSSR which we sometimes struggle with from other facilities that have had successes and how they were able to keep it hardwired.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Adequate staffing
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Appreciating staff more than travelers.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employee recognition such as employee of the month, employee spotlight, recognizing years of service, etc Competitive wages for all staff ORHC attire such as nursing jackets, scrub tops, etc
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continued support of employees, active retention of current employees, and not keeping negative employees.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More staff for workload, update ancient equipment and computers, better pay, MUCH better communication
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Software: Meditech is antiquated and not user friendly.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More staffing, more pay, more PTS
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Make promises and actually keep them. Pay raises have been promised and have not been received. Also, I have applied for a part time position and haven't heard anything about that. Our ambulances are falling apart and need replaced.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	There are too many to list, a but a few things to make ORHC a better place would be quicker and more aggressive improvements to equipment and the facility especially the emergency room and the ambulance service. Show the community that ORHC cares about there experience and health more than just words!

		Where should we focus to make this organization a better place to			Pay and benefits. Value employees and don't just dump everything on them
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Wages and benefits.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			physical appearance of the facility. it is dirty and worn. not appealing to patients or potential employees
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			More CNA help. Many jobs can be done by CNA that are not being relied upon for
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			On current employees. Recognizing those that have been here and continue to stay here. Whether that be by pay, verbal appreciation
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Continue to be open and honest with staff. Strive to continue with transparency. Show employees they are appreciated.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Get your manager for the clinic's assistance if needed. The turnaround time to start is far to great and help getting all the CAQH accounts and credentialing done and to help the providers.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Nurse retention and front desk retention. Wages are not comparable to the area and therefore we are not retaining good staff. Housekeeping is paid more than front clinic desk staff.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			more competent staff and open icu,more ancillary staff.more staff period
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Getting more staff in here!
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Having enough staff.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			faster at getting upgrading aesthetics of the facility like pictures, furnitures our rocking chairs on wfc our old wooden rockers that are uncomfortable to breastfeed in. the cots we have our fathers sleeping in our just springs yes we have a foam mattress to put on them but i feel its just a bandaid on a bigger problem so getting couches that turn into a bed would be more pleasing to patients and family
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			1. Pay 2. Good, competent employees 3. Maintenance upkeep
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Praise to do better, employee recognition, staff pay increases instead of paying traveling staff loads of money
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	BETTER PAY BETTER WITH COMMUNICATION LISTEN TO ALL COMPLAINTS FROM EMPLOYEES AND DON'T JUST SAY I HEAR YOU, ACTUALLY PROVE IT AND DO SOMETHING ABOUT IT THAT SHOWS
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	better wages,communication
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Infrastructure repairs of older building needed
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	One of the areas that needed desperate attention were salaries which was for me taken care of over a month ago. The next area of improvement should be transparency and communication. Recognition of a job well done is also a very important part of feeling valued at work. I really think the Quint Studer Hardwiring Excellence has many great ways to improve organizations and I was previously employed at a hospital that hardwired the methods covered in the book. Pt. satisfaction scores rose and employee satisfaction was and still is high. It isn't an overnight fix but once hardwired, it is very effective.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Supporting your staff.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I feel we should focus on communication, not only with in the hospital with staff but with patient's and their families as well. I believe providing more staff to be available for patient cares and maintaining the patient's room would be of benefit as well.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	To continue trying to get the staffing needed for each department
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	By listening to employees in the areas that need improvement. Management has a way of only focusing on the bottom line, employees that are working the floor see and hear a lot of things that would give the hospital over all a better reputation and these things need to be acknowledged. By using incentives to retain current staff and encouraging staff to join the hospital is very important. All departments are terribly short staffed and need to be recognized and they need to know that the hospital truly appreciates their hard work and dedication. Unappreciated employees, especially in this trying time will not stay.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We need to be able to successfully and efficiently REACH people in the administrative side of Lifepoint, for example Payroll, Human Resources, Benefits, etc., and we need to know that they will actually call us back or reply to an email. Far too many questions are left "unanswered" because there is literally nobody to call/reach out to (that will call us back or help with the situation, etc.). There have been 2-3 topics/issues that I have sent emails and left voicemails about, but did not get the help I very sincerely/urgently needed.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay!!!!!
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Wages!
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Focus on pt care, and the processes that make pt care better. More staff at the point of care, instead of more management, The staff are in survival mode, we cannot make improvements, if we are barely hanging in there to give basic care. We have antiquated charting and documentation systems that are labor intensive. Management, including corporate management, give knee jerk reactions to problems that occur. Staff end up with even more charting and more rules to follow and less time for patients.

		Where should we focus to make this organization a better place to			more staffing and better benefits
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			More competitive salaries,
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Happy employees = happy patients. Focus on raises that actually mean something and make them across the board don't pick and choose that causes angst among staff. Recognize nurses week, ems week etc. don't lump it all in on hospital week. When you have events don't staff it with staff. Truly cater it so everyone can enjoy themselves.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Giving everyone a raise
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Communication.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Wages. We need to be competitive with surrounding areas so we don't lose good employees and/or applicants due to pay,
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Pay, not all RN staff received a pay increase. It's frustrating to know someone else with your same title, fewer departments, and less seniority is making significantly more per hour than you are.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			More employees, better pay
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Communication efforts and making those accountable for their actions when they need to be. Not just saying, "Well that's just them." If being rude and disrespectful is ok, I guess we have that down. However, I feel strongly in being as kind to your co-workers as to your patients.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			When you say you are giving across the board raises, then you should give them to all and not just Nurses
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Giving raises and incentive to employees that go above and beyond. As well as raises to attract more people and better benefits. Update equipment to make things run smoothly
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Better benefits for part time employee
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Management and taking provider concerns more seriously when they are brought forward.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	
		Where should we focus to make this organization a better place to			Should pay permanent workers more so we want to stay and there will be less travelers.
May 2023 CoSE	05/01/2023	work?	Better Place	Ottumwa Regional	

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	*Safe staffing levels *Clean work environment *Lunch breaks -Having other staff that have their own full load of patients in a dept take on unsafe load of someone else's patient in order to facilitate a break in acute setting is not a lunch break. Staff care about each other and their pts so need to forgo lunch because this is never a solution *Don't have students/preceptees/orientees w/ staff if not fully staffed -Preceptor can't teach/orient when have more than full patient load -A burnt out preceptor isn't beneficial to teaching, orienting or recruiting new staff *Follow-up with staff who address concerns so we know mgmt is dealing with these -This includes all variances &learning board issues *Have supplies we need to provide great care -Don't cut corners and say it's a supply chain issue when we can look up items online and see they're available but the hospital choses to order inferior, at times unsafe, products. E.g. 2-part needles that need tightening before use
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	better communication, proper supplies needed, proper pay, proper time off
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	return to a non profit organization
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay and opportunities to grow. Equality between nurses. Recognize a bachelors degree.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Adding educational offerings (CEUs).
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	unsure
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continue to focus on the culture
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	like before mentioned- there has been alot of positive things that have been said... thats the easy part... and i think there needs to be continuous action to strive to make this a better place, which it will be extremely hard to dig out of this slump, but no matter how hard it is, the words 'i give up' cannot be used... this is a VERY delicate time, but this is a time of growing and going...
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Caring about the patient wants and needs who are coming here.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication, respect, retention, praise
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication, open conversations. Don't make it feel like there is a secret alterative motive. Help us to feel some appreciation for what we are trying to do for this community and ultimately your patients. It is really hard to look at a patient who is scared and convince them that ORHC will take amazing care of them, knowing that some people wont because they are tired and over worked and feel like no one cares any way because as long as that money is being made then it doesn't matter how much further we go for patient care.

May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Having a more positive moral instead of having a negative work environment
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	getting enough employees
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Retaining staff, not travelers. Keeping the same upper management.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better salary compensation, so we have more people applying , that way we are not short on staff.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Holding people accountable for their actions/ inactions.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More competitive wages. More opportunity for continuing education. Bigger push for BSN prepared nurses, with pay increase for those that are.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Literally every department all the time needs to be accountable
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More resources for continued patient care. Limited resources slow down and/or hinders what we can do for our patients.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Safety culture, removing fear of reporting mistakes, make the focus on process improvement and not individual punishment for lack of process and procedure.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better staffing
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Teamwork/comradery is lacking. There are several units/areas that need more upkeep. Wax the floors and better cleaning as an example.
May 2023 CoSE	05/01/2023	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication and consistency
May 2023 CoSE	05/01/2023	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	Rarely recognized unless its by patients or their families (which is quite frequent)
May 2023 CoSE	05/01/2023	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	I feel like our department and many others are out of sight, out of mind. We once had two nurses work in the storeroom for the day so that they didn't have to go home due to low census. They said they would never do that again as the work was too hard. One of my supervisors said to me once, "thank you for not being stupid" after I had to prove to them the issue that was raised was under control and not truly an issue. Every single day we make things happen that are almost near impossible, yet no one knows or acknowledges.
May 2023 CoSE	05/01/2023	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	I do not recall the last time I was given any sort of thanks for working to almost two FT lines that I cover regularly. We used to be thanked with Pizza parties, because that's the most that the organization would do. And now, we don't get that! Sometimes administration brings us donuts, and hands them out to us, like they are the rich feeding the poor, and trying to feel good about it.

					What praise?? What recognition? I've been here since 2006 and I make as much a medic who's been here for 2 years. My time and experience mean nothing.
May 2023 CoSE	05/01/2023	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	
					Not acknowledged
May 2023 CoSE	05/01/2023	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	
					I try to stay under the radar at this moment so I wouldn't expect any praise. I just do my job to the best of my ability and take care of my patients and make sure that they feel taken care of and safe. I don't try to get anyone to notice my work. I just want my patients to know that they are cared for.
May 2023 CoSE	05/01/2023	I feel satisfied with the recognition or praise I receive for my work.	Recognition	Ottumwa Regional	
					Short staffed. unskilled temp employess
May 2023 CoSE	05/01/2023	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	
					Coworkers do... managers do not
May 2023 CoSE	05/01/2023	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	
					Staff here on BHU do that , not management.
May 2023 CoSE	05/01/2023	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	
					In our department we try and advocate as best as we can but are usually over rid. Whether its what's best for the patient health or finance wise.
May 2023 CoSE	05/01/2023	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	
					Our unit is great about watching over each other
May 2023 CoSE	05/01/2023	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	
					Depends on the department, and whether administration is a part of the equation. Most staff to staff interactions when situations are explained are well received. When admin is involved, they care about the money.
May 2023 CoSE	05/01/2023	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	
					employees yes
May 2023 CoSE	05/01/2023	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	
					Our department takes care of each other and team up to give great care to our patients. I do not see that in other areas of the hospital
May 2023 CoSE	05/01/2023	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	
					Depends on where you are.
May 2023 CoSE	05/01/2023	We support each other in caring for patients safely here.	Teamwork - GPS	Ottumwa Regional	
					Everything in this organization is a quick fix mindset, NOTHING LONG TERM
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	
					Thats exactly what we do. The organization is reactive instead of proactive and it is just enough to get by, not sustainable soluations.
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	

May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	No one has ever followed through with recommendations for improvements or transitions that need improvement. It is a patient-dominated organization that needs further evaluation and a balance of expectations that are to be seen in the clinic, eg. paying copays, not allowing patients to monopolize resources, and demanding work excuses and treatments from providers.
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	All we've been doing is quick fixes which is why now we are only focusing on the money aspect. No really problems have ben solved.
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	As stated above..... JEANS DAY. This is a slap in the face to the individuals across the hospital that are clinical staff, running themselves into the ground, and actually feeling the strain. But hey, jeans, which they cannot wear! Supe exciting.
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	No. We do knee-jerk reactions when something happens, then hope that it resolves on its own. Like staffing and pay...
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	We try but often have to do quick fix and then have issues with follow up to sustainability
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	We just keep adding paperwork and more rules instead of thinking through problems and coming up with new improved processes. We keep our old processes, and add new mandatory tasks to fix things.
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	Feel we are just in time for a lot of things
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	Again, offering pizza parties or prizes is nice occasionally, but stop sugar coating issues that need resolved indefinitely instead of quick fixes. Hold people accountable for their actions/inactions.
May 2023 CoSE	05/01/2023	At this organization, we seek to solve problems permanently rather than just come up with a 'quick fix.'	Root Cause - GPS	Ottumwa Regional	Only when reported to governing bodies, not within the organization
May 2023 CoSE	05/01/2023	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	

May 2023 CoSE	05/01/2023	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	The only change has been a knee jerk reaction to one individuals very very poor choices.
May 2023 CoSE	05/01/2023	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	I agree. However, once a variance is entered, the person reporting is left hanging and isn't told the resolution. For example: Reported finding a medication vial in a hallway. Did the variance and then was never asked another question about it. My employee asked why she wasn't questioned or interviewed about it. She had no closure and stated to me, that what's the point of the variance if nothing is done about it. Again, I think this goes back to communication
May 2023 CoSE	05/01/2023	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	I would like to think so, but I really can't speak to this.
May 2023 CoSE	05/01/2023	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	Sure, the DEA has been here to make certain that things in that department change.
May 2023 CoSE	05/01/2023	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	Not to my knowledge
May 2023 CoSE	05/01/2023	Actions taken based on safety event reporting have led to positive changes here.	Change Willingness - GPS	Ottumwa Regional	still working on this as new leadership roles emerge...
May 2023 CoSE	05/01/2023	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	I do not believe that this will matter, I am not even sure that a real person will be reading this. I often wonder if these are "weeded out", after admin realize which departments answered the questions.
May 2023 CoSE	05/01/2023	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	I've spoke my issues in the past and never saw anything done about it
May 2023 CoSE	05/01/2023	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	LMAO... No...
May 2023 CoSE	05/01/2023	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	I would be surprised if anyone actually reads these responses or takes any measurable action to correct these complaints. Administration doesn't want to hear (or see) the things we have, but instead they want to "blow smoke" and try to get us to believe that everything is fine. Either they are truly blind and they don't see how bad it is, or they are lying to everyone and they know the ship is sinking but can't admit the truth. Question 17 (not enough room) *Listen to staff with repeated concerns about the behavior issues and pt safety issues regarding the same provider or staff member -We have lost many staff due to inaction regarding unsafe and repeated unprofessional situations -How much more bad press do we need before staff are heard? -Don't ask in exit interview why people leave that have repeatedly tried to fix problems -Don't ask people that are leaving to stay when repeatedly ignore their concerns
May 2023 CoSE	05/01/2023	I believe meaningful action will be taken as a result of this survey.	Action Taking	Ottumwa Regional	We have performed this survey every year for the past three years that I have been here. I have seen only decline in safety, communication, moral, and patient care. It makes me scared and sad for this community.

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	KNOWING THAT I HELP MAKE A DIFFERENCE EVERYDAY
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The staff I work with
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love my job and helping find out what is potentially wrong with our patients. The lab is the back bone of the hospital. I know that we impact our patient care and I take that very seriously. We love being a part of Life Points Mission of "Making Communities Healthier"!
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love my co workers here in Surgical Services
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	We have an administrative team that cares about this organization.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Being able to help people
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The staff I work with at my location
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Feeling of family and friendship.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I am honored to help those around me and I am appreciative that I work where people are making patients healthier.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers caring attitudes
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my coworkers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love my co workers and how they make my job worth coming to. I have never found a job that my co workers become my family but the ones I've met here, have!
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the people I work with. I enjoy that my job is flexible with things I may hav going on in my personal/home life. There is always room to grow with support from my co-workers.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have some of the most amazing coworkers to work with. We work together. We are all here for the same reason: to help the community
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Comfort in working here for several years.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I have worked with.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The leadership and my coworkers. I feel this is the best, most invested senior leadership team we have had since I started working here years ago and it's motivating. Looking forward to the continued positive change.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I am from this area and proud we can service people who may not be able to drive far.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patients I serve is the most rewarding. I love my main nurse she is awesome
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy the challenge of solving complex problems and collaboration with the people I work with.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The leadership in the O suite is amazing. They are always willing to help. My team here has been one of the best I have ever worked with.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The Patients
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My one up does a great job dealing with many issues but still able to be calm and still cares about everyone under her, she is the reason I have stayed here because I trust what she is trying to do.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I work in a small outreach clinic, I love the people I work with on a day to day basis.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping people and families connect with resources
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i love the environment and the people here.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love making a difference and caring for people in my community. I also care about the people I work with. They keep me coming back each day.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Our patients, helping people. The flexibility with my hours. Great coworkers & weekends off.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	MY COWORKERS
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have been with ORHC for 27 years, I feel the admin team we have in place has made a big difference in the hospital setting I wish they would look in the clinic side
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the patient care.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	good leadership
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Ensuring the pts are scheduled for the services they need in a timely manner, to the best of my ability. The positive feedback from the pts. Knowing I am making a positive difference n the pts we serve with empathy and compassion, and understanding.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I am allowed to do my job without someone looking over my shoulder most of the time.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers and the teamwork to make ORHC an even better place to work.

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel I have a great communications with the patients and I truly feel they would state the same about me. I have been told by serval patients I go above and beyond.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The best thing about working for ORHC is the opportunity to get experience in my field with the high amount of patient volume
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy helping the community.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy my co-workers, they are easy to work with and helpful
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I LOVE THE PEOPLE AT THE EDDYVILLE CLINIC. THEY ALL HAVE HELPED ME AND WE ALL WORK TOGEATHER TO GET THINGS DONE
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love working with my team at the Eddyville Clinic but I also believe there are many things that need fixed and not just put off to the side. Things tend to get put to the side and never get done
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my co worker
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love that I get to come to work and be surrounded by what has now become my second family. I feel so close to the people I work with and know that any call we go on, someone will have my back if I need it.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love being able to be an OB nurse full-time and care for my patients, but I do not love having to shift my attention to other floor patient's (ortho and med-surge overrides) instead of providing excellent care for laboring/postpartum/newborn/ill newborn/ pediatric patients. We don't have enough time on day to educate our patients and parents like we should be able to prior to sending them home with a new infant.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My team at Easy Care
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my co-workers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My team and growth opportunities
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	There are opportunities to move into leadership roles within the organization.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My collogues & co-workers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Friend ship with my coworkers. the patients
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Here recently the recognition has been vastly improved upon and it has made working here better than it used to feel.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people that I work with really make working for this organization better than most and it makes the long days worth it.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Now that I am in the Gastroenterology clinic, I feel more comfortable and valued as an employee.

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My schedule
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i feel i have the support to make the ORHC building more safer and look better to public
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the people I work with on a daily basis.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Having the opportunity to grow and learn.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with! Kind and most are here for the community and to improve patient health!
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My co-workers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I ENJOY MEETING THE PATIENTS THAT COME THROUGH. ALSO WORKING WITH MY CO-WORKERS.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love my coworkers and taking care of patients and their families.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Our patients. Our team care about our patients. It isn't just clinical staff that care. Our CEO cares, our Plant Ops team, the housekeepers. They all look out for our patients and their needs.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patients!! I also love the teams I work with!
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel like I make a difference with what I do. I always try to help others with a good perspective in what is going on.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love what I do and that I get to help those in need.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	How much people help each other throughout the work day.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping the community I live in
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy the people that I work with, and taking care of our community
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love that I have learned several modalities since being here. I love that I have been given more responsibility, which shows I am trusted to do a good job.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	On most days I feel like I work with family and friends that care about one another. It's a place I can come enjoy my time and not watch the clock tick by. It's a pleasure to work with a great department that has a team that works together, looks out for each other and have other staff from other departments that care for one another also. The job I have allows me to work independently. I am happy to serve the people in my community by living and working in this area.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping the patients and families
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy working with my co-workers.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers are my second family. If i need ANYTHING they are right there to help, whether it be work or personal life related.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers and bosses
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The friends I have made. The difference the organization attempts to make to improve the community and facility.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The staff I work with.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people that I work with and serving my community.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy working with my co workers and provider. My provider takes time out of his day to explain, teach, and advise us if we have questions or do not fully understanding something. I couldn't ask for a better office/provider to work with
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Consistent co-workers ED Director & ED interim director
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	People I work with
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the teams I work with. For the most part every department and ormics work well together.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have a great director that I work for, she works hard and jumps in when needed. She is trying hard to show us that we are valued and that we can be a good team. She is trying hard to make this a better place to work and change the downers of our department.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I trust the majority of my coworkers and providers to provide quality care
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping people and growing in my position to better do that
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The team work and support
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I work in a small department that has a great team. We all work well together and help out wherever needed.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	coworkers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the staff in one day surgery. We have an amazing team.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My boss and coworkers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my patients
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i enjoy working with my patients
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	it's close to home and my immediate coworkers feel like family
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Taking care of our community
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The Paramedics and EMTs work through adverse conditions with old out dated and unsafe ambulances and do an outstanding job treating the citizens that call Ottumwa home and provide quality care.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Going home at the end of the day; feeling like I made a difference
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people and department I work in.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	flexibility of work schedule
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The team relationships, sense of group effort to get work done and great patient care. It takes the whole village.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have moved up in this organization and feel that if you have the drive that anything is possible.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Tiffany does a great job as a leader to communicate and help however she can. I think the lab does well with helping everyone however they can.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	my great coworker
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Semi retired, I work as needed, and am appreciated and respected when I do work
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I have received better pay. I try to choose shifts to work with people who have better attitudes and work ethic.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I really love the one-on-one patient care. I love getting to know our patients, and helping them heal.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love that I am learning so much. I am supported in the decisions I make and encouraged to grow my department.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Feeling like I belong and always have and opportunity to learn new things. You can express ideas and concerns.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers and schedule.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The satisfaction I feel in a job well done. Believing that I make a difference by coming to work. I greatly appreciate the health insurance offered to employees and their families.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	taking care of patients
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like that our hospital once had the opportunities to work in many different areas. That we had services that weren't available at critical access sites. It seems we are losing services due to staffing and we don't have a plan in place to turn that around.

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My patients and their families being able to interact with them and hoping I make a difference in their lives.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	For the most part I love the people I work with. I love how as dysfunctional as we can feel at times that there is still a family atmosphere and we protect each other especially in the field.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	People I work with and the fact we take care of people in this community.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Positive attitudes.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Helping patients to have healthy lives.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Sense of belonging to an organization with a mission to make a difference.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers and the salad bar.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Teammates/Co-workers. I do like that we have done multiple family oriented events and hope for it to continue
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the people I work with in my department. We work well together as a department and genuinely care about one another and the work we do for our patients.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the people I work with.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love caring and educating my patients and their families.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Frankly - at this point the paycheck is the only thing I enjoy about working at ORHC.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I appreciate my coworkers and manager very much. I feel that my manager does her best to work with me so that i can have a good work life balance.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patients and the staff that I work with
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	That I am serving my community that I live in. I think the new administration team we have is more invested in making connections in my community, where the previous administration was more stagnate in that area. Although we have lost many long time staff members, we have also retained some long time staff members and that is reassuring and provides some connection. I think at this time, we do have the best administration team that I have ever experienced here.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love my patients and other staff in my department, Everyone I work with are very good and take excellent care of our patients.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel useful
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My team and patients make it worthwhile.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The staff!
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Schedule
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	i love the actual job and helping the patients. im embarrassed when people of the community ask why i still would work here.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I enjoy the spontaneous potlucks and get togethers at work.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I still feel there is huge disconnect between corporate management and the real patient care that happens here. It still feels like corporate is only about making a dollar or saving a dollar, at the expense of our patient care and safety. This has turned our previously thriving regional health center into a shell of our former providership.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people in my direct unit
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the ability to take care of my patients as I feel they should be, with the ability to spend quality time during their visits while being efficient with time. We are able to connect with our patients on personable level, due to their being here for multiple visits. I like the fact that we are a small team u here and that we are able to work together as a team to make things run efficiently.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My patients and team
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	That I can get help patients and help my co-workers with anything they need.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	the people and the work I do
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like helping patients. I want the patient to leave a little bit happier than when they came in.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The kindness, thoughtfulness, the staff is here.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I used to love how valued and appreciated I was. That hasn't been the case in the past 1-2 years.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I do love the people on my team. I get along with every single one of my close coworkers and I do enjoy coming to work and being able to be around them, to work together with them towards our common goal of trying to improve the hospital. Sadly, that does not transfer out to the rest of the organization, it often feels like we are alone on a sinking ship, trying to keep it afloat. The people on my team all care, and we all work hard to do our best, help those around us, and try to improve, but once we leave our doors behind, it feels like an entirely different work place.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The few co-workers that have been with ORHC for several years.

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Working with the crew I work with
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The department I work in. The individuals in the department are great to work with! They have become my second family
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people!! The new administration is very engaged, the most I have seen in almost 6 years of working here. It helps create a positive, comfortable work environment.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Our unit is very passionate about the care that we care that we provide for our patient's experience, which also makes it easy to love this career here!
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	co-workers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love that I am able to stay in my community and help then.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with, family atmosphere we care about each other
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The pay is great
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	We are able to provide safe and compassionate care to the community.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	the learning environment
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love the nursing staff that I work with. Especially as a younger nurse I have always felt welcomed and that they were all extremely supportive and helpful when I need it.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Nothing
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Flexibility and teamwork
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My schedule is flexible with my ability to go back to school. My director is easy to bring issues to and I know that will be addressed in an appropriate way.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The patients
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The ability to learn and grow
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	like the people but need more employees. we are spred to thin to cover all areas
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I feel my patients deserve the experience and knowledge I have acquired
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My co-workers, my department.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	

February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Working with [redacted] under their good leadership
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	the new leadership
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people in the department are a great team that care about the patients they provide care to.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	On
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	.y team
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Our culture is changing for the better every day. It makes me proud to work here.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I am here for my patients and especially enjoy taking care of those who continue to come see me year after year.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love our Midwestern values of nice.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	My coworkers
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I like the interaction I get to have with patients, most of the time it is pleasant, but there are sometimes when it is not.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	I love working with the team of people I work with.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	the patients i take care of and some of my coworkers.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with, their kindness, friendliness and support of one another. I value their support. I believe we give very good care.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	The people I work with.
February 2024 CoSE	02/05/2024	What do you love most about working for your organization?	Love Most	Ottumwa Regional	Hiring staff instead of getting Travel personnel
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	THE ORANIZATION AS A WHOLE IS DOING GOOD AND ALREADY WORKING TOWARDS THE RIGHT DIRECTION.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	THIS DEPARTMENT NEEDS TO COMMUNICATE BETTER AND PEOPLE IN THIS DEPARTMENT NEED TO BE LESS CLICKY AND MORE TEAM PLAYERS. Communication
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay and benefits. I also feel like there is allot of talk about FET etc. I'm not for sure how they measure what it takes to get QC in range on some days, the daily, weekly and monthly maintenance that is required. The short staff of trying to run multiple departments but yet still be expected to stay on top of all other duties. There never seems to be enough hours in the day.

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Nursing
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	staffing
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	PAY! More PTO Clean the place up- the entire hospital and clinics are gross looking Bonuses for medical staff including clinic staff, retention bonuses for staff that have been with company over 2yrs Better internet and phones for outreach clinics Advertising for providers (include the clinics not on campus)
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communicate before reacting. I continually fight to stop people from making assumptions. Generations react differently from each other, and we need more generational understanding.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication and consistency
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continue to provided resources and improve on equipment and vehicles.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better communication
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	staff retention. organization is focused on hiring. no incentive to stay as an employee.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better Benefits, listening to things we need to do our jobs to the best of our ability. Come and visit our departments and see how we are doing, and if we need anything.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The equipment.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	better pay, less travelers
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Benefits - improved 401k match and increased fertility benefits. It is sad to work for a healthcare organization and have all of my friends have better fertility benefits than I have (they are not in healthcare.)
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Morale - continued team bonding events/activities. Focus on recruitment.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication for sure would be #1 on my list. Not waiting until the last minute when certain things have a deadline to let people know that those things need to be done then have an issue with certain people having overtime or getting sent home because of overtime when noone else can do the things that are expected to be done. BENEFITS
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better communication, feedback, rules that everyone follows and expectations.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Our nurse wages are not competitive with other nursing opportunities in the area. A clinic nurse should not make more than a floor nurse does here.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Get Providers, and regular staff.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Work from home options for salary and just flexibility to get the job done, more ways to pay staff by maybe helping with student loans and make sure we have a better understanding about raises. There is no rhyme or reason to them and it's beneficial to just move around every 2 years and then comeback for a significant raise.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Large sign on bonuses (10k+) are red flags of desperation and terrible working conditions. It's sending an unintentional message. It would be better to put a good portion of this money towards retention and then offer a moderate sign on bonus. This shows we value our current staff and we want you to work here too.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Actually care about the employees. Stop being fake!! Employees need a liveable wage!!
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Supervisors/directors need to tell their employees when the staff are doing something well and not just pointing out what they did wrong. We also need to make sure that directors/supervisors aren't picking favorites within the departments and leaving out other staff members.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	invest money into the right things
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Higher pay
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication between units
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	LIKE TO SEE MORE COMMITTEES GEARED TOWARDS NURSING WITH NURSING STAFF INVOLVEMENT IN MAKING DECISIONS THAT AFFECT OUR JOB - POLICY/PROCEDURES, ETC. EXAMPLE - UNIT BASED COUNCILS
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication. Better pay & Benefits. Enough staff.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Ottumwa Health Group clinics in general
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	A weekly newsletter keeping employees informed of what is going on throughout the organization. For instance, what is going on with laundry, are we going to outsource? etc. Stressing follow through from the departments that support the departments who perform direct patient care. Our department has experienced many issues that are left unresolved for very long periods of time during which time we make multiple reminder phone calls to get the issue addressed. Phone calls/email messages are often not returned and in general, better communication would be helpful.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Regular (quarterly) one on one rounding between management and staff - asking what is working well? where is there room/need for improvement? etc.

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Becoming an employer of choice. Culture/atmosphere, leadership, reputation, benefits, etc.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication and follow-through.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	communicate more effectively with the public
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Improve communication, realize that we are human and can/will make mistakes from time to time. Focus on acknowledging staff positively, for a job well done. Not just focusing on mistakes.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Wages, retirement plans, flexibility in scheduling, holding people accountable, improve the cleanliness and improve the appearance of the hospital (a little paint would go a long way).
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Upgrading equipment such as MRI Updating the clinics, example: flooring and furniture
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The biggest area of focus should be updating the equipment we have to use for the patients. With such a high volume, equipment gets worn out. We need new rigs, cots, small equipment, and we need an upgrade to the ER for appearance issues
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	CARE ABOUT YOUR EMPLOYIES
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	personnel
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	equipment
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employee retention
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I feel as though EMS wise needs a few more things to effectively do our job. We have been going in a great direction with the new managers and medical director and I am thankful for all they have done
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We should replace the floors in OB and upgrade the department to draw in the newest generation of patients having infants. If we do not change our department then we will continue to lose them to different closer facilities that have new tech savy labor and delivery suites.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Create a hospital wide recognition program, so patients, visitors and other employees can easily recognize employees that provide excellent service.

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	On the employees. Make sure there is adequate staffing and the tools to do their job. Replace equipment that is broken or at end of life.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	In a dream world, 1-2 more people to help administration, who have so much on their plates. Even if it was just temp help.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I feel like there is a major lapse in communication between teams sometimes and it feels like it hurts my department more than the others.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	unsure
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	#1: Get it cleaned. The physical building is filthy. The public areas are filthy. I am ashamed 2# Our hardware is failing. Replacement is crisis management. Situation existant prior to COVID-19 3# Use vendors that don't create more work with less efficacy. I'm not unrealistic in believing that contracting hospital services will go away. That said, contracting services in this institution has generally degraded quality. 4# We desperately need marketing staff. It's hard to believe that you are valued when you learn about the free Thanksgiving lunch at 10 am & the cafeteria opens at 11.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communicating with your employees. I feel as if the higher up the person the less they feel the need to listen to people that are actually working on the floor or that are a "lower" rank than them. We come across a lot of things that are no okay or that are unnecessary in the workplace and I feel that no matter how may times we raise concern or speak up about a situation whether it is about the safety of patients or concern for or about employees nothing gets done. I feel as if people are also scared to say anything because they feel as if it's going to be a waste of time because nothing ever gets done or because whoever you're reporting to makes you feel dumb or as your concern does not mean anything to them. I feel as if they are constantly putting employees at risk and in sticky situations that could easily be avoided if they were just to listen to the people actually working on the floor.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I feel that to make this organization a better place to work, would be to value all employees better. Pay increases would be a great way to get good employees to stay. I feel that offering sign on bonus' is difficult for current employees as they have been working through very difficult times and deserve to have a bonus as well. Improve the hiring process to get more permanent staffing.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The administration in the lab needs to be changed.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication between departments, between teams.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	BETTER PAY FOR EVERYONE NOT A SELECT FEW, QUIT OUTSOURCEING JOBS, USE YOUR OUTRAGEOUS SIGN ON BONUS TO UP PAY SO YOUR NURSES AND SUPPORT STAFF WONT LEAVE
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	have all employees be accountable for there job duties
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	WE NEED TO FOCUS ON BETTER PATIENT CARE.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	To much traveling staff, we have staff that does not care about our hospital or our community. So many good people were lost with new policies, with no effort to keep them.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continue to work on hiring nurses.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Try to get pay better so that people want to stay. To many travelers working. They take no pride in working here. They seem to do as little as possible. I don't like it when I go to them about something and your answer is, I don't know, I am a traveler.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	It would really great if we could get all the physicians on CPOE as well as physician accountability for the orders they put it. Sometimes there are no orders or conflicting orders. Sometimes the physicians tell the patients care that is different than what the orders say. Especially with cardiology.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Removal of long-time department heads and managers, replacing with new staff who is not stuck in "old ways."
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Our pay is on the low side compared to other neighboring hospital's
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication is a big thing, streamlining processes
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Increase pay so workers want to stay.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Sense of teamwork, making employees feel like a team not just a number
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay. We are constantly losing staff because they can go elsewhere and get more money for less work. We have been told for 1 year that we would get market adjustments and have yet to get them.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	1. I don't feel you give recognition to long-term employees. 2. Make it a fair place to work. I have been told all nurses were brought to the same wage scale. I found this is not true. A nurse with less years of experience makes more than a nurse with more. I saw her paystub she left out. 3. It feels like you don't want long term employees, but prefer prn staff and travelers. 4. I think it is ridiculous that the mail room is an area that won't allow some people access, It's just to drop off mail and use the copy machine! Lighten up!!
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	One thing that needs focused on is the cleanliness of the hospital being a cleaner place to work at from floors, windows, to patient's rooms, front entrance, ER/Admitting, 2nd floor and bathrooms looking clean and smelling nice. It would be nice to have a monthly newsletter that has information on of what is happening in the hospital from events we hold, to new staff, Director/Manger starting or transferred to other departments, etc. Have the main hospital website up to date with doctors, ARNP, NP and what we have to offer. Have recognition for staff that goes above and beyond, not just for nurses. One thing to work on is the retention of keeping good staff here by offering them better wages or hours, so they don't leave to go work somewhere else. The hospital needs to be promoted that it's a great place to work at, so staff feels like they can invite family and friends to work here with everyone.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Collaboration from ancillary services

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Need better communication between departments, and for us linen needs to be a priority.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	communication
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We need to work on getting more staff. I understand we don't have the best reputation but we have a cath lab, thats brand new that we don't get to use. We have an OR that again doesn't see the traffic we use to see. I do see med surg is keeping more patients but we use to have a fully functioning ICU. I do know were giving sign on bonuses but I feel theres more that can be done.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better compensation. Less negativity by team leaders.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continue working on getting staff in, retention is key, continue working on the appearance. If we can get things looking better all departments which takes time people will want to work here and patients will choose. Continue to communicate and encourage Direcfors to communicate and keep staff abreast of our plans and focuses.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Bring on more staff, purchasing new ambulance so we can effective do our jobs.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We really need to get actual staff in all of our inpatient departments. We could be so much more successful with an ICU and Cath Lab.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better Communication. Be fully staffed. Everyone be on the same page.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Retaining consistent employees, whether permanent or temp contract Cleaner work environment Proactive vs reactive feedback from admin
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Get more help, better pay especially for the ones who are on call not just certain area's.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication works both ways but saying something and doing something else isn’t good communication. Managers need to be honest with us. If something can’t be done or changed, just tell us.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Making sure that we are being paid adequately for the jobs that we are doing That when there is a survey, that things are followed up on Instead of bringing us a snack, give us gift cards or bonuses
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	More staff to patient ratio ex. MS to provide better quality of cares for patients and their families. This would also allow for call lights to be answered in a timely manner. Staff would feel like they are providing better quality of care and able to do the job they signed on for.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Retention of staff, facility maintenance, facilty cleanliness and updating equipment.

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continue to provide good communication; look for additional resources for pt care
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Work on recruiting, which we are
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	we really need to look at the insurance for our medicine we can only use mail order there awful to work with meds get lost or get delivered weeks later. It would be awesome to be able to use our local pharmacy's please help.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We need to hire and retain new hires in all departments. Our department has been short staffed for the past year.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	'-Number one of all is staffing and better wages. -Staff needs to feel like their license is not at risk working in our facility. -We also need to make sure the facility is always clean and we lack on that. -One day surgery is an amazing unit but the hospital lacks the promotion of it. There's still no open position posted online! -Surgery schedules need to be adjusted so staff gets off work on time. -Many have reported that the reason they left one day surgery is because of being on-call. Although we have it gone, the uncertainty of it coming back makes people hesitant on going full time.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Higher pay
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Investment in people and investment in facility
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	getting ful time help and not paying for temp people make sure the people that are here and have been for the organization feel appreciated
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication at all levels. Ownership and making sure all stakeholders are communicated to prior to change.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	N/A
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Effective communication from the top down to every staff member
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Management. It is not a pyramid the base does not make us stronger. It needs to start at the top. Poor management, specifically unit based, has led to poor work performance and poor staff retention
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	New equipment and more staff
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Providing new ambulances to the ORMICS crew that will be safer for staff and patients.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	communication, staffing
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Connections! Just a simple directory listing department extensions would be so helpful. There are people who have worked here for years and we don't know each other's first names. We used to have a weekly one page flier that was posted in all the units, break rooms and bathrooms; it noted general updates, unit changes, birthdays (unit and first name only), welcome to new employees and general accomplishments. (i.e. "Thanks to the facilities management crew for keeping the ice down in the parking lots!" or "Lots of good comments about the cafe menu! Thanks, [redacted]", "Thank you for your service to our veteran employees: [redacted] etc") This little, inexpensive gesture really made people feel connected.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Equal pay with surrounding communities and the equipment needed to do our job correctly.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Updating the facility's equipment and maintenance of rooms and hallways. A lot is worn out and not even able to be cleaned anymore.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Make it a more personable place to work. I have team members that feel it is more of a corporate run facility and it is but we need to find a way to make our employees feel valued and respected for what they do no matter how small or big their role here is.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Medical care for the patients
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I think this is talked about a lot, I try not to complain about it but pay. It definitely affects our staffing and attitude towards work as I have seen throughout my couple months. I know [redacted] has been working hard on it which is another thing I appreciate her for. I think ordering needs to be trained more, seems like a lot of orders are put in wrong or late and blamed on the lab.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Getting more core staff hired, and incentives to keep current core staff motivated to stay. Working to better consistently maintain safe staffing levels for each shift. One cna on med. surg. for OVER 10-12 patients (depending on acuity) is too much.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	hire more local staff that care about the community.stop keeping bad help (coming in late,lack of caring of phone usage,facetime,dont care about how many call offs they have)because they know they wont get fire and its hard for the good help that shows up and is ready for work daily
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Only hire high Quality staff.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Need better follow through when a concern is voiced.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	We have to continue to focus on updating equipment and moving into the 21st century. It would be great if we could offer better benefits and retirement. We are not comparable to other companies.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	COMMUNICATION. Also having a central scheduler to make employees schedule so there's no confusion on who is supposed to be where.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	competitive place to work

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staff retention/recognition as well as staff recruitment. Rewarding, incentivizing longevity. Ensuring the right employee "fit" for the most "fitting" position. (If not working out well in one dept., encouraging trying a different position within the organization)
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better pay, more competitive.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	don't put full time employees on stand by unless they want to...
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I believe first and foremost, have to come up with a means to staff this building. We,in my opinion are at a tipping point that has already started typing the wrong way. Hospitals are competing with each other and staffing agencies for nurses. There aren't enough to go around it seems. Hospitals have to lead the way and be part of the solution to increasing nursing numbers in training programs. Kids quite frankly don't expect to grind out a meager living for years until they are finally financially stable in their late 40's like generations before them. There are competing ways of making a good living from home, obvious a staff nurse can't. Our hospital has had staffing issues well before Covid and covid really just exposed the pre-existing issue. We want patients to think about prevention, while hospitals I feel still have reactionary plans. We have been paying contract help in nursing every since I started at ORHC. I have heard the whole time that things will change, it hasn't.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Listening to all employees. Everyone has a right to be heard. Follow up with them if they have questions and you don't know the answer. Follow up with them if they have a complaint / problem . Don't say I will look into that and not share a solution or resolution.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication. It had gotten better at first with the department meetings and such but I feel as if we are not communicating very well. Especially those that do not work the 8-5 hours. I also think that new hires need to be treated better or we are never going to catch up on staffing.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Collaboration between departments. Collaboration between leadership and employees to create and enforce new protocols.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Making sure we have the things we need to do our jobs efficiently.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication. Especially about raises.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continuing to move in the right direction toward getting the community to believe that ORHC is a great place to work, and a safe place to seek care.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Respect and understanding from administration for frontline workers.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Care less about saving money focus on quality of organization.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Comparable wages Sign on bonus and referal bonuses that are in place are nice, maybe something more for people who have been here. I think I remember when I first started there was something for people who had no call offs but I don't think we do that anymore

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Besides offering huge sign on bonuses to new hires, offer a retention bonus to current employees. Other hospitals in this area have done this.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Capital requests granted
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	re=open the ICU. We manage ICU patients on the MedSurg floor, with nurses who are not ICU trained. This puts the patients and the nurses at risk. Nurses are often caring for patients with critical needs with 4-5 other patients. This is not SAFE.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The main issue I have is with one department in particular and I don't feel that it's appropriate to call out a particular department in survey.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Safe staffing, listening to staffs concerns and actually take the time to understand their point of view and make changes accordingly. Stop with the mindset that a nurse is a nurse - so many nurses are trained to their specific area (which to become proficient and safe can take months or years) yet are being asked to take patients that are not appropriate based on training and experience. Accountability (for everyone- not just those chosen with excuses made for others), Consistency, Fairness.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I feel like more needs to be done to invest in the facilities, updated units but more importantly updated tools so that we can do our job the best that we can. I have head talk in the community about how people like to go to Pella or Osky because the facilities are better. I also feel as though there needs to be done for employee retention. The sign on bonuses are nice for new hires, however you have employees that have stuck by the organizations side through covid and everything else and they are getting paid pretty much the same as new hires. This makes it hard to stay especially when one can go to another hospital or clinic and get paid more. Housekeeping for a start. Overall, we are a dirty facility. It is hard to maintain pride when the facilities are not maintained. Communication is lacking. Processes are rolled out with little notification. There is poor delineation of management roles and who things should be directed to. Adequate staffing in all areas would be helpful but if that is not provided the staff doing 2 jobs should be compensated. Staff advocacy
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Updating equipment and the environment within the departments. If the hospital looked better perhaps we could attract more permanent staff and physicians. Having old equipment and even some of the materials in the environment such as wallpaper and carpet can hold germs and not be cleaned as easily. Old equipment can lead to work injuries for employees and patients. Better communication, communication about changes is very poor from upper management, My immediate supervisor is very good but leadership does not invest in this organization. Most are not from this area and do not want to take up residence and invest in our community. There positions are very temporary. We also are staffed primarily with traveler's whom have no vested interest in our organization. I have been here for many years and have seen many changes. This environment if very difficult to work, with little real commitment as I have devoted to this organization. This has to change in order for our community to trust us to care for them and there loved ones. Need a good surgical director
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Productivity is not a measure of success. It should hold little to no value in decision making. It is not accurately reflective of a department's needs and prohibits growth.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication. Addressing voiced concerns
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Up to date, properly working equipment. Cleanliness and holding people accountable for their work.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Increase pay and benefits to keep staff. It is frustrating to see new staff get such huge sign on bonuses but old staff can't get a cost of living raise. Maybe you should focus on keeping staff instead of trying to constantly find new staff to replace staff that has left ORHC.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	thats a management question
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	the drama
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	This organizational needs to expand Family Medicine opportunities in the organization by allowing Family Medicine with OB physicians to manage OB patients and deliver OB patients, including being able to offer IUDs and implants. This would be a win for the community and help reduce the number of patients going to Oskaloosa or Pella for consistent OB care and delivery. I think this would help with recruiting physicians and reduce our specialists care burden.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Hire quality directors. Hire quality staff. Reopen the closed departments. Update our facility to meet todays patient needs for our region.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	more follow up, every week there is somethingdiferent. I have no idea who half the administration is because it changes all the time.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Cleanliness of our facility seems to be of importance only when an executive is due for a visit.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I feel like not all the departments are recognized as being part of the hospital. I have had several of our patients coming to us for the first time saying they didn't even know we existed. I feel disconnected from the res of the hospital in a lot of ways because we are a small department and most of the focus is on the larger departments of the hospital.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Get it little bit cleaner on the units. Work orders that have been placed in computer need to be done a little bit faster. There are places that need fixed and the public see it not done every time they come to this unit.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	on the scheduling process and how it works or lack there of with each department, or modality within departments.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Listening to us more then acting on our patients complaints that we are telling you about. We are only trying to make us a better place that our patients have expressed dissatisfaction over.

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Take value in the quality of nurses you have and all staff. Find local leaders to step up in the organization so we can actually be Ottumwa Regional and not a bunch of people who do not have any ties to the community or care about the long standing of Ottumwa.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Pay and not outsourcing all of our jobs to different companies. So many of the employees who work here daily do not actually work for the hospital. They work for a different company that works for the hospital, and as such the standards we try to hold for our employees does not apply. Even though Ottumwa Regional has done alot to try to improve pay at this facility, a simple google search can show you how poorly they still compare to the surrounding community. The constant rotation of new staff/travelers makes it next to impossible to be working along side people whom are competant in their position here, and this along with the continuous low staffing has forced patient safety to be at risk.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Treat employees with respect and equality.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	communication
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Making sure we have equipment that works
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employee retention
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Getting rid of negative people in different departments. Also, showing more appreciation for staff. Regular staff should be recognized and appreciated more, whether its a simple thank you or small gift. Just knowing that you appreciate what they do and how hard they work.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	increase staffing
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I think that we should focus more on our new grads coming out of college. Make this place look like a great place that it is to work.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication Meaning what you say. Not saying one thing and doing another. Getting us the things we need to be able to do our jobs to our satisfaction. Encouraging the team to focus on the positive aspects of their job and the team remembering that our patients are real people.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Bullying
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Focusing on growing the core staff, maintaining safe staff ratios among units to provide safe care for patients
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	improve communication with each other
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better patient to staff ratios
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Everywhere is obviously short staffed, but floating med-surg aids to different departments on nights makes our med pass extremely difficult to complete in a timely manner.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Making a teamwork together. Not having job silos (nurses,cnas).
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Newer equipment,
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Employee satifaction
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing, working equipment, positivity, collaboration, checking on employees, obtainable expectations, understanding, communication, more feedback.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	higher wage more employees
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I greater emphasis on staff motivation. There has been a general attitude focusing on negatives with minimal acknowledgement of positives.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Better wages
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication and trying to keep the people here that have been here for a long time.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Respectful communication for everyone. Increased hourly pay
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Clear expectations for certain roles
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication between supervisor and staff
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	BETTER PAY/WAGES THAT MATCH THE SURROUNDING AREAS
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	

February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Hiring full time nursing staff
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	I believe we need more management so our management team is not spread so thin. I also believe we need a full FTE in HR to handle the amount of things that need to be done.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	add an employee wellness room so we can do light exercises or stretching, provide adequate staffing especially during busier periods.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Communication between the Hospital and Corporate.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Education and workload/stress
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	The inclusion of the clinics is lacking. Our voices/concerns do not feel heard or acknowledged. The decision to hire clinic assistants off the street to "train on the job" when there is no medical background is dangerous and lends to the belief of "what we do in these clinics is not important to this organization." Hiring of certified personnel who can perform blood draws, injections and have basic medical terminology knowledge is greatly needed and should not be ignored in leu of a warm body.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Compensation and a sense of community.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Recruit community OBs
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	On making sure other parts of the hospital treat each other well.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Wage increase
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	having less travelers so that regular staff actually get their hours instead of standby. reward those who have stuck around through everything and continue to fight for this place. i feel so undervalued and underappreciated most days
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	giving more raises, bigger holiday bonuses and better 401k matching.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Continue to be open and supportive to staff.
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional	Staffing
February 2024 CoSE	02/05/2024	Where should we focus to make this organization a better place to work?	Better Place	Ottumwa Regional

Ottumwa Regional Legacy Foundation, Inc.
935 Pennsylvania Avenue
Ottumwa, Iowa 52501
Attention: Chairman

Re: Amendment to Asset Purchase Agreement

Dear Ladies and Gentlemen:

Reference is made to that certain Asset Purchase Agreement, dated as of April 30, 2010, as amended (the "**Purchase Agreement**"), among Ottumwa Regional Legacy Foundation, Inc. (f/k/a Ottumwa Regional Health Center, Incorporated), an Iowa non-profit, non-stock corporation (the "**ORHC**"), Regional Retirement Living, Inc., an Iowa non-profit, non-stock corporation ("**RRL**"), Regional Enterprises, Inc., an Iowa corporation ("**RE**" and, collectively, with ORHC and RRL, the "**Sellers**"), RCHP-Ottumwa, LLC (f/k/a RCHP-Ottumwa, Inc.), a Delaware limited liability company ("**Buyer**"), and RegionalCare Hospital Partners, LLC (f/k/a RegionalCare Hospital Partners, Inc.), a Delaware limited liability company ("**RCHP**"). Subsequent to the closing of the transactions contemplated by the Purchase Agreement, RRL and RE both dissolved and distributed their respective assets to ORHC, as the sole shareholder and successor in interest to each of RRL and RE. Pursuant to Article X of the Purchase Agreement, the parties agreed to certain post-closing covenants in connection with the operation of the Hospital, and the parties now desire to enter this letter agreement (this "**Letter Agreement**") to amend certain provisions of Article X of the Purchase Agreement in accordance with the following:

1. Background.

   (a) The parties previously amended Section 10.7 of the Purchase Agreement pursuant to that certain letter agreement dated September 19, 2024 (the "**First Letter Amendment**").

   (b) Based on operational developments at the Hospital, the parties desire to further amend the Purchase Agreement in order to reflect certain agreements of the parties regarding the Capital Projects and other commitments set forth in Article X of the Purchase Agreement. Section 10.20 of the Purchase Agreement provides that any deadlines for the completion of the projects may be changed by mutual agreement.

2. Amendments and Acknowledgements.

   (a) Capital Projects. The current status of the Capital Projects and Infrastructure Projects pursuant to Section 10.6 are set forth on Attachment A. The parties acknowledge and agree that the current status and completion dates of each of the Capital Projects and Infrastructure Projects, as detailed on Attachment A, are acceptable and agree to the rationale for any projects not completed or completed after a completion deadline as set forth on Attachment A. Sellers hereby waive any requirement to complete such outstanding projects identified as "Not Completed" on Attachment A, provided, that Buyer agrees to continue to assess the need for such projects and will complete such projects at such times as required to maintain the Hospital in good working condition.

(b) Physician Recruitment and Development. The parties acknowledge that, pursuant to Section 10.8(a), during the first five (5) years following the Closing Date, Buyer was required to expend $7,500,000 in its efforts to recruit at least twenty-five (25) physicians to the Hospital, with an initial focus to recruit three (3) to five (5) family practice physicians. Buyer represents that it has recruited at least twenty-five (25) physicians to the Hospital with the initial focus on recruiting family practice physicians, and has expended $6 million in physician recruitment efforts and approximately $40 million in physician losses in connection with recruiting physicians to the Hospital. The parties agree that Buyer's expenditure of $40 million in physician losses together with the $6 million in physician recruitment efforts satisfies Buyer's recruitment commitment pursuant to Section 10.8(a) of the Purchase Agreement. Buyer further represents that it is currently working to recruit and will continue to use good faith efforts to recruit physicians to the Hospital, including but not limited to one (1) to two (2) general surgeons, one (1) obstetrician/gynecologist, and one (1) to two (2) primary care providers within the next three (3) to five (5) years.

(c) Residency and Hospitalist Programs. The parties acknowledge that, pursuant to Section 10.9 of the Purchase Agreement, Buyer has an obligation to work with Iowa training programs to establish a resident rotation program at the Hospital. Given the size, status of operations, and capabilities of the Hospital, the parties agree and acknowledge that the establishment of such residency rotation program at the Hospital is not feasible nor practicable at this time. As a result, the parties agree to waive the requirement to establish a resident rotation program at the Hospital pursuant to Section 10.9 of the Purchase Agreement.

(d) Outpatient Substance Abuse Program. Pursuant to Section 10.16(f) of the Purchase Agreement, the parties agreed that Buyer would establish and implement an outpatient substance abuse treatment program in Ottumwa, Iowa, affiliated with the Hospital. The parties acknowledge that such program has not yet been established given certain operational practicalities and the financial feasibility of establishing such program, and in substitution of the requirements of Section 10.16(f) the parties hereby agree to use good faith efforts to explore, support, and establish within two (2) years of the execution of this Letter Agreement a viable behavioral health service line for the treatment of adult behavioral health needs, substance use disorders, or other similar program as determined by the Hospital in consultation with ORHC based on community need.

3. Capitalization. Capitalized terms used but not otherwise defined herein shall have the meanings set forth in the Purchase Agreement.

4. Conflicts/Ratification. This Letter Agreement will constitute an amendment to the Purchase Agreement pursuant to Section 13.29 thereof with respect to the matters set forth herein. The balance of the terms of the Purchase Agreement shall remain in full force and effect.

5. Counterparts. This Letter Agreement may be executed in two (2) or more counterparts, each of which will be deemed to be an original copy of this Letter Agreement and all of which, when taken together, will be deemed to constitute one and the same agreement. The exchange of copies of this Letter Agreement and of signature pages by facsimile or Portable Document Format (PDF) transmission shall constitute effective execution and delivery of this Letter Agreement as to the parties and may be used in lieu of any originals for all purposes.

[*Signature Page Follows.*]

IN WITNESS WHEREOF, the parties have caused this Letter Agreement to be executed as of the date first above written.

ATTACHMENT A

Capital Projects and Infrastructure Projects

Capital Projects			
	Project	**Completion Status**	**Rationale/Response**
Buyer shall undertake the following capital projects:			
1.	As soon after the Closing as is practicable, commence the design and construction of a permanent building to house a catheterization lab in accordance with the specifications described on Exhibit O-1, purchase equipment therefor and recruit a cardiologist (subject to Buyer's receipt of any required Certificate of Need approval which Buyer shall use reasonable commercial efforts to obtain expeditiously).	Completed	This project was timely completed.
2.	Immediately after the Closing, commence the process to build a new medical office building with a minimum of Fifteen Thousand (15,000) square feet ("MOB") in accordance with the specifications described on Exhibit O-1.	Completed	This project was timely completed.
3.	Complete a remodeling of Hospital's nursing unit and intensive care unit in accordance with the specifications described on Exhibit O-1 within one (1) year following the Closing Date.	Completed	This project was completed, but was completed in 2012 after the one-year deadline.
4.	Complete a remodeling of Hospital's emergency department in accordance with the specifications described on Exhibit O-1 within two (2) years following the Closing Date.	Completed	This project was timely completed.
5.	Commit to investment in the following projects: (i) $750,000 for purchase of the CLS Interests, (ii) $1,246,000 for the purchase of a PET scan (subject to Buyer's receipt of Certificate of Need approval, which Buyer shall use reasonable commercial efforts to expeditiously obtain), or, if Buyer is unable to obtain a required Certificate of Need approval for a PET scan, a CT scan, (iii) $2,000,000 for expansion of services and ownership in the cancer center, and (iv) $305,000 for the purchase of a lithotripter.	Completed	These projects were timely completed.
Infrastructure Projects			
	Project	**Completion Status**	**Rationale/Response**
1.	Due to the age of the chilled water plant equipment and its reliability it is proposed to replace three of the four oldest existing chillers with two larger new 500-ton chillers keeping the existing 350-ton chiller in service at an estimated	Completed	This project was completed, but was completed in 2018 after the five-year deadline because there was available life remaining in the prior equipment and replacing it before 2018 was premature.

	cost of $1,000,000. This work is required when any new construction is developed.		
2.	Replace portions of the oldest roof sections with a new membrane roof flashing of roof equipment and repair the exterior masonry walls where cracks are evident including recalking the exterior windows at an estimated cost of $512,000.	In Progress	Approximately 75% of the old roofs have been replaced. Buyer continually assesses the need for further roof replacements while also getting remaining useful life out of the remaining roof sections.
3.	Repair and replace as needed the parking areas at the front of the hospital at an estimated cost of $250,000.	Completed	This project was completed timely.
4.	Relocate the existing Step Down Unit from the second floor to the third floor and replace the existing 2 pipe fan coil units with a 4 pipe fan coil unit or an all air system at an estimated cost of $2,585,000.	Completed	The Ottumwa Regional Legacy Foundation Board of Directors consented to adding the new da Vinci Surgical Robot as an infrastructure project on September 21, 2011, with an investment amount of $1,474,350.34. The da Vinci Surgical System installation was completed and subsequently an additional investment in an advanced da Vinci Surgical System was made in 2023 in the amount of $1,126,724.75. Buyer spent a total of $2,601,075.09 towards the da Vinci capital investments. As a result of adjustments Buyer made in 2023 to accommodate step down patients on the Hospital's Med/Surg floor, relocating the stepdown unit is not necessary. The parties agree that the relocation of the stepdown unit is no longer required and that the da Vinci Surgical investments are substitutes for the relocation of the step down unit.
5.	Replace the existing chilled water air-handler-units that are over thirty years old as needed with new units over the next five years at an estimated cost of $500,000.	Completed	There are a total of 18 chilled water air handlers in the building. Three units were fully replaced in the years 2002, 2004, and 2023. The remaining units have undergone extensive upgrades, including transitioning from pneumatic to electronic controls, ensuring modern and efficient operation.

			Routine maintenance and upkeep are diligently performed, with coils regularly replaced to maintain optimal performance. Any issues are promptly addressed by HVAC professionals, ensuring the building consistently maintains appropriate and comfortable temperatures.
6.	Replace ground fault protection on five existing feeder breakers at the service entrance to provide two levels of ground fault protection at an estimated cost of $40,000.	Not Completed	The ground fault protection on the five existing feeder breakers has not been completed, as it has not posed a significant operational concern.
7.	Provide an electrical system study to determine the correct settings for the adjustable breakers on the normal and essential electrical system at an estimated cost of $50,000.	Completed	We conduct Arc Flash testing biannually, utilizing advanced infrared technology to proactively identify any hot spots in the electrical panels. Our on-site electricians are always present during these tests, ensuring that any identified issues are promptly and effectively resolved, maintaining the safety and reliability of our electrical systems.
8.	Replace the existing 208V electrical switchboard which is near the end of its service life at an estimated cost of $275,000.	Not Applicable	The Hospital does not have any 208V electrical switchboards to replace. Instead, Hospital has a total of 8 electrical panels. One of these electrical panels was replaced in 2014 at a cost of $163,478.46, but otherwise Buyer has not identified any needed replacements of electrical panels.
9.	Replace the existing electrical transfer switches and the essential system distribution panels and locate into new electrical rooms at an estimated cost of $300,000.	Completed	This project was completed timely.
Other Projects			
	Project	**Completion Status**	**Rationale/Response**
1.	Following the Closing Date, should any of the mechanical or electrical systems, equipment or elements identified on Exhibit O-3 be broken or in disrepair such that safe, reasonable operations	Ongoing	There have been updates to mechanical or electrical systems as needed. To Buyer's knowledge, everything is operating consistent

	of the Hospital are affected, Buyer agrees that it shall also fund such projects (in addition to, and not in lieu of, the Capital Projects described in Section 10.6 and the routine capital expenditures described in Section 10.7), provided further all such expenditures shall be credited against the Note (to the extent it remains outstanding).		with current codes that regulate these systems. Nothing currently represents a safety issue.
2.	Buyer agrees to: (i) build, subject to any required Certificate of Need approval, a second catheterization lab equal to the quality and size of the first catheterization lab if patient volume and usage of the first lab makes it necessary to provide a larger service capability; and (ii) expand the MOB to up to Thirty Five Thousand (35,000) square feet if there is sufficient demand for such an expansion.	Completed	Buyer has built a new catheterization lab that is equal to the quality and size of the first catheterization lab, which opened in August 2023. There is no need for an MOB expansion at this time.

State of the Hospital Update

December 2024

Reflections: Thank You

- Our hospital has weathered challenges and changes, and our team is deeply grateful for the support we continue to have from our community

- Our employees take great pride in providing excellent healthcare to our friends and neighbors – we have a strong, caring team

- We are committed to being a true partner and to enhancing and expanding the services our community needs the most

Our Guiding Principles

Our Mission

Making communities healthier®

Our Vision

We want to create places where:

- People choose to come for healthcare
- Physicians and providers want to practice
- Employees want to work

Our Core Values

Champion patient care

Do the right thing

Embrace individuality

Act with kindness

Make a difference together

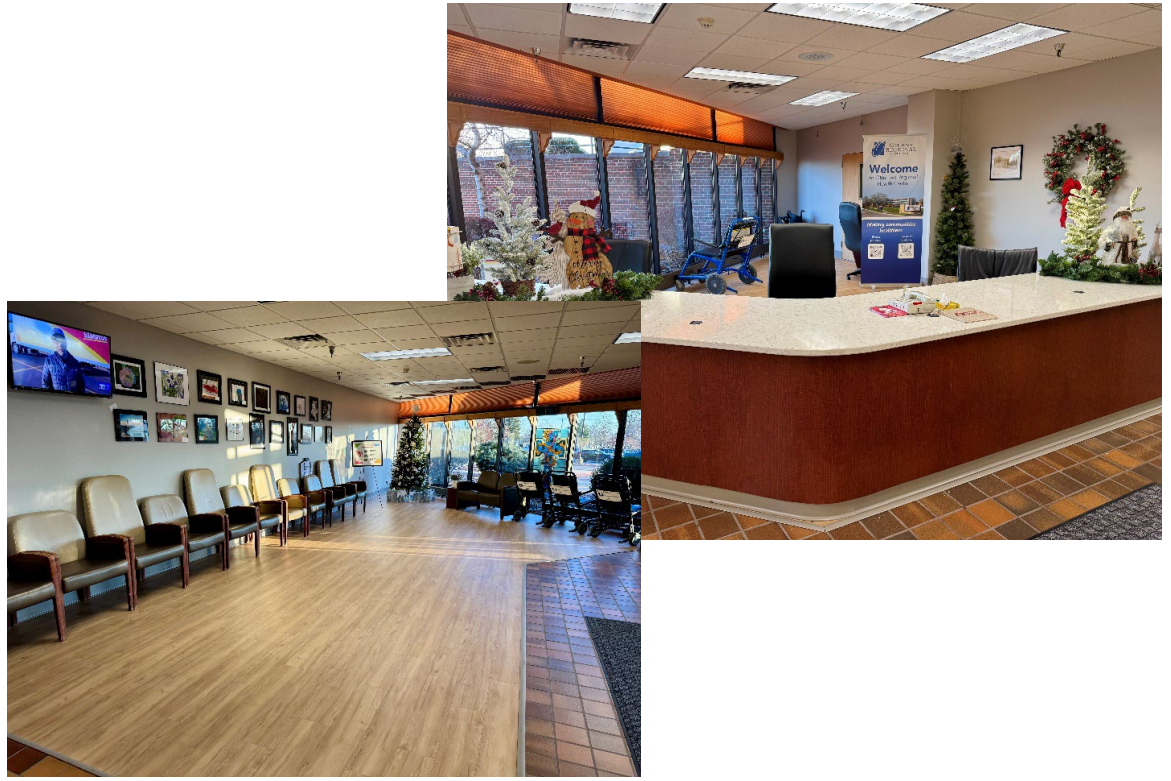
Ottumwa Regional

Ottumwa Regional

Operational Updates

Enhancing Our Campus

- Renovated our reception area
- Patient room enhancements
- More to come in 2025



ORHC by the Numbers in 2024

404 team members (+ contract labor)

15 employed physicians

52,763 outpatient visits

11,434 ER visits

8,656 patient days

1,807 inpatient admissions

589 cath lab procedures

211 babies born

**As of October 2024*

Ottumwa Regional

Welcome New Leaders

Scott Avery
Executive Consultant

Gary Thompson
Director, Plant Operations

Ronda Crump
Director, Pharmacy

Issues Update: SBC Report

- Appreciate Senator Grassley's commitment to the health of people throughout our region
- Provided extensive data and information in response to questions from Senator Grassley's office
- Expect a report from the Senate Budget Committee; will continue to share updates with the community as we have them
- Look forward to a continued partnership with Senator Grassley and all of our state and local leaders

Issues Update: Ownership

- Being a part of a system protects us from many of the challenges facing rural hospitals
  - Nearly 200 rural hospitals have closed in the past 20 years (30% at risk of closure in Iowa)
  - No service line closures at ORHC, committed to expanding services
  - Only 38% of Iowa hospitals (including ORHC) offer OB services
  - Only 24% of Iowa hospitals (including ORHC) offer BH services

- Our tax status allows us to invest back into our hospital community
  - Invested more than $20 million in our hospital and in expanding services (2019-2023)
  - Provided nearly $50 million in charity care (2019-2023)
  - Paid more than $27 million in taxes (2019-2023)

Ottumwa Regional

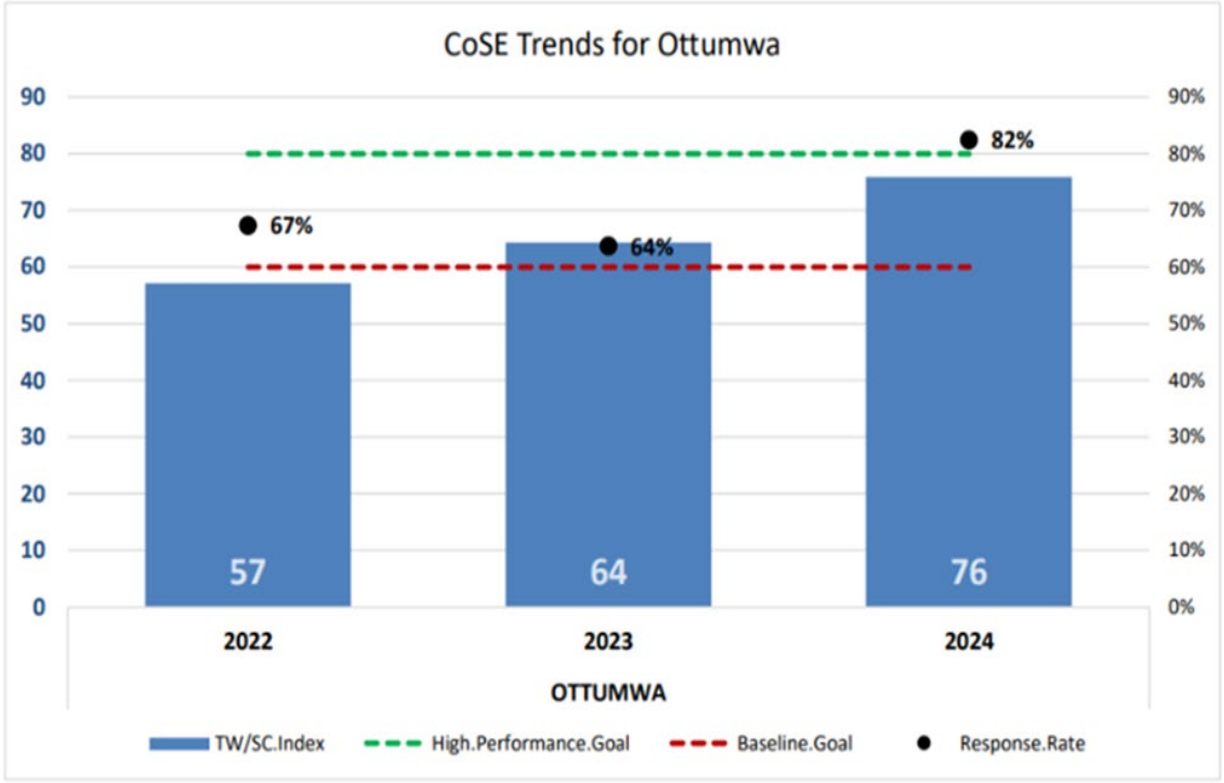
Ottumwa Regional

Investing in Our Team

Our Focus Areas

- Building culture and strengthening employee engagement
- Retaining and recruiting excellent team members and skilled providers
- Reviewing market data and investing in employee compensation increases for identified roles

Culture of Safety and Engagement Employee Survey



Building Employee Culture

- New employee communications tools
- Encouraging community event participation
- Employee and service awards
- Fun activities and events
- Employee engagement committee

Culture & Community Building

Recruitment

- **New Providers & Staff**
  - Dr. Alan Billsby – General surgery (12/24)
  - Dr. Nedal Alkhatib – Orthopedics (2/25)
  - Dr. Jessica Zaret – OB/GYN (1/25)
  - Abigail Storto – Certified Nurse Midwife (12/24)
  - Scotlan Peterson – Certified Nurse Midwife (7/24)

- **Open Provider Recruits**
  - OB/GYN
  - General surgery
  - Nurse practitioners (primary walk-in care)

Investing in Our Team

- Committed to being an attractive place to work and reducing contract labor
- Nearly $800,000 in compensation increases in 2024
- Continuing to evaluate other positions and needs in 2025

Ottumwa Regional

Advancing Quality & Services

Strengthening Our Quality

- 13 quarters with no catheter associated urinary tract infections (CAUTI)
- 10 quarters with no central line associated blood stream infections (CLABSI)
- 7 quarters with no hospital acquired MRSA infections
- 0 NHSN harms 2024 to date (National Healthcare Safety Network)
- Overall c-section rate: consistently below goal of <33% (2023 and 2024)

Investing in Services & Equipment

- Provide 911 EMS services to Ottumwa and Wapello County
- New exam tables, EKG machine replacements, nerve stimulator, AED and more
- Aquablation: the first robot in Iowa to support men with prostate issues
- A second Da Vinci robot
- New cardiac cath lab in 2024
- New MRI coming in late 2025

Ottumwa Regional

October 2024 YTD Capital

Project	Approved Amount

Thank You for Your Support

"Ottumwa Regional Health Center and its team of caregivers provide essential care to the community and surrounding region. At a time when many rural hospitals face an uncertain future, it's great to see ORHC investing in its team members and working to expand access to maternity and behavioral health services. The Iowa Hospital Association appreciates ORHC's contribution to our state's healthcare landscape and we look forward to the hospital's future success." – ***Chris Mitchell, President and CEO, Iowa Hospital Association***

Ottumwa Regional

Thank You

We take great pride in caring for our friends and neighbors.

We are committed to being a strong community partner and to meeting our community's healthcare needs as we move forward together.

Ottumwa Action Plan

Last updated: 12.5.24

Service Line	Improvement Focus	Observation	Solution	Notes	Owner(s)	Start Date	Due Date	Completed Date	Status	Updates:
Emergency Dept	Case Management	Providers are not utilizing Case Management to their full potential for their Obs vs. Inpatient decisions	Review Interqual criteria with the providers and set expectations regarding when/how to contact Case Management. We will schedule a ZOOM meeting with Case Management prior to our 10/9 on site meeting.	[redacted]	Team	9.20.24	Ongoing	10.9.24	Completed	Feedback was positive from [redacted] team regarding usage of Case Management resources and Obs/Inpatient status. We will continue encouraging the team to use these resources, and [redacted] will reach out to [redacted] with any future issues
Emergency Dept	Documentation	There is no consistency in the order sets used or the way that providers document core measure issues (sepsis, trauma, etc.)	Review order sets with our TeamHealth Documentation Specialists, and provide training/feedback to the providers	Our internal meeting has been scheduled for 10.29	[redacted] TeamHealth Documentation Team	9.20.24	Ongoing	11.6.24	Completed	10.18: Our internal group is pulling records to review any trends or specific educational topics for the physicians, before making changes to order sets. 10.25-The internal meeting has been scheduled for 10.29. 11.7- [redacted] is adding a Provider in Triage note and working with our internal team to make additional verbiage changes after the chart review by both parties.
Emergency Dept	Documentation	Restraint documentation is not consistent among providers	Review order sets with our TeamHealth Documentation Specialists, and provide training/feedback to the providers	Our internal meeting has been scheduled for 10.29	[redacted] TeamHealth Documentation Team	9.20.24	Ongoing	11.6.24	Completed	10.18: Our internal group is pulling records to review any trends or specific educational topics for the physicians, before making changes to order sets. 10.25-The internal meeting has been scheduled for 10.29. 11.7- [redacted] is working with our internal team to make additional verbiage changes after the chart review by both parties.
Emergency Dept	Metrics	There is a potential issue with the EMR double counting LWOTs/AMAs	Review EMR issue with [redacted]	[redacted] met with [redacted] on 9.5.24 and the issue is currently being fixed at the HSC level	[redacted]	9.4.24	Ongoing	Ongoing	Completed	[redacted] is working on determining the root cause of this data issue
Emergency Dept	Metrics	Patients are not receiving full discharge instructions	We will send the facility a discharge review resource that would be driven by the nursing department	[redacted] have already discussed this strategy, and we will put [redacted] into these conversations.	[redacted]	9.20.24	Ongoing	Discharge document sent 9.20.24; ongoing education	Completed	10.25: We will obtain an update from the provider group during our meeting on 10.29. 11.7- We will discuss how this process is continuing to work in our 11.13 ED meeting
Emergency Dept	Metrics	Sepsis fallouts are a big miss	Mandy will provide TeamHealth with monthly core measure data to include in the Physician Scorecards, and to be discussed in the monthly ED Operations meeting	We will work with [redacted] to obtain core measure data; Meeting scheduled for 10.7.24 @ 1130 CST via ZOOM	[redacted]	9.20.24	Ongoing		In process	[redacted] is working on giving TeamHealth access to the secure documents in the share drive; 10/18/24-still pending access to these documents. 11.13- We will begin reviewing these as a team via a Sepsis Workforce group, similar to the Chest Pain Work Group. [redacted]ves are TBD from the facility.
Emergency Dept	Metrics	Increased LWOTs	Discuss implementation of a PIT process for the APCs on shift each day	We will discuss this with [redacted] during our rounding call this month.	[redacted]	9.30.24	Ongoing		In process	[redacted] has been able to staff a dedicated Triage RN, and the providers are discharging patients from Triage as the census allows. We will continue to discuss the APC PIT process with the staff. 10.25-TH will have an internal meeting discussing next steps on 10.25. We will present our Triage process plan with [redacted] for additional input. 11.7- We have mapped out a PIT plan that we will discuss with the APCs on 11.8 and then bring forward to the Administration/Provider groups for additional feedback. 11.13- Awaiting completion of the PIT note to be placed into the EMR. 12.5- Following up with [redacted] on anticipated completion date
Emergency Dept	Metrics	Low Press Ganey Scores	APEX education	We will share monthly APEX "bite sized" education with all departments, and provide in person training once we have a core group of providers in place	[redacted]	9.20.24	Monthly		Ongoing	10.18- October education will be sent to the facility by 10.21.24 (COMPLETED) 11.15-Next education will go out the week of the 18th. 12.5- Education will be sent out next week due to the holidays.
Emergency Dept	Radiology	MRI usage is stated to be abnormally high	Obtain Radiology reports and schedule a ZOOM meeting with Radiology prior to our on site 10/9 meeting.	We will work with [redacted] on obtaining specific reports/numbers. We have a meeting scheduled on 10.9.24 @ 1030 CST.	[redacted]	9.20.24	Ongoing		In process	10.9 [redacted] is gathering MRI data for us to review. CT/Plain film orders are within normal volumes, with the exception of increase contrast usage. Once the data is available, we will review for next steps. 11.15-Will round back with [redacted] on expected date. 12.5- Still awaiting data for review
Emergency Dept	Staffing	Quarterly staff meetings need to be conducted	Begin quarterly ZOOM staff meetings (MD/APC) beginning in October	Team metrics will be reviewed, Press Ganey scores/goals, facility news, Quality Goals, etc. Each individual provider will have their own scorecard for review as well.	[redacted]	9.30.24	10.31.24	October Provider meeting scheduled for 10.29.24	Ongoing	10.25-Provider meeting scheduled via ZOOM for 10.29 [redacted] will be providing nursing information for the agenda as well. 12.5-The next provider meeting is in the process of being scheduled; awaiting best dates for scheduling.
Emergency Dept	Staffing	There is a concern that our APC shift times do not cover our patient volume by hour needs	We will run a Cognition report to review the ideal staffing model times based off of the current patient volumes	The current APC staffing model is 10-10 (M-F). There is feedback that it feels like the staffing times need to be pushed back to 12-12. After running the Cognition report, the APC staffing is scheduled appropriately; we can review at our Goals Progress meeting on 10.9.24	[redacted] Performance Improvement Team	9.20.24	9.24.24	9.24.24; we will discuss further during our 10.9 Goals Progress meeting	Completed	10.9- There is still facility concern that the APC shifts should be pushed back, as this is when a large number of LWOTs are taking place. We will discuss pushing the shift back to 11-11 with the APC group.
Emergency Dept	Staffing	There is no consistency in shift report from Day to Night Shift team	We will educate the providers and supply a shift report template if needed	We have a one on one meeting scheduled with [redacted] on 9.30.24, in which we will add this topic to our agenda.	[redacted]	9.30.24	Ongoing		Ongoing	10.18- This topic will also be on our staff meeting agenda. 11.13-Obtaining update on how the shift report is going from the FMD
Emergency Dept	Staffing	FMD Opening	Pro-actively recruit	[redacted] will be attending ACEP in October	[redacted]	9.20.24	Ongoing		In process	10.25-No current updates. 12.5- Recruiting is screening a potential candidate that was looking for leadership positions within our group.
Emergency Dept	Staffing	Core provider openings	Pro-actively recruit	TeamHealth will meet with our Recruiting team to develop the best strategy for the area. A new Locum search has been opened pro-actively, until core providers are onboarded.	[redacted]	9.20.24	Ongoing		In process	[redacted] has confirmed that he will still be joining the provider team FT; we are following up on his pending Credentialing items so that we can provide a new EPD 11.13- [redacted] is still pending licensure, so we are treating this position as open. 12.5- We are reviewing (2) other potential Locum providers for staffing needs.
Emergency Dept	Staffing	Provider Concerns	Removal of Dr. [redacted] (Locum)	The facility has requested that Dr. [redacted] be removed from the schedule due to a numerous amount of issues	[redacted]	9.13.24	10.1.24	9.13.24	Completed	Feedback was given to TeamHealth Locum Leadership and his Locum agency.
Emergency Dept	Team Collaboration	There is no collaboration between EM/HM physician leaders	Conduct monthly EM/HM Leadership meetings	These meetings will include EM FMD/HM FMD [redacted]	[redacted]	We will discuss on 9.30.24 during our rounding call with Dr. Murdock	Ongoing		In process	10.18- We discussed opportunities for this collaboration during our 10.9 on site meeting; date TBD

Emergency Dept	Education	Obstetrics Education needed for the facility	An on site obstetrics simulation training has been scheduled for 11.4.24 & 11.5.24	The dates/times were provided by [redacted] to encourage our providers to join in person. Online materials have been requested for those that are unable to attend in person.	[redacted]	We will discuss on 9.30.24 during our rounding call with [redacted]	Ongoing	11.5.24	Completed	10.9- We will encourage in person training but understand the travel restrictions that most of our providers would encounter. A online education option will be available through Healthstream. 10.18- This will also be a topic of discussion during our team meeting
Emergency Dept	Metrics	HEART score utilization is needed for Chest Pain Workgroup	Obtain individual HEART scores and provide education	Next Chest Pain Workgroup meeting is scheduled for 10.10.24	[redacted]	9.27.24	Ongoing	10.10.24	Completed	10.10- Individual provider HEART scores were shared with the Chest Pain Workgroup for reference; we are also removing the TIMI score from documentation templates and placing HEART score information on the providers computers as a reminder.
Emergency Dept	Metrics	Individual Provider Scorecards	Create individual provider metrics scorecards to share with each clinician as an educational tool for improving throughput		[redacted]	10.24.25	Ongoing	11.6.24	Completed	10.25- Provider scorecards are being created to share with the providers after our staff meeting next week; these will be updated monthly. 11.7- We will send the scorecards out to each individual providers for their review. The scorecards have been back dated to the beginning of the year. We will update them monthly.
Emergency Dept	CMS Action Plan	Action Plan submission to CMS for EMTALA	[redacted] will review 10 charts per week for 16 weeks; weekly updates will be provided by the Quality group	[redacted] sent a list of completed EMTALA training for the providers on 11.4.24.	[redacted]	11.4.24	Ongoing		In process	11.4 [redacted] will send out the accepted CMS Action Plan to the group for awareness and to determine a start date, and provide [redacted] emote access in case he is needed for chart reviews. 11.14 [redacted] was sent the paperwork to complete for remote access; no start date for chart review information has been shared by the facility at this time. 12.5- [redacted] is completing (10) chart reviews a week per the CMS Action Plan. He does not have internet access when he is not on site, so alternatives will be made for chart reviews if he is unable to complete them onsite. [redacted] is still

Performance Summary

Ottumwa

Data Recency | Inpatient | 2023Q4

Executing on Key Growth Strategies

Growth Strategy	Existing 2024 Growth Strategy Y/N?	Approach	Needs	Expected Results	Milestones
Growth Strategy #1: **Cardiac Services**	Yes	Collaborate w Iowa Heart to recruit FT Ottumwa Cardiologist Work to maintain current volumes despite losing local Cardiologist As situation develops, constantly evaluate for opportunities/risks	[redacted]		
Growth Strategy #2: **Orthopedics**	Yes	New Ortho to start 12/1/24 G&O visits to introduce and begin forming relationships w referral sources and community Establish Ortho Center of Excellence Team			
Growth Strategy #3: **OB/GYN**	Yes	Partner with local FQHC as a referral source New Nurse Midwife starting Q3 2024 Convert PSA OBGYN to Full Time Market all-female OB team to community			
Growth Strategy #4: **Implement Adolescent Inpatient BHU**	No	Collab w Lifepoint BH on project **& future of ORHC** Access Tele Psych to provide care Collab w local, state elected officials to help with CON and possible funding			

Existing Growth Strategy #1: Cardiology

Executive Summary

Continue building ORHC cardiology services:

- [redacted]
- Improved relationship w Iowa Heart in 2024
- [redacted]
- Continue working relationship and volumes based upon provider availability from Iowa Heart

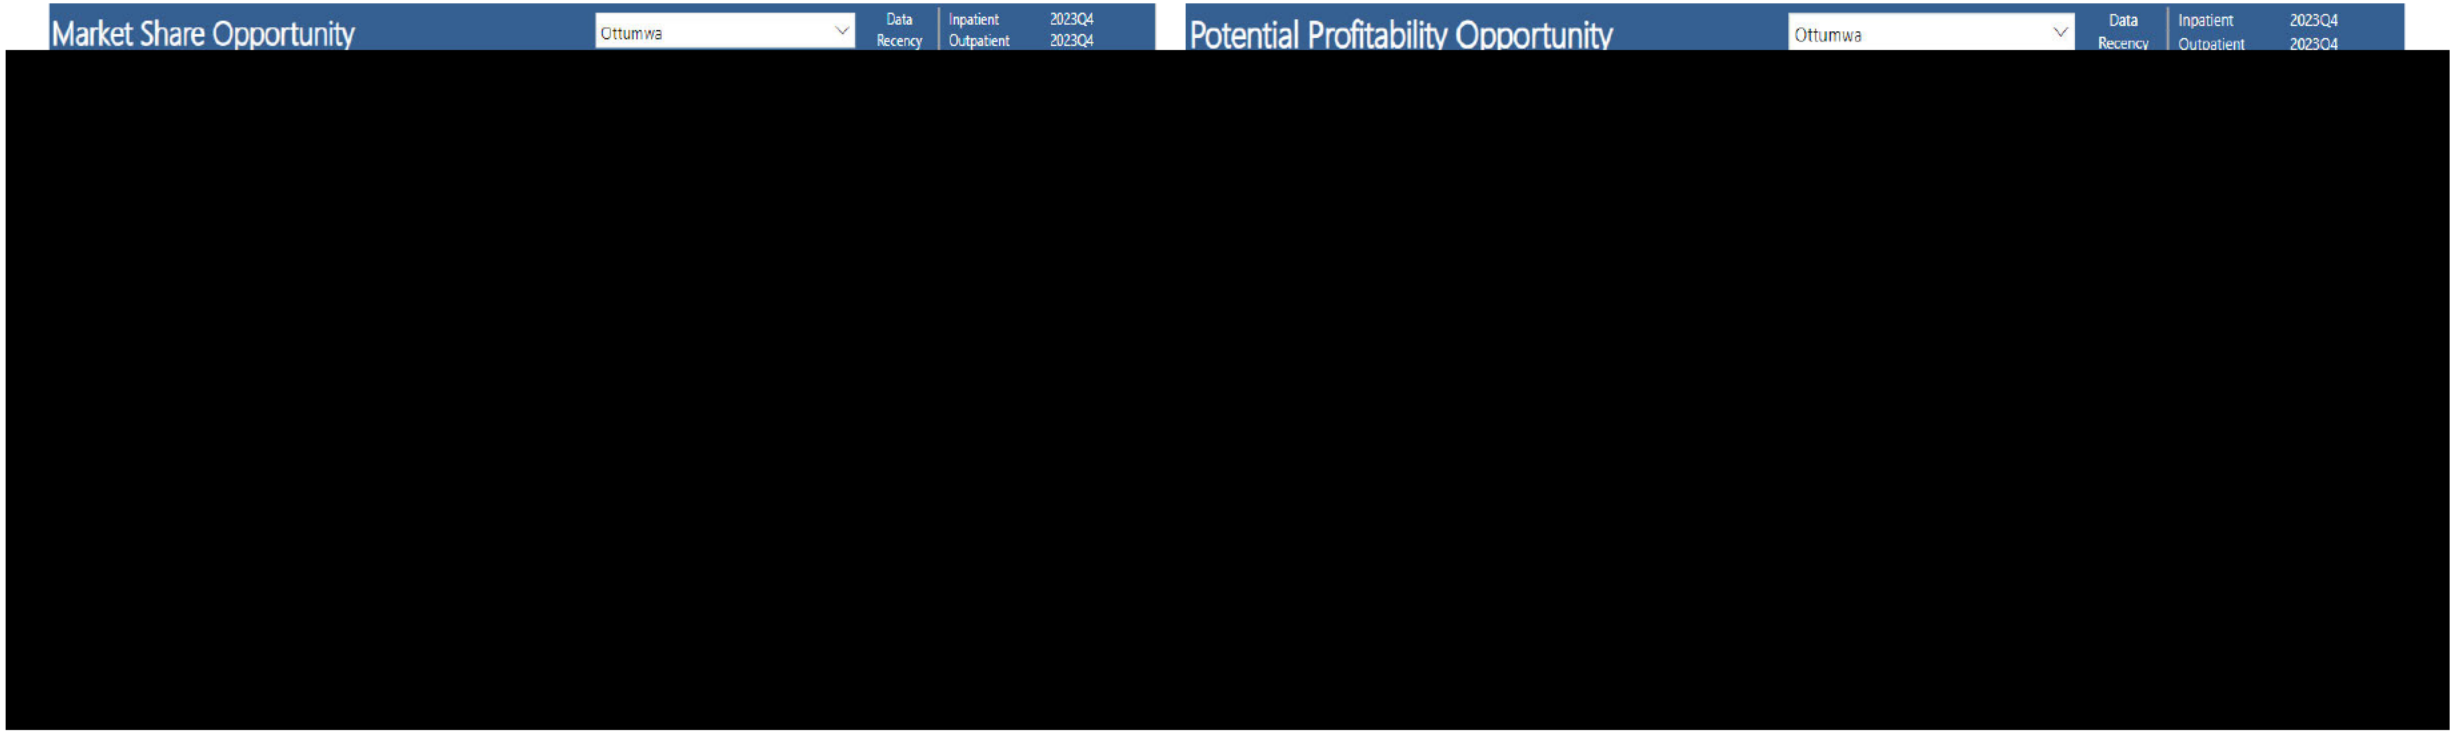
Locums expense reduction	[redacted]	[redacted]	[redacted]
	[redacted]	[redacted]	[redacted]



Lifepoint Health

New Growth Strategy #1: Inpatient Adolescent Psych

Executive Summary

- Ottumwa faces significant behavioral health (BH) needs, currently offering only adult inpatient psychiatric care.
- Adult BHU ADC increased from 5.5 to 9 YOY
- 94 Adolescent ED BH visits/month Q2 2024
- Data reveals a need for 44 psychiatric beds, yet only 12 are available.
- Collaborate with Lifepoint BH, and local and state elected officials, to secure support and funding for expanding these essential services.
- This initiative will also generate significant goodwill, as we provide a much-needed solution for a community, region and state in crisis.

Financials

Year	One-time Costs (e.g., CapEx)	Expected Returns
2025	[redacted]	[redacted]
2026	[redacted]	[redacted]
2027	[redacted]	[redacted]

Options Considered

- Insufficient adolescent beds in region and throughout state, likely receive patients from large geographic region
- Monthly adolescent psych ED visits 16/month at ORHC alone
- BH needs are projected to increase 14% then 18% in 5 and 10 years
- **Potential to parlay into outpatient BH services in the future**

Benefits and Contribution to Business Strategy

- Lean further into BH space which is one of only 2 major service lines projecting growth in next 5/10 years in Ottumwa
- Consider Adult IOP & Adult IOP SUD
- Per diem reimbursements

Key Risks to Timeline & Value Capture

[redacted]

Date	Milestone / Activity	Completed Y/N
Q3 2024 Q4 2024	• Obtain approval of project concept • Develop budget and submit CAMS • Receive final project approval • Obtain CON	N

[redacted]	[redacted]
[redacted]	[redacted]
[redacted]	[redacted]

New Growth Strategy #2: Intensive Outpatient Program (IOP)

Executive Summary

- Ottumwa faces significant behavioral health (BH) needs, currently offering only adult inpatient psychiatric care.
- Market data shows significant need for outpatient substance abuse/behavioral health programs
- Available space for IOP with minimal construction needed
- Collaborate with Lifepoint BH, and local and state elected officials

Financials

Year	One-time Costs (e.g., CapEx)	Expected Returns
2025	[redacted]	[redacted]
2026	[redacted]	[redacted]
2027	[redacted]	[redacted]

Options Considered

- Insufficient outpatient programs in geographic region
- Opportunity to bridge gap between adult inpt BHU and outpatient services
- BH needs are projected to increase 14% then 18% in 5 and 10 years
- **Potential to parlay into outpatient BH services in the future**

Benefits and Contribution to Business Strategy

- Lean further into BH space which is one of only 2 major service lines projecting growth in next 5/10 years in Ottumwa
- Consider Adult IOP & Adult IOP SUD
- Per diem reimbursements

3-year Recruitment Plan - Growth

Start Year	Specialty	FTE Needs	Commentary/Notes
2024	OB/GYN	1	• ORHC has no full-time OB/GYNs, we currently utilize 1099 contracted providers
2025	Internal Medicine	2	• PSA shows a need of 11.4 FTE's • ORHC has 4 Family medicine providers and currently no Internal Medicine providers
2025	Orthopedic APP	1	• Second Ortho begins late fall of 2024 • As ramp up continues, APP will be needed
2025	General Surgeon	1	• Continuing growth of service line.
2025	OB/GYN	1	• ORHC will have 1 full time OB/GYN by 2025 • Need 2 full-time physicians to maintain service line
2026	Internal Medicine	1	• Continuing growth of IM service line • Demand will continue to outpace access

3-year Recruitment Plan - Backfill

Provider Name	Specialty	FTE	Employed or Affiliate	Expected Departure Date / Year	Reason for Departure	Near-term Mitigation Plan (including other physicians)
[redacted]	Gen.Surg.	1	Employed	9/19/2024	Resignation	• Utilizing Locums while recruiting • Negotiating with Gen. Surg. regional practice for contract

Key Operational Excellence Initiatives

Initiative	Goals by end of 2024	Key milestones	Rationale for focus
• **Reduction in GLOS**	• Meet GLOS +/- 10%	• O's engaged in IDT improvement • Apogee/TH outcome reviews • Monitor social admission	• ED throughput • LOS improvement • High observation %
• **Transfer center utilization**	• Increase acceptance by 10% • Incr. transfer center referral by 10%	• Build ICU volume with reopening of ICU by 10% • Building "Yes" culture	• Volume growth • Imp. relationships w ref. facilities • Return to Ottumwa "Regional"
• **NQP Journey**	• Obtain 75% on qualitative NQP scorecard	• Train to just culture algorithm for frontline and medical staff • Patient experience action plans for each unit	• Complete alignment of goals • Engagement drives understanding, and outcomes
• **ED efficiency improvement**	• 25% reduction in DC LOS • 50% reduction in LWOT %	• Vertical ED process implementation • ED/BHU admission process	• Operational excellence drives pt. satisfaction, quality outcomes & volume
• **Patient Experience (HCAHPS)**	• 50th percentile in top 4 focus domains	• BSSR & Leader rounding • Hourly rounding mastery	• Patient experience drives CMS stars and Leapfrog
• **RN Recruitment and retention**	• Reduction in voluntary FT/PT/RN turnover rate by 25% • Functional vacancy rate reduction by 25%	• Implement CoSE action plans • Rollout recruitment toolkit • Need competitive compensation • Collaboration with local colleges	• Stabilized/engaged staff – foundation for quality outcomes & growth • Decreased CL expense
• **Billion Pill Pledge**	• Reduce opioid Rx from 60 to < 20 • Improve pt's pain and their involvement in their care • Reduce opioids in community	• ERAS protocol fully integrated • Opioid prescribed has dropped from 60 to 7 per surgical pt. - Mostly Ortho • Refills at 60 opioids down from avg. Of 3 to 1.2 refills with only 7 opioids	• ORHC from negative to positive in press and comm. • Make community healthier w less opioids • Lead comm. w positive program

Health Equity Strategic Plan (CMS Attestation)

Health Equity Goals for 2024	Action Steps	Specific Resources Dedicated	Community Stakeholder Engagement Strategies
• Reduce nulliparous C-Section rate in non-English speaking populations	• Utilize nurse navigator at local meat packing plant and local churches to increase utilization of prenatal care in this population. • Increase access to care at Women's Clinic by establishing Medicaid eligibility in uninsured populations	• Practice Management • Women's Clinic • OB Providers	• Work with local meat packing plant and churches
• Maintain >85% screening for social drivers of health	• Data collected and reviewed by the Health Equity Team • Identify action items to drive improvement • Data shared w/ Med. Staff, Med Exec, and Board	• Executive team • Clinical SMEs • Health Equity Team	• Info shared with board • CEO meets w/ community group, i.e. Rotary • Local and state legislative collaborations
• Training for collection of culturally-sensitive information	• Education at general hospital orientation/annually on collection of culturally-sensitive information, including scripting and use of translation services	• Human Resources • Clinical leadership • Education • Health Equity Team	• Clinic navigator with focus on at risk population engagement

Quality & Reputational Outcomes

Lifepoint Health

Leapfrog

Measure	Goals	Current Performance (Fall 2024 Survey Submission)	Action Plans & Tactics to Achieve or Sustain Goals	Milestones	Business Owner & Physician Champion
CPOE	≥ 60% CPOE Test ≥ 75% CPOE Compliance (obtain both scores from the Leapfrog survey site)	67% 91%	Monthly CPOE reports are run and monitored.	Achieving the goal.	[redacted]
BCMA	➢ 95% Compliance in all ICU, Med/Surg, L&D, pre-op, & PACU units Yes for 5/5 Decision support questions (section 2.C, question 17 a - e) Yes for 6/8 Processes & structures to prevent workarounds (section 2.C, question 18 a – h)	Avg. Compliance across all defined units: 97% 5 / 5 8/ 8	Monthly BCMA reports are run and monitored. Results are reported at PSQC. Department level recognition for staff with high BCMA rates.	Achieving the goal.	
Hand Hygiene	Yes to all questions (section 6.D, questions 1 – 7, 11-15, where applicable) Meets minimum monthly hand hygiene audits per unit based on Leapfrog-defined average daily census (section 6.D, questions 8-10)	Electronic Monitoring: 20 / 20 w/o Electronic Monitoring: N/A	Electronic hand hygiene monitoring program in place.	Achieving the goal.	
Safe Practice 1 Leadership Culture	Yes to all questions in awareness, accountability, ability, & action domains 13/13 questions (section 6.A, 1.1 to 1.4)	13 / 13	Maintain compliance with all required elements.	Achieving the goal.	
Safe Practice 2 Culture Measurement	Yes to all questions in awareness, accountability, ability, & action domains 12/12 questions (section 6.B, 2.1 to 2.4)	12 / 12	Maintain compliance with all required elements.	Achieving the goal.	

Patient Experience (HCAHPS)

Measure	Goals	Action Plans & Tactics	Milestones	Business Owner
Leader Rounding	80% of Inpatients	Scheduled time for nurse leaders to round daily on Med Surg unit. Enhanced use of iRound tool to monitor rounding compliance and follow-up.	• Achieve 80% rounding compliance in iround by end of August	[redacted]
Bed-Side Shift Report Audits or Press Ganey % patients reporting that BSSR occurred at shift change (not subject to self-reporting)	75% Top Box Goal 49.50% Jan-Jun '24	Use key phrases Include patient and family in BSSR Staff education through role play Traveler onboarding to include BSSR expectations Inclusion of BSSR question in leader rounding	• Achieve 75% of Always "Yes" for "Discussed care at bedside" by end of Q3.	

Lifepoint Health

NHSN Hospital-Acquired Infections (HAI)

Measure	Goals (Standardized Infection Ratio)	Action Plans & Tactics	Milestones	Business Owner & Physician Champion
CAUTI	SIR ≤ 0.400 Current SIR 0.00	Nurse-driven protocol Daily IP Audit Catheter "Bounty" Program Urine Testing Guide for Providers Daily leader accountability in leadership brief for all catheters in place.	Q3- Establish Catheter Free ED Last CAUTI 6/9/21	[redacted]
CDIFF	SIR ≤ 0.300 Current 0.38	Two-nurse verification Colored specimen bags to designate between ED & Inpatient Specimens run once daily, and IP called for any inpatient specimens Testing algorithm in place	Q3- Demonstrate consistent escalation to IP for all inpatient specimens.	
CLABSI	SIR ≤ 0.00 Current 0.00	Daily IP rounds. CHG bathing for all patients with lines. Daily leader accountability in leadership brief for all lines in place. Meditech flowsheet includes criteria for line to remain in place and tracker that monitors number of days.	Maintain SIR of 0.00 Last CLABSI 1/2/22	

Hospital-Defined Quality & Clinical Priorities

Priority Area	Goals	Action Plans & Tactics	Milestones	Business Owner & Physician Champion
HCAHPS Nurse Communication	Target 79.42 and/or 50th percentile Q2 76.39 – Percentile Rank: 25% YTD 66.67 – Percentile Rank: 2%	• Weekly executive leader rounding with BSSR audits • BSSR competency and sign off for onboarding traveler staff • 100% daily patient rounding completed by clinical leaders • CNO actively auditing BSSR	• Reach 50th percentile rank by January 2025 • Revamp patient communication folder by end of year	[redacted]
HCAHPS Medication Communication	Target 63.11 Q2 64.38 – Percentile Rank: 72% YTD 45.60 – Percentile Rank: 1%	• Med education cards launched Q2 • Adding education sheet to each patient folder with common side effects for new medications • Clinical pharmacist to round on patients	• Implement discharge phone call script with targeted medication questions by end of Q3 • Reach 50th percentile rank by January 2025	
HCAHPS Responsiveness of Staff	Target 65.52 Q2 50.98 – Percentile Rank: 6% YTD 46.53 – Percentile Rank: 2%	• Nurse leader rounds focusing on responsiveness • Nurse call system software utilization to run reports on response times and share with staff for improvement opportunities.	• Share individual call light response data with M/S staff • Post department level response times with shared goal • Reach 50th percentile rank by January 2025

A6	Bios	Bios on the Lessee(s) Management Team and Parent Company Management Team.	Waived	☐		
B. Financial Information						
B1	Historical Financials	One year of audited financial statements on the Lessee(s), the parent company, and all entities that consolidate into LifePoint and Quorum (including Guarantors), including audit reports and monthly financials for the prior year and current year-to-date.	Approved	☐		
B2	Statistical Information	Monthly utilization statistics for the prior year for each facility and all entities that consolidate into LifePoint and Quorum including but not limited to Office Visits, Admissions, Discharges, Patient Days, Surgical Volumes, ER Visits, ER Admissions, Adjusted Admissions, Adjusted Discharges, Adjusted Patient Days, Average Length of Stay and Case Mix Index.	Approved	☐		See B1
B3	Pro Forma	A detailed three year operating pro forma (IS, BS, CF) and free cash flow analysis for the project, including all volume, operational, and financial assumptions used in making pro forma. In addition, please provide all qualitative strategic initiatives.	Approved	☐		Qoll from PWC also saved in Financial Information folder.
B4	Historical Cash Collections	Comparison of monthly Historical Cash Collection to Net Revenue for all business segments for the last year.	Approved	☐		
B5	Guarantor Debt (Pro Forma Post Transaction)	Schedule of all Guarantor debt (including any debt guaranteed by the Parent Company).	Approved	☐		LifePoint Health quarterly/annual filings
B6	Debt Agreements for Post Transaction Debt	Copies of agreements for any debt instruments of the Lessee(s), Parent Company, and any Affiliates (including Guarantors) that would survive transaction.	Approved	☐		
B7	Material Defaults	Schedule of any material defaults by Lessee(s) and/or its affiliates (including Guarantors) to any leases or debt instruments.	Approved	☐		N/A
B8	Net Revenue by Payor	Net Revenue by Payor and by operating segment and region for current year.	Approved	☐		Schedule for 2018-2019 YTD
B9	Aging Net A/R	Aging Net Accounts Receivable balances by payor for current year by operating segment and region.	Approved	☐		AR 2017-2019YTD
B10	Aging AP	Aging Accounts Payable balances by vendor for current year.	Approved	☐		
B11	Cost Reports	Schedule of all open cost report years, including outstanding amounts and current status. In addition, NPR's for any settled cost reports for the last five years. MPT may request copies of Cost Reports.	Approved	☐		
B12	Cash Flow Forecasts	Any management dashboards or reports used for tracking weekly or monthly cash flow projections.	Waived	☐		
C. Real Estate						
C1	List of Real Estate	Schedule of all owned and leased real estate by Parcel ID, including Address, Parcel/Tax ID, Lot Size, and Description of Real Estate (Exhibit A).	Approved	☐		
C2	Property Taxes	Current property tax statements.	Approved	☐		Summary provided for Conemaugh. Tax bills provided for other facilities.
C3	Capital Expenditures	Detailed schedule of next three years of budgeted capital expenditures by operating segment and region.	Approved	☐		
C4	Environmental Reports	Copies of any existing Phase I Reports, inclusive of wetlands report and permit (if applicable), pest report, and any Phase II Reports.	Approved	☐		
C5	Property Condition Reports	Copies of any existing Property Condition Reports, inclusive of ADA compliance review.	Approved	☐		
C6	Maps	Hospital campus maps including legend with building names and whether owned or leased.	Not Applicable	☐		
C7	Pictures	If available, high resolution images of facilities used for marketing purposes. If these photos include any patients, please ensure MPT has coverage under all patient releases.	Waived	☐		
C8	Plans & Specs	As-built building plans and specifications. If unavailable, please provide floor plans that include gross square footage. Electronic documents preferred.	Approved	☐		Received floor plans for all facilities.
C9	Warranties	Any building related warranties still in effect.	Approved	☐

[redacted]

Via email: [redacted]

Dear [redacted]

MPT is pleased to submit this non-binding proposal to accompany our markup of the Term Sheet outlining the general terms of a possible transaction between affiliates of MPT Operating Partnership, L.P. ("MPT") and affiliates of LifePoint Health, Inc. ("LifePoint") with regard to the acquisition and leaseback of LifePoint's 20 existing hospitals listed in Schedule B-1 of the term sheet (the "Lima Property Portfolio", "Lima" or the "Hospitals").

Subject to our discretionary diligence, MPT Board approval, and completion of definitive legal documentation, MPT expects to acquire from and lease back to Prospect all of the real estate interests (including land and all improvements located thereon, collectively, the "Real Estate") in the Hospitals on terms described in Schedule B-1 of the Term Sheet. Our proposal reflects the following assumptions:

- Initial purchase price of [$750,000,000]
- Lima Pro Forma Adjusted EBITDAR of $150,000,000
- Initial annual rent of $56,250,000, based on an initial lease rate of 7.50%
- Annual rent escalations based on CPI, with a floor of [2.0]% and a ceiling of [4.0]%
- Lease and fixed charge covenants to be determined
- Minimum 20-year initial lease term with four, five-year renewal options

We understand that as a part of our preliminary, non-binding proposal, you have requested certain information about MPT and our process that we have provided below.

Description of Acquirer: MPT is a publicly-traded (NYSE: MPW), self-advised real estate investment trust formed to acquire and develop net-leased hospital facilities. With assets of more than $12 billion [and an equity market capitalization of $7.9 billion], MPT is the world's premier capital provider to hospitals. Our portfolio is comprised of over 320 hospitals throughout the United States, Germany, Italy, Spain, Switzerland, the United Kingdom, and Australia. Our management team consists of people with hospital experience who have worked in virtually all parts of hospital operations, finance, development, and ownership. MPT is confident that our unique experience in the hospital business will minimize the delays and disruption that might otherwise result from a prospective buyer's investigations of LifePoint, Quorum and the Hospitals. Recent acquisitions include:

- $1.55 billion acquisition of 16 Prospect Hospitals

Medical Properties Trust, Inc.
1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242
205.969.3755, Fax 205.969.3756, www.medicalpropertiestrust.com

- **$145 million acquisition of 7 Saint Luke's Community Hospitals**
- $282.5 million investment in Infracore SA, a Swiss healthcare real estate company
- $45 million acquisition of BMI Harbour Hospital in Poole, England
- $906 million acquisition of 11 Healthscope Hospitals in Australia

Financing: At present, MPT has more than [$1.0 billion of cash on hand in addition to $1.3 billion of immediately available cash under our revolving credit facility, and a substantial history of being able to access capital markets for multiple $1.0 billion-plus transactions.] **There will be no financing condition or contingency related to any offer that MPT makes.**

Conditions / Approvals: Entering into a binding transaction will be conditioned upon completion of satisfactory and customary due diligence detailed below and the negotiation and execution of all necessary definitive documentation for the transaction on terms satisfactory to MPT, in its sole discretion. Prior to the signing of definitive legal documents, the transaction would require the approval of MPT's board of directors, the final internal and only other approval necessary. We are not aware of any other external approvals or filings that would be required by us to consummate a transaction. However, national, state and/or local governmental agencies or regulators may have requirements related to the transaction including but not limited to the need for notification of the purchase of the Portfolio. We would work with LifePoint's management team to facilitate the meeting of these requirements. Given our experience in acquiring assets and portfolios of assets, we do not foresee any difficulties in this process. The timeframe necessary for obtaining board approval would be simultaneous the timetable described below.

Due Diligence: As the global leaders in hospital real estate finance, our underwriting team does not need to be educated about the business of operating hospitals. Our diligence requirements will generally consist of the following:

- Meeting Apollo, LifePoint and Quorum's senior management team in New York and Tennessee; our people will be well prepared to discuss Lima's strategies, operations and future plans and forecasts
- Site visits to major facilities, including tours and access to local hospital management and physicians
- In-depth review of individual facility and parent level historical and projected financials (along with review of KPIs, volume trends, etc.)
- Analysis of future capex requirements
- Individual market reviews, including local competition and bed need analyses
- Technical real estate due diligence (property condition reports, phase 1 environmental, title and survey)
- Legal review of material contracts
- Other confirmatory real estate and legal items

Timing: The majority of our team comes from a healthcare operating background, which makes us much more efficient than less-experienced purchasers when it comes to hospital due diligence and underwriting. This translates to a shorter due diligence timeframe, a faster and more certain closing, and fewer distractions for management. We have unmatched expertise regarding the economic, tax, legal, governance and regulatory challenges that may affect the execution of a large hospital real

estate transaction. We have closed similarly sized portfolio transactions in the recent past with comprehensive diligence processes in less than 45 days. We foresee no impediment to achieving the same outcome with the Lima Property Portfolio.

Based on more than 15 years of experience in underwriting and closing more than 300 hospital transactions, we believe that absent unforeseen and unusual circumstances, we would meet the following timetable:

1. Completion of diligence and affirmative confirmation to LifePoint of any impact on MPT's valuation or willingness to complete the transaction…[15] days from LifePoint's instruction to commence.

2. Site visits, facility and parent financial review and market reviews…[45] days from LifePoint's instruction to commence and provision of materials; can be performed concurrently with item 1 above.

3. Technical real estate reviews…as soon as possible after ordering from consultants. MPT will accept updated reports if reasonably recent prior reports are available from LifePoint. Estimate [30] days from LifePoint's instruction to commence and provision of materials; can be performed concurrently with items 1 and 2 above.

4. Legal review and other…[45] days from LifePoint's instruction to commence and provision of materials; can be performed concurrently with items 1, 2 and 3 above.

5. Completion of fully negotiated definitive documentation (primarily Purchase and Sale Agreement, Master Lease Agreement, and other related transaction documents)… [45] days from LifePoint's instruction to commence and provision of materials; can be performed concurrently all other diligence processes.

Advisors: *See Attachment I – **MPT Working Group**.* At this point we have not engaged any third party advisors and do not expect to need to do so for this transaction. The majority of our diligence will be completed utilizing in-house resources and our outside counsel, Baker Donelson, who has advised us on almost every U.S. hospital acquisition we have completed. We would utilize our outside corporate counsel Baker, Donelson, Bearman, Caldwell & Berkowitz, P.C. for legal services as part of our proposed transaction. However, rest assured your primary contact throughout this transaction will be MPT personnel including our CEO, Ed Aldag, CFO, Steve Hamner, and our COO, Emmett McLean. Primary points of contact will be Justin Bass and Harrison Hyde.

Other Factors: We believe that this indication of interest provides all the information necessary for LifePoint to evaluate our proposal. However, we would welcome the opportunity to present our proposal in person or to answer any questions that may arise.

If the provisions described in this letter are satisfactory to you, we would begin our diligence procedures immediately, along with simultaneously drafting definitive agreements. Accordingly, we believe this transaction can be closed within [60] days.

Although this non-binding proposal sets forth some of the principal terms of our proposal for Prospect, it does not include all of the representations, warranties, defaults, definitions, covenants (affirmative and negative) and other terms which will be contained in the definitive documents for the transaction. Moreover, this non-binding proposal creates no obligation or right of any party with respect to any other party.

Please do not hesitate to contact me with any questions.

Regards,

R. Steven Hamner
Executive Vice President & CFO

MPT UW Site Visit Summaries

Conemaugh Health System (4 facilities) - Johnstown, Pennsylvania (2019E Adj. EBITDARM: $55M)

- Site Visit Date: 8/28/2019
- [redacted]
- 4 hospital health system in Johnstown, PA (population approx. 58,000) that is a member of Duke LifePoint Healthcare.
- The 537-bed Conemaugh Memorial Medical Center flagship campus' main structure was built in 1924. Multiple additions over time have created inefficiencies and a lack of cohesiveness between units and buildings.
    - Planned 2020 construction of an $82M "D Building" in the center of existing structures is expected to create a more patient friendly experience at the hospital as well as improve hospital operational efficiency. We are confirming whether or not this CapEx is included in their cash projections.
- 3 remaining hospitals serve as rural access points to the system in the primary service area of the main hospital. While they are a benefit and referral source to the main campus, they are essentially breakeven.
    - Meyersdale campus is currently designated a Critical Access Hospital and Conemaugh is awaiting a decision regarding CAH designation for the Minors campus.
- Conemaugh continues to evaluate needs and growth opportunities in their service area. Currently, they are building two large outpatient service clinics.
- Both major payors own and operate the main competitors of the Conemaugh system.
    - UPMC: Nearest hospital to Conemaugh Memorial located in Somerset, PA joined UPMC in February 2019.
    - Allegheny Health System: Purchased by Highmark (Blue Cross) in 2013.

Palestine Regional Medical Center in Palestine, TX (2019B Adj. EBITDARM $16M)

- Site Visit Date: 9/23/2019
- [redacted]
- In 2000 two hospitals that were both built in the late 1980s merged creating Palestine Regional. As such, there are two campuses located approximately one mile from one another.
    - Main Campus: General Acute Care
    - Secondary Campus: Behavioral Health Hospital
- Main competitors (CHRISTUS Mother Frances and UT Health East which is partially owned by Ardent) are located one hour northeast in Tyler, TX. There are several Critical Access Hospitals to the East and South of the hospital.
- In 2017 CHRISTUS Mother Frances purchased the city's large, independent primary care practice (20+ providers). This caused a major issue for Palestine

Regional as they had to build their primary care network from scratch. CHRISTUS also built a nice and large Urgent Care almost directly across from the hospital.

- Management is working to build their specialty network in order to capture market share that has declined over time due to the primary care purchase mentioned above coupled with an 18 month interim-CEO. (2015 IP Market Share of 48% to 38% in 2018)
- Palestine contracts with five nearby prisons that house 15,000 prisoners. As such, Palestine has a significant number of prisoners who visit their ER. The 14 bay ER sees 32,000 visits per year and is very busy. Each prisoner patient requires at least two guards which likely contributes to a public image challenge as there is not a segregated area for this population.
- Currently, the Behavioral Health Campus has 20 beds that are part of the state's Forensic Unit. The Forensic Unit is used to treat patients so that they can stand trial and the ALOS is 120 days. The hospital is reimbursed $550/bed/day regardless of utilization. They are in the final approval stages for a new two year contract for 24 additional beds. This will require a $4.2M renovation and take approximately 8 to 9 months to complete, but is expected to generate an additional $2.0M to $2.5M in EBITDA for the hospital.

SageWest Healthcare - 2 facilities in Lander and Riverton, WY (2019B Adj. EBITDARM $15M)

- Site Visit Date: 9/17/2019
- [redacted]
- Facilities are located approximately 30 minutes from one another and share many resources including administration, medical staff, and nurses.
- While Riverton is a full-service General Acute hospital, much of the higher acuity volume and surgeries go to Lander. Generally, Riverton ADC is 5 and Lander is 15.
- The Hospital/Community relationship has become strained over the years. This has been driven by the following:
    - Community perception is that the hospital is closing services: OB and ENT services were consolidated from Riverton to Lander and Adult Psych Unit was closed due to changes in reimbursement and investment to comply with anti-ligature requirements.
    - Hospital often transfers patients out and is on track for nearly 1,000 transfers in FY2019. Budgeted admissions for 2019 are approximately 2,500.
    - SageWest is one of the largest employers in the area and had a 40% turnover rate in 2018.
- As a result, a group of community members has come together to explore the feasibility of building a new not-for-profit hospital in Riverton. The feasibility study has not yet been released, but LifePoint believes it is not economically feasible.

- The county is home to two large Indian Nations (Eastern Shoshone and Northern Arapaho) and a large portion of the county's population is a member of these tribes. There are two Outpatient clinics located on the shared reservation, but no separate hospital.
- Wyoming is not a medicaid expansion state and the economy is driven by coal, oil and gas which have shown signs of slow down recently. Unemployment in the PSA is 9.8% which is much higher than the state or national average.
- The hospital has recently hired a Cardiologist and is in the process of getting approvals to put in a mobile, but attached Cath Lab. They expect to be opened by the end of 2019 and are projecting 150+ cases the first year.

Western Plains Medical Complex - Dodge City, KS (2019E Adj. EBITDARM: $10M)

- Site Visit Date: 8/29/2019
- [redacted]
- Rural farming and meat processing community. Two major meat processors employ 8,900 people which provides for a relatively strong commercial payor mix and potential for direct contracting.
- Earlier in August 2019, the local Tyson plant which employs over 3,500 burned down. Although they have announced that they will rebuild, it is not clear how long that could take.
- Leadership long neglected recruiting needs, but efforts have recently ramped up due to a CEO change who has had some success.
- CEO believes that they can recruit physicians and likely maintain the status quo. However, he is focused on an affiliation or partnership with Kansas University and believes this would greatly benefit the community and hospital's bottom line. CEO is in the very early beginnings of discussions with KU, this could take some time, and benefits are not yet known.
- Overall, UW would expect this facility to maintain the status quo, but unless a rich affiliation with KU is established we do not expect significant growth.

Ottumwa Regional Health Center - Ottumwa, Iowa (2019E Adj. EBITDARM: $8M)

- Site Visit Date: 8/29/2019
- [redacted]
- 120-bed hospital located in Wapello County, which includes approximately 33% more Medicaid eligible lives than the remainder of Iowa.
    - Facility is the only for-profit hospital in Iowa.
    - An aging local population remains stable and below the poverty line. The hospital is the 3rd largest employer in the community.
- Ottumwa Regional lacks any negotiating power with commercial contracts due to the size of the Iowa market as a whole.
- Overall, UW would expect this facility to maintain the status quo.

MEDICAL PROPERTIES TRUST

Project Quartermaster Underwriting Report

April 2, 2020

Table of Contents

Executive Summary

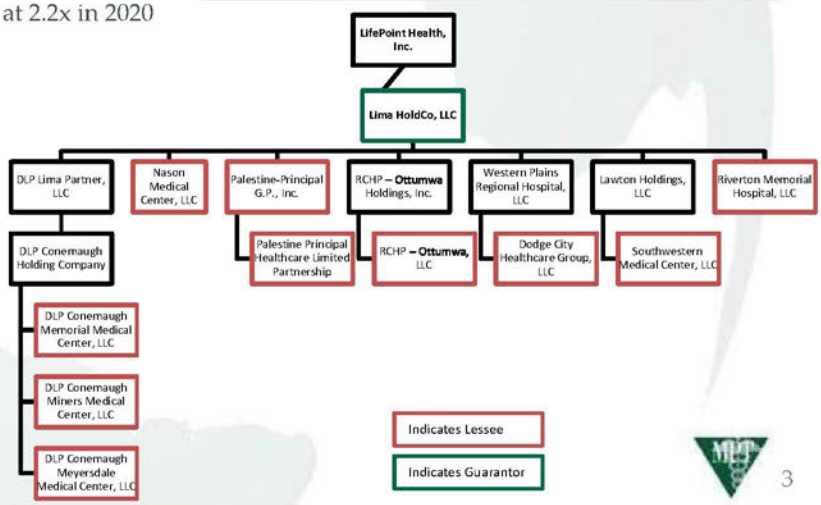
Project Overview

- Transaction includes the sale-leaseback of ten existing, high quality LifePoint Facilities.
    - Six geographically diverse markets across six states including Iowa which is new to the MPT Portfolio.
    - Hospitals are needed in the community; often the largest employer and economic driver.
    - Each system has a #1 or #2 market share.
- LifePoint will continue to operate the facilities post transaction.
- Projected Adj. EBITDARM portfolio coverage is strong at 2.2x in 2020 and 2021.

Total Investment	$700M
Beds	1,449
Square Feet	3,753,200
States	Six (one new to MPT)
Initial Annual Rent	$50.75M
Cap Rate	7.25%
Annual Escalator	CPI (2% floor, 4% cap)
Lease Term	20 Years
Lease Extensions	Two-five year options.
LOC	$8.5M
Guarantor	Lima HoldCo, LLC

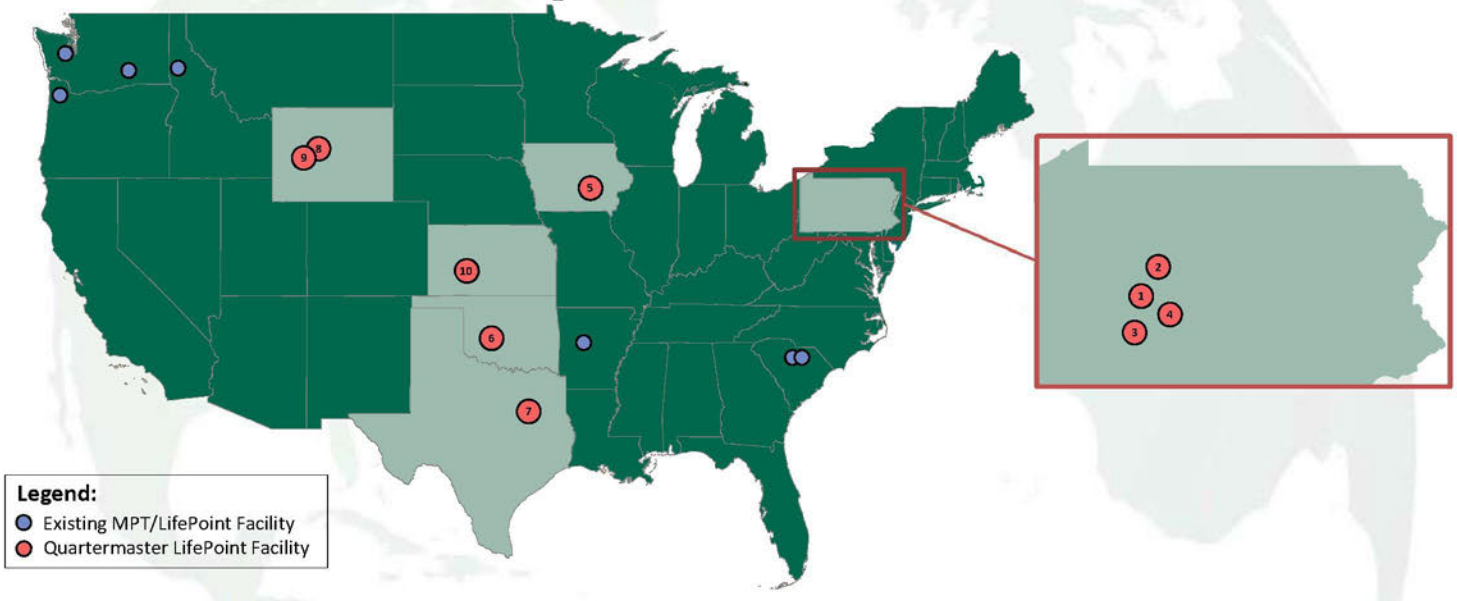
Lima HoldCo as Guarantor

- As noted in the chart to the right, Lima HoldCo, LLC is the guarantor entity for the Project Quartermaster Master Lease
- Lima HoldCo, LLC is a direct subsidiary of LifePoint Health, Inc.



Project Quartermaster Hospitals Overview

Portfolio Overview – 10 Hospitals in 6 States



Facility	Location	Beds	Investment (M)	Brief Overview
1 Conemaugh Memorial Medical Center	Johnstown, PA	537	$295.0	Four hospital health system anchored by the main campus (Conemaugh Memorial Medical Center) and supported by three hospital access points as well as multiple outpatient centers in the surrounding communities. The main campus includes a Level I trauma center and is affiliated with the Duke LifePoint system. The system is the market leader in Central Pennsylvania.
2 Conemaugh Miners Medical Center	Hastings, PA	30	$10.7	
3 Conemaugh Meyersdale Medical Center	Meyersdale, PA	20	$5.3	
4 Conemaugh Nason Medical Center	Roaring Spring, PA	45	$12.7	
5 Ottumwa Regional Health Center	Ottumwa, IA	217	$57.0	Rural hospital focused on partnering with and serving the local agricultural industry.
6 Southwestern Medical Center	Lawton, OK	199	$73.2	Hospital with acute and behavioral campuses focused on meeting the needs of US Army Post Fort Sill.
7 Palestine Regional Medical Center	Palestine, TX	156	$106.1	Two campus hospital providing acute care and behavioral services to the community and nearby prisons.
8 SageWest Health Care – **Riverton**	**Riverton,** WY	70	$33.8	Rural hospital system with two campuses approximately 30 minutes apart. Higher acuity volume and surgeries are performed at Lander. Local economy defined by coal, oil, gas, and two Indian Nations.
9 SageWest Health Care – **Lander**	**Lander,** WY	76	$47.6	
10 Western Plains Medical Complex	Dodge City, KS	99	$58.6	Rural hospital driven by the meat processing industry.
Total Portfolio		**1,449**	**$700M**	

LifePoint Overview

LifePoint History

- RegionalCare and Capella merged in 2016, forming RCCH Healthcare. In late 2018, a merger between RCCH Healthcare and LifePoint Health was completed.
    - To fund the merger, Apollo Funds and certain other co-investors indirectly contributed $1.0B of newly invested capital.
- Post merger, LifePoint now operates 89 hospital campuses (12,000+ beds) in 30 states and is one of the largest for-profit acute care hospital providers in the U.S.
    - LifePoint is the sole community healthcare provider in the majority of communities it serves.
    - Through strong clinical partnerships with leading academic institutions, LifePoint operates facilities that consistently provide quality healthcare.

Leadership Team

David M. Dill
President & CEO

Mr. Dill joined LifePoint in 2007 as executive vice president and CFO before assuming his current role in 2009. During Mr. **Dill's** time as CEO, LifePoint has grown to a $6B revenue company with 89 hospital campuses.

Michael S. Coggin
Executive VP & CFO

Mr. Coggin joined LifePoint in 2008 and has previously served as senior vice president and chief accounting officer. Mr. Coggin is responsible for the **company's** external financial reporting, corporate accounting and consolidation functions.

Victor E. Giovanetti
Executive VP, Hospital Operations

Mr. Giovanetti provides operational oversight for **LifePoint's** four hospital divisions, as well as quality and clinic operations. Mr. Giovanetti joined LifePoint in 2013 as COO for the Eastern Group, before becoming Western Group president in 2015.

Rob Jay
Executive VP, Integrated Operations

Mr. Jay oversees integration, physician services, post-acute service and managed care and payor transformation for LifePoint. Mr. Jay served as executive VP and COO for RCCH prior to joining LifePoint.

Quartermaster Hospital Portfolio Analysis

Financial Performance

Quartermaster Consolidated	2017	2018	2019E	2020E	2021E
in Millions					
Net Revenue	$911	$893	$936	$957	$979
Total Operating Expenses	816	784	810	825	844
Adj. EBITDARM	**$95**	**$109**	**$125**	**$131**	**$134**
Adj. EBITDAR(1)	**$77**	**$92**	**$107**	**$112**	**$115**
Rent(2)	51	51	51	51	52
CapEx	65	79	44	51	51
Free Cash Flow	**($39)**	**($38)**	**$12**	**$11**	**$12**

(1) Management Fee equal to 2% of Net Revenue
(2) MPT Year 1 rent used for 2017-2020

- Historical Adjusted EBITDAR growth driven by consistent rate growth and margin uplift
- Near-term EBITDAR is projected to grow through 2020 driven by a few discreet factors:
  - Maturation of recent in-market investments
  - Ramp of recently hired physicians
  - Opening of new specialty service lines
- Capital Expenditures are forecasted to decline after 2021, driven by the contractual step-down in the annual capital commitment at Conemaugh

Adjusted Admissions

Quartermaster Consolidated	2017	2018	2019E	2020E	2021E
in Thousands					
Conemaugh	57.6	56.5	55.1	54.2	54.4

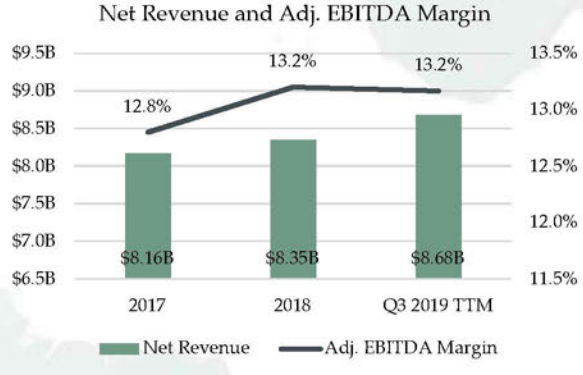
Background Information

- RegionalCare and Capella merged on 4/29/16, forming RCCH Healthcare
  - MPT sold its equity position in Capella as a result of merger
  - As of 9/30/2018, RCCH operated 18 Acute Care Hospitals (2,787 beds) in 12 states
- RCCH merged into LifePoint on 11/16/2018
  - To fund the merger, Apollo Funds and certain other co-investors indirectly contributed $1.0B of newly invested capital
- Post merger, LifePoint now operates 89 hospital campuses (12,000+ beds) in 30 states



Risk Factors

Concentration of EBITDA at Conemaugh

- The Conemaugh Health System accounted for $57M (52.3%) of the $109M Total Portfolio adjusted EBITDARM in 2018. A decline in performance at Conemaugh would have a significant impact on rent coverage for the entire portfolio.

Aging Facilities

- The newest facility, Palestine Regional Medical Center, was built in 1988 and the oldest and largest facility, Conemaugh Memorial, was first constructed in 1924. The expense of upkeep and significant renovations could put a strain on free cash flow.
- Patients in rural areas have shown a willingness to travel for healthcare. Aging LifePoint facilities may lose market share to competitors with newer facilities, even though the LifePoint facilities are more convenient.

PSA Population Decline

- Four of the six markets are projecting little to no population growth or even population decline in the next few years.
- Most of the competing facilities are located outside of the Quartermaster **facilities'** PSAs. However, the **competition's** market share will increase as the population moves out of these rural communities into either neighboring communities or larger population centers where competitors are located.
- Physician and staff recruitment may pose a challenge in these shrinking communities.

Decline in Rural Hospitals

- Rural hospitals across the country have been struggling recently, with many turning to critical access status to remain open. Strategic growth initiatives at the Quartermaster facilities will be vital to the long term viability of these facilities.

Third Party Report Summary

Phase I Reports

Per MPT Executive direction, no additional Phase I reports were commissioned. Existing report notes are outlined below:

- **Conemaugh Memorial Medical Center**
  - Multiple Phase I Reports were conducted on site from 6/12/ 2014 – **7/30/2014.**
- **Palestine Regional**
  - No environmental reports available.
- **Sage West**
  - No environmental reports available.
- **Southwestern Medical Center**
  - Multiple Phase I Reports were conducted on 9/29/2005.
- **Western Plains Medical Complex**
  - No environmental reports available.
- **Ottumwa Regional**
  - No environmental reports available.

Property Condition Reports (PCRs)

Per MPT Executive direction, no PCRs were commissioned. Kemp Management was retained to perform site assessments for all locations except Southwestern Medical Center, which MPT previously owned. Kemp Management noted that their recommended repairs were included within **LifePoint's** CapEx plans as summarized below.

(in 000s)	2019	2020	2021	2022	2023	Total
Conemaugh	$4,699.3	$2,965.1	$679.4	$686.0	$8.5	**$9,038.3**
Palestine	1,065.9	717.5	546.0	96.0	96.0	**$2,521.4**
SageWest	3,026.6	2,439.3	668.0	75.0	22.5	**$6,231.4**
Western Plains	812.4	155.0	134.0	170.0	125.0	**$1,396.4**
Ottumwa	1,119.3	879.7	125.0	-	-	**$2,124.0**
Total	**$10,723.5**	**$7,156.6**	**$2,152.4**	**$1,027.0**	**$252.0**	**$21,311.5**

Exhibit 1: Facility Summaries

Conemaugh Health System

Overview

- Conemaugh Health System is a four hospital health system in Johnstown, Pennsylvania that is affiliated with the Duke LifePoint system and is a member of the Duke LifePoint joint venture.
- The 537-**bed Conemaugh Memorial Medical Center flagship campus'** main structure was built in 1924. Multiple additions over time have created inefficiencies and a lack of cohesiveness between units and buildings.
- Three remaining hospitals (Nason, Meyersdale and Miners) and multiple outpatient centers serve as rural access points for the system in the primary service area of the main hospital.

Key Stats

2018 Admissions	18,701
2018 ED Visits	53,527

Conemaugh Memorial Medical Center – **Main** Campus

Conemaugh Memorial Medical Center – **Lee** Campus

Market Leader in Central Pennsylvania

- The Conemaugh system maintains 67% of the market share due to the geographic isolation of Johnstown. The flagship hospital is a Level I trauma center and has a variety of specialties which are referred from an extensive employed physician group.
- Both major payors own and operate the main competitors of the Conemaugh system.
  - The nearest hospital to Conemaugh Memorial is located in Somerset, PA and joined the UPMC network in February 2019. Conemaugh has plans for an additional outpatient center in Somerset to avoid losing market share.
  - The Allegheny Health System was purchased by Highmark (Blue Cross) in 2013.

Strategic Growth through Access Points

- Projected growth of the system expected to be driven by:
  - Trauma designations at Meyersdale, Miners, Nason and improved cardiology volume at Nason from the recently renovated cath lab.
  - The existing East Hills outpatient center and the planned Somerset outpatient center and Ebensburg outpatient center (expected opening December 2019) to serve as additional access points throughout the market.

Building D Construction to Improve Efficiency

- Due to the multiple additions throughout its life, Conemaugh Memorial is inefficient and segmented. The proposed solution to the segmented hospital is an addition at the center of campus.
- The $82M Building D project is expected to break ground in 2020.

Conemaugh (4 facilities)

Overview

Conemaugh Health System includes 4 hospitals and 4 outpatient clinics in and around Johnstown, PA. All hospitals are members of Duke LifePoint Healthcare.

1 Conemaugh Memorial

- *Flagship hospital*
- The most technically sophisticated hospital between Pittsburgh and Hershey and home to the highest level of care designations for Neonatal (Level III) and Trauma (Level I).
- Two campuses in Johnstown, PA (Main and Lee)

2 Conemaugh Meyersdale Medical Center

- 20-bed facility for inpatient and outpatient care
- Designated critical access hospital in Meyersdale, PA, approximately 45 miles from Johnstown.

3 Conemaugh Miners Medical Center

- 30-bed facility for inpatient medical, surgical and intensive care services
- Located in Hastings, PA, approximately 37 miles from Johnstown.
- Awaiting critical access designation

4 Conemaugh Nason Medical Center

- 45-bed facility with a recently renovated cath lab expected to drive cardiology volume for the system.
- Located in Roaring Spring, PA, approximately 37 miles from Johnstown.

Palestine Regional Medical Center

Medical Properties Trust

Overview

- In 2000, two hospitals built in the late 1980s merged creating Palestine Regional. As such, there are two hospital campuses located approximately one mile from one another:
  - Main Campus: General Acute Hospital
  - Secondary Campus: Behavioral Health Hospital

Palestine, TX	
Licensed Beds	156
Square Feet	196,950
Year Built	1988
Market Share	#1 in PSA

Key Stats	
2018 Admissions	3,677
2018 ED Visits	30,605

Prison Contracts Help Keep ER Busy

- Palestine contracts with five nearby prisons that house 15,000 prisoners. Therefore, Palestine has a significant number of prisoners who visit their ER. The 14-bay ER sees 32,000 visits per year and is very busy. Each prisoner patient requires at least two guards which contributes to a public image challenge as there is not a segregated area for this population.

Hospital Meeting Behavioral Health Need

- Currently, the Behavioral Health Hospital has 20 beds that are part of **the state's Forensic Unit. This unit is used to treat patients so that** they can prepare to stand trial. ALOS for the unit is 120 days and the hospital is reimbursed $550/bed/day regardless of utilization.
- Management is in the final approval stages for a two year contract for 24 additional beds. This will require a $4.2M renovation and take approximately 8 to 9 months to complete, but is expected to generate an additional $2.0M to $2.5M in EBITDA for the hospital each year.

Palestine Regional Medical Center

Competition Encroaching from Tyler, Texas

- Main competitors (CHRISTUS Mother Frances and UT Health East which is partially owned by Ardent) are located one hour northeast in Tyler, TX.
- **In 2017 CHRISTUS Mother Frances purchased Palestine's large,** independent primary care practice (20+ providers). This caused a significant challenge for Palestine Regional as they had to rebuild their primary care network from scratch. CHRISTUS also built large, new Urgent Care Center almost directly across from the hospital.
- Management is working to build their specialty network in order to capture market share that has declined over time. This decline has been driven by the primary care purchase mentioned above coupled with an 18 month interim-CEO (2015 IP Market Share of 48% to 38% in 2018).

SageWest Health Care

Overview

- SageWest Health Care includes two campuses: Riverton and Lander which are approximately 30 minutes from one another.
- While Riverton is a full-service hospital, much of the higher acuity volume and surgeries go to Lander.
- Both locations operate under the same hospital license.

Rural Economy Driven by Coal, Oil, and Gas

- Wyoming is not a Medicaid expansion state and the economy is driven by coal, oil and gas which have shown signs of slow down recently. Unemployment in the PSA is 9.8% which is much higher than the state or national average.
- County is home to two large Indian Nations (Eastern Shoshone and Northern Arapaho) and a large portion of the county's population is a member of these tribes. There are two outpatient clinics located on the shared reservation, but no separate hospital.

Strained Relationship with Community

- Hospital/Community relationship has become strained over the years driven by the following:
  - Community perception that the hospital is closing services: OB and ENT consolidated to Lander. Adult Psych Unit closed due to changes in reimbursement and investment required for anti-ligature.
  - Hospital often transfers patients out and is on track to transfer nearly 1,000 patients as compared to 2,500 budgeted admissions.
  - SageWest is one of the largest employers in the area and had a 40% turnover rate in 2018.
- As a result, a group of community members has come together to explore the feasibility of building a new not-for-profit hospital in Riverton. The feasibility study has not yet been released, but LifePoint believes it is not economically feasible.

Adding Cath Lab to Keep and Grow Volume

- Hospital recently hired a Cardiologist and is in the process of getting approvals to put in a mobile, but attached Cath Lab. They expect to be opened by the end of 2019 and are projecting 150+ cases the first year.

Southwestern Medical Center

Overview

- Southwestern Medical Center includes the Main Hospital as well as a Behavioral Health campus and is located in Lawton, OK. The Main Hospital campus also has an on-site Ambulatory Surgery Center **("ASC") that opened in August** 2014. The ASC includes two Operating Rooms and is reimbursed as an HOPD.
- Lawton is located approximately 90 minutes southwest of Oklahoma City.

Population Fluctuation Driven by Army Post

- **Directly north of Lawton is Fort Sill, a US Army post. Fort Sill's** recruitment and civilian contracts have a heavy influence on **Lawton's population.**
- **Hospital's growth initiatives include targeting services that are** needed by the Fort Sill community including certain Cardiology and Behavioral Health.

#2 Player Behind Local Not For Profit

- **Southwestern's primary competitor, Comanche County Memorial Hospital ("CCMH"), is located approximately 3 miles away. CCMH** is an independent, not-for-**profit, and has 51% of the PSA's inpatient** market share.
- Comanche County has a large employed physician base, strong brand awareness, and a dedicated ambulance service.

Behavioral Health Meets Community Need

- **Southwestern Medical Center's behavioral health facility which** provides care for children, adolescents, and adults, is the only one in southwest Oklahoma.

Ottumwa Regional Health Center

Overview

- 217-bed hospital located in Wapello County, which includes approximately 33% more Medicaid eligible lives than the remainder of Iowa.
- ORHC is the only for-profit hospital in Iowa but maintains a positive relationship with the state hospital association.
- The local economy is driven by a pork processing plant, JBS, located approximately three miles from the facility. The hospital has entered into agreements to provide health services to the plant employees and is currently covering 3,500 lives. There is potential to expand this offering to other local plants and businesses.

Focus on Physician Recruitment

- In 2018 one surgeon and one ophthalmologist were terminated causing a disruption to surgical volume and impacting financial performance. A new general surgeon was hired in Q4 2018 and is expected to bring back lost surgical volume.
- The current focus is to recruit an orthopedic physician and a cardiologist. One of the major competitors, Mercy Health, has a strong cardiology program and the hospital hopes to recapture some of that volume.
- Management plans to focus on recruitment of primary care physicians. Currently, there is one employed primary care physician and two nurse practitioners. The goal is to increase coverage to three primary care physicians and additional nurse practitioners by 2020.

Hospital Benefits from Rural Location

- The hospital serves an eight county service area and the primary competition within the 60 mile radius are critical access hospitals. It is a 90 minute drive to Iowa City to the NE and Des Moines to the NW.
- Five of the eight surrounding critical access hospitals have stopped OB service and management expects this will create opportunities for the existing OB program. Strategic initiatives include recruiting additional OB physicians and maintaining the Level II nursery status.
- The hospital has the only cath lab in southern Iowa. This results in an annual EBITDA increase of approximately $1.2M.

Western Plains Medical Complex

Overview

- Western Plains Medical Complex is located in Dodge City, Kansas. Dodge City is in southwestern Kansas and is approximately 2.5 hours west of Wichita.

Rural Economy Driven by Agriculture

- Dodge City's economy is primarily driven by agriculture and more specifically, meat manufacturing. The top two employers include Cargill (~5,000 employees) and National Beef (~3,900 employees).
- Management sees local manufacturers as a potential for direct contracting and is focused on developing a relationship with them. This relationship will begin with the hospital providing occupational and preventative health services.

Hospital Faces Competition Despite Isolation

- **Due to the rural location, the hospital's primary competitors are located** more than 50 miles away:
  - **Centura's St. Catherine's in Dodge City, KS (1 hour drive)**
  - **Kansas University's ("KU") Pratt Regional in Pratt, KS (1.5 hour drive)**
  - Hays Medical Center in Hays, KS (2 hour drive)
- Management explained that the local residents are accustomed to **driving long distances for healthcare services. St. Catherine's and Pratt** Regional have embedded primary care and specialty physicians in Dodge City in order to direct volume.

Previous Administration Neglected Recruitment

- **Hospital's previous administration did not focus on recruiting** physicians to Western Plains. The current CEO has made this his top priority since arriving and while he has had some success, he continues to focus on additional growth. Primary recruiting needs include Primary Care and specifically, Family Practice/Internal Medicine and OB/GYN.
- The current medical staff is divided between KU alum and J-1 visa physicians. Management is also focused on uniting the medical staff to build a stronger hospital.

Management Desires KU Affiliation

- Management believes one way to ensure the future success of Western Plains is through an affiliation or partnership with KU. The CEO is in the early stages of discussions with KU, which is expected take time and the benefits are not yet known.
