December 20, 2023

HIGHLY CONFIDENTIAL
VIA ELECTRONIC TRANSMISSION

The Honorable Sheldon Whitehouse
The Honorable Charles E. Grassley
Committee on the Budget
United States Senate
Washington, D.C. 20510-6100

Re: December 6, 2023 Letter to Apollo Global Management, Inc.

Dear Chairman Whitehouse and Ranking Member Grassley,

On behalf of our client, Apollo Global Management, Inc. ("Apollo" or the "Company"), we write in response to your December 6, 2023 letter regarding the tragic events at the Ottumwa Regional Health Center ("ORHC") and your inquiry into the role of private equity in healthcare. Of course, Apollo shares your interest in ensuring rural communities have access to high-quality, cost-effective care—a goal that Apollo has pursued through the investment in Lifepoint Health ("Lifepoint") by certain investment funds managed by affiliates of Apollo (the "Apollo Funds"). As discussed on our December 14, 2023 call with the Committee's staff, Apollo looks forward to cooperating with the Committee's inquiry and appreciates your leadership and advocacy for rural hospitals and their patients.

We provide these preliminary responses to certain of your questions below. Apollo is continuing to gather the requested information responsive to the Committee's requests, and we anticipate providing additional information and documents on a rolling basis. We propose to submit another installment of documents and responses to the Committee by Friday, January 19, and to have a call with the Committee's counsels the following week to discuss further productions.

* * *

Responses

1. **Describe the historical (both current and former) financial and operational relationship between Apollo and Lifepoint, including the exact dollar amount of its own capital that Apollo has invested in Lifepoint and in Ottumwa Regional, whether made directly in the**

hospital or indirectly through Lifepoint. Produce all documents demonstrating this relationship—including, but not limited to, contracts or written agreements, memoranda of understanding, proofs of investment, investment thesis documents describing or setting out evidence-based rationales for Apollo's investment in Lifepoint, any memoranda setting out the reason for Apollo's acquisition of or investment in Lifepoint, and operational or administrative procedure manuals.

The Apollo Funds' original investment thesis in Lifepoint and its predecessor companies centered on investing in healthcare companies that provide care for underserved communities. Rural hospitals across the United States have faced challenges for decades, in part driven by underinvestment. The Apollo Funds sought to do the opposite by investing in and supporting companies, such as Lifepoint, that invest in these underserved communities to recruit physicians, expand service line offerings, and upgrade equipment in order to care for these communities. On an ongoing basis, the Apollo Funds' involvement with Lifepoint is through the Apollo employees that serve on the Board (further detailed below) who, in their roles as directors, support Lifepoint in this mission.

The Apollo Funds first invested in parent entities of ORHC in 2015. The Apollo Funds' initial investment occurred in December 2015 through the acquisition of RegionalCare, an eight-hospital system, from funds affiliated with Warburg Pincus. *See* AP-SBC-000001. Following the acquisition of RegionalCare, the Apollo Funds continued to support rural healthcare through further investments the following year with the acquisition of Capella. *See* AP-SBC-000004. In 2018, the Apollo Funds invested additional capital to facilitate the combination of RegionalCare, Capella, and Lifepoint; with that combination, ORHC became part of the Lifepoint health system. *See* AP-SBC-000006.

Since 2016, RegionalCare and its successor entities (including Lifepoint) have invested approximately $23 million in ORHC, with more than $3.5 million invested in capital projects in 2022 alone. Moreover, RegionalCare and its successor entities have invested an additional approximately $29 million in attracting and retaining physicians.

2. **While invested in Ottumwa Regional or any related entity that has or had an interest in Ottumwa Regional, please describe and produce all documents that support your answer with respect to Apollo's role, including that of Apollo employees, in determining or otherwise affecting the ability or authority of Ottumwa Regional or Lifepoint to:**

    a. Manage its care delivery;

    b. Manage its billing practices;

    c. Determine its charge-per-patient goals;

    d. Determine its staff-to-patient ratios;

    e. Determine its charge-to-cost ratios;

f. Enter into contracts for staffing;

g. Enter into any contracts on behalf of Ottumwa Regional; and

h. Determine its net annual income goals.

Apollo does not have management or decision-making authority with respect to the matters set forth above. In general, Apollo's approach to investing is to back and support strong management teams at portfolio companies that manage day-to-day operations and decision-making. Consistent with this approach, Lifepoint's management team is fully responsible for administering Lifepoint's business and making key decisions for Lifepoint's communities. The Apollo Funds support Lifepoint's mission through representation on Lifepoint's Board of Directors.

A core tenet of the Apollo Funds' investment approach is empowering management teams and portfolio companies. Lifepoint's hospitals, including ORHC, each have a local management team responsible for general clinical operations, human resources and administration, and other day to day matters. The local management team is supported by the local Board of Directors (comprising industry experts such as local community members, physicians, and a member of the hospital management team) and the Lifepoint management team.

The operations of ORHC are carried out by RCHP-Ottumwa, LLC, a Delaware limited liability company. RCHP-Ottumwa, LLC is an indirect, wholly owned subsidiary of Lifepoint. ORHC is operated through a shared governance model, in which the local management team is responsible for day-to-day general and clinical operations, human resources, and administration of ORHC, with oversight by the hospital's Board of Trustees and RCHP-Ottumwa, LLC.

Please see below for a list of the Apollo employees who currently serve on Lifepoint's Board and those who previously served on the Board. The Apollo Funds acquired RegionalCare in 2015 and facilitated the combination of RegionalCare, Capella, and Lifepoint in 2018; the below includes Apollo employees' Board service beginning with the RegionalCare Board.

Director Name	Title	Board Tenure	Committee Assignments
Heather Berger	Partner and Head of Global Product	9/27/2023 to present	None
Bill Lewis	Partner	6/15/2023 to present	None
Christine Cahill	Principal	3/23/2022 to present	None
Maxwell David	Partner	12/13/2018 to present	Executive Quality
Holly McMullan	Partner and Global Head of Consultant Relations	12/13/2018 to 7/13/2023	Quality
Olivia Wassenaar	Partner and Head of Sustainable Investing and Natural Resources	12/13/2018 to 3/22/2022	None

Director Name	Title	Board Tenure	Committee Assignments
Matthew Nord	Partner and Co-Head of Private Equity	12/13/2015 to present	Executive (9/22/2016) Compensation (9/22/2016)
Eric L. Press	Partner	12/3/2015 to 5/22/2023	Executive (12/13/2018) Compensation (9/22/2016) Nominating & Governance (9/22/2016)
Chris Edson	Partner and Co-Head of Global FIG	12/3/2015 to 12/4/2018	Executive

4. Does Apollo have any current plans to divest its financial or operational interest in Lifepoint or Ottumwa Regional? If so, please describe those plans. Produce all documents that support your answer, including any information concerning Apollo's investment decisions in those entities.

The Apollo Funds do not have any plans to divest its financial interest in Lifepoint. As noted above, Apollo fully supports Lifepoint's efforts to continue to invest in ORHC and the Ottumwa community, and to support the critical provision of healthcare to rural communities in the United States.

5. Describe in detail Apollo's role in facilitating, approving, or in any way affecting the 2019 sale-leaseback transaction. Produce all documents that support your answer.

The Lifepoint Board, which includes Apollo employees, approved Lifepoint management's decision to conduct this transaction. We understand that the sale-leaseback was approved by the Lifepoint Board on October 30, 2019. This sale-leaseback transaction was part of a broader capital structure initiative to lower Lifepoint's interest and rental expense to optimize and enhance Lifepoint's capacity to invest in community healthcare by, among other things, improving the physical facility, acquiring medical devices, and recruiting talented caregivers. A copy of the sale-leaseback agreement is attached at AP-SBC-000533.

6. Explain in detail Apollo's justification for the 2019 sale-leaseback of Ottumwa Regional. Produce all documents that support your answer, including, but not limited to, all correspondence between and among Apollo, Medical Properties Trust, Lifepoint, and Lifepoint's Board.

As noted above, the Lifepoint Board approved Lifepoint management's decision to conduct this transaction. ORHC's sale-leaseback was part of this transaction.

A sale-leaseback transaction allows an owner of real estate to raise cash through the sale of real estate to a third party, while simultaneously leasing the real estate back. This allows the seller to receive a lump sum of cash for the real estate sale, while still being able to use the property moving forward in exchange for a long-term lease. Sale-leaseback transactions result in an improved balance sheet by converting an illiquid asset into working capital that can be invested

into the seller's core operations. At Lifepoint, the sale-leaseback transaction generated gross proceeds of approximately $700 million. Importantly, all of these proceeds went to pay down Lifepoint debt or invest in Lifepoint communities, and none of these proceeds went to Apollo. The transaction did not add to the total debt of Lifepoint, but rather resulted in lower fixed charges (interest expense) after Lifepoint used some of the proceeds to repay portions of Lifepoint's indebtedness. As described above, the sale-leaseback, along with other capital structure activity that was facilitated by the sale-leaseback, resulted in estimated annual net savings to Lifepoint of approximately $46 million. Additionally, through these activities, Lifepoint added approximately $350 million of cash to its balance sheet—ultimately enabling Lifepoint to invest more in its hospitals, including ORHC.

While there may be instances of financing transactions, including sale-leaseback transactions, that can burden the borrower with greater interest expense and result in a depletion of company resources, this is and was not the case for Lifepoint. The rent expense associated with the sale-leaseback transaction represents a very small portion of Lifepoint's EBITDA—less than five percent. And since completing the sale-leaseback transaction in 2019, Lifepoint has invested more than $17 million in the Ottumwa community and added more than 135 caregivers.

7. Explain in detail how Apollo used the 2019 sale-leaseback transaction to facilitate changes to its balance sheet, including paying down debt and issuing dividends. Produce all documents that support your answer, including, but not limited to, all correspondence between and among Apollo, Medical Properties Trust, Lifepoint, and Lifepoint's Board.

While the 2019 sale-leaseback transaction resulted in estimated annual net savings to Lifepoint of approximately $46 million and other balance sheet improvements as described above, it had no direct effect on Apollo's balance sheet.

* * *

Apollo remains proud to support Lifepoint and its management team in their mission to serve some of the most underserved communities in our country, and will continue to support and invest in the Ottumwa community through its commitment to Lifepoint.

On December 18, 2023, you asked whether Apollo has a "joint defense or common interest agreement with Lifepoint," and on December 19 requested a description of the scope of that agreement, its effective date, and "whether the agreement(s) defines which party is responsible for responding to the questions and producing the documents that are the subject of this investigation." Apollo entered into an oral common interest agreement with Lifepoint in March 2023. That agreement does not include any formal arrangement regarding the production of documents. Because, as detailed above, ORHC and Lifepoint are directly responsible for the day-to-day management and operations at ORHC, Lifepoint will naturally tend to have documents responsive to operations-related requests. However, based on our discussions with Committee staff, we understand that the Committee would prefer to receive documents in Apollo's possession, even where duplicative of documents already produced, and Apollo will accommodate this request consistent with its broader commitment to cooperate with the Committee's inquiry.

Apollo is voluntarily providing this information and we respectfully request that it be treated as confidential and not disclosed publicly or to any third party. To the extent you intend to disclose this information, Apollo requests that your staff notify Apollo in advance to allow us to discuss the matter and to take appropriate steps to safeguard Apollo's confidential business information.

Sincerely,

[redacted]

HIGHLY CONFIDENTIAL
VIA ELECTRONIC TRANSMISSION

The Honorable Charles E. Grassley
United States Senate
Washington, DC 20510

Re: Letter of March 17, 2023

Dear Senator Grassley:

I write in response to your letter of March 17 on behalf of Apollo Global Management, Inc. ("Apollo") relating to the tragic events that occurred at the Ottumwa Regional Health Center ("ORHC"). We were appalled and dismayed to learn of the reprehensible and criminal acts that a lone actor committed against the Ottumwa and ORHC communities. We are fully supportive of the work that the Lifepoint Health, Inc. ("Lifepoint") leadership team has already undertaken in earnest to immediately investigate the situation, to cooperate with law enforcement and state and federal regulators, and to learn from this tragic experience.

As described in more detail below, certain investment funds managed by affiliates of Apollo (the "Apollo Funds") first invested in parent entities of ORHC in 2015, and ORHC joined the Lifepoint system when the Apollo Funds acquired Lifepoint in 2018. Apollo recognizes the critical role that rural hospitals play in their communities and supports that mission.

As we explain in more detail below, Lifepoint's March 31 response will be the best primary source of information regarding ORHC's operations and provide the most informed responses to your questions because Apollo is not involved in the day-to-day management of either Lifepoint or its hospitals. Nonetheless, we want to address and to respond directly to the questions raised in your letter to which Apollo is the more appropriate party to respond.

We appreciate your consistent leadership and fierce advocacy for rural hospitals and their patients. We also appreciate the communications we have had with your staff on this matter over the past two weeks. We provide our responses to your questions below.

* * *

Responses

1. **Describe your company's financial or operational relationship with Ottumwa Regional Health Center and provide the exact dollar amount your company has invested in Ottumwa Regional. Please answer in timeline form and include any agreements or contracts between your company and Ottumwa Regional.**

The Apollo Funds have been invested in parent entities of ORHC since 2015. The Apollo Funds' initial investment occurred in December 2015 through the acquisition of RegionalCare, an eight-hospital system, from funds affiliated with Warburg Pincus.[1]

Following the acquisition of RegionalCare, the Apollo Funds continued to seek to support rural healthcare through further investments the following year with the acquisition of Capella.[2] In 2018, the Apollo Funds invested additional capital to facilitate the combination of RegionalCare, Capella, and Lifepoint; with that combination, ORHC became part of the Lifepoint health system.[3]

Since 2016, RegionalCare and its successor entities (including Lifepoint) have invested approximately $23 million in ORHC, with more than $3.5 million invested in capital projects in 2022 alone. Moreover, RegionalCare and its successor entities have invested an additional approximately $29 million in attracting and retaining physicians.

2. **If your company no longer has a financial or operational relationship with Ottumwa Regional, explain the reasons for which your company withdrew its investment, including the date you exited and your return on investment.**

Not applicable.

3. **While invested in Ottumwa Regional Center or any related entity that has an interest in Ottumwa Regional, please describe your company's authority to:**

    a. **Manage its care delivery;**

---

[3] *See, e.g.*, Press Release, Apollo, LifePoint Health to Merge with RCCH HealthCare Partners (Jul. 23, 2018), https://www.apollo.com/media/press-releases/2018/07-23-2018-115937195.

b. Manage its billing practices;
c. Determine its annual net income goals;
d. Determine its charge per patient goals;
e. Determine its staff-to-patient ratios;
f. Determine its charge-to-cost ratios;
g. Enter into contracts for staffing; and
h. Enter into any contracts on behalf of Ottumwa Regional.

A key tenet of the Apollo Funds' investment approach is empowering management teams and portfolio companies. Lifepoint's management team is fully responsible for administering Lifepoint's business and making key decisions for Lifepoint's communities. The Apollo Funds support Lifepoint's mission through its representation on Lifepoint's Board of Directors. Lifepoint's hospitals, including ORHC, each have a local management team responsible for general clinical operations, human resources and administration, and other day to day matters. The local management team is supported by a local Board of Directors (comprising industry experts such as local community members, physicians, and a member of the hospital management team) and the Lifepoint management team.

Given this structure, Apollo does not have the management or decision-making authority with respect to the matters set forth above. Lifepoint is the best source of information regarding ORHC's operations; please see Lifepoint's March 31 response to your letter for additional information.

4. Does your company have plans to invest capital in Ottumwa Regional? If so, please describe them. If not, why not?

Apollo remains fully supportive of Lifepoint's plans to continue to invest substantial capital in ORHC and the Ottumwa community. Please see Lifepoint's March 31 response to your letter for additional information.

5. How was your company involved in the 2019 sale-leaseback?

Lifepoint, and not Apollo, made the decision to undertake the 2019 sale-leaseback. The Lifepoint Board, which includes Apollo employees, approved Lifepoint management's decision to conduct this transaction. Please see Lifepoint's March 31 response to your letter for additional information.

6. Explain in detail the reasons for the 2019 sale-leaseback of Ottumwa Regional. What were the terms of the 2019 sale-leaseback transaction? How did you sell this to the local communities and hospitals? Please provide all records.

As noted above, the Lifepoint Board approved Lifepoint management's decision to conduct this transaction. ORHC's sale-leaseback was part of this transaction. Please see Lifepoint's March 31 response to your letter for additional information.

7. To what extent does your company contractually shield itself from liability for activities that occur at the hospitals you invest in, operate, or manage?

As noted above, the Apollo Funds are investors in Lifepoint and do not operate or manage any of its hospitals. As investors, the Apollo Funds are not liable for activities that occur at Lifepoint hospitals in the same way that investors in other American companies are not liable for the activities of the companies in which they invest beyond their investments themselves. The Apollo Funds do not have any separate contractual "shield" for liability than any other investor in an American company.

8. What happens if one of the medical facilities that are subject to a sale-leaseback is unable to pay rent?

Please see Lifepoint's March 31 response to your letter for additional information.

9. Describe in detail your company's expertise regarding rural or non-urban hospitals. Please include the full name and curriculum vitae of every person your company relies on for rural or non-urban hospital advice.

As noted above, a key tenet of the Apollo Funds' investment approach is empowering management teams and portfolio companies. We have invested the Apollo Funds' capital behind what we believe to be a best-in-class management team, who are seasoned healthcare administration experts of the highest quality. Lifepoint's hospitals, including ORHC, each have a local management team responsible for general clinical operations, human resources and administration, and other day to day matters. The local management team is supported by a local Board of Directors (comprised of local community members, physicians, and a member of the hospital management team) and the Lifepoint management team. Please see Lifepoint's March 31 response to your letter for additional information.

10. How much money did your company receive in COVID-19 stimulus aid, including CARES Act dollars and grants? Provide an explanation as to why your company needed federal stimulus aid. Describe in detail how these funds were allocated.

Neither Apollo nor the Apollo Funds received COVID-19 stimulus aid. Please see Lifepoint's March 31 response to your letter for information regarding any COVID-19 aid it or its hospitals received.

11. Explain your company's role in the decision to hire William Kiefer as CEO of Ottumwa Regional.

Lifepoint management and the ORHC Board made the decision to hire Mr. Kiefer. Neither Apollo nor the Apollo Funds were involved in that decision. Please see Lifepoint's March 31 response to your letter for information regarding Mr. Kiefer.

12. Explain your company's relationship with William Kiefer, including any prior positions he held with your company or a related company.

Neither Apollo nor the Apollo Funds have any relationship with Mr. Kiefer beyond each's relationship to Lifepoint.

* * *

While we remain deeply saddened by the events that have transpired at Ottumwa as a result of a lone actor, we are incredibly proud to be able to support Lifepoint and its management team in everything they have accomplished in serving some of the most underserved communities across the United States. We commend you for your oversight and your advocacy for rural hospitals in Iowa and across the country. We will continue to support and invest in the Ottumwa community through our commitment to Lifepoint.

I trust this information answers your questions. Apollo is voluntarily providing this information and we respectfully request that the information be treated as confidential, and not be disclosed publicly or to any third party. To the extent you intend to disclose this information, Apollo requests that your staff notify Apollo in advance to allow us to discuss the matter and to take appropriate steps to safeguard Apollo's business confidential information. If you have any additional questions, please feel free to contact me at [redacted]

Sincerely yours,

[redacted]

The Honorable Charles E. Grassley
United States Senate
Washington, DC 20510

Re: Letter of March 17, 2023

Dear Senator Grassley:

We write on behalf of Apollo Global Management, Inc. ("Apollo") in further response to your letter of March 17 and our e-mail correspondence with your Budget Committee staff of May 5, 2023. This letter supplements our April 5, 2023 response (the "April 5 Letter"), consistent with our subsequent discussions. We appreciate your and your staff's continued engagement and cooperation on this important matter, and the opportunity for us to provide additional information we trust will be helpful. We provide our further responses to your questions below.

* * *

Responses

3. While invested in Ottumwa Regional Center or any related entity that has an interest in Ottumwa Regional, please describe your company's authority to:

a. Manage its care delivery;
b. Manage its billing practices;
c. Determine its annual net income goals;
d. Determine its charge per patient goals;
e. Determine its staff-to-patient ratios;
f. Determine its charge-to-cost ratios;
g. Enter into contracts for staffing; and
h. Enter into any contracts on behalf of Ottumwa Regional.

As noted in our April 5 Letter, Apollo does not have management or decision-making authority with respect to the matters set forth above. Lifepoint's management team is fully responsible for administering Lifepoint's business and making key decisions for Lifepoint's

communities. Certain investment funds managed by affiliates of Apollo (the "Apollo Funds") support Lifepoint's mission through representation on Lifepoint's Board of Directors.

Moreover, as noted in Lifepoint's March 31, 2023 response, the operations of Ottumwa Regional are carried out by RCHP-Ottumwa, LLC, a Delaware limited liability company. RCHP-Ottumwa, LLC is an indirect, wholly owned subsidiary of Lifepoint. Ottumwa Regional is operated through a shared governance model, in which the local management team is responsible for day-to-day general and clinical operations, human resources, and administration of Ottumwa Regional, with oversight by the hospital's Board of Trustees and RCHP-Ottumwa, LLC.

In our e-mail correspondence with your Budget Committee staff on May 5, your staff asked for "detailed information about the Apollo employees who serve on Lifepoint's Board, including the name, title, role on Lifepoint's Board (what committee they serve on)" and "current and past Apollo representation on Lifepoint's Board." Please see below. Please note that, as discussed in our April 5 Letter, the Apollo Funds acquired RegionalCare in 2015 and facilitated the combination of RegionalCare, Capella, and Lifepoint in 2018. The below includes Apollo employees' Board service beginning with the RegionalCare Board.

Director Name	Title	Board Tenure	Committee Assignments
Christine Cahill	Principal	3/23/2022 to present	None
Maxwell David	Principal	12/13/2018 to present	Executive Quality
Chris Edson	Partner and Co-Head of Global FIG	12/3/2015 to 12/4/2018	Executive
Holly McMullan	Partner and Global Head of Consultant Relations	12/13/2018 to present	Quality
Matthew Nord	Partner and Co-Head of Private Equity	12/13/2015 to present	Executive (9/22/2016) Compensation (9/22/2016)
Eric L. Press	Partner	12/3/2015 to present	Executive (12/13/2018) Compensation (9/22/2016) Nominating & Governance (9/22/2016)
Olivia Wassenaar	Partner and Head of Sustainable Investing and Natural Resources	12/13/2018 to 3/22/2022	None

5. How was your company involved in the 2019 sale-leaseback?

As explained in our April 5 Letter, the Lifepoint Board, which includes Apollo employees, approved Lifepoint management's decision to conduct this transaction. We understand that the sale-leaseback was approved by the Lifepoint Board on October 30, 2019.

This sale-leaseback transaction, as explained in Lifepoint's March 31 letter, was part of a broader capital structure initiative to lower Lifepoint's interest and rental expense to optimize and enhance Lifepoint's capacity to invest in community healthcare by, among other things, improving the physical facility, acquiring medical devices, and recruiting talented caregivers.

6. Explain in detail the reasons for the 2019 sale-leaseback of Ottumwa Regional. What were the terms of the 2019 sale-leaseback transaction? How did you sell this to the local communities and hospitals? Please provide all records.

Companies frequently use asset-level (mortgage, sale leaseback financing, working capital financing) and corporate (syndicated or private term loans and bonds) financings to fund operations and / or investments. Corporate financings, such as those done in connection with a bank credit facility, frequently include asset pledges and mortgages of individual pieces of real estate as part of the collateral package under the loan. All of these structures represent some of the many ways companies use the value of their real estate assets to finance their business operations. Thus, sale-leaseback transactions are one of a variety of ways for companies with real estate assets to obtain financing. They are commonly used across a broad range of industries, including healthcare, manufacturing and industrial, and leisure and hospitality, among others, and in connection with a variety of asset types. There were over $31 billion in sale-leaseback transactions completed in 2022 alone.

A sale-leaseback transaction allows an owner of real estate to raise cash through the sale of real estate to a third party, while simultaneously leasing the real estate back. This allows the seller to receive a lump sum of cash for the real estate sale, while still being able to use the property moving forward in exchange for a long-term lease. Sale-leaseback transactions result in an improved balance sheet by converting an illiquid asset into working capital that can be invested into the seller's core operations. At Lifepoint, the sale-leaseback transaction generated gross proceeds of approximately $700 million. Importantly, all of these proceeds went to pay down Lifepoint debt or invest in Lifepoint communities, and none of these proceeds went to Apollo. The transaction did not add to the total debt of Lifepoint, but rather resulted in lower fixed charges (interest expense) after Lifepoint used some of the proceeds to repay portions of Lifepoint's indebtedness. The sale-leaseback, along with other capital structure activity that was facilitated by the sale-leaseback, resulted in estimated annual net savings to Lifepoint of approximately $46 million. Additionally, through these activities, Lifepoint added approximately $350 million of cash to its balance sheet—ultimately enabling Lifepoint to invest more in its hospitals, including Ottumwa Regional.

While there may be instances of financing transactions, including sale-leaseback transactions, that can burden the borrower with greater interest expense and result in a depletion of company resources, this is and was not the case for Lifepoint. The rent expense associated with the sale-leaseback transaction represents a very small portion of Lifepoint's EBITDA—less than five percent. And since completing the sale leaseback transaction in 2019, Lifepoint has invested more than $17 million in the Ottumwa community and added more than 135 caregivers.

It is our understanding that Lifepoint will be providing the underlying sale-leaseback agreement in this transaction to your offices. Given the sensitive and business confidential terms in such agreement, including competitively sensitive information, we respectfully request that you grant Lifepoint's request to keep this document confidential and not release it publicly or to any third party.

* * *

LATHAM & WATKINS LLP

Again, we appreciate your consistent leadership and fierce advocacy for rural hospitals and their patients. We also appreciate the communications we have had with your staff on this matter over the past several weeks. Apollo respectfully requests that the information be treated as confidential, and not be disclosed publicly or to any third party. To the extent you intend to disclose this information, Apollo requests that your staff notify Apollo in advance to allow us to discuss the matter and to take appropriate steps to safeguard Apollo's business confidential information. If you have any additional questions, please feel free to contact me at [redacted]

Committee on the Budget
United States Senate
Washington, D.C. 20510-6100

Re: December 6, 2023 Letter to Apollo Global Management, Inc.

Dear Chairman Whitehouse and Ranking Member Grassley,

On behalf of our client, Apollo Global Management, Inc. ("Apollo" or the "Company"), we write to continue our responses to your December 6, 2023 letter regarding the tragic events at the Ottumwa Regional Health Center ("ORHC") and your inquiry into the role of private equity in healthcare. Apollo continues to share your interest in ensuring rural communities have access to high-quality care—a goal that Apollo has pursued through its investment in Lifepoint Health ("Lifepoint") by certain investment funds managed by affiliates of Apollo (the "Apollo Funds"). As discussed on our December 14, 2023 call with the Committee's staff, Apollo looks forward to cooperating with the Committee's inquiry and appreciates your leadership and advocacy for rural hospitals and their patients.

This letter supplements our initial responses and production on December 21, 2023. Apollo is continuing to gather the requested information responsive to the Committee's requests, and we anticipate providing additional information and documents on a rolling basis.

* * *

Responses

1. **Describe the historical (both current and former) financial and operational relationship between Apollo and Lifepoint, including the exact dollar amount of its own capital that Apollo has invested in Lifepoint and in Ottumwa Regional, whether made directly in the**

hospital or indirectly through Lifepoint. Produce all documents demonstrating this relationship—including, but not limited to, contracts or written agreements, memoranda of understanding, proofs of investment, investment thesis documents describing or setting out evidence-based rationales for Apollo's investment in Lifepoint, any memoranda setting out the reason for Apollo's acquisition of or investment in Lifepoint, and operational or administrative procedure manuals.

The Apollo Funds' original investment thesis in Lifepoint and its predecessor companies centered on investing in healthcare companies that provide care for underserved communities. Rural hospitals across the United States have faced challenges for decades, in part driven by underinvestment. The Apollo Funds sought to do the opposite by investing in and supporting companies, such as Lifepoint, that invest in these underserved communities to recruit physicians, expand service line offerings, and upgrade equipment in order to care for these communities. Apollo Fund IX invested ~$2.0 billion of equity in 2021 to support Lifepoint, alongside ~$1.5 billion from affiliated co-investors and management. Enclosed please find a copy of the June 2, 2021 Capital Demand Notice for Apollo Fund IX, the Fund IX investment amount as well as the thesis for the investment in Lifepoint. *See* AP-SBC-000832. On an ongoing basis, the Apollo Funds' involvement with Lifepoint is through the Apollo employees that serve on the Board (please see further details below) who, in their roles as directors, support Lifepoint in this mission.

2. **While invested in Ottumwa Regional or any related entity that has or had an interest in Ottumwa Regional, please describe and produce all documents that support your answer with respect to Apollo's role, including that of Apollo employees, in determining or otherwise affecting the ability or authority of Ottumwa Regional or Lifepoint to:**

    a. Manage its care delivery;

    b. Manage its billing practices;

    c. Determine its charge-per-patient goals;

    d. Determine its staff-to-patient ratios;

    e. Determine its charge-to-cost ratios;

    f. Enter into contracts for staffing;

    g. Enter into any contracts on behalf of Ottumwa Regional; and

    h. Determine its net annual income goals.

Apollo does not have management or decision-making authority with respect to the matters set forth above. In general, Apollo's approach to investing is to back and support strong management teams at portfolio companies that manage day-to-day operations and decision-making. The Apollo Funds support Lifepoint's mission through representation on the Board of Directors as well as Board committees. Enclosed please find copies of:

- RegionalCare corporate resolution and Lifepoint Board resolutions, each reflecting the appointment of the Apollo representatives on Lifepoint's Board of Directors, at AP-SBC-000837 through AP-SBC-000869; and

- Lifepoint Board Committee Charters, at AP-SBC-000870 through AP-SBC-000895.

The Board of Directors delegates day-to-day decision-making authority to management and reserves certain major matters for Board approval. The profile of matters that require Board approval are enterprise-wide strategic decisions, including the enterprise-wide process (which sets quality and financial goals for the full company), acquisitions and divestitures, settling material litigation, and the hiring of and compensation for the senior management team.

5. Describe in detail Apollo's role in facilitating, approving, or in any way affecting the 2019 sale-leaseback transaction. Produce all documents that support your answer.

The Lifepoint Board, which includes Apollo employees, approved Lifepoint management's decision to conduct this transaction. Apollo's role in the 2014 transaction was through its employees who served as part of the board. The sale-leaseback was approved by the Lifepoint Board on October 30, 2019. Please see attached a copy of the minutes for the October 30, 2019 meeting, at AP-SBC-000896, which includes the unanimous approval of the resolution for the sale-leaseback transaction. The Lifepoint Board also received materials related to the sale-leaseback transaction, and the presentation provided information on the financial impact of the sale leaseback and other details about the transaction. *See* AP-SBC-000905. This sale-leaseback transaction was part of a broader capital structure initiative to lower Lifepoint's interest and rental expense to optimize and enhance Lifepoint's capacity to invest in community healthcare by, among other things, improving the physical facility, acquiring medical devices, and recruiting talented caregivers.

6. Explain in detail Apollo's justification for the 2019 sale-leaseback of Ottumwa Regional. Produce all documents that support your answer, including, but not limited to, all correspondence between and among Apollo, Medical Properties Trust, Lifepoint, and Lifepoint's Board.

As noted above, the Lifepoint Board approved Lifepoint management's decision to conduct this transaction. ORHC's sale-leaseback was part of this transaction.

A sale-leaseback transaction allows an owner of real estate to raise cash through the sale of real estate to a third party, while simultaneously leasing the real estate back. This allows the seller to receive a lump sum of cash for the real estate sale, while still being able to use the property moving forward in exchange for a long-term lease. Sale-leaseback transactions result in an improved balance sheet by converting an illiquid asset into working capital that can be invested into the seller's core operations. At Lifepoint, the sale-leaseback transaction generated gross proceeds of approximately $700 million. Importantly, all of these proceeds went to pay down Lifepoint debt or invest in Lifepoint communities, and none of these proceeds were distributed to Apollo. The transaction did not add to the total debt of Lifepoint, but rather resulted in lower fixed

charges (interest expense) after Lifepoint used some of the proceeds to repay portions of Lifepoint's indebtedness. As described above, the sale-leaseback, along with other capital structure activity that was facilitated by the sale-leaseback, resulted in estimated annual net savings to Lifepoint of approximately $46 million. Additionally, through these activities, Lifepoint added approximately $350 million of cash to its balance sheet—ultimately enabling Lifepoint to invest more in its hospitals, including ORHC.

7. **Explain in detail how Apollo used the 2019 sale-leaseback transaction to facilitate changes to its balance sheet, including paying down debt and issuing dividends. Produce all documents that support your answer, including, but not limited to, all correspondence between and among Apollo, Medical Properties Trust, Lifepoint, and Lifepoint's Board.**

While the 2019 sale-leaseback transaction resulted in estimated annual net savings to Lifepoint of approximately $46 million and other balance sheet improvements as described above, it had no direct effect on Apollo's balance sheet and no money was distributed to Apollo.

* * *

Apollo remains proud to support Lifepoint and its management team in their mission to serve some of the most underserved communities in our country, and will continue to support and invest in the Ottumwa community through its commitment to Lifepoint.

Apollo is voluntarily providing this information and we respectfully request that it be treated as confidential and not disclosed publicly or to any third party. To the extent you intend to disclose this information, Apollo requests that your staff notify Apollo in advance to allow us to discuss the matter and to take appropriate steps to safeguard Apollo's confidential business information.

Sincerely,

Re: December 6, 2023 Letter to Apollo Global Management, Inc.

Dear Chairman Whitehouse and Ranking Member Grassley,

On behalf of our client, Apollo Global Management, Inc. ("Apollo" or the "Company"), we write to continue our responses to your December 6, 2023 letter regarding the tragic events at the Ottumwa Regional Health Center ("ORHC") and your inquiry into the role of private equity in healthcare. Apollo continues to share your interest in ensuring that rural communities have access to high-quality care—a goal that Apollo has pursued through the investment in Lifepoint Health ("Lifepoint") by certain investment funds managed by affiliates of Apollo (the "Apollo Funds" or "Funds"). Apollo looks forward to cooperating with the Committee's inquiry and appreciates your leadership and advocacy for rural hospitals and their patients.

This letter supplements our prior responses and document productions on December 20, 2023 and January 19, 2024. Apollo welcomes the opportunity to continue to engage with the Committee regarding Apollo's continued commitment to supporting Lifepoint in its mission to provide access to high-quality healthcare in rural communities.

Responses

3. Does Apollo have current or future plans to invest capital in Lifepoint Health or Ottumwa Regional? If so, please describe them. If not, why not? Produce all documents that support your answer, including any information concerning Apollo's investment decisions in those entities.

As investors in Lifepoint, the Apollo Funds support Lifepoint's investments in all of its hospitals, including ORHC. To provide a brief overview of our relevant investments to date, the Apollo Funds first invested in parent entities of ORHC in 2015. The Apollo Funds' initial equity investment occurred in December 2015 through an investment in RCCH Healthcare Partners ("RegionalCare"). Following the investment in RegionalCare, the Apollo Funds continued to invest in rural healthcare through further investments the following year via additional equity capital to support RegionalCare's combination with Capella Healthcare ("Capella"). In 2018, the Apollo Funds invested additional equity capital to facilitate the combination of RegionalCare, Capella, and Lifepoint; with that combination, ORHC became part of the Lifepoint health system.

Apollo has demonstrated its commitment to supporting Lifepoint in its investment in rural healthcare through the Apollo Funds' repeated investments in RegionalCare, Capella, and Lifepoint, and through Fund IX's subsequent investment in Lifepoint in 2021. While Apollo does not have any current or future plans to invest additional fund capital in Lifepoint, Apollo remains open to the possibility and is supportive of Lifepoint's investments in the hospitals it operates, including ORHC.

Since 2016, RegionalCare and its successor entities (including Lifepoint) have invested approximately $23 million in ORHC, with more than $3.5 million invested in capital projects in 2022 alone and nearly $5 million invested in 2023. Moreover, RegionalCare and its successor entities have invested an additional approximately $29 million in attracting and retaining physicians.

8. Explain in detail any financial benefits that Apollo received as a result of the 2019 sale-leaseback transaction. Produce all documents that support your answer.

Apollo did not receive any direct financial benefits as a result of the 2019 sale-leaseback transaction, and no funds were transferred from Lifepoint to Apollo or any Apollo Fund in connection with that transaction. The sale leaseback reduced Lifepoint's interest and rental expenses, which further enhanced Lifepoint's ability to invest in its communities.

9. Provide, broken down by fiscal year, the exact dollar amount of profits that Apollo has collected as a result of its ownership interest in Lifepoint. Produce all documents that support your answer.

Lifepoint is owned by the Apollo Funds. The Apollo Funds are, in turn, primarily owned by fund investors (also known as limited partners, or "LPs"), including public

pension funds. As a general matter, Apollo Funds do not receive "profits" from the operation of portfolio companies such as Lifepoint unless and until there is a realization event, such as a sale of the company. In the case of Lifepoint, the only profit that the Apollo Funds have collected to date was the result of the sale of Lifepoint from Apollo Fund VIII to Fund IX in 2021. These profits primarily went to Apollo's fund investors—including pension funds on behalf of which Apollo invests.

10. Provide, broken down by fiscal year, the exact dollar amount of any investments that Apollo has made in RCCH Healthcare Partners and any profits that Apollo has collected as a result of its ownership interest in RCCH Healthcare Partners. Produce all documents that support your answer.

As investors in Lifepoint, the Apollo Funds support Lifepoint's investments in all of its hospitals. To provide a brief overview of our relevant investments to date, the Apollo Funds first invested in parent entities of ORHC in 2015. The Apollo Funds' initial equity investment occurred in December 2015 through an investment in RegionalCare. Following the investment in RegionalCare, the Apollo Funds continued to invest in rural healthcare through further investments the following year via additional equity capital to support RegionalCare's combination with Capella. In 2018, the Apollo Funds invested additional equity capital to facilitate the combination of RegionalCare, Capella, and Lifepoint; with that combination, ORHC became part of the Lifepoint health system.

Apollo has demonstrated its commitment to supporting Lifepoint in its investment in rural healthcare through the Apollo Funds' repeated investments in RegionalCare, Capella, and Lifepoint, and through Fund IX's subsequent investment in Lifepoint in 2021. While Apollo does not have any current or future plans to invest additional fund capital in Lifepoint, Apollo remains open to the possibility and is supportive of Lifepoint's investments in the hospitals it operates.

Since 2016, RegionalCare and its successor entities (including Lifepoint) have invested approximately $23 million in ORHC, with more than $3.5 million invested in capital projects in 2022 alone and nearly $5 million invested in 2023. Moreover, RegionalCare and its successor entities have invested an additional approximately $29 million into attracting and retaining physicians.

11. Provide, broken down by fiscal year, the exact dollar amount of any investments that Apollo has made in Capella Healthcare and any profits that Apollo has collected as a result of its ownership interest in Capella Healthcare. Produce all documents that support your answer.

As investors in Lifepoint, the Apollo Funds support Lifepoint's investments in all of its hospitals. To provide a brief overview of our relevant investments to date, the Apollo Funds first invested in parent entities of ORHC in 2015. The Apollo Funds' initial equity investment occurred in December 2015 through an investment in RegionalCare. Following the investment in RegionalCare, the Apollo Funds continued to invest in rural healthcare through further investments the following year via additional equity capital to support

RegionalCare's combination with Capella. In 2018, the Apollo Funds invested additional equity capital to facilitate the combination of RegionalCare, Capella, and Lifepoint; with that combination, ORHC became part of the Lifepoint health system.

Apollo has demonstrated its commitment to supporting Lifepoint in its investment in rural healthcare through the Apollo Funds' repeated investments in RegionalCare, Capella, and Lifepoint, and through Fund IX's subsequent investment in Lifepoint in 2021. Moreover, RegionalCare and its successor entities have invested an additional approximately $29 million into attracting and retaining physicians.

12. Provide, broken down by fiscal year, the exact dollar amount of any dividends that Apollo paid out to shareholders as a result of its ownership interest in Lifepoint. Produce all documents that support your answer.

It would be difficult to draw even an indirect line between (a) the Apollo Funds' ownership interests in Lifepoint and (b) dividends paid on Apollo's common stock. Investors in Apollo's common stock do not have any ownership interest in Lifepoint. Apollo is a public company owned by its shareholders, whereas Lifepoint is a private company owned by Apollo Funds (which are in turn owned by fund investors – not Apollo shareholders). As a general matter, Apollo's shareholders benefit when Apollo Fund investments are successful. But tracing a line from a single portfolio company investment in a single Apollo Fund to the overall amount of dividends paid on Apollo's common stock on a quarterly basis is virtually impossible and is not a figure that can be precisely determined by fiscal year.

13. Provide, broken down by fiscal year, the exact dollar amount of any dividends that Apollo paid out to shareholders as a result of its ownership interest in Capella. Produce all documents that support your answer.

It would be difficult to draw even an indirect line between (a) the Apollo Funds' ownership interests in Lifepoint and (b) dividends paid on Apollo's common stock. Investors in Apollo's common stock do not have any ownership interest in Lifepoint. But tracing a line from a single portfolio company investment (i.e., RegionalCare) in a single Apollo Fund to the overall amount of dividends paid on Apollo's common stock on a quarterly basis is virtually impossible and is not a figure that can be precisely determined by fiscal year.

15. In 2021, Apollo sold Lifepoint back to itself, from Apollo Fund VIII to Fund IX, for a $1.6 billion gain. Explain in detail the reasons for this transaction, including but not limited to, any financial gains related to distributions or management fees and any financial or operational impacts on Ottumwa. Produce all documents that support your answer.

a. Explain in detail how Lifepoint and the hospitals owned or operated by Lifepoint benefited from this transaction. Produce all documents that support your answer.

It is not accurate to say that "Apollo sold Lifepoint back to itself." Lifepoint is owned by Apollo Funds, which are in turn owned by fund investors, including pension funds. Most Apollo Funds have a finite investment horizon – i.e., they cannot hold their investments forever. Apollo Fund VIII, a 2013 vintage fund, made the initial investment in Lifepoint. Typically, as a private equity fund such as Fund VIII approaches the end of its life, the investments in the fund are sold and the proceeds are distributed to the fund's

investors (i.e., its LPs). Rather than selling Lifepoint to a third party, Apollo Fund VIII instead elected to continue its commitment to the Lifepoint mission and sell that investment to Fund IX, which was a 2019 vintage fund with a longer investment horizon. This kind of "cross-fund" transaction is common among private equity funds.

The sale of Lifepoint from Apollo Fund VIII to Fund IX reflects Apollo's ongoing commitment to investments in community healthcare and underserved markets. The sale enabled the Apollo Funds to continue to support Lifepoint in this mission for a longer time horizon. The sale had no financial or operational impact on Lifepoint, but Lifepoint was aware and supportive of the sale as it ensured continued stability for Lifepoint and its hospitals.

Pursuant to the explanation provided above (see Responses 12-14), the vast majority of the $1.6 billion of profits associated with the 2021 Lifepoint sale from Fund VIII to Fund IX were distributed to the various LPs that invested in Fund VIII. Those LPs included, for example, state pension and retirement funds, whose beneficiaries include teachers, law enforcement personnel, state civil servants, and other government employees who benefitted from the appreciation of their investment in Lifepoint.

* * *

Apollo remains proud to support Lifepoint and its management team in their mission to serve some of the most underserved communities in our country, and will continue to support and invest in the Ottumwa community through its commitment to Lifepoint.

Apollo is voluntarily providing this information and we respectfully request that it be treated as confidential and not disclosed publicly or to any third party. To the extent you intend to disclose this information, Apollo requests that your staff notify Apollo in advance to allow us to discuss the matter and to take appropriate steps to safeguard Apollo's confidential business information.

Sincerely,

Committee on the Budget
United States Senate
Washington, D.C. 20510-6100

Re: August 8, 2024 Email to Apollo Global Management, Inc.

Dear Chairman Whitehouse and Ranking Member Grassley,

On behalf of our client, Apollo Global Management, Inc. ("Apollo" or the "Company"), we write in response to the Committee Staff's supplemental requests outlined in the Committee Staff's August 8, 2024 email (the "August 8 Requests").

Consistent with our discussions with Committee Staff, including on August 28, 2024, this letter supplements our previous responses and productions from April 5, 2023, May 11, 2023, December 20, 2023, and January 19, 2024. Apollo is continuing to gather the requested information responsive to the Committee's requests, and we anticipate providing additional information and documents on a rolling basis.

* * *

Responses

1. **What measures of quality of care, patient safety, patient experience (such as HCAHPS), patient volume, staffing, hospital employee/provider turnover, and employee/provider satisfaction do Apollo representatives review in regards to Lifepoint and its facilities? Through what mechanisms do Apollo representatives review these measures, including but not limited to Apollo representatives to the Quality Committee of the Lifepoint Board of Directors? Do Apollo representatives review these measures at a system-level, hospital-level, or at another level of aggregation (e.g. division)? Have Apollo representatives ever voiced concerns and/or taken any actions in response to the performance of Lifepoint or any Lifepoint**

facility/division on these measures, specifically at Ottumwa Regional Health Center (ORHC)? If yes, please describe the concerns and/or actions. Please describe any steps Lifepoint took to address Apollo's concerns and their sufficiency. Please provide all ORHC scorecards reviewed by Apollo representatives and all other relevant documents, including meeting minutes and communication, that support your response to all above questions.

The Apollo Funds do not have management or decision-making authority with respect to the hospital-level operational and clinical matters set forth in the question above. In general, Apollo Funds' approach to investing is to back and support strong management teams at portfolio companies that manage day-to-day operations and decision-making. Consistent with this approach, Lifepoint's management team is fully responsible for administering Lifepoint's business. Lifepoint's hospitals, including Ottumwa Regional Hospital Center ("ORHC"), each have a local management team responsible for general clinical operations, human resources and administration, and other day to day matters.

Consistent with the general approach, the operations of ORHC are carried out by RCHP-Ottumwa, LLC, a Delaware limited liability company. RCHP Ottumwa, LLC is an indirect, wholly owned subsidiary of Lifepoint. ORHC is operated through a shared governance model, in which the local management team is responsible for day-to-day general and clinical operations, human resources, and administration of ORHC, with oversight by the hospital's Board of Trustees and Lifepoint.

The Apollo Funds support Lifepoint's mission through representation on the Board of Directors and certain Board Committees, including the Quality Committee.[1] As described in Apollo's December 20, 2023 correspondence, Maxwell David has served on the Quality Committee from December 13, 2018 to present; in addition, Holly McMullan served on the Quality Committee from December 13, 2018 to July 13, 2023. The Quality Committee assists the Lifepoint Board in its efforts to monitor and provide leadership with respect to the quality of care, patient safety and the appropriate environment for care at the Lifepoint system level; the members of the Quality Committee meet with Lifepoint management and review quality and patient experience data quarterly. In these meetings, members of the Quality Committee and Lifepoint management discuss areas of success as well as action plans to address the areas of opportunity, all with a goal of continuous improvement in the quality of care and patient experience that Lifepoint provides.

2. **Were any Apollo representatives aware of any issues related to quality of care; patient safety; drug diversion; and the behavior, competence, and sufficiency of staff at ORHC prior to the death of Mr. Devin Caraccio in October 2022? If yes, what actions did Apollo representatives take in response? Please provide all documents that support your response.**

[1] *See* Lifepoint Charter of the Quality Committee of the Board of Directors, previously produced at AP-SBC-000873.

As an investor in Lifepoint, the Apollo Funds recognize that operating rural hospitals, like ORHC, come with certain challenges. Consequently, Apollo representatives on the Lifepoint Board have supported Lifepoint management's emphasis on continuous improvements in quality of care, patient safety, drug diversion, and staffing at its hospitals, including at ORHC. Lifepoint has invested significantly in these areas since acquiring ORHC in November 2018.

3. **Please produce the March 7, 2023, power point document prepared by WilmerHale at the request of the Special Committee convened by Lifepoint's Board to assess the facts and circumstances, including any deficiencies and need for improvements, that may have contributed to the serial sexual assaults at ORHC. Please produce the minutes from this meeting as well. What actions did Apollo representatives recommend that Lifepoint/ORHC take? Have these actions occurred? Please provide all documents that support your response.**

The Lifepoint Board convened the Special Committee to assess the facts and circumstances referenced above. Apollo refers the Committee Staff to Lifepoint to request a copy of this presentation, as Apollo understands that the requested presentation is protected by Lifepoint's attorney-client privilege.

4. **Do Apollo representatives review the contracts that Lifepoint/its facilities enter with contractors or review the performance of contractors, including but not limited to ORHC's contract with TEAMHealth/Southeastern Emergency Physicians, LLC for emergency medicine providers and Apogee Medical Management for hospitalists? If yes, have Apollo representatives ever expressed concerns regarding the sufficiency of the services negotiated under these contracts or the performance of the contractors? If yes, what actions did Apollo representatives take in response? Please provide all documents supporting your response.**

No. As noted above, Lifepoint's hospitals, including ORHC, each have a local management team responsible for general clinical operations, human resources and administration, and other day-to-day matters. Lifepoint's management team is fully responsible for administering Lifepoint's business and making key decisions for Lifepoint's hospitals. Lifepoint's Board does not have management or decision-making authority with respect to the day-to-day operations of Lifepoint's hospitals, including staffing and clinical decisions at ORHC.

6. **What role do Apollo representatives play in decisions to cut or limit services at Lifepoint facilities? Specifically, what role did Apollo representatives play in regards to ORHC's discontinuation of its home healthcare services in 2018, discontinuation of its e-ICU program in 2022, significant reduction in ICU volume in 2023 (from 783 in 2022 to 107 in 2023), and limitation of its operating room call to cesarean sections only in 2023 due to financial and/or staffing limitations? Did Apollo consider providing Lifepoint/ORHC with financial support such that it could continue to provide these services? Please provide all documents that support your response.**

The Apollo Funds are investors in Lifepoint and do not operate or manage any of its hospitals, including ORHC. As a result, Apollo representatives did not play a role in the matters described above.

7. **What role do Apollo representatives play in reviewing the impact on access to health care in rural communities that results or could result from the discontinuation/ limitation of services or lack of nurses, providers, or other health care professionals at Lifepoint facilities? Please provide all documents that support your response.**

As noted above, the Apollo Funds are investors in Lifepoint and do not operate or manage any of its hospitals. The Apollo Funds' original investment thesis in Lifepoint and its predecessor companies centered on investing in healthcare companies that provide care for underserved communities. Rural hospitals across the United States have faced challenges for decades, in part driven by underinvestment. The Apollo Funds sought to do the opposite by investing in and supporting companies, such as Lifepoint, that invest in these underserved communities to recruit physicians, expand service line offerings, and upgrade equipment in order to care for these communities.

Apollo has demonstrated its commitment to supporting Lifepoint in its investment in rural healthcare through the Apollo Funds' repeated investments in RegionalCare, Capella, and Lifepoint, and through Fund IX's subsequent investment in Lifepoint in 2021. Since 2016, RegionalCare and its successor entities (including Lifepoint) have invested approximately $23 million in ORHC, with more than $3.5 million invested in capital projects in 2022 alone and nearly $5 million invested in 2023. Moreover, RegionalCare and its successor entities have invested an additional approximately $29 million in attracting and retaining physicians.

9. **Have Apollo representatives noted any concerns related to the transparency of Lifepoint senior management's communications to the Lifepoint board regarding the quality of care, safety, patient experience, staffing, billing practices, financial health, and compliance at the facilities that Lifepoint operates, including but not limited to ORHC?**

As noted previously, a key tenet of the Apollo Funds' investment approach is empowering management teams and portfolio companies. We have invested the Apollo Funds' capital behind what we believe to be a best-in-class management team. The Lifepoint Board of Directors delegates day-to-day decision-making authority to management and reserves certain major matters for Board approval, including enterprise-wide strategic decisions, acquisitions and divestitures, settling material litigation, and the hiring of and compensation for the senior management team. Apollo representatives have not noted any of the above concerns as members of the Lifepoint Board or otherwise.

10. **What goals and objectives does the Compensation Committee of the Lifepoint board use to evaluate the Lifepoint CEO's performance and thereby determine the CEO's compensation level? Since 2015, please describe how the Lifepoint CEO performed on these goals and objectives and thereby the CEO's associated compensation,**

including bonuses and any benefits excess of base salary. Please also provide all golden parachutes and retirement bonuses. Please provide all documents that support your response.

From 2015 to 2018, when Lifepoint was a public company, all detail on CEO compensation is available here in Lifepoint's public filings. Today, the Lifepoint CEO is evaluated based on a combination of financial and quality metrics, including the Company's performance. Please see our January 19 production for the Lifepoint Compensation Committee Charter. *See* AP-SBC-000876-AP-SBC-000879.

11. **In light of Lifepoint Health's net income of $283 million in 2020, did Apollo discuss returning any of the $646 million of government stimulus income that Lifepoint recognized in 2020 to the federal government? Please provide all documents that support your response.**

While Lifepoint management is responsible for administering Lifepoint's business, the Apollo Funds, through representation on the Board, were supportive of Lifepoint's decision to receive financial support during COVID. We understand Lifepoint instituted appropriate recordkeeping and procedural safeguards to ensure its uses and tracking of the government funds complied with all applicable rules.

12. **What internal reports/communications do Apollo representatives provide to Apollo senior leadership and investors regarding the performance of Lifepoint hospitals? Do these reports/communications contain any information regarding the quality and safety of Lifepoint facilities as well as any impact on access to health care in rural communities due to the discontinuation/limitation of services or lack of nurses, providers, or other health care professionals at Lifepoint facilities? Please provide all documents that support your response.**

The Apollo Funds do not have management or decision-making authority with respect to the operations and performance of specific Lifepoint hospitals or the other hospital-level matters set forth in this question, including with respect to ORHC. Each of Lifepoint's hospitals have a dedicated management team responsible for general clinical operations, human resources and administration, and other day to day matters at the hospital level. Lifepoint's management team is fully responsible for administering Lifepoint's business and making key decisions for Lifepoint's communities. The Apollo Funds support Lifepoint's mission through representation on Lifepoint's Board of Directors.

As a result, Apollo does not produce internal reports or communications for Apollo senior leadership that discuss the quality and safety of specific Lifepoint hospitals or the impact on access to health care in rural communities.

13. **Recent events have shown that other hospital operators have faced bankruptcy and other financial issues. In view of these developments, what discussions has Apollo had internally and with Lifepoint concerning Lifepoint's solvency? Would Apollo step in**

to provide financial support to Lifepoint if Lifepoint is unable to pay its rents, loans, debts, contractors/vendors, payroll, or any other bills?

Apollo does not have any concerns related to Lifepoint's solvency. Lifepoint is solvent and well-capitalized today and a significant focus of the Apollo Funds through representation on the Lifepoint Board and management is ensuring that Lifepoint is solvent and well-capitalized to continue to invest in its communities.

14. What is Apollo's exit strategy for Lifepoint Health, particularly ORHC?

The Apollo Funds have not yet identified an exit strategy for their investment Lifepoint. Indeed, Apollo Fund VIII sold Lifepoint to Apollo Fund IX in 2021 to provide the Apollo Funds with a longer time horizon to support Lifepoint's mission of investing in community healthcare and underserved markets. However, as a general matter, common exit strategies include initial public offerings and strategic sales.

The Apollo Funds are proud to support Lifepoint's mission of improving health outcomes for those in rural communities. Lifepoint has allocated over a billion dollars in capital to enhance its facilities, which encompasses constructing new buildings, refurbishing departments, developing new service lines, recruiting and hiring medical personnel, acquiring essential equipment, and bolstering technological frameworks. The Apollo Funds are eager to keep broadening the availability of healthcare in the communities served by Lifepoint, as well as to enhance the variety of service offerings in these areas.

Apollo is voluntarily providing this information, which contains customarily non-public, confidential and privileged business and commercial information. Apollo respectfully requests that this letter be maintained in confidence with the Committee and used solely for the purposes of this inquiry. Accordingly, we have designated this letter as "Confidential Treatment Requested." To the extent you intend to disclose this information, Apollo requests that your staff notify Apollo in advance to allow us to discuss the matter and to take appropriate steps to safeguard Apollo's confidential business information.

Please let us know if you have any questions, and we look forward to our continued engagement with the Committee regarding Apollo's commitment to supporting Lifepoint in its mission to provide access to high-quality healthcare.

Re: September 9, 2024 Email to Apollo Global Management, Inc.

Dear Chairman Whitehouse and Ranking Member Grassley,

On behalf of our client, Apollo Global Management, Inc. ("Apollo" or the "Company"), we write in response to the Committee Staff's supplemental requests outlined in the Committee Staff's September 9, 2024 email (the "September 9 Requests").

Consistent with our discussions with Committee Staff, including on August 28, 2024, this letter supplements our previous responses and productions from April 5, 2023, May 11, 2023, December 20, 2023, January 19, 2024, and September 6, 2024. Apollo is continuing to gather the requested information responsive to the Committee's requests, including those from the Committee Staff's August 8 email, and we anticipate providing additional information and documents on a rolling basis.

* * *

Responses

2. **We noted that the response for question #2 does not answer: "Were any Apollo representatives aware of any issues related to quality of care; patient safety; drug diversion; and the behavior, competence, and sufficiency of staff at ORHC prior to the death of Mr. Devin Caraccio in October 2022? If yes, what actions did Apollo representatives take in response? Please provide all documents that support your response."**

As an investor in Lifepoint, the Apollo Funds are aware that operating rural hospitals, like ORHC, present certain challenges, including the challenges referenced in the question. In general, Apollo Funds' approach to investing is to empower and support strong management teams at portfolio companies that manage day-to-day operations and decision-making. Consequently, Apollo representatives on the Lifepoint Board have supported Lifepoint management's emphasis on continuous improvements in quality of care, patient safety, drug diversion, and sufficiency of staffing at its hospitals, including at ORHC. In turn, Lifepoint has supported ORHC's leadership team in efforts concerning the continuous improvement of quality of care, patient safety, drug diversion, and sufficiency of staffing at ORHC.

6. **In your response to question #6, you noted that "Apollo representatives did not play a role in the matters" related to cutting or limiting services at Lifepoint facilities. Is Apollo notified or aware of when Lifepoint facilities cut or limit services, specifically ORHC's discontinuation of its home healthcare services in 2018, discontinuation of its e-ICU program in 2022, significant reduction in ICU volume in 2023 (from 783 in 2022 to 107 in 2023), and limitation of its operating room call to cesarean sections only in 2023 due to financial and/or staffing limitations? Please provide all documents that support your response.**

The Apollo Funds are investors in Lifepoint and do not operate or manage any of its hospitals, including ORHC. As a result, Apollo representatives did not play a role in the matters described above. As noted above, ORHC's local management team is responsible for general clinical operations, human resources and administration, and other day to day matters at ORHC and the Apollo representatives on Lifepoint's Board are not aware of these issues having been discussed at the Lifepoint Board level.

7. **In your response to question #7, "which asks about the role that "Apollo representatives play in reviewing the impact on access to health care in rural communities," you noted that "Apollo Funds are investors in Lifepoint and do not operate or manage any of its hospitals." However, we noted that the response does not answer whether "Apollo representatives review the impact on access to health care in rural communities that results or could result from the discontinuation/limitation of services or lack of nurses, providers, or other health care professionals at Lifepoint facilities?"**

The Apollo Funds remain committed to broadening access to health care generally. The Apollo Funds' original investment thesis in Lifepoint and its predecessor companies centered on investing in healthcare companies that provide care for underserved communities. Rural hospitals across the United States have faced challenges for decades, in part driven by underinvestment. The Apollo Funds sought to do the opposite by investing in and supporting companies, such as Lifepoint, that invest in these underserved communities to recruit physicians, expand service line offerings, and upgrade equipment in order to care for these communities.

Apollo has demonstrated its commitment to supporting Lifepoint in its investment in rural healthcare through the Apollo Funds' repeated investments in RegionalCare, Capella, and

Lifepoint, and through Fund IX's subsequent investment in Lifepoint in 2021. Since 2016, RegionalCare and its successor entities (including Lifepoint) have invested approximately $23 million in ORHC, with more than $3.5 million invested in capital projects in 2022 alone and nearly $5 million invested in 2023. Moreover, RegionalCare and its successor entities have invested an additional approximately $29 million in attracting and retaining physicians.

As noted previously, the Apollo Funds are investors in Lifepoint and do not operate or manage any of its hospitals, which are operated and run by local management teams that engage with a variety of community stakeholders to assess the community impacts of regional and national healthcare trends such as staffing shortages and systemic financial challenges experienced throughout the pandemic and beyond. The Apollo Funds rely on and empower professionals and community members to make community-centered analyses, assessments, and decisions related to access to nurses, providers, and health care professionals.

12. **In your response to question #12, you noted that "Apollo does not produce internal reports or communications for Apollo senior leadership that discuss the quality and safety of specific Lifepoint hospitals or the impact on access to health care in rural communities." What internal reports/communications do Apollo representatives provide to Apollo senior leadership and investors regarding the performance of Lifepoint hospitals, *generally*? Do these reports/communications contain any *aggregate* information regarding the quality and safety of Lifepoint facilities as well as any *aggregate* information related to access to care in the rural communities supported by Lifepoint facilities? Please provide all documents that support your response.**

Apollo does not produce aggregate reports regarding the quality and safety of Lifepoint facilities or aggregate reports related to access to care in rural communities supported by Lifepoint facilities for Apollo Global Management senior leadership.

13. **We noted that the response for question #13 does not answer: "Would Apollo step in to provide financial support to Lifepoint if Lifepoint is unable to pay its rents, loans, debts, contractors/vendors, payroll, or any other bills?"**

Apollo does not have concerns related to Lifepoint's solvency. Lifepoint is solvent and well-capitalized today and a significant focus of the Apollo Funds through representation on the Lifepoint Board and management is ensuring that Lifepoint is solvent and well-capitalized to continue to invest in its communities. While Apollo does not have any current or future plans to invest additional fund capital in Lifepoint, Apollo remains open to the possibility, if necessary, and is supportive of Lifepoint's investments in the hospitals it operates.

* * *

Apollo is voluntarily providing this information, which contains customarily non-public, confidential and privileged business and commercial information. Apollo respectfully requests that this letter be maintained in confidence with the Committee and used solely for the purposes of this inquiry. Accordingly, we have designated this letter as "Confidential Treatment Requested." To the extent you intend to disclose this information, Apollo requests that your staff notify Apollo in advance to allow us to discuss the matter and to take appropriate steps to safeguard Apollo's confidential business information.

Please let us know if you have any questions, and we look forward to our continued engagement with the Committee regarding Apollo's commitment to supporting Lifepoint in its mission to provide access to high-quality healthcare.

Committee on the Budget
United States Senate
Washington, D.C. 20510-6100

Re: September 9, 2024 Email to Apollo Global Management, Inc.

Dear Chairman Whitehouse and Ranking Member Grassley,

On behalf of our client, Apollo Global Management, Inc. ("Apollo" or the "Company"), we write in response to the Committee Staff's supplemental requests outlined in the Committee Staff's September 9, 2024 email (the "September 9 Requests").

Consistent with our discussions with Committee Staff, including on August 28, 2024, this letter supplements our previous responses and productions from April 5, 2023, May 11, 2023, December 20, 2023, January 19, 2024, September 6, 2024, and September 27, 2024. Apollo is continuing to gather the requested information responsive to the Committee's requests, including those from the Committee Staff's August 8 email, and we anticipate providing additional information and documents on a rolling basis.

* * *

Responses

1. **We noted that the response for question #1 does not answer: "What measures of quality of care, patient safety, patient experience (such as HCAHPS), patient volume, staffing, hospital employee/provider turnover, and employee/provider satisfaction do Apollo representatives *[currently Maxwell David and formerly Holly McMullan]* review in regards to Lifepoint and its facilities? ... Do Apollo representatives review these measures at a system-level, hospital-level, or at another level of aggregation (e.g. division)? Have Apollo representatives ever voiced concerns and/or taken any actions in response to the performance of Lifepoint or any Lifepoint facility/division on these measures, specifically at Ottumwa Regional Health Center (ORHC)? If yes, please**

describe the concerns and/or actions. Please describe any steps Lifepoint took to address Apollo's concerns and their sufficiency. Please provide all ORHC scorecards reviewed by Apollo representatives and all other relevant documents, including meeting minutes and communication, that support your response to all above questions." Additionally, your response notes that the Quality Committee reviews quarterly "quality and patient experience data…as well as action plans to address the areas of opportunity." Please provide the quarterly data and action plans reviewed by the Lifepoint Board Quality Committee from Q1 2019 through Q2 2024. Please note if Apollo representatives on the RCCH and RegionalCare boards also reviewed quarterly quality and patient experience data and action plans. If yes, please provide the quarterly quality and patient experience data and action plans reviewed by the Apollo representatives on the RCCH and RegionalCare boards from Q1 2016 through Q4 2018.

The Apollo Funds do not have management or decision-making authority with respect to the hospital-level operational and clinical matters set forth in the original question. In general, Apollo Funds' approach to investing is to back and support strong management teams at portfolio companies that manage day-to-day operations and decision-making. Consistent with this approach, Lifepoint's management team is fully responsible for administering Lifepoint's business. Lifepoint's hospitals, including Ottumwa Regional Hospital Center ("ORHC"), each have a local management team responsible for general clinical operations, human resources and administration, and other day to day matters.

The Apollo Funds support Lifepoint's mission through representation on the Board of Directors and certain Board Committees, including the Quality Committee.[1] As described in Apollo's December 20, 2023 correspondence, Maxwell David has served on the Quality Committee from December 13, 2018 to present; in addition, Holly McMullan served on the Quality Committee from December 13, 2018 to July 13, 2023. The Quality Committee assists the Lifepoint Board in its efforts to monitor and provide leadership with respect to the quality of care, patient safety, and the appropriate environment for care at the Lifepoint system level; the members of the Quality Committee meet with Lifepoint management and review certain information on Lifepoint hospitals and aggregated quality and patient experience data quarterly. The Apollo Funds are not aware of any ORHC-specific scorecards that were provided to and reviewed by the Lifepoint Board's Quality Committee. In these meetings, members of the Quality Committee and Lifepoint management discuss areas of success as well as action plans to address areas of opportunity, all with a goal of programmatically strengthening Lifepoint's National Quality Program and continuing Lifepoint's system-wide trend of achieving improvements in quality of care and patient experience at Lifepoint hospitals.

[1] *See* Lifepoint Charter of the Quality Committee of the Board of Directors, previously produced at AP-SBC-000873.

5. **When were Apollo representatives, including but not limited to Apollo's representatives to the Lifepoint Board of Director's Quality Committee, notified by Lifepoint senior management that surveyors identified an immediate jeopardy situation at ORHC on October 12, 2023 involving the hospital's failure to "have adequate numbers of RN, LPNs, CNA/Techs and sitters to provide supervision, monitoring, and timely 15 minute safety checks to all patients with acute and ongoing mental health issues?" What actions did Apollo representatives take in response? Please provide all documents that support your response.**

The Apollo Funds are committed to improving the quality of care at all Lifepoint's hospitals, including ORHC. Ensuring that Lifepoint's management has the support and direction it needs to create system-wide programs and establish a world-class patient care culture is an utmost priority for the Lifepoint Board, including the Apollo representatives who serve on the board. As noted above, ORHC's local management team, with oversight and assistance from Lifepoint, is responsible for driving patient safety and ensuring appropriate staffing at ORHC. We understand that investigators from the Kansas City Regional office of the Centers for Medicare and Medicaid Services concluded that ORHC did not lack adequate staffing as a result of their investigation in October 2023, but did identify opportunities for improving screening protocols at ORHC. The Apollo representatives were not aware of issues identified by surveyors prior to October 2023 and understand that ORHC and Lifepoint developed and implemented a plan to address the issues identified by the CMS surveyors.

8. **What role do Apollo representatives play in reviewing Lifepoint's asset purchase agreements, including but not limited to whether Lifepoint is fulfilling its commitments and how Lifepoint is monitoring its compliance with its commitments (or being monitored)? Are Apollo representatives notified when Lifepoint does not fulfill its commitment to its facilities under its asset purchase agreements or renegotiates its commitments to its facilities? If Lifepoint is unable to finance its commitments to its facilities as set forth in its asset purchase agreements, would Apollo step in to provide financial resources?**

    1. **Were Apollo representatives notified that Lifepoint did not meet its annual routine capital expenditure obligations to ORHC in 2019? Please provide all documents that support your response.**

    2. **Were Apollo representatives notified that Lifepoint and ORHC's Board of Directors amended the asset purchase agreement to allow for operating/capital leases to be included in the definition of routine capital expenditures and to change the 5% of net operating revenue designated for annual routine capital expenditures to a split of 3.75% for capital expenditures and 1.25% for physician recruitment and retention? Please provide all documents that support your response.**

The Lifepoint Board did not play a role in reviewing the asset purchase agreement referenced in your question. The Apollo Funds understand the asset purchase agreement dates back

to 2010, which is well before the Apollo Funds' original investment in ORHC. The Apollo representatives, through their service on the Lifepoint Board, were not notified of ORHC's performance pursuant to the asset purchase agreement nor of amendments to the asset purchase agreement. However, consistent with the Apollo Funds' and Lifepoint's commitment to investing in ORHC, we understand that Lifepoint's aggregate investment in ORHC is well in excess of the asset purchase agreement obligations since 2010, including significant increased investment in ORHC during the COVID pandemic and in the years since. Indeed, Lifepoint's commitment to ORHC enabled the hospital to provide crucial healthcare services to the Ottumwa community and the broader rural community in Wapello County at a time when other hospitals and hospital systems were substantially curtailing basic services and, in some cases, closing altogether.

As noted above, the Apollo Funds are supportive of Lifepoint's mission to provide the highest quality patient care possible at all its facilities, including at ORHC. Apollo does not have concerns related to Lifepoint's solvency. Lifepoint is solvent and well-capitalized today and a significant focus of the Apollo Funds through representation on the Lifepoint Board is ensuring that Lifepoint is solvent and well-capitalized to continue to invest in its communities. While Apollo does not have any current or future plans to invest additional fund capital in Lifepoint, Apollo remains open to the possibility, if necessary, and is supportive of Lifepoint's investments in the hospitals it operates.

* * *

Apollo is voluntarily providing this information, which contains customarily non-public, confidential and privileged business and commercial information. Apollo respectfully requests that this letter be maintained in confidence with the Committee and used solely for the purposes of this inquiry. Accordingly, we have designated this letter as "Confidential Treatment Requested." To the extent you intend to disclose this information, Apollo requests that your staff notify Apollo in advance to allow us to discuss the matter and to take appropriate steps to safeguard Apollo's confidential business information.

Please let us know if you have any questions, and we look forward to our continued engagement with the Committee regarding Apollo's commitment to supporting Lifepoint in its mission to provide access to high-quality healthcare.

Sincerely,

The Honorable Sheldon Whitehouse
Chairman
The Honorable Charles E. Grassley
Ranking Member
Committee on the Budget
United States Senate
Washington, D.C. 20510-6100

Re: October 23, 2024 Email to Apollo Global Management, Inc.

Dear Chairman Whitehouse and Ranking Member Grassley,

We write on behalf of Apollo Global Management, Inc. ("Apollo" or the "Company") in response to the Committee Staff's supplemental requests outlined in the Committee Staff's October 23, 2024 correspondence.

Consistent with our discussions with Committee Staff, including on August 28, 2024 and October 22, 2024, this letter supplements our previous responses and productions from April 5, 2023, May 11, 2023, December 20, 2023, January 19, 2024, September 6, 2024, September 27, 2024, and October 18, 2024. Apollo is continuing to gather the requested information responsive to the Committee's requests, including those from the Committee Staff's August 8 email, and we anticipate providing an additional submission by November 15, 2024.

* * *

Responses

1. **Please provide clarity on all mechanisms by which Apollo, Apollo employees, and Apollo representatives (hereto forth referred to as Apollo) review the financial and non-financial performance of Lifepoint. Please provide documents that support this review structure.**

Apollo representatives on the Lifepoint Board of Directors serve the traditional functions that directors of any company, healthcare or otherwise, typically serve: providing oversight and strategic guidance to the company's management, ensuring that the corporation operates in the best interests of its shareholders, setting broad company policies, approving major business

decisions, and ensuring the integrity of financial statements, among other high-level assignments. Much like boards of other corporations, the Lifepoint Board, including the Apollo representatives on the Board, provides this high-level strategic guidance to ensure management is performing according to expectation, but ultimately Lifepoint's management team is responsible for just that—operationalizing the Board's high-level guidance and managing the business, including all clinical decision-making and patient quality elements at Lifepoint's individual hospitals. This is consistent with Apollo's general investment approach to empower and support strong management teams at portfolio companies that manage day-to-day operations and decision-making.

Consistent with this approach, Lifepoint's management team is fully responsible for administering Lifepoint's business. Lifepoint's hospitals, including Ottumwa Regional Hospital Center ("ORHC"), each have a local management team responsible for general clinical operations, human resources and administration, and other day to day matters. Consequently, Apollo representatives on the Lifepoint Board have supported Lifepoint management's emphasis on continuous improvements in quality of care, patient safety, drug diversion, and sufficiency of staffing at its hospitals, including at ORHC. In turn, Lifepoint has supported ORHC's leadership team in efforts concerning the continuous improvement of quality of care, patient safety, drug diversion, and sufficiency of staffing at ORHC.

2. **Please provide all financial and non-financial measures that Apollo reviews regarding the performance of Lifepoint and explain who at Apollo reviews these measures, how frequently these measures are reviewed, and how these measures are used. Please provide the most recent report/presentation/scorecard that Apollo used to review these non-financial performance measures (if there are multiple mechanisms at Lifepoint reviewing non-financial performance data, please provide the most recent report/presentation/scorecard used by each of these entities). Please provide meeting minutes that demonstrate who at Apollo reviewed these non-financial measures and the results of this review (if there are multiple mechanisms at Apollo reviewing performance data, please provide meeting minutes for each of these reviews).**

We anticipate providing additional information responsive to this request by November 15, 2024.

3. **Please provide the quarterly "quality and patient experience data" and "action plans" reviewed by Apollo's representatives to the Lifepoint board since the Lifepoint acquisition. If these "quality and patient experience data" and "action plans" were reviewed by Apollo's representatives to the RegionalCare and RCCH boards, please provide these as well.**

We anticipate providing additional information responsive to this request by November 15, 2024.

4. **Please provide all financial and non-financial measures that Apollo reviews in regard to the performance of Ottumwa Regional Health Center (ORHC) and explain who at Apollo reviews these measures, how frequently these measures are reviewed, and how these measures are used. Please provide all reports/presentations/scorecards that**

Apollo has used to review ORHC's financial and non-financial performance measures (if there are multiple mechanisms at Apollo reviewing financial and non-financial performance data for ORHC, please provide the reports/presentations/scorecards used by each of these entities). Please provide meeting minutes that demonstrate who at Apollo reviewed ORHC's financial and non-financial performance measures and the results of these reviews (if there are multiple mechanisms at Apollo reviewing performance data, please provide meeting minutes for each of these reviews). Please provide documents for the entire time period in which Apollo funds have invested in ORHC's parent company (Lifepoint, RCCH, RegionalCare).

As described in our prior responses, through service on the Quality Committee, Apollo representatives on the Board meet with Lifepoint management quarterly and review certain information regarding Lifepoint hospitals and aggregated quality of care and patient experience data. Similarly, Apollo representatives on the Lifepoint Board of Directors—like all of the members of the Lifepoint Board—review Lifepoint financial and operational data and information to provide strategic guidance to Lifepoint management, ensure it is operating effectively and efficiently, and provide guidance for strategic enterprise-wide decisions. Given this role, information is typically aggregated at the Lifepoint level, rather than at the individual hospital level.

From time to time, information provided to the Lifepoint Board, including the Quality Committee, may contain references to particular hospitals, such as to note where aggregated data excludes and/or is unavailable for specific hospitals, or as exemplars to illustrate aggregated trends or outliers in patient experience, quality of care, or clinical outcomes and associated corrective and preventative actions. As previously noted, the Apollo Funds are not aware of any ORHC-specific reports, presentations, or scorecards that were provided to and reviewed by the Quality Committee of Lifepoint's Board. We are not aware of any mechanism by which Apollo representatives on the Lifepoint Board receive hospital-specific presentations or reports.

5. **Please provide all communications, including, but not limited to, emails, memos, reports and meeting minutes, between Lifepoint (and its predecessors-RegionalCare and RCCH) and Apollo regarding (a) the performance of ORHC, (b) challenges facing ORHC, (c) concerns regarding ORHC, and (d) plans for ORHC. Examples of challenges may include, but are not limited to, issues related to finances, coding/billing, quality of care, patient safety, patient experience, patient volume, staffing, hospital employee/provider turnover, employee/provider satisfaction, provider recruitment, ability to provide specific services, unprofitable service lines, drug diversion, facility and equipment, contracts with TeamHealth or other provider groups, contracted services, third-party payers and payment models, purchasing and supplies, inspection findings, commitments to the hospital/community, and reputation. Examples of plans may include, but are not limited to, service line growth, elimination of service lines, divestment, alternative payment models, alternative care delivery models, debt financing/refinancing, and facility and equipment upgrades.**

As noted above, Apollo representatives on the Quality Committee of Lifepoint's Board review certain information on Lifepoint hospitals and aggregated quality of care and patient experience data on a quarterly basis. Some of this information may contain references to specific hospitals. However, we are not aware of ORHC-specific emails, memos, or reports periodically provided to Apollo representatives on the Lifepoint Board detailing ORHC finances, coding/billing, quality of care, patient safety, patient experience, patient volume, staffing, hospital employee/provider turnover, employer/provider satisfaction, provider recruitment, ability to provide specific services, unprofitable service lines, drug diversion, facility and equipment, contracts with TeamHealth, or other provider groups, contracted services, third-party payers and payment models, purchasing and supplies, inspection findings, commitments to the hospital community, and reputation, or plans detailing/regarding ORHC-specific service line growth, elimination of service lines, divestment, alternative payment models, alternative care delivery models, debt financing/refinancing, and facility and equipment upgrades.

6. **Please provide the sections of the annual report to the Lifepoint board "on any significant failure to maintain quality and/or patient safety standards at any of the Company's facilities that poses a material financial or reputational risk to the Company" that refer to ORHC. How many years has this report been reviewed by the Lifepoint board? Was it reviewed by the RegionalCare and RCCH boards? Please provide any mentions to ORHC in these reports for as many years back as these reports have been circulated (including RegionalCare and RCCH, if applicable).**

Apollo is not aware of any reports provided from the Quality Committee to the Lifepoint Board related to "significant failure to maintain quality and/or patient safety standards at any of the Company's facilities that poses a material financial or reputational risk to the Company" that refers to ORHC. Of course, the Lifepoint Board was highly disturbed to learn of the tragic events surrounding the death of Devin Caraccio and was aware of the swift actions Lifepoint management took to safeguard patient safety at ORHC and improve quality of care, including replacing ORHC's senior management. The Board further exercised its oversight responsibilities through a Special Committee to ensure management took decisive remedial steps in the aftermath of Caraccio's death.

7. **Please provide all evaluations that Apollo has conducted or reviewed that pertain to whether the underserved communities cared for by the hospitals in the Lifepoint portfolio have been able to "recruit physicians, expand service line offerings, and upgrade equipment in order to care for these communities."**

As noted in prior responses, the Apollo Funds remain committed to broadening access to health care. The Apollo Funds' original investment thesis in Lifepoint and its predecessor companies centered on investing in healthcare companies that provide care for underserved communities. Rural hospitals across the United States have faced challenges for decades, in part driven by underinvestment. The Apollo Funds sought to do the opposite by investing in and supporting companies, such as Lifepoint, that invest in these underserved communities to recruit physicians, expand service line offerings, and upgrade equipment to care for these communities. The Apollo Funds empower local management teams to execute on this vision, including

evaluating opportunities and progress at the local level, and therefore any such analyses are conducted at the Lifepoint and/or hospital level.

8. **Please provide the goals and objectives used by the Compensation Committee of the Lifepoint Board to evaluate the performance of CEO David Dill and how Mr. Dill has performed on them.**

The Compensation Committee is responsible for discharging the Board's responsibilities related to the compensation of the CEO, approving compensation for other executive officers, directors, and other key employees, making recommendations regarding equity-based and other compensation, administering the Company's equity-based compensation plans, and overseeing the Board's evaluation of senior management, among other responsibilities. The Charter further provides that the Committee determines the CEO's compensation level, which includes salary, bonus targets, and non-equity incentive compensation, and makes recommendations regarding the CEO's equity compensation. In determining the long-term incentive component of the CEO's compensation, the Committee evaluates several factors, including Lifepoint's overall performance; the value of similar incentive awards to CEOs at comparable companies; and historical awards given to Lifepoint's CEO in past years, among other factors. For further information regarding the standards used to set Mr. Dill's compensation, please refer to the Charter of the Compensation Committee of the Lifepoint Board, produced at AP-SBC-000876 through AP-SBC-000879.

9. **Please provide all reports/communications provided to Apollo senior leadership and investors in Apollo Investment Fund IX (and previously Apollo Investment Fund VIII) regarding the performance of Lifepoint and its hospitals.**

We have not identified any Apollo Global Management Board of Director meeting agendas or minutes (or related committees) that contain any reference to Lifepoint—much less ORHC or other specific Lifepoint hospitals. We understand there are isolated references to Lifepoint in appended board book materials—such as references to Lifepoint in connection with broader fund portfolio performance. In none of these references, which again are isolated references in materials that frequently number in the hundreds of pages in length, is there any substantive discussion of patient safety issues, patient care, or any operational issue related to Lifepoint nor any specific hospital.

The Honorable Sheldon Whitehouse
Chairman
The Honorable Charles E. Grassley
Ranking Member
Committee on the Budget
United States Senate
Washington, D.C. 20510-6100

Re: October 23, 2024 Email to Apollo Global Management, Inc.

Dear Chairman Whitehouse and Ranking Member Grassley,

We write on behalf of Apollo Global Management, Inc. ("Apollo" or the "Apollo Funds") in response to the Committee Staff's supplemental requests outlined in the Committee Staff's October 23, 2024 correspondence. Consistent with our discussions with Committee Staff, including on August 28, 2024 and October 22, 2024, this letter supplements our previous responses and productions from April 5, 2023, May 11, 2023, December 20, 2023, January 19, 2024, September 6, 2024, September 27, 2024, October 18, 2024, and November 8, 2024.

* * *

Lifepoint Health, Inc. ("Lifepoint" or the "Company") serves patients, clinicians, and predominantly rural communities through a national network of 60 community hospitals, 70 rehabilitation and behavioral health hospitals, and more than 300 additional sites of care, including managed acute rehabilitation units, outpatient centers and post-acute care facilities. As noted in prior responses, the Apollo Funds are investors in Lifepoint and remain committed to broadening access to healthcare. The Apollo Funds' original investment thesis in Lifepoint and its predecessor companies centered on investing in healthcare companies that provide care for underserved communities. Rural hospitals across the United States have faced challenges for decades, in part driven by underinvestment. The Apollo Funds sought to do the opposite by investing in and supporting companies, such as Lifepoint, that invest in these underserved communities to recruit physicians, expand service line offerings, and upgrade equipment in order to care for these communities.

In general, the Apollo Funds' approach to investing is to back and support strong management teams at portfolio companies that manage day-to-day operations and decision-making. Consistent with this approach, Lifepoint's management team is fully responsible for administering Lifepoint's business and making key decisions for Lifepoint's hospitals. The Apollo Funds support Lifepoint's mission through representation on the Board of Directors (the "Lifepoint Board" or the "Board") and certain Board Committees, including Lifepoint's Quality Committee (the "Quality Committee" or the "Committee"). In turn, Lifepoint's hospitals each have a local management team responsible for general clinical operations, human resources and administration, and other day to day matters. Indeed, empowering local caregivers, communities, and stakeholders to drive patient care and quality improvements is especially important given the breadth of services described above, the geographic diversity of the areas Lifepoint serves, the importance of local knowledge for local initiatives, and the critical impact of personal touch on personal health care.

Consequently, and as we have explained, Apollo representatives on the Lifepoint Board serve the traditional functions that directors of any company, healthcare or otherwise, typically serve: providing oversight and strategic guidance to the company's management, ensuring that the corporation operates in the best interests of its shareholders, setting broad company policies, approving major business decisions, and ensuring the integrity of financial statements, among other high-level assignments. The Lifepoint Board chartered the Quality Committee in particular to assist in efforts to provide leadership with respect to quality of care, patient safety, and an environment for individualized care at Lifepoint hospitals.

Lifepoint's Quality Committee

You have asked questions about financial and non-financial measures that Apollo reviews regarding the performance of Lifepoint, including action plans, and quality and patient data. The mechanism through which Apollo representatives on the Lifepoint Board primarily evaluate and assess quality and patient data is through service on the Quality Committee. The Lifepoint Quality Committee, including its Apollo representatives, periodically receives information regarding quality of care and patient safety to assist Lifepoint in its organizational commitment to the highest level of patient care and quality. Like similar committees at large healthcare companies, the Quality Committee's scope of authority extends to reviewing the adequacy and effectiveness of quality of care and patient safety initiatives, and reporting to the Board where necessary.[1] Ultimately, however, the Board is responsible for providing high-level oversight to the Company and Lifepoint's management team is responsible for managing the business, including all clinical decision-making and patient quality elements at Lifepoint's individual hospitals.

Consistent with industry standards, the Quality Committee convenes quarterly.[2] By charter, the Committee is composed of two or more members who serve at the pleasure of the

(May 5, 2022), https://investor.encompasshealth.com/governance/governance-documents/default.aspx; Quality, Compliance &

Board and may be removed at any time, with or without cause; five members typically attend Quality Committee meetings. Members may have relevant experience in health care, patient safety, and quality, or have served on the board of a healthcare institution. The Committee has generally received quality-related briefings from the Chief Medical Officer, the Chief Nursing Officer, and the Chair of the COVID-19 taskforce. The Committee may also receive briefings concerning significant deviations from quality of care and patient safety standards and corrective actions, as applicable. The Committee notifies the Board as necessary of any significant failure to maintain quality and safety standards that might pose material risk to the Company.

Information Provided to the Quality Committee

The Quality Committee relies principally on Lifepoint's senior management for information relating to quality of care and patient safety initiatives. The Quality Committee has consistently reviewed materials related to quality and patient experience, and COVID-19. At the heart of Lifepoint's pursuit of first-in-class quality of care is Lifepoint's National Quality Program (NQP). Started by Lifepoint in 2010 and launched systemwide in 2015, the NQP is an innovative Lifepoint initiative designed to drive organization-wide change through a framework of leadership, performance improvement, and culture.[3]

Through the program, Lifepoint leadership works with individual facilities to assess a combination of quantitative and qualitative criteria regarding their current performance, existing initiatives, and resources. The collaborative effort helps hospitals identify strengths and shortcomings, provides clinical and case management support, and holds facilities accountable for continued progress. Facilities demonstrating high standards of quality of care, performance improvement and patient engagement are designated National Quality Leaders (NQLs). Thirteen Lifepoint facilities achieved NQL status as of 2021 and by Q2 2024, 19 Lifepoint facilities had earned the designation, an increase of almost 50 percent in three years.

The status of the NQP is discussed regularly at Quality Committee meetings, including periodic progress updates for individual facilities. The NQP framework also guides the Quality Committee's discussions of quality and patient experience metrics systemwide. In particular, Lifepoint management provides system-level quantitative and qualitative updates concerning patient experience, trends in preventable patient harms at Lifepoint facilities, and external barometers of patient safety and quality of care, including Leapfrog Group ratings and CMS Star Ratings. Currently, over 70 percent of Lifepoint hospitals have achieved A or B Leapfrog ratings (up from 40 percent of Lifepoint hospitals achieving A or B ratings from the Fall 2023).[4]

[4] *See, e.g.,* Nineteen Lifepoint Hospitals Earn "A" Hospital Safety Grade, LIFEPOINT HEALTH, INC. (Nov. 15, 2024), https://lifepointhealth.net/.

In addition to these quantitative and qualitative data, the Quality Committee also reviewed pandemic-related metrics in discussions with Lifepoint management. Just 14 months after the Lifepoint Quality Committee was chartered, the World Health Organization (WHO) declared COVID-19 a global pandemic on March 11, 2020.[5] In the weeks that followed, the disease spread dramatically across the United States. The Quality Committee regularly discussed Lifepoint's response to COVID-19 as the pandemic unfolded. People in rural communities - like those that Lifepoint serves – were significantly more likely to be hospitalized.[6] Lifepoint senior management resolved to ensure patient and employee safety while minimizing the spread of the disease at its hospitals, including those serving rural communities that were hardest hit. Throughout COVID's unprecedented interruption of healthcare operations, Lifepoint's Quality Committee continued to monitor and guide quality improvement over prior, pre-pandemic levels. As a result of Lifepoint management's stewardship and the Board's oversight and guidance, Lifepoint is proud that it has not had to close a single hospital – whether in a rural community or otherwise – as a result of the pandemic.

Washington, D.C. 20510-6100

Re: December 2, 2024 Email to Apollo Global Management, Inc.

Dear Chairman Whitehouse and Ranking Member Grassley,

On behalf of our client, Apollo Global Management, Inc. ("Apollo" or the "Company"), we write in response to the Committee Staff's supplemental requests outlined in the Committee Staff's December 2, 2024 correspondence. Consistent with our discussions with Committee Staff, including on August 28, 2024 and October 22, 2024, this letter supplements our previous responses and productions from April 5, 2023, May 11, 2023, December 20, 2023, January 19, 2024, September 6, 2024, September 27, 2024, October 18, 2024, November 8, 2024, and November 15, 2024.

Responses

Questions Related to Portfolio Company Management Consulting Fees

As noted in prior responses, an Apollo subsidiary receives an annual management consulting fee of $9 million from Lifepoint. The management consulting fee relates to a range of management consulting and advisory services provided by the Apollo subsidiary and its employees to Lifepoint. Agreements such as these are very standard in the industry and enable the Apollo subsidiary and its employees to provide services to Lifepoint, including advice with respect to various financial transactions and other matters. The management consulting services are completely unrelated to hospital-level clinical and operational decisions.

Questions Related to Fund Management Fees – Management Fees Paid by LPs

The Budget Committee staff asked a series of questions regarding the quantum of management fees paid by LPs in Apollo funds. These fees are paid by limited partners – not portfolio companies. Lifepoint has not paid, and does not pay, any such management fees. Fund-level management fees are not borne by portfolio companies, nor do they have any financial, operational, or clinical impact on Lifepoint or its hospitals. Consequently – given that the Budget Committee's stated legislative interest is "the impact of private equity ownership and related party transactions on the administration of health care throughout the United States"[1] – we do not believe that these fees, which reflect a fund-level economic arrangement between general partners like Apollo and the limited partners who invest in Apollo-managed funds have any impact on the administration of health care, whether at the ORHC level, Lifepoint, or otherwise.

Question 17: Have any current or previous Apollo employee-directors on the Lifepoint / ScionHealth / RCCH / RegionalCare boards ever owned stock or shares or units (hereto forth referred to as units) in Lifepoint / ScionHealth / RCCH / RegionalCare / their parent companies and how much money did they receive as a result of owning those units, including but not limited to selling those units

None of the current or former Apollo employee representatives on the Lifepoint Board owns or owned stock, shares or units in Lifepoint.

Other Questions, Including Question 18, Regarding the Total Amount that Apollo Expects to Receive "From" or "In Relation To" Lifepoint

As noted above, the Budget Committee's stated legislative interest is "the impact of private equity ownership and related party transactions on the administration of health care throughout the United States."[2] The staff's questions, including Question 18, regarding the total amount that Apollo expects to receive "from" or "in relation to" the investment in Lifepoint do not distinguish between payments made by Lifepoint, on the one hand, and payments made by third parties, such as LPs, on the other hand, nor do they draw a connection between payments such as fund-level management fees and even a theoretical impact on the administration of health care. As such, we do not believe these amounts are relevant to the Budget Committee's inquiry.

Apollo Funds have demonstrated their commitment to supporting Lifepoint in its investment in rural healthcare through the Apollo Funds' repeated investments in RegionalCare, Capella, and Lifepoint, and through Fund IX's subsequent investment in Lifepoint in 2021.

Lifepoint Health

March 31, 2023

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Senator Grassley,

Thank you for your letter dated March 17, 2023. We appreciate the opportunity to share more information with you about Lifepoint Health Inc. ("Lifepoint") and Ottumwa Regional Heath Center ("Ottumwa Regional"), our hospital in Ottumwa, Iowa. We write on behalf of Lifepoint, RCHP Ottumwa, LLC, which is the Lifepoint indirect, wholly owned subsidiary that owns and operates Ottumwa Regional, and the Board of Directors of Ottumwa Regional, which is comprised of members of the Ottumwa community, including local physicians.

Like you, we were all horrified to learn about the conduct of the now-deceased nurse practitioner at Ottumwa Regional. His actions do not reflect who we are, who we aspire to be, or how we run our hospital. Since learning of those events last fall, Lifepoint and Ottumwa Regional have been working closely together, and in partnership with local law enforcement, to address the situation and to support our employees, providers and community members affected by these events.

Lifepoint has been part of the fabric of Ottumwa since late 2018. We have always been and remain committed to meeting the community's evolving needs. The recent events at Ottumwa Regional have led to additional investments in the hospital and have reinforced our commitment to patient safety and quality care.

As we have discussed with you, our submission provides responses to certain of your questions and summarizes Lifepoint's history in, our commitment to, and investments in Ottumwa Regional and its community. We will provide additional responses in a later letter.

We appreciate your long-standing advocacy for rural hospitals and the patients they serve, and we understand the critical role this hospital plays in its community. We take seriously this responsibility and share your dedication to rural hospitals and communities both in Iowa and across the nation, and we are committed to ensuring that our facilities provide safe and reliable healthcare to the communities they serve.

Our history and commitments

As you may know, Lifepoint was founded in 1999 with 23 rural hospitals that had been spun out from Hospital Corporation of America (HCA). Today, 47 of our 62 acute care hospitals are

defined as rural based on Medicare redesignation. These rural hospitals hold 5,527 licensed beds, including 4,518 acute care beds. As of December 2022, Lifepoint's total acute care licensed beds for our 62 acute care hospitals was 6,886, meaning that approximately 80 percent of our acute care beds are rural hospital beds.

Lifepoint is committed to investing in our hospitals and communities. Over the last four years alone, through the pandemic, we have invested over a billion dollars of capital in our facilities, including building new facilities, renovating departments, creating new service lines, recruiting medical staff, purchasing vital equipment, and shoring up technological infrastructures.

We also are dedicated to advancing quality care. As you may know, Lifepoint was among the first for-profit health system in the nation to establish a national quality program. We have been recognized for our quality and safety leadership and were the first for-profit health system to receive a John M. Eisenberg Award for Innovation in Patient Safety from The Joint Commission and the National Quality Forum. This award recognized Lifepoint's health and safety achievements, including reducing preventable harms across our system by more than 60 percent.

We understand the importance of engagement between our facilities and their local communities, including governance structures that engage a community and its leaders. That is why each of the acute care hospitals we operate – including Ottumwa Regional – has a Board of Directors comprised of local community members, physicians, and a member of the hospital management team. We share with our boards the strategic plans and capital and operating budgets to confirm their support for the important objectives we pursue together.

Lifepoint is the largest employer in many of the communities we serve, and we take our role as a community partner seriously. Across the country we employ over 50,000 medical professionals, clinical experts, and support staff from these communities. As part of this role, we contribute to and support local non-profit organizations and participate in local health programs. Each of our facilities has robust charitable care and discount programs. In fact, for each of the past four years, through the pandemic, we have provided over a billion dollars of uncompensated care.

These are commitments that Lifepoint has upheld since 1999 and that have not wavered in our mission of *making communities healthier* since we were acquired by funds affiliated with Apollo Global Management in late 2018.

Lifepoint was able to manage the challenges of the COVID-19 pandemic, prioritizing protecting and supporting our more than 50,000 employees. We avoided significant layoffs and furloughs during the height of the pandemic, notwithstanding steep declines in patient volume, which in April 2020 reached over 40 percent reductions in volume, as a consequence of government restrictions on elective procedures, shelter-in-place initiatives, and the increased costs associated with delivering high-quality COVID care. Employees who were placed on temporary leaves of absence early in the pandemic were provided partial pay and enjoyed continuity of health insurance. We also were able to offer additional measures to support our employees, including

dependent care stipends, pay for employees forced to quarantine at home, and increased access to our employee assistance fund.

Our company has evolved, and today, we are serving a larger and more diverse population of patients, clinicians, communities, and partner organizations across the healthcare continuum. We are developing meaningful solutions to enhance quality, increase access to care, and improve value across the Lifepoint footprint and communities across the country, including a commitment to expand needed rehabilitative and behavioral services across the country with many of our facilities in areas heavily hit by the opioid crisis and in significant need of mental health and drug addiction services.

Ottumwa Regional Health Center

Over the past few months, Lifepoint has invested considerable resources in investigating and remediating the tragic events at Ottumwa Regional. We are doing everything we can to learn from this situation and to regain the trust of all our stakeholders. To this end, we have invested significant resources into preventing any recurrence. These measures have included strengthening security protocols, adding new cameras and similar equipment, conducting staff training, and enhancing our pharmacy operations.

Immediately following Devin Caraccio's death, the hospital took a number of steps to respond to the events, including taking swift action to replace the leadership at the facility. The hospital appointed a new chief executive officer, which was followed over the subsequent weeks and months by the transition of the chief financial officer, chief nursing officer (CNO), and the director of pharmacy. The hospital, working closely with Lifepoint, also took immediate steps to engage with the community and communicate regularly with regulators, law enforcement, and political stakeholders at the local, state, and federal levels. This engagement included outreach by one of our Board members to your office.

We also focused on – and continue to focus on – supporting everyone affected by Mr. Caraccio's conduct. The police investigation into Mr. Caraccio's conduct remains ongoing, and we continue to cooperate closely with local authorities to attempt to identify, locate, and support affected patients. As we are able to identify individuals, we continue to notify them, to apologize, and to offer support, including financial and mental health resources.

In addition, we have sought to assist hospital employees. Within two days of Mr. Caraccio's death, Ottumwa Regional deployed onsite Employee Assistance Program (EAP) services, providing group and private sessions with licensed counselors to provide support. The program remained on-site until November 17, and continues online today.

Mr. Caraccio's behavior does not reflect the care and compassion that Ottumwa Regional staff exhibit daily. We are committed to supporting and advancing the critical work everyone on our team does on behalf of this community and patients.

Lifepoint Health

1. **Describe your company's financial or operational relationship with Ottumwa Regional Health Center and provide the exact dollar amount your company has invested in Ottumwa Regional. Please answer in timeline form and include any agreements or contracts between your company and Ottumwa Regional.**

The operations of Ottumwa Regional are carried out by RCHP-Ottumwa, LLC, a Delaware limited liability company. RCHP-Ottumwa, LLC is an indirect, wholly owned subsidiary of Lifepoint. Ottumwa Regional is operated through a shared governance model, in which the local management team is responsible for day-to-day general and clinical operations, human resources, and administration of Ottumwa Regional, with oversight by the hospital's Board of Trustees and RCHP-Ottumwa, LLC.

In 2022 alone, Lifepoint invested more than $3.5 million in capital projects at Ottumwa Regional Health Center, and in the last four years since Lifepoint acquired Ottumwa Regional, we have invested over $15 million in the hospital and over $16 million in attracting and retaining physicians, providing needed services to a rural community. These investments have supported broad facility updates as well as new equipment and technology in core service lines such as surgical services, cardiology, medical oncology, and imaging, and include the following:

- In 2019, we made nearly $2 million in capital investments including surgical equipment upgrades.
- In 2020, we renovated the McCreery Cancer Center and installed a new $4.5 million linear accelerator, enabling radiation oncologists to provide a higher level of care closer to home through Stereotactic Body Radiation Therapy (SBRT).
- In 2021, we invested $5.2 million in OR video towers, a portable digital X-ray machine and equipment for Ottumwa Regional's radiation oncology department.

Already this year, we have invested $2 million into a new DaVinci robot, significantly upgrading Ottumwa Regional's minimally invasive surgery capabilities. Additionally, we are nearing completion of a $4.5 million project that substantially expands and upgrades our cardiac catheterization lab. The new 3,800 square foot department will encompass a fully upgraded procedure room and two pre/post-procedure bays and ensures the department is more readily accessible from the emergency department and operating room.

Beyond our capital investments in the hospital, we are fully committed to investing in our people and in the communities we serve. In the last four years, we have paid more than $185.6 million in payroll, more than $20.7 million in taxes, and more than $39.1 million in charity, discounted, and uncompensated care to patients in need. In the last four years, we also have added over 150 employed, affiliated, and telehealth providers to support the hospital's core service lines, as well as advanced telemedicine capabilities. Ottumwa Regional is the only hospital in Wapello

County, and we have invested in partnerships with leading health systems and providers in Iowa to expand the hospital's capabilities and bring new resources to the broader community in areas such as telepsychiatry, teleneurology, and teleradiology, among others.

2. **If your company no longer has a financial or operational relationship with Ottumwa Regional, explain the reasons for which your company withdrew its investment, including the date you exited and your return on investment.**

This is not applicable as our relationship with Ottumwa Regional remains ongoing.

4. **Does your company have plans to invest capital in Ottumwa Regional? If so, please describe them. If not, why not?**

Lifepoint is committed to investing in Ottumwa Regional. Since 2018, we have been contractually obliged to reinvest at least 5 percent of Ottumwa Regional's annual net patient revenue in the hospital. We have always met or exceeded that obligation. Indeed, as of December 31, 2022, we are $2 million ahead of our commitment.

In addition, as discussed in more detail in the introduction of this letter, following Mr. Caraccio's death, Lifepoint promptly provided all necessary personnel and resources to address the situation that came to light as a consequence of his death.

5. **How was your company involved in the 2019 sale-leaseback?**

In late 2019, Lifepoint completed a sale-leaseback transaction as part of a broader capital structure initiative. Lifepoint coordinated with local hospital management teams, including the Ottumwa Regional team, to develop a transaction that would optimize and enhance Lifepoint's capacity to reinvest in its hospitals.

6. **Explain in detail the reasons for the 2019 sale-leaseback of Ottumwa Regional. What were the terms of the 2019 sale-leaseback transaction? How did you sell this to the local communities and hospitals? Please provide all records.**

The 2019 sale-leaseback transaction was intended to improve Lifepoint's capital structure and to lower our overall cost of financing by taking advantage of the favorable interest rate environment in place at the time. The sale-leaseback transaction and associated capital structure activity enabled Lifepoint to reduce its interest expenses by approximately $50 million. These savings enabled Lifepoint to invest more in our communities, including Ottumwa.

The sale-leaseback transaction involved six markets, of which Ottumwa was one. The full balance of the proceeds was used to repay a portion of Lifepoint's indebtedness and to invest in Lifepoint communities across the nation by recruiting new providers, growing vital services, and making needed renovations and technology purchases, among other things.

Lifepoint Health

Lifepoint did not issue dividends or otherwise distribute the proceeds of the sale-leaseback to shareholders.

8. **What happens if one of the medical facilities that are subject to a sale-leaseback is unable to pay rent?**

Lifepoint is responsible for its facilities' rent expenses, including that of Ottumwa Regional.

9. **Describe in detail your company's expertise regarding rural or non-urban hospitals. Please include the full name and curriculum vitae of every person your company relies on for rural or non-urban hospital advice.**

Lifepoint was founded in 1999 on the idea that all people deserved access to quality care close to home. We began as a system of 23 rural hospitals, and our dedication to this idea – and to the non-urban communities we serve – has been unwavering for nearly 25 years. As noted above, today, 47 of our 62 acute hospitals are defined as rural based on Medicare redesignation.

Lifepoint is led by a dedicated team of healthcare executives with decades of experience in the industry and significant tenure with the company.

- Chairman and CEO David Dill has been with Lifepoint since 2007 and has more than 25 years of operational leadership experience in diverse healthcare roles.
- Division president Sandy Podley has been with Lifepoint since 2019 (and previously as a hospital CEO from 2006-2012). She has more than 20 years of experience in supporting and leading community hospitals.
- Division chief financial officer Bob Barrett has been at Lifepoint since 2004 and has more than 15 years of experience in finance and accounting roles within Lifepoint at both the hospital and division level.
- Senior vice president of government relations David Critchlow has been at Lifepoint since 2010 and has more than 25 years of experience in government relations roles within the hospital and healthcare industry.
- William Kiefer, DNP, MBA, RN, ACHE, chief executive officer of Ottumwa Regional, joined Lifepoint in spring of 2022 as chief operating officer of Canyon Vista Medical Center and has 15 years of experience in diverse clinical and administrative leadership roles at community hospitals.

There are numerous other executives who support the operations of our business. All of these leaders are committed to our mission of making communities healthier, and to our people, our communities, and our growth.

Lifepoint Health

Across the nation, our hospitals and other sites of care are led by thousands of both veteran and up and coming healthcare leaders – many who joined our company because of our mission and our focus on serving non-urban communities.

We focus on development and recruitment of talented executives and succession planning across our leadership teams because it is important that we have experienced, mission-driven healthcare leaders at the helm of our company.

10. How much money did your company receive in COVID-19 stimulus aid, including CARES Act dollars and grants? Provide an explanation as to why your company needed federal stimulus aid. Describe in detail how these funds were allocated.

Like most hospitals across the nation, Lifepoint's facilities received financial support from the federal government through the CARES Act Public Health and Social Services Emergency Fund. Grant aid was distributed to hospitals on a formulaic basis by HHS. Lifepoint received a total of $677 million over three years (from 2020 – 2022) from federal and local governments.

Lifepoint also received $991 million in accelerated Medicare Accelerated Advance Payments (MAAP). This amount was fully repaid to the government months ahead of schedule.

The CARES Act and other government relief dollars Lifepoint received were spent in conformance with all the applicable guidelines. To ensure our compliance, we proactively engaged with advisors and with government representatives throughout the process to ensure our uses and tracking of government funds were compliant and in keeping with issued guidance.

As is the case with other health care companies, COVID had a significant adverse effect on Lifepoint. We estimate that we experienced more than $1 billion in lost revenue and incremental expenses in 2020 alone – resulting from government restrictions on elective procedures, shelter-in-place initiatives, and the increased costs associated with delivering high-quality COVID care. As you appreciate, the pandemic was a particularly challenging time for rural hospitals. An American Hospital Association (AHA) report found that 136 rural hospitals closed between 2020 and 2021; the report also noted that rural hospitals face particularly challenging staffing shortages, with only 10 percent of physicians practicing in rural areas.[1] The AHA report explained that access to capital, including through mergers, can provide important scale and support to rural hospitals, many of which are financially challenged or distressed.[2]

---

[1] *Rural Hospital Closures Threaten Access: Solutions to Preserve Care in Local Communities*, AMERICAN HOSPITAL ASSOCIATION 3 (Sept. 2022).
[2] *Id.*

These relief programs helped Lifepoint keep our facilities open and our employees on the payroll. Consequently, we were able to remain on the frontlines fighting the pandemic notwithstanding COVID's profound financial impact on Lifepoint and its hospitals.

Because COVID-related losses were significantly in excess of government grants and loans, Lifepoint raised additional liquidity through the issuance of new debt and accessing available lines of credit. The current liquidity position the company has today is because it is well-managed, with a responsible and forward looking leadership team. We have been able to continue to build and grow Lifepoint during and since the riskiest days of the pandemic because of our disciplined approach to operations and our deliberate emphasis on conservative financing of the business.

11. Explain your company's role in the decision to hire William Kiefer as CEO of Ottumwa Regional.

William Kiefer, DNP, MBA, RN, ACHE, was chosen to lead Ottumwa Regional for a number of reasons, most importantly because of his clinical background and experience in effectively engaging and mobilizing high-performing teams. He was also chosen because of his track record in leading facilities going through significant and challenging events.

Following Mr. Caraccio's death on October 15, Ottumwa Regional and Lifepoint together looked into the circumstances of his death. We brought an interdisciplinary team on-site to support the inquiry and simultaneously worked to address the urgent and immediate needs of our frontline staff.

It instantly became clear that the hospital would need to make a number of changes. It also became clear that Ottumwa Regional's incumbent CEO was not the right leader to see the hospital through the crisis. He consequently left Ottumwa Regional on November 1.

With division president Sandy Podley's leadership and close communication with the Ottumwa Regional board, our team identified Mr. Kiefer as the ideal candidate for interim leadership and announced that decision on November 2. After serving in the interim role for more than two months, Mr. Kiefer was appointed CEO on January 26 with the board's full support. He continues in that role today.

A nurse for nearly 20 years, Mr. Kiefer has substantial experience both at the bedside and in healthcare management in rural communities. Prior to his appointment at Ottumwa Regional, Mr. Kiefer served as the chief operating officer for Canyon Vista Medical Center, a Lifepoint hospital in Sierra Vista, Arizona. Before that, he served as CEO and CNO at hospitals including OmniPoint Health in Anahuac, Texas, Marias Medical Center in Shelby, Montana, and Rehoboth McKinley Christian Health Care Services in Gallup, New Mexico. He also held leadership and clinical positions at Texas hospitals including Red River Regional Hospital in Bonham, and

Lifepoint Health

Sierra Medical Center, El Paso. Through these diverse leadership roles, Mr. Kiefer's evidenced an ability to lead by example and achieve meaningful quality, operational and compliance goals.

12. Explain your company's relationship with William Kiefer, including any prior positions he held with your company or a related company.

Mr. Kiefer's prior experience is described in our response to item 11. Mr. Kiefer's first position with Lifepoint was in 2022 as chief operating officer Canyon Vista Medical Center, a Lifepoint hospital in Sierra Vista, Arizona.

In his short time at Ottumwa Regional, Mr. Kiefer has already had a significant impact. In addition to managing the hospital though the difficult months since Mr. Carracio's death and playing a central role in leading Ottumwa Regional's response to the ensuing investigations, he has focused on supporting our team and patients. Mr. Kiefer has improved staff engagement, introducing regular and open communications among stakeholders, including executive rounding, department meetings, town halls, and a CEO newsletter. He reintroduced monthly service and excellence awards to build staff pride and morale.

Mr. Kiefer has also focused on improving patient care. He instituted new customer service standards and launched training to roll these out and provide guidance to staff on how they can improve patient and family experiences. He has reconstituted and reinvigorated Ottumwa Regional's quality of care committees and has overseen the addition of new equipment, including new anesthesia carts, the progress of facility repairs and upgrades such as new flooring, and the implementation of new technology, including Omnicell software which is used in the hospital's pharmacy. He navigated changes in regional EMS services and oversaw pay increases for EMTs and paramedics to improve retention of these important emergency personnel. He led a reorganization of the hospital's dietary department, which has improved quality and services. He also is supporting expansion efforts including the catheterization lab initiative described in our response to item 1 and the reopening of Ottumwa Regional's intensive care unit.

*** ***

Lifepoint is proud of our nearly 25-year legacy of helping rural hospitals across the nation enhance the quality care and services provided and expand the many ways they support the health and wellbeing of their communities. We understand the critical role that rural hospitals play in supporting their communities' growth, and we welcome the opportunity to share more

Lifepoint Health

about Lifepoint, our work in Iowa, and our priorities at Ottumwa Regional. Thank you for the opportunity to engage on these important issues.

Sincerely,

Jennifer Peters

[redacted]

April 21, 2023

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Senator Grassley,

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint") and Ottumwa Regional Health Center ("Ottumwa Regional"). We again write on behalf of Lifepoint, RCHP Ottumwa, LLC—the Lifepoint indirect, wholly owned subsidiary that owns and operates Ottumwa Regional—and the Board of Directors of Ottumwa Regional.

This submission responds to a second subset of the questions set forth your March 17, 2023, letter. We herein summarize how Lifepoint, Ottumwa Regional, and affiliated entities work with one another and describe our policies, procedures, and approaches to various issues, including drug testing, medication safety, staff training, and security. In this submission, we also review some of the safety-related reforms we have adopted since the incident at Ottumwa. In the coming weeks, we will submit additional responses to your initial inquiries and the follow-up questions you have raised.

As always, we appreciate your commitment to and advocacy on behalf of rural hospitals and communities and welcome engaging with you as we work to achieve our mission of making communities healthier, both in Iowa and across the nation. Across the country, our employees and providers are celebrating being named last month by *Newsweek* as one of its five most trusted health systems based on a survey of approximately 25,000 people in the United States, confirming the esteem in which our patients and communities hold us.

---

3. **While invested in Ottumwa Regional Center or any related entity that has an interest in Ottumwa Regional, please describe your company's authority to:**
    a. **Manage its care delivery;**
    b. **Manage its billing practices;**
    c. **Determine its annual net income goals;**
    d. **Determine its charge per patient goals;**
    e. **Determine its staff-to-patient ratios;**
    f. **Determine its charge-to-cost ratios;**
    g. **Enter into contracts for staffing; and**
    h. **Enter into any contracts on behalf of Ottumwa Regional.**

Lifepoint supports care delivery at Ottumwa Regional and our other acute care hospitals through our National Quality Program and through assistance in recruitment and retention to meet national benchmarks. With its national scale, Lifepoint offers its facilities financial stability and security and access to clinical, quality, and operational experts by attracting talent across the country to advance care, improve operations, and support growth. Lifepoint at times provides its facilities with capital to invest in facility improvements, technology and people, and dedicated resources to help recruit providers and employees. Lifepoint has engaged Lifepoint Corporate Services, General Partnership ("LCSGP"), an indirect, wholly owned subsidiary of Lifepoint, through a Managerial and Administrative Support Agreement.

In addition, the Quality Committee of the Lifepoint Board of Directors has the authority to monitor and evaluate Lifepoint hospitals' quality of care metrics and patient safety programs, to review and discuss those metrics with Lifepoint senior management, and to receive reports from Lifepoint senior management on the hospital network's safety standard and preventative actions.

With respect to billing, Ottumwa Regional's finance team manages day-to-day billing responsibilities. Lifepoint engages a national third-party vendor with healthcare expertise, R1, to process claims generated by its facilities, including Ottumwa Regional as is customary in the healthcare industry. R1 is responsible for billing compliance and Lifepoint oversees its operations and monitors overall performance. In addition, Lifepoint has policies and procedures to monitor and manage billing practices at the facilities and ensure compliance.

Lifepoint does not set annual net income, charge per patient or charge-to-cost goals for Ottumwa Regional or any of our other acute care hospitals.

With respect to hiring, RCHP Ottumwa, LLC is responsible for selecting the hospital Chief Executive Officer after consultation with the Ottumwa Regional Board of Directors, which is comprised of community leaders, the hospital CEO, and members of the Ottumwa Regional medical staff. In addition to its responsibility regarding the selection of the hospital CEO, the Ottumwa Board of Directors oversees the overall quality and efficiency of patient care at Ottumwa Regional and the organization and governance of medical staff.

Lifepoint believes that empowering Ottumwa Regional's management team is critical to successfully identifying and meeting the needs of patients, medical staff, and the community as a whole. In addition to the CEO, Ottumwa Regional's management team includes a chief operating officer, a chief financial officer, and a chief nursing officer (CNO). The hospital management team has broad authority to conduct the day-to-day operations of Ottumwa Regional. The CEO is responsible for decisions concerning day-to-day general and clinical operations, human resources, and administration of Ottumwa Regional, with oversight by the Ottumwa Board of Directors. The Ottumwa Regional management team more generally is responsible for managing clinical care, developing an annual operating and capital budget for review with the Ottumwa Board of Directors, making staffing decisions and policies, and entering into contracts on behalf of Ottumwa Regional, including staffing contracts.

7. **To what extent does your company contractually shield itself from liability for activities that occur at the hospitals you invest in, operate, or manage?**

As detailed above, each of Lifepoint's hospitals is responsible for decisions relating to day-to-day delivery of care and operations and for the clinical staff and providers who practice in those hospitals, all of whom are licensed by the states in which the hospitals are located. Each acute care hospital subsidiary therefore is responsible for liabilities resulting from delivery of care or operations, such as professional liability and other claims. Lifepoint itself is not a licensed healthcare provider, nor does it hold provider numbers as a member of the Medicare and Medicaid programs. Lifepoint and its affiliates manage the collective liability risk of all our hospitals through programs of insurance, including professional liability, general liability, workers' compensation, and other types of coverage. This approach to insurance is typical for health systems.

Ottumwa Questions

4. **Explain Ottumwa Regional's relationship with LifePoint Health. Does the hospital rely on LifePoint for any management or operational services? Please provide all contracts with LifePoint.**

The response to Question 3 above provides an overview of Lifepoint's relationship with Ottumwa Regional. Lifepoint has engaged LCSGP, an indirect, wholly owned subsidiary of Lifepoint, through a Managerial and Administrative Support Agreement (MASA). Pursuant to the MASA, LCSGP provides management, administration, consulting, and purchasing services to Ottumwa Regional. Lifepoint and LCSGP are also party to a HIPAA Business Associate Agreement.

5. **Please describe how LifePoint's involvement impacted Ottumwa Regional's authority to:**
    a. **Manage its care delivery;**
    b. **Manage its billing practices;**
    c. **Determine its annual net income goals;**
    d. **Determine its charge per patient goals;**
    e. **Determine its staff-to-patient ratios;**
    f. **Determine its charge-to-cost ratios; and**
    g. **Enter into contracts for staffing.**

The response to Question 3 above provides an overview of Lifepoint's relationship with Ottumwa Regional and its operations.

6. **Describe Ottumwa's policies and procedures for vetting staff, including drug testing, from January 1, 2010, to the present.**

Once an applicant has accepted a position, Ottumwa Regional's human resources (HR) department sends out a background check to be completed electronically through Sterling, a third-party vendor.

The HR department at Ottumwa Regional uses the online background check program as well as relevant websites (including SING, OIG, SAM) to verify that the prospective employee meets standards for employment.

The designated background investigation level assigned to each applicant is based on that individual's role and level of responsibility. Ottumwa Regional reserves the right to conduct background investigations on individuals throughout the course of their employment or provision of volunteer services.

We have included additional information about the background checks for each level of employment at Appendix A.

Drug Screening

With respect to drug screening, all candidates being offered a position are required to complete a pre-employment drug screen as a condition of hiring and may not begin work prior to receipt and review of the test results. Ottumwa Regional works with Sterling as its third-party vendor for this as well. Pre-employment drug screening also applies to students, volunteers, and auxiliary personnel. A refusal to undergo the test, or a confirmed positive test result, as well as any attempt to tamper with, substitute, adulterate, or otherwise falsify a test sample will result in denial of employment. When a prospective employee has a test result that is confirmed as positive, the prospective employee is considered to be in violation of company policy, and the conditional offer of employment is rescinded for a minimum of one year.

Before results are reported to Ottumwa Regional, an independent Medical Review Officer (MRO) (a medical doctor with an expertise in toxicology) reviews and interprets any confirmed positive test results, ensures the chain of custody is complete and sufficient on its face, and confirms that any additional relevant information provided by the individual is considered. Any individual whose test is positive for the presence of drugs is notified by the MRO and then given an opportunity to provide the MRO, in confidence, with any legitimate explanation he or she may have that would explain the positive drug test (all documentation must be sent to the MRO no later than five business days after notification).

7. Describe all policies and procedures related to controlled substances, including medication safety, facility security, and staff training, from January 1, 2010, to the present.

Ottumwa Regional is accredited by The Joint Commission (TJC) for Hospitals. The most recent TJC survey took place in July 2022. Ottumwa Regional is compliant with Joint Commission Medication Management standards and elements of performance. This includes the following critical areas of performance in the Medication Management Chapter:

- Managing high-alert and hazardous medications
- Selecting and procuring medications

- Storing medications
- Managing emergency medications
- Controlling medications brought into the hospital by patients, their families, or licensed independent practitioners
- Managing medication orders
- Preparing medications
- Labeling medications
- Dispensing medications
- Retrieving recalled or discontinued medications
- Administering medications
- Managing investigational medications
- Monitoring patients' reactions to medications
- Responding to real or potential adverse drug events, adverse drug reactions, and medication errors

In addition to TJC requirements for Medication Management, the Iowa Board of Pharmacy conducts an on-site inspection approximately every two years; the most recent inspection took place in February 2021. The inspection included no adverse findings. The facility has policies to support safe medication use and to enhance processes, oversight, and security of medications, including controlled substances. Required policies to support safe medication use are in place and have been in place at the facility since 2018.

The facility uses automated dispensing cabinets (ADC) for the majority of medications distributed to patients, and the pharmacy reviews medication orders prior to administration (including after hours when the pharmacy is closed, when remote order entry pharmacists review medication orders). Medication overrides (vending from ADC prior to pharmacy order review) are limited to urgent situations. The pharmacy routinely reviews and audits medication overrides and discrepancies and deploys various other strategies to support safe medication use.

The pharmacy leads a Pharmacy and Therapeutics Committee to oversee medications, processes, and policies for medications available on formulary and processes to support medication safety and patient monitoring. This includes but is not limited to adverse drug events, drug recalls/shortages, hazardous medication handling, high alert medications, and medication safety and clinical initiatives (e.g., Antibiotic Stewardship, antibiotic dosing optimization, renal dosing, pharmacokinetic dosing, and IV to PO conversion by pharmacists).

The facility uses Computerized Provider Order Entry (CPOE) at the point of medication ordering and Barcode Medication Administration (BCMA) at the point of care for scanning patients and medications.

In December 2022, Ottumwa Regional voluntarily instituted a Controlled Substance Compliance Program with oversight from Guidepost Solutions, a third-party consulting firm made up principally of former DEA agents/investigators. Guidepost was onsite at the facility frequently during the first

90 days of the Program and is conducting additional oversight. The facility also contracted with another third-party company - CPS Solutions - to provide additional on-the-ground pharmacist support services on a day-to-day basis.

In addition to the manual report review, Ottumwa Regional in February 2023 implemented drug diversion prevention surveillance software, which matches controlled substance medications dispensed from the ADC with documentation in the EHR, as well as documentation of waste, if applicable, on a patient-specific basis. Routine audits are completed for clinical areas with manual documentation for medications administered.

Training related to controlled substances:

In December 2022, Guidepost Solutions also conducted 16 in-person training sessions at Ottumwa Regional regarding the facility's Controlled Substance Compliance Program. The training was provided to all Ottumwa Regional employees; over 500 employees attended the training.

Guidepost provided two additional trainings in February 2023. One training provided to all employees, "Drug Diversion in Healthcare Facilities and Tampering," covered DEA regulations, recognizing the impaired individual, and the impact of drug diversion, as well as recognizing/reporting tampering and potential drug diversion. A second training, "Pyxis Controlled Substance Training," was provided to all employees with access to controlled substances, focusing on Pyxis functionality for controlled substances, requirements for controlled substance vending, administration, documentation, and wastage, and recordkeeping and reporting requirements related to all medications, including controlled substances. All trainings emphasized the compliance hotline and support available as it relates to controlled substance diversion prevention and detection.

Ottumwa Regional presents a General Hospital Orientation to new employees that covers drug diversion prevention and other policy requirements around medication management. Since 2019, annual required trainings for Ottumwa Regional staff include training on "ORHC Pyxis" and "Drug Diversion Prevention Program."

Facility security:

In addition to the detailed facility Controlled Substance policy that outlines security requirements for all processes involving controlled substances (including physical/electronic surveillance, key accountability, storage devices, badge access, door hardware, and personnel), a facility security evaluation was completed by Guidepost during onsite inspections between October 2022 and February 2023. This security evaluation led to additional camera coverage in medication storage locations and improved door security throughout the facility. Nearly 90 additional cameras were positioned throughout Ottumwa Regional. The facility has implemented tighter controls around prescription pad access since October 2022. Since on or before 2018, security-related policies in place at Ottumwa Regional include a policy on the Security Management Plan and Security Within the Pharmacy.

We have included additional detail about the policies and procedures governing controlled substances at Appendix B.

Sincerely,

Jennifer Peters

[redacted]

Appendix A

In addition to the background checks listed below, Ottumwa Regional runs the SING, which is a single contact and license background check, which includes Iowa criminal history, Iowa central abuse registries, and the Iowa sex offender registry.

Level 1 – Background Investigation for all Volunteers, Students, and Applicants for employment whose job description does not require a High School Diploma or General Education Diploma (GED)

1. Social Security Trace
2. Criminal Records Search – County Criminal and/or Statewide Criminal Record Search(es) - 7 years of resident address history or up to 5 criminal searches
3. National Wants and Warrants Submission
4. US Criminal Records Indicator (includes a simultaneous search of 50 state sex offender registries and over 200 criminal records)
5. FACIS – Level I a. OIG List of Excluded Individuals/Entities b. GSA List of Parties Excluded from Federal Programs c. U.S. Treasury, Office of Foreign assets Control (OFAC), List of Specially Designated Nationals (SDN) d. Applicable State Exclusion List

Level 1B – Background Investigation for all Applicants for employment whose job description requires a High School Diploma or General Education Diploma (GED)

1. Social Security Trace
2. Criminal Records Search – County Criminal and/or Statewide Criminal Record Search(es) - 7 years of resident address history or up to 5 criminal searches
3. National Wants and Warrants Submission
4. US Criminal Records Indicator (includes a simultaneous search of 50 state sex offender registries and over 200 criminal records)
5. FACIS – Level I a. OIG List of Excluded Individuals/Entities b. GSA List of Parties Excluded from Federal Programs c. U.S. Treasury, Office of Foreign assets Control (OFAC), List of Specially Designated Nationals (SDN) d. Applicable State Exclusion List
6. High School Diploma or GED

Level 2 – Background Investigation for all Department Managers and Finance Personnel

1. Social Security Trace
2. Criminal Records Search – County Criminal and/or Statewide Criminal Record Search(es) - 7 years of resident address history or up to 5 criminal searches
3. National Wants and Warrants Submission
4. US Criminal Records Indicator (includes a simultaneous search of 50 state sex offender registries and over 200 criminal records)

5. FACIS – Level III a. OIG List of Excluded Individuals/Entities b. GSA List of Parties Excluded from Federal Programs c. U.S. Treasury, Office of Foreign assets Control (OFAC), List of Specially Designated Nationals (SDN) d. Applicable State Exclusion List e. Professional Disciplinary Action Search f. Certifications & Designations Check
6. Education Verification (Highest level obtained that pertains to role as stated in job description)
7. Consumer Credit Report
8. Motor Vehicle Report – based on responsibilities
9. Professional License – based on responsibilities

Level 2B – Background Investigation for all licensed or certified caregivers

1. Social Security Trace
2. Criminal Records Search – County Criminal and/or Statewide Criminal Record Search(es) - 7 years of resident address history or up to 5 criminal searches
3. National Wants and Warrants Submission
4. US Criminal Records Indicator (includes a simultaneous search of 50 state sex offender registries and over 200 criminal records)
5. FACIS – Level III a. OIG List of Excluded Individuals/Entities b. GSA List of Parties Excluded from Federal Programs c. U.S. Treasury, Office of Foreign assets Control (OFAC), List of Specially Designated Nationals (SDN) d. Applicable State Exclusion List
6. Education verification highest level obtained
7. Motor Vehicle Report – based on responsibilities.
8. Professional License/Certification – based on responsibilities

Investigation Criteria: Criminal Record

A conviction within the past seven years for any of the following felonies or crimes that Lifepoint views as job-related will receive a "Review" adjudication, which bars a candidate from further consideration of employment with RCHP Ottumwa, LLC or any of its affiliates.

a) Crimes involving drugs including, but not limited to, unlawful possession or distribution or intent to distribute unlawfully, Schedule I through V drugs;
b) Crimes involving physical violence including, but not limited to, abuse of children or elderly, abduction, including kidnapping, manslaughter, murder, robbery, sexual crimes and assault and battery;
c) Crimes involving the illegal use or possession of weapons including, but not limited to, guns, knives, explosives or other dangerous objects;
d) Crimes involving fraud, dishonesty or embezzlement;
e) Crimes against property including, but not limited to, arson, theft, larceny and burglary;

f) Crimes showing dishonesty including, but not limited to, fraud, deception or financial exploitation of any person (i.e., worthless checks, extortion or falsifying documents);
g) Other felony crimes which may have job relatedness; A confirmed record of sanction, disbarment, exclusion, or other disciplinary action found on the FACIS Records Search;
h) Other serious crimes that may have job relatedness.

Appendix B

Policies and procedures related to controlled substances:

Policies involving Controlled Substances in place between 2018 and 2022 include, but are not limited to the following:

- Policies outlining access to medication;
- Medication handling;
- Administration of medications;
- Documentation of outdates, wastage, and returns of medication;
- Controlled substance destruction, handling, distribution, and control;
- Drug diversion program requirements;
- Anesthesia carts – utilization and stocking;
- Drugs used in emergency management services (EMS); and
- Automated medication dispensing system (ADC) discrepancies and reporting unresolved discrepancies.

As part of its Controlled Substance Compliance Program, Ottumwa Regional evaluated and instituted enhanced controlled substance procedures and a controlled substance policy. The procedures outlined in the policy minimize the potential for drug diversion across the entire medication use process, including medication processes involving procurement, ordering/prescribing, inventory and accountability controls, distribution, administration, disposal/waste, storage, and expired returns.

The controlled substance policy addresses:

- DEA registration and licensure,
- Power of Attorney,
- DEA Controlled Substance Ordering System,
- Controlled substance abuse, theft or significant loss,
- Purchasing/receiving records,
- Discrepancies/shortages/breakage,
- Invoice records control,
- Controlled substance security storage and restricted access,
- Inventories,
- Dispensing records,
- Waste/disposal,
- Resolving/reporting discrepancies, and
- Monitoring and evaluation of controlled substances.

This controlled substance policy requires "closed loop" accountability of all controlled substances as well as related recordkeeping, security cameras and controlled access, in addition to elevation processes for any controlled substance discrepancies or security concerns related to controlled

substances throughout the facility. The facility is also conducting weekly accountability audits (certified by the third-party consulting firm) for two schedule II controlled substances and two schedule III-V controlled substances, which are supplemented by full physical inventories of all controlled substances conducted on an annual basis.

Ottumwa Regional's controlled substance policy further outlines the manual review of various reports by pharmacy, nursing, and hospital leadership. These reports include, but are not limited to, the following:

- *Open and Closed Discrepancy Report* – Review for patterns or trends by user, medication, time of day, or day of the week
- *Compare Reports* – Review to validate that controlled substances delivered or returned are actually received and not diverted
- *Override Dispense Report* – Review to ensure order and administration documentation exists for medications overridden prior to medication order review by pharmacy
- *ADMS Dispense Compare to e-MAR Administration Discrepancy Report* – Identifies drugs dispensed or removed to ensure administration documentation including wastage
- *Dispensing Practices/Proactive Diversion or Anomalous Usage Report* – Review various time intervals to identify user practices that fall outside of the norm for that unit or a specific medication
- *Events by User* – Review for outliers discovered in the Dispensing Practices/Proactive Diversion report
- *Null/Cancel Transactions* – Review for patterns of same drug or user.

These reports are tracked on a daily, weekly, and monthly report review as part of the facility's Controlled Substance Audit Tool. Compliance with the policies and procedures established under the Controlled Substance Compliance Program is also monitored by a third-party consulting firm. Routine review of the program will be incorporated in order to consider additional risk mitigation strategies and to ensure ongoing compliance.

May 5, 2023

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Senator Grassley,

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint") and Ottumwa Regional Health Center ("Ottumwa Regional"). We again write on behalf of Lifepoint, RCHP Ottumwa, LLC—the Lifepoint indirect, wholly owned subsidiary that owns and operates Ottumwa Regional—and the Board of Directors of Ottumwa Regional.

This submission sets out additional details about the relationship between Lifepoint and Ottumwa Regional. We anticipate making additional submissions in response to the questions set forth in your March 17, 2023, letter.

We have enclosed with this production the following documents, which include documents with proprietary business information. The documents have been marked "Confidential Treatment Requested." We request that these documents not be disclosed publicly or to any third party and, to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

- The Managerial and Administrative Support Agreement between Lifepoint Corporate Services, General Partnership and RCHP-Ottumwa, LLC, at LP-CEG-000001 through LP-CEG-000029;
- The Limited Liability Company Agreement of RCHP-Ottumwa, LLC, at LP-CEG-000030 through LP-CEG-000035;
- The Asset Purchase Agreement Among Ottumwa Regional Health Center, Inc., Regional Retirement Living, Inc., Regional Enterprises, Inc., RCHP-Ottumwa, Inc., and RegionalCare Hospital Partners, Inc., at LP-CEG-000036 through LP-CEG-000120;
- Ottumwa Regional's Community Benefit Reports from 2019 to 2021, at LP-CEG-000121 through LP-CEG-000128;
- Curriculum Vitae of Bob Barrett, David Critchlow, David Dill, Jason Zachariah, Sandy Podley, and William Kiefer, individuals described in the response to Request 9 from Lifepoint's March 31, 2023, letter, at LP-CEG-000129 through LP-CEG-000147;
- A redacted version of the Second Amendment to Professional Services Agreement between RCHP Ottumwa, LLC and Apogee Medical Management, Inc., and the Business Associate Addendum to Contract., at LP-CEG-000148 through LP-CEG-000196; and

Lifepoint Health 1330 Seven Springs Way I Brentwood, TN 37027 I 615.920.7000 I www.lifepointhealth.net

- A list of third-party staffing contracts for Ottumwa Regional since November 2018, at LP-CEG-000197 through LP-CEG-000200.

Since acquiring Ottumwa Regional in 2018, Lifepoint has invested consistently in the hospital. From 2019 to the present, Ottumwa's earnings before income tax, depreciation, and amortization ("EDITDA") (excluding COVID funds) have been approximately negative $8.2 million. Taking into account COVID funds, Ottumwa Regional has realized a total positive $1.5 million in EBITDA over those same years. Ottumwa Regional's cumulative net loss since 2019, taking into account COVID funds, is approximately $33 million.

Since 2019, Ottumwa Regional's revenue has declined significantly (from a high of approximately $93 million before COVID to $80.5 million in 2022). During this period, per-paid-hour-labor costs have risen 34 percent, and patient volume has decreased 18 percent.

The challenges at Ottumwa Regional have persisted even as the pandemic has abated, consistent with the challenges health care providers across the country—and particularly in rural areas—are continuing to experience. High inflation has affected the cost of supplies and labor, and Ottumwa Regional has experienced significant staffing shortages. These difficulties are of course not unique to Ottumwa Regional but have had an acute effect on the hospital's operations. Indeed, in 2023, Ottumwa Regional's year-to-date EBITDA is negative $5 million, and its net losses exceed $8 million.

Given the financial challenges that Ottumwa Regional has faced and continues to face, Lifepoint's financial backing has been and remains integral to Ottumwa Regional's ability to serve the community. In that regard, Lifepoint has continued to invest in Ottumwa Regional as described in response to Question 1 in our March 31, 2023, letter. Since October 2022, Lifepoint has contributed over $2 million to Ottumwa Regional and plans on contributing an additional $800,000 by the end of the year. This investment includes over $1 million in capital improvements, such as the installation of a new pharmacy and medication management system, a more extensive camera system, and upgrades to the pharmacy's locks and doors, as well as investments in additional oversight and training.

Ottumwa Questions

7. Explain the vetting process utilized when selecting CPS as a third-party contractor for pharmacy solutions. Identify all individuals involved in this decision.

As part of our national drug diversion prevention efforts, Lifepoint partners with a number of outside experts to evaluate our system, identify gaps and areas for improvement, and provide support in areas such as pharmacy operations, education and training and ensuring that we have the right policies and procedures in place to protect our staff and patients.

We have partnered with leading experts including Guidepost Solutions's DEA Regulatory Compliance practice—whose work we described in our April 21, 2023, submission—and professionals from Comprehensive Pharmacy Services ("CPS"), which offers pharmacy support services to healthcare facilities across the nation.

CPS is a pharmacy management company with more than 50 years of experience and with over 2,200 pharmacy professionals on staff; it works with over 800 healthcare organizations. CPS has a number of specific resources dedicated to clinical, regulatory, and operational support, among other specific areas. The team at CPS has provided both short- and long-term onsite support in several of our facilities' pharmacies for a few years. These experts help to evaluate pharmacy operations and policies on diverse issues from medication management and wasting to documentation. Lifepoint has worked with CPS for several years at various facilities. That prior experience, CPS's known expertise in the industry, and a desire to enhance Ottumwa Regional's pharmacy operations led to the engagement of CPS.

CPS employs the Director of Pharmacy ("DOP") at Ottumwa Regional and provides additional resources to support the DOP's efforts. The DOP also reports locally to the CEO and is supported by the Lifepoint Pharmacy Operations team.

8. Provide all third-party staffing contracts from January 1, 2010, to the present.

Enclosed at LP-CEG-000148 through LP-CEG-000196 are redacted agreements between Apogee Medical Management, Inc. and RCHP-Ottumwa, LLC. Enclosed at CEG-000197 through LP-CEG-000200 is a list of third-party clinical service agreements for Ottumwa Regional that have been executed since November 2018, when Lifepoint acquired Ottumwa Regional. The list was generated from Lifepoint's contract management system.

Sincerely,

Jennifer Peters

May 12, 2023

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Senator Grassley,

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint") and Ottumwa Regional Health Center ("Ottumwa Regional"). We again write on behalf of Lifepoint, RCHP Ottumwa, LLC—the Lifepoint indirect, wholly owned subsidiary that owns and operates Ottumwa Regional—and the Board of Directors of Ottumwa Regional.

This submission completes our response to the questions set forth in your March 17, 2023, letter and sets out additional details about the relationship between Lifepoint and Ottumwa Regional.

---

3. While invested in Ottumwa Regional Center or any related entity that has an interest in Ottumwa Regional, please describe your company's authority to:

g. Enter into contracts for staffing

Lifepoint's Division Presidents serve as the Chief Executive Officers and managers for the legal entities through which Lifepoint owns its hospitals. As officers of those entities, Division Presidents, with input from each hospital's Board of Directors, are responsible for hiring the CEOs of the hospitals within their respective divisions.

Sandy Podley is the Division President of the division that includes Ottumwa Regional, and she consequently serves as the President of RCHP Ottumwa, LLC. In that role, Ms. Podley was responsible for first appointing William Kiefer as the interim CEO of Ottumwa Regional in November 2022 and then hiring him as the permanent CEO in January 2023. Mr. Kiefer was appointed as the Chief Executive Officer of Ottumwa Regional on January 19, 2023, by the Ottumwa Board of Directors.

Following the events at Ottumwa Regional relating to the now-deceased nurse practitioner, Lifepoint and Ottumwa Regional recognized that there needed to be a change in leadership. Ms. Podley decided to choose an interim candidate from among Chief Operating Officers at Lifepoint hospitals in the Western Region whom she believed to be ready to become a CEO. Ms. Podley ultimately believed Mr. Kiefer to be the best candidate, as she knew that physicians from hospitals he oversaw had extremely positive things to say about him, and she believed he had proven himself a strong leader. At that time, Ms. Podley had known Mr. Kiefer, and the contributions Mr. Kiefer had made at the hospitals in which he was staffed, for over seven years.

Lifepoint Health 1330 Seven Springs Way I Brentwood, TN 37027 I 615.920.7000 I www.lifepointhealth.net

Mr. Kiefer's appointment as permanent CEO was similar to appointments of other CEOs at Lifepoint hospitals. Ms. Podley reviewed several candidates' applications for the position, and proposed two potential candidates for CEO to the Lifepoint Board of Directors. Ms. Podley interviewed Ottumwa Regional officers, directors, key medical staff, the Medical Executive Committee, and Ottumwa Regional Board members, about Mr. Kiefer. Ms. Podley then presented the Lifepoint Board of Directors with the hospital employees' evaluations of Mr. Kiefer, which were overwhelmingly positive. Mr. Kiefer was also interviewed by several senior Lifepoint employees. Ultimately, Mr. Kiefer was selected and appointed CEO.

As detailed in our letter on March 31, 2023, Mr. Kiefer has significant experience managing and operating rural hospitals through challenges. He has more than twenty years of experience in patient care, both as a healthcare executive and nurse, working in various rural communities where he has strived to increase and improve the delivery of healthcare services, particularly culturally competent and individualized services. Since being appointed interim CEO of Ottumwa Regional, Mr. Kiefer has been instrumental in strengthening Ottumwa Regional's compliance program and culture more generally. He has instituted a number of policies and practices aimed at opening communications channels between the staff and senior management at Ottumwa Regional and has frequently elicited feedback from hospital staff on how to improve engagement between Ottumwa Regional and the community. Mr. Kiefer has reinvigorated Ottumwa Regional's quality and safety committees and continues to provide robust leadership for the hospital. Those initiatives, Mr. Kiefer's stewardship of Ottumwa Regional through the initial difficulties following Devin Caraccio's death, and the enthusiasm for his leadership among Ottumwa Regional stakeholders led Ms. Podley and the Ottumwa Board of Directors to appoint Mr. Kiefer as the permanent CEO of the hospital.

Before joining Ottumwa Regional, Mr. Kiefer served as Chief Operating Officer at Canyon Vista Medical Center ("Canyon Vista"), a Lifepoint hospital in Sierra Vista, Arizona for seven months. At Canyon Vista, Mr. Kiefer frequently engaged with employees to enhance morale and staff trust during the COVID-19 pandemic. During his time at Canyon Vista, Mr. Kiefer also improved the direct admission process and inbound acceptance rate. His successful efforts to support and engage operating room staff and providers resulted in increased staffing support and expanded access to timely surgical care for Canyon Vista's patients.

Mr. Kiefer previously served as CEO and Chief Nursing Officer at non-Lifepoint hospitals including OmniPoint Health in Anahuac, Texas, Marias Medical Center in Shelby, Montana, and Rehoboth McKinley Christian Health Care Service in Gallup, New Mexico. During his tenure at these facilities, he improved operational efficiency; developed new mission, vision, and values for the facilities; partnered with local health systems; participated in frequent communications with the staff to improve culture; and improved patient experience scores. He also was not afraid of making changes to improve facilities, even when that created personal or professional hardship for him. He also was instrumental in developing strategic plans that included capital projects to provide new equipment to facilities.

Mr. Kiefer has shown strength and integrity in his previous roles, which he continues to exhibit as a leader at Ottumwa Regional.

Mr. Kiefer is deeply committed to and engaged with the broader professional community of healthcare facility managers. He has served as Vice President of the Texas Medical Foundation Executive Board, is a member of the American College of Healthcare Executives, and has been a Healthcare Fellow of both the National Rural Health Association (NRHA) and the Texas Organization for Rural and Community Hospitals (TORCH). Mr. Kiefer is also a partner in the Billion Pill Pledge Program, launched by former-Iowa State Attorney General Tom Miller, which seeks to reduce the number of opioid pills in homes and communities by a billion pills per year, and thereby reducing reliance on opioid medications.

4. Does your company have plans to invest capital in Ottumwa Regional? If so, please describe them. If not, why not?

Lifepoint and Ottumwa Regional are in the planning stages of investing an additional $3.1 million in Ottumwa Regional this year. Among other things, the investments are intended to upgrade Ottumwa Regional's physical facilities and enhance its medical equipment. Lifepoint and Ottumwa Regional are dedicated to raising the standard of care for patients of Ottumwa Regional and intends to continue making investments at Ottumwa Regional.

6. Explain in detail the reason for the 2019 sale-leaseback of Ottumwa Regional. What were the terms of the 2019 sale-leaseback transaction? How did you sell this to the local communities and hospitals? Please provide all records.

Lifepoint's sale-leaseback transaction involved 11 facilities, including Ottumwa Regional, within six markets. The transaction resulted in $700 million total proceeds to Lifepoint. In addition, although the sale-leaseback transaction led to a $50 million annual rent expense for Lifepoint as a whole, the transaction helped lower Lifepoint's interest payments by approximately $96 million, resulting in annual net savings of approximately $46 million.

The sale-leaseback was part of a multi-step plan for Lifepoint to lower its monthly costs paid in connection with debt Lifepoint incurred in 2018. A portion of the $700 million in proceeds from the sale-leaseback ($400 million) was used to pay off Lifepoint's existing debt, which lowered overall interest costs for all involved Lifepoint facilities, including Ottumwa Regional. In addition to selling 11 facilities and leasing them back, Lifepoint also refinanced its remaining outstanding debt to lower its interest payments; by redeeming notes with a rate of 8.25 percent and 11.5 percent in favor of notes with a rate of 4.375 percent, Lifepoint saved significant amounts over the life of the loans. The interest rate on the term loan facility was also decreased from LIBOR plus 4.5 percent to LIBOR plus 3.75 percent.

With this improved financial position, Lifepoint was able to invest $300 million in Lifepoint communities across the country. That investment, along with other money Lifepoint regularly contributes to its hospitals, was used to recruit new providers, grow vital services, and make needed renovations and technology purchases, among other things. At Ottumwa Regional, the investments during this period permitted, as we described in our March 31, 2023, letter, a new $4.5 million linear accelerator in 2020, $5.2 million in OR video towers, a portable digital X-ray machine, and

equipment for Ottumwa Regional's radiation oncology department in 2021, $2 million in a new DaVinci robot, and $4.5 million in expansions and upgrades to the cardiac catheterization lab.

None of the proceeds from the sale leaseback were paid out to Lifepoint's shareholders.

9. **How much money did your company receive in COVID-19 stimulus aid, including CARES Act dollars and grants? Provide an explanation as to why your company needed federal stimulus aid. Describe in detail how these funds were allocated. Specifically, you asked:**

    a. **Why did Lifepoint need COVID aid?**
    b. **How did Lifepoint allocate and use its COVID aid?**
    c. **How much went to each hospital?**
    d. **How much went to rural hospitals (Woodard commented critically that it would be useful to know whether federal funds went to facilities in Wyoming or North Carolina)?**

Ottumwa Regional received approximately $9.15 million in federal COVID-related grants and approximately $417,000 in state grants. These funds helped Ottumwa Regional navigate nearly $33 million in revenue losses during the COVID pandemic and compensate for more than $3 million in COVID-related expenses. Across the broader Lifepoint system, rural facilities received approximately $314.21 million in federal COVID-related grants and approximately $31.12 million in state grants.

Prior to receiving the funds, Lifepoint attested to the terms and conditions required for obtaining CARES Act funds, including that Lifepoint facilities that received the funds:

- Provided, after January 31, 2020, diagnoses, testing, or care for individuals with possible or actual cases of COVID-19;
- Would use the payments only to prevent, prepare for, and respond to coronavirus;
- Would accept the payment as reimbursement only for health care related expenses or lost revenues that are attributable to coronavirus;
- Would not use the payment to reimbursement expenses or losses that have been reimbursed from other sources or that other sources are obligated to reimburse;
- Would maintain appropriate records and cost documentation; and
- Would refrain from balance billing for all care for individuals with a presumptive or actual case of COVID-19 (e.g., that any out-of-pocket expenses collected would not be greater than if the same treatment was provided by an in-network provider).

After attesting to the above conditions, Lifepoint was provided funding from the CARES Act based on calculations by the federal government.

Following receipt of the CARES Act funds, Lifepoint was required to provide financial data to the United States Department of Health and Human Services ("HHS") to show that the funds it received were used either to (1) prevent, prepare for, or respond to COVID-19; or (2) for

reimbursement of lost revenues that were attributable to COVID-19. The financial data included information about expenses attributable to COVID-19 that was not reimbursed by other sources, as well as lost revenues attributable to COVID-19. The data demonstrated that Lifepoint did not receive more than it was entitled to under the CARES Act, which would have required Lifepoint to refund funds back to the government.

Lifepoint used a two-step reporting process in evaluating its use of COVID-related funding:

First, Lifepoint calculated the amount of COVID-related expenses incurred by its facilities, removing any funds that were reimbursed by other means, including payments received from business insurance, patients, and/or federal, state, or local government. Lifepoint facilities' COVID-19 expenses included both (1) general and administrative ("G&A) expenses, including personnel and other workforce-related actual expenses paid to prevent, prepare for, or respond to the coronavirus, such as expense for workforce training, staffing, and temporary employee or contractor payroll, and (2) healthcare related expenses, including supplies, such as personal protective equipment ("PPE"), hand sanitizer, or supplies for patient screening. Lifepoint did not account for any of its capital expenditures or long-term expenses in calculating COVID-expenses, even though Lifepoint facilities had collectively spent approximately $5 million in capital and long-term expenses as a result of COVID-19 (e.g., for long-term construction projects such as emergency room redesign to better accommodate patients being treated for COVID-19). Lifepoint discussed this two-step approach for calculating COVID-losses with its auditors and several reputable accounting firms, all of which concurred that Lifepoint's approach was reasonable. Further, Lifepoint consulted with several peer organization regarding these accounting processes, and they had largely followed the same reporting process as described.

Second, Lifepoint calculated lost revenues attributable to coronavirus by looking at the negative change in year-over-year revenue losses from patient care at each hospital. Lifepoint then aggregated the revenue losses of the hospitals.

Lifepoint's CARES Act funding, which included the total from the expenses category and the lost revenue category, was then placed into a segregated, central account. Funds were drawn from that account only when needed to pay for expenses or lost revenue related to COVID-19.

Lifepoint applied for CARES Act funds only pursuant to the HHS's guidance from September 19, 2020. Although HHS later revised the guidance and made new guidance available in October 2020, Lifepoint did not apply for additional funds. Lifepoint understands that, if it had applied under the October 2020 guidance, an additional $18 to $20 million in COVID-related expenses and losses would have been eligible for reimbursement under the Cares Act Fund.

Lifepoint completed provider relief funds audits to ensure that Lifepoint and its subsidiaries complied with all federal regulations regarding COVID funds.

Ottumwa Questions

1. **Who oversaw and authorized the 2019 sale-leaseback transaction? Why did the hospital believe it was in the best interest of Ottumwa Regional? Please provide the names and titles of all individuals involved in this transaction.**

The Lifepoint Board approved the sale leaseback agreement at a special meeting of the Board of Directors on October 30, 2019.

2. **How did the sale-leaseback impact operations at Ottumwa Regional? Please list staffing ratios per patient before and after the transactions. Please list any cost-cutting measures following the sale-leaseback.**

Although the sale-leaseback transaction led to a $50 million annual rent expense for Lifepoint, the transaction helped lower Lifepoint's interest payments by approximately $96 million, resulting in annual net savings of approximately $46 million, which has allowed Lifepoint to make investments in its hospitals. As we stated in our March 31, 2023, letter, Lifepoint is responsible for the facilities' rent expenses.

Since the sale-leaseback, Lifepoint's investment has exceeded its contractual commitment under the asset purchase agreement, which requires that Lifepoint reinvest a minimum of 5 percent of net patient revenue in Ottumwa Regional. The average percent invested since the sale-leaseback has been 5.42 percent.

Staffing ratios for direct patient care have remained relatively stable since 2019, despite significant staffing challenges posed by the COVID pandemic. Current staffing ratios for direct patient care at Ottumwa Regional exceed Lifepoint benchmarks. Man-hours/patient ratios in intensive care/critical care increased from 19.44 in 2019 to 25.55 in 2022. For medical/surgical nursing, those ratios decreased from 11.99 in 2019 to 10.90 in 2022, and in the emergency room, the ratios decreased slightly from 2.87 in 2019 to 2.75 in 2022. Although Ottumwa Regional's operations were largely suspended in 2020 as a result of the COVID-19 pandemic, Lifepoint and Ottumwa Regional strived to ensure that staffing ratio stayed stable, and in the case of intensive care and critical care, improved. Moreover, at the height of the pandemic in 2020, Ottumwa Regional continued to pay full-time employees, even when their jobs were limited by COVID-19 restrictions.

Additionally, since 2019, wages for individual employees have increased at Ottumwa Regional. In 2019 and 2021, wages increased by 1.5 percent annually, and in 2022, wages increased by 3 percent annually. Ottumwa Regional plans on increasing individual wages by an average of 3 percent annually again in 2023. Even in 2020, during the beginning of COVID, Ottumwa Regional ensured that wages did not decrease.

More generally, Ottumwa Regional's cost-related decisions are influenced directly by the demands and needs of patients, as well as staffing availability at the hospital. Similar to medical providers across the world, Ottumwa Regional was significantly affected by COVID-19, and was forced to reevaluate its spending in light of federal regulations and state regulations prohibiting elective

procedures and a shortage of nurses. The sale-leaseback transaction did not influence Ottumwa Regional's budgeting.

3. Describe in detail how Ottumwa utilized the funds it received from the 2019 sale-leaseback.

The response to Question 6 above provides an overview of the allocation of funds Lifepoint received from the 2019 sale-leaseback transaction.

Sincerely,

Jennifer Peters

WILMERHALE

December 20, 2023

[redacted]

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company").

This submission responds to a subset of the questions set forth in your letters of December 6, 2023 (the "Requests"). Enclosed with this letter are documents regarding the Lifepoint Board of Directors and aspects of its authority, as well as information on liability and insurance. We plan to make our next production of documents on or before January 17, with rolling responses thereafter.

We have included in this production documents with proprietary business information. The documents have been marked "Confidential Treatment Requested." We request that these documents not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Lifepoint Questions

10. From 2018 to the present, provide the name, title, Board tenure, and committee assignments of all individuals on Lifepoint's Board. Produce all documents that support your answer.

We have included this information in a chart at Appendix A.

11. Explain how Lifepoint contractually shields itself from liability of any kind for activities that occur at the hospitals the company invests in, operates, or manages. Produce all documents that support your answer, including any provisions related to liability of any kind in any of your written agreements.

Enclosed is the Lifepoint Health Annual Report for Fiscal Year 2022, at LP-CEG-001886 through LP-CEG-002025. The Annual Report includes a section on "Risk Management and Insurance" is located at LP-CEG-001920.

As we explained in our letter of April 21, 2023, each of Lifepoint's hospitals is responsible for decisions relating to day-to-day delivery of care and operations and for the clinical staff and providers who practice in those hospitals, all of whom are licensed by the states in which the hospitals are located. Each acute care hospital subsidiary therefore is responsible for liabilities resulting from delivery of care or operations, such as professional liability and other claims. Lifepoint itself is not a licensed healthcare provider; nor does Lifepoint hold provider numbers as a member of the Medicare and Medicaid programs.

Lifepoint and its affiliates manage the collective liability risk of all our hospitals through programs of insurance, including professional liability, general liability, workers' compensation, and other types of coverage. This approach to insurance is typical for health systems.

Given the nature of the healthcare operating environment, Lifepoint and its subsidiary hospitals and employed providers, are subject to claims of liability, employee workers' compensation claims and other claims. To mitigate a portion of this risk, the Company maintains insurance for individual professional liability claims and employee workers' compensation claims exceeding self-insured retention ("SIR") and deductible levels.

As of December 31, 2022, the Company's deductible for workers' compensation claims at each of its acute care and behavioral health hospitals was $1 million per claim in all states in which it operates except for Montana and Washington. The Company participates in state-specific programs for its workers' compensation claims in these states. There is no deductible for workers' compensation claims at inpatient rehabilitation facilities ("IRFs"). The Company's SIR and deductible levels are evaluated annually as a part of the Company's insurance program's renewal process.

Further, each hospital requires its medical staff members to maintain adequate insurance limits to protect themselves and patients in the event of a patient injury and/or a claim following care. The limits of insurance required at each location vary by state.

We anticipate producing additional materials responsive to this request in subsequent productions.

14. From 2018 to the present, please produce all documents related to the authority of Lifepoint's Board of Directors to:

- **a. Monitor and evaluate Lifepoint hospitals' quality of care metrics and patient safety programs;**
- **b. Review and discuss those metrics with Lifepoint senior management; and**
- **c. Receive reports from Lifepoint senior management on the hospital network's safety standards and preventative actions.**

i. **For each of these requests, please produce all documents, including all internal or external communications, for all instances where the Board exercised its authority in these areas.**
ii. **Please also describe, with supporting documents, what officials the Board considers to be "Lifepoint senior management."**

Enclosed at LP-CEG002026 through LP-CEG-002076 are:

- Board committee charters: Audit Committee Charter, at LP-CEG-002026 through LP-CEG-002032; Compensation Committee Charter, at LP-CEG-002033 through LP-CEG-002036; Compliance and Enterprise Risk Committee Charter, at LP-CEG-002037 through LP-CEG-002041; Executive Committee Charter, at LP-CEG-002042 through LP-CEG-002045; Nominating and Corporate Governance Committee Charter at LP-CEG-002046 through LP-CEG-002048; and Quality Committee Charter, at LP-CEG-002049 through LP-CEG-002051;
- Related Person Transactions Policy, at LP-CEG-002052 through LP-CEG-002058; and
- Delegation of Authority Policy, at LP-CEG-002059 through LP-CEG-002076.

We anticipate producing additional materials responsive to this request in a subsequent production.

* * *

You asked on December 18, 2023, whether Lifepoint has entered "a joint defense or common interest agreement, written or oral, with Apollo Global or any of the entities that are currently the subject of this investigation related to their respective responsibilities for responding to the investigation." Lifepoint entered an oral common interest agreement with Ottumwa Regional, Apollo and MPT in March 2023. Although Lifepoint, Ottumwa Regional, Apollo, and MPT did not have any formal agreement regarding the production of documents, we understood at the time that coordinated production of documents to avoid duplication was acceptable to Senator Grassley's staff. We now understand that you would prefer that each party produce its own responsive material, and Lifepoint therefore plans produce its own documents, even when they might be duplicative of another party's production.

* * *

Lifepoint is proud to play a critical role in providing services to underserved rural communities, and we take seriously our role in supporting community growth. It is also proud of the many healthcare workers who make up its talented workforce and serve these areas. In fact, Newsweek just recognized Lifepoint as one of "America's Greatest Workplaces for Diversity 2024" and awarded Lifepoint the full five-star rating.[1] Lifepoint welcomes the opportunity to

[1] *America's Greatest Workplaces for Diversity 2024*, Newsweek (last accessed Dec. 18, 2023) https://www.newsweek.com/rankings/americas-greatest-workplaces-diversity-2024.

share more about Lifepoint, its work in Iowa, and its priorities at Ottumwa Regional. Thank you for the opportunity to engage on these important issues.

Very truly yours,

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Ottumwa Regional Health Center ("Ottumwa Regional").

This submission responds to a subset of the questions set forth in your letters of December 6, 2023 (the "Requests"). Enclosed with this letter are documents regarding Ottumwa Regional's Board and Ottumwa Regional's staff vetting and controlled substances policies and procedures. We plan to make our next production of documents on or before January 17, with rolling responses thereafter.

We have included in this production documents with proprietary business information. The documents have been marked "Confidential Treatment Requested." We request that these documents not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Ottumwa Questions

7. **From 2015 to the present, broken down by year, produce all documents demonstrating that the policies and procedures for vetting staff, including drug testing, were implemented at Ottumwa Regional. Produce also all documents demonstrating that the procedures for vetting staff, including drug testing, were implemented with respect to Devon M. Caraccio.**

Enclosed at LP-CEG-002077 through LP-CEG-002122 are documents concerning the implementation of policies and procedures for vetting staff, including drug testing, at Ottumwa Regional, including:

- Application and Background Screening Policy, effective March 2018, at LP-CEG-002077 through LP-CEG-002082;

- Application and Background Screening Policy, effective March 2023, at LP-CEG-002083 through LP-CEG-002088;
- Background and Record Check Policy, revised January 2013, at LP-CEG-002089 through LP-CEG-002090;
- Background and Record Check Policy, revised March 2018, at LP-CEG-002091 through LP-CEG-002093;
- Education Verification Policy, at LP-CEG-002094 through LP-CEG-002095;
- Health Assessment for New Associates Policy, revised February 2015, at LP-CEG-002096 through LP-CEG-002098;
- Health Assessment for New Employee Policy, revised February 2016, at LP-CEG-002099 through LP-CEG-002101;
- Human Resources Hiring Policy, revised February 2015, at LP-CEG-002102 through LP-CEG-002104;
- Hospital Policy – Applicant Screening and Background Checks, effective 2019, at LP-CEG-002105 through LP-CEG-002111;
- Certification/Licensure Policy, revised February 2016, at LP-CEG-002112;
- Background Checks Policy, revised 2012, at LP-CEG-002113 through LP-CEG-002114;
- Licensures and Certifications policy, revised February 2015, at LP-CEG-002115 through LP-CEG-002118;
- Sanctioned Individuals – Employee Handbook, at LP-CEG-002119 through LP-CEG-002120; and
- Temporary, Contractual and Volunteer Requirements, at LP-CEG-002121 through LP-CEG-002122.

8. **From 2015 to the present, broken down by year, produce all documents demonstrating that the policies and procedures for controlled substances, including medication safety, facility security, and staff training, were implemented at Ottumwa Regional, including but not limited to, the dates of each training, attendee sign-in sheets, and the names of the individual(s) responsible for such training. Produce also all documents demonstrating that Devon M. Caraccio participated in staff training related to the policies and procedures in the above question.**

Enclosed at LP-CEG-002123 through LP-CEG-002159 are documents concerning the implementation of policies and procedures for controlled substances, including medication safety, facility security, and staff training, at Ottumwa Regional, including:

- Drug and Alcohol Policy, revised February 2013, at LP-CEG-002123 through LP-CEG-002131;
- Drug and Alcohol Free Workplace Policy, revised March 2015, at LP-CEG-002133 through LP-CEG-002139;
- Drug and Alcohol Free Workplace Policy, revised February 2016, at LP-CEG-002140 through LP-CEG-002147; and
- Drug and Alcohol Free Workplace Policy, effective March 2023, at LP-CEG-002148 through LP-CEG-002159.

We anticipate producing additional materials responsive to this request in subsequent productions.

10. Please produce all third-party staffing contracts for Devon M. Caraccio.

We previously produced an agreement between Apogee Medical Management, Inc. and RCHP-Ottumwa, LLC, on May 5, 2023, located at LP-CEG-000148 through LP-CEG-000196. This agreement is the only third-party staffing agreement with respect to Devin Caraccio.

* * *

You asked on December 18, 2023, whether Ottumwa Regional has entered "a joint defense or common interest agreement, written or oral, with Apollo Global or any of the entities that are currently the subject of this investigation related to their respective responsibilities for responding to the investigation." Ottumwa Regional entered an oral common interest agreement with Lifepoint, Apollo and MPT in March 2023. Although Ottumwa Regional, Lifepoint, Apollo, and MPT did not have any formal agreement regarding the production of documents, we understood at the time that coordinated production of documents to avoid duplication was acceptable to Senator Grassley's staff. We now understand that you would prefer that each party produce its own responsive material, and Ottumwa Regional therefore plans to produce its own documents, even when they might be duplicative of another party's production.

* * *

Ottumwa Regional welcomes the opportunity to share more about its operations, policies, and procedures. Thank you for the opportunity to engage on these important issues.

Very truly yours,

[redacted]

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Ottumwa Regional Health Center ("Ottumwa Regional").

This submission responds to a subset of the questions set forth in your letter of December 6, 2023 (the "Requests"). Enclosed with this letter are documents regarding Ottumwa Regional's emergency medical services fleet, controlled substance policies and procedures, and third-party contracts related to Ottumwa Regional. We plan to make our next production of documents on or before January 31, with rolling responses thereafter.

We have included in this production documents with proprietary business information. The documents have been marked "Confidential Treatment Requested." We request that these documents not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Ottumwa Questions

5. **From 2015 to the present, describe in detail Ottumwa Regional's emergency medical services vehicle fleet, including but not limited to, the current service area, any reduction in services and any reliance on other hospitals or facilities to transport patients. Please answer in timeline form and produce all documents that support your answer.**

Ottumwa Regional, unlike its peers, provides emergency medical services ("EMS") that are more typically provided by local municipalities or regional authorities. EMS services are costly to provide, particularly in rural areas. Nevertheless, to meet the needs of the community, Ottumwa Regional operates its own EMS services, not just for transport but for 911 responses, and has been doing so at a loss since the beginning of 2022.

From 2015 to 2023, the service area for Ottumwa Regional's EMS fleet was Wapello County, with a mutual aid agreement with surrounding areas. The EMS fleet provided 911 response, received dispatch from Wapello County and the City of Ottumwa, and provided interfacility transfers for Ottumwa Regional.

Ottumwa Regional also used Blank Children's Hospital and University of Iowa for pediatric transports and Mercy Medical Center, St. Luke's Methodist Hospital, and University of Iowa for air transport support. In instances where Ottumwa Regional's ground transport resources were exhausted, the resources of Mercy Medical Center and surrounding counties were occasionally used, and in 2022, Ottumwa Regional added Heartland Medical Transport to the list for backup transport when resources were exhausted.

In January 2023, Ottumwa Regional modified its status as an EMS service with the State of Iowa. Ottumwa Regional's status changed from advanced life support ("ALS") to conditional ALS, which eliminated the requirement that every EMS run include a paramedic. The vast majority of 911 calls do not require a paramedic, as they require only life support rather than advanced life support; this modification permitted increased staffing flexibility, as Ottumwa Regional's EMS function, like much of the healthcare industry, has been subject to staffing challenges.

a. Have any of Ottumwa Regional's ambulances failed an inspection? If yes, please explain the reasons for these failure(s). Produce all documents that support your answer.

No. Ottumwa Regional's ambulances are inspected every three years consistent with Iowa law. For the period 2015 through 2023, the ambulances were inspected in 2015, 2018, and 2021. None of Ottumwa Regional's ambulances failed an inspection. The 2015 inspection report is enclosed at LP-CEG-002358 through LP-CEG-002359; the 2018 inspection report is at LP-CEG-002360 through LP-CEG-002362; and the 2021 report is at LP-CEG-002363 through LP-CEG-002366. Additional maintenance records are enclosed at LP-CEG-002367 through LP-CEG-002380.

b. Has Lifepoint ever transferred any EMS vehicles from other hospitals the company owns or operates in other states to Ottumwa Regional? If yes, please explain why your company transferred vehicles from other institutions. Produce all documents that support your answer.

In June 2023, Ottumwa Regional received three EMS ambulances from Lifepoint Central Carolina Hospital, a Lifepoint hospital with a large fleet and excess capacity that it was able to share with Ottumwa Regional. Enclosed at LP-CEG-002381 through LP-CEG-002383 are Inter-Entity Asset Transfer Forms for these three vehicles.

8. From 2015 to the present, broken down by year, produce all documents demonstrating that the policies and procedures for controlled substances, including medication safety, facility security, and staff training, were implemented at Ottumwa Regional, including

but not limited to, the dates of each training, attendee sign-in sheets, and the names of the individual(s) responsible for such training. Produce also all documents demonstrating that Devon M. Caraccio participated in staff training related to the policies and procedures in the above question.

Ottumwa Regional has robust policies and procedures related to controlled substances. To supplement the documents accompanying Ottumwa Regional's December 20, 2023 letter, enclosed at LP-CEG-002384 through LP-CEG-002423 are documents related to management discussions on and approval of controlled substances policies, including:

- Pharmacy & Therapeutics Committee January 2016 Minutes, at LP-CEG-002384 through LP-CEG-002385;
- Pharmacy & Therapeutics Committee May 2016 Minutes, at LP-CEG-002386 through LP-CEG-002388;
- Pharmacy & Therapeutics Committee May 2017 Minutes, at LP-CEG-02389 through LP-CEG-002392;
- Pharmacy & Therapeutics Committee October 2021 Minutes, at LP-CEG-002393 through LP-CEG-002396;
- Pharmacy & Therapeutics Committee February 2023 Minutes, at LP-CEG-002397 through LP-CEG-002399;
- Board of Directors October 21, 2021 Meeting Minutes, at LP-CEG-002400 through LP-CEG-002402;
- Controlled Substance Action Plan, which was shared with the Board in July 2023, at LP-CEG-002403;
- Board of Directors July 20, 2023 Meeting Minutes, at LP-CEG-002404 through LP-CEG-002408;
- Board of Directors August 17, 2023 Meeting Minutes, at LP-CEG-002409 through LP-CEG-002414;
- Human Resources Policy Approvals by Board in August 2023, at LP-CEG-002415 through LP-CEG-002416;
- Pharmacy Policy Approvals by Board in August 2023, at LP-CEG-002417 through LP-CEG-002420; and
- Survey Update to the Board of Directors December 4, 2023 Minutes, at LP-CEG-002421 through LP-CEG-002423.

We have also included at LP-CEG-002423 through LP-CEG-003295 additional documents concerning policies and procedures for controlled substances, including medication safety, facility security, and staff training, at Ottumwa Regional, including:

- 2023 GHO Schedule, at LP-CEG-002423 through LP-CEG-002425;
- Bedside Glucometer Quiz 2021, at LP-CEG-002426;

- Critical Value Test, at LP-CEG-002427;
- General Hospital Orientation – Participant Guide 2023, at LP-CEG-002428 through LP-CEG-002429;
- General CNA Orientation (PowerPoint), at LP-CEG-002430 through LP-CEG-002488;
- General CNA Orientation (Word), at LP-CEG-002489 through LP-CEG-002490;
- General Nursing Orientation Competency Checklist, at LP-CEG-002491 through LP-CEG-002495;
- GHO - ORHC Orientation Slide Deck, at LP-CEG-002496 through LP-CEG-002631;
- General Nursing Orientation 2023, at LP-CEG-002632 through LP-CEG-002894;
- Meditech 6.0 PCS Training Competency Checklist, at LP-CEG-002895 through LP-CEG-002900;
- ORHC Nursing Orientation Handbook, at LP-CEG-002901 through LP-CEG-002985;
- RN - Quiz Moderate Sedation Education, at LP-CEG-002986 through LP-CEG-002987;
- Therapeutic Duplication Test, at LP-CEG-002988 through LP-CEG-002989;
- Pharmacy Scope of Service, at LP-CEG-002990 through LP-CEG-002993;
- Clinical Staff Education Packet, at LP-CEG-002994 through LP-CEG-003167;
- Controlled Substance Management, at LP-CEG-003168 through LP-CEG-003193;
- Guidepost December 2022 Training, at LP-CEG-003194 through LP-CEG-003215;
- National Employee Handbook Acknowledgement, at LP-CEG-003216;
- ORHC ADMS Pyxis Controlled Substances, at LP-CEG-003217;
- ORHC Drug Diversion in Healthcare Facilities and Tampering, at LP-CEG-003218; and
- Read and Sign Forms, at LP-CEG-003219 through LP-CEG-003295.

9. From 2015 to the present, broken down by year, identify and produce all documents for all third-party contracts associated with Ottumwa Regional.

Enclosed at LP-CEG-003296 through LP-CEG-004433 are 76 final, executed third-party contracts associated with Ottumwa Regional related to hospital administration and operations.

We have included a list of these contracts in a chart at Appendix A, organized by effective date.

11. Please produce Devon M. Caraccio's personnel file.

We believe that we are restricted by applicable law from voluntarily producing Devin M. Caraccio's personnel file. However, we are able to share the following: Mr. Caraccio was employed at Ottumwa Regional from 2016 to 2020 as an intensive/critical care nurse and from 2020 to 2021 as an emergency department charge nurse. On August 19, 2021, Apogee Medical Management, Inc., a third-party vendor for Ottumwa Regional, offered Mr. Caraccio, a Board-certified nurse practitioner, a position as a nurse practitioner (inpatient), which he accepted. We have produced the third-party staffing agreement between Apogee Medical Management, Inc. and RCHP-Ottumwa, LLC at LP-

CEG-000148 through LP-CEG-000196. In this role, Mr. Caraccio had nurse practitioner inpatient clinical privileges, including the ability to administer or dispense controlled substances, for a two-year term.

Mr. Caraccio signed all applicable codes of conduct and medical staff expectations forms required of similarly situated Ottumwa Regional employees and participated in all required training programs. Ottumwa Regional also verified, prior to Mr. Caraccio's commencement of employment, his stated degrees, relevant experience, licenses, and certifications, including pharmacy permissions, and he satisfactorily completed the pre-employment drug test required of all similarly situated employees. Mr. Caraccio also satisfactorily passed the pre-employment background check required by Ottumwa Regional of all similarly situated employees. Mr. Caraccio's performance evaluations were all satisfactory.

* * *

Ottumwa Regional welcomes the opportunity to share more about its operations, policies, and procedures. Thank you for the opportunity to engage on these important issues.

Very truly yours,

WILMERHALE

January 17, 2024

[redacted]

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company").

This submission responds to a subset of the questions set forth in your letter of December 6, 2023 (the "Requests"). Enclosed with this letter are documents regarding the 2019 sale-leaseback transaction, the authority of Lifepoint's Board, the hiring of the Chief Executive Officer of Ottumwa Regional Health Center ("Ottumwa Regional"), and legal proceedings. We plan to make our next production of documents on or before January 31, with continued rolling responses thereafter.

We have included in this production documents with proprietary business information. The documents have been marked "Confidential Treatment Requested." We request that these documents not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Lifepoint Questions

7. Describe in detail how Lifepoint's Board was involved in the 2019 sale-leaseback transaction, including the names of any Board members involved, as referenced in your May 12, 2023 letter. Produce all documents that support your answer, including but not limited to all relevant Board meeting minutes.

The Lifepoint Board considered and approved the sale-leaseback transaction at a special meeting of the Board of Directors on October 30, 2019. The following Board members attended, either in person or via teleconference: Matt Nord, Norm Brownstein, Bill Carpenter, Max David, Mike Haley, Steve Levin, Holly McMullan, Dan Morissette, Olivia Wassenaar, Rick Press, Marty Rash, and David Dill. Enclosed at LP-CEG-002160 are the minutes for the October 30, 2019 meeting.

At the meeting, the Board discussed the sale leaseback transaction, and Mr. Dill, Lifepoint's President and Chief Executive Officer, answered questions about the proposed transaction. The Board then unanimously approved the resolution for the sale-leaseback transaction, which is attached to the meeting minutes and located at LP-CEG-002161 through LP-CEG-002167.

The Board also received materials, enclosed at LP-CEG-002168 through LP-CEG-002179, on the sale-leaseback transaction. The presentation provided information on the financial impact of the sale leaseback and other details about the transaction.

15. Explain Lifepoint's role in the decision to hire William Kiefer as CEO of Ottumwa Regional. Produce all documents that support your answer, including but not limited to, his personnel file and any background checks.

As discussed in our March 31 and May 12, 2023, letters, William Kiefer was not CEO of Ottumwa Regional at the time of the events relating to Devin Caraccio, the now-deceased nurse practitioner. Rather, following Mr. Caraccio's death, Lifepoint and Ottumwa Regional recognized that there needed to be a change in leadership at the hospital. Since joining Ottumwa Regional, Dr. Kiefer has stabilized the hospital's operations and initiated a number of enhancements to patient safety and care, including implementation of new customer service standards and accompanying training for staff, new equipment, facility repairs and upgrades, and new technology.

The Division President who oversaw Ottumwa Regional and who served concurrently as President of RCHP Ottumwa, LLC, Sandy Podley, was responsible for first appointing William Kiefer as the interim CEO of Ottumwa Regional in November 2022 and then for hiring him as the permanent CEO in January 2023. Dr. Kiefer was appointed formally as the Chief Executive Officer of Ottumwa Regional on January 19, 2023, by the Ottumwa Board of Directors.

Ms. Podley believed that one of the then in-role Chief Operating Officers at Lifepoint hospitals in the Western Region would be best suited to immediately take the interim CEO position at Ottumwa Regional. Ms. Podley determined Dr. Kiefer was the best candidate. Ms. Podley believed Dr. Kiefer was a strong leader, and she knew that physicians from hospitals Dr. Kiefer oversaw spoke positively about his leadership. At the time of his appointment to Ottumwa Regional, Dr. Kiefer had over 20 years of experience in patient care, both as a healthcare executive and nurse. He previously was the Chief Operating Officer at Canyon Vista Medical Center ("Canyon Vista"), a Lifepoint hospital in Sierra Vista, Arizona for seven months. Before that, Dr. Kiefer served as CEO and Chief Nursing Officer at non-Lifepoint hospitals, including OmniPoint Health in Anahuac, Texas, Marias Medical Center in Shelby, Montana, and Rehoboth McKinley Christian Health Care Service in Gallup, New Mexico.

Dr. Kiefer's appointment as permanent CEO was similar to appointments of other CEOs at Lifepoint hospitals. Ms. Podley reviewed several candidates' applications for the position and proposed two potential candidates for CEO to the Lifepoint Board of Directors. Ms. Podley interviewed Ottumwa Regional officers, directors, key medical staff, the Medical Executive Committee, and Ottumwa Regional Board members, about Dr. Kiefer. Ms. Podley then presented

the Lifepoint Board of Directors with the hospital employees' evaluations of Dr. Kiefer, which were overwhelmingly positive. Several senior Lifepoint employees also interviewed Dr. Kiefer as part of the process. The Ottumwa Regional Board ultimately selected Dr. Kiefer and appointed him CEO of the hospital.

Dr. Kiefer's leadership has already had significant positive impacts at Ottumwa Regional. He is focused on supporting staff and improving staff engagement, and he has introduced regular and open communications among stakeholders, including executive rounding, department meetings, five all-staff town hall meetings over the last year, and a CEO newsletter. His reintroduction of monthly service and excellence awards has built staff pride and morale.

Dr. Kiefer is also focused on improving patient care. To enhance patient and family experiences, he instituted new customer service standards and accompanying staff training to provide guidance. He has also strengthened Ottumwa Regional's quality of care committee by adding front line staff to the meeting as well as a community patient representative to the committee. Dr. Kiefer's patient care focus has also resulted in enhancements to hospital equipment, facilities, and technology. He has overseen the addition of new equipment, like anesthesia carts and a DaVinci robot for minimally invasive surgeries, the completion of repairs and upgrades, like new flooring, and the implementation of new technology, including upgrading the hospital's pharmacy to Omnicell software. Dr. Kiefer has overseen pay increases for EMTs and paramedics to stabilize 911 services for Ottumwa and Wapello County. Indeed, Dr. Kiefer and Ottumwa Regional have been working closely with local agencies and communities to ensure a safe level of full-time emergency ambulance service to Wapello County, even as other rural areas are scaling back such services because of staffing and funding pressures—efforts praised by Ottumwa Mayor Rick Johnson. Under Dr. Kiefer's leadership, RNs, LPNs and a variety of other roles have seen market salary increases, helping stabilize the workforce at ORHC and drive positive patient outcomes. He has also led a reorganization of the hospital's dietary department, resulting in healthier and increased variety of menu options for staff and patients. In addition, he has focused on increasing the cleanliness of the hospital environment to safeguard patients from infection. Dr. Kiefer's support for expansion efforts, including a $4.5 million expansion and upgrade of the catheterization lab, has significantly contributed to the enhancement of patient care at the hospital.

Throughout his tenure at Ottumwa Regional, Dr. Kiefer has focused on patient safety. Under his leadership, the hospital has added over 100 cameras to increase overall safety for patients and staff and to prevent drug diversion. Dr. Kiefer has also added ligature-free furniture to the hospital's behavioral health unit and enclosed the nurses' station in the unit to increase safety for patients and staff. In addition, Ottumwa Regional is now participating in the Billion Pill Pledge initiative to decrease opioids following surgery, and it was certified as a drug disposal location for the community, where individuals can dispose of any unused or unwanted medication, including narcotics. Ottumwa Regional has also reintroduced sleep medicine as a service for the community.

Dr. Kiefer is also deeply personally involved in the local community. He serves on the Board of Directors for the Greater Ottumwa Partners in Progress ("GOPIP"), which is a combined Ottumwa chamber of commerce and economic development organization. Mark Roe, the CEO of GOPIP, recently applauded Dr. Kiefer for his efforts in spearheading a community collaborative partnership

to purchase and redevelop for residential use property in Ottumwa that was previously occupied by now-shuttered St. Joseph's Hospital and that had remained dormant for years. Dr. Kiefer is also an Ottumwa Rotarian. In December 2023, he provided an update on Ottumwa Regional to the Ottumwa City Council.

Enclosed are the following documents related to Dr. Kiefer's hiring:

- Voluntary Self-Identification of Veterans form, at LP-CEG-002180 through LP-CEG-002181;
- Voluntary Self-Identification of Disability form, at LP-CEG-002182;
- Resumé on file of William Kiefer through employment at Marias Medical Center, at LP-CEG-002183 through LP-CEG-002185;
- Resumé on file of William Kiefer through employment at OmniPoint Health, at LP-CEG-002186 through LP-CEG-002188;
- Application for Chief Operating Officer at Canyon Vista Medical Center, at LP-CEG-002189 through LP-CEG-002193;
- Offer letter for Chief Operating Officer at Canyon Vista Medical Center, at LP-CEG-002194 through LP-CEG-002201;
- Background check results from May 4, 2022, at LP-CEG-002202 through LP-CEG-002231;
- Drug Test results from May 21, 2022, at LP-CEG-002232 through LP-CEG-002233;
- Signed Lifepoint Code of Conduct Acknowledgement form from May 3, 2022, at LP-CEG-002234;
- Signed Confidentiality and Security Agreements from April 14, 2022, at LP-CEG-002235 through LP-CEG-002238;
- Emergency Contact Information form, at LP-CEG-002239;
- Lifepoint Health Executive Profile form from April 14, 2022, at LP-CEG-002240 through LP-CEG-002242;
- Chief Operating Officer Job Description, at LP-CEG-002243 through LP-CEG-002244;
- Relocation Repayment Agreement from April 14, 2022, at LP-CEG-002245 through LP-CEG-002246;
- Voluntary Self-Identification Form from April 14, 2022, at LP-CEG-002247 through LP-CEG-002248;
- Relocation Promissory Note, at LP-CEG-002249;
- Relocation Repayment Agreement from January 25, 2023, at LP-CEG-002250 through LP-CEG-002251;
- Continuing education transcript through December 15, 2023, at LP-CEG-002252 through LP-CEG-002258;
- Letter for promotion/transfer to Chief Executive Officer at Ottumwa Regional Health Center, at LP-CEG-002259 through LP-CEG-002261; and
- Chief Executive Officer Job Description, at LP-CEG-002262 through LP-CEG-002264.

17. From 2015 to the present, identify and provide a brief description of all lawsuits, arbitrations, or other similar legal proceedings related to patient care that have been initiated against Lifepoint and/or Ottumwa Regional.

The following is a list of quality-of-care complaints or demands for arbitration related to patient care that have been filed or initiated against Ottumwa Regional.

	Case	Brief Description	Date Filed	Disposition
1	[redacted] v. RCHP-Ottumwa, LLC et al.	Family of baby alleged the child was not timely delivered.	28-Oct-19	Confidential settlement
2	[redacted] v. RCHP- Ottumwa, LLC et al.	Alleged inpatient fall resulting in fractured femur and other complications.	17-Feb-23	Litigation ongoing
3	[redacted] v. RCHP-Ottumwa, LLC et al.	Patient committed suicide one day post-discharge.	15-Apr-22	Hospital dismissed
4	[redacted] v. RCHP-Ottumwa, LLC et al	Patient experienced cardiac arrest shortly after ER discharge.	14-May-20	Hospital dismissed
5	[redacted] v. RCHP- Ottumwa, LLC et al	Patient experienced complications secondary to gall bladder removal.	10-Jul-17	Hospital dismissed
6	[redacted] v. RCHP- Ottumwa, LLC et al.	Patient alleged failure to timely diagnose breast cancer.	19-Apr-19	Confidential settlement

We anticipate producing additional materials responsive to this request with respect to Lifepoint in a subsequent production.

18. Describe in detail Lifepoint's financial and operational relationship with TeamHealth. Produce all documents that support your answer.

As a care provider for communities with significant healthcare needs that are often underserved, Lifepoint seeks strategic, thoughtful ways to maximize operational efficiencies so that its hospitals can continue capably serving the areas that need medical services the most.

To that end, Lifepoint Corporate Services General Partnership, an indirect, wholly-owned subsidiary of Lifepoint, entered into an agreement with Southeastern Emergency Physicians, LLC, ("Southeastern") a subsidiary of TeamHealth, in January 2023 ("the 2023 Agreement") that amended its 2018 service agreement. Recognizing the operational efficiencies in combining emergency medicine and hospital medicine services into a single, combined service offering, Lifepoint contracted with Southeastern to supply combined professional and administrative services in some of its hospitals.[1] The 2023 Agreement amended the 2018 agreement through memorializing the current services under one agreement and adding anesthesia services.

Under the 2023 Agreement, Lifepoint has an exclusive relationship with Southeastern for the specific service lines identified for each covered hospital, which vary from hospital to hospital. Lifepoint determined that such an agreement would enhance the quality of patient care through, among other things, facilitating the delivery of efficient, effective, and consistent services for patients, building relationships between Southeastern and the medical staffs at each hospital, allowing for effective use of the hospitals' equipment, providing prompt availability of professional services, simplifying scheduling of patients and physician coverage, and enhancing efficient administration.

As an overview of the parties' financial relationship, Southeastern is responsible for billing and collection of charges for the services it provides. Generally, Lifepoint pays to Southeastern in monthly installments a cost-plus subsidy amount for the services provided equal to the total estimated semi-annual practice expense amount incurred by Southeastern in fulfilling its obligations, plus a 10 percent management fee that covers administrative services provided by Southeastern, less Southeastern's semi-annual professional service revenue. The applicable management fee may vary based on factors such as when a hospital is added to the Agreement or other factors. Lifepoint and Southeastern annually and jointly perform a financial reconciliation of payments and expenses to calculate any under- or over-payments.

Enclosed at LP-CEG-002265 through LP-CEG-002337 is the 2023 Agreement between Lifepoint and Southeastern. There are several attachments to the 2023 Agreement, including a subsidy calculation for the applicable hospitals, at LP-CEG-002280 through LP-CEG-002284, as well as the HIPAA Business Associate Agreement, at LP-CEG-002285 through LP-CEG-002304, and an example of an Exclusive Professional Services Agreement that an applicable hospital would enter, at LP-CEG-002305 through LP-CEG-002337. Ottumwa Regional's Exclusive Professional Services Agreement and amendment is located at LP-CEG-002338 through LP-CEG-002357.

* * *

[1] A full list of the applicable hospitals and service lines is attached to the 2023 Agreement, at LP-CEG-002278 through LP-CEG-002279.

Lifepoint is proud to play a critical role in providing services to underserved rural communities, and it welcomes the opportunity to share more about Lifepoint, its work in Iowa, and its priorities at Ottumwa Regional. Thank you for the opportunity to engage on these important issues.

Very truly yours,

[redacted]

Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company").

This submission responds to a subset of the questions set forth in your letter of December 6, 2023 (the "Requests"). Enclosed with this letter are documents consisting of final, third-party staffing agreements.

We have included in this production documents with proprietary business information. The documents have been marked "Confidential Treatment Requested." We request that these documents not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Lifepoint Questions

16. Does Lifepoint have plans to bring Scion Health or any Lifepoint-related entity to Ottumwa Regional or to any other hospitals or health facilities in Iowa? If yes, please explain. Produce all documents that support your answer.

Lifepoint has no current plan to sell Ottumwa Regional or any other Iowa facility to Scion Health.

17. From 2015 to the present, identify and provide a brief description of all lawsuits, arbitrations, or other similar legal proceedings related to patient care that have been initiated against Lifepoint and/or Ottumwa Regional.

The following is a list of quality-of-care complaints or demands for arbitration related to patient care that have been filed or initiated against the parent entity, Lifepoint Health, Inc.

	Case	Brief Description	Date Filed	Disposition
1	[redacted] v. Lifepoint Health, Inc. et al.	Alleged medical negligence.	7/20/2020	Litigation ongoing
2	[redacted] v. Lifepoint Health, Inc. et al.	Alleged medical negligence.	11/4/2020	Litigation ongoing

19. From 2015 to the present, produce all third-party staffing contracts, including but not limited to, all contracts between and among Lifepoint, any of its subsidiaries or related entities, and TeamHealth.

Enclosed at LP-CEG-004417[1] through LP-CEG-004612 are 6 executed, final third-party staffing contracts entered into by Lifepoint's managing entity, Lifepoint Corporate Services, General Partnership.

We previously produced the operative agreement between Lifepoint Corporate Services, General Partnership and Southeastern Emergency Physicians LLC, a subsidiary of TeamHealth, on January 17, 2024, located at LP-CEG-002265 through LP-CEG-002337.

20. In 2021, Apollo sold Lifepoint back to itself, from Apollo Fund VIII to Fund IX, for a $1.6 billion gain. Explain in detail any involvement in, including but not limited to knowledge or approval of, this transaction by Lifepoint executives or Lifepoint's Board. Produce all documents that support your answer.

While the 2021 transaction referenced in this question was Apollo Fund's decision, Lifepoint's executives and its Board were aware and supportive of it. Lifepoint's role was limited primarily to assisting with due diligence. The transaction had no direct impact on daily operations at any

[1] In Ottumwa Regional's letter of January 17, the final Bates number of the produced documents was inaccurately labeled as LP-CEG-004433, when it should have been listed as LP-CEG-004416. This document set thus begins with LP-CEG-004417.

Lifepoint-owned or -operated facilities. Lifepoint viewed the fund to fund transfer as further indication of Apollo's long-term investment in community healthcare, since the second fund has a longer term investment horizon.

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Ottumwa Regional Health Center ("Ottumwa Regional").

This submission responds to a subset of the questions set forth in your letter of December 6, 2023 (the "Requests"). Enclosed with this letter are documents regarding Ottumwa Regional's operations and staffing.

We have included in this production documents that include proprietary business information. The documents have been marked "Confidential Treatment Requested." We request that these documents not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Ottumwa Questions

12. Describe both historical and current operational challenges that pose a threat to quality care and access to medical services at Ottumwa Regional. Produce all documents that support your answer.

Ottumwa Regional is proud to provide critical healthcare in a rural community. Across the entire United States, rural areas have significant and often unmet healthcare needs and an accompanying dearth of other social services. Meeting the needs of these communities is extraordinarily complex and demanding, and Ottumwa Regional's operational challenges stem from the problems associated with resources, location, and characteristics of the community's population.

First, the population served by Ottumwa Regional faces a variety of significant social, economic, and health challenges, and the region's socioeconomic and demographic characteristics complicate recruiting to the area. A meaningful proportion of the population in the region suffers from opioid, alcohol, and/or methamphetamine addiction and/or its consequences. In fact, as of 2021, Wapello

County—in which Ottumwa sits—had the highest rate of methamphetamine-related treatment admission in the state of Iowa (1,011 per 100,000) and the highest rate of opioid-related treatment admission in the state (171 per 100,000).[1] And Iowa has one of the highest rates of opioid abuse in the country, in the top quintile of all states.[2] Alcohol is the most reported primary substance of choice at treatment admission in the state, and in 2020, one third of Iowans aged 18-34 reported binge drinking in the past 30 days.[3] There is also a high rate of behavioral health issues in the community, much of which is related to addiction and lack of social services.[4] And this area is experiencing disproportionately high rates of poverty and unemployment.

In addition to the challenges the socioeconomic condition of the region brings to health care provision for this population, it is difficult to recruit highly trained and experienced professionals, including physicians and nurses, to relocate and settle in the community. Ottumwa Regional cannot offer retirement benefits because the organization does not qualify for Iowa Public Employees' Retirement ("IPER") program unlike the other hospitals in our region and throughout the state. Moreover, retention issues are compounded by the limited housing and food options in a town with a population of just over 25,000.[5] This, added to the reputational harm caused by the apparent suicide of a contracted nurse practitioner who was accused of sexually assaulting patients, has affected Ottumwa Regional's ability to hire and retain staff and attract new patients.

Regional closures have compounded the challenges of recruiting staff. In 2016, the Indian Hills Community College ("IHCC") Nursing School—an important source of healthcare workers in the region—lost accreditation. This drastically decreased the number of students enrolled in the program while the school worked to obtain accreditation, which in turn reduced the flow of new nurses into the area workforce. Enrollment at IHCC remains down from historical numbers. In 2021, a loss of grant funding for e-ICU services resulted in the closure of that program, leading to the loss of e-ICU providers and, with that, certain required expertise. In 2023, Iowa Wesleyan University, another source of much-needed healthcare workers, closed its doors. This further limited new nurses entering the workforce and reduced the number of students completing clinical rotations at Ottumwa Regional.

---

[1] *2020 State of Iowa Substance Use Epidemiological Profile*, Iowa Dep't of Health and Human Services (June 2021). In a 2022 statewide survey, 3% of Iowan adults reported using methamphetamine at least one day during the past month. *Methamphetamine Use and Trends in Iowa*, Iowa Dep't of Health and Human Services (Jan. 2023).

[2] *2020 State of Iowa Substance Use Epidemiological Profile*, Iowa Dep't of Health and Human Services (June 2021).

[3] *Id.*

[4] For example, 14 percent of Iowans reported having a major depressive episode in 2019. *2020 State of Iowa Substance Use Epidemiological Profile*, Iowa Dep't of Health and Human Services (June 2021). The Centers for Disease Control and Prevention indicated that Wapello County is among the most socially vulnerable counties in Iowa (top quarter), a term that factors in socioeconomic status, household characteristics, racial and ethnic minority status, and housing type/transportation. Wapello County performs more poorly than the state of Iowa in many health and socioeconomic metrics, including rates of obesity and diabetes, smoking, food insecurity, physical inaction and access to exercise opportunities, health insurance enrollment, vaccinations, frequent mental and physical distress, severe housing cost burden and housing problems, unemployment, rates of child poverty, rates of free- and reduced-lunch enrollment, single-family households, access to broadband, high school graduation rates, and college attendance. *Opportunities for Improvement in Wapello County*, Iowa Hospital Association (June 2022).

[5] Compare this number to, for example, a population of nearly 70,000 people ***just*** in the 20002 zip code—the zip code that encompasses the Russell Senate Building. *2023 Demographics*, DC Health Matters (last accessed Jan. 30, 2024), https://www.dchealthmatters.org/demographicdata?id=9402.

Notwithstanding these hurdles, Ottumwa Regional has and will continue to work tirelessly to recruit, train, and retain healthcare providers. For example, to attract full-time applicants to Ottumwa Regional, in 2023, hospital leadership strategically decided to invest an additional $1.6 million dollars annually in salary adjustments to employees in a number of critical roles, including EMTs, registered nurses, respiratory therapists, and surgical technicians, among others. Also in 2023, Ottumwa Regional added attractive, competitive sign-on bonuses up to $35,000 for select, hard-to-fill positions such as ICU and ER registered nurses with greater than one year of experience and night shift paramedics. Ottumwa Regional also offers tuition reimbursement for professionals who are pursuing additional education that is in line with their current or future role. To encourage employees to refer their professional colleagues, Ottumwa Regional instituted a referral bonus program where employees will receive compensation up to $7,500 for referring a qualified person for a hard-to-fill position. In addition, to entice individuals who left the organization to return, Ottumwa Regional offers reinstatement benefits for people who leave and come back within 12 months of their departure, so they do not lose any of their earned benefits and seniority. Ottumwa Regional currently employs two full-time recruiters to seek qualified, talented candidates locally, regionally, and across the country. Moreover, Ottumwa Regional posts open job listings on its website and various social media pages, and partners with Indian Hills Community College and local high schools to help develop, mentor, and train the next generation of healthcare professionals. Ottumwa Regional is currently recruiting—and in ongoing discussions with—three OB/GYNs, two general surgeons, one orthopedist in addition to an Iowa-based orthopedic group, and a certified nurse midwife. Ottumwa Regional is also committed to continuing its efforts to work with state leaders and legislatures to find solutions to the industry-wide staffing shortages, including by seeking to expand the availability of J-1 and H-1 visa slots available for foreign-trained medical graduates to obtain Iowa medical licensure and support rural communities throughout the state.

To foster an environment where providers want to practice, Ottumwa Regional's leadership team is available to its physicians 24/7 to respond to any concerns they have. Leadership regularly checks in on providers to listen to the challenges and opportunities they have so they remain engaged in the organization and the community. To that end, Ottumwa Regional has provided leadership training in the past six months to its management team to increase their knowledge and competency. Additionally, Ottumwa Regional has introduced new medical staff meetings to provide providers a forum where they can communicate with one another across service lines and with the administrative team.

Enclosed at LP-CEG-004613 through LP-CEG-004624 are documents related to Ottumwa Regional's efforts to recruit and maintain staff, namely:

- Student Loan Repayment Program Agreement, at LP-CEG-004613;
- Your Benefits At-a-Glance brochure, at LP-CEG-004614 through LP-CEG-004620;
- Jump-Start Your Nursing Career brochure, at LP-CEG-004621 through LP-CEG-004623; and
- Referral Bonus Program policy, at LP-CEG-004624.

Second, Ottumwa Regional faces challenges that many other hospitals in the region do not. Ottumwa Regional is the only health center with emergency or critical care services in the town of Ottumwa, IA—indeed, within an approximately 25-mile radius. However, nearly every other hospital in Iowa, Ottumwa Regional does not receive any tax support to render the services provided to the community. Ottumwa Regional paid $1.8 million in property taxes in 2023 alone, as it is not eligible for tax-exempt status, unlike many other hospitals. *See* Iowa Code Ann. § 427.1(8) (exempting grounds and buildings owned by nonprofits from property taxes). Unlike other areas, which are served by a county-owned EMS fleet, Ottumwa Regional provides EMS services at a loss—approximately a $600,000 loss in 2023. And unlike other hospitals, Ottumwa Regional does not have the critical access hospital reimbursement structure that is largely cost-based. Additional challenges navigated by Ottumwa Regional over the last eight years have compounded the complexity of providing consistent patient care. In 2016, Ottumwa Regional shifted to managed Medicaid, and subsequently poor reimbursement rates led to the closure of home health care in 2018. This was not unique to Ottumwa Regional; indeed, many other Iowa home health cares struggled and closed, leading to difficulty with care transitions and discharge planning for patients.

Third, like many other healthcare facilities, Ottumwa Regional faced increased and unprecedented challenges resulting from the COVID-19 pandemic. In addition to increased volume, Ottumwa Regional was required to implement new Occupational Safety and Health Administration ("OSHA") standards, including the Healthcare Emergency Temporary Standard (ETS)[6] issued on June 21, 2021 and other safeguards to protect against spread of the virus. Supply chain shortages, particularly of personal protective equipment ("PPE"), challenged operations during the height of the pandemic, and the implementation of a COVID vaccine program posed staffing and resource challenges. Moreover, because of the increased volume and longer stays, Ottumwa Regional faced a shortage of available inpatient rooms. Ottumwa Regional was also required to provide increased reporting, specifically on COVID-19 data, bed availability, and vaccinations, for both the federal government and the State of Iowa. Required COVID testing also led to discharge and placement challenges for individuals who tested positive. From a staffing standpoint, Ottumwa Regional dealt with dramatic changes in workforce due to the COVID-19 pandemic, coupled with an aging provider and employee population—resulting in an increased number of retirements from 2020 to the present.

Ottumwa Regional works diligently to provide reliable, quality healthcare to a community with elevated needs, even in the face of operational challenges in the industry and challenges faced uniquely by Ottumwa Regional. Ottumwa Regional will continue to strive to enhance patient care as a cornerstone health provider in rural Iowa.

To provide additional context on Ottumwa and the county in which it sits, Wapello County, enclosed at LP-CEG-004625 through LP-CEG-005001 are the following documents:

- Methamphetamine Use and Trends in Iowa, January 2023, created by Iowa Department of Health and Human Services, at LP-CEG-004625 through LP-CEG-004628;
- Opportunities for Improvement in Wapello County, July 2022, created by the Iowa Hospital Association, at LP-CEG-004629;

[6] OSHA, "Occupational Exposure to COVID-19; Emergency Temporary Standard," 86 Federal Register 32376, June 21, 2021.

- Hospital Dashboard for Ottumwa Regional Health Center, updated January 2023, created by the Iowa Hospital Association, at LP-CEG-004630;
- Social Vulnerability Index: Interactive Map for Service Area 5, created by the Centers for Disease Control and Prevention, at LP-CEG-004631 through LP-CEG-004667;
- State of Iowa Substance Use Epidemiological Profile 2020, created by the Iowa Department of Public Health, at LP-CEG-004668 through LP-CEG-004818; and
- Evaluation of Community Prevention Strategies for Preventing Prescription Drug Misuse by the Iowa Department of Human Rights, at LP-CEG-004918 through LP-CEG-005001.

13. From 2015 to the present, broken down by year, explain in detail the clinical operations of Ottumwa Regional's operating rooms, including but not limited to, the number of operating rooms the hospital is licensed for, the hours of operation (on and off hours), and all doctor-to-patient and nurse-to-patient staffing ratios. Produce all documents that support your answer.

From 2015 through 2019, Ottumwa Regional had 4 operating rooms and 2 procedure rooms.[7] The surgical hours of operation were 7:00 AM to 3:15 PM, Monday through Friday. The surgical on-call hours were 3:15 PM to 7:00 AM, Monday through Friday, and 24 hours per day on Saturday and Sunday. An anesthesiologist, surgeon, nurse, and scrub technician were required to attend each surgery.

In 2015, 15 surgeons completed 6,200 surgeries. In 2016, 15 surgeons completed 6,056 surgeries. In 2017, 16 surgeons completed 6,039 surgeries. In 2018, 19 surgeons completed 6,204 surgeries. In 2019, 17 surgeons completed 6,362 surgeries.

In 2020, Ottumwa Regional had 4 operating rooms and 2 procedure rooms. The hours of operation were 7:00 AM to 3:15 PM, Monday through Friday. The surgical on-call hours were 3:15 PM to 7:00 AM, Monday through Friday, and 24 hours/day on Saturday and Sunday. As a consequence of the Covid-19 pandemic and related restrictions that year, Ottumwa Regional reduced elective surgical cases and conducted only urgent and emergent cases. An anesthesiologist, a surgeon, a nurse, and a scrub technician attended each surgery. In 2020, 17 surgeons completed 5,406 surgeries.

In 2021 and 2022, Ottumwa Regional continued to have 4 operating rooms and 2 procedure rooms. The hours of operation remained 7:00 AM to 3:15 PM, Monday through Friday, with surgical on-call hours between 3:15 PM and 7:00 AM, Monday through Friday, and 24 hours per day on Saturday and Sunday. An anesthesiologist, a surgeon, a nurse, and a scrub technician were required to attend each surgery. During 2021, 17 surgeons completed 6,032 surgeries, and over the course of 2022, 13 surgeons completed 4,844 surgeries. In 2022, several surgeons departed due to retirement, term limitations, and family relocation, all of which are typical happenings in the healthcare industry.

[7] Procedure rooms are where endoscopies and colonoscopies are performed.

In 2023, Ottumwa Regional continued to have 4 operating rooms and 2 procedure rooms. The hours of operation were the same (7:00 AM to 3:15 PM, Monday through Friday; on call the remainder of the weekday hours and all weekend). Because of critical staffing shortages—which were consistent with both the challenges inherent to staffing a rural hospital and industry-wide staffing difficulties[8]—Ottumwa Regional modified the operating room call to cesarean-section only in April 2023 and again beginning in September 2023. Multiple surgeons either retired or took leave during Fall 2023, and the director of the operating room and one operating room nurse also left in September 2023. Notwithstanding the staffing shortages, Ottumwa Regional nevertheless performed 4,710 surgeries in 2023. And, as described in our response to question 12 above, Ottumwa Regional has taken and continues to take instrumental steps to recruit critical physicians.

In a significant investment for the community, Ottumwa Regional brought a new DaVinci Robot (to perform minimally invasive surgeries) into service in January 2023, representing a capital investment of over $1 million. In October 2023, Ottumwa Regional celebrated having completed 1,000 robotic surgeries.

a. Have there been any reductions in hours or closures of Ottumwa Regional's operating rooms? If yes, explain the reasons for any reductions or closures, including but not limited to, the hospital's ability—for financial, personnel, or other reasons—to perform emergency surgery cases. Produce all documents that support your answer.

[8] Staffing shortages represent a significant challenge across the healthcare industry, both in the United States and worldwide:

> In the complex landscape of challenges facing the U.S. healthcare industry, none is more pressing than the acute shortage of skilled personnel. According to an American Hospital Association fact sheet, there will be an estimated shortage of up to 3.2 million healthcare workers by 2026. Additionally, a recent McKinsey and Company study reports resignations among healthcare professionals have surged, escalating from approximately 400,000 per month in 2020 to a staggering 600,000 per month by May 2023. This situation is exacerbated by the increasing departure and turnover of first- and second-year nurses. With more healthcare workers expected to exit the workforce over the next several years, these staffing shortages will only worsen unless organizations intervene.

Andrew Malley, *Navigating The Healthcare Staffing Crisis: A Treatment Plan For Workforce Stability*, Forbes (Dec. 23, 2023) https://www.forbes.com/sites/forbesbusinesscouncil/2023/12/29/navigating-the-healthcare-staffing-crisis-a-treatment-plan-for-workforce-stability/; *see also Key Insights: Health Care Staffing Shortages*, U.S. Pandemic Response Accountability Committee (Nov. 6, 2023), https://www.pandemicoversight.gov/oversight/our-publications-reports/health-care-staffing-shortages (discussing staffing shortages at federal health facilities and acknowledging contributing factors of limited labor pool, noncompetitive pay, COVID-19 requirements, and challenging hiring processes); Aleksander Džakula, et al., *Health Workforce Shortage - Doing the Right Things or Doing Things Right?*, 63 Croat. Med. J. 2, 107 (Apr. 2022), *available at* https://www.ncbi.nlm.nih.gov/pmc/articles/ PMC9086817/ ("Healthcare workforce shortage is a worldwide problem. Workforce shortage may be defined as not having the right number of people with the right skills in the right place at the right time, to provide the right services to the right people. In this regard, the trends are worrisome, and the situation is getting worse. The consequences are also very consistent – limited care health services and limited quality of health care. In short, there is an imbalance between need and supply.")

b. Identify any sentinel events, any operational, staffing, and/or regulatory issues that caused reductions in the day-to-day clinical operations or closures of Ottumwa. Regional's operating rooms. Describe any staffing concerns or shortages. Produce all documents that support your answer.

As described above, there are two periods during which Ottumwa Regional modified its operating rooms procedures.

The first was during 2020, when the Covid-19 pandemic and relevant restrictions caused Ottumwa Regional to reduce elective surgical cases and conduct only urgent and emergent cases.

In 2023, Ottumwa Regional then modified the operating room call to cesarean-sections only for the month of April and then again beginning in September (continuing through today) due to critical staffing levels. Although there is a sufficient number of staff to run the same number of operating rooms, there are insufficient staff levels to attend to both operating rooms and cesarean section calls. Ottumwa Regional's operating room is staffed by a large number of contract staff. Staffing both the OR call and OB call requires two full on-call teams. Ottumwa Regional has always had sufficient on-call staff to operate the obstetrics call—that is, for cesareans—but it had to pause operating room call coverage on nights and on weekends while it assembles a contract labor staff to consistently provide coverage for the operating room call. In order to ensure the highest standards of safety and patient care, contract labor staff must be fully oriented and safely capable of providing care without additional resources that are available during normal daytime operations. Enclosed at LP-CEG-005002 through LP-CEG-005004 is an August 2023 email from the Chief Nursing Officer with information about the change.

15. From 2015 to the present, broken down by year, explain in detail the clinical operations of Ottumwa Regional's medical-surgical floor, including but not limited to, the number of medical-surgical beds for which the hospital is licensed and all doctor-to-patient and nurse-to-patient staffing ratios. Were there any sentinel events, any operational, staffing, and/or regulatory issues that caused Ottumwa Regional to reduce capacity or close the med-surge floor? If so, explain. Produce all documents that support your answer.

From 2015 through 2023, Ottumwa Regional maintained 24 medical-surgical beds, with a doctor-to-patient ratio of 1:17 and a nurse-to-patient ratio of 1:5, on average. The medical-surgical floor is staffed with approximately 22 nurses and 10 patient care technicians—between days and nights—so that Ottumwa Regional can maintain a 1:5 nurse-to-patient ratio. Each day, there are two to four nurses and one to three technicians on the floor, depending on the number of patients.

- In 2015, Ottumwa Regional provided 5,481 patient days[9] on its medical-surgical floor. That same year, the medical-surgical unit merged with telemetry to maximize volume by combining limited resources. One urologist left Ottumwa Regional, leaving only one urologist.

[9] "Patient days" refers to the number of inpatients admitted to a hospital multiplied by the number of midnights each patient stayed. This number does not include nursery patients or patients admitted to observation status.

- In 2016, Ottumwa Regional provided 5,596 patient days on its medical-surgical floor. In terms of provider staffing, Ottumwa Regional contracted with Apogee Medical Management Inc. ("Apogee") to initiate the hospitalist program, which staffed the medical-surgical floor with four medical doctors and two nurse practitioners.[10] Two of the medical doctors were present during daytime operations, which is the busiest time. One nurse practitioner was added for overnight coverage, with one medical doctor on call for guidance or assistance as needed.
- In 2017, Ottumwa Regional provided 6,201 patient days on its medical-surgical floor. Ottumwa Regional's remaining urologist left in 2017, leaving no urology services.
- In 2018, Ottumwa Regional was able to hire a urologist, and urology services resumed. That year, Ottumwa Regional provided 6,072 patient days on its medical-surgical floor. In 2019, Ottumwa Regional provided 5,703 patient days on its medical-surgical floor.
- In 2020, the COVID-19 pandemic began, resulting in changes to safety practices, social distancing, and other related protocols. Ottumwa Regional provided 5,732 patient days on its medical-surgical floor in 2020.
- In 2021, Ottumwa Regional was still adjusting to pandemic-related changes as described above but nevertheless provided 5,615 patient days on its medical-surgical floor.
- In 2022, due to staffing challenges and limited availability of travel nurses, Ottumwa Regional experienced a decrease in volume of its medical-surgical floor. To ensure that patients received the care they needed, Ottumwa Regional combined the remaining ICU staff with the medical-surgical staff. That year, Ottumwa Regional provided 4,363 patient days on its medical-surgical floor.
- In 2023, Ottumwa Regional was able to increase staffing because more travel staff were available and was consequently able to increase its volume for the medical-surgical floor slightly. Ottumwa Regional provided 4,404 patient days on its medical-surgical floor in 2023.

* * *

Ottumwa Regional welcomes the opportunity to share more about its operations, policies, and procedures. Thank you for the opportunity to engage on these important issues.

Very truly yours,

[redacted]

[redacted]

[10] It is common practice for healthcare facilities like Ottumwa Regional to contract with companies such as Apogee to provide specific specialty medical service, including in the delivery of radiology services. Providers like Apogee enable Ottumwa Regional's administration and medical executive committee to work hand-in-hand with the larger group of professionals to enhance their ability to recruit caregivers to markets like Ottumwa and provide the highest level and quality of radiology services.

March 4, 2024

[redacted]

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company").

This submission responds to a subset of the questions set forth in your letter of December 6, 2023 (the "Requests").

We have included in this production documents that include proprietary business information. The documents have been marked "Confidential Treatment Requested." We request that these documents not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Lifepoint Questions

1. Describe Lifepoint's financial and operational relationship with Ottumwa Regional. Produce all documents that support your answer, including those related to RCHP-Ottumwa, LLC.

The operations of Ottumwa Regional are carried out by RCHP-Ottumwa, LLC, a Delaware limited liability company. RCHP-Ottumwa, LLC is an indirect, wholly owned subsidiary of Lifepoint. Ottumwa Regional is operated through a shared governance model, in which the local management team is responsible for day-to-day general and clinical operations, human resources, and administration of Ottumwa Regional, with oversight by the hospital's Board of Trustees and RCHP-Ottumwa, LLC. Lifepoint provides extensive operational and financial support to Ottumwa Regional.

The Managerial and Administrative Support Agreement between Lifepoint Corporate Services, General Partnership, and RCHP-Ottumwa, LLC (the "Managerial and Administrative Support Agreement"), previously produced at LP-CEG-000001 through LP-CEG-000029, sets forth the relationship between Lifepoint Corporate Services, General Partnership (the "Manager") and

RCHP-Ottumwa, LLC. Lifepoint's role as Manager is to provide management, administration, consulting and purchasing services and support, and other management services (collectively, "Management Services") as needed for the operation of Ottumwa Regional. The Management Services provided by Lifepoint as Manager include but are not limited to: providing consulting services in the areas of long-range planning, management planning, and productivity improvement; arranging for the purchase of hazard, liability, professional, and other necessary insurance coverage; and providing operational guidelines, including but not limited to protocols and medical guidelines.[1] The comprehensive scope of Management Services provided by Lifepoint under the Managerial and Administrative Support Agreement are included in Articles III, IV, and V of the agreement.

As further detailed in our response to Question 4 below, Lifepoint also supports care delivery at Ottumwa Regional through its National Quality Program and through assistance in staff recruitment and retention to help Ottumwa Regional meet national benchmarks. With its national scale, Lifepoint offers its facilities financial stability and security, as well as access to clinical, quality, and operational experts by attracting talent across the country to advance care, improve operations, and support growth.

Additionally, as detailed in the Managerial and Administrative Support Agreement, Lifepoint's financial relationship with Ottumwa Regional is set forth in the Asset Purchase Agreement Among Ottumwa Regional Health Center, Inc., Regional Retirement Living, Inc., Regional Enterprises, Inc., RCHP-Ottumwa, Inc., and RegionalCare Hospital Partners, Inc. (the "Asset Purchase Agreement"), which was previously produced at LP-CEG-000036 through LP-CEG-000120. As set out in further detail in our responses to Questions 2 and 3 below, Lifepoint agreed to fund certain capital projects as they are defined in the Asset Purchase Agreement and to make annual routine capital expenditures equal to at least 5 percent of Ottumwa Regional's net revenue.[2] Ottumwa Regional's Board of Directors is responsible for overseeing the development of the annual operating and capital budgets.[3] Since Lifepoint's acquisition of Ottumwa Regional in 2019, Lifepoint has been committed to its investment in Ottumwa Regional and has spent approximately $15 million to finance capital projects, and has exceeded its required investment commitment by $16 million, to permit the hospital to provide needed healthcare services to a rural community.

Lifepoint also invests in Ottumwa Regional's physician recruitment and development. Indeed, in the last five years, Lifepoint invested in the addition of over 230 employed, affiliated, and telehealth providers to support Ottumwa Regional's core service lines and advanced telemedicine capabilities. In 2023 alone, Lifepoint supported the addition of 78 providers in fields including pediatrics, tele-neurology, tele-radiology, tele-psychiatry, emergency medicine, and sleep medicine.

Lifepoint further has invested in partnerships with leading health systems and providers in Iowa to expand Ottumwa Regional's capabilities and bring new resources to the broader community. For

[1] *See* Managerial and Administrative Support Agreement, Article III.
[2] *See* Asset Purchase Agreement, Section 10.6, 10.7.
[3] *Id.* at 10.7.

example, Lifepoint has a long-standing relationship with the University of Iowa and together provide radiation and oncology services to Ottumwa and the surrounding region. Additionally, Lifepoint has supported Ottumwa Regional's donations of millions of dollars in services to those in need in the community, amounting to approximately $43 million in services over the past five years.

The Limited Liability Company Agreement of RCHP-Ottumwa, LLC (the "LLC Agreement"), previously produced at LP-CEG-000030 through LP-CEG-000035, documents the formation of RCHP-Ottumwa, LLC in accordance with the Delaware Limited Liability Company Act.

2. Provide the exact dollar amount of Lifepoint's own capital that Lifepoint has invested in Ottumwa Regional. Please answer in timeline form and provide all documents that support your answer, including but not limited to, all agreements or contracts between your company and Ottumwa Regional.

Over the past five years (the period of Lifepoint's ownership of Ottumwa Regional), on a cumulative basis, Lifepoint has invested $15 million of its own capital in Ottumwa Regional, which included $14 million in capital projects and $1 million to fund the hospital's losses.

As we have emphasized in our prior letters, rural areas, like Wapello County where Ottumwa Regional sits, pose significant operational challenges for a healthcare facility that stem from the problems associated with resources, location, and the characteristics of the community's population. Specifically, the population served by Ottumwa Regional faces a variety of social, economic, and health challenges, and the region's socioeconomic and demographic characteristics complicate recruiting to the area. Although Ottumwa Regional has worked diligently to provide reliable, quality healthcare despite these operational challenges, Ottumwa Regional has operated at a net loss over the past five years, before accounting for any interest or rent expenses. Therefore, Ottumwa Regional was in need of capital each of those years, which Lifepoint provided. Lifepoint's investments have supported facility updates and new equipment and technology in core service lines, as further detailed below and reflected at LP-CEG-005005 through LP-CEG-005006. Lifepoint is committed to investing in Ottumwa Regional, the only hospital in Wapello County, to ensure that Ottumwa Regional can continue to provide quality healthcare services to a community in need.

In 2019, Lifepoint invested approximately $2 million of its own capital in projects at Ottumwa Regional, which included purchasing new endoscopy equipment and updating existing surgical equipment, acquiring new surgery towers to improve safety and outcomes, and making structural updates to the facility. Lifepoint also invested in physician recruitment, adding 52 providers in 2019 in fields including pediatrics, obstetrics and gynecology, emergency medicine, radiation oncology, and heart care.

In 2020, Lifepoint invested approximately $2 million of its own capital in projects at Ottumwa Regional. Lifepoint remodeled the hospital's cancer center and launched its telehealth services for primary care, urology, obstetrics and gynecology, and gastroenterology to support patient needs and continue providing quality care during the COVID-19 pandemic. Lifepoint invested in significant equipment enhancements in 2020, purchasing a linear accelerator for use in radiation treatments and

a new CT machine with enhanced imaging capabilities, and upgrading its Steris surgical sterilization system. Lifepoint also invested in physician recruitment, adding 30 providers in 2020 in fields including tele-psychiatry, tele-neurology, tele-radiology, and emergency care.

In 2021, Lifepoint invested approximately $5 million of its own capital in projects at Ottumwa Regional. Lifepoint purchased two new ventilator machines, a digital portable x-ray machine, three anesthesia machines, a new operating room video tower, and new ambulance defibrillator monitors; it also upgraded the facility's power system. Lifepoint also invested in physician recruitment, adding 32 providers in 2021 in fields including emergency medicine, hospital medicine, cardiology, surgery, tele-psychiatry, tele-neurology, and tele-radiology.

In 2022, Lifepoint invested approximately $3 million of its own capital in projects at Ottumwa Regional. Lifepoint made broad equipment improvements, purchasing a new laryngoscope system, a Trimano Fortis arm support for surgical use, new transesophageal echocardiogram equipment, new IV pumps throughout the hospital, and a new automatic ultrasonic system. Lifepoint also invested in facility upgrades to enhance patient safety and experience, which included adding additional patient lifts and upgrading the patient room furniture, HVAC controls, arthroscopes, and laparoscopes. Lifepoint further invested in physician recruitment, adding 42 providers in 2022 in fields including urology.

In 2023, Lifepoint invested approximately $2 million of its own capital in projects at Ottumwa Regional. Lifepoint invested in an electroencephalogram amplifier to enhance the hospital's neurology capabilities. Lifepoint also purchased a new medication management system, transitioned to a highly advanced sharps disposal system for improved drug diversion prevention, and added three new ambulances to the hospital's fleet. Lifepoint further acquired Sensoscientific temperature monitoring equipment to enhance patient safety and quality. Lifepoint also invested in physician recruitment, adding 78 providers in 2023 in fields including pediatrics, tele-neurology, tele-psychiatry, emergency medicine, and sleep medicine.

In sum, from 2019 to 2023, Lifepoint invested $14 million in capital projects and funded $1 million of Ottumwa Regional's losses (before accounting for any interest or rent expenses).

Additionally, on the same basis, Lifepoint expects to invest an additional $11 million in Ottumwa Regional over the next two years, $6 million in capital projects and $5 million to fund additional losses.

3. **Please produce all documents that obligate Lifepoint to reinvest at least 5 percent of Ottumwa Regional's annual net patient revenue in the hospital.**
   a. **From 2018 to the present, broken down by year, provide the exact dollar amount and percentage of Ottumwa Regional's revenue that has been reinvested in the hospital. Produce all documents that support your answer.**
   b. **For each investment, describe how the money was allocated, and provide an explanation. Produce all documents that support your answer.**

Pursuant to the Asset Purchase Agreement, Lifepoint is obligated to make annual routine capital expenditures in connection with the operation of Ottumwa Regional equal to at least 5 percent of Ottumwa Regional's annual net patient revenue (the "Required Investment Percentage" or "RIP").[4] Under the agreement, routine capital expenditures are counted toward the RIP and include expenditures for unforeseen maintenance, new equipment, equipment replacement, facility renovations, and other capital improvements.[5] Expenditures on physician recruitment and retention are also counted toward the RIP.[6]

Since Lifepoint acquired Ottumwa Regional in 2019, Lifepoint's capital expenditures in Ottumwa Regional have exceeded the required commitment by $16 million. As illustrated below, on a cumulative basis from 2019 to 2023, Lifepoint was required to invest $18 million in Ottumwa Regional. Lifepoint exceeded that commitment, investing $34 million in capital expenditures and physician recruitment and retention at Ottumwa Regional.

A detailed breakdown of the amount (in millions) and percentage of Ottumwa Regional's revenue that has been reinvested in the hospital from 2019 through 2023, along with how Lifepoint's investments correspond to the enumerated capital projects (listed under Total investments toward RIP), is below.

	Cumulative Inception thru 12/31/23	Cumulative 2019 - 2023	2023	2022	2021	2020	2019	Cumulative Inception thru 12/31/18
Required investment percentage (RIP)	$ 41	$ 18	$ 3	$ 3	$ 4	$ 3	$ 4	$ 22
Total investments toward RIP	61	34	7	8	9	7	2	27
Investment exceeding / (below) RIP	$ 20	$ 16	$ 4	$ 5	$ 5	$ 4	$ (2)	$ 5
Total capital expenditures and leased assets applicable to RIP	$ 42	$ 15	$ 3	$ 3	$ 4	$ 3	$ 2	$ 27
Total operating lease applicable to RIP	1	1	-	-	-	-	-	-

Total capital expenditures and leased assets applicable to RIP		$ 15	$ 3	$ 3	$ 4	$ 3	$ 2	

[4] *See* Asset Purchase Agreement, Section 10.7.

[5] In December 2020, Ottumwa Regional's Board of Directors approved an amendment to the Asset Purchase Agreement to allow for operating/capital leases to be included in the definition of routine capital expenditures. *See* LP-CEG-005007 through LP-CEG-005008.

[6] In December 2020, Ottumwa Regional's Board of Directors approved an amendment to the Asset Purchase Agreement to change the 5% of net operating revenue designated for annual routine capital expenditures to a split of 3.75% capital expenditures and 1.25% physician recruitment and retention. *See* LP-CEG-005007 through LP-CEG-005008.

4. While invested in Ottumwa Regional or any related entity that has an interest in Ottumwa Regional, please describe—and produce all documents that support your answer with respect to—Lifepoint's authority to:

a. Manage its care delivery;
b. Manage its billing practices;
c. Determine its annual net income goals;
d. Determine its charge per patient goals;
e. Determine its staff-to-patient ratios;
f. Determine its charge-to-cost ratios;
g. Enter into contracts for staffing; and
h. Enter into any contracts on behalf of Ottumwa Regional.

Lifepoint supports care delivery at Ottumwa Regional and our other acute care hospitals through its National Quality Program and through assistance in recruitment and retention to meet national benchmarks. With its national scale, Lifepoint offers its facilities financial stability and security, as well as access to clinical, quality, and operational experts by attracting talent across the country to advance care, improve operations, and support growth. Additionally, as detailed in the Managerial and Administrative Support agreement, previously produced at LP-CEG-000001 through LP-CEG-000029, LifePoint provides consulting services across a wide range of areas, including long-range planning, quality assurance programs, educational programs, and physician recruiting, among other areas.

Lifepoint also provides its facilities with capital to invest in facility improvements, technology and people, and dedicated resources to help recruit providers and employees. Lifepoint has engaged Lifepoint Corporate Services, General Partnership ("LCSGP"), an indirect, wholly owned subsidiary of Lifepoint, through a Managerial and Administrative Support Agreement, previously produced at LP-CEG-000001 through LP-CEG-000029.

In addition, the Quality Committee of the Lifepoint Board of Directors has the authority to monitor and evaluate Lifepoint hospitals' quality of care metrics and patient safety programs, to review and discuss those metrics with Lifepoint senior management, and to receive reports from Lifepoint senior management on the hospital network's safety standard and preventative actions. Ultimately, however, matters requiring the professional medical judgment of a provider are the responsibility of Ottumwa Regional and Lifepoint has an obligation to respect the medical judgment of the Ottumwa Regional's medical staff and has no right to make medical judgments.

With respect to billing, Ottumwa Regional is responsible for determining the general and fiscal policies at the hospital. Ottumwa Regional's finance team manages day-to-day billing responsibilities, but Lifepoint has policies and procedures to monitor and manage billing practices at the facilities and ensure compliance.

Lifepoint does not set annual net income, charge per patient, or charge-to-cost goals for Ottumwa Regional or for any of our other acute care hospitals.

With respect to hiring, RCHP Ottumwa, LLC is responsible for selecting the hospital Chief Executive Officer after consultation with the Ottumwa Regional Board of Directors, which is comprised of community leaders, the hospital CEO, and members of the Ottumwa Regional medical staff. In addition to its responsibility regarding the selection of the hospital CEO, the Ottumwa Board of Directors oversees the overall quality and efficiency of patient care at Ottumwa Regional and the organization and governance of medical staff. To the extent Ottumwa needs human resources assistance, Lifepoint can provide human resource functions to the hospital.

Lifepoint believes that empowering Ottumwa Regional's management team is critical to successfully identifying and meeting the needs of patients, medical staff, and the community as a whole. In addition to the CEO, Ottumwa Regional's management team includes an associate administrator, a chief financial officer, and a chief nursing officer ("CNO"). The hospital management team has broad authority to conduct the day-to-day operations of Ottumwa Regional. The CEO is responsible for decisions concerning day-to-day general and clinical operations, human resources, and administration of Ottumwa Regional, with oversight by the Ottumwa Regional Board of Directors. The Ottumwa Regional management team more generally is responsible for managing clinical care, developing an annual operating and capital budget for review with the Ottumwa Board of Directors, making staffing decisions and policies, and entering into contracts on behalf of Ottumwa Regional, including staffing contracts.

With respect to contracts, Lifepoint can work with Ottumwa Regional to enter into certain contracts and agreements. For example, pursuant to the Managerial and Administrative Support Agreement referenced above, Lifepoint can engage consultants on behalf of Ottumwa Regional when both Lifepoint and Ottumwa regional consider it necessary and appropriate. Additionally, subject to applicable legal and regulatory requirements, Lifepoint can negotiate, enter, and terminate contracts for services on behalf of Ottumwa Regional.

13. **How much money, broken down by year, did Lifepoint receive in COVID-19 stimulus aid, including CARES Act dollars and grants? Produce all documents that support your answer.**
    a. **Provide an explanation as to why Lifepoint needed COVID-19 stimulus aid, including CARES Act dollars and grants. Produce all documents that support your answer.**
    b. **Describe in detail how COVID-19 stimulus aid and CARES Act funds were allocated, including but not limited to, their allocation among or between Lifepoint owned or operated facilities. Produce all documents that support your answer.**
    c. **Did Lifepoint use any COVID-19 stimulus aid or CARES Act dollars or grants for acquisitions or mergers? If so, please explain. Produce all documents that support your answer.**

Like most hospitals across the nation, Lifepoint's facilities received financial support from the federal government through the CARES Act Public Health and Social Services Emergency Fund.

All CARES Act funds received were spent in compliance with Department of Health and Human Services rules and regulations, which was verified by an independent audit. Lifepoint received a total of $677 million over three years (from 2020 through 2022) in CARES Act dollars. Lifepoint did not use COVID-19 stimulus aid or CARES Act dollars or grants for acquisitions or mergers.

COVID-19 had a significant adverse effect on Lifepoint, as was the case for many other healthcare companies. Per the CARES Act attestation process, funds are attributed to lost revenue[7] and COVID expenses, which LifePoint tracked diligently. Due to government-ordered shutdowns, restrictions on elective procedures, and the increased costs associated with delivering high-quality COVID care, Lifepoint sustained approximately $1.3 billion in COVID-related losses and expenses.

A breakdown of the aforementioned CARES Act funding (in millions) is below.

	Ottumwa	All Other Lifepoint Facilities	Lifepoint Total
Total CARE Act Stimulus $'s Received			
2020	$ 8	$ 628	$ 636
2021	-	27	27
2022	1	13	14
Subtotal	$ 9	$ 668	$ 677
COVID-Related Losses and Expenses			
2020	$ 13	$ 984	$ 997
2021	6	209	215
2022	5	88	93
Subtotal	$ 24	$ 1,281	$ 1,305
Difference	$ (15)	$ (613)	$ (628)

* * *

Lifepoint is proud to play a critical role in providing services to underserved rural communities, and it welcomes the opportunity to share more about Lifepoint, its work in Iowa, and its priorities at Ottumwa Regional. Thank you for the opportunity to engage on these important issues.

Very truly yours,

[redacted]

[redacted]

[7] The methodology for calculating lost revenues attributable to COVID-19 is promulgated by the Department of Health and Human Services, produced at LP-CEG-005009 through LP-CEG-005012.

March 4, 2024

[redacted]

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Ottumwa Regional Health Center ("Ottumwa Regional").

This submission responds to a subset of the questions set forth in your letter of December 6, 2023 (the "Requests").

We have included in this production documents that include proprietary business information. The documents have been marked "Confidential Treatment Requested." We request that these documents not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Ottumwa Questions

4. **Describe in detail Ottumwa Regional's relationship with Lifepoint. Explain how the hospital relies on Lifepoint for any management or operational services. Please produce all documents that support your answers, including all contracts and agreements between Lifepoint and Ottumwa Regional. Please also produce all documents related to Lifepoint Corporate Services, General Partnership, referenced in your April 21, 2023 letter.**

The operations of Ottumwa Regional are carried out by RCHP-Ottumwa, LLC, a Delaware limited liability company. RCHP-Ottumwa, LLC is an indirect, wholly owned subsidiary of Lifepoint. Ottumwa Regional is operated through a shared governance model, in which the local management team is responsible for day-to-day general and clinical operations, human resources, and administration of Ottumwa Regional, with oversight by the hospital's Board of Trustees and RCHP-Ottumwa, LLC. Lifepoint provides extensive financial and operational support to Ottumwa Regional.

The Managerial and Administrative Support Agreement between Lifepoint Corporate Services, General Partnership, and RCHP-Ottumwa, LLC (the "Managerial and Administrative Support Agreement"), previously produced at LP-CEG-000001 through LP-CEG-000029, sets forth the relationship between Lifepoint Corporate Services, General Partnership (the "Manager") and RCHP-Ottumwa, LLC. Lifepoint's role as Manager is to provide management, administration, consulting and purchasing services and support, and other management services (collectively, "Management Services") as needed for the operation of Ottumwa Regional. The Management Services provided by Lifepoint as Manager include but are not limited to: providing consulting services in the areas of long-range planning, management planning, and productivity improvement; arranging for the purchase of hazard, liability, professional, and other necessary insurance coverage; and providing operational guidelines, including but not limited to protocols and medical guidelines.[1] The comprehensive scope of Management Services provided by Lifepoint under the Managerial and Administrative Support Agreement are included in Articles III, IV, and V of the agreement.

As further detailed in the Lifepoint letter, Lifepoint also supports care delivery at Ottumwa Regional through its National Quality Program and through assistance in recruitment and retention to meet national benchmarks. With its national scale, Lifepoint offers its facilities financial stability and security, as well as access to clinical, quality, and operational experts by attracting talent across the country to advance care, improve operations, and support growth. Additionally, as detailed in the Managerial and Administrative Support Agreement, LifePoint provides consulting services across a wide range of areas, including long-range planning, quality assurance programs, educational programs, and physician recruiting, among other areas.

Lifepoint's financial relationship with Ottumwa Regional is set forth in the Asset Purchase Agreement Among Ottumwa Regional Health Center, Inc., Regional Retirement Living, Inc., Regional Enterprises, Inc., RCHP-Ottumwa, Inc., and RegionalCare Hospital Partners, Inc. (the "Asset Purchase Agreement"), which was previously produced at LP-CEG-000036 through LP-CEG-000120. As set out in further detail in our responses to Questions 2 and 3 in the Lifepoint letter, Lifepoint agreed to fund certain capital projects as they are defined in the Asset Purchase Agreement and to make annual routine capital expenditures equal to at least 5 percent of Ottumwa Regional's net revenue.[2] Ottumwa Regional's Board of Directors is responsible for overseeing the development of the annual operating and capital budgets.[3] Since Lifepoint's acquisition of Ottumwa Regional in 2019, Lifepoint has been committed to its investment in Ottumwa Regional and has spent approximately $15 million to finance capital projects, and has exceeded its required investment commitment by $16 million, to permit the hospital to provide needed healthcare services to a rural community.

[1] *See* Managerial and Administrative Support Agreement, Article III.
[2] *See* Asset Purchase Agreement, Section 10.6, 10.7.
[3] *Id.* at 10.7.

Lifepoint also invests in Ottumwa Regional's physician recruitment and development. Indeed, in the last five years, Lifepoint invested in the addition of over 230 employed, affiliated, and telehealth providers to support Ottumwa Regional's core service lines and advanced telemedicine capabilities. In 2023 alone, Lifepoint supported the addition of 78 providers in fields including pediatrics, tele-neurology, tele-radiology, tele-psychiatry, emergency medicine, and sleep medicine.

Lifepoint further has invested in partnerships with leading health systems and providers in Iowa to expand Ottumwa Regional's capabilities and bring new resources to the broader community. For example, Lifepoint has a long-standing relationship with the University of Iowa and together provide radiation oncology services to Ottumwa and the surrounding region. Additionally, Lifepoint has supported Ottumwa Regional's donations of millions of dollars in services to those in need in the community, amounting to approximately $43 million in services over the past five years.

The Limited Liability Company Agreement of RCHP-Ottumwa, LLC (the "LLC Agreement"), previously produced at LP-CEG-000030 through LP-CEG-000035, documents the formation of RCHP-Ottumwa, LLC in accordance with the Delaware Limited Liability Company Act.

6. Please describe and produce all documents that support your answer with respect to how Lifepoint's involvement impacted Ottumwa Regional's authority to:

a. Manage its care delivery;
b. Manage its billing practices;
c. Determine its annual net income goals;
d. Determine its charge-per-patient goals;
e. Determine its staff-to-patient ratios;
f. Determine its charge-to-cost ratios; and
g. Enter into contracts for staffing.

Lifepoint supports care delivery at Ottumwa Regional and our other acute care hospitals through its National Quality Program and through assistance in recruitment and retention to meet national benchmarks. With its national scale, Lifepoint offers its facilities financial stability and security, as well as access to clinical, quality, and operational experts by attracting talent across the country to advance care, improve operations, and support growth. Additionally, as detailed in the Managerial and Administrative Support agreement, previously produced at LP-CEG-000001 through LP-CEG-000029, LifePoint provides consulting services across a wide range of areas, including long-range planning, quality assurance programs, educational programs, and physician recruiting, among other areas.

Lifepoint also provides its facilities with capital to invest in facility improvements, technology and people, and dedicated resources to help recruit providers and employees. Lifepoint has engaged Lifepoint Corporate Services, General Partnership ("LCSGP"), an indirect, wholly owned subsidiary of Lifepoint, through a Managerial and Administrative Support Agreement, previously produced at LP-CEG-000001 through LP-CEG-000029.

In addition, the Quality Committee of the Lifepoint Board of Directors has the authority to monitor and evaluate Lifepoint hospitals' quality of care metrics and patient safety programs, to review and discuss those metrics with Lifepoint senior management, and to receive reports from Lifepoint senior management on the hospital network's safety standard and preventative actions. Ultimately, however, matters requiring the professional medical judgment of a provider are the responsibility of Ottumwa Regional, and Lifepoint has an obligation to respect the medical judgment of the Ottumwa Regional's medical staff and has no right to make medical judgments.

With respect to billing, Ottumwa Regional is responsible for determining the general and fiscal policies at the hospital. Ottumwa Regional's finance team manages day-to-day billing responsibilities, but Lifepoint has policies and procedures to monitor and manage billing practices at the facilities and ensure compliance.

Lifepoint does not set annual net income, charge per patient, or charge-to-cost goals for Ottumwa Regional or for any of its other acute care hospitals.

With respect to hiring, RCHP Ottumwa, LLC is responsible for selecting the hospital Chief Executive Officer after consultation with the Ottumwa Regional Board of Directors, which is comprised of community leaders, the hospital CEO, and members of the Ottumwa Regional medical staff. In addition to its responsibility regarding the selection of the hospital CEO, the Ottumwa Board of Directors oversees the overall quality and efficiency of patient care at Ottumwa Regional and the organization and governance of medical staff. To the extent Ottumwa needs human resources assistance, Lifepoint can provide human resource functions to the hospital.

Lifepoint believes that empowering Ottumwa Regional's management team is critical to successfully identifying and meeting the needs of patients, medical staff, and the community as a whole. In addition to the CEO, Ottumwa Regional's management team includes an associate administrator, a chief financial officer, and a chief nursing officer ("CNO"). The hospital management team has broad authority to conduct the day-to-day operations of Ottumwa Regional. The CEO is responsible for decisions concerning day-to-day general and clinical operations, human resources, and administration of Ottumwa Regional, with oversight by the Ottumwa Regional Board of Directors. The Ottumwa Regional management team more generally is responsible for managing clinical care, developing an annual operating and capital budget for review with the Ottumwa Board of Directors, making staffing decisions and policies, and entering into contracts on behalf of Ottumwa Regional, including staffing contracts.

With respect to contracts, Lifepoint can work with Ottumwa Regional to enter into certain contracts and agreements. For example, pursuant to the Managerial and Administrative Support Agreement referenced above, Lifepoint can engage consultants on behalf of Ottumwa Regional when both Lifepoint and Ottumwa Regional consider it necessary and appropriate. Additionally, subject to applicable legal and regulatory requirements, Lifepoint can negotiate, enter, and terminate contracts for services on behalf of Ottumwa Regional.

14. From 2015 to the present, broken down by year, explain in detail the clinical operations of Ottumwa Regional's intensive care unit (ICU), including but not limited to, the number of ICU beds for which the hospital is licensed and all doctor-to-patient and nurse-to-patient staffing ratios. Were there any sentinel events, any operational, staffing, and/or regulatory issues that caused Ottumwa Regional to reduce the day-to-day clinical operations, reduce capacity, or close the ICU? If so, explain. Produce all documents that support your answer.

Due to location and resource constraints, operating an ICU in a rural area like the one that Ottumwa Regional services presents unique and significant challenges as compared to ICUs in more populated, urban areas. Such challenges include cost, volume, and staffing. For instance, intensivists and pulmonologists, physicians who typically look after ICU patients, are highly compensated, and rural hospitals often lack consistent volume to fully justify the expense. While urban hospitals can reduce their cost and recruit physicians by hiring intensivists or pulmonologists that cover multiple nearby ICUs, rural hospitals, like Ottumwa Regional, lack the ability to implement this cost mitigation strategy given their locations. Rural hospitals also have difficulty achieving the necessary volume to support and recruit these types of physicians. This makes sense; compared to an ICU in a dense urban area that sees a high volume of ICU visits, rural ICUs tend to have far fewer ICU visits. Relatedly, retaining support staff is also a challenge. Since the COVID-19 pandemic, nurses have been in high demand throughout the country, which has placed particular pressure on rural hospitals. For example, many local nurses have quit, becoming travelling nurses instead or have left to pursue potentially more lucrative positions at large urban hospitals that can support such positions.[4]

In response to these challenges, Ottumwa Regional has tried several strategies, including an innovative e-ICU program, to keep its ICU in service so that southeast Iowa residents can access local intensive care when needed. In 2017, Ottumwa Regional secured a grant to launch e-ICU services, where a team of tele-intensivists were available around the clock to provide ICU-level care to ICU patients through the use of advanced camera technology. These intensivists made rounds, or checked on patients, via telemedicine daily and were on-call for any patient needs. As noted below, the grant for e-ICU services ended in 2022, and the cost was too much for Ottumwa Regional to bear on its own.

Since 2015, Ottumwa Regional has maintained 10 ICU beds, with a hospitalist-to-patient[5] ratio of 1:10 and a nurse-to-patient ratio of 1:3. When a patient admitted to the ICU has become severely critical or required a specialist that Ottumwa Regional does not have on staff, Ottumwa Regional has transferred the patient to a hospital in Iowa City or Des Moines, depending on bed availability and need.

---

[4] *Rural Hospitals Losing Hundreds of Staff to High-paid Traveling Nurse Jobs*, NBC News (Sept. 15, 2021) https://www.nbcnews.com/business/business-news/rural-hospitals-losing-hundreds-staff-high-paid-traveling-nurse-jobs-n1279199.

[5] All patients admitted to Ottumwa Regional's medical-surgical or ICU departments are cared for by Ottumwa Regional's contracted hospitalist group, Apogee Medical Management. "Hospitalist" refers to internal medicine physicians or Nurse Practitioners, who are responsible for the care of all inpatients.

In 2015, Ottumwa Regional treated 1,177 patients in the ICU. In 2016, Ottumwa Regional treated 883 patients in the ICU. In 2017, Ottumwa Regional treated 777 patients in the ICU. In 2018, Ottumwa Regional treated 638 patients in the ICU. In 2019, Ottumwa Regional treated 641 patients in the ICU. In 2020, Ottumwa Regional treated 547 patients in the ICU. In 2021, Ottumwa Regional treated 959 patients in the ICU, in large part because of the pandemic. In 2022, Ottumwa Regional treated 783 patients in the ICU. As a consequence of limited staff availability, including a shortage of traveling nurses, Ottumwa Regional's ICU treated 107 patients in 2023.

Several factors contributed to the drop in ICU patients between 2015 and 2023:

- In 2015 following a CMS rule change, Ottumwa Regional no longer admitted to the ICU patients who had undergone angiogram procedures requiring intervention to the ICU, eliminating the requirement for an overnight ICU stay and decreasing ICU volumes.
- In 2017, most cardiovascular procedures changed from in-patient to out-patient procedures, so ICU stays were no longer required, again reducing volumes.
- In 2020, due to Covid-19 pandemic-related staffing challenges and restrictions, Ottumwa Regional treated fewer patients in the ICU.
- In 2022, the grant for e-ICU services ended. As a result, Ottumwa Regional lost its e-ICU provider, and with that, the expertise of having tele-intensivists on call. Coupled with continued staffing challenges, this caused the hospital's ICU volume to decrease in 2022 and 2023, because critical ICU patients who needed a higher level of care than Ottumwa Regional's hospitalists could provide were transferred to Iowa City or Des Moines. Specifically with respect to the continued staffing challenges, in 2022, two RNs left for other jobs, and two others moved to pro re nata or as-needed ("PRN") status because they either took another full time job. In 2023, one LPN left for another job opportunity, three RNs moved to PRN status, and three on PRN status left either because they did not have availability or moved to a bigger city.

16. **From 2015 to the present, broken down by year, provide the exact number of Ottumwa Regional staff who have resigned, been terminated, been laid off, been furloughed, or otherwise left employment for any reason (including any mutual settlement agreement), including any staff primarily employed by a third-party staffing agency. Provide all documents that support your answer.**

Staffing at Ottumwa Regional has been and remains a priority for the hospital. Appropriate staffing ensures both crucial healthcare services are delivered to Ottumwa's rural community and provides much-needed jobs for local residents. This remains a priority despite the healthcare industry-wide staffing challenges noted above. As of January 31, 2024, Ottumwa Regional employed 421 total hospital and lab tech staff and contracted with an additional 271 staff who worked as cardiologists, radiation oncologists, anesthesiologists, hospitalists, ER providers, or RNs, or who worked in the housekeeping, dietary services, or security departments. Ottumwa Regional also directly contracted with a small number of RNs, and Ottumwa Regional's efforts to staff an appropriate number of

hospital and lab employees to provide high-quality patient care are described in further detail above in response to Request 12. To clarify the different employee types, please see the definitions below:

- Employed staff – Can be full-time, part-time, or prn status and are counted in hiring and turnover data.
- Contracted, third party – These are third party companies Lifepoint contracts with to provide services such as dietary, EVS, security, and professional services such as Cardiology, ER, and Hospital Medicine service. These are not counted in hiring or turnover data.
- Travel Agency Staff – These are short term, 13-week contracts with RNs, lab techs, and radiology techs. These are not counted in hiring or turnover data.

The following represents year-by-year information on staffing departures at Ottumwa Regional, broken down by voluntary and involuntary departures. "Voluntary" departures include resignations and retirements of employed staff only. "Involuntary" departures include terminations for cause and layoffs. Travel agency staff are not included in the numbers of employees hired or voluntary/involuntary departures.

- In 2015, 207 hospital and lab staff left employment for any reason.[6] Of those departures, 141 were voluntary and 66 were involuntary. Ottumwa Regional conducted no layoffs or furloughs in 2015. Ottumwa Regional hired 61 hospital employees in 2015.
- In 2016, 98 hospital and lab staff left employment for any reason. Of those, 75 were voluntary and 23 were involuntary. Ottumwa Regional conducted no layoffs or furloughs in 2016. 129 hospital employees were hired in 2016.
- In 2017, 141 hospital and lab staff left employment for any reason. Of those departures, 112 were voluntary and 29 were involuntary. Ottumwa Regional conducted no layoffs or furloughs in 2017. 147 hospital employees were hired in 2017.
- In 2018, 137 hospital and lab staff left employment for any reason. Of those departures, 103 were voluntary and 34 were involuntary. Six of the departures were due to the Home Care facility closure, while three of the departures were due to a reduction in force. 147 hospital employees were hired in 2018.
- In 2019, 151 hospital and lab staff left employment for any reason. Of those departures, 119 were voluntary and 32 were involuntary. One of the departures was due to the Home Care facility closure. 123 hospital employees were hired in 2019.
- In 2020, 117 hospital and lab staff left employment for any reason over the course of the year. Of those departures, 97 were voluntary and 20 were involuntary. Ottumwa Regional conducted no layoffs or furloughs in 2020. In this year, however, due to the

[6] This data point represents solely the number of staff who departed for any reason—including but not necessarily resignation, termination, lay-offs, furlough, and retirement—over the course of any given year. Ottumwa Regional strove to replace the majority of these departing staff over the course of any given year.

COVID-19 pandemic, Ottumwa Regional reduced the working hours for 7 hospital staff. These staff were nevertheless paid sufficient hours to qualify for their benefits. 97 hospital employees were hired in 2020.

- In 2021, 111 hospital and lab staff left employment for any reason. Of those departures, 97 were voluntary and 14 were involuntary. There were 10 position eliminations during this period, but seven of these were moved to R1, a company with which Ottumwa Regional contracts to handle patient registration and billing. Staff were given the opportunity to transition from Ottumwa Regional to R1 if they wanted. 116 hospital employees were hired in 2021.
- In 2022, 149 hospital and lab staff left employment for any reason. Of those departures, 124 were voluntary and 25 were involuntary. Ottumwa Regional conducted no layoffs or furloughs in 2022. 106 hospital employees were hired in 2021.
- In 2023, 144 hospital and lab staff left employment for any reason. Of those departures, 123 were voluntary and 21 were involuntary. Ottumwa Regional conducted no layoffs or furloughs in 2023. 140 hospital employees were hired in 2023.

* * *

Ottumwa Regional welcomes the opportunity to share more about its operations, policies, and procedures. Thank you for the opportunity to engage on these important issues.

Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company").

This submission responds to the set of questions in your email of August 8, 2024.

We have included in this letter information that includes proprietary business information. We request that this information not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Ottumwa Questions

2. Was Lifepoint management aware of any issues related to quality of care; patient safety; drug diversion; and the behavior, competence, and sufficiency of staff at ORHC prior to the death of Mr. Devin Caraccio in October 2022? If yes, what actions was Lifepoint management taking to address them? Please provide all documents, such as board minutes, that support your response, including all communications with Apollo regarding this matter.

Lifepoint was not aware of concerns related to Devin Caraccio's behavior or performance prior to his death in October 2022. As an operator of rural hospitals for 25 years, Lifepoint recognizes that operating rural hospitals, like Ottumwa Regional, come with certain challenges. Consequently, Lifepoint has always prioritized continuous improvements in quality of care, patient safety, drug diversion, and staffing at its hospitals, including at Ottumwa Regional.

When Lifepoint acquired Ottumwa Regional in 2018, Lifepoint understood that Ottumwa Regional needed investments and improvements, including in quality of care, patient safety, drug diversion, and hospital staffing, among other areas. In response, Lifepoint has invested significantly in these areas since acquiring Ottumwa Regional in 2018, and in a period when rural hospitals are struggling

across the country (24 rural hospitals closed across the nation in 2024 alone[1]), Lifepoint's judicious investment has ensured the hospitals like Ottumwa Regional can keep their doors open and continuously improve quality of care and safety.

Lifepoint's investment in Ottumwa Regional--including in quality of care, patient safety, and drug diversion programs--began long before October 2022 and have led to measurable and significant improvements in quality.

A. Quality of Care

Lifepoint has supported improving quality care at Ottumwa Regional since its acquisition in 2018. Lifepoint has supported care delivery at Ottumwa Regional through the National Quality Program, a structured, patient-centered framework for ensuring consistent, high standards of quality and safety across Lifepoint's operations. This program focuses on three core areas: leadership, culture and performance improvement. A Quality Oversight Committee collaborates with local teams to evaluate quality metrics and opportunities for improvement. The Committee also identifies and spreads leading quality and safety practices across all facilities. As part of the National Quality Program, Lifepoint has groups such as Chief Medical Officer and Chief Nursing Executive Councils, a MedSurg Council, and an Infection Prevention Council to build collaboration, accountability, and engagement across clinical teams at its facilities.

As a result of Lifepoint's support and focus on ensuring the highest quality of care for patients in the community, Ottumwa Regional has not had any hospital-acquired condition penalties since 2018 under the Center for Medicare & Medical Services ("CMS") Hospital-Acquired Condition Reduction Program (according to which CMS reduces Medicare payments for hospitals that rank in the worst-performing quartile of all hospitals on measures of hospital-acquired conditions).

B. Patient Safety

Lifepoint has been committed to improving Ottumwa Regional's safety rating since the 2018 acquisition. The hospital's Leapfrog Hospital Safety Grade has risen consistently, from an F in 2019 to a D in 2020 to a C in 2021 to a B in this year's Spring grades.

C. Drug Diversion

In November 2021, Lifepoint launched a comprehensive program to strengthen drug diversion efforts across its facilities, including at Ottumwa Regional. Lifepoint engaged Guidepost in July 2022, to help develop an industry-leading national drug diversion prevention and community engagement program. Today, the program is fully staffed within Lifepoint and is led by four full

[1] Closure of Ohio-based Trumbull Regional Medical Center and Hillside Rehabilitation Hospital (https://www.beckershospitalreview.com/finance/steward-to-close-2-ohio-hospitals.html); closure of Iowa-based MercyOne Primghar (Iowa) Medical Center (https://www.beckershospitalreview.com/finance/mercyone-iowa-hospital-to-close-in-september.html); Closure of Norman Regional Hospital (https://www.normanregional.com/blog/2024/july/norman-regional-hospital-services-moving-july-28/).

time employees, including two former DEA investigative leaders. This program includes several components, including increased oversight at the Lifepoint level (in addition to at the facility level), training programs at the facilities, and audits and tracking to minimize the risk of drug diversion.

First, with respect to oversight, the program entails more rigorous investigations overseen at the Lifepoint level (in addition to at the facility level) with support from a qualified team of professionals—including former DEA investigators—to ensure consistent, efficient, timely, and impartial investigations. Our diversion professionals work with local community partners, state representatives and law enforcement to identify gaps and areas for improvement, as well as opportunities to share resources, information and best practices. The Lifepoint team that oversees the investigation also conducts follow-ups to ensure that remediation is on track at the facilities following an investigation, and ensures that the correct actions are implemented.

Second, our team of professionals has provided in-person trainings at Lifepoint facilities, including at Ottumwa Regional. The education and training programs teach Lifepoint employees, providers, partners, and communities what drug diversion is and how to prevent, recognize and report it. Specifically, one training covers DEA regulations, recognizing the impaired individual, and the impact of drug diversion, and recognizing/reporting tampering and potential drug diversion. A separate training is given to employees with access to controlled substances, focusing on requirements for controlled substance vending, administration, documentation, and wastage, and recordkeeping and reporting requirements related to all medications, including controlled substances.

Third, over the past three years, Lifepoint has invested in and deployed sophisticated tools and technology designed to assist in surveillance, gathering and tracking data and spotting issues and trends. For example, Ottumwa Regional has implemented a diversion prevention surveillance software, which matches controlled substance medications dispensed from automatic dispensing cabinets with documentation in electronic health records, as well as documentation of waste, if applicable, on a patient-specific basis. Routine audits are also completed for clinical areas with manual documentation for medications administered.

Our diversion professionals work with local community partners, state representatives and law enforcement to identify gaps and areas for improvement, as well as opportunities to share resources, information and best practices.

12. Lifepoint's March 4, 2024, response to the Budget Committee notes that in relation to its obligation "to make annual routine capital expenditures in connection with the operation of ORHC equal to at least 5 percent of ORHC's annual net patient revenue," Lifepoint spent $3 million on a linear accelerator and CT stimulation replacement, $1 million on a DaVinci robot, and $2 million on catheterization lab expansion from 2019-2023 (see figure on page 5). Lifepoint's May 12, 2023, response to the budget committee notes that as a result of the 2019 sale-leaseback of ORHC, "Lifepoint was able to invest $300 million in Lifepoint communities across the country" and described the related investments at Ottumwa as "a

new $4.5 million linear accelerator in 2020, … $2 million in a new DaVinci robot, and $4.5 million in expansions and upgrades to the cardiac catheterization lab" (pages 3 and 4).

12a. Please clarify the amount spent on the linear accelerator, the DaVinci robot, and the cardiac catherization lab.

The amount spent on the linear accelerator, the DaVinci robot, and the cardiac catherization lab are as follows:

- Linear Accelerator: $4,506,705.25
- Da Vinci Robot: $1,126,724.75
- Cath Lab: $4,334,388.81

12b. Please itemize the exact amount of the "$300 million" that went to ORHC. Please specify each investment and the accurate dollar amount spent.

As a result of the sale-leaseback transaction (which included hospitals in six markets, of which Ottumwa Regional was one)**,** Lifepoint generated gross proceeds of approximately $700 million, $400 million of which was used to pay down debt and $300 million of which was added as cash to Lifepoint's balance sheet. This allowed Lifepoint to invest more in its hospitals, including Ottumwa Regional.

Lifepoint regularly uses its cash to invest in its facilities, including Ottumwa Regional, and has invested in Ottumwa Regional before and after the sale leaseback transaction. A transaction like the sale-leaseback generates proceeds that bolster Lifepoint's abilities to invest in its facilities, including Ottumwa Regional.

Lifepoint does not account for its expenditures by tying revenue from transactions such as the sales-leaseback to specific investments made in its facilities. Lifepoint cannot specify which revenue from the sales leaseback agreement was directly used for Ottumwa Regional developments. Nor is it possible to provide an exact dollar amount for the portion of the investment at Ottumwa Regional that is attributable to the sale leaseback transaction.

12c. Is it correct to infer that the $300 million was used to fulfill Lifepoint's capital obligations to its facilities under its asset purchase agreements?

As we noted above, Lifepoint does not account for its expenditures by tracing revenue from transactions to specific facility-level investments. Accordingly, it is not possible to specify what portion of the $300 million in proceeds was used to fulfill Lifepoint's capital obligations (versus, for example, used to fund another Lifepoint facility, which permitted additional investment in Ottumwa Regional).

18. Please provide the response rate and results of ORHC's Culture of Safety surveys from 2019 through 2023. Were these results reviewed by the ORHC Board of Directors, Lifepoint management, and the Lifepoint board and included in performance evaluation criteria for senior administrative leadership? If yes, please provide supporting documents.

Enclosed at **LP-CEG-005013** through **LP-CEG-005093** are documents related to Ottumwa Regional's Culture of Safety surveys between 2020 to 2024.

As shown in the Culture of Safety surveys, Ottumwa Regional's Culture of Safety survey results have been improving consistently since 2022. For example, between 2023 to 2024, Ottumwa Regional improved more than five points in several categories, including for "Continuous Improvement", "Values," and "Cares." Additionally, the engagement numbers for Ottumwa Regional have increased significantly, from approximately a 64% response rate in 2023 to an 82% response rate in 2024.

These improvements have been led by the new management team at Ottumwa Regional, including the CEO, the CFO, the Chief Nursing Officer and the Director of Pharmacy, who began their tenure following the incident involving Devin Caraccio. The leadership of William Kiefer, who was appointed interim CEO in November 2022, and permanent CEO in January 2023, has had significant positive impacts at Ottumwa Regional, as reflected in the Culture of Safety survey. Dr. Kiefer is focused on supporting staff and improving staff engagement, and he has introduced regular and open communications among stakeholders, which has correlated with an increase in position responses in the Culture of Safety surveys.

Lifepoint has also continued to invest in Ottumwa Regional's quality of care and safety measures. Over the last several years, in addition to Lifepoint's investments in capital projects and recruitment efforts at Ottumwa, Lifepoint has also funded and supported Ottumwa Regional's development of a Controlled Substance Compliance Program and implementation of a drug diversion prevention surveillance software, which are both aimed at improving the quality of care and safety at Ottumwa Regional. These investments are aimed at ensuring that the Culture of Safety survey scores continue to improve, as they have over the last two years.

21. Have any Lifepoint facilities ever fallen behind on paying their rents, loans, debts, contractors/vendors, payroll, or any other bills or has Lifepoint ever fallen behind in paying the rents, loans, debts, contractors/vendors, payroll, or any other bills for its facilities? If yes, please describe.

Lifepoint facilities have not fallen behind on paying their rents, loans, debts, contractors and vendors, payroll, or other types of bills.

22. Recent events have shown that other hospital operators have faced bankruptcy and other financial issues. In view of these developments, what discussions has Lifepoint had internally and with Apollo concerning its solvency? Please provide all documents that support your response, including all communications with Apollo regarding this matter.

Lifepoint has not had discussions with Apollo regarding its solvency.

24. In light of Lifepoint Health's net income of $283 million in 2020, did Lifepoint consider returning any of the $646 million of government stimulus income that Lifepoint recognized in 2020 to the federal government? Please provide all documents that support your response, including all communications with Apollo regarding this matter.

Like most hospitals across the nation, Lifepoint's facilities received financial support from the federal government through the CARES Act Public Health and Social Services Emergency Fund. As noted in Lifepoint's previous letters, Lifepoint ensured that all funds received from CARES were spent in conformance with applicable guidelines. Prior to receiving the funds, Lifepoint attested to the terms and conditions for obtaining CARES Act Funds, including that the funds would be used for COVID-related care and that Lifepoint would maintain appropriate records and cost documentations of the use of the funds. Lifepoint engaged with advisors and government representatives throughout the process to ensure its uses and tracking of the government funds complied with all applicable rules. Following the receipt of the CARES Act Funds, Lifepoint provided financial data to the United States Department of Health and Human Services ("HHS") to show that the funds were used either to: (1) prevent, prepare for, or respond to COVID-19; or (2) for reimbursement of lost revenues that were attributable to COVID-19.

The $646 million of government stimulus income Lifepoint received was segregated into a COVID-19-specific account. Funds were drawn from that account only when needed to pay for expenses or lost revenue related to COVID-19. Lifepoint also completed provider relief fund audits to ensure that Lifepoint and its subsidiaries complied with all federal regulations regarding COVID funds.

Between 2020 and 2022, Lifepoint repaid the approximately $991 million it received in Medicare Accelerated Advance Payments ("MAAP") months ahead of schedule. The government stimulus income, which was granted to Lifepoint in its capacity as a healthcare provider, did not require repayment or returning.

25. Please provide the annual reports of Lifepoint Health, Inc., prepared in accordance with annual report on form 10-K, for the fiscal years ending in December 31, 2018, December 31, 2019, December 31, 2020, December 31, 2021, and December 31, 2023. Please provide Lifepoint Health, Inc.'s quarterly financial statements starting from Q1 of 2018 through Q2 of 2024, including the capital plan and sources and uses of funds. Please provide ORHC's annual financial reports for 2009-2023, including patient revenue, operating costs, and liabilities.

Enclosed at **LP-CEG-005094** through **LP-CEG-005897** are Lifepoint's form 10-Ks between 2018 to 2023. Enclosed at **LP-CEG-005898** through **LP-CEG-006742** are Lifepoint's quarterly financial statements between Q1 of 2018 to Q2 of 2024.

* * *

Lifepoint welcomes the opportunity to share information about its operations, policies, and procedures. Thank you for the opportunity to engage on these important issues.

Very truly yours,

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company").

This submission responds to the set of questions in your email of August 8, 2024.

This letter includes proprietary business information. We request that this information not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Lifepoint Questions

1. Please provide scorecards/reports that Lifepoint management uses to assess and benchmark the performance of Ottumwa Regional Health Center (ORHC) for the years 2019 through 2023, including but not limited to measures of quality, safety, patient experience, volume of care, staffing, employee/provider turnover, and employee/provider satisfaction. (We use the term Lifepoint management to refer to any Lifepoint corporate and division-level employees; any Lifepoint Corporate Services, General Partnership employees; any RCHP-Ottumwa, LLC employees; Lifepoint National Quality Program staff, or any other employees of Lifepoint and its affiliates that do not directly work at ORHC but oversee the operations of ORHC in some capacity).

1a. Please provide any documents that support Lifepoint management's review of these scorecards/reports and any associated action plans. Please note who at Lifepoint reviews the scorecards/reports.

Lifepoint and Ottumwa Regional participate in a number of regular updates in order to discuss and improve the performance of Ottumwa Regional in a variety of ways, including quality of care and patient safety.

A. Interactions with Lifepoint's Quality Team

Each month, Ottumwa Regional convenes a local Quality Committee meeting, which discusses areas of improvement for each department at Ottumwa Regional. At this monthly meeting, the Ottumwa Regional leadership team and the departments review data related to operations at Ottumwa Regional. For example, one discussion topic relates to "Serious Safety Event Rate" ("SSER"). Serious Safety Events are defined by the Safety Event Classification as a variation from expected practice followed by death, severe permanent harm, moderate permanent harm, or significant temporary harm. Each Ottumwa Regional Quality Committee meeting contains information on how the SSER has changed over a 12-month period. For example, a February 2023 presentation showed that the SSER went from an average of approximately 0.60 for the 12-month average as of February 2022 to approximately 0.20 for the 12-month average as of January 2023. Data on patient satisfaction, patient quality of care, staffing concerns, employee turnover, and new hires, among other things, are also discussed during these meetings. Based on information on these meetings, the Ottumwa Regional team develops action plans to improve the facility's processes.

Using the information discussed during Ottumwa Regional's monthly Quality Committee meeting, the Ottumwa Regional leadership, including the Chief Executive Officer William Kiefer, participates in monthly telephonic meetings, which are referred to as monthly touchpoints, with Lifepoint's Quality team as part of Lifepoint's National Quality Program. The National Quality Program encourages constant improvement in delivery of care across all Lifepoint facilities, including Ottumwa Regional. The National Quality Program monthly touchpoints discuss what went well at Ottumwa Regional that month, what has been learned, what could be done better, and what items must go to Learning Boards (e.g., what individual departments at Ottumwa Regional are doing to improve patient safety). These touchpoints also allow the National Quality Program to provide feedback to Ottumwa Regional on how to improve patient safety and quality of care, among other things, based on its evaluation of operations at other Lifepoint hospitals.

Enclosed at LP-CEG-006743-LP-CEG-007053 are the monthly National Quality Program touchpoint call materials from September 2020 to December 2023.

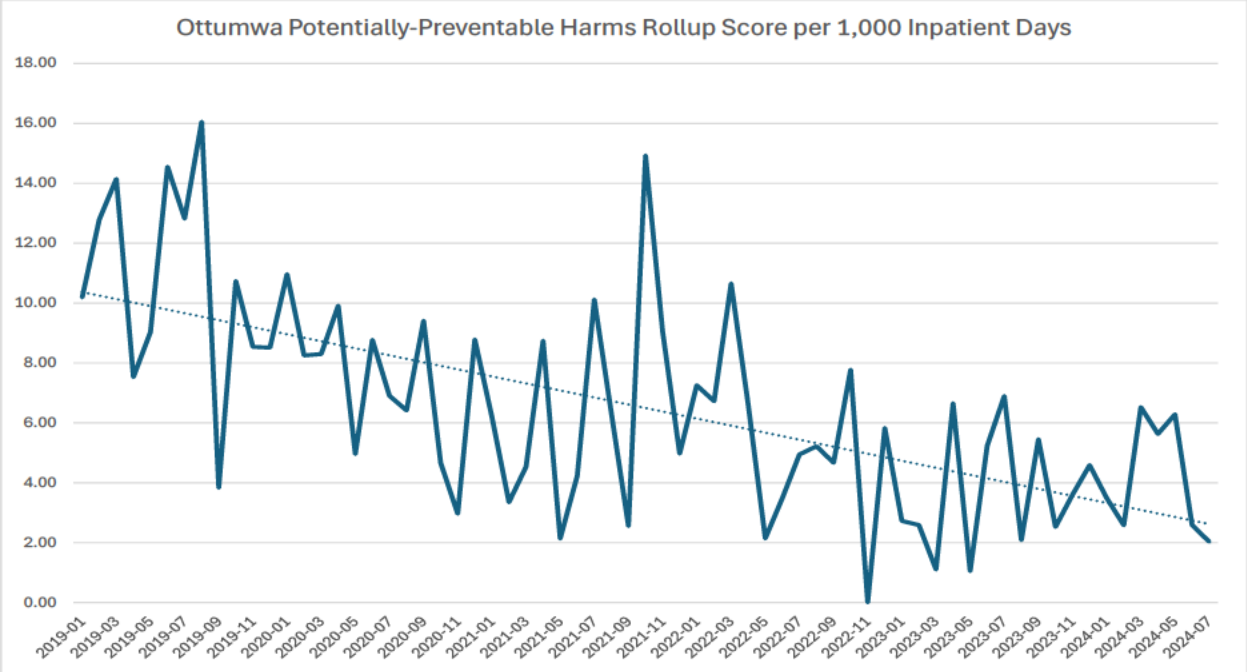
During the monthly touchpoint calls between the Ottumwa Regional leadership team and Lifepoint's Quality team, the Ottumwa Regional leadership team provides high level data on performance at Ottumwa Regional. For example, during the December 2023 touchpoint call, at LP-CEG-007029, Dr. Kiefer, Ottumwa Chief Nursing Officer Ryan Harkness, and Ottumwa Quality Director Jessica Kendrick addressed the National Quality Program Performance Recovery Progress data, which includes information on infection prevention, bedside shift reporting, and leader rounding. The presentation also reflects information about the National Quality Program Status and Ottumwa Regional data from the prior 12 months, including patient satisfaction, self-reported falls, and readmission rates, as well as information about Leapfrog scores and Center for Medicare and Medicaid Services Stars.

The Ottumwa Regional team provides these data points to Lifepoint's Quality team to allow Lifepoint's Quality team to permit (1) feedback on Ottumwa Regional's action plans on improving the quality of care at Ottumwa Regional and (2) advice on areas for additional improvement. For example, in the same December 2023 touchpoint presentation, Ottumwa Regional's leadership acknowledged that it had not met the National Quality Program's Designation Criteria (which requires 75 points for the 12-month period for designation), as Ottumwa Regional currently had 60 points, and listed three top priorities for becoming designated. Those initiatives were (1) recruiting patient representatives for the hospital board, (2) conducting training for the leadership team to increase injury prevention, and (3) ensuring continued rounding as part of the Patient Experience Improvement Plan.

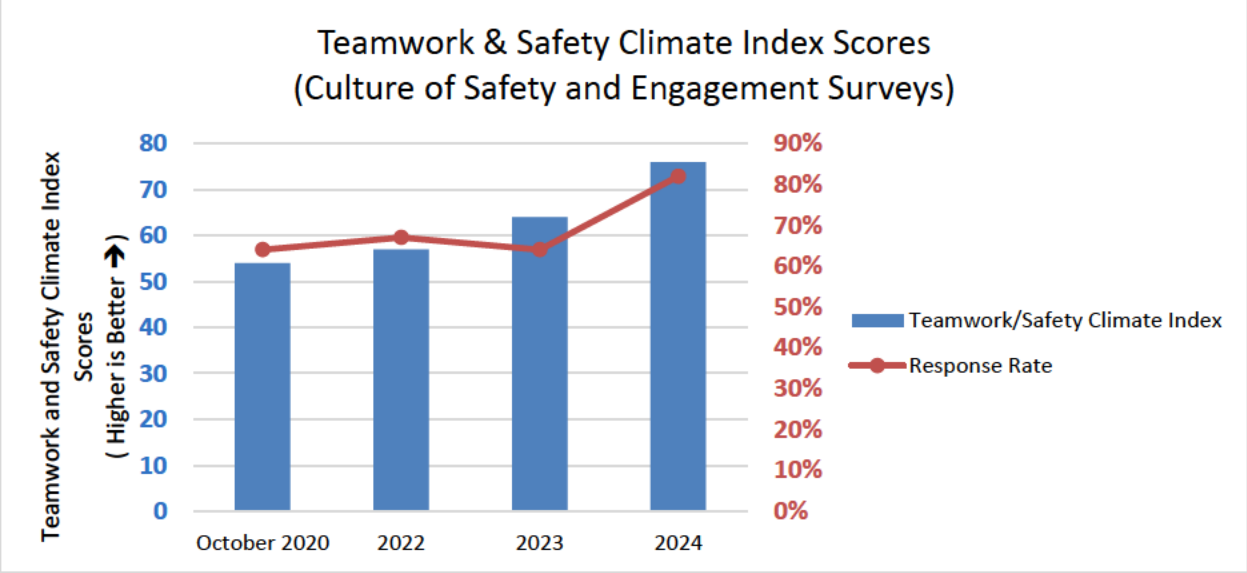
Twice a year, Dr. Kiefer also presents to Lifepoint's President, Chief Nursing Executive, and approximately 20 other subject-matter experts on the progress of Ottumwa Regional's quality journey. During these meetings, the Lifepoint team provides feedback on the presentation and recommends how to ensure continued improvement of quality of care at Ottumwa Regional.

Lifepoint's Quality team, as part of the National Quality Program, also reviews a number of data points on Ottumwa Regional, including annual scorecards for Ottumwa Regional, patient experience, safety, patient volume, culture of survey scores and response rates, and staffed beds, among other factors. Enclosed at LP-CEG-007054 is a spreadsheet with this information from 2019 through 2023, collected by the Lifepoint Quality team. The scorecards consist of information about whether Ottumwa Regional is exceeding its goal in each category (blue), achieving internal targets (green), within 15 percent of achieving target (yellow), or not meeting the goal (red). As you will see in the scorecards, the number of categories that are exceeding the goal has increased significantly between 2019 and 2023.

Additionally, the data shows that Ottumwa Regional's quality of care has improved in a number of categories over the last few years, particularly during Dr. Kiefer's recent tenure. A chart showing potential preventable harm rollup scores per 1,000 inpatients days shows that the rollout score has decreased from an average of 10 in January 2019 to an average of 2 in July 2024 (see chart below).



The Teamwork Safety Climate Index, obtained from the annual Culture of Safety survey has shown similar continued improvement, from 54 in October 2020 to 76 in 2024.



B. Ottumwa Regional's Monthly Operations Reports

Lifepoint representatives, including the Division President, are also present at Ottumwa Regional's Monthly Operations meeting. Enclosed at LP-CEG-007082-LP-CEG-007908 are Ottumwa Regional's Monthly Operation Reports from 2019 through 2023.

The Monthly Operation Reports update Ottumwa Regional's departments, as well as certain Lifepoint leaders, such as the Division President, on the status of various initiatives at Ottumwa Regional. For example, the June 2023 presentation provided information about Ottumwa Regional's efforts on drug diversion, including the actions taken between November 2022 and July 2023 to further implement drug diversion prevention. These presentations also include information from the touchpoint calls between Ottumwa leadership and Lifepoint's Quality team, as well as information on Ottumwa's progress against the National Quality Program's Designation Criteria.

8. Does Lifepoint management monitor the impact on access to health care in rural communities that result from the discontinuation/limitation of services or lack of nurses, providers, or other health care professionals at Lifepoint facilities, including but not limited to the greater Ottumwa community? Please provide all documents that support your response, including all communications with Apollo regarding this matter.

Lifepoint and its facility leaders, including Ottumwa Regional's leadership, regularly use data from publicly available sources, such as hospital associations and other healthcare institutions, to determine the need for services in the communities we serve. Enclosed at LP-CEG-007909-LP-CEG-007912 is Ottumwa Regional's Physician Recruitment Plan, which provides an example of information that is gathered from public sources and included in a presentation to Lifepoint.

17. Please provide the total number of employed and independent active, courtesy, and consulting providers on the medical staff of ORHC from 2015 through 2023 by year as well as the hospital's definitions for these categories. For each year, please provide the total number of added providers, the total number of provider departures, and the percentage of provider care performed by locum tenens providers. Please provide all communication with Apollo regarding this matter.

The chart below provides the total number of added providers, the total number of provider departures, and the percentage of care performed by locum tenens providers from 2015 through 2023. Hospital-level staffing decisions are not discussed with Apollo. Also, enclosed at LP-CEG-007913-LP-CEG-007922 are ORHC medical staff by-laws, which define each of the medical staff privilege statuses.

Additions by Year		Resignations by Year	Locums Tenens	Total Staff
Year	**Staff**	**Staff**	**Number of Locums Tenens**	**Staff**
2015	43	49	1	210
2016	54	36	1	230
2017	97	90	0	244
2018	53	51	1	246
2019	41	66	2	223
2020	37	39	1	223
2021	77	46	0	255
2022	38	84	0	214
2023	87	69	0	235
Grand Total	**528**	**530**		

20. How does ORHC fit in with Lifepoint Health's overall strategy? What are Lifepoint's long-term plans for ORHC and Iowa, including any plans to close, reduce, increase or add services, beds, and facilities? Please include any plans for joint ventures. Please provide all documents that support your response, including all communications with Apollo regarding this matter.

Under Lifepoint's leadership, Ottumwa Regional continues to build on a legacy of more than 125 years of caring for people in southeast Iowa. As one of the largest employers in its region, Ottumwa Regional is the only hospital in Wapello County, with the next closest facility nearly 30 miles away. It is the only facility to offer acute inpatient rehabilitation services for a 75-mile radius, and it is 1 of 2 hospitals in a 50-mile radius to offer both obstetric and psychiatric services. Its 14-bed Behavioral Health Unit offers a full range of highly specialized mental and behavioral health care.

With Lifepoint's assistance, Ottumwa Regional intends to develop its medical staff by hiring additional providers for OB/GYN, Internal Medicine, Orthopedic, and General Surgery. Additionally, Lifepoint has continued to support ongoing recruiting efforts for nurses at Ottumwa Regional. Over the last year, the Ottumwa Regional Chief Nursing Officer, with oversight from Lifepoint, has participated and spoken at Southeastern Community College, Indian Hills Community College, William Penn University, and Ottumwa Job Corps in order to develop relationships with these facilities and their future graduates.

Lifepoint plans to continue investing in and engaging with the Ottumwa community through partnership-building at Ottumwa Regional. To realize its aim to bring additional needed services and expertise to the Ottumwa community, Lifepoint will leverage existing partnerships in the local

community (such as Lifepoint's partnership with the University of Iowa) and look for opportunities for new partnerships.

25. Please provide the annual reports of Lifepoint Health, Inc., prepared in accordance with annual report on form 10-K, for the fiscal years ending in December 31, 2018, December 31, 2019, December 31, 2020, December 31, 2021, and December 31, 2023. Please provide Lifepoint Health, Inc.'s quarterly financial statements starting from Q1 of 2018 through Q2 of 2024, including the capital plan and sources and uses of funds. Please provide ORHC's annual financial reports for 2009-2023, including patient revenue, operating costs, and liabilities.

Enclosed at LP-CEG-007923-LP-CEG-007966 are Ottumwa Regional's Balance Sheets from 2010 to 2023 and Income Statements from 2012 to 2023.

* * *

Lifepoint welcomes the opportunity to share information about its operations, policies, and procedures. Thank you for the opportunity to engage on these important issues.

Very truly yours,

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company").

This submission responds to the set of questions in your email of August 8, 2024, and your follow-up questions on September 9, 2024.

We have included in this letter information that includes proprietary business information. We request that this information not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Lifepoint Questions

2. In regard to question #2, you note in your response that "Lifepoint was not aware of concerns related to Devin Caraccio's behavior or performance prior to his death in October 2022." According to the May, 4, 2023, Centers for Medicare and Medicaid Services' survey report for Ottumwa Regional Health Center, "review of interviews conducted from Oct. 18-26, 2022 as part of the hospital's investigation showed various staff to include RN's, Licensed Practical Nurses (LPN)'s, Supervisors, Directors, Pharmacists and Physicians stated NP2 was under investigation for a prior drug diversion and other legal issues, allegedly over sedated patients, worked long hours without going home, slept in the hospital for month-long stretches, took photographs of patients and medications against hospital policy and was reportedly caught having sex in the cardiac rehabilitation room." Are Lifepoint hospitals required to report issues of this nature to Lifepoint? If yes, did ORHC fail to report this information to Lifepoint and how is Lifepoint ensuring that ORHC reports this information to Lifepoint in the future? Please provide any policies that pertain to Lifepoint hospitals reporting of issues related to quality of care; patient safety; drug diversion; and the behavior, competence, and sufficiency of staff to Lifepoint.

Lifepoint is committed to its hospitals and communities and supports its hospitals in handling and responding to difficult circumstances. Lifepoint has policies that require its hospitals to escalate serious concerns promptly to permit Lifepoint to assist the hospitals in ensuring patient safety and quality of care.

Ottumwa Regional's Chain of Command Policy, enclosed at LP-CEG-008113 through LP-CEG-008115, which was in effect at the time of Mr. Caraccio's death, requires that Ottumwa Regional employees and physicians report to their director or manager all department operations and issues, including those related to patient safety, quality of patient care, customer service or facility safety. The Chain of Command Policy lays out how issues should be escalated, including to Lifepoint, based on the severity of the event. Lifepoint was not informed of any prior concerns related to Mr. Caraccio.

Immediately upon learning of the issues related to Mr. Caraccio, Lifepoint invested significant resources to review and remedy the situation, including the replacement of leadership at Ottumwa Regional.

As part of those efforts, Lifepoint assisted Ottumwa Regional with hiring experts to develop enhanced controls and trainings for Ottumwa Regional's staff. With Lifepoint's support, Ottumwa Regional hired external consultants to train the hospital's staff to spot signs of potential drug abuse by employees and potential tampering of drugs at the facility. Ottumwa Regional developed and deployed additional facility security with emphasis on patient safety and controlling drug diversion and issued new procedures, which include requiring the staff to notify both their supervisor and the Director of Pharmacy on any potential signs of tampering and any suspicions of drug abuse.

Moreover, as soon as it learned about the tragic events related to Mr. Caraccio and his death, Lifepoint assisted Ottumwa Regional in implementing enhanced policies and procedures to ensure timely and appropriate reporting of events that require immediate investigation, intervention, and/or quality/safety review to Ottumwa Regional leadership.

Enclosed at LP-CEG-008116 through LP-CEG-008118 is a copy of Ottumwa Regional's Significant Safety, Clinical or Personal Event Policy, which mandates mandatory reporting for a number of safety and serious clinical events.

Lifepoint has also provided additional and enhanced training to Ottumwa Regional staff on how to raise a concern, and issues relating to patient safety that may require reporting. Enclosed at LP-CEG-008119 through LP-CEG-008140 is a presentation from March 2023 from Lifepoint to Ottumwa Regional on patient safety and security updates.

Other information provided to Ottumwa Regional staff about the mandatory requirements for escalation is included in the General Hospital Orientation presentation, which is provided to new employees. The presentation and the materials provided to Ottumwa Regional staff, enclosed at LP-CEG-008141 through LP-CEG-008166 includes information on:

- Your Voice Makes Us Better, at **LP-CEG-008141**;
- See something, say something, at **LP-CEG-008156**;
- Potential Diversion Escalation Map, at **LP-CEG-008157**;
- Code of Conduct section of Ottumwa Regional's Employee Handbook, at **LP-CEG-008160**;
- Reporting Harassment section of the Employee Handbook, at **LP-CEG-008162**; and
- Criminal Conviction Reporting section of the Employee Handbook, at **LP-CEG-008166**.

4. Was Lifepoint management aware of the inadequate "numbers of RN, LPNs, CNA/Techs and sitters to provide supervision, monitoring, and timely 15 minute safety checks to all patients with acute and ongoing mental health issues" prior to the identification of an immediate jeopardy situation by surveyors at ORHC on October 12, 2023? If yes, what actions did Lifepoint management take to address the situation? Please provide all documents that support your response, including all communications with Apollo regarding this matter.

The question appears to recite allegations from a complaint that was filed against Ottumwa Regional with the CMS Kansas City office and that CMS ultimately concluded was unfounded.

The CMS Kansas City office conducted an Emergency Medical Treatment and Labor Act ("EMTALA") investigation in October 2023 after receiving a complaint regarding certain services at Ottumwa Regional. The complaint alleged that Ottumwa Regional had inadequate numbers of registered nurses, licenses practical nurses, and certified nurse administrators / technicians to provide supervision, and that the Ottumwa Regional staff did not provide appropriate medical screening exams ("MSEs") to people presenting in the Emergency Department, including people who had behavioral and mental health issues.

The CMS Kansas City office investigated the complaint and determined that the allegation of inadequate staffing was unsubstantiated. CMS identified certain protocols for safety checks, including in relation to behavioral health patients, that were not being followed. Before the CMS survey, Ottumwa Regional had not identified the specific instances of untimely safety checks noted by the surveyors on October 12, 2023. Neither Lifepoint nor its Board, including the Apollo representatives, was aware that safety check protocols at Ottumwa Regional were not being consistently followed.

In response to the issues identified by the CMS Kansas City office, Ottumwa Regional prepared a corrective action plan. This plan, which was submitted to CMS Kansas City office, is enclosed at LP-CEG-008167 through LP-CEG-008182. Among other things, this plan included ensuring that policies and guidelines were updated to improve the screening process. For example, the ED General Communication Guidelines policy was revised to include notification to the Emergency Department physician when a specimen is unable to be collected or when a patient's condition changes. Ottumwa Regional also provided additional training to staff to ensure they understood the requirements of working in the Emergency Department. For example, staff was trained that, when a

patient's Emergency Department length exceeds 24 hours, an Emergency Department Interdisciplinary Huddle is conducted to determine the plan to move the patient safely to the appropriate level of care or to discharge. Emergency Department staff and providers are now required to receive EMTALA training at least once every 12 months. At the time of the state surveyor's visit, Ottumwa Regional, like other hospitals in the state, was working diligently to manage the shortage of staff in the Emergency Department, which had been caused in part by the COVID-19 pandemic. The materials enclosed at LP-CEG-008183 through LP-CEG-008273, which were also provided to the CMS Kansas City office, evidence the efforts that ORHC management was making to manage these challenges and ensure that staff was appropriately trained to conduct safety checks.

Lifepoint management was informed of the CMS Kansas City Statement of Deficiencies and has provided Ottumwa Regional support in implementing the above-mentioned plan to correct the deficiencies.

5. As noted in the Centers for Medicare and Medicaid Services Inspection Report from October 17, 2023, a patient boarded in the ORHC emergency department from January 12, 2023 to March 24, 2023 (71 days) and was placed in non-violent restraints 46 times and violent restraints/seclusion 151 times. Please provide an explanation for this care, including inpatient bed availability at ORHC during that time and any issues related to the admitting privileges of the hospital's psychiatrists. What actions did Lifepoint management take to ensure the safety of this patient during those 71 days and what actions has Lifepoint taken to prevent similar events from occurring in the future? Please provide all documents that support your response, including all communications with Apollo regarding this matter.

The patient described in the question had been denied care at another facility, required secure sequestration, and could not be discharged safely to any other facility. Ottumwa Regional provided the patient with the only care available to him in his difficult circumstances.

The University of Iowa Hospital discharged the patient from hospice care, but the patient's wife was unable to care for him at home. She consequently brought the patient to the Ottumwa Regional Emergency Department. The patient exhibited violent episodes and could not be returned home due to his family circumstances, including his wife's inability to care for him following discharge. In addition to being intermittently violent, the patient was an elopement risk, meaning that he was at risk of departing the hospital unsupervised and undetected and would not be able to protect himself once outside ORHC. As a result, the medical staff at Ottumwa Regional rightly determined that it was important to treat the patient in the Emergency Department, which is a locked unit subject to close monitoring.

Although Ottumwa Regional determined that the patient did not meet any criteria for admission, there were no discharge or admission options that would ensure both the safety of the patient and that of other patients at the hospital. Ottumwa Regional therefore provided the best care possible to keep all of its patients safe. Lifepoint's case management team worked closely with the Iowa Department of Health and Human Services ("DHHS") to meet the needs of this patient and to

identify the appropriate disposition for this patient. DHHS visited the patient in the Emergency Department multiple times during his stay.

While Ottumwa Regional preferred to house the patient out of the Emergency Department, there was no other safe alternative to ensure the safety of this patient and other Ottumwa Regional patients. Ottumwa Regional could not move him to the Medical Surgical floor because it is not a locked unit (which could put other patients at risk of harm), and his elopement risk was high. The medical director of Ottumwa Regional's Behavioral Health Unit evaluated the patient and deetermined it would not be appropriate to admit him to the unit because his agitation and behavioral symptoms were not from a primary psychiatric disorder, and the patient's severe cognitive deficits would keep him from participating in any portion of the treatment program offered in that unit. Ottumwa Regional worked tirelessly throughout the patient's stay to find an appropriate place of care, but due to his difficult circumstances, every provider solicited by Ottumwa Regional declined to provide care. In the end, the patient stayed in Ottumwa Regional's Emergency Department for 71 days, until Ottumwa Regional staff could find a safe alternative for his discharge.

The circumstances around this patient are unique, and Ottumwa Regional staff were required to adapt to the patient's needs, his family's circumstances, and other facilities' disinclination to take the patient into their facilities. Ottumwa Regional provided the patient with the best care possible given the patient's circumstances and needs.

Lifepoint management was not involved in the day-to-day care of this patient, and the information relating to this patient was not communicated to the Lifepoint Board, including its Apollo representatives. Nor would Lifepoint expect it to be. The treatment of this patient reflected the types of care decisions that Lifepoint's hospitals must make daily across the country. Lifepoint is thankful for the committed care and decision making of its providers.

7. In response to the reduction in critical care and emergency surgical services at ORHC, what actions has Lifepoint management taken to ensure timely and safe transfers of critical patients to other facilities? Please provide all documents that support your response, including all communications with Apollo regarding this matter.

As described above in the responses to Questions 4 and 5, Ottumwa Regional has taken a number of actions, including providing additional training to staff, to ensure timely and safe transfers of patients. Lifepoint is not involved in the day-to-day treatment of any specific patient but provides support to Ottumwa Regional in Ottumwa Regional's improvement of its patient safety and quality of care. Lifepoint's Board, including its Apollo representatives, has not been involved in decisions relating to this topic.

7a. Does Lifepoint/ORHC collect the following data: the number of transfers from ORHC (including from the emergency department and the inpatient units) to other facilities, the receiving units at the receiving facilities, the mode of transportation (e.g., Ottumwa Regional Mobile Intensive Care Services, another ambulance service, air transport), the average time to transfer, and the reason for transfer (i.e., the service that ORHC was not

able to provide or patient request)? If yes, please provide the collected data for 2015-2023 by year. Has this data been previously reviewed by Lifepoint management and Apollo?

Ottumwa Regional uses the data enclosed at LP-CEG-008274 to track transfers to other facilities. Ottumwa Regional began tracking the receiving facility and mode of transportation in 2017. Ottumwa Regional's senior leadership reviews daily reports on transfers.

Lifepoint management discusses and reviews the aggregate transfer information of its facilities as part of its goal of continuously improving the quality of care to the local communities that it serves. The information is not reviewed by the Lifepoint Board, including its Apollo representatives.

7b. Has Lifepoint/ORHC communicated the change in ORHC's capacity to care for critical patients to the greater Ottumwa community?

Ottumwa Regional included a description of the change to ICU services in its annual AHA Survey filings. These filings are filed with the State of Iowa as required by statute and can be obtained by the public from the State.

Over the last two years, Dr. Kiefer and other Ottumwa Regional senior leaders have participated in over 35 community events at which they have discussed hospital operations, provider recruitment, and onboarding activities. During each of these discussions, Dr. Kiefer has invited questions about Ottumwa Regional's operations.

In addition, Dr. Kiefer has met with over 40 local community leaders to discuss Ottumwa Regional's operations. These conversations have facilitated an ongoing dialogue between the hospital leadership and the community. Some of the groups with which Dr. Kiefer has met include the City of Ottumwa City Council, the Wapello County Board of Supervisors, the Ottumwa Rotary Club, the Ottumwa Police Department, and the Ottumwa Fire Department.

Questions Related to Asset Purchase Agreement ("APA")

The 2010 APA governed the sale of Ottumwa Regional from Ottumwa Regional Legacy Foundation, Inc. (the "Ottumwa Regional Legacy Foundation"), Regional Retirement Living, Inc. ("Regional Retirement Living") and Regional Enterprises, Inc. ("Regional Enterprises"), which together acted as sellers in the transactions, to RCHP-Ottumwa, Inc ("RCHP-Ottumwa") and RegionalCare Hospital Partners, Inc. ("RegionalCare"), who together, acted as buyers in the transaction.

The Ottumwa Regional Legacy Foundation was established as a private foundation to oversee both the proceeds from the sale of Ottumwa Regional and the commitments made by RegionalCare and RCHP-Ottumwa in the APA. Today, the Ottumwa Regional Legacy Foundation continues to ensure that the net proceeds from the April 2010 sale of Ottumwa Regional benefit those in the Ottumwa community. The Ottumwa Regional Legacy Foundation is overseen by a Board of

Directors, consisting of 13 members of the Ottumwa community, none of whom are employed by Ottumwa Regional.[1]

Since 2010, Ottumwa Regional has invested heavily in the Ottumwa community, including through capital investments totaling approximately $62 million. The county sold the facility in an effort to retain services in the community and to promote investment at levels that the county could not meet. The sale ensured retention of services, investments in capital, and expansion of the tax base in a community that is among the poorest in the county. To this day, Ottumwa Regional has continued to invest in the community and to expand services through capital investments.

In 2019, when Lifepoint acquired Ottumwa Regional, Lifepoint assumed responsibility for RegionalCare's obligations under the APA. Since Lifepoint's acquisition of Ottumwa Regional, Lifepoint has invested more than $20 million of its own capital in Ottumwa Regional, funding more than $14 million in capital projects and contributing $6 million to address the hospital's losses. On a cumulative basis, Lifepoint has exceeded the capital expenditures investment in Ottumwa Regional required by the APA by more than $1.5 million. A visual of Lifepoint's investment in Ottumwa was previously produced at LP-CEG-005005 through LP-CEG-005006. Lifepoint plans on continue investing in Ottumwa Regional. As of October 2024, Lifepoint expects to invest an additional $16 million in Ottumwa Regional over the next two years, comprised of $6 million in capital projects, and $10 million to address anticipated hospital losses. The amount of Lifepoint's investment has increased since March 2024, when Lifepoint planned to spend $11 million in Ottumwa Regional, reflecting $6 million in capital projects, and $5 million to address anticipated hospital losses.

Lifepoint has a long history of funding care and contributing to the Ottumwa community. The commitments in the APA reflect some but not all of Lifepoint's investments in Ottumwa Regional and the community. Most importantly, Lifepoint's investments in Ottumwa Regional have ensured that Ottumwa Regional could keep its doors open amid the challenges of the COVID-19 pandemic and during a period of nationwide closures of rural hospitals.

Lifepoint has also maintained an active dialogue with the Ottumwa Regional Legacy Foundation, and under William Kiefer's stewardship, Lifepoint has been working with Ottumwa Regional Legacy Foundation to ensure that Lifepoint's continuing investments in Ottumwa Regional match the community's needs. Ottumwa Regional and the Ottumwa Regional Legacy Foundation recognize that the needs of the 2010 Ottumwa community differ significantly from the current 2024 Ottumwa community, and the two parties are in discussions to update the APA to ensure that investment opportunities are focused on the Ottumwa community's current priorities. On September 19, 2024, Dr. Kiefer met with the Ottumwa Regional Legacy Foundation CEO to discuss revisions to the APA to address the community's current needs, and he is meeting with the Foundation again on October 16, 2024, to further discuss these topics, which we anticipate will lead to additional amendments to the APA.

[1] https://www.ottumwalegacy.org/meet-your-foundation/who-we-are/board/.

9. Please provide background on why Lifepoint amended the asset purchase agreement for OHRC to allow for operating/capital leases to be included in the definition of routine capital expenditures and to change the 5% of net operating revenue designated for annual routine capital expenditures to a split of 3.75% for capital expenditures and 1.25% for physician recruitment and retention. Please provide all documents that support your response, including all communications with Apollo regarding this matter.

The January 2021 Board Minutes for Ottumwa Regional, enclosed at LP-CEG-008275 through LP-CEG-008278 indicate that then-CEO Phil Noel reported that Lifepoint was proposing a change to the Asset Purchase Agreement to stipulate that a portion of the 5% RIP would be used for physician recruitment & retention activities.

There were no communications with Apollo on this matter.

9a. Please provide a comprehensive definition of operating/capital leases, including whether this includes any payments to Medical Properties Trust and its affiliates.

Payments to Medical Properties Trust are not included in the definition of operating and capital leases. Operating and capital leases include leases on equipment and generators, as well as additional facilities outside of those covered under the sale-leaseback agreement with Medical Properties Trust. This currently includes an off-site pharmacy dispenser and a business hub associated with Ottumwa Regional.

9b. Was this change also approved by the ORHC Board of Directors? If yes, please provide the meeting minutes.

This change to the APA was approved during the January 2021 Ottumwa Regional Board Meeting. The minutes for the meeting are enclosed at LP-CEG-008275 through LP-CEG-008278.

9c. Was this change communicated to the Ottumwa community?

The Ottumwa Regional Legacy Foundation, which is comprised of local community representatives, agreed to changes to the APA in December 2020, as reflected in the latest version of the executed APA, enclosed at LP-CEG-008279 through LP-CEG-008281. The December 2020 Board Minutes for Ottumwa Regional Legacy Foundation, which documents the Board's approval of the amendment, is enclosed at LP-CEG-008282 through LP-CEG-008283.

9d. Please provide the most current version of the asset purchase agreement between ORHC and RegionalCare/Lifepoint, including any amendments made to the initial agreement.

The executed Asset Purchase Agreement ("APA"), dated April 30, 2010, was previously produced at LP-CEG-000036. The APA was amended pursuant to an agreement between the Ottumwa Regional Legacy Foundation (whose Board approved the amendment in December 2020) and

Ottumwa Regional (whose Board approved the amendment in January 2021). The amendment to the APA is enclosed at LP-CEG-008279 through LP-CEG-008281.[2] The operative agreement is the original agreement, LP-CEG-000036, as amended by the documents at LP-CEG-008279 through LP-CEG-008281.

10. Lifepoint's March 4, 2024, response to the Budget Committee notes that Lifepoint did not fulfill its annual routine capital expenditure obligations to ORHC in 2019 (see figure on Page 5). Please provide the reason, any documents related to this matter, and all communications of this matter to the ORHC Board of Directors, Ottumwa Regional Legacy Foundation, Ottumwa community, and Apollo.

While Ottumwa Regional regularly updated the Ottumwa Regional Legacy Foundation on certain requirements in the APA prior to the COVID-19 pandemic, Ottumwa Regional has not identified any records or communications between Ottumwa Regional and Ottumwa Regional Legacy Foundation on the reason why the routine capital expenditure was lower than 5 percent in 2019. In the past, meetings with the Ottumwa Regional Legacy Foundation were not always documented, although we understand that the then-CEO of Ottumwa Regional met regularly with the Ottumwa Regional Legacy Foundation.

As noted above, Lifepoint has consistently invested in Ottumwa Regional, exceeding on a cumulative basis by more than $1.5 million the capital expenditures investment in Ottumwa Regional required by the APA. Lifepoint has exceeded the investment commitments in the APA every year since 2019, including throughout the COVID-19 pandemic as hospitals struggled to remain open. Lifepoint will continue to invest in Ottumwa Regional and assist with the improvement of its facilities and recruitment of its physicians and medical providers.

11. Please provide the table regarding the required investment percentage (RIP) and total investments toward RIP for OHRC as contained within Lifepoint's March 4, 2024 letter to Senator Whitehouse and Senator Grassley (Question #3, Page #5) for years 2010 through 2018.

Ottumwa Regional's aggregate capital contributions have exceeded its obligations under the APA by more than $1.5 million.

Below is the investment toward the RIP for ORHC for years 2010 to 2023.

2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023
1.08%	4.07%	7.53%	7.41%	4.66%	3.57%	3.36%	3.92%	2.31%	2.70%	4.20%	12.2%	12.3%	10.3%
$594K	$3.2M	$5.4M	$5.5M	$3.3M	$2.6M	$2.5M	$3M	$1.8M	$2.2M	$2.9M	$9M	$8M	$7M

13. Please provide or describe, if not available in writing, Lifepoint's policy for ensuring it fulfills its commitments to its facilities and the communities supported by its facilities as

[2] In preparing a response to this inquiry, Ottumwa Regional was not able to identify a fully executed copy of the 2021 amendment to the APA and therefore obtained a new fully executed version in September 2024.

outlined in its asset purchase agreements or otherwise. Are independent monitors used with any of Lifepoint's facilities to ensure that Lifepoint is complying with its asset purchase agreements and/or other commitments? Have any parties ever expressed concerns that Lifepoint failed to fulfill its commitments to its facilities and their local communities, including but not limited to those outlined in its asset purchase agreements? What communications does Lifepoint make to Apollo regarding the status of those commitments?

As noted above, the Ottumwa Regional Legacy Foundation is responsible for the oversight of the APA, and Ottumwa Regional's CEO William Kiefer has maintained an engaged and regular dialogue with the Ottumwa Regional Legacy Foundation to ensure that Lifepoint's investments in Ottumwa Regional address the community's needs. Dr. Kiefer handles the relationship with the Foundation and elicits assistance from Lifepoint as necessary.

13a. How often does Lifepoint review the 2010 asset purchase agreement between RegionalCare Hospital Partners and ORHC to ensure that it is fulfilling its commitments? Does Lifepoint meet with Apollo, the ORHC board, the Ottumwa Regional Legacy Foundation, and/or the Ottumwa community to review the status of these commitments? Please provide all documents that support that these discussions were held.

Lifepoint management is available to assist local hospital leaders but does not manage or participate in day-to-day decision-making at individual facilities. Instead, local hospital leadership is responsible for administering hospital-level business and contractual obligations. Accordingly, Lifepoint did not review the APA with its Board (including the Apollo representatives), the Ottumwa Regional board, the Ottumwa Regional Legacy Foundation, or the Ottumwa community.

Ottumwa Regional is currently in the final stages of discussions with the Ottumwa Regional Legacy Foundation regarding revisions to its APA. Certain Lifepoint functions and personnel, including the Finance and Legal teams, have supported Ottumwa Regional in those discussions.

13b. Are there any other documents, aside from the Asset Purchase Agreement, that outline RegionalCare, RCCH, and Lifepoint's commitments to ORHC or the greater Ottumwa community? Please provide those documents.

The APA governs Ottumwa Regional's obligations to the Ottumwa Regional Legacy Foundation. The Managerial and Administrative Support Agreement between Lifepoint Corporate Services, General Partnership and RCHP-Ottumwa, LLC, previously produced at LP-CEG-000001 governs Lifepoint and RCHP-Ottumwa, LLC's operations of Ottumwa Regional.

Lifepoint is committed to meeting the Ottumwa community's evolving needs, including ensuring continued improvements to patient safety and quality of care.

14. Please provide a status update on the following aspects of the asset purchase agreement and provide any documentation to support that applicable discussions were held with the

ORHC board, the Ottumwa Regional Legacy Foundation, and/or the Ottumwa community. Please provide all documents that support your response, including all related communications with Apollo.

14a. Is there a resident rotation program at ORHC? Please provide evidence that supports that Lifepoint, RegionalCare, RCCH, or RCHP-Ottumwa, Inc. worked with Iowa training programs to establish a resident rotation program at the hospital.

Because Ottumwa Regional does not have sufficient teaching physicians/medical staff to support a resident rotation program, Ottumwa Regional is in discussions with the University of Iowa to establish an affiliation program. An affiliation program would allow medical students from the University of Iowa to participate in short term clinical programs at Ottumwa Regional. Ottumwa Regional's goal is for this effort to grow over time into a program that would bring medical students and residents to Ottumwa Regional for clinical rotations and a formal residency program. Ottumwa Regional has prioritized the creation of an affiliation program, which would provide teaching and learning opportunities at Ottumwa Regional.

14b. Does ORHC have an outpatient substance abuse treatment program? If not, please explain the reason.

While Ottumwa Regional does not currently operate an outpatient substance abuse treatment program, Ottumwa Regional and Ottumwa Regional Legacy Foundation are in discussions to establish services of this sort at Ottumwa Regional. As noted above in response to 14a, Ottumwa Regional is exploring potential partnerships with the University of Iowa, including opportunities to advance support for Ottumwa Regional's behavioral health program.

14c. In addition to discontinuing its home healthcare services, discontinuing the e-ICU program, significantly reducing its ICU volume, and limiting its operating room call to cesarean sections, please provide a complete list of services that ORHC has discontinued, limited, reduced, or paused since April 30, 2010, the applicable dates, and the reason.

Ottumwa Regional has prioritized remaining open and available to the local community. As a result, over the last 14 years, Ottumwa Regional occasionally had to make difficult decisions regarding which services to prioritize and which services to reduce in an effort to most effectively address patient needs while remaining open.

Ottumwa Regional discontinued its e-ICU program in the spring of 2022 following the expiration of the grant that funded the service. The hospitalists at Ottumwa Regional recommended discontinuing the e-ICU service due to concerns about patient safety and outcomes. Specifically, intensive care procedures such as central line placement, intubation, ventilator management, and chest tube placement require in-person execution by trained ICU providers. The lack of an on-site ICU-trained provider to perform these critical procedures limited the effectiveness of the e-ICU service. Additionally, the reduced patient census and the resulting challenges in maintaining ICU competencies further contributed to the decision to discontinue the service.

Since discontinuing the e-ICU program, Ottumwa Regional has continued to care for ICU patients as needed, ensuring that it staffs critical care-competent nurses to meet the needs of the Ottumwa community. Despite fluctuations in patient volume, Ottumwa Regional has maintained consistent staffing levels to ensure readiness and the ability to provide high-quality care.

Since April 30, 2010, Ottumwa Regional has also discontinued the following services, all of which occurred before Lifepoint acquired Ottumwa Regional:

- Ottumwa Pediatrics Clinic - June 2010
- Pulmonology - June 30, 2013
- Chemotherapy Services - April 1, 2014
- Home Care - November 1, 2018

Ottumwa Regional does not make decisions regarding closing services lightly. As described in its February 2, 2024 letter, Ottumwa Regional shifted to managed Medicaid in 2016, and subsequent poor reimbursement rates led to the closure of home health care in 2018. Other home care facilities in the Ottumwa community also struggled with funding, and ultimately, many other Iowa home health facilities closed.

14ci. Does ORHC have an active inpatient pediatric unit? If not, please explain when the unit was closed and the reason. If yes, please provide the annual number of admissions to the pediatrics unit from 2015 through 2023.

Yes, Ottumwa Regional has a pediatric inpatient unit that provides a full range of medical and surgical care for infants, children, and adolescents through a 24/7 pediatric call team.

Over the years, Ottumwa Regional has observed pediatric hospitalization trends similar to those seen across the country. There has been a significant decline in the volume of pediatric hospitalizations and emergency department visits, offset by an increase in the severity of cases. This trend has led to a higher transfer rate to ensure that patients receive the appropriate level of care. Maintaining clinical competency under these conditions has become increasingly challenging, especially as the hospital relies more on contract labor, which is a particularly difficult source of pediatric specialties. Despite these challenges, Ottumwa Regional continues to admit and care for pediatric patients through a 24/7 pediatric call team.

14cii. What cancer care services, dialysis services, surgical services are currently being provided at ORHC and what services were provided in 2010? Were there periods of time when these services were not being provided?

In 2010, Ottumwa Regional provided radiation oncology services as well as chemotherapy infusions. The chemotherapy program was discontinued in April 2014, years before Lifepoint acquired the hospital.

Ottumwa Regional has offered dialysis services for many years, but with the loss of its only dialysis nurse in 2023, dialysis services are on hold while Ottumwa Regional works to recruit another dialysis nurse. Ottumwa Regional intends to offer dialysis services again once a dialysis nurse is onboarded to the hospital.

Ottumwa Regional also provides general surgery, orthopedics, urology, gastroenterology, OB/GYN, interventional cardiology, and interventional pain management services.

14ciii. Please provide ORHC's specialist on-call schedule for the first half of 2024, as to understand how many days the hospital did not have specialists on-call (such as cardiologists, gastroenterologists, and general surgeons).

Enclosed at LP-CEG-008284 through LP-CEG-008465 are Ottumwa Regional's specialist on-call schedules for the first half of 2024.

14civ. How many days did ORHC's intensive care unit have staffed beds in 2021, 2022, 2023, and thus far in 2024?

Like other hospitals, Ottumwa Regional staffs its facility according to patient acuity and volume. Thus, the number of staffed beds and the number of staffed hours depends on the number of patients who are admitted into the ICU and the severity of their conditions. The total staffed hours for the ICU are as follows:

- 2020 - 19,663 worked hours, which equates to 13.7 FTEs.
- 2021- 25,028 worked hours, which equates to 24.14 FTEs.
- 2022 - 20,338 worked hours, which equates to 13.25 FTEs.
- 2023 - 6,057 worked hours, which equates to 2.23 FTEs.
- 2024 YTD - 2,591 worked hours, which equates to 1.9 FTEs.

As explained in our response to 14c above, Ottumwa Regional discontinued the e-ICU program in 2022 amid lower patient volumes and challenges in maintaining adequate ICU competencies. This discontinuation in turn contributed to the reduced FTEs for the ICU in 2023 and 2024.

14cv. How many hours was the ORHC's emergency department on diversion in 2021, 2022, 2023, and thus far in 2024?

Please provide the total number of staffed beds in the ORHC in 2009 and the current number of staffed beds broken down by unit type (e.g., emergency department, med-surg, intensive care, pediatrics, behavioral health, acute rehab unit).

Ottumwa Regional operates 911 emergency medical services for Ottumwa and Wapello County. Its emergency department is never on diversion.

Enclosed at LP-CEG-008466 through LP-CEG-008942 is Ottumwa Regional's AHA annual bed-count survey for 2009 to 2023.

* * *

Lifepoint welcomes the opportunity to share information about its operations, policies, and procedures. Thank you for the opportunity to engage on these important issues.

Very truly yours,

[redacted]

November 08, 2024

[redacted]

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company"). This submission responds to the set of questions in your email of August 8, 2024, and your follow-up questions of September 9, 2024, October 4, 2024, and October 28, 2024.

We have included in this letter information that includes proprietary business information. We request that this information not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.[1]

As we have emphasized in our prior letters, rural areas like the one in which Ottumwa Regional is located are difficult places to operate a healthcare facility. Meeting the needs of these communities is complex and demanding, largely due to problems associated with resources, location, limited availability of human capital, and socioeconomic and demographic characteristics. Over the past decade, more than 100 rural hospitals across the nation have closed and another third of rural hospitals are currently at risk of closing because of the serious financial challenges facing healthcare delivery to rural communities.[2] As an example in Iowa, earlier this year, MercyOne Medical Center in northwest Iowa closed as a result of staffing shortages and a decrease in patient volumes leading to unsustainably low utilizations of its facilities.[3]

[1] As indicated in the Monthly Operating Reports, the Biannual Quality Oversight Committee Readouts, and the National Quality Committee Touchpoints, these presentations are Patient Safety Work Product ("PSWP"). As such, these presentations remain privileged and protected from disclosure to any other party. Consistent with the terms of the PSWP Act, we request that you keep these presentations confidential.
[2] *Rural Hospitals at Risk of Closing,* Center for Healthcare Quality & Payment Reform (July 2024), https://chqpr.org/downloads/Rural_Hospitals_at_Risk_of_Closing.pdf.
[3] *Primghar hospital to close, three clinics consolidate*, NWEST IOWA, August 10, 2024, https://www.nwestiowa.com/news/primghar-hospital-to-close-three-clinics-consolidate/article_544eee74-569e-11ef-a791-c30e938461c7.html.

As a result of these closures, the millions of Americans who live in rural communities no longer have access to a local emergency room, inpatient care, and many other hospital services that citizens in suburban and urban communities take for granted. Both to keep hospitals open and to provide quality care by qualified professionals, services have been reduced at rural hospitals across the country. Nationwide, 53 percent of rural hospitals that have remained open have lost services over the past 2 years.[4] This problem is particularly acute in Iowa, where 75 percent of hospitals have lost services over the same period and where 30 percent of hospitals remain at risk of closing.[5]

In the face of these headwinds, Lifepoint has strived to develop meaningful solutions to enhance quality and increase access to care for the communities it serves. Contrary to national trends, Lifepoint has invested in rural communities, including Ottumwa, and is committed to ensuring that Ottumwa Regional, the only hospital in Wapello County, can continue to provide quality healthcare services to a community in need.

The population served by Ottumwa Regional faces a variety of social, economic, and health challenges, and these socioeconomic conditions make it particularly challenging to recruit and retain experienced clinical professionals to relocate and settle in the community. As you are aware, two highly qualified surgeons recently departed Ottumwa Regional. One of these surgeons, [redacted], relocated to Pella Regional Health Center, a suburban facility just outside Des Moines. Unlike the rural community served by Ottumwa Regional, Pella is a suburban facility with access to an urban area, has attractive socioeconomic and demographic characteristics, and offers quality schooling, making it a desirable area for an experienced surgeon to settle with his or her family. We regret [redacted] departure for Pella, and his decision to leave Ottumwa Regional is emblematic of the challenges regularly faced by Ottumwa Regional and other similarly situated facilities. This transition reflects both the systemic pressures on rural healthcare providers and Ottumwa Regional's ongoing efforts to enhance the quality and sustainability of the medical team locally.

Ottumwa Regional has worked diligently to continue to provide quality healthcare despite ongoing operational and environmental challenges. Consequently, Ottumwa Regional has lost an average of about $11 million a year for each of the past five years. Nevertheless, Lifepoint has funded these losses, year over year, and remains committed to Ottumwa Regional and to the broader Wapello County. This commitment is further evidenced by Lifepoint's contributions of approximately $43 million in charity and uncompensated care services over the past five years to the Ottumwa community and investments of more than $15 million in Ottumwa Regional. That commitment—which we have described at length in our prior letters—has allowed Ottumwa Regional to remain open in the face of widespread national closures of rural and regional hospitals and notwithstanding consistent, historical financial losses, which are expected to continue at the same level for the near term.

[4] This includes rural hospitals that had a negative margin (loss) on patient services in the most recent year available (which, depending on the state, was 2022 or 2023).
[5] *Rural Hospitals at Risk of Closing,* Center for Healthcare Quality & Payment Reform (July 2024), https://chqpr.org/downloads/Rural_Hospitals_at_Risk_of_Closing.pdf.

Lifepoint Questions

1. Please provide scorecards/reports that Lifepoint management uses to assess and benchmark the performance of Ottumwa Regional Health Center (ORHC) for the years 2019 through 2023, including but not limited to measures of quality, safety, patient experience, volume of care, staffing, employee/provider turnover, and employee/provider satisfaction. (We use the term Lifepoint management to refer to any Lifepoint corporate and division-level employees; any Lifepoint Corporate Services, General Partnership employees; any RCHP-Ottumwa, LLC employees; Lifepoint National Quality Program staff, or any other employees of Lifepoint and its affiliates that do not directly work at ORHC but oversee the operations of ORHC in some capacity).

1. Supplemental Requests:

Ottumwa Regional's Monthly Operation Reports for April 2019, July 2019, August 2019, Dec 2019, January 2020, Feb 2021, Nov-Dec 2021, Sep 2022, and Mar 2023-Dec 2023.

Quality updates are provided in the Monthly Operation Reports using the previous month's data. Accordingly, some of the documents previously produced were labeled based on the month the data was provided, rather than the month of the presentation. For example, the July 2019 presentation was previously produced at LP-CEG-007141 with the data on quality from June 2019. Additionally, for certain months, the Monthly Operations Report presented data for multiple months. For example, the Monthly Operations Report for February 2020, produced at LP-CEG-007263, provided information on data from December 2019 to February 2020. Similarly, the January 2022 Monthly Operations Report, produced at LP-CEG-007666, provided information on data from November 2021 to January 2022.

Enclosed at LP-CEG-008943 through LP-CEG-009079 are the Monthly Operation Reports for March 2023 to December 2023. Please note that the September 2023 meeting was cancelled, so no Monthly Operation Report was prepared.

We have not identified Monthly Operations Reports for April 2019, August 2019, and February 2021, which typically indicates that the meetings for those months did not occur.

The Monthly National Quality Program touchpoint call materials for some of the months not previously sent and the Quality Oversight Committee presentations.

In the months when there are Quality Oversight Committee presentations, there are no National Quality Program touchpoints. We have not identified any National Quality Program touchpoints or Quality Oversight Committee meetings from October 2020, September 2021 to November 2021, February 2022 to April 2022, June 2022 to September 2022, or December 2022 to January 2023, which may reflect that the meetings were not held in those months. The following presentations were previously produced:

- The March 2021 and April 2021 Quality Oversight Committee presentation, at LP-CEG-007967;
- The October and November 2022 Quality Oversight Committee presentation, at LP-CEG-008008; and
- The September 2023 to November 2023 Quality Oversight Committee presentation, at LP-CEG-008077.

The May 2022 Quality Oversight Committee presentation is enclosed in this production at LP-CEG-009080 through LP-CEG-009112.

1a. Please provide any documents that support Lifepoint management's review of these scorecards/reports and any associated action plans. Please note who at Lifepoint reviews the scorecards/reports.

Lifepoint's response on September 27, 2024, indicated that Dr. Kiefer presents twice a year to Lifepoint's President, Chief Nursing Executive, and approximately 20 other subject-matter experts. We would like to correct this response to indicate that the presentation includes Lifepoint's *Division* President overseeing Ottumwa Regional and not Lifepoint's President. These presentations are the same as the Quality Oversight Committee presentations, which have already been produced in response to Question 1, at LP-CEG-007967 through LP-CEG-008112, and LP-CEG-009080 through LP-CEG-009112.

1a. Supplemental Request: Please provide reports or scorecards on inpatient or outpatient staff, length of boarding, transfer rate, provider resignation numbers, as well as reports or data reviewed by Lifepoint regarding Ottumwa Regional's ambulance service, Level VI trauma center designation, walk-in clinics, and other outpatient services.

a. *Inpatient versus Outpatient Staffing*

Ottumwa Regional tracks worked hours for its inpatient and outpatient staff through an internal online platform. This information is not reviewed by Lifepoint.

Lifepoint further does not receive information on inpatient versus outpatient staffing from Apogee Medical Management ("Apogee") or TeamHealth, as many staff assist with both inpatient and outpatient treatment.

b. *Length of Boarding*

Lifepoint reviews information on the number of boarding or hold hours for all its facilities, including for Ottumwa Regional. Lifepoint defines hold hours as the number of hours a patient is receiving treatment in the Emergency Department for care that would otherwise be provided as inpatient care (typically as a result of lack of staffing or space availability).

Ottumwa Regional's hold hours are provided in the chart below. As a result of the staffing shortages exacerbated by COVID-19, Ottumwa Regional's hold hours have increased during the 2019 to 2023 period. Lifepoint and Ottumwa Regional are committed to hiring additional staff and are working to decrease hold hours.

Year	2019	2020	2021	2022	2023
Total Hold Hours	2,564.2	4,321.8	4,656.8	4,597.8	7,581.5

c. Transfer Rates

Transfer rates for rural Emergency Departments are typically higher than those for urban Emergency Departments, because rural hospitals are usually unable to employ medical specialists and therefore services are more limited than in larger, more urban, settings. Centrally located urban hospitals are more likely to maintain the advanced resources necessary to care for patients who have complex or uncommon conditions; rural facilities such as Ottumwa Regional often do not have the resources or patient volumes to support such services. Ottumwa Regional's transfer rate for patients who visited the Emergency Department remained between 4 percent to 5.6 percent from 2019 to 2023, with a high of 5.6 percent in 2020, during the height of the COVID-19 pandemic. This is less than the national average: approximately 6.2% of visits to rural Emergency Departments result in transfer.[6]

d. *Provider Resignation Numbers*

Ottumwa Regional is committed to hiring quality staff members to ensure that the Ottumwa community receives the highest level of care. Even as resignations have increased over the last few years (especially between 2020 and 2022, during the COVID-19 global pandemic), Ottumwa Regional has made it a priority to continue recruiting and hiring providers to replace the ones who leave. A chart detailing the total resignations, excluding retirements, versus the total appointments for providers between 2015 to 2023 are as follows:

Year	2015	2016	2017	2018	2019	2020	2021	2022	2023
Resignations	49	36	90	51	66	39	46	84	69
Appointments	43	54	97	53	41	37	77	39	87

e. Ambulance Service

As previously discussed in our January 17, 2024 letter, Ottumwa Regional provides emergency medical services ("EMS") to the Ottumwa community, which are more typically provided by local municipalities or regional authorities. Ottumwa Regional is the 911 medical service provider for the

[6] Association of Rural and Critical Access Hospital Status With Patient Outcomes After Emergency Department Visits Among Medicare Beneficiaries, JAMA Network Open (November 1, 2021).

city of Ottumwa, as well as for the broader Wapello County. Between 2019 and 2023, Ottumwa Regional's ambulance fleet made close to 25,000 EMS runs in response to 911 calls. The majority of Ottumwa Regional's EMS runs are in response to 911 calls (close to 90% of total EMS runs each year), but Ottumwa Regional's ambulance fleet is also utilized for medical transport, interfacility transport, and public assistance.

We are not aware of any scorecards or reports shared with Lifepoint regarding Ottumwa Regional's ambulance service.

f. Trauma Level Designation

Ottumwa Regional is designated as a Level IV trauma center, which is the lowest level designation that the State of Iowa has for trauma centers.[2] As a Level IV trauma center, Ottumwa Regional is required to use its resources to stabilize and treat a trauma patient. After the patient is stabilized, if the patient requires additional resources or specialties that Ottumwa Regional does not offer, Ottumwa Regional will transfer the patient to another facility.

We are not aware of any scorecards or reports shared with Lifepoint regarding Ottumwa Regional's trauma level designation.

g. Walk-In Clinic and Other Outpatient Services

Ottumwa Regional has invested in its walk-in clinic to provide the necessary care for the community it serves. The walk-in clinic, which opened in 2013, initially served 3,317 patients in its inaugural year. Ottumwa Regional closely monitors the volume in its walk-in clinic to ensure that the needs of the community are met, and devotes significant resources and efforts into recruiting staff to support the walk-in clinic. A chart detailing the number of patients treated in the walk-in clinic is below:

Year	**2013**	**2014**	**2015**	**2016**	**2017**	**2018**	**2019**	**2020**	**2021**	**2022**	**2023**
Patients	3,317	7,750	8,321	9,358	11,354	13,901	16,747	14,972	20,011	21,503	19,574

Ottumwa Regional also provides critical outpatient services including lab visits, radiology, wound care, and outpatient surgery. A chart detailing the total number of patients who received these outpatient services between 2019 to 2023 is below:

Year	**2019**	**2020**	**2021**	**2022**	**2023**
Lab	82,509	79,296	72,457	62,430	54,126
Radiology	12,060	10,228	11,441	10,817	10,842
Wound Care	3,881	3,943	4,434	3,766	3,212
Surgery	5,557	4,605	5,285	3,766	3,212
Total	104,007	98,072	93,617	80,779	71,392

Information regarding the patient volume at Ottumwa Regional's walk-in clinic and other outpatient services is communicated at a high level to Lifepoint.

1b. Please provide all scorecards/reports that Lifepoint provides to Apollo directly or through Apollo representatives to the Lifepoint board (hereto forth referred to as "Apollo") that pertain to ORHC's performance.

Lifepoint does not provide monthly or yearly scorecards of individual hospitals to the Lifepoint Board of Directors, which includes Apollo representatives. Lifepoint periodically provides aggregate and select information on its hospitals to the Board, including through the Quality Committee.

2. Supplemental Requests: Was Lifepoint management aware of issues related to the sufficiency of staff at Ottumwa prior to the death of Mr. Devin Caraccio in October 2022? Specifically, the CMS report showed Caraccio worked every night from August 1 through September 5, 36 days straight as night hospitalist. Please provide all documents, such as board minutes, that support your response, including all communications with Apollo regarding this matter.

As discussed below in Question 3, Lifepoint receives monthly reports from Apogee, which provide information on the staffing volumes. Lifepoint reviews the daily encounter metric (which contains all of the individuals that are treated by Apogee hospitalists) provided in the Apogee reports to determine whether hospitalists are able to keep up with the demands of the hospital. For example, hospitalists often see an average of 16 to 18 patients a day. Lifepoint reviews the daily encounters per facility to ensure that there are enough hospitalists to cover daily encounters and still stay within the 16 to 18 patients average, which Lifepoint uses as a reference point when assessing the optimal level to provide sufficient care to patients at its facilities

This information is not provided to the Lifepoint Board, of which Apollo has members.

3. Does Lifepoint management review the contracts that its facilities enter with contractors or review the performance of contractors, including but not limited to ORHC's contract with TEAMHealth/Southeastern Emergency Physicians, LLC for emergency medicine providers and Apogee Medical Management for hospitalists? If yes, has Lifepoint management ever identified concerns regarding the sufficiency of the services negotiated under these contracts or the performance of the contractors? If yes, what actions has Lifepoint management taken in response? Please provide all documents that support your response, including all communications with Apollo regarding this matter.

The contracts with TeamHealth and Apogee respectively are structured differently:

- Lifepoint has a Master Agreement with TeamHealth, previously produced at LP-CEG-002265, which governs the overall relationship between Lifepoint and TeamHealth with certain decisions, such as the lines of service for which TeamHealth will provide services, made at the facility level.

- By contrast, Lifepoint does not have a contractual relationship with Apogee. Lifepoint and Apogee instead jointly developed a template contract, and Lifepoint facilities use that form agreement to enter into individual contracts between the contracting facility and Apogee.

Lifepoint partners with TeamHealth and Apogee to advance clinical, quality, patient safety, and operational opportunities. When appropriate, TeamHealth and/or Apogee may identify for Lifepoint system level processes to improve a hospital's performance. In these cases, Lifepoint will assist in preparing an action plan and receive periodic updates on the progress of implementing the action plan.

Lifepoint meets with TeamHealth and Apogee on a quarterly basis to discuss how they are performing from an operational, financial, and quality perspective. Lifepoint National Quality Program and Quality Oversight Committee meetings also include discussion of services provided by TeamHealth and Apogee.

As we have emphasized, recruiting quality medical staff to rural Iowa is a challenge. In 2023, Ottumwa Regional leadership began escalating to Lifepoint concerns about the quality and performance of the TeamHealth providers working in Ottumwa Regional's Emergency Department. As a result, Lifepoint and Ottumwa Regional leadership developed an action plan, which included a meeting with TeamHealth leadership in which Ottumwa Regional requested from TeamHealth a new supervisory structure for the facility as well as a revamped approach to Emergency Department provider staffing. Lifepoint and Ottumwa Regional leadership meet twice a month to ensure progress on this TeamHealth action plan, and the quality of the TeamHealth staff at Ottumwa Regional has been continuously improving.

3a. On October 24, 2022, RCHP-Ottumwa, LLC and Apogee Medical Management, Inc. amended their Professional Services Agreement to increase the monthly guarantee amount for physicians and to establish a monthly guarantee amount for advanced practitioners. Please provide background on the reason for this amendment. Please provide all documents that support your response, including all communications with Apollo regarding this matter.

The Professional Services Agreement with Apogee was amended to remain in line with market-based provider rates. COVID-19 had a significant effect on the healthcare staffing landscape, and there has been a shift toward a preference for locum tenens positions which offer greater control and flexibility for the physician on their scheduling and work/life balance. As a result, recruitment and employment costs have risen for hospitals across the country, including Ottumwa Regional.

3b. As described in the Schedule E of the Professional Services Agreement between Apogee Medical Management and RCHP-Ottumwa (signed July 31, 2014), please provide the amount of the pro rata performance payouts or penalties that Apogee received from ORHC for 2019 through 2023 and the scorecards used to evaluate Apogee's performance for this

purpose and please note whether these scorecards were reviewed by Lifepoint management and Apollo.

We have not identified any pro rata performance payouts or penalties applied to Apogee in connection with Ottumwa Regional for the years 2019 through 2023. Apogee provides monthly reports regarding their staffing and billing metrics to Lifepoint. Enclosed at LP-CEG-009113 is the report Apogee provided in October 2024 for all Lifepoint facilities with whom it contracts, including Ottumwa Regional. The report provides information about the prior 12 month rolling average of various metrics including compensation ranges, coverage model, full-time employees provided to the respective facilities, daily encounters, and collections per encounter, among other things. The report also provides the subsidy amount the facilities (including Ottumwa Regional) provided to Apogee. This subsidy number is calculated based on several factors, including patients' ability to pay and compensation level of the Apogee employees. For example, Ottumwa Regional's subsidy amount is higher than other Lifepoint facilities because of the high compensation required in the area to attract hospitalists and the low reimbursement rates given the high volume of patients without insurance or covered by state insurance.

These Apogee reports are reviewed during Ottumwa Regional's Monthly Operating Call with Apogee leadership. Ottumwa Regional leadership periodically provides aggregate information from these reports to Lifepoint's Quality Team during the monthly touchpoints. These reports are not shared with the Lifepoint Board, of which Apollo has members.

3c. As described in Schedule 1.A and 1.B of the professional services agreement between Southeastern Emergency Physicians and RCHP-Ottumwa (signed July 2, 2019), please provide the ED Physician Scorecard for ORHC for 2019 through 2023 and please note whether these scorecards were reviewed by Lifepoint management and Apollo.

TeamHealth provides Lifepoint with monthly reports of metrics on its budgeted and actual spend and hours. This provides information on the number of hours budgeted for MD versus Advanced Practice Provider, the number of expected patients in the Emergency Department versus the number of actual patients served in the Emergency Department, among other things. An example of these metrics is available at LP-CEG-009114.

These reports are not shared with the Lifepoint Board or Apollo.

6. What role, if any, did Lifepoint/RCCH play in the decision to discontinue home healthcare services (2018), discontinue the e-ICU program (2022), significantly reduce ICU volume (from 783 in 2022 to 107 in 2023), and limit operating room call to cesarean sections (2023) at ORHC? What actions, if any, has Lifepoint management taken to restore these services? Please provide all documents that support your response, including all communications with Apollo regarding these matters.
6. Supplemental Request: In other responses there was an explanation about cutting services, but they are interested in understanding who makes the final decision. Is it Lifepoint? Apollo? If not Lifepoint or Apollo directly, do Lifepoint or Apollo set financial targets for the hospital that requires the hospital to cut service lines? Are they informed

when service lines are cut? Any documentation about their role in the elimination of services?

Decisions about discontinuation of services are made at the facility level, in consultation with the medical staff and local governing board, and Ottumwa Regional leadership regularly deliberates about which services it can provide safely, efficiently and successfully to the local community. The considerations in making such decisions include community need, volumes and availability of clinical staff to serve the community. Ottumwa Regional leadership provides regular updates on these issues to Lifepoint management, including the Division President, and in the rare event that a service line is closed, such closure is made in consultation with Lifepoint Division leadership.

Lifepoint's Board of Directors, of which Apollo has members, is not involved in decisions relating to the discontinuation of services at Lifepoint facilities.

6. Supplemental Request: In other responses there was an explanation about cutting services, but they are interested in understanding who makes the final decision. Is it Lifepoint? Apollo? If not Lifepoint or Apollo directly, do Lifepoint or Apollo set financial targets for the hospital that requires the hospital to cut service lines? Are they informed when service lines are cut? Any documentation about their role in the elimination of services?
6a. Please explain how Lifepoint has the resources to build and acquire new facilities and invest in Forward Health/Lifepoint Forward ventures/25m Health, but not the resources to ensure the maintenance of services at its existing facilities.

Lifepoint invests significant resources to ensure that its facilities, including Ottumwa Regional, provide the best possible quality of care to their communities. Consistent with that goal, Lifepoint Division leadership, in conjunction with hospital leadership, routinely analyzes the efficacy of its initiatives to ensure its programs address the needs of the community. Since acquisition, Lifepoint has invested more than $20 million in Ottumwa Regional.

As described below in response to Question 23(a), Lifepoint's investments in Lifepoint Forward, Forward Health Ventures, and 25m Health also further Lifepoint's efforts to prioritize quality of care through innovation and investments in technology. The vision for Forward Health is to support the development of technologies and solutions to enhance the quality of care provided in Lifepoint communities and other rural communities across the country. Its investments are for the purpose of enhancing care and capabilities. Examples are included in response to Question 23(a).

8. Please provide all communications with Apollo regarding "impact on access to health care in rural communities that result from the discontinuation/limitation of services or lack of nurses, providers, or other health care professionals at Lifepoint facilities." Is that shared with Apollo? How is this information relayed back to Apollo and are they providing recommendations or directives to Lifepoint or Apollo?

Lifepoint monitors the challenges in the communities that it serves, including the Ottumwa Regional community, and assists its facilities with providing critical services. The Lifepoint Board, of which

Apollo has members, is informed about challenges that Lifepoint facilities face in the aggregate but typically does not discuss the discontinuation or limitation of services for individual facilities.

14. Supplemental Request: Please provide more information on any partnerships between Ottumwa Regional and University of Iowa, such as the partnerships for medical student rotations and operations of an outpatient substance use clinic.

Dr. Kiefer has been in discussions with the University of Iowa to develop a partnership that will increase cooperation between Ottumwa Regional and the University of Iowa while providing additional resources to Ottumwa Regional and the community. The University of Iowa is a current and important partner to Ottumwa Regional and that partnership is a demonstration of how services and access to services can be expanded in rural communities across the country through expansion of partnerships. The discussions remain ongoing and focused on expansion of care and expertise in Ottumwa, Iowa.

15. Based on the ORHC Community Impact Reports from 2019-2023, we estimated an approximately 37% decrease in employees at ORHC from 2019 to 2023. Please provide the number of ORHC employees for years 2010 through 2018. Has Lifepoint examined the impact of this decrease on the local economy? Please provide all documents that support your response, including all communications with Apollo regarding this matter.

Please see below the total number of providers for Ottumwa Regional.

2015	2016	2017	2018	2019	2020	2021	2022	2023
210	230	244	246	223	223	255	214	235

The number of providers at Ottumwa Regional has remained relatively consistent throughout Lifepoint's ownership of Ottumwa Regional, with the exception of the immediate aftermath of COVID-19, when there was a global shortage of physicians and nurses. Lifepoint has supported, and continues to support, Ottumwa Regional's recruitment of additional physicians.

16. Based on numbers we reviewed from ORHC's March 4, 2024, response to the budget committee (page 8) and the ORHC 2023 Community Impact Report, we estimated the annual hospital employee turnover rate at ORHC for 2023 to be 35% (144/415). Please note if this is correct and provide the ORHC employee turnover rates for 2015-2023. Please provide all communication with Apollo regarding this matter.

The turnover rate for hospital and lab staff, excluding contract and clinic employees, for 2015 to 2023 are as follows:

- 2015: 39.89%
- 2016: 15.09%
- 2017: 20.83%
- 2018: 20.16%

- 2019: 22.67%
- 2020: 22.14%
- 2021: 23.74%
- 2022: 37.25%
- 2023: 42.28%

Between 2020 to 2023, staff turnover increased as a result of the COVID-19 pandemic and nationwide staffing shortages. During the pandemic, Ottumwa Regional, like facilities around the world, had difficulties with attracting and retaining full-time, permanent medical staff. Ottumwa Regional faced additional challenges in staff retention following the incident with Devin Caraccio in late 2022, which added to existing challenges in recruiting staff.

Dr. Kiefer and his leadership team have been focused on bringing local talent back into the organization. They have implemented wage adjustments across nearly all job titles, including RNs, LPNs, paramedics, lab, radiology, and central sterile technicians. Indeed, to attract local clinical talent and improve retention, Ottumwa Regional has recently further increased compensation for RNs with at least eight years of experience, in alignment with national market rates.

18. Please provide comments from the Culture of Safety surveys. Specifically, the 672 comments received during the June 2022 survey, the 645 comments received during the May 2023 survey, and the 386 comments received during the February 2024 survey.

Enclosed at LP-CEG-009115 through LP-CEG-009117are comments received through Ottumwa Regional's Culture of Safety survey. Additionally, enclosed at LP-CEG-009118 are Ottumwa Regional's action plans from 2022 to 2024, which provide information on Ottumwa Regional's action items in response to certain areas identified in the Culture of Safety surveys.

19. What goals and objectives has Lifepoint used to evaluate the ORHC CEO's performance and thereby determine the CEO's compensation level? Since 2019, please describe how the ORHC CEO performed on these goals and objectives and thereby the CEO's associated compensation, including bonuses and any benefits excess of base salary. Please also note any golden parachutes or retirement bonuses provided. Please provide all documents that support your response, including all communications with Apollo regarding this matter.

19. Supplemental Request: Have the goals for the ORHC CEO changed over time. What role does Apollo play? Please provide all documents that support your response, including all communications with Apollo regarding this matter

Lifepoint evaluates all employees in conjunction with Lifepoint's five values, which are: (1) Champion Patient Care; (2) Do the Right Thing; (3) Embrace Individuality; (4) Act with Kindness; and (5) Make a Difference Together. All employees are also evaluated against the Leapfrog performance factors, which includes ensuring that there are ongoing strategies to eliminate unsafe practices. Lifepoint also has specific metrics that are used to evaluate leadership through a "9 Box"

process, including facility CEOs. The practice of evaluating facility leadership with Lifepoint's values has been consistent throughout Lifepoint's oversight of Ottumwa Regional.

Ottumwa Regional's former CEO was separated from Ottumwa Regional on November 3, 2022; he received six months of compensation in severance.

Dr. Kiefer's compensation is based on his progress against individual and company performance targets, as detailed in his offer letter, previously produced at **LP-CEG-002259**.
As detailed in the Ottumwa Regional Chief Executive Officer job description, previously produced at **LP-CEG-002262**, the Ottumwa Regional CEO is expected to provide "leadership and direction for the overall operation of the hospital." This includes, among other things:

- Coordinating the activities of senior executives, and working with senior executives to develop short and long range objectives, policies, and procedures.
- Ensuring the policies are uniformly understood and consistently interpreted and administered;
- Establishing the organization hierarchy and delegating limits of authority to subordinates executives; and
- Analyzing operating results of the hospital and its principal components relative to established objectives and ensuring that appropriate steps are taken to correct unsatisfactory conditions.

As discussed in our January 17, 2024 letter, since joining Ottumwa Regional, Dr. Kiefer has stabilized the hospital's operations and has initiated a number of enhancements to patient safety and care, including implementation of new customer service standards and accompanying training for staff, new equipment, facility repairs and upgrades, and new technology.

Following his appointment as CEO of Ottumwa Regional, Dr. Kiefer set out to ensure that the tragic events that led to the death of Devin Caraccio do not recur. Dr. Kiefer has focused on patient safety throughout his tenure at Ottumwa Regional. Among other things, he has overseen the installation of 100 cameras to increase overall safety for patients and staff and to prevent drug diversion. Under his leadership, Ottumwa Regional also began participating in the Billion Pill Pledge initiative to decrease opioids use following surgery and has begun serving as a drug disposal location for the Ottumwa community, where individuals can dispose of any unused or unwanted medication.

Additionally, Dr. Kiefer has focused on supporting staff and improving staff engagement by introducing regular and open communications among stakeholders, including executive rounding, department meetings, five all-staff town hall meetings over the last year, and a CEO newsletter. Dr. Kiefer has focused on improving patient care as well. For example, to enhance patient and family experiences, he has trained staff on the new customer service standards, strengthened Ottumwa Regional's quality of care committee by adding front line staff as well as a community patient representative to the meeting, and focused on adding new equipment, such as anesthesia carts and a

DaVinci robot, to the hospital. He has also overseen pay increases for EMTs and paramedics to stabilize 911 services for Ottumwa and Wapello County, as well as market salary increases for RNs, LPNs, and a variety of other roles at Ottumwa Regional.

Dr. Kiefer has continued to connect with the local Ottumwa community. He participates in regular discussions with other leaders in the Ottumwa community (such as through his position as a director on the Board of the Greater Ottumwa Partners in Progress ("GOPIP"), a combined chamber of commerce and economic development organization).

His regular coordination and interactions with hospital staff, patients, and local communities allows him to provide strong leadership and direction to Ottumwa Regional and to ensure that Ottumwa Regional is meeting the needs of the Ottumwa community.

Apollo is not involved in compensation decisions for leadership at Lifepoint facilities.

22. What discussions has Lifepoint had internally concerning its solvency? Please provide all documents that support your response.

Lifepoint, similar to every organization, regularly monitors its financial health, both at the local hospital level and in terms of the overall health of all its facilities. Lifepoint has not had any internal discussions about its solvency, which is not in question.

23. Please provide the full list of investments that Lifepoint and its subsidiaries have made in any other companies or projects not directly related to the operation of Lifepoint health care facilities. Please provide the date and amount of the investment, the terms of the investments, any returns made on the investments, Apollo's relationship to the companies receiving the investment, and how ORHC has benefitted from the investment. Please provide all documents that support your response, including all communications with Apollo regarding this matter.

Lifepoint has made only one investment in a healthcare company unrelated to the operations of its existing facilities. *See* LP-CEG-005611.

23a. What is Lifepoint Forward, Forward Health Ventures, and 25m Health?

Lifepoint Forward embodies Lifepoint's approach to cultivating ideas and investing in technology-based solutions to improve quality, access and outcomes win the communities Lifepoint services, while lowering costs. Through the Lifepoint Forward strategy, Lifepoint partners with organizations that are innovating in the healthcare ecosystem, builds companies and solutions to address new opportunities and areas of unmet market need, and buys capabilities that will add value to the organization, the communities Lifepoint serves, and the broader healthcare system. For example, through its partnership with Eon, a leading data science company, Lifepoint launched the "Healthy Lung Program," which leverages Eon's technology to identify abnormal lung findings on X-ray, CT scans, and MRI reports that may be ordered for patients for clinical reasons other than the concern of potential lung cancer. This program has been piloted at three Lifepoint facilities to explore its

effectiveness, with the goal of expanding it to all Lifepoint hospitals in the future. Lifepoint knows that innovation begins in the communities that Lifepoint serves. For this reason, Lifepoint engages with each of its facility teams across the country to understand their specific challenges, and strategically evaluates and implements solutions that meet their needs today and positions its network for the future.

Forward Health Ventures LP and its subsidiaries are affiliates of Lifepoint and invest directly or indirectly in certain digital and innovative health assets, including certain of those in use at Lifepoint's facilities. For example, Forward Health Ventures LP has invested in telemedicine companies focused on offering inpatient and outpatient specialties for virtual care consultations.

Through its subsidiaries, Forward Health Ventures has also invested in 25m Health, Lifepoint's in-house innovation incubator. 25m Health was created in partnership with venture studio 25madison and focuses on building promising healthcare businesses that can address key challenges across Lifepoint's network and more broadly within the healthcare industry. 25m Health has supported the launch and growth of more than a dozen health technology innovators in areas ranging from case management software to women's digital health. Examples of such businesses include Kouper Health, a discharge case management software for hospitals initially piloted at a Lifepoint facility in Dallas, and Midi Health, a female-founded and -led company focused on revolutionizing healthcare for women 40 years of age and older.

25. Please provide ORHC's annual financial reports for 2009-2023, including patient revenue, operating costs, and liabilities." If the annual financial reports are different documents than the "annual operating plans setting forth growth strategies through the expansion of current services, implementation of new services and the recruitment and retention of physicians in each community, as well as plans to improve operating efficiencies and reduce costs" described on LP-CEG-005619, please provide the annual operating plans as well.

25. Supplemental Requests:

Does Apollo play any role in developing these action plans or does Apollo set certain targets that guide the development of these plans?

Ottumwa Regional leadership, in partnership with Lifepoint Division leadership, not Apollo, creates the hospital's strategic growth plans. These plans identify areas for the hospital to improve service quality, expand market share, and enhance operational efficiency across key service lines. As noted above, Lifepoint has invested more than $20 million in Ottumwa Regional to assist hospital leadership in executing these goals. For example, in 2020 Ottumwa Regional determined that it should strengthen its primary care service by adding an additional physician. Ottumwa Regional met this goal the next year, when it added a physician and increased its visits per provider by 16 percent.

Please provide Page 2 for the 2021 income statement (LP-CEG-007964), the 2022 income statement, and the final 2023 income statement.

The previous 2022 income statement inadvertently was titled 2023 income statement (at LP-CEG-00007965). The document at LP-CEG-0007965 is the income statement for 2022, not 2023, which is why the numbers are different than those at LP-CEG-0007965. Enclosed at LP-CEG-009119 is a copy of the updated 2022 income statement, which contains the same numbers, but has the proper 2022 header.

Additionally, enclosed at LP-CEG-009120 is the 2021 income statement, which contains the additional information requested by the Staff.

Please provide clarification on the following line items of the income statements.

A. What is included in the contract services line item and why did it increase from $4.75 million in 2018 to $14.5 million in 2023?

Across all of the markets in which Lifepoint operates, contract services have increased significantly in recent years. Given the financial challenges of operating in a rural community like Ottumwa, and the limited availability of skilled personnel, Lifepoint has begun outsourcing certain services that were previously performed in-house, including, for example, account receivable collections or other non-clinical, backend operations and services.

Additionally, several categories of expenses that typically would be considered contract services were not recorded as such in the income statements before 2019. This included, for example, expenses associated with inpatient rehabilitation services, housekeeping, dietary services, and the pharmacy department.

B. What is included in the interest expense line item and why did it increase from increased from $121,494 in 2018 to $6.4 million in 2023?

The interest expense line item increased between 2018 and 2023 as a consequence of rent expense. Lifepoint remains ultimately and fully responsible for funding its facilities' rent obligations, including at Ottumwa Regional, which it does consistently.

C. Which line item includes the rent payments to Medical Properties Trust?

Rent payments to Medical Properties Trust are captured in the interest expense line item.

D. What is included in other receivables line item and why did it increase from $764,652 in 2022 to $7,423,190 in 2023?

The other receivables line item increased between 2022 and 2023 in connection with the Iowa Directed Payment Program that went into effect in July 2023 and required managed Medicaid companies to pay healthcare providers certain rates. As result of this program, Ottumwa Regional was due an additional $6.9 million in 2023.

E. What contributes to the increase in total non-current liabilities line item from about $2 million in 2018 to about $93 million in 2022 and $118 million in 2023?

There are several factors that contributed to the increase in total non-current liabilities between 2018 and 2023, including debt incurred in connection with capital expenditure investments as well as debt repayable to Lifepoint.

The debt includes debt incurred to expand service line offerings in the community, including but not limited to, a new cardiac catheterization laboratory, a new automated pharmacy management system for safer distribution of medication to ensure that the right medication gets to the right patient, a new robotic surgical system to increase the efficiency and reduce the invasiveness for a wide spectrum of surgical procedures, a new linear accelerator, and a new computed tomography (CT) machine.

As we have noted, Ottumwa Regional has been operating at a cumulative net loss of $53 million since 2019. As a result, Lifepoint has had to invest additional capital in Ottumwa Regional to fund the hospital's ongoing cash operating deficits to keep it open despite its poor financial performance. These investments are recognized as debt repayable to Lifepoint. Ottumwa Regional's debt to Lifepoint will continue to increase until Ottumwa Regional operates at a profit and is able to repay Lifepoint.

26. Please provide a breakout of any dividends or distributions from Regional Care/Lifepoint to Apollo or the Apollo Funds and any fees Lifepoint has paid to Apollo and any of its affiliates. Please provide all documents that support your response.

As we have previously explained, Lifepoint has never paid Apollo or any Apollo affiliate any dividends.

Certain of Lifepoint's employees and directors hold capital units and/or profits interest units in Lifepoint's indirect parent, DSB Parent, L.P. (DSB Parent). DSB Parent is a wholly owned Apollo subsidiary, which is authorized to issue Lifepoint stock to employees, executives, consultants, and directors of Lifepoint. When these employees or directors leave Lifepoint, DSB Parent may repurchase their equity. To fund such repurchases, Lifepoint makes distributions of cash to DSB Parent. These amounts are reflected in "distributions to parent" in the Lifepoint financial statements. The most significant payments occurred in 2021, when Apollo sold its Lifepoint investment to a new Apollo fund, which triggered an accelerated vesting event for holders of equity in DSB Parent. Because Lifepoint, a private company, must compete for senior and executive talent at market rates, the profit units structure provides a method of compensation comparable to compensation structures common among public companies.

As described in the Management Agreement section of Lifepoint's Annual Report, Lifepoint and an affiliate of Apollo are parties to a Management Consulting Agreement, pursuant to which Lifepoint pays Apollo a quarterly management fee of approximately $2.3 million in exchange for advisory services.

In addition, Lifepoint compensates Apollo at market rates for assistance in connection with financial transactions. See, e.g., 2021 Annual 10-K Report, LP-CEG-005565.

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company"). This submission responds to your follow-up questions of November 8, 2024, and provides additional information about Lifepoint's response to the Devin Caraccio incident and continuing efforts to enhance the Company's risk management program and strengthen its drug diversion program, as discussed on our November 6, 2024, call.

We have included in this letter information that includes proprietary business information. We request that this information not be disclosed publicly or to any third party, and to the extent you intend to disclose this information, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

As we have stated in our prior letters, Lifepoint and Ottumwa Regional took immediate and significant steps in response to the Devin Caraccio incident at Ottumwa Regional, at both the local and enterprise-wide levels.

At the local level, Lifepoint supported remediation in several ways, including through financial support to keep Ottumwa Regional open during this challenging time, capital investments to improve the facility and strengthen security, enhancements to the drug diversion program by expanding the role of Guidepost, and support for employees and the affected community. We discussed these efforts in our April 21, 2023 letter.

Lifepoint has also taken a number of steps at the enterprise level over the past few years to strengthen its oversight and compliance programs and help prevent future incidents like those that affected Ottumwa Regional. These changes include (1) developing a more comprehensive Enterprise Risk Management program to facilitate identification and mitigation of risks across Lifepoint facilities; (2) strengthening Lifepoint's drug diversion program, including through investment in a dedicated diversion prevention team, new policies, and increased technology use; (3) implementing policies designed to prevent misconduct, including a new Chaperone Policy, and providing training to ensure employee adoption; (4) investing in a dedicated safety and security team staffed by trained individuals with significant expertise and accountability for patient and employee

safety across the enterprise, and (5) promoting messaging across Lifepoint facilities emphasizing the importance of a speaking up culture.

Enterprise Risk Management Program

Over the past few years, Lifepoint has enhanced its Enterprise Risk Management ("ERM") program to prioritize earlier identification of risk factors that merit Lifepoint intervention. The ERM program was already in progress before the Devin Caraccio incident, and Lifepoint has continued to strengthen the program in the years since.

The ERM program focuses on identifying and evaluating potential risks that exist at Lifepoint facilities and developing and implementing plans to mitigate those risks to improve operations at the facilities. As part of the process, Lifepoint has enhanced and expanded systemwide reporting and monitoring by regularly reviewing trends at its facilities, with a focus on recurring risks and trends; Lifepoint then leverages this data to target efforts to work with facilities to detect and mitigate risks.

Drug Diversion Program

Lifepoint has invested in the creation of a drug diversion prevention department staffed with a team of professionals, many former DEA investigators, to assist the organization with training, policy creation, technology deployment and risk avoidance activities across the enterprise. Central to this team's work has been the implementation of several policies and procedures across the Lifepoint facilities to strengthen its drug diversion prevention program, particularly with respect to the detection of drug diversion instances at early stages, including the Lifepoint Health Controlled Substance Waste Policy (effective in Q1 2024), enclosed at **LP-CEG-009121 through LP-CEG-009129**, the Drug Diversion Surveillance Software Policy and Procedure (effective in May 2023 and modified in November 2024), enclosed at **LP-CEG-009130 through LP-CEG-009134**, and the Storage Handling Procedure for Patient Owned Medications Brought Into the Facility Guidance (effective June 2024), enclosed at **LP-CEG-009135 through LP-CEG-009151**.

Lifepoint developed trainings for these policies to ensure that employees at its facilities are aware of the new requirements. In early 2024, Lifepoint issued a training titled, "It's On Us: Recognizing and Reporting Potential Substance Misuse, Abuse, Drug Diversion and Resources for Employees and Managers" across its facilities to increase awareness of these topics so that Lifepoint employees can detect these types of issues early. Lifepoint also created an online training for the Controlled Substance Waste Policy in January 2024 to provide guidance regarding the handling of medical waste and reporting expectations for any potential problems. This training is now required to be completed annually by all employees, and it is a critical required training during the onboarding process for all new employees.

Lifepoint has also leveraged technology to strengthen and monitor the effectiveness of its drug diversion program. Lifepoint has purchased anti-drug diversion software that has audit and reconciliation capabilities, enabling a hospital to efficiently triage, review, and resolve medication documentation variances. This drug diversion software will be operational at all Lifepoint acute care

facilities by December 2024 and its data will be used by Lifepoint to monitor each facility's drug diversion remediation efforts.

Finally, Lifepoint has established the Diversion Prevention and Community Engagement Team to help implement and oversee the drug diversion program at the local level. Among other things, the Diversion Prevention and Community Engagement Team has informed local Lifepoint facility employees that any instance of potential drug diversion or suspicious activity related to medication management should be reported to the Diversion Prevention and Community Engagement Team immediately for further investigation. The Diversion Prevention Teams also conducts onsite visits at Lifepoint facilities to evaluate facilities' compliance with federal and state regulations, enterprise policies, and ongoing process improvements around drug diversion prevention.

Since January 2024, Lifepoint has also mandated that all facilities conduct a monthly multidisciplinary meeting to ensure communication across hospital operations about controlled substance discrepancies, reviews, trend analysis, and diversion investigations. The required attendees include the facility's CEO, CFO, CNO, ACNO, CMO, DOP Compliance, HR, Security, and Nursing. Further details about this initiative were included in Lifepoint's September 6, 2024 response.

Chaperone Policy and Associated Trainings

Following the Devin Caraccio incident, Lifepoint implemented the Chaperone Policy in May 2023, enclosed at **LP-CEG-009152 through LP-CEG-009156**.

The Chaperone Policy requires an additional healthcare employee to be present to serve as a chaperone during any intimate medical examination or treatment of certain patients, including minors and patients who are unresponsive or sedated (and thus lack decision-making capacity), among others (except during a life-threatening emergency). The chaperone's role is to remain with the patient for the entire examination, to provide emotional support, comfort, safety, and security and to facilitate communication (such as in instances where a language barrier may exist). Patients who are not required to have a chaperone may also request one if they prefer to have another individual present during their examinations.

Lifepoint also provided training on the Chaperone Policy and required all employees to receive training on the Chaperone Policy by September 2023. Lifepoint also directed its marketing department to develop signage educating patients about the policy. An example of signage explaining the policy to patients is enclosed at **LP-CEG-009157**.

Safety and Security Team

In January 2024, Lifepoint established the Safety and Security Team to oversee physical safety and security across its facilities. The team consists of the Assistant Vice President of Safety and Security and three regional directors. Among other things, the Safety and Security Team assists facilities with the management of their video surveillance and access area designations. The Safety and Security Team also conducts assessments to identify potential gaps in facilities' safety and security practices,

and works with the facilities to improve their safety and security programs. These efforts include reviewing and conducting trainings at facilities to ensure employees and staff are aware of the most effective way to protect the wellbeing of patients, employees, and staff.

Lifepoint plans to continue investing in the development of the Safety and Security Team, including expanding the team with additional resources.

Messaging on the Importance of Compliance with Lifepoint Policies

Finally, Lifepoint has strengthened messaging to all its employees regarding the expectation that individuals speak up when they detect any potentially suspicious behavior. These efforts include rolling out an enterprise wide "See Something, Say Something" messaging campaign to promote the culture of speaking openly at all Lifepoint facilities and encouraging individuals to report any instances in which a patient or staff's safety may be at risk. Leaders at Lifepoint headquarters and facilities have reinforced the tone at the top by including information about the See Something, Say Something campaign in their townhalls, management meetings, and other updates to set out clear expectations that individuals must report potential violations of Lifepoint policies immediately.

Furthermore, Lifepoint trainings, including the enterprise-wide Code of Conduct training, have also emphasized the importance of speaking up.

* * *

Lifepoint has a strong and demonstrated commitment to quality, to patient safety, to continuous maturation of our approaches, and to continued investment in the communities we serve. Lifepoint welcomes this opportunity to share information about its operations, policies, and procedures. Thank you for the opportunity to engage on these important issues.

Very truly yours,

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company"). This submission responds to the follow-up questions in your email of November 25, 2024.

We have included in this letter information that includes proprietary business information. We request that this information not be disclosed publicly or to any third party. To the extent you intend to disclose this information publicly or to another third party, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

The Asset Purchase Agreement

Enclosed at **LP-CEG-009158** through **LP-CEG-009165** is the executed Second Amendment to the Asset Purchase Agreement ("Second Amended APA"), which amends Section 10.7 of the previous Asset Purchase Agreement (the "APA), previously produced at LP-CEG-000036 (the original APA dated April 30, 2010) and LP-CEG-008279 (First Amendment to the Asset Purchase Agreement).

Among other things, the Ottumwa Regional Legacy Foundation and Ottumwa Regional agreed to amend the provisions of the APA governing capital projects, physician recruitment and development, residency and hospitalist programs, and outpatient substance abuse program. These amendments were agreed to following conversations between Ottumwa Regional Legacy Foundation and Ottumwa Regional to determine how best to adapt Ottumwa Regional's commitments under the APA to the current needs and conditions of the Wapello County community.

Consistent with the recent discussions concerning how to amend the APA, Ottumwa Regional plans to continue engaging with Ottumwa Regional Legacy Foundation to discuss the ways to best satisfy Ottumwa Regional's obligations under the Second Amended APA.

Ottumwa Regional's Enhancements

Rural hospitals are at risk of closing in almost every state.[1] In the majority of states, over 25 percent of rural hospitals are at risk of closing, and in 10 states, more than half the rural hospitals are at risk.[2] Twenty-eight hospitals in Iowa (about 30 percent of the total number of hospitals in the state) are at risk for closing – 9 of those are at risk for immediate closing. At the same time that private insurance reimbursement fails to reimburse the actual cost of providing services to patients, high inflation has increased the costs of supplies and labor, further exacerbating these challenges.[3] As we have emphasized in our prior letters and in line with this national trend, Ottumwa Regional and its surrounding community have experienced the full range of challenges facing rural hospitals, which has resulted in the hospital's expenses exceeding the hospital's revenue year after year. Lifepoint and Ottumwa Regional have nevertheless remained committed to keeping Ottumwa Regional's doors open, continuing to provide critical services such as obstetrics and gynecology notwithstanding that more than half of the rural hospitals in the United States have ceased labor and delivery services.[4] In Iowa alone, seventy hospitals (about 75 percent of Iowa's total number of hospitals) experienced losses on services.

Lifepoint has consistently supported Ottumwa Regional in its efforts to maintain and expand its services, including by recruiting and hiring additional providers for Ottumwa Regional and improving Ottumwa Regional's current services. As detailed in the Second Amended APA, Ottumwa Regional is actively recruiting general surgeons, an obstetrician/gynecologist, and primary care providers. The organization hired two new certified nurse midwives in 2024 who are already in practice and an orthopedic surgeon who is scheduled to begin providing care in Ottumwa in February of 2025.

Ottumwa Regional is in the process of establishing an outpatient behavioral health service line for the treatment of adult behavioral health needs and substance use disorders to complement its inpatient adult behavioral health unit. Ottumwa Regional has identified space within the hospital to provide these services and is considering potential behavioral health providers with which to contract. Currently, the unit expects to begin providing services around the first or second quarter of 2025.

Additionally, as we have described in past letters, Ottumwa Regional invested in implementing proactive measures to strengthen its drug diversion prevention program and security protocols following the Devin Caraccio incident to prevent any occurrences in the future. These measures include:

---

[1] Rural Hospitals at Risk of Closing, Center for Healthcare Quality & Payment Reform (July 2024), https://chqpr.org/downloads/Rural_Hospitals_at_Risk_of_Closing.pdf, enclosed at **LP-CEG-009166** through **LP-CEG-009168**.
[2] *Id*.
[3] *Id*.
[4] Addressing the Crisis in Rural Maternity Care (July 2024), https://chqpr.org/downloads/Rural_Maternity_Care_Crisis.pdf, enclosed at **LP-CEG-009169** through **LP-CEG-009172**.

- **Medication Security Enhancements**. Ottumwa Regional has purchased new lockboxes for IV drip medications, implemented additional verification, including fingerprint authentication, in automated medication dispensing cabinets, and tightened controls over key distribution and returns.
- **Pharmacy Oversight.** Ottumwa Regional implemented pharmacy software with artificial intelligence integration, which monitors utilization and any abnormal activity with clinical staff and flags concerns for further investigation by pharmacy personnel.
- **Access Control Improvements.** Ottumwa Regional invested in overhauling its proximity access system, and limited facility entry points to a "need-for-access" basis.
- **Staff and Provider Training.** As previously noted, Ottumwa Regional conducted extensive training for staff and providers on safety topics, including training on identifying and reporting unexpected or suspicious activities, education on drug diversion detection and reporting, and training on safeguarding vulnerable patients, including recognizing those with compromised self-advocacy due to age, medical frailty, medications, or restraints.
- **Monitoring and Surveillance Enhancements**. Ottumwa Regional installed two cameras in every medication room to monitor narcotic removal and waste processes continuously and replaced sharps containers with impenetrable, best-in-class models to eliminate opportunities for diversion.
- **Drug Diversion Team and Monitoring.** Ottumwa Regional has established a multidisciplinary drug diversion team that meets regularly to review any drug-related concerns and implemented a random drug screening process for staff and providers, where individuals are randomly selected monthly to provide a urine sample.

Furthermore, Ottumwa Regional also has invested in strengthening communication. In addition to the check-ins between Lifepoint and Apogee described in our November 8, 2024 letter, Ottumwa Regional participates in monthly meetings with Apogee's regional leadership and biweekly meetings with Apogee's local medical director. These meetings allow Ottumwa Regional to raise concerns and identify areas for potential opportunities to enhance care delivery and patient outcomes.

Ottumwa Regional's Income Statement

The Staff suggests that financial income loss should be measured solely by reference to EBITDA. However, that approach runs contrary to accounting principles, which recognize that interest, taxes, depreciation, and amortization must be taken into account to adequately account for the actual costs and consequences of operating the facility.

Furthermore, the Staff raised a specific question about the interest expense line item of the company's income statement. The interest expense line item predominantly include the interest in relation to rent payments under the sale leaseback agreement, financing leases on facilities rented by Ottumwa Regional (such as Ottumwa Regional's clinic buildings).

Finally, the Staff asked about the increase in the non-current liabilities line item of the balance sheet. As explained in our November 8, 2024 letter, since 2019, Lifepoint has invested significant capital in Ottumwa Regional to fund the hospitals' ongoing cash operating deficits to keep it open despite poor financial performance. These investments have funded Ottumwa Regional's operating losses and investments exceeding the RIP. With these investments, Ottumwa Regional has been able to make significant improvements and expand services.

Ottumwa Regional Community Leader Update

As we discussed over email, Ottumwa Regional will provide the Wapello county community with an update about the state of Ottumwa Regional on December 12, 2024. Enclosed at **LP-CEG-009173** through **LP-CEG-009201** is a copy of the slide deck that will be used during the presentation.

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Lifepoint Health Inc. ("Lifepoint" or the "Company"). Over the course of the past 18 months, we have submitted 21 letters responding to over 100 questions, and produced nearly 10,000 pages of documents, including detailed data on the quality of care at Ottumwa Regional Health Center ("Ottumwa Regional), and Lifepoint's investments in the hospital.

In these letters, we have described at length Lifepoint's commitment to patient care at Ottumwa Regional and its work to meet that commitment, including through partnerships with vendors like Apogee Medical Management ("Apogee") and TeamHealth. As we have noted, Ottumwa Regional and Lifepoint are in regular contact with Apogee and TeamHealth on topics involving patient quality and operational efficiency. Specifically, Ottumwa Regional leadership holds regular meetings with Apogee and TeamHealth to discuss their performance and identify any issues that need to be addressed or improved, and to agree to corrective action plans where needed. Lifepoint meets with TeamHealth and Apogee on a quarterly basis to discuss how they are performing from an operational, financial, and quality perspective, and similarly assists on corrective action plans as necessary. Additionally, TeamHealth and Apogee have dedicated representatives who are responsible for responding to concerns raised by Lifepoint facilities, and Lifepoint and Ottumwa Regional interact with and rely on those representatives to address and resolve any immediate concerns related to patient safety and quality of care that implicate either TeamHealth or Apogee. Our responses have also addressed the extensive remediation efforts undertaken across Ottumwa Regional and Lifepoint following the Devin Caraccio incident.

More broadly, our letters have described to you the efforts at Ottumwa Regional to promote patient quality and ensure that they are meeting the needs of the community. These responses have included extensive discussion of efforts to maintain and expand services, and to recruit and retain physicians and nursing staff, including through compensation adjustments, other incentives, and local partnerships. As you know, last week Dr. William Kiefer presented to the Wapello county community about the work that has been undertaken at Ottumwa Regional. We provided you the

deck he planned to use and are enclosing with this letter the final deck that was presented, at **LP-CEG-009202** through **LP-CEG-009230** along with an article published in the Ottumwa Courier on December 13, 2024, about the progress that has been made at Ottumwa Regional, at **LP-CEG-009231** through **LP-CEG-009234**.

* * *

We have included in this letter information that includes proprietary business information. We request that this information not be disclosed publicly or to any third party. To the extent you intend to disclose this information publicly or to another third party, we request that your staff notify us in advance to allow us to discuss the matter and to take appropriate steps to safeguard confidential business information.

Lifepoint welcomes the opportunity to share information about its operations, policies, and procedures. Thank you for the opportunity to engage on these important issues.

Very truly yours,

December 24, 2024

The Honorable Sheldon Whitehouse
Hart Senate Office Building, Rm. 530
Washington, DC 20510

The Honorable Charles E. Grassley
135 Hart Senate Office Building
Washington, DC 20510

Dear Chairman Whitehouse and Ranking Member Grassley:

We appreciate the continued opportunity to share information with you about Ottumwa Regional Health Center ("Ottumwa Regional") and Lifepoint Health Inc. ("Lifepoint" or the "Company").

As we noted in our submission from December 18, 2024, we have voluntarily provided to the Budget Committee staff with extensive material concerning not only Ottumwa Regional, but Lifepoint more generally. Our submissions have addressed the staff's questions regarding Ottumwa Regional's patient care, its quality of care, and its drug diversion programs, as well as Ottumwa Regional's operations and financial results. We have also provided detailed information on Lifepoint's investments in and oversight of Ottumwa Regional, as well as investments that Lifepoint and Ottumwa Regional have made in the Wapello County community more broadly.

On November 8, 2024, we produced at LP-CEG-009113 the monthly report provided by Apogee for October 2024 which includes information about the prior 12 month rolling average of various metrics for all Lifepoint facilities with which it contracts, including Ottumwa Regional. In response to your most recent request on December 20, 2024, we have identified recent examples of reports relating to the topics you noted, including the most recent Emergency Department scorecard for Ottumwa Regional, enclosed at **LP-CEG-009235**, the Ottumwa Regional and TeamHealth action tracker, enclosed at **LP-CEG-009236**, and Ottumwa Regional's 2025 Strategic Plan **LP-CEG-009237** through **LP-CEG-009284**.

Medical Properties Trust

March 31, 2023

Senator Charles E. Grassley, Ranking Member
[redacted]
Committee on the Budget
624 Dirksen Senate Office Building
Washington, DC 20510

VIA EMAIL

Dear Senator Grassley:

We appreciate the opportunity to respond to your letter of March 17, 2023, requesting information with respect to our company's connection to Ottumwa Regional Health Center. We join you in deploring the horrific acts that occurred at the facility as described in your letter, and applaud your leadership and advocacy on behalf of patients of rural hospitals in Iowa and throughout the United States. As described in further detail below, Medical Properties Trust, Inc. ("MPT") is the owner of the real estate assets comprising Ottumwa Regional Health Center but plays no role of any kind in its healthcare operations.

For over 20 years, MPT has served as a trusted and committed resource for hospital capital because we understand how vital hospitals are in supporting a community's health. As a qualified real estate investment trust ("REIT), our primary business is to acquire and develop hospital real estate, which we then lease to healthcare operating companies under long-term net leases. MPT has tenant relationships with more than 50 healthcare operators involving more than 400 facilities around the world.

As noted in your letter, MPT acquired the real estate assets of Ottumwa Regional Health Center in December 2019 from Lifepoint Health, Inc. ("Lifepoint"), as part of a portfolio of acute care hospitals located in six U.S. states. MPT paid approximately $57.0 million for the Ottumwa assets, which were leased to Lifepoint under a master lease agreement with an initial term of 20 years. Based on our prior experience, we considered Lifepoint to be a proven healthcare operator, with expertise in operating hospitals in mid-sized markets. Lifepoint is the sole community healthcare provider in many of the non-urban communities it serves, including Ottumwa.

Medical Properties Trust, Inc.
1000 Urban Center Drive, Suite 501
Birmingham, Alabama 35242

Phone: 205.969.3755
Fax: 205.969.3756

medicalpropertiestrust.com

Pursuant to the terms of the master lease and the laws and regulations applicable to REITs, we have no operational role of any kind at any of the facilities leased to Lifepoint, including Ottumwa. As with the vast majority of our tenants, our lease with Lifepoint as operator of the Ottumwa Regional facility is "triple-net," meaning that Lifepoint is responsible for all ongoing operating expenses of the facility, including the costs of repairs and maintenance, property taxes and property, casualty, general liability and other insurance coverages. The capital we provide through the master lease structure essentially serves as real estate financing that allows the operator to strengthen its operations and better address patient needs, but it does not give MPT any role in hospital operations. Decisions regarding care delivery, billing practices, revenue and charge per patient goals, staff-to-patient ratios, charge-to-cost ratios, contracts for staffing, and other contracts are made solely by the operator.

Set out in the following pages please find MPT's responses to the specific questions addressed to us in your letter. Please feel free to contact the undersigned with respect to any of the matters addressed in this letter or otherwise.

Very truly yours,

Edward K. Aldag, Jr.,
Chairman, President and Chief Executive Officer

Responses

1. *Describe your company's financial or operational relationship with Ottumwa Regional Health Center and provide the exact dollar amount your company has invested in Ottumwa Regional. Please answer in timeline form and include any agreements or contracts between your company and Ottumwa Regional.*

   Response: As noted above, MPT acquired the real estate assets (only) of Ottumwa Regional Health Center on December 17, 2019, as part of our acquisition of a portfolio of acute care hospitals in six U.S. states from Lifepoint. MPT paid $57,028,731 for the Ottumwa real estate, which was (and remains) leased to Lifepoint under a master lease agreement with an initial term of 20 years. Aggregate annual lease payments to MPT under the lease are currently approximately $4.5 million. This rent level is fixed for the term of the lease, subject only to adjustments for inflation, which provides assurance to the hospital operator that market forces, unpredictable changes in interest rates and periodic disruptions in credit markets will not unexpectedly increase the hospital's costs.

2. *If your company no longer has a financial or operational relationship with Ottumwa Regional, explain the reasons for which your company withdrew its investment, including the date you exited and your return on investment.*

   Response: As noted above, MPT remains the landlord of the operator of Ottumwa Regional.

3. *While invested in Ottumwa Regional Center or any related entity that has an interest in Ottumwa Regional, please describe your company's authority to:*

   a. *Manage its care delivery;*
   b. *Manage its billing practices;*
   c. *Determine its annual net income goals;*
   d. *Determine its charge per patient goals;*
   e. *Determine its staff-to-patient ratios;*
   f. *Determine its charge-to-cost ratios;*
   g. *Enter into contracts for staffing; and*
   h. *Enter into any contracts on behalf of Ottumwa Regional.*

   Response: MPT does not have an operational role at Ottumwa Regional Center of any kind and does not have any authority whatsoever with respect to any of the matters listed above.

4. *Does your company have plans to invest capital in Ottumwa Regional? If so, please describe them. If not, why not?*

   Response: As a REIT, our investment in Ottumwa is limited to its real estate assets, and any further investment in property or improvements would be in collaboration with the operator We are not aware at this time of plans by the operator for major capital improvements to the real estate. However, at the operator's request, MPT would consider funding any such improvements.

5. *How was your company involved in the 2019 sale-leaseback?*

   Response: As noted above, MPT and its affiliates acquired the real estate assets of acute care hospitals in six U.S. states operated by Lifepoint in the 2019 sale-leaseback transaction, including Ottumwa Regional Center. We leased the real estate of Ottumwa to affiliates of Lifepoint under a long-term master lease agreement.

6. *Explain in detail the reasons for the 2019 sale-leaseback of Ottumwa Regional. What were the terms of the 2019 sale-leaseback transaction? How did you sell this to the local communities and hospitals? Please provide all records.*

   Response: (Our response to this question is necessarily limited to reasons for the transactions from MPT's perspective.) MPT is a publicly-traded REIT formed in 2003 for the primary purpose of acquiring and developing healthcare facilities. Our strategy is to lease the facilities that we acquire or develop to experienced healthcare operators pursuant to long-term triple-net leases. Based on our prior experience with hospital real estate leased to Lifepoint and its predecessors, we concluded that Lifepoint was a proven hospital operator with expertise in operating hospitals in mid-sized markets, and was often the sole community healthcare provider in many of the non-urban communities it serves, including Ottumwa.

   The reasons for the Ottumwa Regional sale-leaseback transaction from MPT's perspective were thus in the ordinary course for a public REIT. We invested approximately $57.0 million of capital to acquire the real estate assets of a community-critical hospital in exchange for a long-term lease with an experienced and reputable operator at commercially reasonable rates and terms.

   We would be happy to provide further information with respect to the 2019 sale-leaseback transaction as may be helpful, in addition to information about sale leaseback transactions in our industry more generally.

7. *To what extent does your company contractually shield itself from liability for activities that occur at the hospitals you invest in, operate, or manage?*

Response: As noted above, MPT does not operate or manage hospitals or other healthcare facilities (nor is it permitted to do so under applicable REIT tax rules, absent special circumstances). Accordingly, we have no involvement whatsoever in the day-to-day operational activities of any hospitals which are our tenants. Our leases with operators are triple-net, meaning that the lessees are responsible for all ongoing operating expenses of the facility, including the costs of repairs and maintenance, property taxes and property, casualty, general liability and other insurance coverages. Our leases consequently require lessees to indemnify us for any liabilities arising from activities that occur at the hospital.

8. *What happens if one of the medical facilities that are subject to a sale-leaseback is unable to pay rent?*

Response: From our perspective as the owner of hospital real estate, the last thing we want is for a hospital to cease operating. Because our own revenues are largely dependent on the ability of our tenants to pay us rent under their leases, our underwriting is primarily focused on ensuring that hospitals within our portfolio remain financially sound and continue to serve their communities for the full long-term duration of our leases. Accordingly, on the rare occasions when one of our hospital operators was unable to timely pay their operating expenses, we attempt to work collaboratively with the operator to address the problem.

In this regard we note that in our experience a hospital's rent expense under a sale-leaseback transaction is virtually never the determinate cause of the hospital's financial weakness or curtailment of any particular service. This is because rent is only one operating expense line item among many others on a hospital's operating statement, including more substantial expenses such as supplies, pharmaceuticals, professional services, etc.

9. *Describe in detail your company's expertise regarding rural or non-urban hospitals. Please include the full name and curriculum vitae of every person your company relies on for rural or non-urban hospital advice.*

Response: As noted in the Responses to Question 3 and 7, MPT does not have an operational role at the hospitals that are its tenants.

10. *How much money did your company receive in COVID-19 stimulus aid, including CARES Act dollars and grants? Provide an explanation as to why your company needed federal stimulus aid. Describe in detail how these funds were allocated.*

    Response: MPT was fortunate to be able to provide sustainable levels of compensation to its employees and their families during the extreme financial stresses caused by the COVID-19 pandemic. Although certain provisions of the CARES Act and other stimulus were available to us, we elected not to apply for them and we received no such support.

11. *Explain your company's role in the decision to hire William Kiefer as CEO of Ottumwa Regional.*

    Response: As noted above, MPT does not have, and did not have, any role or decision-making authority with respect to personnel decisions or any other operational matters at Ottumwa Regional.

12. *Explain your company's relationship with William Kiefer, including any prior positions he held with your company or a related company.*

    Response: MPT does not have currently and has not had in the past, any relationship with William Kiefer.

CONFIDENTIAL TREATMENT REQUESTED

April 7, 2023

VIA ELECTRONIC TRANSMISSION

The Honorable Charles E. Grassley
United States Senate
Hart Senate Office Building
Washington, D.C. 20510

Re: March 17, 2023 Letter to Warburg Pincus LLC

Dear Senator Grassley,

On behalf of Warburg Pincus LLC ("Warburg Pincus" or "our" or "we" or the "Firm"), I write in response to your letter dated March 17, 2023 (the "Letter") in which you requested information regarded investments made by funds managed by Warburg Pincus in the Ottumwa Regional Health Center in Ottumwa, Iowa, and specifically about the events that occurred at that facility in 2021 and 2022.

Funds managed by Warburg Pincus have made investments in a wide array of industries including investments in hospitals and other segments of the healthcare industry. Currently, no fund managed by Warburg Pincus holds any investments in US based hospitals.

Since its founding in 1966, Warburg Pincus has predominantly pursued a strategy of growth investing at scale, with the vast majority of the investments made in growth stage or early-stage companies. Over the years, funds managed by Warburg Pincus have successfully invested in growth companies as well as companies at other stages of development, from building early stage and start-up companies, to providing capital to meet the needs of existing businesses and, to a lesser extent, to investing in later-stage transactions and special situations, typically in circumstances in which growth is a key aspect of the investment thesis. The firm's early-stage and growth investing approach is thesis-driven, pursuing extensively researched themes and ideas. The firm also prefers to invest with accomplished management teams who are investing in the transactions alongside the firm. As evidence of the firm's successful focus on growth investing, the firm's portfolio investments have completed over 170 initial public offerings.

Warburg Pincus aims to build lasting companies that will perform well in growing industries—the goal in every investment is to create a larger, thriving business by making long-term investments and creating value. Warburg Pincus believes that this approach positions the investors in the funds it manages, which include pension funds

that benefit multiple categories of public and private employees, to receive attractive risk-adjusted long-term returns over the course of economic and capital markets cycles.

In 2009, funds managed by Warburg Pincus partnered with Martin Rash to form RegionalCare Hospital Partners Holdings, Inc. ("RCHP") a start-up based in Brentwood, Tennessee. Mr. Rash is an accomplished hospital industry executive and had previously been the CEO of another hospital company that had been sold to LifePoint Hospitals in 2005. Province Healthcare Company. Mr. Rash was supported by a team of senior executives that had a deep experience acquiring and operating hospitals as well as in the healthcare industry more broadly.

As you noted in your Letter, Ottumwa Regional Health Center ("Ottumwa Regional") was acquired by RCHP in 2010. As noted via email on March 20, 2023, RHCP was then sold to Apollo Global Management ("Apollo") in December of 2015. Since the 2015 sale of RHCP by funds managed by Warburg Pincus, Warburg Pincus has had no relationship with RCHP, Ottumwa Regional, or LifePoint Health.

As discussed on the April 4 phone call, Warburg Pincus is limited in its ability to respond the Letter. Warburg Pincus sold its investment in RHCP to Apollo in 2015 and has maintained no relationship with RHCP or Ottumwa Regional since that date. The Warburg Pincus partner who oversaw the investment in RHCP left the Firm approximately six years ago. Pursuant to our compliance policies, which are consistent with the recordkeeping rules set forth in the Investment Advisers Act of 1940, we retain records for 7 years and some of the records associated with the Warburg Pincus Investment in RCHP are beyond this recordkeeping requirement. Therefore, there is no complete set of documentation regarding our RHCP investment.[1] Given these constraints and Warburg's lack of involvement with Ottumwa Regional and RCHP since 2015, the information we are able to provide is incomplete and would effectively rely on publicly available information rather than our own records. Below are the responses from Warburg Pincus given these constraints.

1. **Describe your company's financial or operational relationship with Ottumwa Regional Health Center and provide the exact dollar amount your company has invested in Ottumwa Regional. Please answer in timeline form and include any agreements or contracts between your company and Ottumwa Regional.**

[1] Warburg Pincus is a SEC regulated investment advisor. Pursuant to federal regulation, books and records of investment advisers are required to be kept for a minimum period of five years after exiting the investment. *See* 17 CFR § 275.204-2.

Warburg Pincus has no current financial or operational relationship with Ottumwa Regional Health Center. From 2009-2015, funds managed by Warburg Pincus invested $265 million in RCHP out of a $300 million line of equity established in July 2009. These capital investments were used in part to help the hospitals described below (including Ottumwa Regional Health Center) pay down existing debt, expand clinical services, invest in advanced care treatments and fund other working capital needs. The table below shows a timeline of the investment in RCHP.

Date	Event
July 6, 2009	Warburg Pincus invested $5.0 million in RCHP to commence operations
April 30, 2010	Warburg Pincus invested $100 million in RCHP to finance their acquisition of Ottumwa Regional
June 30, 2010	Warburg Pincus invested $160 million in RCHP to finance their acquisition of Coffee Health Group, a two-hospital system in Florence, Alabama
December 1, 2010	RCHP acquired Clinton Memorial Hospital
November 4, 2011	RCHP acquired Essent Healthcare, Inc.
April 30, 2013	RCHP acquired Sierra Vista Regional Health Center
January 16, 2015	RCHP acquired Community Medical Center
December 3, 2015	Warburg Pincus sold RCHP to Apollo

2. If your company no longer has a financial or operational relationship with Ottumwa Regional, explain the reasons for which your company withdrew its investment, including the date you exited and your return on investment.

Warburg Pincus regularly exits investments for a variety of reasons. On December 3, 2015, Warburg Pincus exited its investment in RCHP by selling its shares in RCHP to Apollo. As previously mentioned, Warburg Pincus made a total investment of $265 million in RCHP. The sale of shares to Apollo was the only liquidity event associated with the Warburg Pincus investment in RCHP. In connection with the sale, Warburg Pincus received total proceeds of approximately $259.7 million, slightly less than the money it invested resulting in a slightly negative rate of return.

3. While invested in Ottumwa Regional or any related entity that has an interest in Ottumwa Regional, please describe your company's authority to:

a. Manage its care delivery;

b. Manage its billing practices;
c. Determine its annual net income goals
d. Determine its charge per patient goals;
e. Determine its staff-to-patient ratios;
f. Determine its charge-to-cost ratios;
g. Enter into contracts for staffing; and
h. Enter into any contracts on behalf of Ottumwa Regional.

From 2010-2015, the period after RHCP acquired Ottumwa Regional and before the sale of RHCP to Apollo, Warburg Pincus did not make operational decisions for Ottumwa Regional or any other hospital facilities operated by RHCP. The RCHP management team were responsible for care delivery, billing practices, staffing, annual planning, and all other aspects of patient care.

4. Does your company have plans to invest capital in Ottumwa Regional? If so, please them. If not, why not?

Warburg Pincus has no plans to invest capital in Ottumwa because there is no current relationship between Warburg Pincus and Ottumwa Regional and there has been no relationship between Warburg Pincus and Ottumwa Regional since 2015 when funds managed by Warburg Pincus sold RHCP, which included Ottumwa Regional.

5. How was your company involved in the 2019 sale-leaseback?

Warburg Pincus was not involved in the 2019 sale-leaseback because there has been no relationship between Warburg Pincus and Ottumwa Regional since 2015 when funds managed by Warburg Pincus sold RHCP, a sale which included Ottumwa Regional.

6. Explain in detail the reasons for the 2019 sale-leaseback of Ottumwa Regional. What were the terms of the 2019 sale-leaseback transaction? How did you sell this to the local communities and hospitals? Please provide all records.

Warburg Pincus has no knowledge of the reasons for the 2019 sale-leaseback of Ottumwa Regional or its terms, and has no records related to the sale-leaseback. Warburg Pincus was not involved in the 2019 sale-leaseback of Ottumwa Regional because there has been no relationship between Warburg Pincus and Ottumwa Regional since 2015 when funds managed by Warburg Pincus sold RHCP, a sale which included Ottumwa Regional.

7. To what extent does your company contractually shield itself from liability for activities that occur at the hospitals you invest in, operate, or manage?

Warburg Pincus does not have any current investments in hospitals and does not operate or manage any hospitals. To the extent this question is seeking information about how Warburg makes investments, there is no pre-determined formula and instead investments are structured and made after significant diligence based on the individual circumstances around the investment.

8. What happens if one of the medical facilities that are subject to a sale-leaseback is unable to pay rent?

Warburg Pincus does not currently have any investment in medical facilities and has no knowledge of the implications for medical facilities that are subject to sale-leasebacks and are unable pay rent. Warburg Pincus was not involved in the 2019 sale-leaseback of Ottumwa Regional because there has been no relationship between Warburg Pincus and Ottumwa Regional since 2015 when funds managed by Warburg Pincus sold RHCP, a sale which included Ottumwa Regional.

9. Describe in detail your company's expertise regarding rural or non-urban hospitals. Please include the full name and curriculum vitae of every person your company relies on for rural or non-urban hospital advice.

Warburg Pincus is active in a variety of sectors including healthcare generally, however there are no current investments in any US-based hospitals. When making investments, Warburg Pincus will often partner with and engage consultants and advisors with specific industry expertise on an investment-by-investment basis. In 2009, when Warburg Pincus initially invested in RCHP, we partnered with Martin S. Rash who was the chairman and CEO of RCHP. To the best of our knowledge and based on a review of publicly available information, Mr. Rash is currently a member of the board of directors of LifePoint Health and the former chairman and CEO of RCCH HealthCare Partners and Province Healthcare.[2] Mr. Rash is also a past chairman of the Federation of American Hospitals (FAH) and the Nashville Health Care Council.[3] To the best of our knowledge, Warburg Pincus has not had a relationship with Rash, RHCP, or LifePoint Health since the 2015 sale of RCHP.

[2] Warburg Pincus does not maintain records or curriculum vitae regarding Rash's expertise, however his parts of his background and experience are included based on a review of public information from the following sources: https://www.uvpeye.com/leadership-team/martin-s-rash/ and https://www.linkedin.com/in/marty-rash-7a125288/.

[3] *Id.*

10. How much money did your company receive in COVID-19 stimulus aid, including CARES Act dollars and grants? Provide an explanation as to why your company needed federal stimulus aid. Describe in detail how these funds were allocated.

Warburg Pincus did not receive COVID-19 stimulus aid.

11. Explain your company's role in the decision to hire William Kiefer as CEO of Ottumwa Regional.

Warburg Pincus has no knowledge regarding the decision to hire William Kiefer as CEO of Ottumwa Regional. There has been no relationship between Warburg Pincus and Ottumwa Regional since 2015 when funds managed by Warburg Pincus sold RHCP, a sale which included Ottumwa Regional.

12. Explain your company's relationship with William Kiefer, including any prior positions he held with your company or a related company.

To the best of our knowledge, Warburg Pincus has no relationship with William Kiefer nor has Mr. Kiefer held any positions with Warburg Pincus or a related company.

We hope the information we have provided herein with respect to Warburg Pincus's investment in RHCP investment, which we fully exited in 2015, is helpful to your review.

[redacted]

Managing Director, Head of Global Public Policy and Political Risk
Warburg Pincus LLC

MANAGERIAL AND ADMINISTRATIVE SUPPORT AGREEMENT

THIS MANAGERIAL AND ADMINISTRATIVE SUPPORT AGREEMENT (this "Agreement") is entered into with an effective date of January 1, 2019, by and between LifePoint Corporate Services, General Partnership (the "Manager"), and RCHP-Ottumwa, LLC (the "Company"), which presently owns and operates Ottumwa Regional Health Center (the "Hospital").

W I T N E S S E T H:

WHEREAS, Company and Manager are each wholly owned indirect subsidiaries of LifePoint Health, Inc., a Delaware corporation ("Parent");

WHEREAS, Manager, through its executives, other personnel, and/or personnel of its affiliates, possesses certain experience and expertise in the developmental, operational and administrative aspects of businesses like that of the Hospital;

WHEREAS, Company desires to retain Manager for the purpose of rendering management, administration, consulting and purchasing services and support, and all other reasonably necessary management support needed for the operation of the Hospital on the basis hereinafter set forth, subject to the policies established by Company, which policies shall be consistent with applicable state and federal law;

WHEREAS, Manager shall provide those management services that are set forth in more detail in this Agreement (the "Management Services") for the account of, and as an agent of, Company. All such management services shall be rendered using Manager's commercially reasonable efforts and subject to the control of Company, which (as between Manager and Company) shall have the final authority in all matters relating to the Hospital's operations;

WHEREAS, Manager also provides the Management Services to other subsidiaries of Parent, each of which operate and function as separate legal entities;

WHEREAS, significant economies of scale could be achieved by coordinating the Management Services between Company and the other subsidiaries; and

WHEREAS, Company and Manager wish to set forth the terms and conditions for the rendering of the Management Services to the Hospital.

NOW, THEREFORE, in consideration of the foregoing, of the mutual premises contained herein and of other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto, intending legally to be bound, hereby agree as follows.

ARTICLE I. ENGAGEMENT OF MANAGEMENT SERVICES

Company hereby engages Manager, and Manager agrees to provide the Management Services upon those terms and conditions hereinafter set forth. The Hospital and the businesses conducted at the Hospital shall be collectively referred to herein as the "Business." Manager shall discharge its duties pursuant to this Agreement as a manager in good faith and in a manner Manager reasonably believes to be in the best interests of the Business.

ARTICLE II. RETENTION OF CONTROL

2.1. Company shall retain all jurisdictional powers incident to ownership and operation of the Hospital, to determine the general and fiscal policies thereof, and to maintain full and complete control of the administration and operations of the Hospital. The powers retained by Company shall include, without limiting the foregoing: (a) appointing members to the medical staff, (b) making decisions regarding the admission of patients; (c) establishing all policies and procedures for the provision of healthcare at the Hospital; (d) selecting the administrative staff and all other staff of the Business; (e) determining the salary, benefits and other compensation for all staff and other employees; and (f) establishing and appointing members of the advisory boards of the Hospital. Company shall be and shall remain the owner and holder of all licenses, contracts, certificates and accreditations and shall be the "provider of services" within the meaning of any third-party contracts for services. It shall be the sole responsibility of Company to ensure that the Hospital complies with all pertinent provisions of federal, state and local statutes, rules and regulations. All matters requiring the professional medical judgment of a provider shall remain the responsibility of the Hospital's medical staff and other health professionals. Manager shall have no responsibility or right whatsoever to make any medical judgments, and at all times shall respect the medical judgment of the Hospital's medical staff.

2.2. Company shall conduct all of its relationships with providers, including the Hospital's medical staff and other healthcare professionals, in full compliance with all applicable laws and regulations. Company covenants and agrees that prior to admitting a new member to the medical staff, contracting with a health professional, or entering into a new agreement with a contractor, Company will conduct appropriate credentialing of those providers consistent with then applicable laws and rules.

ARTICLE III. MANAGEMENT SERVICES

Subject to the provisions of Article II, the financial resources of Company, and where applicable under the terms of this Agreement, subject to the direction and prior approval of Company, Manager or its affiliates will render the following Management Services to the Hospital:

A. Providing consulting services in such areas as: long-range planning, management planning, quality assurance programs, risk management, materials management, management development, facilities development and productivity improvement programs, service utilization analysis, systems development, supply and charge systems, manpower utilization and control systems, technical skills training, new product evaluation and educational programs for clinical staff, physician recruiting, compliance and medical staff development;

B. Providing consulting services in connection with assisting the Hospital in maintaining the accreditation of the Hospital with the proper agencies, to include, but not limited to, The Joint Commission and consulting services in connection with implementing the Hospital's quality plan;

C. Arranging for the purchase by Company, at Company's expense, of hazard, liability, professional and other necessary insurance coverage for the Hospital; provided, however, that the medical staff members and other health professionals practicing in the Hospital shall obtain their own malpractice insurance;

D. Employing and/or supervising, directing, leasing and discharging on behalf of Company, at Company's expense, all non-physician personnel performing services at the Hospital as set forth in Article VI;

E. Providing consulting services in such areas as professional recruitment, performance appraisal systems, personnel education and training, procurement of employee benefits and the design of compensation packages;

F. Providing advisory services and other assistance with the creation of reimbursement files, categorizations for submission of reimbursement forms to the appropriate agencies, electronic transfer of data communications and funds and monitoring and coordination of issues related to reimbursement; provided that if legal action is required in connection with such matters, the cost of such action is not included in the Management Fee (as hereinafter defined) and will be paid by Company;

G. Negotiating fee payment methods, including Medicare and Medicaid reimbursement, with third-party payors and state and federal agencies and determining and setting patient charges for services provided by the Hospital;

H. Providing consulting services, at Company's expense, such as legal consultation and document preparation related to acquisitions, real estate purchases, real estate sales, managed care contracts, hospital-based physician contracts, outside service contracts, medical office building issues, maintenance contracts, physician recruitment and employment issues and patient confidentiality issues; provided that the Management Fee includes Manager's consulting services, but does not include the cost of third-party consultation services (which costs will be paid by Company) and arranging for all necessary and desirable repairs and maintenance at Company's expense of the physical plant, furnishings and equipment of the Hospital;

I. Providing standard formats for all charts, invoices and other forms used in the operation of the Hospital;

J. Providing various operational guidelines, including, but not limited to, protocols and medical guidelines;

K. Providing for the purchase or lease by Company, at Company's expense, of all supplies and equipment used in the operation of the Hospital, and providing assistance in evaluating capital and operational expenditures in connection with the Hospital;

L. Subject to any applicable legal and regulatory requirements, negotiating, entering into, terminating and administering on behalf of the Hospital and in the name of the Hospital, contracts for services;

M. Information systems management, including arranging for use of third-party software and services with respect to information technology for clinical systems, programming interfaces between software products, help desk and software support; provided that the costs of any third-party software is not included in the Management Fee and will be paid by Company;

N. Providing administrative advisory services for the overall benefit of the Hospital's healthcare operations, such as establishing and maintaining group purchasing arrangements of Manager or its affiliates through Healthtrust Purchasing Group, LP or otherwise, and identifying and maintaining quality vendor relationships;

O. Providing human resources functions; and

P. Directing the day-to-day operations of the Hospital to ensure that the Hospital's operations are conducted in a business-like manner and in accordance with the decisions of the Company.

ARTICLE IV. ACCOUNTING AND BOOKKEEPING SERVICES

Manager agrees that Manager or its affiliates shall review, direct and supervise the following accounting and bookkeeping services for Company in the operation of the Hospital:

A. Implementing and administering policies and procedures for the management and control of purchases, accounts payable, cash disbursements and all business related transactions;

B. Implementing and administering policies and procedures for the management and control of patient billing, claims filing, accounts receivable, credit collection and receivables activities and all necessary patient account transactions;

C. Cooperating in the preparation of periodic financial statements, including those as required by Company's organizational documents (if any), and cooperating in periodic audits of the Hospital by state and/or federal agencies;

D. Assisting in the implementation and administration by Company of an annual capital and operating budget for the Hospital and recommending rates for patient and other hospital charges permitting the Hospital to fulfill its internal budget guidelines;

E. Implementing and administering procedures for the reporting of patient claims and utilization services in accordance with payor requirements and negotiating fees with third-party payors (including health maintenance organizations) on behalf of the Hospital;

F. Implementing and managing accounting systems and data processing systems that are required to perform the functions necessary to efficiently and effectively operate the Hospital, including, without limitation, such accounting systems as are necessary and appropriate to enable the Hospital to allocate its costs and revenues to designated cost centers, and in connection therewith, providing and maintaining all equipment necessary to provide those services set forth above;

G. Collecting and receiving for the Hospital and depositing in the bank accounts for the Hospital as directed by Company all funds generated from the operation of the Hospital and supervising the disbursement of such funds for the operation of the Hospital; provided that nothing herein shall prohibit Manager from utilizing third party collection agents in fulfilling such obligation; and

H. Preparing or providing for the preparation, at Company's expense, of payroll and supervising preparation of Company's tax returns and the K-1 of the member of Company.

ARTICLE V. OTHER MANAGEMENT SERVICES

At the request of Company, Manager may provide additional services to Company which are not included in this Agreement and for which a separate fee will be negotiated and separate terms and conditions agreed ("Other Services").

ARTICLE VI. EMPLOYEES

During the term of this Agreement, Manager will make available to Company the services of certain employees of Manager and its affiliates (the "Employees"). Such Employees shall include the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and Chief Nursing Officer (collectively, the "Key Personnel"). Manager shall have the right to reassign or terminate the

employment of an Employee and to hire such additional individuals as Employees as Manager determines is reasonably necessary from time to time to fulfill Manager's obligations under this Agreement. Manager shall have the right to control and direct the Employees as to the performance of duties and as to the means by which such duties are performed. Nothing herein is intended to affect Manager's or its affiliate's status as an employer of each Employee or Manager's control over each such individual during the term of this Agreement. Notwithstanding any other provision of this Agreement to the contrary, including Article XV hereof, Manager and its respective officers, directors, agents and employees shall be held harmless and indemnified by Company for claims, demands, losses or liabilities incurred or arising out of or relating to the continued employment of the Employees during the term of the Agreement.

ARTICLE VII. SPECIAL CONSULTANTS

Manager shall engage, for and on behalf of Company, such consultant(s) as Company and Manager may consider reasonably necessary and appropriate. Such consultant(s) may include any services outside of the services covered under this management agreement. Company shall bear the fees and expenses incurred for the services of such consultants.

ARTICLE VIII. LEGAL ACTIONS

Manager shall advise and assist Company in instituting or defending, as the case may be, in the name of Company and/or Manager, all actions arising out of the operation of the Hospital and any and all legal actions or proceedings relating to the Hospital and operations therefrom to which either Company or Manager is a named or threatened party. Manager also shall assist Company in taking such actions as are necessary to protest, arbitrate or litigate to a final decision in any appropriate court or forum any violation, penalty, sanction, order, rule or regulation affecting the Hospital. Manager has access to a staff of attorneys who may be consulted by Company on legal issues relating to the Hospital as reasonably necessary. The consulting services of such staff are included in the Management Fee. It is not intended that the in-house legal staff handle all of Company's legal matters and Manager, in consultation with Company, shall determine when engaging outside legal counsel, rather than in-house legal staff, would be desirable for a specific issue or matter. The in-house legal staff will, upon request, assist Company in selecting and overseeing the work of outside counsel. The costs of outside counsel incurred for special projects approved in the operating budget or otherwise approved by the Company are not included in the Management Fee and will be charged to Company. In general, litigation is not covered by the Management Fee.

ARTICLE IX. TERM

Subject to the terms of Article X and Section 16.3, the term of this Agreement (the "Term") shall commence as of the date hereof and shall continue in full force and effect until the date that an entity directly or indirectly owned or controlled by LifePoint Hospitals, Inc., ceases directly or indirectly to be a member of Company.

ARTICLE X. DEFAULT AND TERMINATION

10.1. It shall be an event of default ("Event of Default") hereunder:

10.1.1. If Company shall fail to make or cause to be made any payment to Manager required to be made hereunder, or shall fail to make any payment pursuant to any other agreement between the parties, and such failure shall continue for thirty (30) days after notice thereof shall have been given to Company.

10.1.2. If Manager shall fail in any material respect to make available to Company any material portion of the Management Services required by this Agreement, and such failure shall not be cured: (i) within thirty (30) days after notice thereof by Company to Manager if such failure is capable of cure within such period; or (ii) within a reasonable period of time for cure if such failure cannot reasonably be cured within such thirty (30)-day period, provided Manager commences its curative actions within such thirty (30)-day period and proceeds diligently to cure thereafter (in which event, Manager shall have a reasonable time beyond such thirty (30)-day period to complete its cure of the alleged basis for Company's election to terminate).

10.1.3. If either Company or Manager applies for or consents to the appointment of a receiver, trustee or liquidator of such party or of all or a substantial part of its assets, file a voluntary petition in bankruptcy, make a general assignment for the benefit of creditors, file a petition or an answer seeking reorganization or arrangements with creditors or to take advantage of any insolvency law, or if an order, judgment or decree shall be entered by any court of competent jurisdiction, on the application of a creditor, adjudicating such party bankrupt or insolvent, and such order, judgment or decree shall be entered by any court of competent jurisdiction, on the application of a creditor, adjudicating such party bankrupt or insolvent, and such order, judgment or decree shall continue unstayed and in effect for any period of ninety (90) consecutive days.

10.1.4. If any Event of Default by Company listed in Section 10.1.1 above shall occur and be continuing, or if any Event of Default by Manager listed in Section 10.1.2 above shall occur and be continuing, the non-defaulting party may forthwith terminate this Agreement, and neither party shall have any further obligations whatever under this Agreement, except those provided under the provisions of Articles XI, XIII and XIV hereof. If any Event of Default by Company or Manager listed in Section 10.1.3 shall occur, the term of this Agreement shall terminate, at the option of the non-defaulting party, upon written notice to the bankrupt party.

10.2. Upon termination hereof, Manager's obligations to perform services hereunder shall completely cease; provided, however, that Company and Manager shall perform such matters as are necessary to wind up their activities under this Agreement in an orderly manner. In the event of termination of this Agreement, Manager also shall turn over to Company as soon as possible any and all information related to Company's receivables, ledgers and other business records which are then in Manager's possession, and shall provide an accounting of Net Revenues (as hereinafter defined) upon which the Management Fee has been calculated up to the date of termination. Manager shall be entitled upon termination of this Agreement to receive payment of all amounts theretofore unpaid which have been earned and are due to Manager through the date of termination.

ARTICLE XI. MANAGEMENT FEES

11.1. The aggregate amount of costs incurred by the Manager for the Management Services (the "Allocable Costs") shall be allocated among the Company and the other subsidiaries of the Parent who engage Manager to provide Management Services (each a "Managed Company" and, collectively, the "Managed Companies"), which allocation shall be computed in accordance with the provisions of this Article XI.

11.1(a). Allocable Costs shall be classified into the following categories: (i) strategic management services; and (ii) corporate support services.

The strategic management services category will include both the direct and indirect costs within various departments of Manager's cost accounting system. Such strategic management

services will be marked up at a percentage to be determined annually based on a transfer pricing study performed by an independent consulting firm.

The corporate support services category will include both the direct and indirect costs captured within various departments of Manager's cost accounting system. Such corporate support services will receive no additional mark-up.

11.1(b). Allocable Costs shall not include: (i) costs relating to Other Services which have been incurred separately at the specific request of a Managed Company; (ii) costs incurred by the Manager by virtue of a shareholder or equity owner relationship and which do not provide any benefit to a Managed Company.

11.2. The following cost allocation key shall be applied for the purpose of allocating to Managed Companies their share of the aggregate Allocable Costs as calculated in Section 11.1 above, which Manager has incurred for rendering the Management Services included in this Agreement:

11.2(a). The share of each of the Managed Companies in the Allocable Costs for the annual period from January 1 to December 31 of each year that the Agreement is in force (the "Accounting Period") shall be determined by reference to Net Revenues (as defined below) of the Company and the aggregate Net Revenues of the Managed Companies. "Net Revenues" shall mean all revenues billed as fees or other charges arising out of the operation of the Hospital, reduced for contractual adjustments, third-party discounts, charity adjustments, and other uncollectible amounts (but not bad debts), the proceeds of claims under casualty insurance policies (but including the proceeds of claims under business interruption insurance policies), condemnation awards and similar claims of a capital nature."

11.2(b). The share of costs allocated to each Managed Company shall be computed by multiplying the Allocable Costs as calculated in Section 11.1 by a fraction, the numerator of which shall be the budgeted Net Revenue relating to the Company and the denominator of which shall be the aggregate budgeted Net Revenue relating to the Managed Companies (the "Management Fee").

11.2(c). Management Fees shall be calculated based on budgeted Net Revenues for the Accounting Period; provided, however, on a quarterly basis, Manager will perform a reconciliation between budgeted and actual results and make any necessary true up adjustments to the Management Fees charged to each Managed Company.

11.4. If any of the Management Services costs are subject to VAT or similar levies, these amounts shall be paid by the Company.

11.5. The Management Fee shall be paid monthly no later than the fifteenth (15^{th}) day of the month following the month in which the fee was earned or expense incurred, as applicable.

11.6. Upon the written request of the Secretary of Health and Human Services or the Comptroller General or any of their duly authorized representatives, Manager and any of its affiliates providing services with a value or cost of $10,000 or more over a twelve (12)-month period shall make available to the Secretary the contract, books, documents and records that are necessary to verify the nature and extent of the cost of providing such services. Such inspection shall be available up to four years after the rendering of such services. The parties agree that any applicable attorney-client, account-client or other legal privilege shall not be deemed waived by virtue of this Agreement.

ARTICLE XII. NO PARTNERSHIP

Manager and Company affirmatively state that they do not have the intention to form a joint venture or partnership for tax or any other purposes, nor have they done so. If, however, a joint venture or partnership is found to exist for federal income tax purposes: (i) capital accounts will be maintained for Manager and Company on a tax accounting basis; (ii) net income will be allocated to Manager in the amount of the payments due Manager pursuant to Article XI hereof; (iii) all remaining net taxable income or loss will be allocated to Company; and (iv) upon termination, distributions will be in accordance with Manager's and Company's capital account balances.

ARTICLE XIII. OWNERSHIP OF INFORMATION; CONFIDENTIALITY

13.1. Systems Ownership. Manager retains all ownership and other rights in all systems, manuals, computer software, materials and other information, in whatever form, provided by it in the performance of its obligations hereunder (collectively referred to as the "Systems") and nothing contained in this Agreement shall be construed as a license or transfer of such Systems or any portion thereof, either during the term of this Agreement or thereafter. Upon the termination or expiration of this Agreement, Manager shall retain all of the Systems.

13.2. Systems Confidentiality. Company acknowledges that Manager has invested a significant amount of its resources in developing and maintaining the Systems and that the value to Manager of the Systems may be diminished or destroyed if Company discloses the Systems or any portion thereof to a third-party. Accordingly, Company shall maintain the confidentiality of the Systems. Company shall not duplicate or permit the duplication of any portion of the Systems and shall not permit access to the Systems by Company's personnel or any third-party other than on a strict need-to-know basis and in the ordinary course of business. Company shall take at least those steps that it would take to protect its own confidential information. The provisions of this Article XIV shall survive any termination or expiration of this Agreement.

ARTICLE XIV. INDEMNIFICATION

14.1. Indemnification by Company. Company agrees to indemnify and hold harmless Manager, its affiliates, members, partners or shareholders, and their respective members, shareholders, directors, governors, officers, employees and agents (collectively, a "Manager Indemnified Party") from and against any and all losses, claims, damages, liabilities, costs and expenses (including reasonable attorneys' fees and expenses related to the defense of any claims) (a "Loss"), which is caused by Company, which may be asserted against any of Manager Indemnified Parties in connection with this Agreement, including without limitation matters relating to: (i) alleged or actual failure by Company to perform any of its duties; (ii) any pending or threatened malpractice or other tort claims asserted against Manager relating to the Hospital; (iii) any action against Manager brought by any medical staff members or former employees, or for matters occurring before the beginning of the Term; (iv) any act or omission by any medical staff member, or employee, or other personnel who were under the supervision of a member of the medical staff as a result of providing medical services to such medical staff member's patient; and (v) any violation of any requirement applicable to the Hospital under any federal, state or local environmental, hazardous waste or similar law or regulation in connection with the services provided pursuant to this Agreement; provided that such Loss has not been caused by the negligence or willful misconduct of Manager Indemnified Party seeking indemnification pursuant to this Agreement.

14.2. Indemnification by Manager. Manager agrees to indemnify and hold harmless Company, its affiliates, members, partners or shareholders, and their respective members, shareholders, directors, governors, officers, employees and agents (collectively, a "Subsidiary Indemnified Party") from and

against any Loss, which is caused by Manager, which may be asserted against a Subsidiary Indemnified Party in connection with this Agreement, including without limitation matters related to: (i) the failure by Manager to perform its duties hereunder, or (ii) the negligence or willful misconduct of Manager in connection with the performance by Manager of its duties hereunder; provided that such Loss has not been caused by the negligence or willful misconduct of Company Indemnified Party seeking indemnification pursuant to this Agreement.

14.3. Sole Remedy. This Article XIV shall constitute the sole remedy of the parties hereto with respect to any Loss resulting from a third-party claim.

ARTICLE XV. MISCELLANEOUS

15.1. Business Associate. Manager acknowledges that the services it provides hereunder may make it a business associate of the Hospital. Manager agrees to execute a HIPAA business associate agreement, in substantially the form attached hereto as Exhibit A, separately outlining its obligations as a business associate with respect to the privacy and security of individually identifiable health information it may acquire in the course of its duties hereunder.

15.2. Referral Disclaimer. The amounts to be paid hereunder represent the fair market value of the services to be provided as established by arms length negotiations by the parties and have not been determined in any manner that takes into account the volume or value of any potential referrals between the parties. No amount paid hereunder is intended to be, nor shall it be construed to be, an inducement or payment for referral of patients by any party to any other party. In addition, the amounts charged hereunder do not include any discount, rebate, kickback or other reduction in charges, and the amount charged is not intended to be, nor shall it be construed to be, an inducement or payment for referral of patients by any party to any other party. Further, it is agreed that none of the parties shall refer or attempt to influence the referrals of any patients to any particular program.

15.3. Material Change in Law. In the event any material change in any federal or state law or regulation creates a significant likelihood of sanction or penalty based on the terms of this Agreement or would prohibit either party from billing for or receiving payment for any services provided by the parties, then upon request of either party, the parties hereto shall enter into good faith negotiations to renegotiate the affected provision or provisions of the Agreement to remedy such term or condition. In the event the parties are unable to reach agreement on the affected provision or provisions, so as to bring such provision or provisions into compliance with the law or regulation within thirty (30) days of the initial request for renegotiation, this Agreement shall terminate upon fifteen (15) days written notice or the effective date of such change (whichever is earlier). Each party hereto expressly recognizes that upon request for renegotiation, each party has a duty and obligation to the other only to renegotiate the affected term(s) in good faith.

15.4. Notices. All notices given pursuant to this Agreement shall be in writing and shall be deemed effective: (i) on the date the United States certified mail return receipt is signed by the recipient; (ii) on the date of receipt if sent by an overnight courier that verifies receipt by the recipient; or (iii) on the date of receipt by facsimile or other electronic means. For purposes of this notice, the addresses of the parties shall be as set forth below:

If to Manager:	with a copy to:
LifePoint Corporate Services, General Partnership 330 Seven Springs Way Brentwood, TN 37027 Attn: General Counsel	LifePoint Health, Inc. 330 Seven Springs Way Brentwood, TN 37027 Attn: General Counsel
If to Company:	with a copy to:
RCHP-Ottumwa, LLC 330 Seven Springs Way Brentwood, TN 37027 Attn: President	LifePoint Health, Inc. 330 Seven Springs Way Brentwood, TN 37027 Attn: General Counsel

or to such other address, and to the attention of such other person or officer as any party may designate by giving at least (thirty) 30 days notice to the other party.

15.5. Section Captions. Section and other captions contained in this Agreement are for reference purposes only and are in no way intended to describe, interpret, define or limit the scope, extent or intent of this Agreement or any provision hereof.

15.6. Assignment. Manager shall not assign this Agreement without the prior written consent of Company, provided, however, Manager shall have the right to assign this Agreement without prior written consent of Company if such assignment is to an affiliate of Manager. Company shall not assign this Agreement without the prior written consent of Manager. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective legal representatives, successors and permitted assigns. This Agreement is intended solely for the benefit of the parties hereto and is not intended to, and shall not, create any enforceable third-party beneficiary rights.

15.7. Severability. Every provision of this Agreement is intended to be severable. If any term or provision of this Agreement is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of this Agreement.

15.8. Amendment. No changes in, additions or amendments to this Agreement shall be effective unless and until made in writing and signed by all parties hereto.

15.9. Counterpart Execution. This Agreement may be executed in one or more counterparts all of which together shall constitute one and the same Agreement.

15.10. Integrated Agreement. This Agreement constitutes the entire understanding and agreement among the parties hereto with respect to the subject matter hereof, and there are no agreements, understandings, restrictions, representations or warranties among the parties other than those set forth herein or herein provided for.

15.11. Governing Law and Venue. This Agreement shall be construed and enforced in accordance with the laws of the State of Delaware without regard to its principles of conflicts of laws.

15.12. Waiver. Failure by any party to enforce any of the provisions hereof for any length of time shall not be deemed a waiver of its rights set forth in this Agreement. Such a waiver may be made only by an instrument in writing signed by the party sought to be charged with the waiver. No waiver of any condition or covenant of this Agreement shall be deemed to imply or constitute a further waiver of the same or any other condition or covenant, and nothing contained in this Agreement shall be construed to be a waiver on the part of the parties of any right or remedy at law or in equity or otherwise.

15.13. Gender and Number. Whenever the context of this Agreement requires, the gender of all words herein shall include the masculine, feminine and neuter, and the number of all words herein shall include the singular and plural.

15.14. Force Majeure. Neither party shall be liable for any failure, inability or delay to perform hereunder, if such failure, inability or delay is due to any cause beyond the reasonable control of the party so failing, and due diligence is used in curing such cause and in resuming performance.

15.15. Insurance. During the Term, Manager shall maintain, at its own expense, through self-insurance or through insurance contracts, appropriate workers' compensation coverage for Manager's employed personnel provided under this Agreement, and professional, casualty, directors and officers, and comprehensive general liability insurance covering Manager and Manager's personnel. Upon Company's request, Manager will provide Company with a certificate evidencing Manager's insurance coverage.

15.16. Power of Attorney. Company hereby appoints Manager as its attorney-in-fact with full power on its behalf and its name, or in the name of the Hospital to prosecute or defend any litigation or proceeding before any governmental agency arising out of the operation of the Hospital, after consulting with Company and after receiving Company's approval of the selection of counsel and the position to be taken in any adversarial situation affecting the Hospital.

Exhibit A

HIPAA Business Associate Agreement

[See Attached]

HIPAA BUSINESS ASSOCIATE AGREEMENT

This Business Associate Agreement (the "Agreement") is made by and among _____(herein referred to as "Covered Entity") and _____ (hereinafter individually and collectively referred to as "Business Associate"). Covered Entity and Business Associate shall be collectively referred to herein as the "Parties".

WHEREAS, Covered Entity is entering into a business relationship with Business Associate that is memorialized in that certain Managerial and Administrative Support Agreement, as may be amended from time to time (the "Underlying Agreement") pursuant to which Business Associate may be considered a "business associate" of Covered Entity as defined in the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") including all pertinent regulations (45 CFR Parts 160 and 164) issued by the U.S. Department of Health and Human Services as either have been amended by Subtitle D of the Health Information Technology for Economic and Clinical Health Act (the "HITECH Act"), as Title XIII of Division A and Title IV of Division B of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5) (collectively "HIPAA Law");

WHEREAS, the nature of the prospective contractual relationship between Covered Entity and Business Associate may involve the exchange of Protected Health Information ("PHI") as that term is defined under HIPAA Law; and

For good and lawful consideration as set forth in the Underlying Agreement, Covered Entity and Business Associate enter into this agreement for the purpose of ensuring compliance with the requirements of the HIPAA Law and relevant state law.

NOW THEREFORE, the premises having been considered and with acknowledgment of the mutual promises and of other good and valuable consideration herein contained, the Parties, intending to be legally bound, hereby agree as follows:

I. DEFINITIONS. Terms not defined below shall have the meaning set forth in the HIPAA Law.

A. Individual. "Individual" shall have the same meaning as the term "individual" in 45 CFR §160.103 and shall include a person who qualifies as a personal representative in accordance with 45 CFR §164.502(g).

B. Breach. "Breach" shall have the same meaning as the term "breach" in 45 CFR §164.402.

C. Designated Record Set. "Designated Record Set" shall have the same meaning as the term "designated record set" in 45 CFR §164.501.

D. Electronic Protected Health Information, EPHI or Electronic PHI. "Electronic Protected Health Information", "EPHI" or "Electronic PHI" shall have the same meaning as the term "electronic protected health information" in 45 CFR §160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity.

E. Encrypted or Encryption. Any encryption requirements set forth in this Agreement must meet the U.S. Department of Health and Human Services Guidance Specifying the Technologies and Methodologies that Render Protected Health Information Unusable, Unreadable, or Indecipherable to Unauthorized Individuals for Purposes of the Breach Notification Requirements under Section 13402 of HITECH Act.

F. Privacy Rule. "Privacy Rule" shall mean the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Part 160 and Part 164, Subparts A and E, as amended by the HITECH Act and as may otherwise be amended from time to time.

G. Protected Health Information or PHI. "Protected Health Information" or "PHI" shall have the same meaning as the term "protected health information" in 45 CFR §160.103, limited to the information created or received by Business Associate from or on behalf of Covered Entity. As used in this Agreement, Protected Health Information shall also include Electronic PHI.

H. Required by Law. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR §164.103.

I. Secretary. "Secretary" shall mean the Secretary of the U.S. Department of Health and Human Services or his or her designee.

J. Security Incident. "Security Incident" shall have the same meaning as the term "security incident" in 45 CFR §164.304.

K. Security Rule. The "Security Rule" shall mean the regulations found at 45 CFR Part 160 and Part 164, Subparts A and C, as amended by the HITECH Act and as may otherwise be amended from time to time.

L. State Privacy and Security Laws. "State Privacy and Security Laws" shall mean all applicable state laws relating to privacy, security, data breach and confidentiality of the information provided to Business Associate under this Agreement.

M. Subcontractor. "Subcontractor" shall have the same meaning as the term "subcontractor" in 45 CFR § 160.103.

N. Unsecured Protected Health Information. "Unsecured Protected Health Information" or "Unsecured PHI" shall have the same meaning as the term "unsecured protected health information" in 45 CFR §164.402.

II. APPLICABILITY

A. This Agreement applies to all agreements and relationships between Covered Entity and Business Associate, whether written or verbal, pursuant to which Covered Entity provides or will provide any Protected Health Information to Business Associate in any form whatsoever (the "Underlying Agreement"). As of the Effective Date, this Agreement shall automatically amend and be incorporated as part of the Underlying Agreement, whether or not specifically referenced therein. Should there be any conflict between the language of this Agreement and the Underlying Agreement (either previous or subsequent to the date of this Agreement), the language and provisions of this Agreement shall control and prevail unless the Parties specifically refer in a subsequent written agreement to this Agreement by its title and date and specifically state that the provisions of the later written agreement shall control over this Agreement.

III. USE OR DISCLOSURE OF PHI BY BUSINESS ASSOCIATE.

A. Except as otherwise limited in this Agreement, Business Associate may use or disclose Protected Health Information to perform functions, activities, or services for, or on

behalf of, Covered Entity as specified in the Underlying Agreement, provided that such use or disclosure would not violate the Privacy Rule, if done by Covered Entity.

B. Except as otherwise limited in this Agreement, Business Associate may use PHI for the proper management and administration of Business Associate or to carry its legal responsibilities. Except as otherwise limited in this Agreement, Business Associate may disclose PHI for the proper management and administration of Business Associate, provided that disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and used or further disclosed only as Required by Law or for the purpose for which it was disclosed to the person, and the person notifies Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached.

C. Business Associate shall only use and disclose PHI if such use or disclosure complies with each applicable requirement of 45 CFR §164.504(e).

D. Business Associate shall use reasonable efforts to limit uses, disclosures, and requests for PHI to the minimum necessary to accomplish the intended purposes of such use, disclosure or request, in accordance with the minimum necessary standards at 45 CFR § 164.502(b) and in any guidance issued by the Secretary.

IV. DUTIES OF BUSINESS ASSOCIATE RELATIVE TO PHI.

A. Business Associate shall not use or disclose PHI other than as permitted or required by this Agreement or as Required by Law.

B. Business Associate shall be directly responsible for full compliance with the relevant requirements of the Privacy Rule to the same extent as Covered Entity.

C. Business Associate shall comply with the applicable provisions of the Security Rule directing the implementation of Administrative, Physical and Technical Safeguards for Electronic Protected Health Information and the development and enforcement of related policies, procedures, and documentation standards (including but not limited to designation of a security official), and shall enter into written agreements with any Subcontractors that create, receive, maintain, or transmit Electronic Protected Health Information on behalf of Business Associate pursuant to which the Subcontractors shall agree to comply with the applicable requirements of the Security Rule. Business Associate shall implement safeguards and policies, procedures, and documentation consistent with the requirements of 45 C.F.R. §§ 164.306, 164.308, 164.310, 164.312, 164.314 and 164.316. Any hard drives on any computers or laptops that are used to access, receive, send, or maintain Covered Entities' Electronic Protected Health Information must be Encrypted and all communications must be Encrypted if sending Electronic Protected Health Information over an open network. Mobile devices or external or removable media, including, without limitation backup tapes, used for sending, receiving, or storing Electronic Protected Health Information must be Encrypted and password protected.

D. In the event of an unauthorized use or disclosure of PHI or a Breach of Unsecured PHI, Business Associate shall mitigate, to the extent practicable, any harmful effects of said disclosure that are known to it.

E. Business Associate agrees to enter into a written agreement with any Subcontractor that creates, receives, maintains, or transmits PHI on behalf of Business Associate, which complies with the requirements of 45 C.F.R. § 164.504(e)(2) through (e)(4), and pursuant

to which the Subcontractor agrees to the same restrictions and conditions that apply to Business Associate with respect to such PHI.

F. To the extent applicable, Business Associate shall provide access to Protected Health Information in a Designated Record Set at reasonable times, at the request of Covered Entity or, as directed by Covered Entity, to an Individual (or Individual's designee) in order to meet the requirements under 45 CFR §164.524. Business Associate shall notify Covered Entity within five (5) days of receipt of any request for access by an Individual. Covered Entity shall determine whether to grant or deny any access requested by the Individual. The information shall be provided in the form or format requested, if it is readily producible in such form or format, or in summary, if the Individual has agreed in advance to accept the information in summary form. If the Individual requests an electronic copy of his or her PHI maintained in a Designated Record Set electronically, Business Associate shall provide the Individual (or Individual's designee) with access to the information in the electronic form and format requested by the Individual, if it is readily producible in such form or format, or, if not, in a machine readable electronic form and format agreed to by the Individual. No fee for copying or providing access to the PHI may be charged.

G. If Business Associate maintains a Designated Record Set on behalf of Covered Entity, Business Associate shall amend the PHI maintained by Business Associate as directed by Covered Entity within five (5) days of such request. Business Associate shall notify Covered Entity within five (5) days of receipt of any request for amendment by an Individual. Covered Entity shall determine whether to grant or deny any access or amendment requested by the Individual. Business Associate shall have a process in place for requests for amendments and for appending such requests to the Designated Record Set, as requested by Covered Entity. No fee for copying or amending the PHI may be charged.

H. Business Associate shall, upon request with reasonable notice and at no charge, provide Covered Entity access to its premises for a review and demonstration of its internal practices and procedures for safeguarding PHI. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Business Associate's premises, systems, policies and procedures does not relieve Business Associate of its responsibility to comply with this Agreement, nor does Covered Entity's: (i) failure to detect or (ii) detection, but failure to notify Business Associate or require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of Covered Entity's enforcement rights under this Agreement.

I. Business Associate agrees to document and make available such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. §164.528 and Section 13405(c) of the HITECH Act, and any implementing regulations. Should an Individual make a request to Covered Entity for an accounting of disclosures of his or her PHI pursuant to 45 C.F.R. §164.528, Business Associate agrees to promptly provide Covered Entity with information in a format and manner sufficient to respond to the Individual's request. No fee for providing the accounting of disclosures of PHI may be charged. This Section shall survive termination of the Agreement.

J. If an Individual requests Business Associate to restrict the use or disclosure of PHI, Business Associate will forward the request to Covered Entity within five (5) days of Business Associate's receipt of the request. Covered Entity will be responsible for making all determinations regarding the grant or denial of a Individual's request for restrictions, and Business Associate will make no such determinations. Business Associate will restrict the use or disclosure of PHI consistent with Covered Entity's instructions, and shall further comply with any

Individual's request for restrictions on PHI disclosures that Covered Entity or Business Associate is required by law to honor, including without limitation, requested restrictions on payment or health care operations-related disclosures to health plans when the Individual (or other person on behalf of the Individual) has paid the Individual's health care provider in full, unless otherwise required by law. No fee for providing the restriction of PHI may be charged.

K. Business Associate shall make its internal practices, books, records, and any other material requested by the Secretary relating to the use, disclosure, and safeguarding of PHI received from, or created or received by Business Associate on behalf of, Covered Entity available to the Secretary for the purpose of determining compliance with the Privacy Rule. The aforementioned information shall be made available to the Secretary in the manner and place as designated by the Secretary or the Secretary's duly appointed delegate. Under this Agreement, Business Associate shall comply and cooperate with any request for documents or other information from the Secretary directed to Covered Entity that seeks documents or other information held by Business Associate. Notwithstanding this provision, no attorney-client, accountant-client or other legal privilege will be deemed waived by Business Associate or Covered Entity as a result of this Section. Except to the extent prohibited by law, Business Associate agrees to notify Covered Entity immediately upon receipt by Business Associate of any and all requests by or on behalf of any and all government authorities served upon Business Associate relating to this Section or Protected Health Information.

L. Business Associate may use Protected Health Information to report violations of law to appropriate Federal and State authorities, consistent with 42 C.F.R. §164.502(j)(1).

M. Business Associate may not de-identify any Protected Health Information without the express prior written consent of the Covered Entity, and if such consent is given, Business Associate must comply with the requirements set forth at 45 C.F.R. § 164.514 for de-identifying PHI. Business Associate shall not sell any Protected Health Information without the express prior written consent of Covered Entity. Business Associate shall not transmit, to any Individual for whom Business Associate has Protected Health Information, any communication about a product or service that encourages the recipient of the communication to purchase or use that product or service in violation of any of the marketing prohibitions set forth in the HIPAA Law. Business Associate shall not use or disclose Protected Health Information for fundraising purposes as prohibited under the HIPAA Law.

N. Covered Entity shall have the right, at its expense, during Business Associate's normal business hours, to evaluate, test, and review Business Associate's HIPAA-HITECH policies and procedures, facilities, books, records and systems which contain Covered Entity's PHI and EPHI in order to ensure compliance with the terms and conditions of this Agreement and the HIPAA Law. Covered Entity shall have the right to conduct such audit by use of its own employees or by use of outside consultants and auditors. Business Associate agrees to cooperate with Covered Entity, and to otherwise provide any reasonable assistance to Covered Entity necessary for Covered Entity to carry out any audit as permitted herein, at no additional cost to Covered Entity. Upon Covered Entities' written request, Business Associate agrees to provide an annual written attestation of its compliance to the HIPAA Law in the form and format requested by Covered Entity in order to obtain satisfactory assurances in accordance with the HIPAA Law that Business Associate will appropriately safeguard the information with which it is entrusted. Covered Entity shall protect the confidentiality of all confidential and proprietary information of Business Associate to which Covered Entity or its agents have access during the course of such audit. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems, books, records, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this Agreement, nor does Covered Entity's (i) failure to detect or (ii) detection, but failure to notify Business Associate or

require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of Covered Entity's enforcement rights under this Agreement. Notwithstanding the foregoing, Covered Entity assumes no obligation to perform any inspection or audit of Business Associate's practices or policies, and assumes no liability for any violation or breach caused by Business Associate, whether an audit is performed or not.

O. To the extent Business Associate is to carry out any covered entity obligation of Covered Entity under the Privacy Rule, Business Associate shall agree to comply with the same Privacy Rule requirements that apply to Covered Entity in the performance of such obligation.

V. REPORTING

A. Privacy Breach. Business Associate will report to Covered Entity any use or disclosure of Covered Entity's PHI that is not permitted by this Agreement or the Underlying Agreement within two (2) business days of discovery of the unauthorized use or disclosure. In addition, Business Associate will report to Covered Entity following discovery and without unreasonable delay, but in no event later than two (2) days following discovery of any suspected or actual Breach of Unsecured Protected Health Information or any actual or suspected disclosure or inappropriate access of Covered Entity's information which is subject to State Privacy and Security Laws. Business Associate shall cooperate with Covered Entity in investigating the potential or actual breach, disclosure or inappropriate access and in meeting Covered Entity's obligations under the HITECH Act and any other state or federal privacy or security breach notification laws, including, without limitation, assisting the Covered Entity with performing a risk assessment as set forth in 45 C.F.R. §164.402(2) and providing any information and documentation related to such risk assessment to the Covered Entity promptly upon request. Any such report shall contain at a minimum the information set forth on Exhibit A attached hereto and incorporated by reference. Since time is of the essence under the HITECH Act and State Privacy and Security Laws, in addition to providing the report in accordance with the notice provisions contained in Section XI.B below, a copy of the report shall be faxed to the Privacy Officer at (615) 695-8426 or to such other person as Covered Entity shall request in writing of Business Associate. To the extent any Breach of Unsecured Protected Health Information or unauthorized acquisition or access to information subject to State Privacy and Security Laws is attributable to either: (i) a breach of the obligations under this Agreement by Business Associate or (ii) a violation of the HIPAA Law or State Privacy and Security Laws by Business Associate, Business Associate shall bear (a) the costs incurred by Covered Entity in complying with its legal obligations relating to such breach or violation, and (b) in addition to other damages for which Business Associate may be liable for under this Agreement, the following expenses incurred by Covered Entity in responding to such breach: (1) the cost of preparing and distributing notifications to affected Individuals, (2) the cost of providing notice to government agencies, credit bureaus, and/or other required entities, (3) the cost of providing affected Individuals with credit monitoring services for a specific period not to exceed twenty-four (24) months, or longer if required by law, to the extent the incident could lead to a compromise of the data subject's credit or credit standing, (4) call center support for such affected Individuals for a specific period not to exceed thirty (30) days from the date the breach notification is sent to such affected Individuals and (5) the cost of any other measures required under applicable law.

B. Security Incident. Business Associate agrees to report to Covered Entity any Security Incident affecting Electronic Protected Health Information of Covered Entity within two (2) business days of becoming aware of the Security Incident. Business Associate shall mitigate, to the extent practicable, any harmful effect known to Business Associate of a Security Incident.

VI. TERM AND TERMINATION.

A. Term. The Term of this Agreement shall be effective as of the date the Underlying Agreement is effective (the "Effective Date"), and shall terminate when all of the Protected Health Information provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy the Protected Health Information, protections are extended to such information, in accordance with the termination provisions in this Section VI. Notwithstanding anything to the contrary contained in this Agreement, Business Associate shall not destroy any Protected Health Information without the prior written consent of Covered Entity.

B. Termination for Cause. Upon Covered Entity's knowledge of a breach by Business Associate, Business Associate's violation of the HIPAA Laws or a Breach of Unsecured Protected Health Information by Business Associate or any Subcontractor of Business Associate, Covered Entity shall, within its sole discretion, either:

1. Provide an opportunity for Business Associate to cure the breach or end the violation and, if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity, terminate this Agreement; or

2. Immediately terminate this Agreement.

C. Effect of Termination.

1. Except as provided in paragraph C(2) of this section, upon termination of this Agreement, for any reason, Business Associate shall return or destroy (at Covered Entity's sole discretion) all Protected Health Information received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity within five (5) days of the effective date of the termination. This provision shall apply to Protected Health Information that is in the possession of subcontractors or agents of Business Associate. Business Associate shall not retain any copies of the Protected Health Information. Business Associate will be responsible for recovering any PHI from such agents or subcontractors at no cost to Covered Entity. Any information that is in electronic format shall be provided to Covered Entity at no additional charge. The format to be provided should be one that is commonly used for export (i.e. comma delimited, text file, Word, Excel or Access database) that is agreeable to Covered Entity.

2. In the event that Business Associate determines that returning or destroying the Protected Health Information is infeasible, Business Associate shall provide to Covered Entity written notification of the conditions that make return or destruction infeasible. If such written notification that return or destruction of Protected Health Information is infeasible and agreed to by Covered Entity, Business Associate shall extend the protections of this Agreement to such Protected Health Information and limit further uses and disclosures of such Protected Health Information to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such Protected Health Information.

3. Should Business Associate make a disclosure of PHI in violation of this Agreement, Covered Entity shall have the right to immediately terminate any contract, other than this Agreement, then in force between the Parties, including the Underlying Agreement.

VII. REMEDIES IN EVENT OF BREACH, DISCLAIMER AND INDEMNIFICATION.

A. Business Associate hereby recognizes that irreparable harm may result to Covered Entity, and to the business of Covered Entity, in the event of breach by Business Associate of any of the covenants and assurances contained in this Agreement. As such, in the event of breach of any of the covenants and assurances contained in Sections III, IV or V above, Covered Entity shall be entitled to enjoin and restrain Business Associate from any continued violation of Sections III, IV or V.

B. PHI IS PROVIDED TO BUSINESS ASSOCIATE SOLELY ON AN "AS IS" BASIS. COVERED ENTITY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE. As between Covered Entity and Business Associate, any PHI disclosed, delivered or provided to Business Associate in connection with the Agreement, shall be deemed to be the exclusive property of Covered Entity. In no event shall Business Associate or its subcontractors claim any rights with respect to such PHI. Without prior written consent from an authorized officer of Covered Entity, neither Business Associate nor its agents or subcontractors shall transfer or export any PHI provided by Covered Entity outside the United States or store any PHI provided by Covered Entity in a hosted/cloud computing environment. Additionally, Business Associate shall not use, authorize to use or disclose the PHI for the purpose of developing information or statistical compilations for use by third parties or other division or subsidiary of Business Associate or for any commercial exploitation.

C. Business Associate will indemnify, defend and hold Covered Entity and its officers, directors, employees, agents, affiliates, successors and assigns harmless, from and against any and all losses, liabilities, damages, costs, penalties, fines and expenses (including reasonably attorneys' fees and costs) arising out of or related to either: (i) the Business Associate's breach of its obligations under this Agreement and/or (ii) any third-party claim based upon any breach of this Agreement, violation of HIPAA Laws or State Privacy and Security Laws by Business Associate or by its employees, agents or subcontractors ("Claim"). If Business Associate assumes the defense of a Claim, Covered Entity shall have the right, at its expense, to participate in the defense of such Claim, and Business Associate shall not take any final action with respect to such Claim without the prior written consent of Covered Entity. This Section shall survive termination of this Agreement and any Claim is without regard to any limitation or exclusion of damages or liability provisions otherwise set forth in the Agreement or the Underlying Agreement.

VIII. MODIFICATION. This Agreement may only be modified through a writing signed by the Parties. The Parties agree to take such action as is necessary to amend this Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the HIPAA Law.

IX. INTERPRETATION OF THIS CONTRACT IN RELATION TO OTHER CONTRACTS BETWEEN THE PARTIES. Should there be any conflict between the language of this contract and any other contract entered into between the Parties (either previous or subsequent to the date of this Agreement), the language and provisions of this Agreement shall control and prevail unless the Parties specifically refer in a subsequent written agreement to this Agreement by its title and date and specifically state that the provisions of the later written agreement shall control over this Agreement.

X. COMPLIANCE WITH STATE LAW. Business Associate shall comply with State Privacy and Security Laws. If the HIPAA Law and the law of the State in which Covered Entity is located conflict regarding the degree of protection provided for Protected Health Information, Business Associate shall comply with the more restrictive protection requirement.

XI. MISCELLANEOUS.

A. Ambiguity. Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the HIPAA Law.

B. Notice to Covered Entity. Any notice required under this Agreement to be given Covered Entity shall be made in writing to Facility, with a copy to LifePoint Hospitals, 103 Powell Court, Brentwood, TN 37027, Attention: Compliance, Privacy Officer.

C. Notice to Business Associate. Any notice required under this Agreement to be given Business Associate shall be made in writing to Contractor.

IN WITNESS WHEREOF and acknowledging acceptance and agreement of the foregoing, the Parties affix their signatures hereto.

EXHIBIT A1

FORM OF NOTIFICATION TO COVERED ENTITY OF

BREACH OF UNSECURED PHI AND STATE LAW

Date completed: _____

This notification is made pursuant to the Business Associate Agreement between _____ _____ (Covered Entity), and _____ (Business Associate).

Business Associate hereby notifies Covered Entity that there has been an actual or potential breach of unsecured (unencrypted) protected health information (PHI) or information subject to State Privacy and Security Laws that Business Associate (or its agents or subcontractors) has used or has had access to under the terms of the Business Associate Agreement.

I. Characteristics of the Breach

Date of the breach:_____ Date the breach was discovered:_____

Description of the breach: _____

_____

_____

_____

_____

_____

_____

How was the breach discovered? _____

Number of individuals affected by the breach: _____

Are over 500 individuals affected by the breach?

Yes __ No ___

Have you been able to identify all individuals affected by the breach?

Yes __ No ___

If yes, for how many of the affected individuals do you have current addresses? _____

Does the information disclosed in the breach identify, or can reasonably be used to identify, specific patients?

Yes __ No ___

If no, please explain why the information does not identify, or cannot reasonably be used to identify, specific patients: _____

_____

Does the information disclosed in the breach contain any sensitive information or other information that can be used in a manner that would be adverse or cause financial or reputational harm to the individual?

Yes __ No ___

If no, explain why the information cannot be used in an adverse or harmful manner to the individual:_____

_____

_____

_____

Was all of the patient(s') information compromised or only portions?

Yes __ No ___

If only portions of the information, explain which portions of the information were compromised: _____

_____

_____

Indicate type of breach:

___	Theft	___	Unauthorized Access	___	Unknown
___	Loss	___	Hacking/IT Incident	___	Other: _____
___	Improper Disposal	___	Phishing		_____
					_____
					_____

Location of breached information:

___	Laptop	___	Portable Media/Device	___	Other: _____
___	Desktop Computer	___	EMR		_____
___	Email	___	Paper		_____
					_____

Description of types of unsecured PHI or other data involved in the breach:

___	Demographic (full or partial name)	___	Account number	___	ICD-9-CM or CPT-codes
___	Social security number	___	Disability Code	___	Driver's license, insurance card, or other form of identification
___	Date of birth	___	Financial (billing info, credit card # or check/bank account number)	___	Other:_____ _____ _____ _____ _____
___	Home address	___	Clinical (any mention of diagnosis, procedure, or treatment provided)		

Are the patient(s) or the patient(s') family members aware of the incident?

Yes __ No ___

If yes, describe _____

_____

_____

II. Description of Safeguards

Safeguards that were in place prior to the breach:

___	Firewalls	___	Encrypted wireless	___	Secure browser
___	Packet Filtering	___	Logic access control	___	Biometrics
___	Intrusion detection	___	Anti-virus software (list product name):_____	___	Strong authentication
___	Other:_____	___	Physical security: _____		
_____		_____			
_____		_____			

Was the data encrypted in compliance with the encryption standards set forth in the U.S. Department of Health and Human Services Guidance Specifying the Technologies and Methodologies that Render PHI Unusable, Unreadable, or Indecipherable to Unauthorized Individuals for Purposes of the Breach Notification Requirements under Section 13402 of HITECH Act?

Yes __ No ___

If yes, please identify the method of encryption: _____

_____

_____

If no, please identify any other methods of securing the information (for example, password protected file): _____

_____

III. The Recipient

Can you determine whether the PHI was actually acquired or viewed by the unintended recipient?

Yes __ No ___

If yes, please explain how and provide any information regarding the information viewed, length of time viewed, whether it was e-mailed or saved to another device and who viewed the information: _____

_____

_____

Did the breach involve a good faith, unintentional acquisition, access or use of PHI by the entity's employee/workforce member? (For example, a billing employee receives and opens an e-mail containing PHI about a patient which a nurse mistakenly sent to the billing employee. The billing employee notices that he is not the intended recipient, alerts the nurse of the misdirected e-mail, and then deletes it.)

Yes __ No ___

If yes, please explain: _____

_____

_____

Did the breach involve an inadvertent disclosure to another authorized person within the entity or Organized Health Care Arrangement in which the entity participates? (For example – A physician who has authority to use or disclose PHI at a hospital by virtue of participating in an organized health care arrangement with the hospital is similarly situated to a nurse or billing employee at the hospital.)

Yes __ No ___

If yes, please explain: _____

_____

_____

Did the breach involve a recipient who could not reasonably have retained or remembered the data? (For example – A covered entity, due to a lack of reasonable safeguards, sends a number of explanations of benefits (EOBs) to the wrong individuals. A few of the EOBs are returned by the post office, unopened, as undeliverable.)

Yes __ No ___

If yes, please explain: _____

_____

Was the unauthorized person who received the PHI or to whom the disclosure was made covered by HIPAA and/or a licensed healthcare provider?

Yes __ No ___

If yes, please identify the licensed healthcare provider, the type of license and any state confidentiality regulations which require the licensed provider to maintain the confidentiality of the information: _____
_____

_____

Can any of the information be used by an unauthorized recipient to further the recipient's own interests?

Yes __ No ___

If no, explain why none of the information cannot be used by an unauthorized recipient to further the recipient's own interests? _____

_____

_____

IV. Addressing the Breach

Description of what Business Associate is doing to investigate the breach: _____

_____

_____

_____

_____

_____

Has law enforcement been notified?:

Yes __ No ___

If so, describe _____

_____

Did law enforcement ask for patient notification delay (based on hindering an investigation or causing harm to national security)

Yes __ No ___

If yes, please provide documentation of the police request and deadline for notifications:_____

_____

_____

Was satisfactory assurance obtained from the recipient of PHI indicating that PHI will not be further used or disclosed?

Yes __ No ___

If yes, please attach and explain: _____

_____

Has the information been returned or properly destroyed? (If destroyed – need to obtain satisfactory assurance that the information was destroyed.)

Yes __ No ___

If yes, please attach the assurances and explain the circumstances:_____

_____

Description of what Business Associate is doing to mitigate harm to the individual(s): _____

_____

_____

Description of what Business Associate is doing to protect against any further breaches: _____

_____

_____

Contact information to ask questions and obtain additional information:

Name: _____

ASSET PURCHASE AGREEMENT

This **ASSET PURCHASE AGREEMENT** (the "**Agreement**") is made and entered into this 30th day of April, 2010, by and among **OTTUMWA REGIONAL HEALTH CENTER, INCORPORATED**, an Iowa non-profit, non-stock corporation ("**ORHC**"), **REGIONAL RETIREMENT LIVING, INC.**, an Iowa non-profit, non-stock corporation ("**RRL**"), **REGIONAL ENTERPRISES, INC.**, an Iowa corporation ("**RE**" and, collectively, with ORHC and RRL, the "**Sellers**"), **RCHP-OTTUMWA, INC.**, a Delaware corporation ("**Buyer**"), and **REGIONALCARE HOSPITAL PARTNERS, INC.**, a Delaware corporation ("**RCHP**"). ORHC, RRL, RE, Buyer and RCHP may be referred to individually as a "**Party**" and, collectively, as the "**Parties.**"

RECITALS

WHEREAS, the Sellers own and operate Ottumwa Regional Health Center, currently licensed as a 217-bed general acute care hospital located in Ottumwa, Iowa (the "**Hospital**"), and own or lease and operate the other healthcare facilities or operations listed on Exhibit A-1 (collectively, with the Hospital, the "**Seller Facilities**");

WHEREAS, ORHC is the sole corporate member of RRL and the sole shareholder of RE;

WHEREAS, ORHC holds the following limited liability and/or limited partnership interests: (i) a forty percent (40%) interest (which shall be increased to eighty percent (80%) effective as of the Closing Date pursuant to ORHC's purchase of an additional forty percent (40%) interest) in Collaborative Laboratory Services, L.L.C., an Iowa limited liability company ("**CLS**"); and (ii) a fifty percent (50%) interest in Southeast Iowa Radiation Oncology L.L.C., an Iowa limited liability company ("**SIROC**") (together CLS and SIROC are referred to herein as the "**Joint Ventures**", and together the Sellers and the Joint Ventures are sometimes hereinafter referred to as the "**Seller Parties**");

WHEREAS, the Joint Ventures operate the healthcare facilities or operations listed on Exhibit A-2 (collectively, the "**Joint Venture Facilities**");

WHEREAS, the Parties desire to enter into this Agreement to provide for the sale by the Sellers to Buyer of: (i) substantially all of the assets, real and personal, tangible and intangible, constituting the Seller Facilities; and (ii) ORHC's interests in the Joint Ventures; and

WHEREAS, RCHP is a party to this Agreement for purposes of making certain representations and warranties and covenants, as well as guaranteeing the obligations of Buyer as set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants set forth herein and other good and valuable consideration, the adequacy and receipt of which hereby are acknowledged, the Parties, intending to be legally bound, agree as follows:

AGREEMENT

ARTICLE I

DEFINITIONS

"**401(a) Plan**" means the 401(a) Ottumwa Regional Health Center Retirement Income Plan.

"**403(b) Plan**" means the Ottumwa Regional Health Center Internal Revenue Code Section 403(b) Tax Deferred Annuity Plan.

"**Actual Closing Net Working Capital Statement**" has the meaning set forth in Section 2.6(b).

"**ADA**" means the Americans with Disabilities Act, 42 U.S.C. § 12101, *et seq.*

"**Affiliate**" means, as to the entity in question, any person or entity that directly or indirectly controls, is controlled by or is under common control with the entity in question.

"**Agents**" has the meaning set forth in Section 13.17.

"**Agreement**" has the meaning set forth in the Preamble.

"**AHLA**" has the meaning set forth in Section 13.14(b).

"**ALTA**" means the American Land Title Association.

"**Alta Vista Site**" means the Real Property, improvements, tangible personal property, and the equipment and machinery located at 312 E. Alta Vista Avenue, Ottumwa, Iowa, commonly known as Alta Vista.

"**Application**" has the meaning set forth in Section 4.7.

"**Assets**" has the meaning set forth in Section 2.1.

"**Assignment and Assumption Agreements**" has the meaning set forth in Section 3.2(c).

"**Assumed Contracts**" has the meaning set forth in Section 2.1(k).

"**Assumed Liabilities**" has the meaning set forth in Section 2.3.

"**Assumed Sick Leave**" has the meaning set forth in Section 10.1(b).

"**Audit Firm**" has the meaning set forth in Section 2.6(c).

"**Balance Sheet Date**" has the meaning set forth in Section 4.4(a).

"**Baseline Net Working Capital**" has the meaning set forth in Section 2.5(a).

"**Benefit Plans**" has the meaning set forth in Section 4.13(a).

"**Bills of Sale**" has the meaning set forth in Section 3.2(b).

"**Board of Directors**" has the meaning set forth in Section 10.3(a).

"**Bond Trustee**" means: (i) with respect to the ORHC Bonds, Wells Fargo Bank, National Association; and (ii) with respect to the RRL Bonds, U.S. Bank National Association.

"**Bonds**" means the ORHC Bonds and the RRL Bonds.

"**Business**" has the meaning set forth in Section 2.1(a).

"**Buyer**" has the meaning set forth in the Preamble.

"**Buyer Indemnified Parties**" has the meaning set forth in Section 12.2(a).

"**Buyer Indemnity Cap**" has the meaning set forth in Section 12.4(b).

"**Capital Projects**" has the meaning set forth in Section 10.6.

"**Certificate of Need**" means a written statement issued by the State Health Agency or other agency having jurisdiction thereof evidencing community need for a new, converted, expanded or otherwise significantly modified health care facility, health service or hospice.

"**Charity Care Policy**" has the meaning set forth in Section 10.4.

"**Closing**" has the meaning set forth in Section 3.1.

"**Closing Cash**" has the meaning set forth in Section 2.5(a).

"**Closing Date**" has the meaning set forth in Section 3.1.

"**Closing Net Working Capital**" has the meaning set forth in Section 2.5(a).

"**CLS**" has the meaning set forth in the Recitals.

"**CLS Consideration**" has the meaning set forth in Section 2.5(b).

"**CLS Interests**" has the meaning set forth in Section 2.5(b).

"**COBRA**" means the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended.

"**Commitments**" has the meaning set forth in Section 7.4.

"**Compliance Program**" has the meaning set forth in Section 4.26.

"**Confidential Information**" has the meaning set forth in Section 13.17.

"**Control**" means possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of an entity, whether through ownership of voting securities, by contract or otherwise.

"**Cost Reports**" has the meaning set forth in Section 2.2(c).

"**CPSI**" means Computer Programs and Systems, Inc. software, information technology programs, services and systems.

"**Damages**" has the meaning set forth in Section 12.1(a).

"**DEA Power of Attorney**" has the meaning set forth in Section 3.2(m).

"**Direct Claim**" has the meaning set forth in Section 12.4(a).

"**Disputed Items**" has the meaning set forth in Section 2.6(c).

"**Eddyville Lease**" has the meaning set forth in Section 11.6.

"Eddyville Property" means that certain property located at 107 N Third Street, Eddyville, Iowa together with that certain building thereon contain approximately 4,050 square feet.

"**EEOC**" means the Equal Employment Opportunity Commission.

"**Effective Time**" has the meaning set forth in Section 13.25.

"**Employee Lease Agreement**" has the meaning set forth in Section 10.1(c).

"**Environmental Claim**" means any claim, action, cause of action, investigation or notice (in each case in writing or, if not in writing, to the knowledge of the Sellers) by any person alleging potential liability (including potential liability for investigatory costs, cleanup costs, governmental response costs, natural resources damages, property damages, personal injuries, or penalties) arising out of, based on or resulting from: (i) the presence, or release or threat of release into the environment, of any Materials of Environmental Concern at any location, whether or not owned or operated by a Seller Party; or (ii) circumstances forming the basis of any violation or alleged violation of any Environmental Law.

"**Environmental Laws**" means, as they exist on the date hereof and as of the Closing Date, all applicable United States federal, state, local and non-U.S. laws, regulations, codes and ordinances relating to pollution or protection of human health (as relating to the environment or the workplace) and the environment (including ambient air, surface water, ground water, land surface or sub-surface strata), including laws and regulations relating to emissions, discharges, releases or threatened releases of Materials of Environmental Concern, or otherwise relating to the use, treatment, storage, disposal, transport or handling of Materials of Environmental Concern, including, but not limited to Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. Section 9601 *et seq.*, Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 *et seq.*, Toxic Substances Control Act, 15 U.S.C. Section 2601 *et seq.*, Occupational Safety and Health Act, 29 U.S.C. Section 651 *et seq.*, the Clean Air Act, 42 U.S.C.

Section 7401 *et seq.*, the Clean Water Act, 33 U.S.C. Section 1251 *et seq.*, each as may have been amended or supplemented, and any applicable environmental transfer statutes or laws.

"**ERISA**" means the Employee Retirement Income Security Act of 1974, as amended, and the rules and regulations promulgated thereunder.

"**ERISA Affiliate**" means the Seller Parties which are treated as a single employer with ORHC for purposes of Section 414 of the IRC, each entity that has adopted or has ever participated in any Benefit Plan, and any predecessor company or trade or business of the Sellers.

"**Escrow Agent**" has the meaning set forth in Section 2.5(a).

"**Escrow Agreement**" has the meaning set forth in Section 2.5(a).

"**Escrow Amount**" has the meaning set forth in Section 2.5(a).

"**Excluded Assets**" has the meaning set forth in Section 2.2.

"**Excluded Contracts**" has the meaning set forth in Section 2.1(k).

"**Excluded Liabilities**" has the meaning set forth in Section 2.4.

"**Executive Order 13224**" means Executive Order 13224 on Terrorism Financing, effective September 24, 2001.

"**Exemption Certificate**" means a written statement from the State Health Agency or other agency having jurisdiction thereof stating that a health care project or expenditure is not subject to the Certificate of Need requirements under applicable state law.

"**Existing Foundation**" has the meaning set forth in Section 2.2(r).

"**Existing Tenant Improvement Obligations**" means tenant improvement expenses (including all hard and soft construction costs, whether payable to the contractor or tenant) and tenant allowances which are the obligation of the landlord under any Tenant Lease.

"**GAAP**" means generally accepted accounting principles.

"**Government Receivables**" has the meaning set forth in Section 2.1(g).

"**Healthcare Providers**" has the meaning set forth in Section 4.9.

"**HHS**" means the Department of Health and Human Services.

"**HIPAA**" means the Health Insurance Portability and Accountability Act of 1996, 45 CFR §§ 160-164, and the regulations adopted pursuant thereto, including the Health Information Technology for Economic and Clinical Health Act and the regulations adopted pursuant thereto.

"**Hired Employees**" has the meaning set forth in Section 10.1(a).

"**Hospital**" means the full-service, acute care hospital known as Ottumwa Regional Health Center.

"**Hospital CEO**" has the meaning set forth in Section 10.3(a).

"**HSR Act**" means the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended.

"**Indemnification Basket**" has the meaning set forth in Section 12.4(a).

"**Indemnified Party**" has the meaning set forth in Section 12.5.

"**Indemnifying Party**" has the meaning set forth in Section 12.5.

"**Infrastructure Projects**" has the meaning set forth in Section 10.6(e).

"**Interim Statements**" has the meaning set forth in Section 6.5.

"**IRC**" means the Internal Revenue Code of 1986, as amended, and the rules and regulations promulgated thereunder.

"**Joint Commission**" has the meaning set forth in Section 4.8.

"**Joint Venture Facilities**" has the meaning set forth in the Recitals.

"**Joint Venture Financial Statements**" has the meaning set forth in Section 4.4.

"**Joint Ventures**" has the meaning set forth in the Recitals.

"**Landlord Estoppel**" has the meaning set forth in Section 6.11.

"**Landlord Estoppel Threshold**" has the meaning set forth in Section 6.11.

"**Leased Real Property**" has the meaning set forth in Section 2.1(b).

"**Legacy Directors**" has the meaning set forth in Section 10.3(a).

"**Legacy Foundation**" has the meaning set forth in Section 11.4.

"**Legal Dispute**" has the meaning set forth in Section 13.14.

"**Material Adverse Effect**" means an event, occurrence, condition, change or circumstance or a series of events, occurrences, conditions, changes or circumstances that, individually or in the aggregate, is or may be materially adverse to the business, financial condition, operations, prospects or results of operations of the Sellers, the Seller Facilities or the Assets, but excluding the effect of: (a) changes in the economy of the United States or any region thereof; and (b) changes generally affecting the industry in which the Sellers operate, including changes in any government or private payor programs generally applicable to operators of hospital and health care facilities in the State of Iowa.

"**Materials of Environmental Concern**" means chemicals, pollutants, contaminants, hazardous materials, hazardous substances and hazardous wastes, medical waste, toxic substances, petroleum and petroleum products and by-products, polychlorinated biphenyls, and any other chemicals, pollutants, substances or wastes, in each case so defined, identified, or regulated under any Environmental Law.

"**MedAssets**" has the meaning set forth in Section 11.7.

"**MedAssets Agreement**" has the meaning set forth in Section 11.7.

"**Medical Waste**" includes, but is not limited to: (a) pathological waste, (b) blood, (c) sharps, (d) wastes from surgery or autopsy, (e) dialysis waste, including contaminated disposable equipment and supplies, (f) cultures and stocks of infectious agents and associated biological agents, (g) contaminated animals, (h) isolation wastes, (i) contaminated equipment, (j) laboratory waste and (k) various other biological waste and discarded materials contaminated with or exposed to blood, excretion, or secretions from human beings or animals. "Medical Waste" also includes any substance, pollutant, material or contaminant listed or regulated as "Medical Waste," "Infectious Waste," or other similar terms by federal, state, regional, county, municipal or other local laws, regulations and ordinances insofar as they purport to regulate Medical Waste or impose requirements relating to Medical Waste and includes "Regulated Waste" governed by the Occupational Safety and Health Act, 29 U.S.C. Section 651 *et seq.*

"**MOB**" has the meaning set forth in Section 10.6.

"**Name Change Amendment**" has the meaning set forth in Section 11.3.

"**Net Working Capital**" means an amount equal to the value of the Sellers' net patient receivables, other receivables, inventories and supplies, prepaid expenses and other current assets, to the extent that each of these assets is being purchased by Buyer, less the value of the Sellers' accounts payable, construction payable, accrued payroll, accrued vacation, holiday/paid time off and sick time, and other current liabilities consistent with GAAP and the Sellers' historical practices, consistently applied, to the extent that each of these liabilities is a current liability and is an Assumed Liability.

"**Net Working Capital Estimate**" has the meaning set forth in Section 2.6(a).

"**New Treatment Program**" has the meaning set forth in Section 10.16.

"**Note**" has the meaning set forth in Section 3.3(d).

"**NSPS**" means the National Society of Professional Surveyors.

"**Objection**" has the meaning set forth in Section 2.6(c).

"**OFAC**" means the Office of Foreign Asset Control.

"**OIG**" means the Office of Inspector General.

"**ORHC**" has the meaning set forth in the Preamble.

"**ORHC Bonds**" means the Wapello County, Iowa Variable Rate Demand Refunding Revenue Bonds, Series 2006 (Ottumwa Regional Health Center) and the Wapello County, Iowa Variable Rate Demand Revenue Bonds, Series 2004 (Ottumwa Regional Health Center, Incorporated).

"**Owned Intellectual Property**" has the meaning set forth in Section 2.1(m).

"**Owned Real Property**" has the meaning set forth in Section 2.1(a).

"**Party**" has the meaning set forth in the Preamble.

"**USA Patriot Act**" means the United and Strengthening America by Providing Tools Required to Intercept and Obstruct Terrorism Act of 2001, H.R. 3162, Public Law 107-56.

"Vista Woods" means that certain skilled nursing facility operated by Ottumwa Developments, Inc. pursuant to a ground lease with RRL.

"**WARN Act**" means the Worker Adjustment and Retraining Notification Act, and any comparable state law or regulation.

ARTICLE II

PURCHASE OF ASSETS

2.1 Sale of Assets. Subject to the terms and conditions of this Agreement, on the Closing Date, the Sellers shall sell, assign, convey, transfer and deliver to Buyer (or a designated Affiliate of Buyer for the Assets owned by RRL), and Buyer (or a designated Affiliate of Buyer for the Assets owned by RRL) shall purchase, all of Sellers' rights, title and interest in and to the assets that are owned or leased by the Sellers and used in connection with the operation of the Seller Facilities, other than the Excluded Assets (hereinafter defined) (the "**Assets**"), including, without limitation, the following:

(a) all real property owned by any of the Sellers and used in connection with the operation of any of the Seller Facilities (such operations referred to herein as the "**Business**"), as more specifically described in Schedule 2.1(a), together with all buildings, improvements and fixtures located thereupon, all easements, rights of way, and other appurtenances thereto (including appurtenant rights in and to public streets), all architectural plans or design specifications relating to the pending development thereof and all construction in progress (collectively, the "**Owned Real Property**"), such Schedule 2.1(a) to include a description for each such parcel of Owned Real Property consistent with the vesting deed for such Owned Real Property into the applicable Seller;

(b) all real property subject to a leasehold or sub-leasehold estate in favor of any of the Sellers, as tenant, and held or used in or ancillary to the operation of the Business, including the real property described on Schedule 2.1(b)(i) (collectively, the "**Leased Real Property**"; the Owned Real Property and the Leased Real Property being sometimes referred to herein collectively as the "**Real Property**") and all rights and interests in, to and under those lease agreements pursuant to which any of the Sellers, as tenant, is leasing all or some portion of the Leased Real Property, including those lease agreements set forth on Schedule 2.1(b)(ii) (collectively, the "**Seller Leases**");

(c) all tangible personal property, including, without limitation, all major, minor or other equipment, vehicles, furniture, fixtures, machinery, office furnishings and

instruments, the current list of which is set forth on Schedule 2.1(c) hereto, all of such personal property is located at one of the Seller Facilities unless noted on Schedule 2.1(c);

(d) all supplies, drugs, inventory and other disposables and consumables existing on the Closing Date and located at any of the Seller Facilities or owned by any of the Sellers for use in connection with the Business;

(e) all deposits, prepaid expenses, escrows, prepaid Taxes and claims for refunds in connection with the Seller Facilities or the Assets (including, without limitation, rebates from vendors received subsequent to the Closing that exist as of the Closing Date, excluding the settlement amounts described in Section 2.2(c));

(f) all notes receivable, accounts receivable and other rights to receive payment for goods and services (other than the Government Receivables) provided by the Sellers in connection with the Business, billed and unbilled, recorded or unrecorded, including amounts charged off as bad debt and/or submitted to collection agencies or otherwise, pertaining to services rendered through the Closing Date, and all notes receivable from patients and notes receivable from physicians, as more specifically described on Schedule 2.1(f) hereto;

(g) all rights to receive funds swept from the lockbox accounts described in Section 6.14, which are attributable to the accounts receivable arising from the rendering of services to patients at the Seller Facilities, billed and unbilled, recorded or unrecorded, accrued and existing in respect of services rendered through the Closing Date which by law may not be assigned (excluding the settlement amounts described in Section 2.2(c)) (the "**Government Receivables**");

(h) except as set forth in Section 2.2(h), all claims, causes of action and judgments in favor of the Sellers relating to the physical condition or repair of the Assets, all insurance proceeds due to Buyer under Section 13.31, and, to the extent assignable, all warranties (express or implied) and rights and claims assertable by (but not against) the Sellers related to the Assets;

(i) to the extent assignable or transferable, all financial, patient, medical staff, personnel and other records relating to the Business or the Assets, including, without limitation, all accounts receivable records, equipment records, medical and administrative libraries, medical records, patient billing records, documents, construction plans and specifications, catalogs, books, records, files, operating manuals and current personnel records;

(j) all rights and interests in, to and under those lease agreements pursuant to which any of the Sellers, as landlord, has leased to a third party, as tenant, all or some portion of the Owned Real Property or the Leased Real Property, including those lease agreements set forth on Schedule 2.1(j) (collectively, the "**Tenant Leases**");

(k) to the extent assignable and transferable, all rights and interests in, to and under: (i) the contracts, commitments, leases and agreements listed on Schedule 4.18 (including, without limitation, physician employment contracts, physician service contracts, contracts with hospital-based physicians, medical equipment leases and rental arrangements, residency agreements relating to facilities owned and operated by RRL (which rights shall include the right

to receive any amounts payable thereunder that accrues or arises after the Closing Date), transcription service agreements and contracts for management of the acute rehabilitation program), other than those specifically identified thereon as "**Excluded Contracts**"; and (ii) all other contracts commitments, leases and agreements of the Sellers which do not appear on Schedule 4.18, unless such unlisted contracts, commitments, leases and agreements involve a physician or other referral source, are real property leases or require an annual financial commitment in excess of Ten Thousand Dollars ($10,000) (collectively, the "**Assumed Contracts**");

(l) to the extent assignable or transferable, all licenses, Certificates of Need, Exemption Certificates, provider agreements, provider numbers, franchises, accreditations, registrations and other licenses and permits relating to the ownership, development, and operation of the Seller Facilities (including, without limitation, any pending approvals set forth on Schedule 2.1(l));

(m) all rights and interest in the name "Ottumwa Regional Health Center" and all patents, trade names, domain names, copyrights, software, computer programs, trade secrets, trademarks, service marks and other intellectual property rights owned by Sellers and used in the operation of the Business or any of the Assets, all goodwill associated therewith, and all applications and registrations associated therewith (the "**Owned Intellectual Property**");

(n) all goodwill associated with the operation of the Business and the Assets;

(o) to the extent assignable and transferable, all stock, membership interests and other voting and non-voting interests in the Joint Ventures, as more specifically described on Schedule 2.1(o) hereto;

(p) all other assets, other than the Excluded Assets, of every kind, character or description used or held for use primarily in the Business, whether or not reflected on the Financial Statements, wherever located and whether or not similar to the items specifically set forth above, and all other interests owned by the Sellers in connection with the Business or the Assets, to the extent assignable and transferable; and

(q) all property of the foregoing types arising or acquired by the Sellers between the date hereof and the Closing Date.

The Assets and the Excluded Assets together comprise substantially all of the assets and properties currently used in connection with the operation of the Business. All assets and properties currently used in connection with the operation of the Joint Venture Facilities are owned or leased by the Joint Ventures. The Sellers shall transfer good and marketable title to the Assets owned in fee by Sellers and leasehold title in the Assets leased by the Sellers to Buyer (or a designated Affiliate of Buyer for the Assets owned or leased by RRL), free and clear of all claims, assessments, security interests, liens, restrictions and encumbrances, except for: (i) the Assumed Liabilities; (ii) liens and encumbrances related to the Assumed Liabilities; (iii) liens for Taxes not yet due and payable; and (iv) the Permitted Encumbrances.

2.2 Excluded Assets. Those assets of the Sellers described below, together with any assets described on Schedule 2.2 hereto, shall be retained by the Sellers (collectively, the "**Excluded Assets**"), and shall not be conveyed to Buyer:

(a) cash, short-term investments and cash equivalents (including donor restricted funds);

(b) board-designated, restricted and trustee-held or escrowed funds (such as funded depreciation, debt service reserves, self-insurance trusts, working capital trust assets and assets and investments restricted as to use), other donor restricted assets, beneficial interests in charitable trusts and accrued earnings on all of the foregoing;

(c) all amounts payable to any of the Sellers in respect of third party payors pursuant to retrospective settlements (including, without limitation, pursuant to Medicare, Medicaid and CHAMPUS/TRICARE cost reports filed or to be filed by any of the Sellers for periods ending on or prior to the Closing Date ("**Cost Reports**") and all appeals and appeal rights relating to such settlements, including recapture of depreciation and other cost report settlements, for periods ending on or prior to the Closing Date;

(d) all records relating to the Excluded Assets, the Excluded Liabilities, the Bonds and all other records which by law the Sellers are required to maintain in their possession;

(e) the corporate record books, minute books and Tax records of the Sellers;

(f) any reserves or prepaid expenses made in connection with the Excluded Assets and Excluded Liabilities (including, without limitation, prepaid legal expenses or insurance premiums);

(g) all rights to Tax refunds or Tax claims related to the Business or the Assets resulting from the periods ending on or prior to the Closing Date;

(h) except as otherwise provided in Section 13.31, all insurance proceeds (other than payments of patient receivables) arising in connection with the Business or the Assets for periods ending on or prior to the Closing Date and all insurance proceeds relating exclusively to the Excluded Assets and Excluded Liabilities or in relation to work funded by Sellers prior to the Closing Date for which reimbursement has been sought;

(i) the amounts due to any of the Sellers from Affiliates of the Sellers or from the Joint Ventures, as disclosed on Schedule 2.2(i);

(j) all Benefit Plans, agreements related thereto, and assets associated with all Benefit Plans, including but not limited to prepaid pension costs and other assets associated with the Sellers' qualified employee benefits plans;

(k) all rights of the Sellers under this Agreement and the agreements and instruments referred to herein;

(l) all rights and interests of the Sellers in, to and under the contracts, commitments, leases, escrow agreements and agreements to which any of the Sellers are parties, other than the Assumed Contracts, the Tenant Leases and the Seller Leases;

(m) the interest rate swap agreements disclosed on Schedule 2.2(m) and all collateral related thereto;

(n) all funds held under or with respect to any indenture or escrow agreement in connection with the Bonds or bonds refunded with the Bonds;

(o) all claims, causes of action and judgments in favor of the Sellers associated with or arising out of any of the Excluded Assets and/or the Excluded Liabilities;

(p) all self-insured retention trusts and any other similar trust funds related to professional and general liability claims and causes of action;

(q) all consignment inventory as set forth on Schedule 2.2(q);

(r) all non-real estate assets held by Ottumwa Regional Health Foundation, Incorporated, an Iowa non-profit, non-stock corporation (the "**Existing Foundation**");

(s) all rights and interest of the Sellers in the joint ventures set forth on Schedule 2.2(s); and

(t) funds payable to Sellers in relation to interest rate swap agreements.

2.3 Assumed Liabilities. In connection with the conveyance of the Assets to Buyer, Buyer agrees to assume, as of the Effective Time, the payment and performance of the following liabilities of the Sellers (the "**Assumed Liabilities**"):

(a) all obligations accruing, arising or to be performed on or after the Effective Time with respect to the Assumed Contracts, the Tenant Leases and the Seller Leases;

(b) the accounts payable, construction payable, accrued payroll and other current liabilities consistent with historical practices of the Sellers, but only to the extent such liabilities are current liabilities that are included in Net Working Capital;

(c) to the extent included in Net Working Capital, obligations and liabilities as of the Closing Date in respect of accrued vacation, sick time and paid time off benefits of the employees at the Facilities who commence employment with Buyer as of the Effective Time, and related Taxes not yet due and payable;

(d) the Assumed Sick Leave of employees at the Facilities who commence employment with Buyer at the Effective Time, but only to the extent disclosed on Schedule 2.3(d);

(e) to the extent such amount is listed on Schedule 2.3(e) (such amounts being the "**RRL Deposits**"), and provided such amount is delivered by RRL to Buyer (or a designated

Affiliate of Buyer) at Closing, an amount equal to the refundable resident entrance fees and deposits relating to RRL; and

(f) liabilities for the abatement of any asbestos and asbestos-containing materials located on or at the Hospital.

2.4 Excluded Liabilities. Except for the Assumed Liabilities, Buyer shall not assume and under no circumstances shall Buyer be obligated to pay, discharge or assume, and none of the assets of Buyer shall be or become liable for or subject to, any liability, indebtedness, commitment or obligation of any of the Sellers, whether known or unknown, fixed or contingent, recorded or unrecorded, currently existing or hereafter arising or otherwise (collectively, the "**Excluded Liabilities**"), including, without limitation, the following:

(a) any debt, obligation, expense or liability that is not an Assumed Liability, including, without limitation, any termination amounts payable with respect to all interest rate swap agreements;

(b) claims or potential claims for medical malpractice or general liability relating to events asserted to have occurred on or prior to the Closing Date;

(c) those claims and obligations (if any) specified in Schedule 2.4(c) hereto;

(d) any liabilities or obligations associated with or arising out of any of the Excluded Assets;

(e) liabilities and obligations in respect of periods ending on or prior to the Closing Date arising under the terms of the Medicare, Medicaid, CHAMPUS/TRICARE, Blue Cross or other third party payor programs, including, without limitation, in respect of any Cost Report or audit under Medicare's RAC Program;

(f) except as set forth in Section 13.16 of this Agreement, federal, state or local Tax liabilities or obligations in respect of periods ending on or prior to the Closing Date, including, without limitation, any income tax, franchise tax, real or personal property tax, tax recapture, sales and/or use tax, payroll tax, employment tax, unclaimed property obligation and any state and local recording fees and taxes, excluding any Taxes payable with respect to any employee benefits constituting Assumed Liabilities under Section 2.3(c) hereof;

(g) liability for any and all claims by or on behalf of current or former employees arising out of or related to acts, omissions, events or occurrences on or prior to the Closing Date, including, without limitation, liability for any pension, profit sharing, deferred compensation, or health and welfare benefit plans, liability for any EEOC claim, ADA claim, Family and Medical Leave Act claim, wage and hour claim, unemployment compensation claim, or workers' compensation claim, and any liabilities or obligations under COBRA, the Public Health Service Act or similar state laws for qualifying events occurring on or prior to the Closing Date (provided, however, that this clause (g) shall not apply to those benefits constituting Assumed Liabilities and identified in Section 2.3 hereof);

(h) any obligation or liability accruing, arising out of or relating to any federal, state or local investigations of, or claims or actions against, any of the Sellers with respect to acts or omissions on or prior to the Closing Date;

(i) any civil or criminal obligation or liability accruing, arising out of, or relating to any acts or omissions of any of the Sellers or their respective directors, officers, employees, medical staff, agents, vendors or representatives claimed to violate any constitutional provision, statute, ordinance or other law, rule, regulation, interpretation or order of any governmental entity;

(j) liabilities or obligations arising out of any breach by any of the Sellers at any time of any contract or commitment, including, without limitation, any Assumed Contract, Tenant Lease or Seller Lease;

(k) any obligation or liability asserted under the federal Hill-Burton program or other restricted grant and loan programs with respect to the ownership or operation of the Business or the Assets;

(l) any obligations or liabilities with respect to any Benefit Plans, including but not limited to the Ottumwa Regional Health Center Retirement Income Plan; any post-retiree medical benefits or other benefits described in Section 4.13(f); any other obligations or liabilities of the Sellers or any ERISA Affiliate arising under or in connection with ERISA or the IRC; and any incurred but not paid (regardless of whether reported) medical and dental claims made pursuant to any Benefit Plan;

(m) all deferred compensation liabilities;

(n) the loss or impairment of RRL's fee simple interest in the Vista Woods real property as a result of the foreclosure by Ottumwa Development Inc.'s senior lender of its lien on such real property;

(o) any account payable of a Seller or any Joint Venture to any other Seller, Joint Venture or Affiliate thereof;

(p) liabilities or obligations whenever arising relating to any lease, capitalized lease, contract, commitment or agreement of any of the Sellers or relating to the Business that are not Tenant Leases, Seller Leases or Assumed Contracts, including but not limited to contracts or agreements between or among the Sellers or between any Seller and any Joint Venture;

(q) any Environmental Claim or other obligation or liability arising under any Environmental Law related to acts or omissions of the Seller Parties which occurred on or prior to the Closing Date, except for obligations and liabilities arising under or related to: (i) the physical condition of the Alta Vista Site; (ii) compliance with laws, including the Environmental Laws, or the presence of Materials of Concern, at, in or upon the Alta Vista Site; or (iii) the presence of asbestos or asbestos-containing materials on or at the Hospital;

(r) any liability relating to deposits of RRL residents not listed on Schedule 2.3(e), or for amounts in excess of the amounts listed on Schedule 2.3(e);

(s) all liabilities and obligations related to Sellers' operation or closure of the Substance Abuse Programs including but not limited to: regulatory claims; patient claims; contractual obligations of the Substance Abuse Programs; any severance payments; or employee claims; and

(t) liabilities of the Sellers in relation to interest rate swap agreements.

2.5 Consideration.

(a) Subject to the terms and conditions hereof and in reliance upon the representations and warranties of the Sellers set forth herein, as consideration for the conveyance and transfer of the Assets, Buyer shall: (i) pay to the Sellers Eighty-six Million Dollars ($86,000,000) (the "**Closing Cash**"), plus, if applicable, the CLS Consideration (as defined in Section 2.5(b)), which aggregate amount shall be increased or decreased by the difference, whether positive or negative, between the Net Working Capital as of the Closing Date (the "**Closing Net Working Capital**") and the Net Working Capital as of March 31, 2009 (the "**Baseline Net Working Capital**"), which amount was Three Million Seven Hundred Sixty-three Thousand Five Hundred Thirty-nine Dollars ($3,763,539), as determined pursuant to Section 2.6 (as so adjusted, the "**Purchase Price**"); and (ii) assume as of the Effective Time the Assumed Liabilities. At the Closing, Buyer shall deposit Three Million Dollars ($3,000,000) of the Purchase Price (the "**Escrow Amount**") with the escrow agent (the "**Escrow Agent**") identified in that certain Escrow Agreement substantially in the form of Exhibit B hereto (the "**Escrow Agreement**"), which amount shall be held and disbursed by the Escrow Agent in accordance with the terms of the Escrow Agreement.

(b) In the event ORHC purchases all of the interests in CLS held by the University of Iowa Community Medical Services (the "**CLS Interests**") prior to the Closing, the Purchase Price shall be increased by the cash portion of the price paid or to be paid by ORHC for the CLS Interests, which shall not exceed Seven Hundred Fifty Thousand Dollars ($750,000) (the "**CLS Consideration**").

2.6 Determination of Purchase Price; Net Working Capital Adjustment.

(a) For purposes of determining the amount of cash or otherwise immediately available funds to be delivered by Buyer at the Closing in accordance with Section 2.5, not later than two (2) business days prior to the Closing Date, the Sellers shall deliver to Buyer their good faith estimate of the amount of the Closing Net Working Capital, together with supporting documentation of reasonable specificity (such estimate being the "**Net Working Capital Estimate**"). At the Closing, Buyer shall pay to the Sellers by wire transfer of immediately available funds to an account or accounts of the Sellers' designation either: (i) Eighty-six Million Dollars ($86,000,000), plus, if applicable, the CLS Consideration, plus the amount that the Net Working Capital Estimate exceeds the Baseline Net Working Capital minus the Escrow Amount minus the RRL Deposits; or (ii) Eighty-six Million Dollars ($86,000,000), plus, if applicable, the CLS Consideration, minus the amount that the Baseline Net Working Capital exceeds the Net Working Capital Estimate minus the Escrow Amount minus the RRL Deposits.

(b) Within one hundred and fifty (150) days after the Closing Date, Buyer shall prepare, or cause to be prepared, and deliver to the Sellers a statement (the "**Actual Closing Net Working Capital Statement**") setting forth an itemized calculation of the Closing Net Working Capital, together with supporting documentation of reasonable specificity for such calculations.

(c) The Sellers and their accountants shall have forty-five (45) days to review the Actual Closing Net Working Capital Statement after their receipt thereof, and Buyer shall provide Sellers reasonable access to the work papers of Buyer and its accountants used in preparing the Actual Closing Net Working Capital Statement. If the Sellers dispute the accuracy of the Actual Closing Net Working Capital Statement, the Sellers shall inform Buyer in writing (an "**Objection**") setting forth a specific description of the basis of the Objection, which Objection must be delivered to Buyer on or before the last day of such forty-five (45)-day period. Buyer and the Sellers shall then have thirty (30) additional days to attempt in good faith to reach an agreement with respect to any disputed matters in respect of the Closing Net Working Capital. In reviewing any Objection, Buyer and its accountants shall have reasonable access to the work papers of the Sellers and their accountants. If Buyer and the Sellers are unable to resolve all of their disagreements with respect to the determination of the foregoing items within said thirty (30)-day period, they shall submit the remaining items subject to dispute (the "**Disputed Items**") to an independent, regional accounting firm as Buyer and the Sellers shall mutually agree upon (the "**Audit Firm**"); provided, however, that if Sellers and Buyer cannot agree upon an audit firm, then they each shall select an independent, regional accounting firm, and the two (2) accounting firms so selected shall agree upon a third independent accounting firm of national standing, which shall act as the Audit Firm for purposes of this Section 2.6. The Audit Firm shall determine in accordance with this Agreement, and only with respect to the Disputed Items, whether and to what extent, if any, the Actual Closing Net Working Capital Statement requires adjustment. The Parties shall direct the Audit Firm to use all reasonable efforts to render its determination within thirty (30) days after such submission. The Audit Firm's determination of the Closing Net Working Capital shall be conclusive and binding upon the Parties. The fees and disbursements of the Audit Firm in rendering its determination shall be paid fifty percent (50%) by the Sellers and fifty percent (50%) by Buyer. Buyer and the Sellers shall make readily available to the Audit Firm all relevant books and records and any work papers (including those of the Parties' respective accountants) relating to the Actual Closing Net Working Capital Statement and all other items reasonably requested by the Audit Firm. The Closing Net Working Capital shall be deemed to be: (i) the amount of Net Working Capital as stated in the Actual Closing Net Working Capital Statement if no Objection is delivered by the Sellers during the thirty (30)-day period specified above; or (ii) if an Objection is so delivered by the Sellers, the amount of the Closing Net Working Capital as determined by either: (A) the agreement of the Parties; or (B) the Audit Firm.

(d) If the Closing Net Working Capital is less than the Net Working Capital Estimate, then within thirty (30) days after the final determination of the Closing Net Working Capital, the amount of the difference between the Net Working Capital Estimate and the Closing Net Working Capital shall be paid by the Sellers to Buyer via wire transfer of immediately available funds as an adjustment to the Purchase Price. If the Net Working Capital Estimate is less than the Closing Net Working Capital, then within thirty (30) days after the final determination of the Closing Net Working Capital, the amount of the difference between the

Closing Net Working Capital and the Net Working Capital Estimate shall be paid by Buyer to the Sellers via wire transfer of immediately available funds as an adjustment to the Purchase Price.

2.7 Prorations and Utilities. To the extent not otherwise prorated pursuant to this Agreement, Buyer and the Sellers shall prorate as of the Closing Date charges against the Real Property, power and utility charges and all other income and expenses that are normally prorated upon the sale of a going concern (to the extent Sellers' pre-Closing operations were not exempt from such charges). As to charges against the Real Property, all prorations shall be based upon the most recent tax bill received by the Seller. As to power and utility charges, such amounts shall be prorated as of the Closing Date among the parties on the basis of an estimate of the amounts in accordance with GAAP and mutually agreed upon by Buyer and the Sellers.

2.8 Bonds. The Sellers shall take all steps necessary to maintain and ensure the tax exempt status of all of the Bonds prior to the Closing Date. The Sellers shall provide Buyer with reasonably satisfactory evidence of the confirmation of the bond payoff amount no later than two (2) days prior to Closing Date. The Sellers hereby agree to provide for the redemption of the ORHC Bonds on the Closing Date and the defeasance of the RRL Bonds on the Closing Date by directing Buyer to pay the Bond Trustee a portion of the Purchase Price equal to the bond payoff amount for the Bonds. The Sellers shall promptly provide Buyer with copies of all pay-off letters, redemption notices, escrow agreements or similar documents executed by any Seller, the issuer of any Bond or any Bond Trustee prior to or following the Closing with respect to the redemption and/or defeasance of the Bonds.

ARTICLE III

CLOSING

3.1 Closing. Subject to the satisfaction or waiver by the appropriate Party of all of the conditions specified in Articles VIII and IX hereof, the consummation of the transactions contemplated by and described in this Agreement (the "**Closing**") shall take place at the offices of Waller Lansden Dortch & Davis, LLP, 511 Union Street, Suite 2700, Nashville, Tennessee 37219 on the date hereof (the date of consummation is referred to herein as the "**Closing Date**").

3.2 Actions of the Sellers at the Closing. At the Closing and unless otherwise waived in writing by Buyer, the Sellers shall deliver to Buyer the following:

(a) one or more special warranty deeds in recordable form executed by a duly authorized officer of the appropriate Seller(s), conveying to Buyer good and marketable fee title to the Owned Real Property, subject only to the Permitted Encumbrances and any Assumed Liabilities affecting such parcels (provided, however, the Sellers acknowledge and agree that Buyer may designate an Affiliate to take title to the RRL Property and, in such event, at the Closing, RRL shall convey the RRL Property to such Affiliate of Buyer);

(b) one or more General Assignments, Conveyances and Bills of Sale in the form attached as Exhibit C (the "**Bills of Sale**"), fully executed by a duly authorized officer of the appropriate Seller(s), conveying to Buyer (or a designated Affiliate of Buyer for the Assets

owned by RRL) good and marketable title to the Assets, free and clear of all claims, assessments, liens, security interests, restrictions and encumbrances other than the Permitted Encumbrances, liens for Taxes not yet due and payable and the Assumed Liabilities;

(c) one or more Assignment and Assumption Agreements in the form attached as Exhibit D (the "**Assignment and Assumption Agreements**"), fully executed by a duly authorized officer of the appropriate Seller(s), conveying to Buyer (or a designated Affiliate of Buyer for the liabilities of RRL) all of Sellers' right, title and interest in, to and under the Assumed Contracts, the Tenant Leases and Seller Leases, to the extent assignable;

(d) a copy of resolutions duly adopted by the Board of Directors of each of the Sellers authorizing and approving such Seller's performance of the transactions contemplated hereby and the execution and delivery of this Agreement and the documents described herein, certified as true and of full force as of the Closing Date by an appropriate officer of such Seller;

(e) a certificate of the President, a Vice President or other appropriate officer of each Seller, certifying the fulfillment of the conditions set forth in Section 8.1;

(f) a certificate of incumbency for the respective officers of each Seller executing this Agreement or the agreements herein contemplated or making certifications for the Closing, dated as of the Closing Date;

(g) pay-off letters or other documentation provided by the Sellers' lenders in relation to the indebtedness described on Exhibit E, committing to release any liens such lenders may have on the Assets or the Real Property when the indebtedness is paid in full by or on behalf of the Sellers on the Closing Date;

(h) the Non-Competition Agreement substantially in the form attached hereto as Exhibit F, executed by a duly authorized officer of each Seller;

(i) the Transition Services Agreement, executed by a duly authorized officer of ORHC;

(j) the Escrow Agreement, executed by a duly authorized officer of each Seller;

(k) such documents as may be reasonably requested by the Title Company to evidence the commitment of lenders to release the Assets from any and all mortgages and security interests created at any time on or prior to the Closing Date, except the Permitted Encumbrances and the Assumed Liabilities, or to insure Buyer's fee ownership interest in the Owned Real Property and Buyer's leasehold interest in the Leased Real Property;

(l) copies of certificates of insurance evidencing the insurance described in Section 6.7;

(m) a DEA limited power of attorney fully executed by a duly authorized officer of Seller (the "**DEA Power of Attorney**"), substantially in the form attached hereto as Exhibit G;

(n) a certificate of non-foreign status, dated as of the Closing Date, executed by a duly authorized officer of each Seller, in form and substance required under the Treasury Regulations pursuant to Section 1445 of the IRC;

(o) the Employee Lease Agreement, executed by a duly authorized officer of ORHC;

(p) one or more special warranty deeds evidencing the transfer to ORHC of all Real Property owned by the Existing Foundation effective on or before the Closing Date;

(q) an affidavit executed by each Seller certifying that it is not a "blocked person" under Executive Order 13224, which form shall be acceptable to Buyer;

(r) such other instruments and documents as Buyer reasonably deems necessary to effectuate the transactions contemplated hereby.

3.3 Actions of Buyer at the Closing. At the Closing and unless otherwise waived in writing by the Sellers, Buyer shall deliver to the Sellers the following:

(a) the amount of the Purchase Price determined pursuant to the methodology set forth in Section 2.6(a), which shall be transferred to the Sellers by wire transfer of immediately available funds to an account or accounts of Sellers' designation;

(b) the Bills of Sale, fully executed by a duly authorized officer of Buyer;

(c) the Assignment and Assumption Agreements, fully executed by a duly authorized officer of Buyer, pursuant to which Buyer shall assume the future performance of the Assumed Contracts, the Tenant Leases and the Seller Leases as contemplated herein;

(d) a promissory note in the original principal amount of Thirty-Five Million Dollars ($35,000,000) payable by Buyer to ORHC substantially in the form attached hereto as Exhibit H (the "**Note**"), executed by a duly authorized officer of Buyer;

(e) the Transition Services Agreement, executed by a duly authorized officer of Buyer;

(f) the Escrow Agreement, executed by a duly authorized officer of Buyer;

(g) a copy of resolutions duly adopted by the Board of Directors of Buyer, authorizing and approving Buyer's performance of the transactions contemplated hereby and the execution and delivery of this Agreement and the documents described herein, certified as true and in full force as of the Closing Date by an appropriate officer of Buyer;

(h) a certificate of the President, a Vice President or other appropriate officer of Buyer, certifying the fulfillment of the conditions set forth in Section 9.1;

(i) a certificate of incumbency for the officers of Buyer executing this Agreement or the agreements herein contemplated or making certifications for the Closing, dated as of the Closing Date;

(j) a certificate of existence and good standing of Buyer from the Secretary of State of the State of Delaware, dated the most recent practical date prior to the Closing Date;

(k) the Employee Lease Agreement, executed by a duly authorized officer of Buyer;

(l) the DEA Power of Attorney, executed by a duly authorized officer of Buyer; and

(m) such other instruments and documents as the Sellers reasonably deem necessary to effectuate the transactions contemplated hereby.

ARTICLE IV

REPRESENTATIONS AND WARRANTIES OF THE SELLERS

The Sellers, jointly and severally, represent and warrant to Buyer the following:

4.1 Existence and Capacity.

(a) ORHC is an Iowa not-for-profit corporation that is duly organized, validly existing and in good standing under the laws of the State of Iowa.

(b) RRL is an Iowa not-for-profit corporation that is duly organized, validly existing and in good standing under the laws of the State of Iowa, whose sole corporate member is ORHC. RE is an Iowa corporation that is duly organized, validly existing and in good standing under the laws of the State of Iowa, whose sole shareholder is ORHC. Other than ORHC's interests in RRL and RE, no other party owns, directly or indirectly, beneficially or equitably, any capital stock or other equity interest in such entities, nor does any party own or hold any right of first refusal, purchase option or other rights with respect thereto.

(c) Schedule 4.1(c) sets forth the beneficial owners, type of entity and state of organization of each Joint Venture. Each Joint Venture is validly existing and in good standing under the laws of the State of Iowa. Except as set forth on Schedule 4.1(c), to the Sellers' knowledge, no other party owns or holds any right of first refusal, purchase option or other rights with respect to the Joint Ventures.

(d) Except as set forth above or described on Schedule 4.1(d), none of the Sellers owns, directly or indirectly, beneficially or equitably, any capital stock or other equity interest in any corporation, partnership, limited partnership, limited liability company or other entity or association, nor does any Seller own or hold any right of first refusal, purchase option or other rights with respect thereto.

(e) Exhibit A-1 sets forth each of the Seller Facilities owned, leased or operated by the Sellers. Except as set forth on Exhibit A-1, none of the Sellers owns, leases or operates any healthcare facility. Exhibit A-2 sets forth each of the Joint Venture Facilities owned, leased or operated by the Joint Ventures. Except as set forth on Exhibit A-2, none of the Joint Ventures owns, leases or operates any healthcare facility.

(f) Each of the Sellers has the requisite power and authority to enter into this Agreement, to perform its obligations hereunder and to conduct its business as now being conducted.

4.2 Powers; Consents; Absence of Conflicts With Other Agreements, Etc. The execution, delivery, and performance of this Agreement by the Sellers and all other agreements referenced herein, or ancillary hereto, to which any of the Sellers is a party, and the consummation of the transactions contemplated herein by the Sellers:

(a) are within each Seller's organizational powers, are not in contravention of law or of the terms of such Seller's organizational documents and have been duly authorized by all appropriate action;

(b) except as set forth on Schedule 4.2(b), do not require any approval or consent of, or filing with, any governmental agency or authority bearing on the validity of this Agreement which is required by law or the regulations of any such agency or authority;

(c) except as set forth on Schedule 4.2(c), will not conflict with, require consent under or result in any breach or contravention of, or the creation of any lien, charge, or encumbrance under, any indenture, agreement, lease, instrument or understanding to which any Seller is a party or by which it is bound or any of its assets is subject;

(d) will not violate any statute, law, ordinance, rule or regulation of any governmental authority to which any Seller or the Assets may be subject; and

(e) will not violate any judgment, decree, order, writ or injunction of any court or governmental authority to which any Seller or the Assets may be subject.

4.3 Binding Agreement. This Agreement and all agreements to which any of the Sellers will become a party pursuant hereto are and will constitute the valid, legal and binding obligations of such Seller, and are and will be enforceable against such Seller in accordance with the respective terms hereof or thereof.

4.4 Financial Statements. Each of the Sellers has made available to Buyer copies of the following financial statements of or pertaining to the Business and the Assets (the "**Seller Financial Statements**"), which Seller Financial Statements are maintained on an accrual basis, and copies of which are attached hereto as Schedule 4.4(a):

(a) unaudited Balance Sheet dated as of February 28, 2010 (the "**Balance Sheet Date**");

(b) unaudited Income Statement for the eleven (11) month period ended on February 28, 2010; and

(c) audited Balance Sheets, Income Statements, and Statements of Cash Flows for the fiscal year ended March 31, 2008 and for the fiscal year ended March 31, 2009.

Such Seller Financial Statements are true, complete and accurate in all material respects, and conform to GAAP consistently applied, except: (i) for year-end audit adjustments; (ii) for a lack of footnotes; and (iii) as set forth in Schedule 4.4(a). Except as set forth in the footnotes to the audited Seller Financial Statements, the audited Seller Financial Statements have been prepared in accordance with GAAP, applied on a consistent basis throughout the periods indicated. Such Balance Sheets present fairly the financial condition of the Business as of the dates indicated thereon, and such Income Statements present fairly the results of operations of the Business for the periods indicated thereon.

The Sellers have made available to Buyer copies of the financial statements of or pertaining to each of the Joint Ventures and their operations (the "**Joint Venture Financial Statements**"), which Joint Venture Financial Statements are maintained on an accrual basis, and copies of which are attached hereto as Schedule 4.4(d):

(d) unaudited Balance Sheet for the two (2) month period ended February 28, 2010;

(e) unaudited Income Statement for the two (2) month period ended on February 28, 2010; and

(f) audited Balance Sheets, Income Statements, and Statements of Cash Flows for the fiscal year ended December 31, 2008 and for the fiscal year ended December 31, 2009 for CLS and unaudited Balance Sheets, Income Statements, and Statements of Cash Flows for the fiscal year ended December 31, 2008 and for the fiscal year ended December 31, 2009 for SIROC.

Such Joint Venture Financial Statements are true, complete and accurate in all material respects and conform to GAAP consistently applied, except: (i) for year-end audit adjustments for CLS; (ii) for a lack of footnotes; and (iii) as set forth on Schedule 4.4(d). Except as set forth in the footnotes to the audited Joint Venture Financial Statements for CLS, such audited Joint Venture Financial Statements have been prepared in accordance with GAAP, applied on a consistent basis throughout the periods indicated. Such Balance Sheets present fairly the financial condition of the Joint Venture's facilities as of the dates indicated thereon, and such Income Statements present fairly the results of operations of such facilities for the periods indicated thereon.

4.5 Certain Post-Balance Sheet Results. Except as set forth on Schedule 4.5, since the Balance Sheet Date, there has not been any:

(a) material damage, destruction or loss (whether or not covered by insurance) affecting the Business, the Assets or the Joint Venture Facilities;

(b) threatened employee strike, work stoppage or labor dispute pertaining to the Seller Facilities or the Joint Venture Facilities;

(c) sale, assignment, transfer or disposition of any item of property, plant or equipment included in the Assets having a value in excess of Ten Thousand Dollars ($10,000), except in the ordinary course of business with comparable replacement thereof;

(d) increase in the compensation payable by any of the Sellers or the Joint Ventures to any of such entity's employees or independent contractors, other than in the ordinary course of business, or any increase in, or establishment or amendment of, any bonus, insurance, pension, profit-sharing or other employee benefit plan, remuneration or arrangements made to, for or with such employees, other than as required by applicable law;

(e) changes in the composition of the medical staff of the Hospital, other than normal turnover occurring in the ordinary course of business;

(f) changes in the rates charged by the Seller Facilities or the Joint Venture Facilities for their services, other than those made in the ordinary course of business;

(g) adjustments or write-offs in accounts receivable or reductions in reserves for accounts receivable outside the ordinary course of business of the Seller Facilities or the Joint Venture Facilities; or

(h) change in accounting policies or procedures of the Sellers or the Joint Ventures.

4.6 Licenses. The Hospital is duly licensed as a general acute care hospital pursuant to the applicable laws of the State of Iowa. The pharmacies, laboratories and all other ancillary departments located at the Hospital or operated for the benefit of the Hospital that are required to be specially licensed are duly licensed by the Iowa Department of Inspections and Appeals, the Iowa Department of Public Health or other appropriate licensing agency (the "**State Health Agency**"). Each of the other Seller Facilities and the Joint Venture Facilities (to the extent required) has all licenses, registrations, permits and approvals that are needed or required by law to operate the businesses related to or affecting the Seller Facilities, the Joint Venture Facilities, the Assets, or any ancillary services that are part of the Business or the Joint Venture Facilities. Schedule 4.6 sets forth an accurate list of all such licenses, registrations, permits and approvals for the Seller Facilities and the Joint Venture Facilities, identifying specifically each Seller Party and Seller Facility or Joint Venture Facility related thereto, all of which: (i) if held by a Seller or the Sellers, are now, and as of the Closing Date shall be, in good standing and, to the knowledge of Sellers, are not subject to meritorious challenge; and (ii) if held by the Joint Ventures, are now, and as of the Closing Date shall be, in good standing and, to the knowledge of the Sellers, not subject to meritorious challenge.

4.7 Certificates of Need. Except as set forth on Schedule 4.7 hereto, no application for any Certificate of Need, Exemption Certificate or declaratory ruling has been made by any of the Sellers or the Joint Ventures with the State Health Agency or other agency having jurisdiction thereof that is currently pending or open before such agency, and no such application (an "**Application**") filed by any of the Sellers or the Joint Ventures within the past three (3)

years has been ultimately denied by any commission, board or agency or withdrawn by any Seller Party. No Seller or Joint Venture has, except for the Application related to the cardiac catheterization laboratory, prepared, filed, supported or presented opposition to any Application filed by another hospital or health agency within the past three (3) years. Except as set forth on Schedule 4.7 hereto, no Seller or Joint Venture has any Application pending nor any approved Application which relates to a project not yet completed, except for the Application related to the cardiac catheterization laboratory. Each Seller and Joint Venture has properly filed all required Applications with respect to any and all improvements, projects, changes in services, zoning requirements, construction and equipment purchases, and other changes for which approval is required under any applicable federal or state law, rule or regulation, and all such Applications are complete and correct in all material respects.

4.8 Medicare Participation/Accreditation. Each of the Seller Facilities and the Joint Venture Facilities is qualified for participation in the Medicare, Medicaid and CHAMPUS/TRICARE programs to the extent such qualification is appropriate and desired; have current and valid provider contracts with such programs; are in material compliance with the conditions of participation and, where applicable, conditions of coverage for such programs; and have received all approvals or qualifications necessary for reimbursement. The Seller Facilities and the Joint Venture Facilities listed on Schedule 4.8 are accredited by The Joint Commission (the "**Joint Commission**"). Except as set forth on Schedule 4.8 or otherwise disclosed to Buyer in a writing referencing this Section 4.8 on the date hereof, all billing practices of each of the Sellers and the Joint Ventures with respect to all third party payors, including the Medicare, Medicaid and CHAMPUS/TRICARE programs and private insurance companies, are in compliance with all applicable laws, regulations and written policies of such third party payors and the Medicare, Medicaid and CHAMPUS/TRICARE programs. Except as set forth on Schedule 4.8 or otherwise disclosed to Buyer in a writing referencing this Section 4.8 on the date hereof, none of: (i) the Sellers or the Seller Facilities; or (ii) the Joint Ventures or the Joint Venture Facilities has billed or received any payment or reimbursement in excess of amounts allowed by law. None of the Seller Facilities or the Joint Venture Facilities has been excluded from participation in the Medicare, Medicaid or CHAMPUS/TRICARE programs, nor to the knowledge of Sellers is any such exclusion threatened. Each provider agreement to which a Seller or a Joint Venture is a party is in full force and effect, and no events or facts exist that would cause any such provider agreement not to remain in force or effect after the Closing. None of the officers, directors, employees, physicians or independent contractors of any of the Sellers or the Joint Ventures has been excluded from participating in any federal health care program during the past five (5) years, nor is any exclusion pending or, to the knowledge of Sellers, threatened. Except as set forth on Schedule 4.8, none of the Sellers or the Joint Ventures is aware of or has received any notice from any of the Medicare, Medicaid or CHAMPUS/TRICARE programs, or any other third party payor program, of any pending or threatened investigations or surveys.

4.9 Regulatory Compliance. Except as set forth on Schedule 4.9 or otherwise disclosed to Buyer in a writing referencing this Section 4.9 on the date hereof, all of the Sellers' and the Joint Ventures' contracts with physicians or other healthcare providers or entities in which physicians or other healthcare providers are equity owners (collectively, "**Healthcare Providers**") involving services, supplies, payments or any other type of remuneration, whether such services or supplies are provided by a Healthcare Provider to a Seller or a Joint Venture or

provided by a Seller or a Joint Venture to a Healthcare Provider, and all of the Sellers' and the Joint Ventures' leases of personal or real property with Healthcare Providers, whether such personal or real property is leased by a Healthcare Provider to a Seller or a Joint Venture, or leased by a Seller or a Joint Venture to a Healthcare Provider, are in writing, are signed, set forth the services to be provided, and provide for a fair market value compensation in exchange for such services, space or goods. Except as set forth on Schedule 4.9 or otherwise disclosed to Buyer in a writing referencing this Section 4.9 on the date hereof, each of the Seller Facilities, the Business, the Assets, the Joint Ventures and the Joint Venture Facilities has been and presently is in material compliance with all applicable statutes, rules, regulations, ordinances and requirements of all federal, state and local commissions, boards, bureaus, and agencies having jurisdiction over the Seller Facilities, the Joint Venture Facilities, and the Assets, including but not limited to the false claims, false representations, anti-kickback and all other provisions of the Medicare/Medicaid fraud and abuse laws (42 U.S.C. Section 1320a-7 *et seq.*) and the physician self-referral provisions of the Stark Law (42 U.S.C. Section 1395nn). Each of the Sellers and the Joint Ventures and has timely filed all material reports, data, and other information required by law to be filed with such commissions, boards, bureaus, and agencies regarding the Business, the Assets and the Joint Venture Facilities. None of: (i) the Sellers, the Seller Facilities or any of their respective officers, directors, or managing employees; or (ii) the Joint Ventures, the Joint Venture Facilities or any of their respective officers, directors, or managing employees has engaged in any activities that are prohibited under 42 U.S.C. Section 1320a-7 *et seq.*, or the regulations promulgated thereunder, or under any other federal or state statutes or regulations (including laws pertaining to "patient dumping"), or which are prohibited by applicable rules of professional conduct, including but not limited to the following:

(a) knowingly and willfully making or causing to be made a false statement or representation of a material fact in any application for any benefit or payment;

(b) knowingly and willfully making or causing to be made a false statement or representation of a material fact for use in determining rights to any benefit or payment;

(c) presenting or causing to be presented a claim for reimbursement for services under Medicare, Medicaid or other state or federal healthcare program that is for an item or service that is known, or should be known, to be: (i) not provided as claimed; or (ii) false or fraudulent;

(d) failing to disclose knowledge by a claimant of the occurrence of any event affecting the initial or continued right to any benefit or payment on its own behalf or on behalf of another, with intent to fraudulently secure such benefit or payment;

(e) knowingly and willfully offering, paying, soliciting or receiving any remuneration (including any kickback, bribe or rebate, but excluding any legally permissible copayment or other payment), directly or indirectly, overtly or covertly, in cash or in kind: (i) in return for referring an individual to a person for the furnishing, or arranging for the furnishing, of any item or service for which payment may be made in whole or in part by Medicare, Medicaid, or a state healthcare program; or (ii) in return for purchasing, leasing, ordering or arranging for or recommending purchasing, leasing or ordering any good, facility, service or item for which payment may be made in whole or in part by Medicare, Medicaid or a state healthcare program;

(f) knowingly making a payment, directly or indirectly, to a physician as an inducement to reduce or limit necessary services to individuals who are under the direct care of the physician and who are entitled to benefits under Medicare, Medicaid or a state healthcare program, in a manner that would violate applicable law;

(g) knowingly or willfully making or causing to be made or inducing or seeking to induce the making of any false statement or representation (or omitting to state a material fact) required to be stated therein (or necessary to make the statement contained therein not misleading) of a material fact with respect to: (i) the conditions or operations of a Seller Facility or Joint Venture Facility in order that such Seller Facility or Joint Venture Facility may qualify for Medicare, Medicaid, or a state healthcare program certification; or (ii) information required to be provided under Section 1124A of the Social Security Act (42 U.S.C. Section 1320a-3a); or

(h) knowingly and willfully: (i) charging for any Medicaid service money or other consideration at a rate in excess of the rates established by the state; or (ii) charging, soliciting, accepting or receiving, in addition to amounts paid by Medicaid, any gift money, donation or other consideration (other than a charitable, religious, or other philanthropic contribution from an organization or from a person unrelated to the patient) (A) as a precondition of admitting the patient; or (B) as a requirement for the patient's continued stay in a Seller Facility in a manner that violates applicable law.

Each of the Sellers, the Seller Facilities and the Joint Ventures is in material compliance with the administrative simplification provisions required under HIPAA.

4.10 Equipment. Set forth on Schedule 4.10 is a depreciation schedule that lists all Assets having a positive book value as of the Balance Sheet Date. Subject to Section 4.12(b), and except for the items set forth on Exhibit O-1, Exhibit O-2 and Exhibit O-3, all of the Assets consisting of equipment, whether reflected in the Seller Financial Statements or otherwise, are in good operating condition and repair, reasonable wear and tear excepted and except for items that have been written down in the Seller Financial Statements to a realizable market value. Except as disclosed on Schedule 4.10, the only transactions related thereto since the Balance Sheet Date have been additions thereto and dispositions thereof in the ordinary course of business.

4.11 Real Property. The Sellers own good, clear, insurable and marketable fee title to the Owned Real Property, together with all appurtenances and rights thereto, and good, clear insured leasehold title to the Leased Real Property, which ownership interests, as of the Closing Date, will be free and clear of any and all mortgages, deeds of trust, security interests, mechanics or other liens or encumbrances, subject only to those more particularly described on Schedule 4.11 (the "**Permitted Encumbrances**"). Except as set forth on Schedule 4.11 or otherwise disclosed to Buyer in a writing referencing this Section 4.11 on the date hereof, all improvements, including all utilities which are a part of the Real Property, have been substantially completed and installed in accordance with any required permits issued by the governmental entities having jurisdiction thereover to the extent required by law and to the extent applicable and transferable to Buyer. All licenses, permits, Certificates of Need (if applicable), permanent certificates of occupancy, authorizations and approvals required by all governmental entities having jurisdiction thereover, and the requisite certificates of the local

board of fire underwriters (or other body exercising similar functions), have been issued for the Real Property, and, as of the Closing, all of the same will be in full force and effect. Subject to Section 4.12(b), to the knowledge of Sellers, the improvements which are a part of the Owned Real Property, as designed and constructed, comply with all statutes, restrictions, regulations and ordinances applicable thereto, including but not limited to the ADA and Section 504 of the Rehabilitation Act of 1973. Subject to Section 4.12(b), the existing water, sewer, gas and electricity lines, storm sewer and other utility systems on the Real Property are, to the knowledge of Sellers, adequate to serve the utility needs of the Real Property as of the Closing Date, and all approvals, licenses and permits required for said utilities have been obtained and are, and will be as of the Closing, in full force and effect. All of said utilities are installed and operating, and all installation and connection charges have been paid in full. Subject to Section 4.12(b), the location, construction, occupancy, operation and use of the Real Property (including the improvements which are a part of the Real Property) do not violate any applicable law, statute, ordinance, rule, regulation, order or determination of any governmental authority or any board of fire underwriters (or other body exercising similar functions), judicial precedent or any restrictive covenant or deed restriction (recorded or otherwise) affecting the Real Property or the location, construction, occupancy, operation or use thereof, including, without limitation, all applicable laws. The Real Property comprises all of the real property currently used in connection with the Business or the Assets being acquired by Buyer. Subject to Section 4.12(b), with respect to the Real Property and any real property owned or leased by the Joint Ventures:

(a) except as described on Schedule 4.11(a), no Seller or Joint Venture has received during the past two (2) years notice of a violation of any applicable ordinance or other law, order, regulation, or requirement or notice of condemnation, lien, assessment, or the like relating to any part of such properties or the operation thereof, and has no knowledge of any such violation, proceeding, lien or assessment;

(b) except as described on Schedule 4.11(b), such properties and their operation are in compliance with all applicable zoning ordinances, and the consummation of the transactions contemplated herein will not result in a violation of any applicable zoning ordinance or the termination of any applicable zoning variance now existing;

(c) except for the Permitted Encumbrances, such properties are subject to no easements, restrictions, encumbrances, or such other limitations on title so as to make any such property unusable for its current use or the title uninsurable or unmarketable or which restrict or impair its use, marketability or insurability;

(d) except as described on Schedule 4.11(d), there is no pending or, to the knowledge of the Sellers, threatened litigation, administrative action or complaint (whether from a state, federal or local government or from any other person, group or entity) relating to the Real Property, including compliance of any of such properties with the Rehabilitation Act of 1973, Title III of the ADA or any comparable state statute related to accessibility;

(e) with respect to the Owned Real Property, the Leased Real Property and the Joint Venture Facilities, there are no tenants or other persons or entities occupying any space in such properties other than pursuant to the Tenant Leases described in Schedule 2.1(j) or as set forth on Schedule 4.11(e);

(f) attached as Schedule 4.11(f) is a "rent roll" for all Tenant Leases that sets forth: (i) the premises covered; (ii) the date of the Tenant Lease and all amendments and modifications thereto; (iii) the name of the tenant, licensee or occupant; (iv) the term; (v) the rents and other charges payable thereunder; (vi) any charges in arrears or prepaid thereunder, if any; (vii) any security deposit held by the landlord; and (viii) options to renew held by tenant;

(g) except as described on Schedule 4.11(g), no Seller or Joint Venture has received any written notice, and has no knowledge, of any existing, proposed or contemplated plans to modify or realign any street or highway or any existing, proposed or contemplated eminent domain proceeding that would result in the taking of all or any part of such properties or that would adversely affect the current use of any part thereof;

(h) except as described on Schedule 4.11(h), the existing improvements located upon such properties do not, with respect to the Seller Facilities and the Joint Venture Facilities, encroach upon adjacent premises or upon existing utility company easements;

(i) except as described on Schedule 4.11(i), to the knowledge of the Sellers, no party owns or holds any right of first refusal to purchase or lease or an option to purchase or lease all or any portion of the Real Property or property owned or leased by a Joint Venture;

(j) except as set forth in Schedule 4.11(j), there will be no incomplete construction projects affecting the Real Property as of the Closing Date. Schedule 4.18 includes all design service contracts, engineering services contracts, construction contracts and construction management contracts relating to those construction projects that will be incomplete as of the Closing Date;

(k) all Existing Tenant Improvement Obligations will have been fully performed and funded by each of the Sellers on or before the Closing Date;

(l) no Seller is a person or entity with whom U.S. persons are restricted from doing business with under regulations of the OFAC of the Department of Treasury (including those named on the OFAC's Specially Designated and Blocked Persons list) or under any statute, executive order (including Executive Order 13224), or the USA Patriot Act, or any other governmental action;

(m) no subdivision shall be required for the lawful conveyance of the Owned Real Property to Buyer; and

(n) no brokerage or leasing commissions or other compensation will be due or payable as of Closing to any person, firm, corporation or other entity with respect to, or on account of, any Tenant Lease, any Seller Lease or any extensions or renewals thereof.

4.12 Title to and Condition of the Assets.

(a) As of the Closing Date, the Sellers shall own and hold good and valid title to all of the Assets, subject only to the Permitted Encumbrances and Assumed Liabilities. Except as otherwise set forth on Schedule 4.12(a) and as set forth in Section 4.12(b), in respect of their physical condition and defects, the Real Property and all machinery and equipment used

in the operation of the Business are in good operating condition and repair, reasonable wear and tear excepted, and suitable for the purpose for which they are intended. Except as set forth on Schedule 4.12(a) and as set forth in Section 4.12(b), there are no material defects, structural or other, in any of the Assets, including, without limitation, the Real Property and the implements, machinery and equipment used in the Business.

(b) Notwithstanding anything herein to the contrary, Sellers make no representation, warranty or covenant as to: (i) the physical condition of the Alta Vista Site; (ii) compliance with laws, including the Environmental Laws, or the presence of Materials of Concern, at, in or upon the Alta Vista Site; or (iii) the presence of asbestos or asbestos-containing materials and compliance with applicable laws related thereto in, on or at the Real Property, the Seller Facilities, the Joint Venture Facilities or other improvements located on the Real Property.

4.13 Employee Benefit Plans.

(a) Schedule 4.13(a) includes a true, complete and correct list of all "employee benefit plans," as defined in Section 3(3) of ERISA, all specified fringe benefit plans as defined in Section 6039D of the IRC, and all other pension, profit-sharing, stock bonus, stock option, deferred compensation, or other retirement plans, including any IRC Section 403(b) or Section 457 plans; welfare benefit plans, including group health and group insurance plans; cafeteria, flexible benefit or tuition assistance plans; executive compensation, bonus, or incentive plans; severance plans; salary continuation plans, programs, or arrangements; vacation, holiday, sick-leave, paid-time-off, or other employee compensation, bonus, or incentive plans, procedures, programs, payroll practices, policies, agreements, commitments, contracts, or understandings; or any annuity contracts, custodial agreements, trusts or other agreements related to any of the foregoing (collectively, the "**Benefit Plans**"), whether qualified or nonqualified, funded or unfunded: (i) that are currently, or have been within the past six (6) years, sponsored, maintained or contributed to by any of the Sellers or any ERISA Affiliate; (ii) with respect to which any of the Sellers or any ERISA Affiliate has any liability or obligation to any current or former officer, employee or service provider, or the dependents of any thereof; or (iii) which could result in the imposition of liability or any obligation of any kind or nature, whether accrued, absolute, contingent, direct, indirect, perfected or inchoate or otherwise, and whether or not now due or to become due to any of the Sellers or any ERISA Affiliate. None of the Sellers or any ERISA Affiliate has ever been required to pay premiums to the Pension Benefit Guaranty Corporation.

(b) Sellers have made available to Buyer accurate and complete copies of the Benefit Plans; insurance contracts or any other funding instruments; governmental rulings; determination, advisory, notification, or opinion letters; actuarial reports for each of the past three (3) years; contracts with third party administrators and other independent contractors; summary plan descriptions, modifications, memoranda and employee handbooks. All returns, reports, disclosure statements, and premium payments have been or will be timely filed, delivered, or paid as required by applicable law.

(c) None of the Sellers or any ERISA Affiliate has ever participated in or sponsored, contributed to, or had an obligation to contribute to a plan subject to Section 412 of

the IRC, Section 302 of ERISA and/or Title IV of ERISA, multiemployer plan, multiple employer plan, or single employer plan to which at least two or more of the contributing sponsors are not part of the same controlled group; participated in any benefit plan that is a multiple employer welfare arrangement; had asserted against it any claim for any excise tax, interest, or penalty; or committed a breach of any responsibilities or obligations imposed upon fiduciaries by law. There have been no prohibited transactions with respect to any Benefit Plan.

(d) Each Benefit Plan that is a pension or other retirement plan (other than those nonqualified deferred compensation plans and plans established under Sections 403(b) or 457 of the IRC that are disclosed on Schedule 4.13(a)) and each related trust agreement, annuity contract, or other funding instrument is qualified and tax-exempt under the provisions of Sections 401(a) and 501(a) of the IRC, respectively; each Benefit Plan that is a plan established under Section 403(b) of the IRC and each related trust agreement, annuity contract, custodial account or other funding instrument is in compliance with the requirements of Section 403(b) of the IRC; each Benefit Plan that is a plan established under Section 457 of the IRC and each related trust agreement, annuity contract or other funding instrument is in compliance with the requirements of Section 457 of the IRC; each Benefit Plan that is a nonqualified deferred compensation plan and each related trust agreement, insurance contract, or other funding instrument is in compliance with the requirements of Section 409A of the IRC; no Benefit Plan has any unfunded accrued liability; no Benefit Plan has experienced any reportable events; no Benefit Plan presently has any accumulated funding deficiencies or liquidity shortfalls; no Benefit Plan has any liabilities required by law to be disclosed that have not been disclosed; no Benefit Plan has been partially or fully terminated; and no governmental entity has instituted or threatened a proceeding to terminate any Benefit Plan or to appoint a new trustee for such Benefit Plan. Except as set forth on Schedule 4.13(d), all Benefit Plans are operated and administered in accordance with their terms and all applicable laws, including ERISA and the IRC. Each of the Sellers and each of the ERISA Affiliates have paid in full all amounts that are required under the terms of each Benefit Plan to have been paid.

(e) No Benefit Plan is currently or has been within the last six (6) years under audit, inquiry, or investigation by any governmental entity, and there are no Benefit Plan matters pending before any governmental agency. Other than routine claims for benefits, there are no actions, mediations, audits, arbitrations, suits, claims, or investigations pending or threatened against or with respect to any of the Benefit Plans or their assets, and there are no pending or, to the Sellers' knowledge, threatened claims by or on behalf of the Benefit Plans or by any employee of the Sellers alleging a breach of fiduciary duties or violations of law nor, to the Sellers' knowledge, is there any basis for such claims.

(f) Except as set forth on Schedule 4.13(f), each of the Sellers and each of the ERISA Affiliates is in material compliance with the continuation coverage provisions of COBRA, the Public Health Service Act and similar state laws, as applicable, with respect to all current and former employees and their beneficiaries. Except as set forth on Schedule 4.13(f), no Benefit Plans provide for, and no written or oral agreements have been entered into promising or guaranteeing the continuation of, medical, dental, vision, life or disability insurance coverage for any current or former employees of any of the Sellers or any ERISA Affiliate, their spouses, or their dependents or beneficiaries for any period of time beyond termination of employment (except to the extent of coverage required under COBRA or the Public Health Service Act).

Schedule 4.13(f) lists all individuals who are currently receiving or are eligible to elect continuation coverage under the Benefit Plans.

(g) Except as set forth on Schedule 4.13(g), the consummation of the transactions contemplated by this Agreement will not accelerate the time of vesting, or payment, or increase the amount, of compensation payable to any current or former employee. No Benefit Plan or other contract or arrangement provides for payments that would be triggered by the consummation of the transactions contemplated by this Agreement that would subject any person to excise tax under Section 4999 of the IRC.

4.14 Litigation or Proceedings. Except as set forth on Schedule 4.14, there are no claims, actions, suits, proceedings, investigations, judgments, decrees, orders, writs or injunctions pending or, to the knowledge of the Sellers, threatened against or related to any of the Sellers, the Business, the Assets, any of the Joint Ventures or any of the Joint Venture Facilities, at law or in equity, or before or by any governmental entity. None of the Sellers or the Joint Ventures is in default under any judgment, decree, order, writ or injunction of any court or governmental entity.

4.15 Hill-Burton and Other Liens. None of the Sellers or the Joint Ventures has received any loans, grants or loan guarantees pursuant to the Hill-Burton Act program, the Health Professions Educational Assistance Act, the Nurse Training Act, the National Health Planning and Resources Development Act or the Community Mental Health Centers Act, as amended, or similar laws or acts relating to healthcare facilities that remain unpaid or which impose restrictions on the operation of the Facilities or the Assets.

4.16 Taxes.

(a) Each of ORHC and RRL: (i) is an organization described in Section 501(c)(3) of the IRC and is exempt from taxation to the extent described in Section 501(a) of the IRC; (ii) is not a private foundation within the meaning of Section 509(a) of the IRC; and (iii) has received a determination letter from the Internal Revenue Service to such effect, which determination letter has not been revoked or otherwise modified. Each of ORHC and RRL is in material compliance with all applicable federal and state laws, regulations, rulings and orders pertaining to the operation of an organization described in Section 501(c)(3) of the IRC, including, without limitation, requirements as to private benefit, inurement, self-dealing, conflicts of interest and other applicable requirements. Neither ORHC nor RRL has entered into any transaction which has constituted or may constitute an "excess benefit transaction" within the meaning of Section 4958 of the IRC and the Treasury Regulations thereunder. Except as provided on Schedule 4.16(a), the Leased Real Property, the Owned Real Property, the Seller Facilities and the Assets are, and shall be through the Closing Date, exempt from all real and personal property taxes and there are no municipal assessments, for betterments or otherwise, on, related to or, to the knowledge of the Sellers, under consideration for, either the Leased Real Property or Owned Real Property.

(b) Each of the Sellers and the Joint Ventures has filed all Tax Returns required to be filed by it (all of which are true and correct in all material respects). All Taxes due and owing (whether or not shown on any Tax Return) by each of the Sellers and the Joint

Ventures have been paid. There are no liens for Taxes on any of the Assets, the Seller Facilities or the Joint Venture Facilities and, to the knowledge of the Sellers, no basis exists for the imposition of any such liens. None of the Sellers or the Joint Ventures has waived any statute of limitations in respect of Taxes or agreed to any extension of time with respect to a Tax assessment or deficiency. Except as set forth on Schedule 4.16(b)(i), none of the Sellers or the Joint Ventures is currently the beneficiary of any extension of time within which to file any Tax Return. Each of the Sellers and the Joint Ventures has withheld and paid all Taxes required to have been withheld and paid in connection with amounts paid or owing to any employee, independent contractor, creditor, or other third party, and all Internal Revenue Service Forms W-2 and 1099 required with respect thereto have been properly completed and timely filed. There is no dispute or claim concerning any Tax liability of any of the Sellers or the Joint Ventures either: (i) claimed or raised by any governmental authority; or (ii) as to which the Sellers have knowledge. Except as provided on Schedule 4.16(b)(ii), none of the Assets constitutes an ownership interest in a joint venture, partnership or other arrangement or contract that could be treated as a partnership for federal income tax purposes. Each of the Joint Ventures has not elected, and will not elect prior to the Closing, to be treated as an association taxable as a corporation.

4.17 Employee Relations.

(a) Except as set forth on Schedule 4.17(a), all individuals who provide services at any of the Seller Facilities are employees of the Sellers. There has not been within the last three (3) years, and there is not presently pending or, to the knowledge of the Sellers, threatened, any strike, slowdown, picketing, work stoppage, or employee grievance process, or any proceeding against or affecting any of the Sellers or the Joint Ventures relating to an alleged violation of any legal requirements pertaining to labor relations, including any charge, complaint or unfair labor practices claim filed by an employee, union, or other person with the National Labor Relations Board or any governmental entity, organizational activity, or other labor dispute against or affecting any of the Sellers, the Joint Ventures or their operations or assets. With respect to the employees of the Seller Facilities, no collective bargaining agreement exists or is currently being negotiated by any of the Sellers; no application for certification of a collective bargaining agent is pending; no demand has been made for recognition by a labor organization; and, to the knowledge of the Sellers, no union representation question exists, no union organizing activities are taking place, and none of the employees of the Sellers are represented by any labor union or organization.

(b) Each of the Sellers has materially complied with all legal requirements relating to employment; employment practices; terms and conditions of employment; equal employment opportunity; nondiscrimination; immigration; wages; hours; benefits; payment of employment, social security, and similar taxes; occupational safety and health; and plant closing. Except as set forth on Schedule 4.17(b), there are no pending or, to the knowledge of the Sellers, threatened claims for failure to comply with any of the foregoing legal requirements.

(c) The Sellers have made available to Buyer the personnel records for all employees of the Sellers potentially affected by the transactions contemplated by this Agreement, including records reflecting salary or wages, and sick (or extended illness), paid-time-off, and vacation leave that is accrued or credited but unused or unpaid. Schedule 4.18 lists

each employment, consulting, independent contractor, bonus or severance agreement to which any of the Sellers is a party. Each of the Benefit Plans, Sellers and all ERISA Affiliates has properly classified individuals providing services to any of the Seller Parties as independent contractors or employees, as the case may be. Schedule 4.17(c) sets forth the employees who had an "employment loss," as such term is defined in the WARN Act or any similar state or local legal requirements, within the ninety (90) days preceding the Closing Date; in relation to the foregoing, the Sellers have not violated the WARN Act or any similar state or local legal requirements.

4.18 Agreements and Commitments. Schedule 4.18 sets forth an accurate list of all commitments, contracts, leases, and agreements, written or oral, relating to the Business or the Assets to which any Seller is a party or by which any of the Sellers or the Assets or any portion thereof is bound, including: (a) physician agreements; (b) agreements with health maintenance organizations, preferred provider organizations or other alternative delivery systems; (c) joint venture or partnership agreements; (d) employment contracts or any other contracts, agreements, or commitments to or with individual employees or agents; (e) contracts or commitments affecting ownership of, title to, use of or any interest in the Real Property, including any Tenant Leases; (f) equipment leases; (g) equipment maintenance agreements; (h) agreements with municipalities or quasi-governmental agencies or entities; (i) collective bargaining agreements or other contracts or commitments to or with any labor unions, labor organizations or other employee representatives or groups of employees; (j) loan agreements, bonds, mortgages, liens or other security agreements; (k) patent licensing agreements or any other agreements, licenses or commitments with respect to patents, patent applications, trademarks, trade names, service marks, technical assistance, copyrights, or other intellectual property affecting the Facilities or the Assets; (l) agreements, licenses or commitments relating to data processing programs, software, or source codes utilized in connection with the Business or the Assets; (m) all agreements with residents of the facilities operated by RRL; or (n) any other contracts or commitments not identified in (a)-(m) above, whether in the ordinary course of business or not, which involve future payments, performance of services or delivery of goods or materials, to or by any of the Sellers in an amount exceeding Ten Thousand Dollars ($10,000) on an annual basis.

4.19 The Assumed Contracts, Tenant Leases and Seller Leases. Schedule 2.1(j) sets forth an accurate list of the Tenant Leases. Schedule 2.1(b)(ii) sets forth an accurate list of the Seller Leases. The Sellers have made available to Buyer accurate copies of the Assumed Contracts, the Tenant Leases and the Seller Leases. Schedule 2.3(e) sets forth a complete and accurate list of each RRL resident and their deposit pursuant to the residency agreement between RRL and such residents. The Sellers represent and warrant with respect to the Assumed Contracts, the Tenant Leases and the Seller Leases that:

(a) the Assumed Contracts, the Tenant Leases and the Seller Leases constitute valid and legally binding obligations of one or more of the Sellers and are enforceable against such Sellers in accordance with their respective terms, and, to the knowledge of the Sellers, the Assumed Contracts, the Tenant Leases and the Seller Leases constitute valid and legally binding obligations of the other party or parties to the Assumed Contracts, the Tenant Leases and the Seller Leases and are enforceable against such parties in accordance with their terms;

(b) each Assumed Contract, Tenant Lease or Seller Lease constitutes the entire agreement by and between the respective parties thereto, with respect to the subject matter thereof;

(c) all obligations required to be performed by one or more of the Sellers under the terms of the Assumed Contracts, the Tenant Leases and the Seller Leases have been performed in all material respects, and no Seller has received notice that any act or omission by any such Seller has occurred or failed to occur which, with the giving of notice, the lapse of time or both, would constitute a default under any such Assumed Contract, Tenant Lease or Seller Lease, and each of such Assumed Contracts, Tenant Leases and Seller Leases is now and at the Closing Date will be in full force and effect without default on the part of any of the Sellers;

(d) except as expressly set forth on Schedule 4.18, none of the Assumed Contracts, the Tenant Leases or the Seller Leases requires consent to its assignment to and assumption by Buyer, and the Sellers will use commercially reasonable efforts to obtain any required consents prior to the Closing Date; and

(e) except as expressly set forth on Schedule 4.18, the assignment of the Assumed Contracts, the Tenant Leases and the Seller Leases to and the assumption of such Assumed Contracts, Tenant Leases and Seller Leases by Buyer will not result in any penalty or premium, or variation of the rights, remedies, benefits or obligations of any party thereunder.

4.20 Supplies. Except as set forth in Section 4.12(b), all the inventory and supplies constituting any part of the Assets are of a quality and quantity usable in the ordinary course of business of the Business, consistent with Sellers' historic practices.

4.21 Insurance. Schedule 4.21 sets forth an accurate schedule disclosing the insurance policies covering the Business and the Assets, which Schedule reflects the policies' numbers, identity of insurers, amounts, and coverage. All of such insurance policies are in full force and effect with no premium arrearage. Each of the Sellers has given in a timely manner to its respective insurers all notices required to be given under such insurance policies with respect to all of the claims and actions covered by insurance, and no insurer has denied coverage of any such claims or actions. Except as set forth on Schedule 4.21, none of the Sellers have: (a) received any written notice or other communication from any such insurance company canceling or materially amending any of such insurance policies and, to the knowledge of the Sellers, no such cancellation or amendment is threatened; or (b) failed to give any required notice or to present any claim which is still outstanding under any of such policies with respect to the Business or any of the Assets.

4.22 Third Party Payor Cost Reports. The Hospital has duly filed all required Cost Reports for all fiscal years through and including the fiscal year ended March 31, 2009. All of such Cost Reports accurately reflect the information required to be included thereon and such Cost Reports do not claim, and none of the Seller Facilities or the Sellers has received, reimbursement in any amount in excess of the amounts provided by law or any applicable agreement. Schedule 4.22 indicates which of such Cost Reports have not been audited and finally settled and a brief description of any and all notices of program reimbursement, proposed or pending audit adjustments, disallowances, appeals of disallowances and any and all other

unresolved claims or known disputes in respect of such cost reports. The Hospital has established adequate reserves to cover any potential reimbursement obligations that the Hospital may have in respect of any such Cost Reports, and such reserves are accurately set forth in the Financial Statements.

4.23 Medical Staff Matters. The Sellers have made available to Buyer true, correct and complete copies of the Hospital's bylaws and rules and regulations of the Hospital's medical staff, as well as a list of all current members of the Hospital's medical staff. Except as set forth on Schedule 4.23 or otherwise disclosed to Buyer in a writing referencing this Section 4.23 on the date hereof, there are no adverse actions with respect to any medical staff member of the Seller Facilities or the Joint Venture Facilities, or any applicant thereto, for which a medical staff member or applicant has requested a judicial review hearing that has not been scheduled or has been scheduled but has not been completed, and there are no pending or, to the knowledge of the Sellers, threatened disputes with applicants, staff members or health professional affiliates, and all appeal periods in respect of any adverse actions against any medical staff member or applicant have expired. Schedule 4.23 sets forth a brief description of all adverse actions taken against medical staff members or applicants during the past three (3) years that, to Sellers' knowledge, could result in claims or actions against any of the Sellers and which are not disclosed in the minutes of the meetings of the Medical Executive Committee of the medical staff of the Seller Facilities, which minutes have been made available to Buyer.

4.24 Accounts Receivable. All accounts receivable constituting a part of the Assets represent and constitute bona fide claims owing to the Sellers for services actually performed or for goods or supplies actually provided in the amounts indicated in the Net Working Capital with no known set-offs, deductions, compromises, or reductions (other than reasonable allowances for bad debts and contractual allowances in an amount consistent with historical policies and procedures of the Sellers and which are taken into consideration in the preparation of the Financial Statements). The Sellers have made available to Buyer a complete and accurate aging report of all such accounts receivable, a copy of its policy regarding write-offs of receivables and a schedule of all accounts receivable, whether recorded or unrecorded, which have been assigned to collection agencies or are otherwise held or assigned for collection.

4.25 Experimental Procedures. During the past five (5) years, neither the Seller Facilities nor the Joint Venture Facilities have performed or permitted the performance of any experimental or research procedure or study involving patients not authorized and conducted in accordance with the procedures of the Seller Facilities or the Joint Venture Facilities, as applicable.

4.26 Compliance Program. The Sellers have made available to Buyer a copy of the Seller Facilities' current compliance program materials and, if applicable, the compliance materials of the Joint Venture Facilities, including, without limitation, all program descriptions, compliance officer and committee descriptions, ethics and risk area policy materials, training and education materials, auditing and monitoring protocols, reporting mechanisms, and disciplinary policies. Except as set forth on Schedule 4.26, within the past three (3) years none of the Sellers or the Joint Ventures: (a) has been or is a party to an outstanding Corporate Integrity Agreement with the OIG of HHS; (b) has had or has reporting obligations pursuant to any settlement agreement entered into with any governmental entity; (c) to the knowledge of the Sellers, has

been or is the subject of any government payor program investigation conducted by any federal or state enforcement agency; or (d) has been or is a defendant in any *qui tam*/False Claims Act litigation and, to the knowledge of the Sellers, no such litigation has been or is threatened. For purposes of this Agreement, the term "**compliance program**" refers to provider programs of the type described in the compliance guidance published by the OIG of HHS.

4.27 Environmental Matters. Except as provided under Section 4.12(b), or as set forth on Schedule 4.27:

(a) The operations and properties of each of the Sellers and the Joint Ventures are and at all times have been in compliance with the Environmental Laws, which compliance includes but is not limited to the possession by the appropriate Seller or Joint Venture of all permits and governmental authorizations required under applicable Environmental Laws, and compliance with the terms and conditions thereof.

(b) None of the Sellers or the Joint Ventures has treated, stored, managed, disposed of, transported, handled, released or used any Material of Environmental Concern, except in the ordinary course of its business and in compliance with all Environmental Laws.

(c) There are no Environmental Claims pending or, to the knowledge of the Sellers, threatened against any of the Sellers or the Joint Ventures, and, to the knowledge of the Sellers, no circumstances exist that could reasonably be expected to lead to the assertion of an Environmental Claim against any Seller Party.

(d) There are no off-site locations (other than locations operated or managed by waste management providers with whom the Sellers or Joint Ventures contract) where any of the Sellers or the Joint Ventures has stored, disposed or arranged for the disposal of Materials of Environmental Concern, and none of the Sellers or the Joint Ventures has been notified in writing that such entity is a potentially responsible party at any such location under any Environmental Laws.

(e) None of the Sellers or the Joint Ventures has assumed or undertaken or otherwise become subject to any liability or corrective, investigatory or remedial obligation of any other person relating to any Environmental Law.

(f) (i) There are no underground storage tanks located on property owned, leased or operated by any of the Sellers or the Joint Ventures; and (ii) there are no polychlorinated biphenyls or polychlorinated biphenyls-containing items contained in or forming part of any building, building component, structure or office space owned, leased or operated by any of the Sellers or the Joint Ventures.

(g) No property used in the Sellers' or the Joint Ventures' operations is subject to an encumbrance imposed by or arising under any Environmental Law, and there is no proceeding pending or, to the knowledge of the Sellers, threatened for the imposition of such encumbrance, nor, to the knowledge of the Sellers, is there any basis for any such encumbrance or proceeding.

(h) The operations of each of the Sellers and the Joint Ventures are in compliance with laws concerning Medical Waste.

4.28 Intellectual Property Rights.

(a) Schedule 4.28(a) contains a true, complete and correct list of all intellectual property that is owned by the Sellers. Except as set forth in Schedule 4.28(a), all Owned Intellectual Property is owned by the Sellers free and clear of all liens, claims and encumbrances. At the Closing, the Sellers will transfer to Buyer good and valid title to the Owned Intellectual Property, free and clear of all liens, claims and encumbrances other than the Permitted Encumbrances. Except as described in Schedule 4.28(a), no Seller has granted any license to any person or entity relating to any of the Owned Intellectual Property.

(b) Schedule 4.28(b) contains a true, complete and correct list of all intellectual property (other than software available on reasonable terms in consumer retail stores) that is used by the Sellers and constitutes all intellectual property (other than the Owned Intellectual Property) used in connection with the operation of the Business.

(c) No Seller has received notice of any unresolved claim asserting a conflict with the rights of another person or entity in connection with the use by it of any of the intellectual property listed in Schedule 4.28(a) or 4.28(b).

(d) Except as set forth on Schedule 4.28(d), all patents, registered copyrights and registered trademarks that are a portion of the intellectual property of the Sellers and the Joint Ventures and applications with respect thereto: (i) have been duly maintained including without limitation the proper, sufficient and timely submission of all necessary filings and fees; (ii) have not lapsed, expired or been abandoned; and (iii) are not the subject of any opposition, interference, cancellation, or other proceeding before any governmental registration or other authority in any jurisdiction.

(e) None of the Sellers or the Joint Ventures has received any notice that infringement exists by it on the intellectual property rights of any other person or entity that results in any way from the Business, the Assets or the Joint Venture Facilities.

4.29 Absence of Undisclosed Liabilities. Except: (i) as and to the extent reflected or specifically reserved against (which reserves are believed adequate in amount) in the Seller Financial Statements or the Joint Venture Financial Statements; (ii) liabilities incurred in the ordinary course of business since the Balance Sheet Date; and (iii) as set forth on Schedule 4.29, neither the Sellers nor the Joint Ventures has, and is not subject to, any liability or obligation of any nature, whether accrued, absolute, contingent or otherwise, asserted or unasserted, known or unknown.

4.30 Disclosure. No representation or warranty by any of the Sellers contained in this Agreement, and no statement contained in any Schedule (including any supplement or amendment thereto) and the documents to be delivered at the Closing by or on behalf of any of the Sellers to Buyer or any of its representatives in connection with the transactions contemplated hereby, contains or will contain any untrue statement of material fact or omits or will omit to state a material fact necessary in order to make the statements and information

contained therein untrue. The Sellers have made available to Buyer true, correct and complete copies of all documents described on any Schedule hereto.

4.31 Brokers. Except as set forth on Schedule 4.31, no broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in connection with the transactions contemplated by this Agreement based upon arrangements made by or on behalf of the Sellers.

4.32 The Sellers' Knowledge. When used herein, the phrases "**to the knowledge of the Sellers**," "**known**" and similar references to the knowledge of the Sellers shall mean and refer to all matters with respect to which: (a) any Seller has received a written notice; or (b) the actual knowledge of the representatives of the Sellers identified on Schedule 4.32, after inquiry of the individuals identified on Schedule 4.32.

ARTICLE V

REPRESENTATIONS AND WARRANTIES OF BUYER AND RCHP

Buyer and RCHP represent and warrant to the Sellers the following:

5.1 Existence and Capacity. Buyer is a Delaware corporation that is duly organized, validly existing and in good standing under the laws of the State of Delaware. Buyer has the requisite power and authority to enter into this Agreement, to perform its obligations hereunder and to conduct its business as now being conducted. RCHP is a Delaware corporation that is duly organized, validly existing and in good standing under the laws of the State of Delaware. RCHP has the requisite authority to enter into this Agreement, to perform its obligations hereunder, and to conduct its business as now conducted. Buyer is a wholly-owned subsidiary of RCHP.

5.2 Powers; Consents; Absence of Conflicts With Other Agreements, Etc. The execution, delivery, and performance of this Agreement by Buyer and RCHP and all other agreements referenced herein, or ancillary hereto, to which Buyer or RCHP is a party and the consummation of the transactions contemplated herein by Buyer or RCHP:

(a) are within its powers, are not in contravention of law or of the terms of its organizational documents and have been duly authorized by all appropriate action;

(b) except as set forth on Schedule 5.2(b), do not require any approval or consent of, or filing with, any governmental agency or authority bearing on the validity of this Agreement which is required by law or the regulations of any such agency or authority;

(c) will neither conflict with, nor result in any breach or contravention of, or the creation of any lien, charge or encumbrance under, any indenture, agreement, lease, instrument or understanding to which it is a party or by which it is bound;

(d) will not violate any statute, law, rule or regulation of any governmental authority to which it may be subject; and

(e) will not violate any judgment, decree, writ, or injunction of any court or governmental authority to which it may be subject.

5.3 Binding Agreement. This Agreement and all agreements to which Buyer or RCHP will become a party pursuant hereto are and will constitute the valid, legal and binding obligations of Buyer or RCHP, respectively, and are and will be enforceable against Buyer or RCHP, respectively, in accordance with the respective terms hereof and thereof.

5.4 Availability of Funds. Buyer has the ability to obtain funds in cash in amounts equal to the Purchase Price, and will at the Closing have immediately available funds in cash that are sufficient to pay the Purchase Price.

5.5 Legal Proceedings. There are no claims, actions, suits, proceedings, investigations, judgments, decrees, orders, writs or injunctions pending or, to the knowledge of Buyer or RCHP, threatened against or related to the Buyer or RCHP, respectively, at law or in equity, or before or by any governmental entity. Buyer is not in default under any judgment, decree, order, writ or injunction of any court or governmental entity.

5.6 Operations. As of the date hereof, Buyer was recently formed, has no operations, does not own any healthcare facilities and has not generated any revenue.

5.7 Disclosure. No representation or warranty by Buyer or RCHP contained in this Agreement, and no statement contained in any Schedule (including any supplement or amendment thereto) and none of the documents to be delivered at the Closing by or on behalf of Buyer or RCHP to any of the Sellers or any of their representatives in connection with the transactions contemplated hereby contain or will contain any untrue statement of material fact or omit to state a material fact necessary in order to make the statements and information contained therein untrue.

5.8 Brokers. Except as set forth on Schedule 5.8, no broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in connection with the transactions contemplated by this Agreement based upon arrangements made by or on behalf of the Buyer or RCHP.

5.9 Liabilities.

(a) Buyer has only incurred routine operational liabilities for a recently formed entity and has no indebtedness or pending litigation, or contingent liabilities other than those related to this Agreement.

(b) RCHP has only incurred routine operational liabilities for recently a formed entity, and has no indebtedness or pending litigation, or contingent liabilities other than those set forth in this Agreement and in relation to its execution of a non-binding letter of intent to acquire two (2) hospitals in Alabama.

5.10 Buyer's Knowledge. When used herein, the phrases "**to the knowledge of Buyer**," "**known**" and similar references to the knowledge of Buyer shall mean and refer to all

matters with respect to which: (a) Buyer has received a written notice; or (b) the actual knowledge, after reasonable inquiry, of the representatives of Buyer set forth on Schedule 5.10.

ARTICLE VI

COVENANTS OF THE SELLERS PRIOR TO THE CLOSING

Between the date of this Agreement and the Closing Date:

6.1 Information. Each of the Sellers shall afford to the officers and authorized representatives and agents (which shall include accountants, attorneys, bankers, and other consultants) of Buyer reasonable access to, and the right to inspect the plants, properties, books, and records of, the Facilities and Assets at such times and in such manner as Buyer may from time to time reasonably request of the Sellers. In addition, each of the Sellers shall furnish Buyer with such additional financial and operating data and other information in respect of the Business and the Assets as Buyer may from time to time reasonably request without regard to where such information may be located. Buyer's right of access and inspection shall be exercised in such a manner as not to interfere unreasonably with the operations of the Facilities, and shall at all times be coordinated in advance through ORHC's Chief Financial Officer. Upon reasonable notice, each of the Sellers shall also make their officers and employees available to Buyer at reasonable times and places, as mutually agreed by the Sellers and Buyer, and provided that such requests are coordinated in advance through ORHC's Chief Financial Officer.

6.2 Operations. Each of the Sellers will:

(a) carry on the Business in substantially the same manner as presently conducted and not make any material change in personnel, operations, finance, charity care policies, accounting policies, or real or personal property affecting the Business or the Assets;

(b) maintain the Seller Facilities and the Assets and all parts thereof in their current operating condition, ordinary wear and tear excepted;

(c) perform, when required, all of its obligations under agreements relating to or affecting the Business or the Assets, including, without limitation, those incurred or entered into in connection with the current expansions and renovations relating to the Hospital (collectively, the "**Pending Hospital Construction**");

(d) keep in full force and effect present insurance policies or other comparable insurance pertaining to the Business or the Assets; and

(e) use its reasonable best efforts to maintain and preserve its business organizations intact, retain its present employees and maintain its relationships with physicians, suppliers, customers, and others having business relations with any of the Sellers.

6.3 Negative Covenants. None of the Sellers will, without the prior written consent of Buyer:

(a) amend, renew or terminate any of the Assumed Contracts, the Tenant Leases or the Seller Leases valued in excess of Twenty-five Thousand Dollars ($25,000) or enter into any new Tenant Leases or Seller Leases valued in excess of Twenty-five Thousand Dollars ($25,000);

(b) enter into any contract or commitment obligating any Seller or Seller Facility to purchase any supplies, assets or services in excess of Twenty Five Thousand Dollars ($25,000) or enter into any contract or arrangement with a referral source;

(c) increase compensation payable or to become payable or make or increase any bonus payment to or otherwise enter into one or more bonus agreements with any employee of any of the Sellers, except in the ordinary course of business in accordance with existing personnel policies and consistent with prior practice;

(d) institute, amend or increase the benefits, rights or obligations under any Benefit Plan, policy or arrangement other than as required by applicable law;

(e) create, assume or permit to exist any new debt, lease, mortgage, pledge or other lien or encumbrance upon any of the Assets, whether now owned or hereafter acquired;

(f) acquire (whether by purchase or lease) or sell, assign, lease or otherwise transfer or dispose of any personal property, plant, equipment or Real Property, except for: (i) the transfer of real property from the Existing Foundation to ORHC; and (ii) dispositions or retirement of equipment in the normal course of business with comparable replacement thereof;

(g) enter into a collective bargaining agreement;

(h) enter into negotiations with or recognize voluntarily a bargaining representative;

(i) take any action outside the ordinary course of business (apart from those actions contemplated by this Agreement), including but not limited to the disposition of any Assets;

(j) reduce inventory or supplies of the Seller Facilities, except in the ordinary course of business and consistent with prior practice; and

(k) materially modify the nature or the scope of the Pending Hospital Construction, where such material modification results in the submission of a change order or new agreement valued, in the aggregate, in excess of Twenty Five Thousand Dollars ($25,000).

6.4 Governmental Approvals; Third Party Consents. Each of the Sellers shall: (a) use commercially reasonable efforts to obtain all governmental approvals (or exemptions therefrom) necessary or required to allow it to perform its obligations under this Agreement; and (b) assist and cooperate with Buyer and its representatives and counsel in obtaining all governmental consents, approvals and licenses that Buyer deems necessary or appropriate and in the preparation of any document or other material which may be required by any governmental agency as a predicate to or as a result of the transactions contemplated herein. Each of the

Sellers will use commercially reasonable efforts to obtain all consents of all third parties necessary or desirable for the purpose of: (y) consummating the transactions contemplated hereby; or (z) enabling Buyer to operate the Business and the Assets in the ordinary course after the Closing. Without limiting the generality of the foregoing, the Sellers shall obtain the consents to the assignment of the Assumed Contracts, the Tenant Leases and the Seller Leases designated as "**Required Consents**" on Schedule 4.18.

6.5 Additional Financial Information. Within two (2) business days after they are sent to the Board of Directors (but in any event no later than twenty (20) days following the end of each calendar month prior to the Closing Date), the Seller Parties shall deliver to Buyer true and complete copies of the unaudited balance sheets and the related unaudited statements of income (collectively, the "**Interim Statements**") of, or relating to, the Facilities for each month then-ended, together with a year to date compilation and the notes, if any, related thereto, which presentation shall be true, correct and complete in all material respects, shall have been prepared from and in accordance with the books and records of the Seller Parties and shall fairly present the financial position and results of operations of the Facilities as of the date and for the period indicated, all in accordance with GAAP consistently applied, except that such Interim Statements need not include required footnote disclosures.

6.6 No-Shop Clause. Each of the Sellers agrees that it shall not, and shall direct and cause its officers, directors, employees, agents and representatives (including any investment banker, broker, attorney or accountant retained by it) not to directly or indirectly: (a) offer for sale or lease all or any portion of the Assets or any ownership interest in any entity owning any of the Assets; (b) solicit offers to purchase all or any portion of the Assets or any ownership interest in any entity owning any of the Assets; (c) initiate, encourage or provide any documents or information to any third party in connection with, or discuss or negotiate with any person regarding any inquires, proposals or offers relating to, any disposition of all or any portion of the Assets or a merger or consolidation of any entity owning any of the Assets; or (d) enter into any agreement or discussions with any party (other than Buyer) with respect to the sale, assignment or other disposition of all or any portion of the Assets or any ownership interest in any entity owning any of the Assets or with respect to a merger or consolidation of any entity owning any of the Assets. Each Seller will promptly communicate to Buyer the substance of any inquiry or proposal concerning any such transaction, and will notify the third party of the existence of this covenant. Without limiting the foregoing, it is understood that any violation of the restrictions set forth in this Section 6.6 shall be deemed a material breach of this Agreement by the Sellers. Notwithstanding the foregoing, this Section 6.6 shall not apply to ORHC's acquisition of the CLS Interests or any attempt by ORHC prior to the Closing Date to acquire AMM Partnership's membership interests in SIROC.

6.7 Tail Insurance. For each general or professional liability policy that is written on a claims-made basis, the Sellers, at their sole cost and expense, shall obtain "tail" insurance to insure against professional and general liabilities of the Sellers, the Seller Facilities and/or the Assets relating to all periods ending on or prior to the Closing Date. Such tail insurance shall have coverage levels equal to the current general and professional liability policies insuring the Sellers, the Business and the Assets.

6.8 Capital Expenditures. The Sellers shall consult with Buyer with respect to the acquisition of a lithotripter and the development of a cardiac catheterization laboratory, and any capital expenditure that: (a) is not included in the Sellers' FY 2010 budget that has been previously provided to Buyer; or (b) is outside the ordinary course of business consistent with historical practices.

6.9 HSR Filing. Without limiting the generality or effect of Section 6.4, the Sellers shall, if and to the extent required by law, file promptly all reports or other documents required or requested by the Federal Trade Commission or the United States Department of Justice under the HSR Act and all regulations promulgated thereunder, concerning the transactions contemplated hereby, and comply promptly with any requests by the Federal Trade Commission or the United States Department of Justice for additional information concerning such transactions, so that the waiting period specified in the HSR Act will expire as soon as reasonably practicable after the execution and delivery of this Agreement. The Sellers shall furnish to Buyer such information as the other Party needs to perform its obligations under Section 7.2.

6.10 Tenant Estoppels. The Sellers shall deliver to Buyer at least five (5) business days prior to the Closing Date, to the extent reasonably obtainable, in a form substantially similar to that attached hereto as Exhibit I (the "**Tenant Estoppel**") or in such other form as may be prescribed in any relevant Tenant Lease, estoppel certificates for all Tenant Leases for tenant spaces containing more than 2,500 square feet of usable space, including the ground lease to Ottumwa Developments, Inc. (the "**Tenant Estoppel Threshold**"), pursuant to which each such tenant shall certify as of a date within fifteen (15) days of the Closing Date all of the matters set forth on the Tenant Estoppel or on the form prescribed in the relevant Tenant Lease, as the case may be. If the Tenant Estoppel Threshold is not timely met, despite the Sellers' efforts to obtain the same, then Buyer shall have the right to waive the requirement of satisfaction of this condition precedent and proceed with the Closing.

6.11 Landlord Estoppels. The Sellers shall deliver to Buyer at least five (5) business days prior to the Closing Date, to the extent reasonably obtainable, in a form substantially similar that to attached hereto as Exhibit J (the "**Landlord Estoppel**") or in such other form as may be prescribed in any relevant Seller Lease, landlord estoppel certificates for all Seller Leases for tenant spaces containing more than 3,000 usable space (the "**Landlord Estoppel Threshold**") pursuant to which each such landlord shall certify as of a date within fifteen (15) days of the Closing Date all of the matters set forth on the Landlord Estoppel. If the Landlord Estoppel Threshold is not timely met, despite the Sellers' efforts to obtain the same, then Buyer shall have the right to waive the requirement of satisfaction of this condition precedent and proceed with the Closing..

6.12 Reserved.

6.13 Title Insurance and Survey. The Sellers shall satisfy or give Buyer notice of their intent not to satisfy the conditions set forth in Section 7.4 relating to the Title Objections.

6.14 Lockbox Accounts. As of the Closing Date, the Sellers shall transfer to, and otherwise vest in, Buyer the exclusive right to receive the funds swept from the Sellers' lockbox

accounts or other depository accounts (excluding those funds that are Excluded Assets hereunder) for the purpose of receiving funds in an amount equal to the Government Receivables, and shall instruct the bank which maintains such lockbox accounts or other depository accounts to transfer automatically each business day all available funds held in the such lockbox accounts or other depository accounts to an account designated by Buyer. If the Sellers come into possession or control of any payments with respect to any Government Receivables, they shall deposit such payments into the lockbox accounts or other depository accounts. The Parties acknowledge and agree that, following the Closing, Buyer or its designees shall have sole dominion and control over the lockbox accounts or other depository accounts, including, without limitation, the exclusive right to revoke any instructions given to the bank that maintains the lockbox accounts or other depository accounts and the exclusive right to cancel or change the automatic transfer instructions related to the lockbox accounts or other depository accounts.

6.15 Discharge of Indebtedness. At or before the Closing, the Sellers shall discharge or defease all of their indebtedness, their capital lease obligations, their unfunded pension liabilities and any other indebtedness secured by any of the Assets or to which any of the Assets may be subject, including intercompany obligations. The Sellers hereby agree to provide for the redemption or defeasance of all of the Bonds at the Closing by directing Buyer to pay the Bond Trustee a portion of the Purchase Price equal to the bond payoff amount. The Sellers shall promptly provide Buyer with copies of all redemption notices, escrow agreement or similar documents executed by the Sellers prior to or following the Closing with respect to the redemption and/or defeasance of the Bonds.

6.16 Insurance Rating. Each of the Sellers shall cooperate with Buyer's efforts to succeed to its Workmen's Compensation and Unemployment Insurance ratings, property, automobile or any other insurance policies, deposits and other interests with respect to the operation of the Business and other ratings for insurance or other purposes established by such Seller. Buyer shall not be obligated to succeed to any such rating, insurance policy, deposit or other interest, except as it may elect to do so.

6.17 Reasonable Efforts to Close. Each Seller shall use reasonable commercial efforts to proceed toward the Closing and to cause Buyer's conditions to the Closing to be met as soon as practicable and consistent with the other terms contained herein. Each Seller shall notify Buyer as soon as practicable of any event or matter that comes to such Seller's attention that may reasonably be expected to prevent the conditions of such Seller's obligations being met.

6.18 Notice; Efforts to Remedy. Each Seller shall promptly give notice to Buyer upon becoming aware of the impending occurrence of any event that would cause or constitute a breach of any of the representations, warranties or covenants contained or referred to in this Agreement or cause, or be likely to cause, a Material Adverse Effect and shall use its commercially reasonable efforts to prevent or promptly remedy the same.

ARTICLE VII

COVENANTS OF BUYER PRIOR TO THE CLOSING

7.1 Governmental Approvals; Third Party Consents. Between the date of this Agreement and the Closing Date, Buyer shall: (a) use commercially reasonable efforts to obtain all governmental approvals (or exemptions therefrom) necessary or required to allow Buyer to perform its obligations under this Agreement; (b) assist and cooperate with the Sellers and their representatives and counsel in obtaining all governmental consents, approvals and licenses that the Sellers deem necessary or appropriate and in the preparation of any document or other material that may be required by any governmental agency as a predicate to or as a result of the transactions contemplated herein; and (c) obtain the Commitments and the Surveys described in Section 7.4. Buyer will use commercially reasonable efforts to obtain all consents of all third parties necessary or desirable for the purpose of: (i) consummating the transactions contemplated hereby; or (ii) enabling Buyer to operate the Seller Facilities and the Assets in the ordinary course after the Closing.

7.2 HSR Filing. Without limiting the generality or effect of Section 7.1, Buyer shall, if and to the extent required by law, file promptly all reports or other documents required or requested by the Federal Trade Commission or the United States Department of Justice under the HSR Act and all regulations promulgated thereunder, concerning the transactions contemplated hereby, and comply promptly with any requests by the Federal Trade Commission or the United States Department of Justice for additional information concerning such transactions, so that the waiting period specified in the HSR Act will expire as soon as reasonably practicable after the execution and delivery of this Agreement. Buyer shall furnish to the Sellers such information as the other Party needs to perform its obligations under Section 6.9.

7.3 Promissory Note. At the Closing, Buyer shall evidence its ability to fund the Capital Projects, the physician recruiting obligations set forth in Section 10.8(a) and the information technology commitment set forth in Section 10.14 by delivering to the Sellers the Note, which shall be secured by a first mortgage lien on the Real Property, a pledge of the equity interests of Buyer and a first priority security interest in all other assets of Buyer (including, but not limited to, all accounts receivable, general intangibles, inventory and equipment of Buyer).

7.4 Title Insurance and Survey. Not later than twenty (20) days after the date of this Agreement, Buyer shall receive commitments (the "**Commitments**") from Chicago Title Insurance Company (the "**Title Company**") to issue as of the Closing Date an ALTA owner's policy of title insurance (Form 2006), with extended coverage and zoning endorsements and such other endorsements as Buyer shall reasonably require, for the Owned Real Property and for the Leased Real Property (which policies with respect to the Leased Real Property shall be leasehold title policies), together with improvements, buildings and fixtures thereon, in amounts equal to the reasonable value assigned to such Real Property by Buyer and in the customary form prescribed for use in the State of Iowa. Buyer shall order the Commitments through Fidelity National Title Group's National Commercial Services office located at 7130 Glen Forest Drive, Suite 403, Richmond, Virginia 23226, Attention: Melodie Rochelle, National Title Officer, and such National Commercial Services office shall be responsible for all underwriting decisions with respect to the policy or policies issued pursuant to the Commitments. The Commitments

shall provide for the issuance of such policy (or policies) to Buyer as of the Closing and shall insure fee simple title to the Owned Real Property and leasehold title to the Leased Real Property subject only to the Permitted Encumbrances and Assumed Liabilities. Not later than ten (10) days after the date of this Agreement, the Sellers shall cause to be prepared an as-built survey of the land and improvements comprising the Real Property (collectively, the "**Surveys**") by a registered Iowa surveyor in accordance with the "Minimum Standard Detail Requirements for ALTA/ACSM Land Title Surveys" jointly established and adopted by ALTA and NSPS in 2005, and shall include Items 1, 2, 3, 4, 6, 7, 8, 9, 10, 11 and 13 of Table A thereof. The Surveys will be certified to Buyer, the Sellers, and the Title Company and shall include a surveyor's certification acceptable to Buyer and the Title Company. The legal description of the Real Property created by the surveyor shall be used to convey title to Buyer per the special warranty deed or deeds described in Section 3.2(a). Notwithstanding anything to the contrary herein, a Survey shall not be required for any Leased Real Property in which any of the Sellers does not own a leasehold interest in the land relating to such Leased Real Property. On or before the date that is the later of: (a) twenty (20) days after the date of this Agreement; and (b) five (5) days after Buyer's receipt of the last of the Surveys for the Real Property, Buyer shall deliver to the Sellers written notice of any title defects, liens, encumbrances or any other title and survey matters that are not acceptable to Buyer (the "**Title Objections**"). Not less than five (5) days after receiving Buyer's notice, the Sellers shall notify Buyer in writing of any such Title Objections which the Sellers are unable or unwilling to cause to be removed or which cannot be insured against prior to or at the Closing; provided, however, the Sellers must cause to be released (or indemnified over or bonded around) any financing liens or mechanics and materialmen's liens caused by the Sellers or any of their Affiliates. Sellers shall have fifteen (15) days to cure any such Title Objections. In the event the Sellers provide notice to Buyer that they will not or cannot remove, discharge, cure or cause to be insured over by the Title Company (other than financing liens or mechanics and materialmen's liens) any Title Objection, Buyer shall have the right to: (x) terminate this Agreement by giving the Sellers written notice of such termination within five (5) days after receipt of the Sellers' notice of unwillingness or inability to cure such Title Objections; or (y) consummate the transactions contemplated herein with respect to all Assets without waiving any rights to indemnification with respect to such Title Objections. The Sellers agree to deliver any information as may be reasonably requested by the Title Company under the requirements section of the Commitment or otherwise in connection with the issuance of Buyer's title insurance policy. The Sellers also agree to provide an affidavit of title and/or such other information as the Title Company may reasonably request in order for the Title Company to insure over the "gap" (i.e., the period of time between the effective date of the Title Company's last checkdown of title to such Real Property and the Closing Date) and to cause the Title Company to delete all standard exceptions (including any exception for mechanics liens related to the Real Property) from the final title insurance policy. If, after the condition of title to the Real Property has been approved by Buyer as provided by this Section 7.4, the Real Property becomes encumbered or subject to any matter other than those shown on the original Commitments, and if Buyer objects to such new encumbrance or matter, then the Sellers may, but shall not be obligated to, cure any such objections of Buyer, at Sellers' expense, within thirty (30) days after receiving notice of such objections. If any objection described in this paragraph is not satisfied by the Sellers, Buyer shall have the same rights as described in clauses (x) and (y) in this Section. The costs of such title policy or policies (including the endorsements to such policy or policies, but after taking into account all credits available, including any reissue credits)

and the costs of such surveys shall be shared equally by Buyer and the Sellers in accordance with the provisions of Section 13.16 herein. Buyer covenants and agrees that it shall be responsible for repairing any damage caused by the Phase I or other environmental surveys conducted prior to the Closing Date.

7.5 Reasonable Efforts to Close. Buyer shall use its reasonable commercial efforts to proceed toward the Closing and to cause each Seller's conditions to the Closing to be met as soon as practicable and consistent with the other terms contained herein. Buyer shall notify the Sellers as soon as practicable of any event or matter that comes to Buyer's attention that may reasonably be expected to prevent the conditions of Buyer's obligations being met.

7.6 Notice; Efforts to Remedy. Buyer shall promptly give notice to each Seller upon becoming aware of the impending occurrence of any event which would cause or constitute a breach of any of the representations, warranties or covenants contained or referred to in this Agreement or cause, or be likely to cause, a Material Adverse Effect and shall use its commercially reasonable efforts to prevent or promptly remedy the same.

ARTICLE VIII

CONDITIONS PRECEDENT TO OBLIGATIONS OF BUYER

Notwithstanding anything herein to the contrary, the obligations of Buyer to consummate the transactions described herein are subject to the fulfillment, on or prior to the Closing Date, of the following conditions precedent unless (but only to the extent) waived in writing by Buyer at the Closing:

8.1 Representations/Warranties. The representations and warranties of each of the Sellers contained in this Agreement that are qualified as to materiality shall be true and correct in all respects, and those not so qualified shall be true and correct in all material respects, when made and as of the Closing Date as though such representations and warranties had been made on and as of such Closing Date. Each and all of the terms, covenants, and conditions of this Agreement to be complied with or performed by the Sellers on or before the Closing Date pursuant to the terms hereof shall have been duly complied with, performed and satisfied in all material respects.

8.2 Pre-Closing Confirmations. Buyer shall have obtained documentation or other evidence satisfactory to Buyer in its reasonable discretion that Buyer has:

(a) received approval from all governmental agencies whose approval is required to complete the transactions herein contemplated, including a "no action" statement from the Attorney General of the State of Iowa acceptable to the Parties;

(b) received confirmation from all applicable licensure agencies that upon the Closing all licenses required by law to operate each of the Seller Facilities and the Assets as currently operated will be transferred to, or issued or reissued in the name of, Buyer; and

(c) obtained reasonable assurances that Medicare and Medicaid certification of the Seller Facilities for their operation by Buyer will be effective as of the Closing Date and

that Buyer may participate in and receive reimbursement from such programs effective as of the Closing Date.

8.3 Actions/Proceedings. No action or proceeding before a court or any other governmental agency or body shall have been instituted or threatened that may reasonably be expected to prohibit the sale of the Assets or seeks damages in a material amount by reason of the consummation of the transactions herein contemplated.

8.4 Adverse Change. Since the date hereof, there shall not have occurred any event, change or occurrence that has or could reasonably be expected to have a Material Adverse Effect, and none of the Sellers shall have suffered any material adverse change: (a) in the business, operations, financial condition or prospects of the Business or the Seller Facilities; or (b) the Assets. In addition, each of the Sellers shall have conducted the Business and the Seller Facilities only in the ordinary course of business since the date hereof.

8.5 Insolvency. None of the Sellers shall: (a) be in receivership or dissolution; (b) have made any assignment for the benefit of creditors; (c) have admitted in writing their inability to pay its debts as they mature; (d) have been adjudicated bankrupt; or (e) have filed a petition in voluntary bankruptcy, a petition or answer seeking reorganization, or an arrangement with creditors under the federal bankruptcy law or any other similar law or statute of the United States or any state, nor shall any such petition have been filed against any of the Sellers.

8.6 Vesting/Recordation. The Sellers shall have furnished to Buyer, in form and substance satisfactory to Buyer, assignments or other instruments of transfer and consents and waivers by others necessary or appropriate to transfer to and effectively vest in Buyer all right, title, and interest in, to and under the Assets, in proper statutory form for recording if such recording is necessary or appropriate.

8.7 Closing Deliveries. The Sellers shall have made the deliveries required to be made by it under Section 3.2 hereof.

8.8 Opinions of the Sellers' Counsel.

(a) Buyer shall have received an opinion or opinions from Harrison, Moreland & Webber, P.C., counsel to the Sellers, dated as of the Closing Date and addressed to Buyer, in substantially the form attached as Exhibit K hereto.

(b) Buyer shall have received the written opinion of Katten Muchin Rosenman LLP, bond counsel to Seller, in substantially the form attached as Exhibit L hereto, opining that, among other things, the Bonds have been defeased or repaid, as appropriate.

8.9 Consents. All required consents, authorizations, approvals and waivers described in Section 6.4 shall have been obtained.

8.10 Schedules. Buyer shall have been furnished with the Schedules to this Agreement and Buyer shall not have expressed any objection to the Sellers in writing with respect thereto.

8.11 Title Insurance and Survey. Buyer shall have received the Commitments from the Title Company and the Surveys in conformity with Section 7.4.

8.12 HSR Act. The required waiting period under the HSR Act applicable to the transaction contemplated hereby shall have expired or been earlier terminated.

8.13 No Investigation. No material regulatory investigation or proceeding involving the Internal Revenue Service, the Centers for Medicare & Medicaid Services, the United States Department of Justice or any other federal or state agency involving or related to any Seller, the Business or the Assets shall have commenced or been threatened, other than: (a) those approval processes initiated in relation to the transactions contemplated by this Agreement; (b) the OIG self-audit referenced in that certain January 6, 2010 letter from the OIG (provided that Sellers shall not have received a subpoena or notice of further investigation by the OIG beyond the scope of such letter); (c) pending investigations disclosed to Buyer by Sellers in the Schedules to this Agreement or a writing referencing this Agreement; or, (d) inquiries made in the ordinary course of business (including, but not limited to, RAC and MIC audits).

8.14 Releases. Buyer shall have received pay-off letters or other satisfactory evidence that all indebtedness of each of the Sellers that is not an Assumed Liability or related to an Assumed Contract shall have been released or defeased as of, or simultaneous with, the Closing. All liens and encumbrances currently encumbering the Assets (to the extent such liens and encumbrances are not Permitted Encumbrances) shall have been duly released by the secured parties and other lien holders, and UCC-3 releases or termination statements and other lien discharging documents shall have been properly recorded or the recording thereof shall have been duly arranged pursuant to the relevant secured party's written authorization.

8.15 Tenant Estoppels. Buyer shall have received the Tenant Estoppels or other satisfactory evidence as set forth in Section 6.10.

8.16 Landlord Estoppels. Buyer shall have received the Landlord Estoppels or other satisfactory evidence as set forth in Section 6.11.

8.17 Vista Woods. Buyer shall have received either (i) evidence of release of the lien on Sellers' fee interest in the Vista Woods real property which lien secures an indebtedness of Ottumwa Developments, Inc., or (ii) a written agreement from the lender that is the holder of such indebtedness of Ottumwa Developments, Inc. whereby such lender agrees to give Buyer or Buyer's Affiliate written notice of any default under such loan and give Buyer or Buyer's Affiliate the right to cure any such default before taking legal action to foreclose the lien.

8.18 Alta Vista Site. All programs located on the Alta Vista Site shall have ceased their operations, and any Tenant Leases for space at the Alta Vista Site shall have been terminated, the tenants thereunder shall have vacated the previously leased premises and the Alta Vista Site will be unoccupied.

8.19 Name Change. Buyer shall have received evidence of the filing of the Name Change Amendment with the Secretary of State of Iowa.

8.20 Substance Abuse Programs. Sellers shall file with the State Health Agency a "Deletion of Health Service" form and discontinue operation of the Substance Abuse Programs, effective no later than the Closing Date.

8.21 Encroachment Easement. Buyer shall have received evidence that Sellers and Ottumwa Medical Clinic, Inc. have executed an encroachment easement agreement in form and substance acceptable to Buyer and the Title Company which easement agreement shall memorialize the existence of certain encroaching improvements and provide that the owner of such improvements shall not be required to remove such encroaching improvements.

ARTICLE IX

CONDITIONS PRECEDENT TO OBLIGATIONS OF THE SELLERS

Notwithstanding anything herein to the contrary, the obligations of the Sellers to consummate the transactions described herein are subject to the fulfillment, on or prior to the Closing Date, of the following conditions precedent unless (but only to the extent) waived in writing by the Sellers at the Closing:

9.1 Representations/Warranties. The representations and warranties of Buyer contained in this Agreement that are qualified as to materiality shall be true and correct in all respects, and those not so qualified shall be true and correct in all material respects, when made and as of the Closing Date as though such representations and warranties had been made on and as of such Closing Date. Each and all of the terms, covenants, and conditions of this Agreement to be complied with or performed by Buyer on or before the Closing Date pursuant to the terms hereof shall have been duly complied with and performed in all material respects.

9.2 Governmental Approvals. All material consents, authorizations, orders and approvals of (or filings or registrations with) any government entity or other party required in connection with the execution, delivery and performance of this Agreement shall have been obtained, except for any documents required to be filed, or consents, authorizations, orders or approvals required to be issued, after the Closing Date. Buyer shall also have obtained documentation or other evidence satisfactory to the Sellers in their reasonable discretion that Buyer has:

(a) received approval from all governmental agencies whose approval is required to complete the transactions herein contemplated, including a consent or "no action" statement from the Attorney General of the State of Iowa acceptable to the Parties;

(b) received confirmation from all applicable licensure agencies that upon the Closing all licenses required by law to operate each of the Seller Facilities and the Assets as currently operated will be transferred to, or issued or reissued in the name of, Buyer; and

(c) obtained reasonable assurances that Medicare and Medicaid certification of the Seller Facilities for their operation by Buyer will be effective as of the Closing Date and that Buyer may participate in and receive reimbursement from such programs effective as of the Closing Date.

9.3 Actions/Proceedings. No action or proceeding before a court or any other governmental agency or body shall have been instituted or threatened that may reasonably be expected to prohibit the sale of the Assets or seeks damages in a material amount by reason of the consummation of the Transaction.

9.4 Insolvency. Buyer shall not: (a) be in receivership or dissolution; (b) have made any assignment for the benefit of creditors; (c) have admitted in writing its inability to pay its debts as they mature; (d) have been adjudicated bankrupt; or (e) have filed a petition in voluntary bankruptcy, a petition or answer seeking reorganization or an arrangement with creditors under the federal bankruptcy law or any other similar law or statute of the United States or any state, nor shall any such petition have been filed against Buyer.

9.5 Closing Deliveries. Buyer shall have made the deliveries required to be made by it under Section 3.3 hereof.

9.6 Opinion of Buyer's Counsel. The Sellers shall have received from Waller Lansden Dortch & Davis, LLP, counsel to Buyer, an opinion dated as of the Closing Date and addressed to the Sellers, substantially in the form attached hereto as Exhibit M.

9.7 HSR Act. The required waiting period under the HSR Act applicable to the transaction contemplated hereby shall have expired or been earlier terminated.

9.8 No Investigation. No material regulatory investigation or proceeding involving the Internal Revenue Service, the Centers for Medicare & Medicaid Services, the United States Department of Justice or any other federal or state agency involving or related to Buyer shall have commenced or been threatened, other than (a) those approval processes initiated in relation to the transactions contemplated by this Agreement; or (b) inquiries made in the ordinary course of business.

ARTICLE X

PARTICULAR COVENANTS OF BUYER

10.1 Employee Matters.

(a) As of the Closing Date, Buyer shall offer employment to: (i) all active employees as determined by Sellers' standards, reasonably applied, commencing as of the Effective Time; and (ii) employees on leave or who are on-call or "PRN" employees, as determined by Sellers' standards, reasonably applied, commencing as of the date such employees are eligible to return to work, consistent with applicable law (collectively, the employees described in (i) and (ii) are referred to herein as the "**Hired Employees**"). Buyer's offer of employment to the Hired Employees shall be contingent upon satisfactory completion of Buyer background checks, drug screenings, immigration status verification and verification that such employees are not excluded from participation in federal healthcare payor programs (all conducted at Buyer's sole cost and expense). The Hired Employees shall be offered positions and wage levels equivalent to those being provided by the Sellers immediately prior to the Closing Date. If a Hired Employee is terminated without cause by Buyer and is re-hired, Buyer shall recognize such employee's original hire date for purposes of seniority, consistent with the

Sellers' pre-Closing procedures and applicable law. Nothing herein shall be deemed to affect the status of the Hired Employees as employees "at will," limit in any way normal management prerogatives of Buyer with respect to employees or to create or grant to any such employees third party beneficiary rights or claims of any kind or nature. Within the ninety (90) days following the Closing Date, Buyer shall not take any action that would result in WARN Act liability with respect to the Hired Employees. In respect of the Hired Employees, Buyer shall provide such employees with employee benefits that are substantially similar to those offered by the Sellers immediately prior to the Closing Date with the understanding that Buyer cannot, by law, offer its employees a 403(b) plan and intends to offer a 401(k) plan. Buyer shall recognize the existing seniority and service credit with the Sellers of all Hired Employees under all applicable Buyer benefit plans. Buyer shall waive any limitations regarding preexisting conditions and eligibility waiting periods under any health benefit plan maintained for the benefit of Hired Employees. Buyer's benefit plans shall not impose materially greater or additional eligibility restrictions or financial burdens on the Hired Employees than the plans offered by Sellers. Buyer shall make arrangements with an investment manager and plan administrator of its choosing to provide for the administration and investment of Sellers' 403(b) Plan. Buyer shall be responsible for administering the 403(b) Plan, including the costs of administration, and shall make arrangements for payroll deductions of loan payments from employees who are obligated to repay participant loans under the 403(b) Plan. Buyer shall honor the flexible spending account elections of Hired Employees in effect with their employer immediately prior to the Effective Time and Buyer shall accept the balances of any flexible spending accounts of Hired Employees, which such balances may be used for claims incurred at and after the Effective Time. For the plan year ending December 31, 2010, Buyer shall provide a matching contribution under its qualified defined contribution plan that is calculated as three and one-half percent (3.5%) of compensation for the Hired Employees who satisfy the conditions for receiving the matching contribution under terms that are no less favorable to the Hired Employees than under Sellers' 401(a) Plan.

(b) Buyer shall credit all Hired Employees for their accrued but unused paid time off (other than assumed sick leave) hours and shall credit each Hired Employee with the unused assumed sick leave hours each such Hired Employee accrued while employed by the Sellers (the "**Assumed Sick Leave**"), but only to the extent disclosed on Schedule 2.3(d).

(c) After the Closing Date, Buyer shall lease to ORHC up to three (3) full-time employees as agreed upon by ORHC and Buyer for a period of twenty four (24) months (or such longer period as agreed to by ORHC and Buyer) to assist ORHC in its post-Closing operations. At Closing, Buyer and ORHC shall enter into an employee lease agreement in substantially the form attached hereto as Exhibit N (the "**Employee Lease Agreement**") to evidence this arrangement.

10.2 Cost Reports. Buyer shall forward to the Sellers any and all correspondence relating to the Cost Reports within ten (10) business days after receipt by Buyer. Buyer shall remit any receipts of funds relating to the Cost Reports promptly after receipt by Buyer and shall forward to the Sellers any demand for payments within ten (10) business days after receipt by Buyer.

10.3 Governance.

(a) During the period that Buyer owns and operates the Hospital, Buyer agrees to maintain a board of directors for the Hospital ("**Board of Directors**") consisting solely of local business and community leaders, physicians and the Chief Executive Officer of the Hospital (the "**Hospital CEO**"). Buyer agrees that any member of the Board of Directors on the Closing Date (the "**Legacy Directors**") shall, at their option, continue to serve on the Board of Directors following the Closing Date for at least three (3) full years (or longer, as provided herein). Beginning on the third (3rd) anniversary of the Closing Date (and each year thereafter), Buyer may rotate off of the Board of Directors no more than one-third (1/3) of the total Legacy Directors then serving on the Board of Directors. The Board of Directors shall meet on a regular basis and have the following responsibilities: developing a strategic plan with Buyer within nine (9) months of the Closing Date; defining the strategic vision of the Hospital; participating in the development and review of operating and capital budgets and facility planning; providing feedback regarding the Hospital's provision of services; approving the hiring and participating in periodic evaluations of the Hospital CEO; granting medical staff privileges and, when necessary, taking disciplinary action consistent with the Bylaws of the Hospital (with the advice of counsel); supporting physician recruitment efforts; fostering community relationships and identifying service and education opportunities; participating in the Hospital's quality assurance initiatives; and serving as the governing body of the Hospital as such term is commonly understood under the accreditation policies of the Joint Commission.

(b) Buyer shall assume as Assumed Contracts the employment contracts with each of Sellers' Hospital CEO, Chief Financial Officer and Chief Nursing Officer as of the Effective Time; provided that Sellers' Hospital CEO, Chief Financial Officer and Chief Nursing Officer may negotiate with Buyer new terms to their respective agreements, with any such negotiated changes to take effect after the Closing Date. Contracts between Buyer and each of the Hospital CEO, Chief Financial Officer and Chief Nursing Officer shall be at compensation levels no less than that paid immediately prior to the Closing Date.

(c) After Closing, the Chief Financial Officer and Chief Nursing Officer shall report directly to the Hospital CEO.

(d) After Closing, Buyer shall have the final approval of the operating and capital budgets for the Seller Facilities. In addition, Buyer shall have the right to terminate the Hospital CEO, but agrees to consult the Board of Directors prior to any such termination.

(e) After Closing, the Hospital CEO shall make a report to the Board of Directors, and shall also make reports to the community on an annual basis.

(f) The Board of Directors shall provide oversight of Buyer's establishment of the New Program (as defined in Section 10.16(f)).

10.4 Charity Care Policies. Buyer agrees to adopt at the Closing (and does hereby adopt by operation of this Agreement without the necessity of further action) and continue to abide by the charity care policy of the Hospital in place on the date hereof for use at the Hospital

(the "**Charity Care Policy**"). Buyer agrees not to amend the Charity Care Policy unless required to do so by any applicable law or after review and approval by the Board of Directors.

10.5 Continuation of Services. Following the Closing, Buyer will continue to operate the Hospital as a full service, general acute care hospital and will continue to provide all services provided by ORHC as of the Closing Date, in each case subject to the availability of qualified physicians. No service may be discontinued without the prior approval of the Board of Directors.

10.6 Capital Projects. Subject to the receipt of any required regulatory approvals, following the Closing and subject to Buyer's right of offset set forth in Section 10.7 below, Buyer shall undertake the following capital projects: (a) as soon after the Closing as is practicable, commence the design and construction of a permanent building to house a catheterization lab in accordance with the specifications described on Exhibit O-1, purchase equipment therefor and recruit a cardiologist (subject to Buyer's receipt of any required Certificate of Need approval, which Buyer shall use reasonable commercial efforts to obtain expeditiously); (b) immediately after the Closing, commence the process to build a new medical office building with a minimum of Fifteen Thousand (15,000) square feet ("**MOB**") in accordance with the specifications described on Exhibit O-1; (c) complete a remodeling of Hospital's nursing unit and intensive care unit in accordance with the specifications described on Exhibit O-1 within one (1) year following the Closing Date; (d) complete a remodeling of Hospital's emergency department in accordance with the specifications described on Exhibit O-1 within two (2) years following the Closing Date; and (e) commit to investment in the following projects: (i) $750,000 for purchase of the CLS Interests, (ii) $1,246,000 for the purchase of a PET scan (subject to Buyer's receipt of Certificate of Need approval, which Buyer shall use reasonable commercial efforts to expeditiously obtain), or, if Buyer is unable to obtain a required Certificate of Need approval for a PET scan, a CT scan, (iii) $2,000,000 for expansion of services and ownership in the cancer center, and (iv) $305,000 for the purchase of a lithotripter; and (f) complete the additional infrastructure projects described on Exhibit O-2 (the "**Infrastructure Projects**") within five (5) years following the Closing Date (collectively, (a) – (e) comprise the "**Capital Projects**"). Notwithstanding the foregoing, following the Closing Date, should any of the mechanical or electrical systems, equipment or elements identified on Exhibit O-3 be broken or in disrepair such that safe, reasonable operations of the Hospital are affected, Buyer agrees that it shall also fund such projects (in addition to, and not in lieu of, the Capital Projects described in this Section 10.6 and the routine capital expenditures described in Section 10.7), provided further, all such expenditures shall be credited against the Note (to the extent it remains outstanding). In addition, Buyer agrees to: (i) build, subject to any required Certificate of Need approval, a second catheterization lab equal to the quality and size of the first catheterization lab if patient volume and usage of the first lab makes it necessary to provide a larger service capability; and (ii) expand the MOB to up to Thirty Five Thousand (35,000) square feet if there is sufficient demand for such an expansion.

10.7 General Capital Expenditures. In addition to the capital expenditures set forth in Section 10.6, during the first five (5) years following the Closing Date, Buyer shall make annual routine capital expenditures in connection with the operation of the Hospital equal to at least two and one-half percent (2.5%) of the Hospital's net patient revenue. Beginning in the sixth year after the Closing, during such time as Buyer owns and operates the Hospital, Buyer

shall make annual routine capital expenditures equal to at least five percent (5%) of the Hospital's net patient revenue. As used herein, "**routine capital expenditures**" shall include expenditures for unforeseen maintenance, new equipment, equipment replacement, facility renovations and other capital improvements. The Board of Directors shall be responsible for overseeing the development of annual operating and capital budgets. Buyer's liability for the costs of remediation of asbestos and asbestos-containing materials on or at the Real Property (other than the Alta Vista Site) shall be offset, at Buyer's option, against either (i) the routine capital expenditure commitment set forth in this Section 10.7, or (ii) the funds allocated to complete the Infrastructure Projects set forth in Section 10.6.

10.8 Physician Recruitment and Development.

(a) Buyer will commit to a physician recruitment plan based upon community need and input from the Hospital's medical staff and the Board of Directors. During the first five (5) years following the Closing Date, Buyer shall expend Seven Million Five Hundred Thousand Dollars ($7,500,000) in its efforts to recruit at least twenty five (25) physicians to the Hospital. Buyer's initial focus after the Closing shall be the recruitment of three (3) to five (5) family practice physicians. As part of its physician recruitment efforts, Buyer agrees to cooperate with the medical staff of the Hospital, the Board of Directors and Hospital administration to honor the Hospital's commitments with River Hills Community Health Center. Buyer also agrees to recruit an orthopedic surgeon, a general surgeon and pediatricians, and agrees to consider the recruitment of a psychiatrist.

(b) Buyer, with input from the Hospital medical staff and the Board of Directors, commits to further physician development at the Hospital (e.g., development of physician practice infrastructure for independent physicians and the development of a physician employment model).

10.9 Residency and Hospitalist Programs. During the period that Buyer owns and operates the Hospital, Buyer agrees, (a) subject to applicable law and approval of the medical staff and the Board of Directors, to work with Iowa training programs to establish a resident rotation program at the Hospital; and (b) to: either (i) develop, within a reasonable time after the Closing Date, a program for hospitalists to cover, at a minimum, weekday nights (7 pm-7 am); or (ii) subject to consultation of the Medical Staff and approval of the Board of Directors, develop an alternative program to enhance call coverage.

10.10 Quality of Care. Buyer shall continue to support and engage in quality assurance and improvement initiatives designed to improve continuously the quality of care provided to patients of the Hospital, including the key elements, principles, techniques and practices of the Studer program. Buyer will assume as an Assumed Contract ORHC's current contract with Studer Group, LLC ("**Studer**"), with such changes as Studer and Buyer agree at the time of assignment or thereafter, which revised contract shall not be terminated by Buyer without consulting the Board of Directors. At least annually, Buyer shall distribute and collect patient satisfaction surveys and strive to achieve patient satisfaction scores above national averages for similarly-situated hospitals.

10.11 Commitment to Auxiliary and Gift Shop. Buyer shall continue to support the activities conducted by the Hospital's auxiliary and gift shop, and provide, on a rent-free basis, sufficient space for the auxiliary and gift shop to continue operations in the same manner as prior to the Closing Date.

10.12 Regional Retirement Living.

(a) Buyer shall cause the Affiliate designated to purchase the Assets of RRL to continue the operations of the continuing care retirement facility conveyed to Buyer's Affiliate by RRL (referred to in this Section 10.12 as the "**Senior Living Facility**") until such time as Buyer can research, interview and, with the participation of the members of the RRL board of directors, identify a purchaser for the Senior Living Facility's assets. For so long as Buyer's Affiliate continues the operation of the Senior Living Facility: (a) Buyer shall cause its Affiliate to make commercially reasonable efforts to maintain quality and resident satisfaction for the facility consistent with historical levels; and (b) the president of the facility shall report directly to the Hospital CEO.

(b) Notwithstanding anything to the contrary in Section 10.12(a): (i) the Chairman of the RRL board of directors (the "**RRL Chairman**") (acting on behalf of himself, other members of the RRL board of directors and/or other interested parties) shall have the right, within ninety (90) following the Closing Date, to submit to Buyer or Buyer's Affiliate a written offer to acquire substantially all of the assets, stock, membership or other equity interests held by Buyer's Affiliate in relation to the Senior Living Facility; and (ii) if, within ninety (90) days of the Closing Date, Buyer's Affiliate otherwise desires to sell substantially all of its assets, stock, membership or other equity interests, Buyer shall notify the RRL Chairman in writing of such fact and provide the RRL Chairman (acting on behalf of himself, other members of the RRL board of directors and/or other interested parties) the opportunity to submit to Buyer a written offer to acquire substantially all of the assets, stock, membership or other equity interests held by Buyer's Affiliate in relation to the Senior Living Facility. Any written offer provided by the RRL Chairman under subsections (i) or (ii) above shall include the financing proposal related thereto. Notwithstanding the foregoing, neither Buyer nor Buyer's Affiliate shall have the obligation to accept such offer, or having received it, to refrain from soliciting or accepting other offers related to the assets, stock, membership or other equity interests held by Buyer's Affiliate.

10.13 Reserved.

10.14 Information Systems and Electronic Medical Records.

(a) Within six (6) months of Closing, Buyer agrees to engage a consultant experienced with CPSI to provide additional training and support for the Hired Employees and medical staff on the existing information technology system and to prepare a report to be delivered to the Buyer and the Board of Directors setting forth recommendations to improve, enhance or replace such system. Buyer, in consultation with the Board of Directors, shall take such commercially reasonable steps as are appropriate to implement such recommendations, including the expenditure of between One Million Three Hundred Thousand Dollars ($1,300,000) and Two Million Three Hundred Thousand Dollars ($2,300,000), with a target implementation date within twelve (12) months after the Closing. Buyer shall consult with the

Board of Directors and medical staff of the Hospital regarding implementation of an "e-ICU" as part of the information technology system.

(b) Buyer agrees to commit an additional One Million Dollars ($1,000,000) to upgrade and supplement the information technology system for the Seller Facilities for add-ons related to electronic medical records. Buyer anticipates that implementation planning for these products will commence within six (6) months following the Closing Date and will be completed no later than thirty six (36) months following the Closing Date. The One Million Dollars ($1,000,000) funding of these upgrades and supplements shall be funded by Buyer and not as a routine capital expense of the Hospital.

10.15 Name of Seller Facilities. For so long as Buyer owns and operates the Hospital, Buyer shall not: (a) change the name of the Hospital or other Seller Facilities; (b) change the naming rights granted to certain Seller Facilities on or prior to the Closing Date; or (c) remove or change the donor recognitions located within the Hospital as of the Closing Date.

10.16 Additional Considerations. Buyer agrees to do the following:

(a) use reasonable commercial efforts to expand services and ownership in the cancer center;

(b) support the continuation of a Level II nursery at the Hospital;

(c) grow the orthopedic services offered at the Hospital;

(d) provide at least one (1) offsite continuing education activity per year for members of the Board of Directors;

(e) implement corporate services allocating overhead charges, only to the extent that these allocated costs will not affect the Hospital's: (i) budget; (ii) capital expenditures; (iii) funding of Buyer's obligations to Sellers under this Agreement or the Note; or (iv) incentive/bonus calculations; and

(f) subject to applicable laws, establish and implement, as soon as practical (but in no event more than ninety (90) days following the Closing Date), an outpatient substance abuse treatment program in Ottumwa, Iowa, affiliated with the Hospital and branded as part of the Hospital (the "**New Treatment Program**"). To the extent permitted by law and the capacity of the New Treatment Program, former patients of the Substance Abuse Programs shall be granted priority access for admission to the New Treatment Program.

10.17 Reserved.

10.18 Post-Closing Assistance. In addition to the Employee Lease Agreement:

(a) Buyer and the Sellers shall enter into a Transition Services Agreement with ORHC or its designee in substantially the form attached hereto as Exhibit P, pursuant to which former employees and resources shall be made available to ORHC for up to twenty four (24) months after Closing (or such longer period as agreed to by ORHC and Buyer) to assist with

transition services, e.g., gather documents and information to assist ORHC with the preparation of the Cost Reports, to assist with gathering documents and information in connection with audits, compliance with governmental requirements and regulations, and the prosecution or defense of claims, to provide information technology and operational support.

(b) For a period of up to twenty four (24) months (or such longer period as agreed to by ORHC and Buyer) following the Closing Date, Buyer shall provide ORHC with exclusive use and quiet enjoyment of the current office location of the Existing Foundation at a mutually agreeable fair market value lease rate. The lease shall provide that ORHC shall have to relocate to another location upon sixty (60) days prior written notice if Buyer wishes to place a physician that has been recruited to work at the Hospital in such space.

10.19 Reporting. For five (5) years after the Closing Date, within sixty days (60) of the end of each calendar year, Buyer shall provide ORHC or its designee with a written report that specifies in reasonable detail Buyer's compliance with its obligations and responsibilities set forth in this Agreement and shall make the Hospital CEO available to discuss the content of such reports as reasonably requested by ORHC.

10.20 Deadlines for Completion. The final scope of the Capital Projects and other commitments set forth in this Article X must be approved by the Board of Directors, and any deadlines for the completion of the projects may be changed by mutual agreement of Buyer, the Board of Directors and ORHC.

ARTICLE XI

PARTICULAR COVENANTS OF SELLERS

11.1 Employee Matters.

(a) As of the Closing Date, the Sellers shall terminate all of their employees. Within the period of ninety (90) days before the Closing Date, the Sellers shall not take any action that would result in WARN Act liability.

(b) The Sellers hereby covenant and agree to amend, terminate or take any other appropriate action with respect to the Benefit Plans and to take all steps necessary to accomplish such actions prior to the Closing Date.

(c) Within thirty (30) days following the Closing Date, the Sellers shall: (i) make or cause to be made all contributions due for all periods prior to the Closing Date, including a prorated contribution for the 2010 plan year, on behalf of all employees who are participants in the 403(b) Plan and the 401(a) Plan; and (ii) fully vest all accounts of employees who are participants in the 403(b) Plan and 401(a) Plan. With respect to the foregoing and for all other purposes, the Sellers shall amend the 403(b) Plan, the 401(a) Plan and the 457(b) Plan and take any other necessary action to comply fully with the requirements under ERISA and the IRC related to Section 403(b) plans, qualified plans, 457(b) Plans and other applicable laws at all times. As soon as administratively feasible following the Closing Date, the Sellers shall take any necessary actions to (i) provide for the continued sponsorship of the 403(b) Plan subject to the Buyer taking the actions required under Section 10.1(a), and (ii) to effectuate a trust-to-trust

transfer of the accounts of Hired Employees in the 401(a) Plan to a qualified retirement plan of the Buyer that is eligible to receive such transfer. Sellers shall, further, take appropriate action to transfer the assets of the 403(b) Plan to the investment manager designated by the Buyer. Sellers' obligations to sponsor the 403(b) Plan shall continue for a period of five (5) years after the Closing Date.

(d) Notwithstanding anything herein to the contrary, the Sellers acknowledge and agree that Buyer does not assume or agree to discharge any liability of the Sellers for any benefits under COBRA, the Public Health Service Act or otherwise for individuals incurring a qualifying event prior to the Closing, and any such liabilities shall remain solely the responsibility of the Sellers.

11.2 Cost Reports. ORHC, at its expense, shall prepare and file within ninety (90) days of the Closing all terminating and other cost reports required or permitted by law to be filed under Medicare, Medicaid and other third party payor programs or with the State Health Agency for periods ending on or prior to the Closing Date, or as a result of the consummation of the transactions described herein. ORHC shall retain all rights and obligations under the Cost Reports including without limitation any amounts receivable or payable or recaptured, in respect of such Cost Reports or reserves relating to such Cost Reports. Such rights shall include the right to appeal any Medicare or Medicaid determinations relating to the Cost Reports. ORHC shall retain the originals of the Cost Reports, correspondence, work papers and other documents relating to the Cost Reports. ORHC agrees to furnish copies of the Cost Reports, correspondence, work papers and other documents as Buyer may reasonably request.

11.3 Name Change. The Sellers acknowledge and agree that Buyer will acquire as part of the Assets the exclusive right to use the name "Ottumwa Regional Health Center", and any variation thereof and the goodwill associated therewith, and that none of the Sellers will use such name or any derivative thereof subsequent to the Closing. ORHC further covenants and agrees to file on the Closing Date an amendment to its Articles of Incorporation changing its name to "Ottumwa Regional Legacy Foundation, Inc." (the "**Name Change Amendment**"). Notwithstanding the foregoing, Sellers and Buyer agree that Ottumwa Regional Health Foundation, Incorporated, an Iowa non-profit, non-stock corporation recognized as exempt under Section 501(c)(3) of the IRC, shall continue use of its corporate name without limitation.

11.4 Foundation. ORHC anticipates that it will hold proceeds from the transaction contemplated by this Agreement (and thereby act as the "**Legacy Foundation**"). The Legacy Foundation may, in the future, elect to transfer certain of its assets, including all or a portion of the Purchase Price, to another charitable foundation or similar tax exempt organization ("**Successor Foundation**"). In the event that the Legacy Foundation transfers all of its assets, including the Purchase Price, to a Successor Foundation while it is obligated to Buyer under the terms of this Agreement, then the Successor Foundation shall execute and deliver a signature page or addendum to this Agreement in form reasonably satisfactory to Buyer whereby the Successor Foundation agrees to assume the Legacy Foundation's obligations hereunder. In addition, the Existing Foundation shall agree to be bound by the provisions of the Non-Competition Agreement and execute and deliver a signature page thereto. In the event a Successor Foundation becomes a party to this Agreement, then the Successor Foundation shall be entitled to enforce the covenants of Buyer contained in this Agreement.

11.5 Corporate Existence/Net Worth. The Legacy Foundation and/or a Successor Foundation shall either maintain its corporate existence or shall provide Buyer with evidence of the assumption of the Legacy Foundation's and/or a Successor Foundation's obligation hereunder by an entity acceptable to Buyer, in its sole discretion for so long as ORHC has obligations and commitments hereunder. Until the third anniversary of the Closing Date, the Legacy Foundation and/or a Successor Foundation or any such entity that assumes the obligations of such foundations hereunder shall maintain an aggregate net worth of not less than Thirty Million and No/100 Dollars ($30,000,000). Subject to compliance with this Section 11.5, ORHC or the Legacy Foundation shall be permitted to dissolve and wind up the operations of Sellers' Affiliates after the Closing Date.

11.6 Eddyville Property. As of the date of this Agreement, Sellers own a leasehold interest in the Eddyville Property and have exercised Sellers' purchase option under its lease with the City of Eddyville for such property (the "**Eddyville Lease**"). If at the time of the Closing, the City of Eddyville has not conveyed the fee simple interest in the Eddyville Property to Sellers, the Eddyville Property shall be deemed a Leased Property at Closing and Sellers shall (a) assign its interest in the Eddyville Lease to Buyer at Closing, (b) pay to the City of Eddyville the full purchase price for the Eddyville Property at Closing, and (c) not later than 30 days after the date of the Closing, either convey the fee interest in the Eddyville Property to Buyer by special warranty deed (reasonably acceptable to Buyer) or cause the City of Eddyville to convey the fee interest in the Eddyville Property to Buyer by a similar special warranty deed. If at the time of the Closing, Sellers own a fee simple interest in the Eddyville Property, the Eddyville Property shall be deemed an Owned Property and Sellers shall convey the fee interest in the Eddyville Property to Buyer by special warranty deed in accordance with Section 3.2(a) hereof. Sellers obligations under this paragraph shall survive the Closing.

11.7 MedAssets Agreement. Buyer has executed an agreement (the "**MedAssets Agreement**") with MedAssets, Inc. (or a subsidiary or Affiliate thereof) ("**MedAssets**"), pursuant to which MedAssets will audit the Hospital's chargemaster and perform related services. The Sellers shall reimburse Buyer for one-half of the fees payable under the MedAssets Agreement.

11.8 Physicians Tail Insurance. Sellers shall bear the costs of the premium for "tail" coverage for professional liability insurance for Gerald M. Paluska, M.D., attributable to acts and omissions prior to Closing.

ARTICLE XII

INDEMNIFICATION

12.1 Indemnification by Buyer. Subject to the limitations set forth in Section 12.4 hereof, Buyer shall indemnify and hold harmless the Sellers, and their respective officers, directors, employees and Affiliates (collectively, the "**Seller Indemnified Parties**"), from and against any and all losses, liabilities, damages, claims, costs (including, without limitation, court costs and costs of appeal) and expenses (including, without limitation, reasonable attorneys' fees and fees of expert consultants and witnesses) (collectively, "**Damages**") that any Seller Indemnified Party incurs as a result of, or with respect to: (a) any misrepresentation or breach of warranty by Buyer under this Agreement or the other agreements and documents executed and

delivered by Buyer pursuant to this Agreement; (b) any breach by Buyer of any covenant or agreement of Buyer under this Agreement or the other agreements contemplated hereby; (c) any of the Assumed Liabilities; or (d) any claim made by a third party with respect to the operation of Buyer or the Seller Facilities on or after the Effective Time.

12.2 Indemnification by the Sellers. Subject to the limitations set forth in Section 12.4 hereof, each of the Sellers, jointly and severally, shall indemnify and hold harmless Buyer, and its officers, directors, employees, stockholders, members and Affiliates (collectively, the "**Buyer Indemnified Parties**"), from and against any and all Damages that any such Buyer Indemnified Party incurs as a result of, or with respect to: (a) any misrepresentation or breach of warranty by any of the Sellers under this Agreement or the other agreements and documents executed and delivered by any or all of the Sellers pursuant to this Agreement; (b) any breach by any of the Sellers of any covenant or agreement of any of the Sellers under this Agreement or the other agreements contemplated hereby; (c) any of the Excluded Liabilities; (d) any claim made by a third party with respect to the Sellers or the operation of the Seller Facilities prior to the Effective Time; (e) any matter related to the January 6, 2010 letter from the OIG; or (f) the operation or closure of the Substance Abuse Programs.

12.3 Survival. Except as otherwise expressly provided in this Agreement, all covenants, representations and warranties contained in this Agreement or in any document delivered at the Closing pursuant hereto shall: (a) be deemed to be material and to have been relied upon by the Parties, notwithstanding any investigation heretofore or hereafter made by any of them or on behalf of any of them; (b) not be deemed merged into any instruments or agreements delivered at the Closing or thereafter; and (c) the representations and warranties shall survive the Closing and shall be fully effective and enforceable for a period of three (3) years following the Closing Date, except for the representations and warranties set forth in Section 4.6 (Licenses), 4.8 (Medicare Participation/Accreditation), 4.9 (Regulatory Compliance), 4.12(a) (Title to and Condition of the Assets), 4.16 (Taxes), and 4.27 (Environmental Matters) which shall survive until the expiration of the applicable statute of limitations taking into account all valid extensions. The covenants set forth in Section 10.15, 11.4 and 11.5 shall survive the Closing and shall be fully enforceable for so long as Buyer owns the Seller Facilities. For the avoidance of doubt, this Section 12.3 shall not affect any rights to bring claims after three (3) years based on: (x) any covenant or agreement of the Parties that contemplates performance after the Closing, including but not limited to those set forth in Articles X, XI and XIII; (y) the obligations of Buyer under Section 12.1(b), 12.1(c) or 12.1(d); or (z) the obligations of the Sellers under Section 12.2(b), 12.2(c), 12.2(d), 12.2(e) or 12.2(f). Notwithstanding anything to the contrary contained in this Section 12.3, the covenants set forth in Section 6.6 shall not survive the termination of this Agreement.

12.4 Limitations.

(a) The Sellers shall be liable under Section 12.2(a) and for any Direct Claims under Section 12.2(c) only when total indemnification claims made under Section 12.2(a) or Section 12.2(c) exceed Six Hundred Thousand Dollars ($600,000) (the "**Indemnification Basket**"), after which the Sellers shall be liable for all Damages in excess of such threshold. The Sellers' total liability for indemnified losses under Section 12.2(a) shall not exceed (in the aggregate) seventy-five percent (75%) of the Closing Cash (the "**Seller Indemnity Cap**").

Notwithstanding the foregoing, any Damages incurred by a Buyer Indemnified Party as a result of a breach or inaccuracy of any representation or warranty made by any of the Sellers in Section 4.8 (Medicare Participation/Accreditation), 4.9 (Regulatory Compliance), 4.12(a) (Title to and Condition of the Assets), 4.16 (Taxes) and 4.27 (Environmental Matters) shall not count towards, nor be subject to, the Indemnification Basket or the Seller Indemnity Cap. For purposes of this Article XII, a "**Direct Claim**" is any claim under Section 12.2(c) except claims by an Indemnified Party (as such term is defined in Section 12.5) seeking to recover out-of-pocket losses arising or incurred by such Indemnified Party in relation to third party claims and actions.

(b) Buyer shall be liable under Section 12.1(a) only when total indemnification claims made under Section 12.1(a) exceed the Indemnification Basket, after which Buyer shall be liable for all Damages in excess of such threshold. Buyer's total liability for indemnified losses under Section 12.1(a) shall not exceed (in the aggregate) seventy-five percent (75%) of the Closing Cash (the "**Buyer Indemnity Cap**").

12.5 Notice and Control of Litigation. If any claim or liability is asserted in writing by a third party against a Party entitled to indemnification under this Article XII (the "**Indemnified Party**") which would give rise to a claim under this Article XII, the Indemnified Party shall notify the person giving the indemnity (the "**Indemnifying Party**") in writing of the same within ten (10) days of the knowledge of such assertion of a claim or liability. The Indemnifying Party shall have the right to defend a claim and control the defense, settlement and prosecution of any litigation. If the Indemnifying Party, within ten (10) days after notice of such claim, fails to defend such claim, the Indemnified Party shall (upon further notice to the Indemnifying Party) have the right to undertake the defense, compromise or settlement of such claim on behalf of and for the account and at the risk of the Indemnifying Party, subject to the right of the Indemnifying Party to assume the defense of such claim at any time prior to settlement, compromise or final determination thereof. Anything in this Section 12.5 notwithstanding: (a) if there is a reasonable probability that a claim may materially and adversely affect the Indemnified Party other than as a result of money damages or other money payments, the Indemnified Party shall have the right, at its own cost and expense, to defend, compromise and settle such claim; and (b) the Indemnifying Party shall not, without the written consent of the Indemnified Party, settle or compromise any claim or consent to the entry of any judgment that does not include a term thereof the giving by the claimant to the Indemnified Party of an unconditional release from all liability in respect of such claim. All Parties agree to cooperate fully as necessary in the defense of such matters. Should the Indemnified Party fail to notify the Indemnifying Party in the time required above, the indemnity with respect to the subject matter of the required notice shall be limited to the damages that would have resulted had the Indemnified Party notified the Indemnifying Party in the time required above after taking into account such actions as could have been taken by the Indemnifying Party had it received timely notice from the Indemnified Party.

12.6 Notice of Claim. If an Indemnified Party becomes aware of any basis for a claim for indemnification under this Article XII (except as otherwise provided for under Section 12.5), the Indemnified Party shall notify the Indemnifying Party in writing of the same within thirty (30) days after becoming aware of such claim, specifying in detail the circumstances and facts which give rise to a claim under this Article XII. Should the Indemnified Party fail to notify the Indemnifying Party within the time frame required above, the indemnity with respect to the

subject matter of the required notice shall be limited to the damages that would have nonetheless resulted had the Indemnified Party notified the Indemnifying Party in the time required above after taking into account such actions as could have been taken by the Indemnifying Party had it received timely notice from the Indemnified Party.

12.7 Exclusive Remedy. Except: (a) in cases of fraud, intentional misrepresentation or willful misconduct; or (b) as set forth in Section 13.1, Section 13.17 and Section 13.28, the sole and exclusive remedy for any breach or inaccuracy of any representation, warranty or covenant contained herein shall be the remedies provided for in this Article XII.

ARTICLE XIII

MISCELLANEOUS

13.1 Schedules and Other Instruments. Each Schedule and Exhibit to this Agreement shall be considered a part hereof as if set forth herein in full.

13.2 Allocation. The Parties agree that Buyer shall prepare a preliminary allocation (the "**Tax Allocation**") of the Purchase Price (and all other capitalizable costs incurred in connection with the transactions hereunder) among the Assets in accordance with Section 1060 of the IRC and the Treasury Regulations thereunder (and any similar provisions of state, local or foreign law, as appropriate). Buyer shall deliver its preliminary Tax Allocation to the Sellers within thirty (30) days after the Net Working Capital calculation has been agreed upon or otherwise determined pursuant to Section 2.6, and the Sellers shall have thirty (30) days after receiving the preliminary Tax Allocation (the "**Seller Review Period**") to object to the preliminary Tax Allocation. If the Sellers timely raise any such objections, Buyer and the Sellers will attempt to resolve such objections in good faith; provided, however, that if Buyer and the Sellers are unable to resolve such issues within thirty (30) days after the end of the Seller Review Period, then either Buyer and the Sellers may elect, by written notice to the other, to have the objections resolved by the Audit Firm, whose decision shall be binding on the Parties in the absence of manifest error and whose fees and expenses shall be paid fifty percent (50%) by Buyer and fifty percent (50%) by the Sellers. If the Sellers fail to object to the preliminary Tax Allocation within the Seller Review Period, then such preliminary Tax Allocation shall be deemed acceptable to the Sellers and such preliminary Tax Allocation shall be binding upon the Parties. Thereafter, Buyer, the Sellers and their respective Affiliates shall report, act and file all Tax Returns (as defined below) (including, but not limited to, Internal Revenue Service Form 8594) in all respects and for all purposes consistent with such finally determined Tax Allocation. Neither Buyer, the Sellers nor any of their respective Affiliates shall take any position (whether in audits, Tax Returns or otherwise) that is inconsistent with such Tax Allocation, unless required to do so by applicable law.

13.3 Termination Prior to Closing. Notwithstanding anything herein to the contrary, this Agreement may be terminated at any time: (a) on or prior to the Closing, by mutual consent of the Sellers and Buyer; (b) on or prior to the Closing by Buyer, if satisfaction of any condition to Buyer's obligations under Article VIII of this Agreement has not occurred in the time period related to that particular condition, covenant or agreement (unless the failure results primarily from Buyer breaching any representation, warranty or covenant herein) and such condition shall

not have been waived by Buyer; (c) on or prior to the Closing by the Sellers, if satisfaction of any condition to the Sellers' obligations under Article IX of this Agreement has not occurred in the time period related to that particular condition, covenant or agreement (unless the failure results primarily from the Sellers' breaching any representation, warranty or covenant herein) and such condition shall not have been waived by the Sellers; (d) by Buyer or the Sellers, if the Closing shall not have taken place on or before April 30, 2010, which date may be extended by mutual agreement of Buyer and the Sellers; provided, however, that no termination may be made under this Section 13.3(d) by a Party if the failure to close on or prior to such date shall be caused by the failure of such Party to fully comply with its obligations under this Agreement; (e) by either the Sellers or Buyer, pursuant to Section 13.1 hereof; (f) in the event the Sellers, on one hand, or Buyer, on the other hand, commit a material breach of any of the terms hereof, by the non-breaching Party; or (g) by Buyer, in accordance with the provisions of Section 7.4 or Section 13.31.

13.4 Post-Closing Access to Information. The Sellers and Buyer acknowledge that subsequent to the Closing each Party may need access to information or documents in the control or possession of the other Party for the purposes of concluding the transactions herein contemplated, audits, compliance with governmental requirements and regulations and the prosecution or defense of third party claims. Accordingly, subject to applicable law and attorney-client privilege or other applicable privileges, the Sellers and Buyer agree that for a period of ten (10) years after the Closing Date (and longer where the statute of limitations is greater than ten (10) years) each will make reasonably available to the other's agents, independent auditors, counsel and/or governmental agencies upon written request and at the expense of the requesting Party such documents and information as may be available relating to the Business or the Assets for periods ending on or prior to the Closing Date to the extent necessary to facilitate concluding the transactions herein contemplated, audits, compliance with governmental requirements and regulations and the prosecution or defense of claims.

13.5 Preservation and Access to Records After the Closing. Buyer agrees to maintain all patient, medical and other records of the Seller Facilities delivered to Buyer at the Closing in accordance with applicable law (including, if applicable, Section 1861(v)(i)(I) of the Social Security Act (42 U.S.C. Section 1395(v)(l)(i)), the privacy requirements of the Administrative Simplification subtitle of the HIPAA and applicable state requirements with respect to health information privacy and requirements of relevant insurance carriers, all in a manner consistent with the maintenance of patient records generated at the Seller Facilities after the Closing. For purposes of this Agreement, the term "**records**" includes all documents, electronic data and other compilations of information in any form. Buyer acknowledges that as a result of entering into this Agreement and operating the Seller Facilities it will gain access to patient and other information that is subject to rules and regulations regarding confidentiality, and agrees to abide by any such rules and regulations relating to the confidential information it acquires. Buyer shall retain all patient, medical and other records of the Seller Facilities delivered at Closing for the longer of ten (10) years and the relevant statue of limitations applicable to such records. Upon reasonable notice, during normal business hours, at the sole cost and expense of the Sellers and upon Buyer's receipt of appropriate consents and authorizations, Buyer will afford to the representatives of the Sellers, including their counsel and accountants, full and complete access to, and copies of, the records transferred to Buyer at the Closing (including, without limitation, access to patient records in respect of patients treated by

the Sellers at the Seller Facilities). Upon reasonable notice, during normal business hours and at the sole cost and expense of the Sellers, Buyer shall also make its officers and employees available to the Sellers at reasonable times and places after the Closing. In addition, the Sellers shall be entitled, at the Sellers' sole risk, to remove from the Facilities copies of any such patient records, but only for purposes of pending litigation involving a patient to whom such records refer, as certified in writing prior to removal by counsel retained by the Sellers in connection with such litigation and only upon Buyer's receipt of appropriate consents and authorizations. Any patient record so removed from the Seller Facilities shall be promptly returned to Buyer following its use by the Sellers. Any access to the Seller Facilities, their records or Buyer's personnel granted to the Sellers in this Agreement shall be upon the condition that any such access not unreasonably interfere with the business operations of Buyer.

13.6 CON Disclaimer. This Agreement shall not be deemed to be an acquisition or obligation of a capital expenditure or of funds within the meaning of Iowa's Certificate of Need statute, §§135.61-135.71 Code of Iowa (2009), and is specifically exempt pursuant to §135.63(o) Code of Iowa (2009).

13.7 Cooperation on Tax Matters. Following the Closing, the Parties shall cooperate fully with each other and shall make available to the other, as reasonably requested and at the expense of the requesting Party, and to any taxing authority, all information, records or documents relating to Tax liabilities or potential Tax liabilities of the Seller Parties for all periods ending on or prior to the Closing Date and any information that may be relevant to determining the amount payable under this Agreement, and shall preserve all such information, records and documents at least until the expiration of any applicable statute of limitations or extensions thereof. Upon request of Buyer, the Sellers shall use their reasonable commercial efforts to obtain any certificate or other document from any governmental authority or any other person as may be necessary to mitigate, reduce or eliminate any Taxes that could be imposed (including, but not limited to, with respect to the transactions contemplated hereby).

13.8 Misdirected Payments, Etc. Each of the Sellers and Buyer covenant and agree to remit, with reasonable promptness, to the other Party any payments received, which payments are on or in respect of accounts or notes receivable owned by (or are otherwise payable to) the other Party. In addition, in the event of a determination by any governmental or third party payor that payments to the Sellers or the Seller Facilities resulted in an overpayment or other determination that funds previously paid by any program or plan to the Sellers or the Seller Facilities must be repaid, including, without limitation, pursuant to a RAC audit, the Sellers shall be responsible for repayment of said monies (or defense of such actions) if such overpayment or other repayment determination was for services rendered on or prior to the Closing Date, and Buyer shall be responsible for repayment of said monies (or defense of such actions) if such overpayment or other repayment determination was for services rendered after the Closing Date and not arising out of the actions or policies of the Sellers. In the event that, following the Closing, Buyer suffers any offsets against reimbursement under any third party payor or reimbursement programs due to Buyer, relating to amounts owing under any such programs by the Sellers, the Sellers shall promptly upon demand from Buyer pay to Buyer the amounts so offset.

13.9 Tax Returns. Each of the Sellers and each of the Joint Ventures will timely file all Tax Returns, accurately report all income and loss, and pay all Taxes due for tax years or periods ending on the Closing Date or reporting periods that include periods prior to the Closing Date. Joint Venture pass through income Tax Returns, if any, for periods beginning prior to the Closing Date that do not end on or before the Closing Date will use a closing of the books methodology for determining income and loss attributable to the Sellers and Buyer unless otherwise agreed in writing by Buyer. Each of the Joint Ventures will make a Section 754 election on its tax return for the period ending on the Closing Date. Seller will not cause or permit any of the Joint Ventures to take any action with respect to Taxes outside the ordinary course of business that may have an adverse impact on the Joint Ventures or the Joint Venture Facilities as of or subsequent to the Closing Date. Buyer shall provide or cause to be provided to the Sellers the Joint Venture's Tax Returns that include pre-Closing periods for review and comment at least thirty (30) days prior to filing such returns.

13.10 Additional Assurances. The provisions of this Agreement shall be self-operative and shall not require further agreement by the Parties except as may be herein specifically provided to the contrary; provided, however, at the request of a Party, the other Parties shall execute such additional instruments and take such additional actions as the requesting Party may reasonably deem necessary to effectuate this Agreement. In addition and from time to time after the Closing, the Sellers shall execute and deliver such other instruments of conveyance and transfer, and take such other actions as Buyer reasonably may request, more effectively to convey and transfer full right, title, and interest to, vest in, and place Buyer in legal and actual possession of, any and all of the Assets. The Sellers shall also furnish Buyer with such information and documents in their possession or under their control, or which the Sellers can execute or cause to be executed, as will enable Buyer to prosecute any and all petitions, applications, claims and demands relating to or constituting a part of the Seller Facilities or the Assets. Additionally, the Sellers shall cooperate and use their best efforts to have their present directors, officers and employees cooperate with Buyer on and after the Closing in furnishing information, evidence, testimony and other assistance in connection with any action, proceeding, arrangement or dispute of any nature with respect to matters pertaining to all periods ending on or prior to the Closing Date in respect of the items subject to this Agreement.

13.11 Consented Assignment. Anything contained herein to the contrary notwithstanding, this Agreement shall not constitute an agreement to assign any claim, right, contract, license, lease, commitment, sales order or purchase order if an attempted assignment thereof without the consent of the other party thereto would constitute a breach thereof or in any material way affect the rights of the Sellers thereunder, unless such consent is obtained. Each of the Sellers shall use commercially reasonable efforts to obtain any third party consents to the transactions contemplated by this Agreement. If such consent is not obtained, or if an attempted assignment would be ineffective or would materially affect the rights thereunder of the Sellers so that Buyer would not in fact receive all such rights, the Sellers and Buyer shall cooperate in good faith in any reasonable arrangement designed to provide for Buyer the benefits under any such claim, right, contract, license, lease, commitment, sales order or purchase order, including, without limitation, enforcement of any and all rights of the Sellers against the other party or parties thereto arising out of the breach or cancellation by such other party or otherwise.

13.12 Consents, Approvals and Discretion. Except as herein expressly provided to the contrary, whenever this Agreement requires any consent or approval to be given by a Party, or whenever a Party must or may exercise discretion, the Parties agree that such consent or approval shall not be unreasonably withheld or delayed and such discretion shall be reasonably exercised.

13.13 Legal Fees and Costs. In the event there is a dispute between the Parties and a Party elects to incur legal expenses to enforce or interpret any provision of this Agreement by judicial proceedings, the prevailing Party will be entitled to recover such legal expenses, including, without limitation, reasonable attorneys' fees, costs and necessary disbursements at all court levels, in addition to any other relief to which such Party shall be entitled.

13.14 Choice of Law; Venue; Mediation.

(a) The Parties agree that this Agreement shall be governed by and construed in accordance with the laws of the State of Iowa without regard to conflict of laws principles. Each of the Parties hereby irrevocably consents and agrees that any action, suit or proceeding arising in connection with any disagreement, dispute, controversy or claim arising out of or relating solely to this Agreement (a "**Legal Dispute**") shall be brought only to the exclusive jurisdiction of the federal or state courts located in Linn County, Iowa. The Parties agree that, after a Legal Dispute is before a court as specified in this Section 13.14 and during the pendency of such Legal Dispute before such court, all actions, suits or proceedings with respect to such Legal Dispute or any other Legal Dispute, including, without limitation, any counterclaim, cross-claim or interpleader, shall be subject to the exclusive jurisdiction of such court. Each of the Parties hereby waives, and agrees not to assert, as a defense in any Legal Dispute, that it is not subject thereto or that such action, suit or proceeding may not be brought or is not maintainable in such court or that its property is exempt or immune from execution, that the action, suit or proceeding is brought in an inconvenient forum or that the venue of the action, suit or proceeding is improper.

(b) In the event that a Legal Dispute arises between the Parties arising out of or relating to this Agreement, the matter shall be submitted to non-binding mediation prior to commencing litigation, except as provided hereafter. The mediation process shall be initiated by either Party giving written notice to the other party of its desire to mediate. Within thirty (30) days of such written notice, the Parties shall agree on a mediator, or, if the Parties are unable to agree, the mediator shall be selected by the American Health Lawyers Association (the "**AHLA**"), and in that event, the mediation shall be administered by the AHLA under its Rules of Procedure for Arbitration and Mediation. The mediator shall be a practicing attorney who has experience with mediating controversies involving complex commercial transactions or the subject matter of the particular dispute involved. The mediation shall be held at a neutral site mutually agreed upon by the Parties, provided, however, that if the Parties cannot agree on such site within fifteen (15) days after written notice of mediation, then the site shall be the location selected by the mediator.

Each Party shall bear its own costs and expenses and an equal share of the mediator's fees and administrative fees of mediation, if any. If at any time more than five (5) hours into the mediation conference the mediator determines that the controversy cannot be

settled in mediation, the mediator may declare an impasse and the mediation process shall end at that point. The mediation shall be held within thirty (30) days after selection or appointment of the mediator. Following declaration of an impasse by the mediator, either Party shall be free to file a legal proceeding.

Notwithstanding the foregoing, nothing in this subsection shall be construed to require a Party to mediate prior to seeking or receiving equitable or injunctive or other extraordinary relief.

13.15 Benefit/Assignment. Subject to provisions herein to the contrary, this Agreement shall inure to the benefit of and be binding upon the Parties hereto and their respective legal representatives, successors and permitted assigns. Neither the Sellers, on one hand, nor Buyer, on the other hand, may assign this Agreement without the prior written consent of the other Party; provided, however, that the Sellers agree and acknowledge that Buyer may designate an Affiliate to purchase the Assets owned by RRL.

13.16 Cost of Transaction. Whether or not the transactions contemplated hereby shall be consummated, the Parties agree as follows: (a) the Sellers shall pay the fees, expenses and disbursements of the Sellers and their agents, representatives, accountants and legal counsel incurred in connection with the subject matter hereof and any amendments hereto; (b) Buyer shall pay the fees, expenses and disbursements of Buyer and its agents, representatives, accountants and legal counsel, lenders and private equity sponsors incurred in connection with the subject matter hereof and any amendments hereto; (c) Buyer shall pay the cost of the HSR Filing; and (d) the Sellers shall pay one-half and Buyer shall pay one-half of all costs of any title search, title commitment, title policy, surveys and endorsements to title policies, as well as all transfer and recording taxes and fees, incurred in connection with the transactions contemplated by this Agreement.

13.17 Confidentiality. It is understood by the Parties that any information provided by another Party (the "**Providing Party**") concerning such Providing Party obtained, directly or indirectly, from the Providing Party in connection with the transactions contemplated by this Agreement ("**Confidential Information**"), and the documents and other written information delivered to a receiving Party (the "**Receiving Party**"), or its stockholders, members, Affiliates, officers, employees or agents (collectively, "**Agents**"), are of a confidential and proprietary nature. To the extent permitted by law, the Receiving Party agrees that it will, and will use its reasonable best efforts to cause the Agents to, maintain the confidentiality of all such Confidential Information, and will only disclose such Confidential Information to Agents as necessary to effect the transactions contemplated hereby. The parties further agree that if the transactions contemplated hereby are not consummated, the Receiving Party and its Agents will promptly return all documents and other written information acquired from the Providing Party or its Affiliates and all copies thereof in their possession to the Providing Party. Each of the Parties hereto recognizes that any breach of this Section 13.17 would result in immediate and irreparable harm to the other Parties to this Agreement and their Affiliates which could not be adequately remedied through the payment of monetary damages, and that therefore either the Sellers or Buyer shall be entitled to an injunction to prohibit any such breach or anticipated breach, without the necessity of posting a bond, cash, or otherwise, in addition to all of its other legal and equitable remedies. Nothing in this Section 13.17, however, shall prohibit the use of

such Confidential Information, documents or information for such governmental filings as in the opinion of the Sellers' counsel or Buyer's counsel are required by law or governmental regulations or are otherwise required to be disclosed pursuant to applicable law. The foregoing restrictions in this Section 13.17 shall not apply to any information that: (a) is on the date hereof or hereafter becomes generally available to the public other than as a result of a disclosure, directly or indirectly, by the Receiving Party or its Agents; (b) was in the possession of the Receiving Party on a non-confidential basis prior to its disclosure; or (c) becomes available to the Receiving Party on a non-confidential basis from a source other than the Providing Party or its representatives, which source was not itself bound by a confidentiality agreement.

13.18 Public Announcements. No Party hereto shall release, publish or otherwise make available to the public in any manner whatsoever any information or announcement regarding the transactions herein contemplated without the prior written consent of the other Parties, except for information and filings reasonably necessary to be directed to governmental agencies to fully and lawfully effect the transactions herein contemplated or as required by law. Notwithstanding the foregoing, the Sellers, in consultation with Buyer, may make periodic announcements to their employees regarding the transactions contemplated by this Agreement. Notwithstanding the foregoing, in the event a Party hereto determines that the terms hereof will be the subject of discovery in any litigation involving such Party, such Party shall promptly notify the other Parties hereto of such determination and if Sellers, on one hand, and Buyer, on the other hand, conclude that such disclosure through discovery is inevitable, then: (a) the Parties shall make a public announcement of the terms hereof prior to such discovery taking place; (b) such public announcement shall be made in a manner and at a time mutually agreed by the Parties; and (c) the Parties shall be represented at, and permitted to participate in, such announcement. In recognition of the status of the Hospital as a not-for-profit, tax-exempt hospital, Buyer acknowledges that ORHC, from time to time, may find it necessary to make public statements or conduct public meetings regarding the transactions herein contemplated. Therefore, Buyer agrees that it will respond promptly to requests from ORHC for Buyer's review of public statements and not to withhold its consent unreasonably. If ORHC determines it is necessary to conduct public meetings regarding the transactions contemplated hereby, ORHC shall provide Buyer with reasonable advance notice of any such meetings, and afford Buyer the opportunity to attend and, if appropriate, participate.

13.19 Waiver of Breach. The waiver by any Party of a breach or violation of any provision of this Agreement shall not operate as, or be construed to constitute, a waiver of any subsequent breach of the same or any other provision hereof.

13.20 Notice. Any notice, demand, or communication required, permitted or desired to be given hereunder shall be deemed effectively given when personally delivered, when received by overnight delivery or five (5) days after being deposited in the United States mail, with postage prepaid thereon, certified or registered mail, return receipt requested, addressed as follows:

The Sellers:

Nashville, Tennessee 37219
[redacted]

or to such other address, and to the attention of such other person or officer as any Party may designate, with copies thereof to the respective counsel thereof as notified by such Party.

13.21 Severability. In the event any provision of this Agreement is held to be invalid, illegal or unenforceable for any reason or in any respect, such invalidity, illegality, or unenforceability shall in no event affect, prejudice or disturb the validity of the remainder of this Agreement, which shall be and remain in full force and effect, enforceable in accordance with its terms.

13.22 Gender and Number. Whenever the context of this Agreement requires, the gender of all words herein shall include the masculine, feminine and neuter, and the number of all words herein shall include the singular and plural.

13.23 Divisions and Headings. The divisions of this Agreement into sections and subsections and the use of captions and headings in connection therewith are solely for convenience and shall have no legal effect in construing the provisions of this Agreement.

13.24 Waiver of Jury Trial. EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHTS IT MAY HAVE TO DEMAND THAT ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR IN ANY WAY RELATED TO THIS AGREEMENT OR THE RELATIONSHIPS OF THE PARTIES HERETO BE TRIED BY JURY. THIS WAIVER EXTENDS TO ANY AND ALL RIGHTS TO DEMAND A TRIAL BY JURY ARISING FROM ANY SOURCE INCLUDING, BUT NOT LIMITED TO, THE CONSTITUTION OF THE UNITED STATES OR ANY STATE THEREIN, COMMON LAW OR ANY APPLICABLE STATUTE OR REGULATIONS. EACH PARTY HERETO ACKNOWLEDGES THAT IT IS KNOWINGLY AND VOLUNTARILY WAIVING ITS RIGHT TO DEMAND TRIAL BY JURY.

13.25 Accounting Date. The transactions contemplated hereby shall be effective for accounting purposes as of 12:01 a.m. on the day following the Closing Date (the "**Effective Time**"), unless otherwise agreed in writing by the Sellers and Buyer.

13.26 No Inferences. Inasmuch as this Agreement is the result of negotiations between sophisticated parties of equal bargaining power represented by counsel, no inference in favor of, or against, either Party shall be drawn from the fact that any portion of this Agreement has been drafted by or on behalf of such Party.

13.27 No Third Party Beneficiaries. The terms and provisions of this Agreement are intended solely for the benefit of Buyer and the Sellers and their respective successors and permitted assigns, and it is not the intention of the Parties to confer, and this Agreement shall not confer, third party beneficiary rights upon any other person or entity.

13.28 Enforcement of Agreement. The Parties hereto agree that immediate and irreparable harm would occur (which could not be remedied wholly through the payment of monetary damages) in the event that any of the provisions of this Agreement was not performed in accordance with its specific terms or was otherwise breached. It is accordingly agreed that the Parties shall be entitled to an injunction or injunctions (without the need to post bond or other security) to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any court of competent jurisdiction, this being in addition to any other remedy to which they are entitled at law or in equity.

13.29 Entire Agreement/Amendment. This Agreement, together with its Schedules, Exhibits and documents delivered at the Closing, supersedes all previous contracts or understandings, including any offers, letters of intent, proposals or letters of understanding, and constitutes the entire agreement of whatsoever kind or nature existing between or among the Parties with respect to the subject matter hereof. As between or among the Parties, no oral statements or prior written material not specifically incorporated herein shall be of any force and effect. The Parties specifically acknowledge that in entering into and executing this Agreement, the Parties are relying solely upon the representations and agreements contained in this Agreement and its Schedules and Exhibits, and no others. No changes in, or additions to, this Agreement shall be recognized unless and until made in writing and signed by all Parties hereto.

13.30 Counterparts. This Agreement may be executed in two or more counterparts, each and all of which shall be deemed an original and all of which together shall constitute but one and the same instrument. Facsimile or electronic signatures on this Agreement shall be deemed to be original signatures for all purposes.

13.31 Risk of Loss. The risk of loss in respect to casualty to the Assets shall be borne by the Sellers until the Closing, and by Buyer on and after the Closing. Notwithstanding the foregoing, if any material part of the Hospital is damaged so as to be rendered unusable or destroyed prior to the Closing, Buyer may elect to terminate this Agreement and all obligations of the parties hereunder. In the event the Assets are destroyed or damaged, but such destruction or damage does not entitle Buyer or Buyer does not elect to terminate this Agreement, then Buyer shall be entitled to all insurance proceeds paid prior to the Closing in respect of such damage or destruction prior to the Closing (provided that Buyer shall not be entitled to insurance proceeds received and expended by the Sellers in repair of the Assets prior to the Closing). In the event insurance proceeds are not paid prior to the Closing, Buyer, following the Closing, shall be entitled to receive all proceeds payable in respect of such damage or destruction (provided that Buyer shall not be entitled to insurance proceeds received and expended by the Sellers in repair of the Assets prior to the Closing) and the Sellers shall use their commercially reasonable efforts to obtain all such proceeds that may be payable pursuant to their insurance policies with respect to such matters. This Section 13.31 shall survive the Closing.

13.32 RCHP Guaranty. RCHP hereby unconditionally and absolutely guarantees the prompt performance and observation of Buyer for each and every obligation, covenant and agreement of Buyer arising out of, connected with, or related to this Agreement or any ancillary documents hereto and any extension, renewal and/or modification thereof. RCHP hereby waives any defenses to enforcement of this guaranty that would not be a defense of Buyer under this Agreement. The obligation of RCHP under this Section 13.32 is a continuing guaranty and shall remain in effect, and the obligations of RCHP shall not be affected, modified or impaired upon the happening from time to time of any of the following events, whether or not with notice or consent of RCHP:

(a) The compromise, settlement, release, change, modification, amendment (except to the extent of such compromise, settlement, release, change, modification or amendment) of any or all of the obligations, duties, covenants, or agreements of any party under this Agreement or any ancillary documents hereto; or

(b) The extension of the time for performance of payment of money pursuant to this Agreement, or of the time for performance of any other obligations, covenants or agreements under or arising out of this Agreement or any ancillary documents thereto or the extension or the renewal thereof.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed in multiple originals by their authorized officers, all as of the date first above written.

OTTUMWA REGIONAL HEALTH CENTER

OUR COMMUNITY IMPACT

OttumwaRegionalHealth.com

1001 Pennsylvania Avenue, Ottumwa, Iowa 52501 | **641.684.2300**

Ottumwa Regional Health Center's mission is simple: Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are providing quality care close to home and investing in our region's overall well-being. Your support allows us to continue to enhance the many ways we serve and care for Ottumwa and the Southeast Iowa region today and for generations to come. Thank you.

— Phil Noel, *CEO*

In 2019, we...

- **...added 52 employed and affiliated providers**
- **...made nearly $2 million in capital improvements**
- **...distributed a payroll of $49,397,723 to more than 660 employees**
- **...donated more than $7.5 million in services to those in need**
- **...paid $5,237,132 in taxes**

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in pediatrics, obstetrics and gynecology, emergency medicine, radiation oncology, heart care and more.

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year, we invested in surgical equipment upgrades, service elevator replacements and more.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

OUR COMMUNITY IMPACT

OttumwaRegionalHealth.com

1001 Pennsylvania Avenue, Ottumwa, Iowa 52501 | **641.684.2300**

Our mission of Making Communities Healthier® has always been central to the contributions we make to Ottumwa and the Southeast Iowa region. As our area found itself impacted by the COVID-19 pandemic, that mission became even more critical to the well-being of our community. We are proud to be part of a national healthcare network that provided quality care for more than 20,000 COVID-19 patients in 2020 – including those here at home. LifePoint Health's continued support – and yours – allows us to create places where people choose to come for healthcare, physicians want to practice and employees want to work. As we look ahead to a bright future, we look forward to further enhancing how we serve our neighbors today and for generations to come. Thank you.

— Dennis Hunger, *CEO*

In 2020, we...

...added 30 employed, affiliated, telehealth and temporary providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in telepsychiatry, teleneurology, teleradiology, emergency care and hospital medicine.

...made more than $5.3 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included a remodel of our McCreery Cancer Center and a new linear accelerator.

...distributed a payroll of $46,061,201 to more than 600 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than $6 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid $4,929,692 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

ORHC's environmental services staff work hard each day to keep our hospital clean and safe for patients, visitors and staff.

ORHC's ORMICS Crew encouraged community members to stay home in an effort to stop the spread of COVID-19 in 2020.

2022 Community Benefits

Expanded medical staff to a total of 42 employed and independent providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in urology.

Made nearly $3.6 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included ligature-safe furniture for behavioral health, breaking ground on a new catheterization lab and renovating a building to be used for primary care.

Distributed a payroll of $44,719,951 to approximately 470 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

Donated more than $13.6 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

Paid $5,504,408 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

REAL PROPERTY ASSET PURCHASE AGREEMENT

THIS REAL PROPERTY ASSET PURCHASE AGREEMENT ("**Agreement**") is made and entered into as of the 4th day of November, 2019, by and between Lima HoldCo, LLC, a Delaware limited liability company ("**Lima Holdco**"); the entities listed on ***ANNEX A*** hereto under the heading "Lima Subsidiaries" (individually and collectively as the context may require, the "**Lima Subsidiaries**" and together with Lima Holdco, the "**Lima Parties**"); and the entities listed on ***ANNEX A*** hereto under the heading "MPT Parties" (individually and collectively as the context may require, the "**MPT Parties**"). The Lima Parties and the MPT Parties are herein sometimes referred to individually as a "**Party**" and collectively, as the "**Parties**."

W I T N E S S E T H:

WHEREAS, certain of the Lima Subsidiaries collectively (i) own certain tracts of land located in various states, the common street addresses and/or legal descriptions of which are set forth on ***EXHIBIT A-1*** attached hereto (provided that the legal descriptions for such Owned Property shall be finalized prior to the applicable Closing pursuant to Section 6.13), including all hereditaments, easements, rights of way and other appurtenances related thereto (the "**Owned Land**"), and all Improvements (as hereinafter defined) located thereon (the Owned Land and such Improvements located thereon are sometimes collectively referred to herein as the "**Owned Real Property**" and each, an "**Owned Property**"), and (ii) lease pursuant to the Assumed Lima Leases certain tracts of land located in various states, all being more particularly described on ***EXHIBIT A-2*** attached hereto, including all heredíments, easements, rights of way and other appurtenances related thereto (the "**Leased Land,**" and together with the Owned Land, the "**Land**"), and all Improvements located thereon (the Leased Land and the Improvements located thereon are sometimes referred to herein as the "**Leased Real Property,**" and together with the Owned Real Property, collectively, the "**Real Property**");

WHEREAS, the Lima Subsidiaries set forth on the attached ***EXHIBIT B*** (each, a "**Lessee**" and, collectively, the "**Lessees**") collectively own and operate various acute care hospitals (collectively, the "**Hospitals**") and related medical office buildings and other healthcare and ancillary facilities located on the Real Property (each Hospital, together with the related medical office buildings and other healthcare and ancillary facilities related to such Hospital, collectively, a "**Facility**"), all of which are listed on the attached ***EXHIBIT B***;

WHEREAS, subject to the terms and conditions hereinafter set forth, the applicable Lima Parties desire to sell, transfer, convey and assign to the applicable MPT Parties, and the applicable MPT Parties desire to purchase and acquire from the applicable Lima Parties (each, a "**Lima Seller**" and collectively, the "**Lima Sellers**"), all of such Lima Parties' respective rights, title and interest in the Real Property (including leasehold interests pursuant to the Assumed Lima Leases) and certain other Ancillary Assets (as defined herein) as further described herein;

WHEREAS, immediately thereafter, the applicable MPT Parties and the applicable Lessees shall enter into a Master Lease Agreement substantially in the form attached hereto as ***EXHIBIT C*** (the "**Master Lease**"), pursuant to which the applicable MPT Parties shall lease (or sublease, as applicable) the Real Property to the applicable Lessees; and

WHEREAS, in connection with the purchase, sale and lease transactions described above (collectively, the "**Sale/Leaseback Transaction**"), (i) Lima Holdco (the "**Guarantor**"), as direct and indirect owner of the Lima Subsidiaries (and, in the case of the Conemaugh Properties (other than Nason Medical Center), a direct or indirect owner of the applicable LifePoint JV Member), on each of the applicable Closing Dates, will enter into a guaranty agreement in favor of the MPT Parties substantially in the form attached hereto as ***EXHIBIT D*** (the "**Guaranty**"), pursuant to which Guarantor will guaranty the payment and performance of all of the Lima Parties' obligations and liabilities under the Master Lease and any other MPT Obligation Documents (as hereinafter defined), (ii) Lifepoint Health, Inc., a Delaware corporation ("**LifePoint**"), as direct owner of Lima HoldCo, LLC, on each of the applicable Closing Dates, will enter into a guaranty agreement in favor of the MPT Parties substantially in the form attached hereto as ***EXHIBIT E*** (the "**LifePoint Lease Guaranty**"), pursuant to which LifePoint will guaranty the payment and performance of all of the Lima Parties' obligations and liabilities under the Master Lease and any other MPT Obligation Documents (as hereinafter defined), and (ii) the Lima Parties and certain of their Affiliates (as herein defined) will enter into certain other MPT Obligation Documents, in each case as hereinafter described;

WHEREAS, MPT Operating Partnership, L.P., a Delaware limited partnership ("**MPT Op**"), as direct and indirect owner of the MPT Parties, contemporaneously herewith, is entering into a guaranty agreement in favor of the Lima Parties, pursuant to which MPT Op will guaranty the payment and performance of each of the MPT Parties' obligations and liabilities under this Agreement until the applicable closing with respect to each of the MPT Parties (the "**MPT Op APA Guaranty**").

NOW, THEREFORE, in consideration of the promises and mutual agreements contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

ARTICLE I
DEFINED TERMS

Section 1.1 **Certain Defined Terms**. Capitalized terms used herein shall have the respective meanings ascribed to them in the attached ***Annex B***.

Section 1.2 **Interpretation; Terms Generally**. The definitions set forth in Section 1.1 and elsewhere in this Agreement shall apply equally to both the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. Unless otherwise indicated, the words "include", "includes" and "including" shall be deemed to be followed by the phrase "without limitation." The words "herein", "hereof" and "hereunder" and words of similar import shall be deemed to refer to this Agreement (including the Schedules, Annexes, and Exhibits) in its entirety and not to any part hereof, unless the context shall otherwise require. All references herein to parties, Articles, Sections, Schedules, Annexes, and Exhibits shall be deemed to refer to parties, Articles, Sections and Annexes and Schedules of, and Exhibits to, this Agreement, unless the context shall otherwise require. Unless the context shall otherwise require, any references to any agreement or other instrument or statute or regulation are to it as amended and supplemented from time to time (and, in the case of a statute or regulation, to any corresponding provisions of

successor statutes or regulations). Any reference in this Agreement to a "day" or number of "days" that does not refer explicitly to a "Business Day" or "Business Days" shall be interpreted as a reference to a calendar day or number of calendar days. If any action or notice is to be taken or given on or by a particular calendar day, and such calendar day is not a Business Day, then such action or notice shall be deferred until, or may be taken or given on, the next Business Day.

ARTICLE II
PURCHASE AND SALE OF REAL PROPERTY AND ANCILLARY ASSETS

Section 2.1 **Purchase and Sale**. Based upon the representations and warranties of the Lima Parties as set forth herein, and subject to the terms and conditions hereof, on the applicable Closing Date, each Lima Subsidiary listed on the attached ***EXHIBIT B***, in consideration for the payment of the Purchase Price in accordance with Section 3.1, shall grant, sell, assign, transfer, convey and deliver to the applicable MPT Party listed on the attached ***EXHIBIT B***, and the applicable MPT Party shall purchase and acquire from such Lima Party, free and clear of all Encumbrances, other than Permitted Encumbrances, the following assets of the Lima Parties (collectively, the "**MPT Acquired Assets**"):

(a) All Owned Real Property;

(b) All Assumed Lima Leases and all of the Lima Parties' rights, title and interests in and to the Leased Real Property subject thereto, including, without limitation, (i) any leasehold interests of any of the Lima Parties in the Leased Real Property and (ii) any ownership and/or leasehold interests of any of the Lima Parties in the Improvements located on the Leased Real Property;

(c) The MOB Ground Leases and all of the Lima Parties' rights, title and interests thereunder, including, without limitation (i) all rights as a landlord thereunder, and (ii) all reversionary interests contemplated therein; and

(d) All Ancillary Assets.

Section 2.2 **Excluded Assets**. Notwithstanding anything to the contrary contained herein, including Section 2.1 above, each of the Lima Parties, as applicable, shall retain all of its right, title and interest in and to and shall have no obligation to (and shall not be deemed to) sell, assign, convey, transfer, mortgage, pledge, hypothecate or otherwise deliver to any of the MPT Parties any or all of the Lima Parties' respective assets and properties other than the Real Property and the Acquired Assets (collectively, the "**Excluded Assets**"), which Excluded Assets shall include, without limitation the following:

(a) All cash, funds, accounts receivables, securities and investments of any of the Lima Parties;

(b) Any casualty, liability or other insurance policies of any of the Lima Parties with respect to the MPT Acquired Assets (subject from and after the applicable Closing Date, to the assignment to any of the applicable MPT Parties pursuant to the terms and conditions of the Master Lease of the proceeds of such policies in the event of a casualty);

(c) All personal property of any kind or nature, including without limitation, all inventories, supplies, books and records, licenses, permits and approvals (other than as expressly specified in Section 2.1);

(d) All healthcare compliance agreements, personal property leases, and any other assets of any of the Lima Parties (other than as expressly specified in Section 2.1);

(e) Other than the MOB Ground Leases (which are being assumed pursuant to Section 2.1 above), all leases, subleases, and other rental or occupancy agreements, whether written or oral, in effect (either on the date of this Agreement or on the applicable Closing Date), if any, pursuant to which any of the Lima Parties or its Affiliates grant or will grant a possessory interest in and to any portion of or space in the Real Property or that otherwise assign or convey rights with regard to the Real Property, including without limitation: (i) leases of land to third-party developers in connection with development/construction of health care related projects at the Facilities; (ii) medical office leases, parking lot agreements, subleases and occupancy agreements; (iii) leases, subleases and occupancy agreements for other medical uses, services or facilities; and (iv) leases, subleases and occupancy agreements for food services and other ancillary services at the Facilities, including as examples and not as limitations, wireless communication services, gift shops, pharmacies or florist shops (collectively, the "**Tenant Leases**");

(f) Other than the Assumed Lima Leases, all leases, subleases, and other rental or occupancy agreements, whether written or oral, in effect (either on the date of this Agreement or on the applicable Closing Date), if any, pursuant to which any of the Lima Subsidiaries holds a leasehold interest in any real property or improvements (and which are not being purchased or assumed by the MPT Parties pursuant to this Agreement), including without limitation, medical office leases, parking lot agreements, storage space leases, and any other leases, subleases and occupancy agreements relating to any real property or improvements ancillary to the operation of the Business (collectively, the "**Collateral Leases**"); provided, that, certain of the Collateral Leases shall be subject to the Collateral Assignments of Leases as hereinafter described;

(g) All Federal Communications Commission licenses and equipment used in operations thereunder; and

(h) Any assets and properties described on the attached ***Schedule 2.2***.

Section 2.3 Assumed Lima Leases; Assigned MOB Ground Leases; No Other Assumed Liabilities.

(a) Based upon the representations and warranties of the Lima Parties as set forth herein, and subject to the terms and conditions hereof, on the applicable Closing Date, the applicable Lima Parties and MPT Parties shall enter into an Assignment and Assumption of Lease Agreement, pursuant to which such Lima Parties shall assign to the applicable MPT Parties, and the applicable MPT Parties shall assume from the applicable Lima Parties, all of the lease agreements pursuant to which any of the Lima Parties leases, as tenant or lessee, from any third party landlord or lessor any of the Leased Real Property being sold, transferred, conveyed

any assigned as part of such Closing, all of which lease agreements are listed on the attached ***Schedule 2.3(a)*** (collectively, the "**Assumed Lima Leases**"), each of which shall be free and clear of all Encumbrances, other than Permitted Encumbrances, subject to the terms and conditions of this Agreement. ***Schedule 2.3(a)*** sets forth the current expiration date of each of the Assumed Lima Leases. The Parties acknowledge and agree that, pursuant to the Master Lease and notwithstanding any provision to the contrary in any Assignment and Assumption of Lease Agreement, the MPT Parties shall sublease the Leased Real Property to the Lessees, and the Lessees shall therein covenant and be obligated to comply with and perform during the term of the Master Lease all lessee and tenant obligations under the Assumed Lima Leases.

(b) Based upon the representations and warranties of the Lima Parties as set forth herein, and subject to the terms and conditions hereof, on the applicable Closing Date, the applicable Lima Parties and MPT Parties shall enter into an Assignment and Assumption of MOB Ground Lease Agreement, pursuant to which in connection with the sale of the fee simple interest in the applicable Real Property, such Lima Parties shall assign to the applicable MPT Parties, and the applicable MPT Parties shall assume from the applicable Lima Parties, all of the right, title, interest and obligations of the applicable Lima Parties as lessors under the MOB Ground Leases, each of which shall be free and clear of all Encumbrances, other than Permitted Encumbrances, subject to the terms and conditions of this Agreement. ***Schedule 2.3(b)*** sets forth the current expiration date of each of the MOB Ground Leases. The Parties acknowledge and agree that, pursuant to the Master Lease, and notwithstanding any provision to the contrary in any Assignment and Assumption of MOB Ground Lease Agreement, the Lessees shall therein covenant and be obligated to comply with and perform all lessor and landlord obligations under the MOB Ground Leases.

(c) Except as expressly set forth in Section 2.3(a) and Section 2.3(b) of this Agreement, the MPT Parties shall not assume or agree to pay, satisfy, discharge or perform, and shall not be deemed by virtue of the execution and delivery of this Agreement, or any other document delivered pursuant to this Agreement, or as a result of the consummation of the transactions contemplated by this Agreement, or such other document, to have assumed, or to have agreed to pay, satisfy, discharge or perform, and shall not be liable for, any liability, obligation, contract or indebtedness of any of the Lima Parties, their respective Affiliates or any other Person, whether primary or secondary, direct or indirect, including, without limitation, any liability or obligation relating to the ownership, use or operation of any of the MPT Acquired Assets or the Facilities prior to the applicable Closing, any liability or obligation arising out of or related to any breach, default, tort or similar act prior to the applicable Closing committed by any of the Lima Parties or any of their respective Affiliates, or for any failure of the Lima Parties or any of their respective Affiliates to perform any covenant or obligation for or during any period prior to the applicable Closing, and any liability arising out of the ownership and operation of such MPT Acquired Assets and the Facilities by the Lima Parties or any other Person prior to the applicable Closing (collectively, the "**Excluded Liabilities**").

Section 2.4 Damage, Destruction, or Condemnation of MPT Acquired Assets. If, prior to the applicable Closing Date, all or any material portion of the Real Property relating to any Facility is either damaged or destroyed by a fire or other casualty event, or taken by, or made subject to, condemnation, eminent domain or other governmental acquisition proceedings (and "material" in this context shall mean the amount of the damage or the value of the taking (in each

case, as determined by an independent third party contractor or engineer selected by the applicable Lima Parties and reasonably approved by the MPT Parties) or the amount of insurance proceeds or condemnation award shall exceed the sum of twenty-five percent (25%) of the aggregate applicable Individual Purchase Prices for the Real Property comprising the related Facility) (in either case, an "**Impacted Facility**"), the MPT Parties may elect by written notice to the Lima Parties, given not later than ten (10) Business Days prior to the applicable Closing Date (unless the damage or taking occurs less than thirty (30) Business Days prior to the applicable Closing Date, in which event such written notice may be given at any time prior to the applicable Closing Date), either:

(a) to terminate this Agreement with respect to such Impacted Facility (and related MPT Acquired Assets), in which event this Agreement shall remain in full force and effect with respect to the other Real Property and the aggregate Purchase Price shall be reduced by the amount of the Individual Purchase Price (provided, that, in the event that the Impacted Facility is any of the Conemaugh Properties, then the MPT Parties or the Lima Parties, in their sole discretion, may terminate this Agreement with respect to all of the Real Property), or

(b) to close the purchase of the Impacted Facility (and related MPT Acquired Assets) in accordance with this Agreement without any reduction or credit against the allocated Purchase Price, in which event (i) any insurance proceeds or awards related thereto which are received by any of the Lima Parties prior to the applicable Closing shall be utilized by the Lima Parties prior to Closing for the restoration of such Impacted Facility, and (ii) after the applicable Closing, all insurance proceeds and awards (including any such proceeds or awards received by the Lima Parties before the applicable Closing Date but not previously utilized for such restoration) shall be held and applied (and, if required thereunder, assigned to the MPT Parties) pursuant to and in accordance with the Master Lease.

ARTICLE III
PURCHASE PRICE

Section 3.1 **Purchase Price**. The aggregate purchase price (the "**Purchase Price**") for the MPT Acquired Assets shall be Seven Hundred Million Dollars ($700,000,000) (the "**Purchase Price**"), which Purchase Price shall be allocated among the Real Property as described in Section 3.4 hereof. The allocated Purchase Price for the MPT Acquired Assets of each individual Lima Seller shall be referred to herein as the "**Individual Purchase Price**" for the MPT Acquired Assets of such individual Lima Seller.

Section 3.2 **Payment of Purchase Price**. At each Closing, the applicable MPT Parties shall pay to the applicable Lima Sellers the Individual Purchase Price for each of the MPT Acquired Assets being sold, transferred, conveyed and assigned at such Closing.

Section 3.3 **Taxes, Rentals, Utilities**. The parties acknowledge that all utility charges and all real and personal property Taxes related to the Real Property and the other MPT Acquired Assets shall be the responsibility of the Lessees pursuant to the terms of the Master Lease. On the applicable Closing Date, there shall be no apportionment of taxes, rents, utility payments or other similar obligations.

Section 3.4 **Allocation of Purchase Price**. The Parties agree that the Purchase Price shall be allocated entirely to the Real Property as set forth on ***Schedule 3.4*** (the "**Allocation**") for purposes of Section 1060 of the Code and for all federal, state and local income tax purposes. The Parties agree to use, and to not take any position which is inconsistent with, the Allocation in the preparation and filing of any Tax Return, report, or information return or statement related to Taxes (including Form 8594) or accounting methods, unless required to do so by applicable Laws.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES OF LIMA PARTIES

With the understanding that the MPT Parties shall rely hereon, and as a material inducement to the MPT Parties to enter into this Agreement and to consummate the transactions contemplated hereby, the Lima Parties, jointly and severally, hereby represent and warrant to the MPT Parties as of the date hereof and as of the applicable Closing as follows:

Section 4.1 **Organization**. Each Lima Party is a corporation or limited liability company, as the case may be, duly incorporated or organized, validly existing, and in good standing under the laws of the state of its incorporation or organization, and is qualified to do business in every jurisdiction where such qualification is necessary. ***Schedule 4.1*** sets forth the direct and indirect ownership of each Lima Party up through LifePoint (i.e., it does not show the direct and indirect ownership of LifePoint) on the date hereof, and also sets forth the direct and indirect ownership of each Lima Party up through LifePoint upon the consummation of the LifePoint Upper Tier Restructuring Transaction, which, the Parties agree, may occur prior to or after the Closing Date(s). Except as set forth on ***Schedule 4.1***, no other Person owns (or, after consummation of the LifePoint Upper Tier Restructuring Transaction, will own), and, except in connection with the LifePoint Upper Tier Restructuring Transaction, no Lima Party has offered to any Person, any equity interest in any of the Lima Parties or any option, warrant or other right to acquire the same. MPT Parties acknowledge and agree that prior to the consummation of the LifePoint Upper Tier Restructuring Transaction, LifePoint may make changes to the organizational chart that shows the ownership after the consummation of the LifePoint Upper Tier Restructuring Transaction, either to remove holding companies between Lima HoldCo and the Lima Subsidiaries or to include additional wholly-owned holding companies between Lima HoldCo and the Lima Subsidiaries, and the MPT Parties agree that any such changes shall not be deemed to violate this representation, if (i) such changes would not otherwise be in violation of Section 16.1(e) or Section 16.1(l) of the Master Lease if it were in effect and applicable to LifePoint, Lima HoldCo, and the Lima Subsidiaries as of the date thereof, and (ii) the Lima Parties promptly update ***Schedule 4.1*** accordingly.

Section 4.2 **Authorization and Enforceability**.

(a) Each Lima Party has the requisite corporate or limited liability company power and authority to conduct its business as it is now being conducted and as proposed to be conducted. Each applicable Lima Party has the requisite corporate or limited liability company power and authority to execute, deliver and carry out the terms of this Agreement, the other MPT Obligation Documents to which it is or will become a party and all documents and agreements

necessary to give effect to the provisions hereof and thereof and to consummate the transactions contemplated hereby and thereby.

(b) All actions required to be taken by each applicable Lima Party to authorize the execution, delivery and performance of this Agreement and the other MPT Obligation Documents, and all transactions contemplated hereby and thereby, in each case have been or will be when delivered duly and properly taken or obtained in accordance and in compliance with such applicable Lima Party's Constituent Documents. The Lima Parties have delivered to the MPT Parties true and correct copies of each Lima Party's Constituent Documents. No other action on the part of any applicable Lima Party, or its directors, managers or Equity Constituents (as applicable) is necessary to authorize the execution, delivery and performance of this Agreement, the other MPT Obligation Documents, or any transactions contemplated hereby and thereby.

(c) This Agreement, all other MPT Obligation Documents, and all other documents, agreements and instruments to which any applicable Lima Party is or will become a party hereunder or thereunder, are or will constitute when delivered the valid and legally binding obligations of such Lima Party, enforceable against such Lima Party in accordance with the respective terms hereof or thereof, except as enforceability may be restricted, limited or delayed by applicable bankruptcy, insolvency or other similar laws affecting creditors' rights generally and except as enforceability may be subject to and limited by general principles of equity (regardless of whether considered in a proceeding in equity or at law).

Section 4.3 **Absence of Conflicts**. Each applicable Lima Party's execution, delivery and performance of this Agreement and the other MPT Obligation Documents to which such Lima Party will become a party, and the consummation of the transactions contemplated hereby and thereby (including, without limitation, the LifePoint Upper Tier Restructuring Transaction and related LifePoint Upper Tier Distributions) will not, with or without the giving of notice and/or the passage of time, but subject to receipt of the consents and approvals set forth on ***Schedule 4.4*** hereto:

(a) violate or conflict with any provision of such Lima Party's Constituent Documents

(b) violate or conflict with any provision of any Law (including, without limitation, all applicable Laws regarding the paying, making, or declaring dividends or distributions to be made by the Lima Parties or any other Person in connection with the transactions contemplated hereby and thereby) to which such Lima Party or any of its Equity Constituents is subject;

(c) violate or conflict with any judgment, order, writ or decree of any court applicable to such Lima Party;

(d) result in or cause the creation of an Encumbrance (other than a Permitted Encumbrance) on any portion of the Real Property or any of the other MPT Acquired Assets; or

(e) result in the breach or termination of any provision of, or create rights of acceleration or constitute a default under, the terms of any material indenture, mortgage, deed of

trust, contract, agreement or other instrument of such Lima Party, other than pursuant to the MPT Obligation Documents (it being agreed that, for the purposes of this clause (e), a "material" agreement shall be deemed to mean any agreement requiring the payment of $1,000,000 or more per year).

Section 4.4 Consents and Approvals. Except as set forth in the attached ***Schedule 4.4***, no permit, consent, authorization, approval, registration, declaration or filing with any Governmental Authority or other Person is required to be made or obtained by or with respect to any applicable Lima Party in connection with the execution, delivery and performance of this Agreement, the MPT Obligation Documents, or the consummation of the transactions contemplated hereby or thereby with respect to which the failure to obtain such permit, consent or approval would result in a Material Adverse Effect.

Section 4.5 Real Property.

(a) The attached ***EXHIBIT A-1*** of this Agreement sets forth the addresses and legal descriptions for all Owned Real Property (but excluding any Excluded Assets); provided, that, with respect to the Conemaugh Properties, the attached ***EXHIBIT A-1*** sets forth only the addresses for such Conemaugh Properties. The applicable Lima Subsidiary specified in such Exhibit is the sole owner of the Owned Real Property, and such Lima Subsidiary has and, at the applicable Closing, will convey to the applicable MPT Party specified in such Exhibit fee simple title to such Owned Real Property related to the MPT Acquired Assets to be transferred at such Closing, free and clear of all Encumbrances other than the Permitted Encumbrances. The attached ***EXHIBIT A-2*** of this Agreement sets forth the addresses and legal descriptions for all Leased Real Property (but excluding any Excluded Assets and any real property subject to the Collateral Leases). The applicable Lima Subsidiary specified in such Exhibit is the sole lessee of such Leased Real Property, and such Lima Subsidiary has and, at Closing, will convey to the applicable MPT Party specified in such Exhibit a valid leasehold title to such Leased Real Property, free and clear of all Encumbrances other than the Permitted Encumbrances.

(b) Except as may be set forth in the Tenant Leases listed on the attached ***Schedule 4.5(b)***, there are no rights of first refusal, rights of first offer, options to purchase or lease, restriction to sale or transfer, or any similar rights or options to purchase or transfer any Facility or material portion of, or material rights in, any of the Real Property (collectively, the "**ROFR Purchase Rights**").

(c) ***Schedule 4.5(c)(i)*** of this Agreement lists all Tenant Leases and, except as set forth in the Tenant Leases, the applicable Lima Party has the right to assign certain rights under the Tenant Leases to the applicable MPT Parties pursuant to and as described in the Assignments of Rents and Leases, free and clear of all Encumbrances other than the Permitted Encumbrances. ***Schedule 4.5(c)(ii)*** of this Agreement lists all Collateral Leases and, except as set forth in ***Schedule 4.5(c)(ii)***, the applicable Lima Party has the right to collaterally assign the Collateral Leases to the applicable MPT Parties pursuant to the Collateral Assignments. The Lima Parties have delivered to the MPT Parties true, correct, and complete copies of all Tenant Leases and Collateral Leases (including all amendments, renewals, and extensions thereof).

(d) To the Knowledge of the Lima Parties, except as otherwise set forth on ***Schedule 4.5(d)(i)*** of this Agreement: (i) the lessors named in the respective Assumed Lima Leases and Collateral Leases are the fee owners of the real property and improvements leased thereunder, (ii) none of the Tenant Leases is subject to any option to renew, options to purchase, rights of first refusal, rights of first offer, restrictions to sale or transfer, or any similar rights except as set forth in the Tenant Leases, (iii) no tenant is entitled to any rebate, concession or free rent under any Tenant Lease or otherwise, (iv) no commitments have been made by any of the Lima Parties to any third party tenant for material repairs or improvements other than for normal repairs and maintenance in the future except as set forth in the Tenant Leases, and (v) no rents due under any Tenant Leases have been assigned or hypothecated to, or encumbered by, any Lima Party, as landlord. All of the Tenant Leases, Assumed Lima Leases, and Collateral Leases are in full force and effect and enforceable against the applicable Lima Parties and, to the Knowledge of the Lima Parties, the other parties thereto, in accordance with their terms, subject to bankruptcy, insolvency, reorganization, moratorium and similar Laws of general application relating to or affecting creditors' rights and to general principles of equity. Except as otherwise set forth on ***Schedule 4.5(d)(ii)***, there is no material default by any of the Lima Parties (or to the Knowledge of the Lima Parties, any other party) under any Tenant Lease, Assumed Lima Lease, or Collateral Lease and, to the Knowledge of the Lima Parties, no event has occurred which, whether with or without notice, lapse of time or both, would constitute a material default thereunder. No lessee party to any Tenant Lease, Assumed Lima Lease, or Collateral Lease is in a holdover status beyond the stated duration of the applicable term thereof. To the Knowledge of the Lima Parties, none of the Leased Real Property is subject to any Encumbrance (other than Permitted Encumbrances) which might reasonably be expected to materially impair the present and continued use thereof as contemplated in the applicable Assumed Lima Lease.

(e) There are no pending, or to the Knowledge of the Lima Parties, threatened Proceedings or actions to revoke, invalidate, rescind, or modify: (i) the zoning of the Facilities or any part thereof, or (ii) any building or other permits heretofore issued with respect to the Facilities or any part thereof, or asserting that any such zoning or permits do not permit the operation of the Hospitals or any part thereof, or that any Improvement located on the Real Property cannot be operated in accordance with its current use or is in violation of applicable use requirements.

(f) There is no pending or, to the Knowledge of the Lima Parties, threatened Public Taking (as defined below) affecting the Real Property or any portion thereof; or pending public improvements in, about or outside any of the Real Property which will in any manner materially and adversely affect access to or use of the Real Property or any part thereof, nor, to the Knowledge of the Lima Parties, any other threatened action, suit, Proceeding, or any special, general or other assessments, against or materially and adversely affecting the Real Property or any portion thereof, or relating to or arising out of the ownership, operation, management, use or maintenance of the Real Property or any portion thereof. As used herein, "**Public Taking**" shall mean any portion of the Land is subject to condemnation, requisition or other taking by any public authority.

(g) ***Schedule 4.5(g)*** of this Agreement: (i) describes all development and construction work, if any, which any of the Lima Parties has contracted for and which is presently in progress for any portion of the Real Property and is anticipated to cost in excess of

$7,500,000 (the "**Construction Projects**"); (ii) lists the general contractor agreements and architect agreements to which any of the Lima Parties or their Affiliates is a party with respect to any Construction Projects (together with any related warranties related to the Construction Projects, the "**Construction Documents**"); and (iii) sets forth the estimated maximum projected total development costs, including all hard and soft costs, relating to the completion of each Construction Projects (the "**Total Development Costs**"); and (iv) lists all other planned and approved facility and/or property improvements or capital projects (through December 31, 2023) that are anticipated to cost in excess of $15,000,000.

(h) Except as set forth on ***Schedule 4.5(h)*** of this Agreement, none of the Lima Parties has received any written notice of material noncompliance with (i) any material applicable Law, statutes, restrictions, regulations, ordinances, order or, injunction applicable thereto, including, but not limited to, the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 with respect to the Real Property, or (ii) any restrictive covenant, deed restriction or ordinance (recorded or otherwise) adversely affecting the Real Property, including, without limitation, any applicable zoning, or building code, flood disaster law or health and environmental law or regulation or parking ordinances related to the Real Property.

(i) ***Schedule 4.5(i)*** of this Agreement list all Management Agreements to which any of the Lima Parties are parties with respect to the Hospitals or Facilities. MPT Parties acknowledge and agree that any Lima Parties may enter into Management Agreements and the MPT Parties agree that the same shall not be deemed to violate this representation, if (i) such Management Agreement would be with a "Qualified Manager" as defined in the Master Lease if it were in effect and applicable to the Lima Parties as of the date thereof, and (ii) the Lima Parties promptly update ***Schedule 4.5(i)*** accordingly.

(j) To the Knowledge of the Lima Parties, (i) the existing water, sewer, gas and electricity lines, storm sewer and other utility systems are adequate to serve the utility needs of the Real Property as currently used, (ii) all of said utilities are installed and operating, and (iii) all installation and connection charges have been paid in full.

(k) There is no action, claim, suit, audit, Proceedings or investigation pending or, to the Knowledge of the Lima Parties, threatened in writing, against or affecting all or any portion of the Real Property, that, if determined adversely to the applicable Lima Party, could have an adverse impact on the marketability of the applicable Real Property or the ability of such Lima Party to conduct its business in the manner conducted on the date hereof.

(l) Except as set forth in ***Schedule 4.5(l)***, the Lima Parties have not received written notice from any Governmental Authority or other Person asserting any facts or conditions which would result in the termination of the current access from the Real Property to any presently existing public highways and/or roads adjoining or situated on the Real Property or to sewer of other utility services to serve the Real Property.

(m) Except as otherwise disclosed in any zoning letters or reports obtained by the MPT Parties, to the Knowledge of the Lima Parties, the applicable Lima Seller owns or holds rights with respect to, parking for the Real Property and each Facility sufficient to satisfy in all material respects all applicable Laws, codes, requirements, rules and regulations, and, to the

Knowledge of the Lima Parties, such parking is adequate for the current uses of the Real Property.

Section 4.6 **Environmental Conditions**. Except as set forth on ***Schedule 4.6*** of this Agreement:

(a) The Lima Parties are and have been at all times during their respective ownership, use and operation of the Business, the Facilities and the Real Property, in compliance in all material respects with applicable Environmental Laws, except for any noncompliance that has been resolved without any further obligation for the Lima Parties and is not reasonably likely to reoccur.

(b) None of the Lima Parties nor any of their Affiliates nor, to the Knowledge of the Lima Parties, any other Person has stored or used any Hazardous Substances on any of the Real Property, except as necessary to the conduct of the Business, and then in material compliance with applicable Environmental Laws, except for any noncompliance that has been resolved without any further obligation for the Lima Parties and is not reasonably likely to reoccur.

(c) None of the Lima Parties nor any of their Affiliates nor, to the Knowledge of the Lima Parties, any other Person has disposed of, released or permitted the release of any Hazardous Substances on any of the Real Property, except in material compliance with applicable Environmental Laws or has been remedied without any further obligation for the Lima Parties and is not reasonably likely to reoccur.

(d) None of the Lima Parties has received any unresolved written communication from a Governmental Authority or any other Person that alleges that any of the Lima Parties is not in compliance with Environmental Laws or is otherwise subject to liability relating to Environmental Laws.

(e) None of the Lima Parties has been notified in writing that it is a potentially responsible party under any Environmental Laws with respect to any off-site location where any of the Lima Parties, with respect to the Business, has stored, disposed or arranged for the disposal of Hazardous Substances.

(f) None of the Lima Parties has assumed or undertaken or otherwise become subject to any liability or corrective, investigatory or remedial obligation of any other person relating to any Environmental Law.

(g) There are no Environmental Claims pending or, to the Knowledge of the Lima Parties, threatened against any of the Lima Parties.

(h) To the Knowledge of the Lima Parties, there are no underground storage tanks on the Real Property or any other property owned, leased or operated by any of the Lima Parties or with respect to any of the Facilities.

Section 4.7 **Litigation**. Except as set forth on ***Schedule 4.7***, there are no actions, claims, suits, audits, Proceedings or investigations pending or, to the Knowledge of the Lima

Parties, threatened against or affecting any Lima Party that has or would reasonably be expected to have a material and adverse effect on such Lima Party's ability to perform its obligations under this Agreement, the other MPT Obligation Documents, or any aspect of the transactions contemplated hereby or thereby.

Section 4.8 Healthcare Matters; Reimbursement; Accreditation.

(a) ***Schedule 4.8(a)*** contains a complete and accurate list, as of the date hereof, of all material Healthcare Licenses and, except as set forth in ***Schedule 4.8(a)***, the Lima Parties and/or the Facilities, as applicable, possess all material Healthcare Licenses, and such material Healthcare Licenses are in full force and effect.

(b) Except as set forth on ***Schedule 4.8(b)***, (i) the Lima Parties are in compliance, in all material respects, with the requirements of all material Healthcare Licenses, (ii) no suspension or cancellation of any such material Healthcare Licenses is pending or, to the Knowledge of the Lima Parties, threatened, and (iii) none of the Lima Parties have received any written notice from any Governmental Authority with respect to, as applicable, the threatened or pending denial, revocation, termination, or suspension of any of the material Healthcare Licenses.

Section 4.9 Compliance with Laws. Except as set forth on ***Schedule 4.9***: (i) each of the Lima Parties possess all material Licenses required under applicable Laws to own, lease and operate its properties and assets and to carry on its business as currently operated, (ii) there are no actions, claims, suits, audits, Proceedings or investigations pending or, to the Knowledge of the Lima Parties, threatened regarding the revocation, suspension, cancellation, withdrawing, material modification or limitation of any such material License or a declaration of any such material License as invalid. Except as set forth on ***Schedule 4.9***, each material License is in full force and effect, and each of the Lima Parties is in compliance in all material respects with each such material License (and its obligations with respect to such License) and with all Laws applicable to it or by or to which any of its properties or assets is bound or subject and none of the Lima Parties has received any written notice from any Governmental Authority alleging material non-compliance.

Section 4.10 [Intentionally Omitted]

Section 4.11 Taxes. Except as set forth on ***Schedule 4.11*** of this Agreement:

(a) Each of the Lima Parties has (i) filed or caused to be filed with the appropriate Governmental Authorities all income and other material Tax Returns required to be filed by it and (ii) paid all Taxes due and payable by it to the appropriate Governmental Authority, except to the extent such amounts are being contested in good faith and for which appropriate reserves have been established in accordance with sound and commercially reasonable accounting principles consistently applied by the Lima Parties. All such Tax Returns were correct and complete in all material respects solely in relation to the ultimate Tax liability calculated and reflected on such Tax Returns.

(b) There are no outstanding waivers or agreements regarding the application of the statute of limitations with respect to any material Taxes or material Tax Returns of any of the Lima Parties (other than pursuant to an extension of time to file).

(c) No unresolved federal, state, local or foreign audits or other administrative Proceedings have been formally commenced or are pending with regard to any Taxes or Tax Returns of any of the Lima Parties for which any of the Lima Parties has not made adequate provisions (in accordance with sound and commercially reasonable accounting principles consistently applied by the Lima Parties), and no written or, to the Knowledge of the Lima Parties, any other notification has been received by any of the Lima Parties that such an audit or other Proceeding has been proposed or, to the Knowledge of the Lima Parties, threatened.

(d) No unresolved written claim has been made by a Governmental Authority with respect to Taxes in a jurisdiction where any of the Lima Parties does not file Tax Returns that any of the Lima Parties is or may be subject to taxation by or required to file Tax Returns in that jurisdiction.

(e) There are no Encumbrances for Taxes (other than Permitted Encumbrances) upon any of the Real Property or the other MPT Acquired Assets.

(f) None of the Lima Parties are parties to any Tax abatement agreements relating to any of its properties or assets.

Section 4.12 Employee Benefit Plans/ERISA.

(a) ***Schedule 4.12(a)*** of this Agreement sets forth all "**Benefit Plans**".

(b) Except as disclosed in ***Schedule 4.12(b)***, all amounts that are required under the terms of any Collective Bargaining Agreement or participation agreement to be paid as contributions to a Multiemployer Plan, if any, on or prior to the applicable Closing Date have been paid. The funded status of each Benefit Plan subject to Accounting Standards Codification 715 is disclosed on ***Schedule 4.12(b)*** in a manner consistent with the Accounting Standards Codification 715. None of the transactions contemplated in this Agreement will subject any of the Lima Parties or any ERISA Affiliate to any withdrawal liability under Part 1 of Subtitle E of Title IV of ERISA as a "complete withdrawal" (as defined in ERISA Section 4203) or a "partial withdrawal" (as defined in ERISA Section 4205) from any Multiemployer Plan.

(c) Except as set forth on ***Schedule 4.12(c)***, the Benefit Plans have been administered in material compliance with the applicable provisions of ERISA, the Code, and all other applicable laws and regulations respecting such Benefit Plans. None of the Lima Parties or any ERISA Affiliate has any liability for (i) any lien imposed under Section 303(k) of ERISA or Section 430(k) of the Code, or (ii) for any interest payments required under Section 303(j) of ERISA or Section 430(j) of the Code.

(d) Except as set forth on ***Schedule 4.12(d)***, neither the execution and delivery of this Agreement or the other MPT Obligation Documents, nor the consummation of the transactions contemplated hereby and thereby, will (i) result in any "parachute payment" as defined in Section 280G of the Code, (ii) result any "change in control" or other payment under

any Benefit Plan or employment agreement or non-qualified deferred compensation plan or agreement, (iii) entitle any current or former director, officer, employee or consultant of any of the Lima Parties or any ERISA Affiliate to severance pay, termination pay, unemployment compensation or any other payment or benefit under any Benefit Plan, (iv) accelerate the time of payment or vesting of benefits, or increase the amount of compensation, due to any such director, officer, employee or consultant under any Benefit Plan, (v) trigger any funding obligation under any Benefit Plan, or (vi) impose any restrictions or limitations on the sponsoring employer's rights to administer, amend or terminate any Benefit Plan.

(e) Except as set forth on ***Schedule 4.12(e)***, no actions, suits, or claims (other than routine claims for benefits in the ordinary course of business) are pending or, to the Knowledge of the Lima Parties, threatened with respect to any Benefit Plan, and no audit or investigation, other than routine or random audits, by the Internal Revenue Service, the Department of Labor, or other Governmental Authority is pending with respect to any Benefit Plan, or, to the Knowledge of the Lima Parties, threatened, with respect to any Benefit Plan.

(f) No "reportable event" within the meaning of Section 4043 of ERISA has occurred with respect to any Benefit Plan in the prior three (3) years and with respect to the present Transactions, to the extent any portion of such Transaction is a reportable event, with respect to which the reporting requirement has not been waived, the Lima Parties have timely provided to the PBGC the required notice of such reportable event and the time period in which the PBGC has to comment or respond has expired with no response or comment from the PBGC.

(g) The Lima Parties have complied in all material respects with all applicable requirements of the Patient Protection and Affordable Care Act of 2010, as amended ("ACA"), including the shared responsibility provisions thereunder, such that no Lima Party could be subject to any liability under the ACA, including any penalty under Code Section 4980H.

Section 4.13 Labor Matters.

(a) Except as set forth on ***Schedule 4.13(a)***, none of the Lima Parties is a party to any Collective Bargaining Agreement.

(b) Except as set forth on ***Schedule 4.13(b)***: (i) no grievance, unfair labor practice charge, or arbitration proceeding arising out of or under any Collective Bargaining Agreement, which could reasonably be anticipated to result in liability in excess of One Million and No/100 Dollars ($1,000,000, is pending or, to the Knowledge of the Lima Parties, threatened, and (ii) since January 1, 2016, there has not been, nor is there, any pending or, to the Knowledge of the Lima Parties, any threatened (A) material labor dispute between any of the Lima Parties and any labor organization, or any material strike, work slowdown, work stoppage or other similar organized labor activity involving any employee of any of the Lima Parties, which could reasonably be anticipated to result in liability in excess of One Million and No/100 Dollars ($1,000,000) or (B) union organizing, or union election activity involving any employee of any of the Lima Parties with respect to their employment by any of the Lima Parties which could reasonably be anticipated to result in liability in excess of One Million and No/100 Dollars ($1,000,000).

(c) Each of the Lima Parties is, and has been since January 1, 2016, in compliance in all material respects with all Laws regarding labor, employment and employment practices, and conditions of employment, including occupational safety and health, immigration, discrimination, harassment, wrongful termination, misclassification of employees and independent contractors, and wages and hours, including any bargaining or other obligations under the National Labor Relations Act. Except as set forth on ***Schedule 4.13(c)***, there are no complaints, actions, suits, audits, Proceedings, investigations, or other litigation pending or, to the Knowledge of the Lima Parties, threatened against any of the Lima Parties or any of their respective Subsidiaries in connection with the employment of any current or former employee or temporary employee or current or former independent contractor that would reasonably be expected to result in material liability to, or have a material impact on, the Lima Parties, taken as a whole.

(d) Each of the Lima Parties has been since the January 1, 2016, and is, in material compliance with WARN and similar state Laws and has no material liabilities or obligations pursuant thereto. None of the Lima Parties has implemented a "mass layoff" or "plant closing" (as defined in WARN) within the last twelve months preceding the date hereof.

(e) Each of the Lima Parties has been, and is, in compliance and has not violated, the terms of the Immigration Reform and Control Act of 1988, as amended, and all related regulations promulgated thereunder and any other immigration laws, except, in each case, as would not reasonably be expected to result in any material liability or obligation for any of the Lima Parties. Since January 1, 2016, none of the Lima Parties has been warned, fined, or otherwise penalized by any Governmental Authority by reason of its failure to materially comply immigration laws.

Section 4.14 Solvency.

(a) Each of the Lima Parties is now Solvent and, immediately after giving effect to the transactions contemplated in this Agreement (including, without limitation, the LifePoint Upper Tier Restructuring Transaction and related LifePoint Upper Tier Distributions), each of the Lima Parties will be Solvent.

(b) No transfer of property is being made and no obligation is being incurred in connection with the transactions contemplated in this Agreement with the intent to hinder, delay, or defraud either present or future creditors of any of the Lima Parties.

(c) Any and all actions taken, or to be taken, by the Lima Parties in connection with the LifePoint Upper Tier Restructuring Transaction (and related LifePoint Upper Tier Distributions): (i) will be, properly authorized and approved in accordance with the applicable Constituent Documents of each of them prior to undertaking such LifePoint Upper Tier Restructuring Transaction (and related LifePoint Upper Tier Distributions), and (B) after giving effect to the transactions contemplated in this Agreement (including, without limitation, the LifePoint Upper Tier Restructuring Transaction (and related LifePoint Upper Tier Distributions)), will comply with all applicable Laws (including, without limitation, all applicable Laws regarding the paying, making, or declaring dividends or distributions).

(d) None of the Lima Parties are involved in any proceeding by or against it as a debtor before any Governmental Authority under Title 11 of the United States Bankruptcy Code or any other insolvency or debtors' relief act, whether state, federal or foreign, or for the appointment of a trustee, receiver, liquidator, assignee, sequestrator or other similar official for any part of any of the property or assets of any of the Lima Parties.

Section 4.15 Brokers. No broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission from any of the MPT Parties or their Affiliates in connection with the transactions contemplated in this Agreement based upon arrangements made by or on behalf of any of any of the Lima Parties or any of their respective Affiliates.

Section 4.16 Patriot Act Compliance.

(a) The Lima Parties have complied in all material respects with the International Money Laundering Abatement and Anti-Terrorist Financing Act of 2001, which comprises Title III of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the "**Patriot Act**") and the regulations promulgated thereunder, and the rules and regulations administered by the U.S. Treasury Department's Office of Foreign Assets Control ("**OFAC**"), to the extent the same are applicable to any Lima Party.

(b) No Lima Party is included on the List of Specially Designated Nationals and Blocked Persons maintained by the OFAC, or is a resident in, or organized or chartered under the laws of, (i) a jurisdiction that has been designated by the U.S. Secretary of the Treasury under Section 311 or 312 of the Patriot Act as warranting special measures due to money laundering concerns or (ii) any foreign country that has been designated as non-cooperative with international anti-money laundering principles or procedures by an intergovernmental group or organization, such as the Financial Action Task Force on Money Laundering, of which the United States is a member and with which designation the United States representative to the group or organization continues to concur.

Section 4.17 No Misrepresentation, Default or Waiver. All of the representations and warranties of the Lima Parties or their respective Affiliates in this Agreement and the other MPT Obligation Documents, and the statements made in or information contained on any schedules or certificates furnished by any of the Lima Parties or their respective Affiliates in connection herewith and therewith, do not contain as of the date hereof any untrue statement of a material fact.

ARTICLE V
REPRESENTATIONS AND WARRANTIES BY MPT PARTIES

With the understanding that the Lima Parties shall rely hereon, and as a material inducement to the Lima Parties to enter into this Agreement and to consummate the transactions contemplated hereby, the MPT Parties, jointly and severally, hereby represent and warrant to the Lima Parties as of the date hereof and as of the applicable Closing as follows:

Section 5.1 **Organization**. Each of the MPT Parties is a limited liability company organized, validly existing and in good standing under the laws of the State of Delaware and is qualified to do business in every jurisdiction where such qualification is necessary.

Section 5.2 **Authorization; Enforcement, Absence of Conflicts**.

(a) Each MPT Party has the requisite corporate or limited liability company power and authority to conduct its business as it is now being conducted and as proposed to be conducted. Each applicable MPT Party has the requisite corporate or limited liability company power and authority to execute, deliver and carry out the terms of this Agreement, the other MPT Obligation Documents to which it is or will become a party and all documents and agreements necessary to give effect to the provisions hereof and thereof and to consummate the transactions contemplated hereby and thereby.

(b) All actions required to be taken by each applicable MPT Party to authorize the execution, delivery and performance of this Agreement and the other MPT Obligation Documents, and all transactions contemplated hereby and thereby, in each case have been or will be when delivered duly and properly taken or obtained in accordance and in compliance with such applicable MPT Party's Constituent Documents. No other action on the part of any applicable MPT Party, or its directors, managers or Equity Constituents (as applicable) is necessary to authorize the execution, delivery and performance of this Agreement, the other MPT Obligation Documents, or any transactions contemplated hereby and thereby.

(c) This Agreement, all other MPT Obligation Documents, and all other documents, agreements and instruments to which any applicable MPT Party is or will become a party hereunder or thereunder, are or will constitute when delivered the valid and legally binding obligations of such MPT Party, enforceable against such MPT Party in accordance with the respective terms hereof or thereof, except as enforceability may be restricted, limited or delayed by applicable bankruptcy, insolvency or other similar laws affecting creditors' rights generally and except as enforceability may be subject to and limited by general principles of equity (regardless of whether considered in a proceeding in equity or at law).

Section 5.3 **Litigation**. There are no actions, claims suits, audits, Proceedings or investigations pending or, to the Knowledge of the MPT Parties, threatened against or affecting any MPT Party that has or would reasonably be expected to have a material and adverse effect on any MPT Party or on the ability to perform its obligations under this Agreement or any aspect of the transactions contemplated hereby.

Section 5.4 **Financing**. Each of the MPT Parties affirms that it is not a condition to any Closing or to any of its other obligations under this Agreement or the other MPT Obligation Documents that the MPT Parties or their Affiliates obtain financing for or related to any of the transactions contemplated hereby or thereby. The MPT Parties have access to sufficient funds to fulfill their respective obligations under this Agreement.

Section 5.5 **Brokers**. No broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission from any of the Lima Parties or their Affiliates in

connection with the transactions contemplated in this Agreement based upon arrangements made by or on behalf of any of any of the MPT Parties or any of their respective Affiliates.

ARTICLE VI
PRE-CLOSING COVENANTS

From and after the execution and delivery of this Agreement to and including the applicable Closing Date with respect to a particular Facility, the applicable party shall observe the following covenants with respect to all Facilities which have not yet been sold, transferred, conveyed or assigned pursuant to this Agreement:

Section 6.1 **Conduct of Business Prior to Closing**. Except as expressly provided or permitted hereunder, from the date of this Agreement until the applicable Closing, each of the applicable Lima Parties will use commercially reasonable efforts to conduct its business in the ordinary course of business consistent in all material respects with prior practices (it being understood that a reasonable good faith action taken solely to address an extraordinary or unusual event occurring after the date of this Agreement and outside of the ordinary course of business shall not be deemed a breach of this clause), except (a) if the MPT Parties shall have consented in writing (which consent will not be unreasonably withheld, conditioned or delayed), and (b) as otherwise contemplated or permitted by this Agreement; *provided*, *that*, notwithstanding the foregoing, (i) the Lima Parties and their Affiliates may use all available cash in any manner the Lima Parties determine, including to repay any mortgage indebtedness or to make cash distributions or pay bonuses or dividends on or prior to the applicable Closing, and (ii) no action by the Lima Parties or their Affiliates with respect to matters specifically addressed by any other provision of this Agreement shall be deemed a breach of this Section, unless such action would constitute a breach of one or more of such other provisions *provided, further, that* any actions taken by the Lima Parties in connection with the LifePoint Upper Tier Restructuring Transaction after the date hereof shall not be deemed a violation of this Section, if such actions would not otherwise violate the terms of the Master Lease to be executed and delivered at Closing if it were then in effect.

Section 6.2 **Access to Information**. Subject to the terms of the Confidentiality Agreement, the MPT Parties and their Representatives (including their designated engineer, architects, surveyors and/or consultants) may, upon reasonable notice and during times mutually convenient to the MPT Parties and senior management of the Lima Parties enter into and upon all or any portion of the Real Property in order to investigate and assess, as the MPT Parties deem necessary or appropriate in their reasonable discretion, the condition (including the structural and environmental condition) of the assets and properties of any of the Lima Parties, including such access as may be necessary to obtain the Title Commitments and any surveys or other necessary third party reports with respect to the MPT Acquired Assets; *provided, however*, that the MPT Parties shall indemnify, defend and hold harmless the Lima Parties from and against any and all loss, cost, expense and/or liability of any kind or nature incurred by the Lima Parties as the result of any such investigation and/or assessment and provided further that, in no event shall the MPT Parties and/or their Representatives undertake any intrusive testing of any kind without the prior written consent of the Lima Parties, which consent shall not be unreasonably, withheld, conditioned or delayed. Each of the Lima Parties shall reasonably cooperate with the MPT Parties and their Representatives in conducting such investigations, and shall allow the MPT

Parties and their Representatives reasonable access to the Real Property, the Facilities and the other assets and properties of the Lima Parties, together with permission to conduct such investigations, and shall provide to the MPT Parties and their Representatives all reasonably necessary information maintained by any of the Lima Parties in connection with the assets and properties of the Lima Parties.

Section 6.3 **No Shop.** None of the Lima Parties, nor any investment banker, attorney, accountant, representative or other person retained by or on behalf of any of the Lima Parties, shall directly or indirectly, initiate contact with, respond to, solicit or encourage any inquiries, proposals or offers by, or participate in any discussions or negotiations with, enter into any agreement with, disclose any information concerning the Lima Parties, the Real Property or the other MPT Acquired Assets, or the transactions contemplated herein to, afford any access to the properties, books or records of any Lima Party to, or otherwise assist, facilitate or encourage, any person, in each case, in connection with any possible proposal regarding a sale, lease, transfer, disposition or other similar transaction related to all or any portion of the Real Property or the other MPT Acquired Assets other than as contemplated in this Agreement. Nothing in this Agreement will be construed to prevent LifePoint or any of the Lima Parties from engaging in discussions to sell Lima HoldCo, any of Lima HoldCo's Subsidiaries or any of their respective assets in a transaction in which, upon completion of the sale transaction, the Real Property would remain subject to the Master Lease and no violation would occur under Section 16.1(e) or Section 16.1(l) of the Master Lease if it were in effect. The Lima Parties shall notify the MPT Parties immediately if any such discussions or negotiations are sought to be initiated, any inquiry or proposal is made, or any such information is requested. The restrictions contained herein shall not apply to disclosures, contact and/or discussions with the MPT Parties and their respective Affiliates or with existing lenders, new or prospective lenders to LifePoint or other direct and indirect Equity Constituents of the Lima Parties, or to disclosures, contact and/or discussions, in each case necessary to effect or otherwise consummate the transactions contemplated under this Agreement.

Section 6.4 **Schedule Updates.** From the date hereof until the applicable Closing Date, the Lima Parties shall promptly upon becoming aware advise the MPT Parties in writing of any additions or changes to any Schedule to this Agreement to reflect any deficiencies or inaccuracies in such Schedule or to reflect circumstances or matters which occur after the date of this Agreement which, if existing prior to such date, would have been required to be described on such Schedule. In the event that such supplemental disclosures reflect facts, circumstances or a state of affairs (when taken with all other facts, circumstances or the overall state of affairs) having, individually or in the aggregate, a Material Adverse Effect not disclosed in the original Schedules, or if not taken into account with respect to Article V, a material adverse effect on the MPT Parties' ability to consummate the transactions herein contemplated, as applicable, then the condition provided for in Section 7.1(a) or Section 7.2(a), as the case may be, shall be deemed not to have been satisfied. In the event that any of the Lima Parties or the MPT Parties determine that the condition provided for in Section 7.1(a) or Section 7.2(a), as the case may be, has not been or is likely not to be satisfied as a result of supplements or additions made to the original Schedules to this Agreement pursuant to this Section 6.4, such Party shall provide notice to the other Parties as soon as reasonably practicable to afford such other Parties the opportunity to attempt to cure the matter or circumstance rendering such condition unsatisfied.

Section 6.5 **Tenant Estoppels and Collateral Assignments of Leases**. The Lima Parties shall use their commercially reasonable efforts to obtain and provide to the MPT Parties: (a) all Tenant Estoppels described on the attached ***Schedule 6.5(a)***, and (b) all of the Collateral Assignments of Leases (and requisite landlord consents thereto) listed on the attached ***Schedule 6.5(b)***; *provided, that*, delivery of the foregoing shall not be a condition to any Party Closing the transactions contemplated in this Agreement, except as expressly specified in Section 7.2(e) hereof. In no event shall any Lima Party be under any obligation to pay any sums to any counterparty to obtain any Tenant Estoppel or consent to Collateral Assignment of Leases in order to obtain any such Tenant Estoppel or consent to Collateral Assignment of Leases, nor shall any Lima Party be obligated to commence any litigation or other proceeding against any counterparty in order to obtain any Tenant Estoppel or consent to Collateral Assignment of Leases.

Section 6.6 **ROFR and Other Notices**. The Lima Parties and MPT Parties acknowledge that certain portions of the Real Property being conveyed may be subject to the ROFR Purchase Rights. Promptly after the date hereof, the Lima Parties shall (a) send such notices and other information as may be necessary to obtain written releases or waivers from any applicable third party holders of any ROFR Purchase Rights that would be triggered as a result of the consummation of the Sale/Leaseback Transaction, (b) use commercially reasonable efforts to obtain such written releases or waivers as soon as possible, and (c) shall keep the MPT Parties reasonably informed of the status of all such waivers and releases, and any communications of the Lima Parties with any of such Persons. In no event shall any Lima Party be under any obligation to pay any sums to any third party holder of any ROFR Purchase Rights in order to obtain any such release or waiver, nor shall any Lima Party be obligated to commence any litigation or other proceeding against any third party holder of any ROFR Purchase Rights in order to obtain any such release or waiver; *provided, that*, the Lima Parties failure to obtain any release or waiver of any ROFR Purchase Rights that would be triggered as a result of the consummation of the Sale/Leaseback Transaction shall be deemed a failure of a condition to Closing under this Agreement.

Section 6.7 **[Intentionally Omitted]**.

Section 6.8 **Release of Encumbrances**. Simultaneous with the applicable Closing, the Lima Parties shall cause the release and discharge (including defeasance payments or penalty payments thereon, if applicable) of all mortgages, deeds of trust, security deeds, security agreements and other liens which are secured by any of the applicable MPT Acquired Assets, as set forth on ***Schedule 6.8*** attached hereto (collectively, the "**Mortgage Lien Releases**").

Section 6.9 **Regulatory Approvals**. As soon as reasonably practical, between the date of this Agreement and the applicable Closing Date, the Lima Parties and the MPT Parties will, to the extent required by Law, file all reports, applications, notices, or other documents required or requested by Government Authorities under any applicable Laws concerning the purchase and sale of the applicable MPT Acquired Assets, and comply promptly with any requests by any Governmental Authority for additional information concerning such transactions, so that such transactions will be approved by all necessary Government Authorities as soon as reasonably possible after the execution and delivery of this Agreement. The Lima Parties shall permit the MPT Parties and their representatives, upon request by the MPT Parties, to review and

provide comments to any such reports, applications, notices, or other material documents as they relate to the transactions contemplated herein prior to their submission.

Section 6.10 **Insurance**. Until the applicable Closing, the Lima Parties will use commercially reasonable efforts to keep in full force and effect all existing insurance policies of the Lima Parties which are presently in effect with respect to each applicable Facility and Lima Party, subject to the continuing availability of such insurance coverages on reasonable terms and conditions; provided, however, that no such insurance policies shall be voluntarily or consensually terminated by the Lima Parties without MPT's prior written consent.

Section 6.11 **Construction Projects Affecting Real Property**. As of the date hereof, there are various ongoing Construction Projects at the Real Property. The Parties acknowledge and agree that during the period commencing the date hereof and ending on the applicable Closing Date, the applicable Lima Party will (or may) incur certain obligations and/or expenditures with respect to the Construction Projects, which obligations and/or expenditures may be incurred to, among other things: (a) acquire certain land, buildings or other improvements and/or (b) engage in certain capital and other improvements (including both so-called hard costs and soft costs, including costs of architects and other contractors with respect to the Construction Projects). On the applicable Closing Date, the applicable Lima Party shall convey the Construction Projects and related properties and assets of the type that are described in the definition of the MPT Acquired Assets to the applicable MPT Party as part of and included with such MPT Acquired Assets at no additional cost to the MPT Parties, and the completion of such Construction Projects shall be at the sole cost and expense of the Lima Parties. The Lima Parties shall use their commercially reasonably efforts to complete the Construction Projects in accordance with the timeline specified on ***Schedule 6.11***, it being agreed that it shall not be a condition to any Closing that the Construction Projects (or any one (1) or more of the Construction Projects) is completed prior to such Closing.

Section 6.12 **Mutual Covenants**. The Parties shall use their commercially reasonable efforts to satisfy the conditions to the applicable Closings of the transactions contemplated hereby subject to the terms and conditions hereof. Without limiting the generality of the foregoing, the respective Parties shall execute and/or deliver, or use their respective commercially reasonable efforts to cause to be executed and/or delivered, the documents contemplated to be executed and/or delivered by them and their respective Affiliates at the applicable Closing.

Section 6.13 **Title and Survey Review**.

(a) Prior to the date hereof, the MPT Parties have ordered Title Commitments from the Title Company, surveys, zoning reports, and other desired third party reports relating to the title to the Real Property. The Lima Parties shall be responsible for and shall pay the reasonable costs of such commitments, surveys and reports (collectively, the "**Title Expenses**").

(b) The MPT Parties shall provide the Lima Parties with written notice of any objections (each, an "**Objection**") to any matters shown in the Title Commitments, surveys, zoning reports, and other third party reports that are not Permitted Encumbrances (any such matters raised by the MPT Parties, the "**Objectionable Matters**"). Such notice shall specify the exact nature of the Objection and shall include copies of the applicable Title Commitment,

underlying title objection document, survey, zoning report of other third party report that relate to the Objection. If the MPT Parties fail to raise any Objections in the manner provided above within the later of (i) the date that is fifteen (15) days after the date of this Agreement, or (ii) as applicable, fifteen (15) days after the date of MPT Parties' receipt of the applicable Title Commitment (including legible copies of all listed title exception documents) with respect to matters shown thereon, fifteen (15) days after the MPT Parties' receipt of the survey with respect to matters shown thereon, or fifteen (15) days after the MPT Parties' receipt of the zoning report with respect to matters shown thereon, in each case, then the applicable matter shall be deemed to be within the definition of Permitted Encumbrances; *provided, however*, in no event shall tax liens or Encumbrances securing Indebtedness be deemed Permitted Encumbrances. If any Encumbrance (other than a Permitted Encumbrance) not revealed in any Title Commitment or survey is discovered by the MPT Parties or by the Title Company and is added to the Title Commitment by the Title Company (or to any subsequent survey, if applicable) at or prior to the applicable Closing with respect to a particular Facility, the MPT Parties shall have until the earlier of (i) ten (10) days after the MPT Parties' receipt of the updated, revised Title Commitment (or subsequent survey, if applicable) showing such new title exception, together with a legible copy of any such new matter, or (ii) the date of the applicable Closing, to provide the Lima Parties with an Objection to any such new title exception.

(c) The MPT Parties and the Lima Parties shall reasonably cooperate and work together in good faith to resolve each Objection raised by the MPT Parties to the extent same is not a Permitted Encumbrance. If the Lima Parties do not remove or cure any Encumbrance which is not a Permitted Encumbrance prior to the applicable Closing Date, or if the Title Company is unable to issue at the applicable Closing an owner's (or lender's, as the case may be) title insurance policy insuring good and marketable title to any portion of the Real Property free and clear of all Encumbrances other than the Permitted Encumbrances, the Lima Parties shall have the right to adjourn the scheduled Closing Date for up to thirty (30) days in order to eliminate or endeavor to eliminate such Encumbrance which is not a Permitted Encumbrance, provided, that, once such matters are eliminated, the Lima Parties shall provide the MPT Parties at least five (5) Business Days' notice before such newly scheduled Closing Date. In no event shall any Lima Party be under any obligation to pay any sums to resolve any Objection or remove or cure any Encumbrance (except that the Lima Parties shall be obligated to pay any unpaid real property tax liens or materialman's liens and to remove Encumbrances securing Indebtedness of such Lima Party), nor shall any Lima Party be obligated to commence any litigation or other proceeding to resolve any Objection or remove or cure any encumbrance that is not a Permitted Encumbrance; *provided, that*, failure to remove any Encumbrance that is not a Permitted Encumbrance shall be deemed a failure to satisfy a condition to Closing.

(d) If after such thirty (30) day adjournment, the applicable Lima Seller does not remove or cure any Encumbrance which is not a Permitted Encumbrance prior to the applicable Closing Date, or if the Title Company is unable to issue at the applicable Closing an owner's (or lender's, as the case may be) title insurance policy insuring good and marketable title to any portion of the Real Property free and clear of all Encumbrances other than the Permitted Encumbrances, then the MPT Parties shall have the right, exercisable by written notice to the Lima Parties, at the MPT Parties' option, to terminate this Agreement as to the applicable Real Property that is affected by such Objectionable Matter; *provided, that*, if any such Objectionable

Matter pertains to any of the Conemaugh Properties, then the MPT Parties and the Lima Parties shall each have the option to terminate this Agreement.

Section 6.14 Intentionally Omitted.

Section 6.15 Tenant Estoppels; Consents with Respect to Collateral Assignment of Collateral Leases. Promptly after execution of this Agreement, the Lima Parties will send such notices and other information as may be necessary to obtain (i) the Tenant Estoppels with respect to any Tenant Leases identified on ***Schedule 6.5(a)***, and (ii) any counterparties' consent under the Collateral Leases with respect to the Collateral Assignment of Leases. The Lima Parties shall use commercially reasonable efforts to obtain such Tenant Estoppels and counterparty consents as quickly as possible and, upon request by the MPT Parties, will keep the MPT Parties reasonably informed of the status of all such consents and any communications of the Lima Parties with any of such Persons; *provided, however*, that the failure to receive any consents shall impose no liability on the Lima Parties and shall not constitute the failure of a condition to Closing, other than as specifically provided in Section 7.2(e) hereof. In no event shall any Lima Party be under any obligation to pay any sums to any counterparty under any Assumed Lima Lease, Tenant Lease, or Collateral Lease in order to obtain any such Tenant Estoppel, consent, approval or waiver, nor shall any Lima Party be obligated to commence any litigation or other proceeding against any such landlord in order to obtain any such Tenant Estoppel, consent, approval or waiver.

ARTICLE VII
CLOSING CONDITIONS

Section 7.1 Conditions to the Obligations of the Lima Parties. With respect to each Closing, the obligations of the Lima Parties to effect the transactions contemplated hereby with respect to the MPT Acquired Assets to be sold, transferred, conveyed and assigned on such Closing Date shall be further subject to the fulfillment of the following conditions, any one or more of which may be waived by the Lima Parties:

(a) All of the representations and warranties of the MPT Parties set forth in this Agreement shall be true and correct when made and shall remain true and correct in all material respects as of the applicable Closing Date as if made on such Closing Date (other than those representations and warranties that address matters only as a particular date or only with respect to a specific period of time, which need only be true and correct as of such date or with respect to such period), except, solely in the case of representations and warranties that are not Fundamental Representations, for such inaccuracies in such representations and warranties that do not have a Material Adverse Effect.

(b) The MPT Parties shall have delivered, performed, observed and complied with all of the items, instruments, documents, covenants, agreements and conditions required by this Agreement to be delivered, performed, observed and complied with by it prior to, or as of, the applicable Closing.

(c) The MPT Parties shall have executed, where applicable, and delivered to the Lima Parties the documents referenced in Section 8.3 hereof that pertain to the MPT Acquired Assets being sold, transferred, conveyed or assigned at the applicable Closing.

(d) There shall not have been instituted by any creditor of the MPT Parties, any Governmental Authority or any other third party, a suit, action or Proceeding which would affect any material portion of the MPT Acquired Assets to be sold, transferred, conveyed or assigned on the applicable Closing Date or seek to restrain, enjoin or invalidate the transactions contemplated in this Agreement.

(e) The MPT Parties shall have paid the Individual Purchase Price with respect to each of the MPT Acquired Assets that are being sold, transferred, conveyed and assigned on such Closing Date in accordance with Section 3.2 hereof.

(f) With respect to the MPT Acquired Assets to be sold, transferred, conveyed or assigned on the applicable Closing Date, the Lima Parties shall have received any written releases or waivers from any applicable third party holders of the ROFR Purchase Rights to the extent the same are required to be delivered pursuant to this Agreement; *provided, however*, that the parties agree that the ROFR Purchase Rights contained in the Leases at the Johnstown ROFR Properties are not triggered by the Sale/Leaseback Transaction, and the Lima Parties shall not be required to seek written releases or waivers from the applicable third party holders of ROFR Purchase Rights relating to the Johnstown ROFR Properties.

Section 7.2 Conditions to the Obligations of the MPT Parties. With respect to each Closing, the obligations of the MPT Parties to effect the transactions contemplated hereby shall be further subject to the fulfillment of the following conditions, any one or more of which may be waived by the MPT Parties:

(a) All of the representations and warranties of the Lima Parties set forth in this Agreement shall be true and correct when made and shall remain true and correct in all material respects as of the applicable Closing Date as if made on the applicable Closing Date (other than those representations and warranties that address matters only as a particular date or only with respect to a specific period of time, which need only be true and correct as of such date or with respect to such period); except, solely in the case of representations and warranties that are not Fundamental Representations, for such inaccuracies in such representations and warranties that do not have a Material Adverse Effect.

(b) The Lima Parties shall have delivered, performed, observed and complied with all of the items, instruments, documents, covenants, agreements and conditions required by this Agreement to be delivered, performed, observed and complied with by any of them prior to, or as of, the applicable Closing with respect to the MPT Acquired Assets being sold, transferred, conveyed or assigned at the applicable Closing.

(c) The Lima Parties shall have delivered or caused to be delivered to the Title Company satisfactions, discharges and releases with respect to any mortgages, assignments of leases or other security instruments recorded against the MPT Acquired Assets being sold, transferred, conveyed or assigned at the applicable Closing (or shall have otherwise delivered

payoff letters or other documentation sufficient to enable the Title Company to remove any such mortgages, assignments of leases or other security instruments from the public records), it being understood and agreed that nothing herein contained shall require the Lima Parties to deliver satisfactions, discharges or releases in connection with any security instrument permitted under the Existing Intercreditor Agreement (but in no event shall leasehold mortgages be permitted exist or remain).

(d) The Lima Parties shall have executed where applicable and delivered to the MPT Parties the documents referenced in Section 8.2 hereof that pertain to the MPT Acquired Assets being sold, transferred, conveyed or assigned at the applicable Closing.

(e) With respect to the MPT Acquired Assets to be sold, transferred, conveyed and assigned on the applicable Closing Date, the Lima Parties shall have received, as applicable:

(i) if the Leased Land is being sold, transferred, conveyed and assigned on such Closing Date, the Assignment and Assumption of Lease Agreements relating to the Assumed Lima Lease at the Leased Land;

(ii) if the Conemaugh Properties are being sold, transferred, conveyed and assigned on such Closing Date, all counterparty consents required to enter into the Collateral Assignment of Leases with respect to the Collateral Leases listed on ***Schedule 7.2(e)(ii)***;

(iii) if the Southwestern/Lawton Ground Leased Property is being sold, transferred, conveyed and assigned on such Closing Date, (A) all counterparty consents, if any, required to enter into a Collateral Assignment of Lease with respect to each of the Southwestern MOB Master Leases, and (B) an Assignment and Assumption of MOB Ground Lease Agreements relating to each Southwestern MOB Ground Lease;

(iv) if the Ottumwa Ground Leased Property is being sold, transferred, conveyed and assigned on such Closing Date, (A) all counterparty consents, if any, required to enter into the Collateral Assignment of Lease with respect to the Ottumwa MOB Master Lease, and (B) the Assignment and Assumption of MOB Ground Lease Agreement relating to the Ottumwa MOB Ground Lease;

(v) if the Nason/Roaring Springs Ground Leased Property is being sold, transferred, conveyed and assigned on such Closing Date, the Assignment and Assumption of MOB Ground Lease Agreement relating to the Nason/Roaring Springs Ambulance Facility Lease; and

(vi) all other third party consents and approvals required for the applicable Lima Parties to consummate the Sale/Leaseback Transaction and otherwise to enter into the Master Lease and the other MPT Obligation Documents with respect to such MPT Acquired Assets; *provided*, *however*, that nothing in this clause (vi) shall be construed to require the Lima Parties to seek or obtain consents or approvals with respect to commercial third-party payor

participation or reimbursement agreements to which the applicable Lima Parties are a party which agreements may require consent or approval from a third party as a condition to consummating the Sale/Leaseback Transaction and otherwise to enter into the Master Lease and the other MPT Obligation Documents with respect to such MPT Acquired Assets, it being agreed that the decision whether to seek such consent with respect to such commercial third-party payor participation or reimbursement agreements shall be made on a case-by-case basis by the Lima Parties in their good faith discretion.

(f) With respect to the MPT Acquired Assets to be sold, transferred, conveyed or assigned on the applicable Closing Date, the Lima Parties shall have received any written releases or waivers from any applicable third party holders of the ROFR Purchase Rights to the extent the same are required to be delivered pursuant to this Agreement; *provided, however*, that the parties agree that the ROFR Purchase Rights contained in the Leases at the Johnstown ROFR Properties are not triggered by the Sale/Leaseback Transaction, and the Lima Parties shall not be required to seek written releases or waivers from the applicable third party holders of ROFR Purchase Rights relating to the Johnstown ROFR Properties.

(g) There shall not have been instituted by any Governmental Authority any suit, action or Proceeding which would seek to restrain, enjoin or invalidate the transactions contemplated by this Agreement or the transactions contemplated hereby, which action, suit, investigation or Proceeding, in the reasonable opinion of the MPT Parties, may result in a decision, ruling or finding that has or would reasonably be expected to have a Material Adverse Effect on the validity or enforceability of this Agreement, or on the ability of the Lima Parties to perform their obligations under this Agreement.

ARTICLE VIII
CLOSING

Section 8.1 Closing.

(a) The closing of the Sale/Leaseback Transaction with respect to each Facility pursuant to this Agreement (each, a "**Closing**") shall occur as promptly as practicable (but in no event later than the tenth (10th) Business Day) after all of the conditions precedent for closing set forth in Article VII of this Agreement have been satisfied with respect to such Facility (other than conditions which by their terms are required to be satisfied at the applicable Closing) or, if permissible, waived in writing by the Parties entitled to the benefit of the same (as applicable with respect to each Facility, the "**Closing Date**"); *provided, that*, unless the Parties shall otherwise agree in writing, in no case shall the final Closing occur later than March 31, 2020 (the "**Outside Closing Date**").

(b) Each Closing shall be handled through deliveries to the Title Company into escrow with the Title Company receiving and distributing proceeds in accordance with the terms of this Agreement and any Closing Statement among the Parties, or in such other manner and at such other place as agreed to by the Parties hereto. At each Closing, (i) the applicable Lima Parties shall deliver the documents to be delivered by each of them and their Affiliates pursuant to Article VIII this Agreement, as well as possession of the applicable MPT Acquired

Assets, and the applicable MPT Parties shall pay the Purchase Price (subject to the Mortgage Lien Releases) for the applicable MPT Acquired Assets as provided in this Agreement and deliver the documents required to be delivered by the MPT Parties and their Affiliates pursuant to Article VIII of this Agreement.

(c) At the Lima Parties' election, Closings may occur in up to three (3) tranches (each such Closing, a "**Tranche**"). If the Lima Parties elect to have more than one (1) Closing: (i) the Lima Parties shall give the MPT Parties notice of such election not later than ten (10) Business Days prior to the first scheduled Closing Date, and such notice shall set forth: (x) the proposed Closing Date for each Closing, and (y) a list of the MPT Acquired Assets to be include in such each such Closing, (ii) the first Tranche will include all of the Conemaugh Properties, together with any other Real Property relating to the Facilities specified by the Lima Parties in such notice delivered by the Lima Parties; (ii) the second Tranche will include the Real Property with respect to the Facilities specified by the Lima Parties in such notice delivered by the Lima Parties, and (iii) the third Tranche will include the remaining balance of the Real Property.

Section 8.2 Lima Parties' Deliverables. On each applicable Closing Date, the applicable Lima Parties shall execute and deliver, or cause to be executed and delivered by the applicable Persons, the following with respect to the MPT Acquired Assets being sold, transferred, conveyed and assigned on such Closing Date:

(a) The Deeds;

(b) In the case of the sale, transfer, conveyance and assignment of the Leased Land, the related Assignment and Assumption of Lease Agreements;

(c) In the case of the sale, transfer, conveyance and assignment of the Ottumwa Ground Leased Property, the Southwestern/Lawton Ground Leased Property, and/or the Nason/Roaring Springs Ground Leased Property, the related Assignment and Assumption of MOB Ground Lease Agreements;

(d) The Bills of Sale and Assignment;

(e) The Master Lease;

(f) The Memoranda of Lease;

(g) The Guaranty;

(h) The LifePoint Lease Guaranty;

(i) The Environmental Indemnification Agreement;

(j) The Assignments of Rents and Leases;

(k) The Lima Noncompetition Agreement and the LifePoint Noncompetition Agreement;

(l) The Joinder to the Existing Intercreditor Agreement;

(m) Any Tenant Estoppels received by the Lima Parties with respect to the applicable MPT Acquired Assets for such Closing;

(n) If and to the extent Lima Parties have received the requisite counterparty consents or approvals thereto, any Collateral Assignment of Leases received by the Lima Parties with respect to the applicable MPT Acquired Assets for such Closing;

(o) Any written releases or waivers from any applicable third party holders of the ROFR Purchase Rights;

(p) All satisfactions, discharges or releases required by the Title Company with respect to (i) any mortgages, assignments of leases or other security instruments recorded against the MPT Acquired Assets being sold, transferred, conveyed or assigned at the applicable Closing (or shall have otherwise delivered payoff letters or other documentation sufficient to enable the Title Company to remove any such mortgages, assignments of leases or other security instruments from the public records) and (ii) Encumbrances that are not Permitted Encumbrances;

(q) Terminations of any leases of the Real Property by any Affiliate of the Lima Parties, as landlord, to any Lessee, as tenant;

(r) Certificates dated the applicable Closing Date signed by the Chief Executive Officer, Chief Financial Officer, or Chief Operating Officer (or other office reasonably acceptable to the MPT Parties) of LifePoint, Lima HoldCo and each of the Lima Parties that owns any of the Facilities being sold, transferred, conveyed or assigned on such Closing Date:

(i) certifying to the MPT Parties that: (A) all of the representations and warranties of such Lima Parties contained in this Agreement (considered collectively) and each of these representations and warranties (considered individually) remain true and correct in all material respects as of the applicable Closing Date as if made on such date, and (B) the applicable Lima Parties have performed and satisfied all covenants and conditions required by this Agreement to be performed or satisfied by such Lima Parties on or prior to such Closing; and

(ii) including a certified copy of the resolutions or consents of the applicable governing body of each of the applicable Lima Parties, dated as of applicable Closing Date, and authorizing such Person's execution, delivery and performance of this Agreement and the other MPT Obligation Documents; and

(iii) designating the officers or managers of the applicable Lima Parties (or their Affiliates) who are authorized to execute and deliver such documents on behalf of such Lima Parties, together with a certificate of incumbency with respect to such officers or managers, in each case in form and substance reasonably satisfactory to the MPT Parties;

(s) Certificates of existence and good standing of each of the Lima Parties and any of their respective Affiliates that will be parties to any of the MPT Obligation Documents being executed and delivered at the applicable Closing from the secretary of state of their respective states of incorporation or formation, dated the most recent practical date prior to the applicable Closing Date, and certificates of good standing from the respective states in which they are qualified to do business, dated the most recent practical date prior to the applicable Closing Date;

(t) The Title Commitment and an irrevocable commitment from Title Company to issue the Title Policies with respect to the Real Property being sold, transferred, conveyed or assigned at the applicable Closing to the MPT Parties following the applicable Closing Date;

(u) A duly executed Closing Statement; and

(v) Such other instruments and documents as the MPT Parties or Title Company reasonably deem necessary to effect the transactions contemplated hereby.

Section 8.3 **MPT Parties' Deliverables**. On the Closing Date (or the Closing Date for the applicable tranche of Facilities), the applicable MPT Parties shall execute and deliver, or cause to be executed and delivered by the applicable Persons, the following with respect to the Facilities being sold, transferred, conveyed and assigned on such Closing Date:

(a) In the case of the sale, transfer, conveyance and assignment of the Leased Land, the related Assignment and Assumption of Lease Agreements;

(b) In the case of the sale, transfer, conveyance and assignment of the Ottumwa Ground Leased Property, the Southwestern/Lawton Ground Leased Property, and/or the Nason/Roaring Springs Ground Leased Property, the related Assignment and Assumption of MOB Ground Lease Agreements;

(c) The Bills of Sale and Assignment;

(d) The Master Lease;

(e) The Memoranda of Lease;

(f) The Environmental Indemnification Agreement;

(g) The Assignments of Rents and Leases;

(h) The Lima Noncompetition Agreement and the LifePoint Noncompetition Agreement;

(i) The Joinder to the Existing Intercreditor Agreement;

(j) Certificates dated the applicable Closing Date signed by the Chief Executive Officer, Chief Financial Officer, or Chief Operating Officer (or other office

reasonably acceptable to the Lima Parties) of the sole member of each of the MPT Parties (i) certifying to the Lima Parties that (A) all of the representations and warranties of the MPT Parties contained in this Agreement (considered collectively) and each of these representations and warranties (considered individually) remain true and correct in all material respects as of the applicable Closing Date as if made on such date, and (B) the MPT Parties have performed and satisfied all covenants and conditions required by this Agreement to be performed or satisfied by the MPT Parties on or prior to the applicable Closing; (ii) including a certified copy of the resolutions or consents of the applicable governing body of each of the applicable MPT Parties, dated as of the applicable Closing Date, and authorizing such Person's execution, delivery and performance of this Agreement and the other MPT Obligation Documents; and (iii) designating the officers or managers of the sole member of each of the MPT Parties (or their Affiliates) who are authorized to execute and deliver such documents on behalf of the MPT Parties, together with a certificate of incumbency with respect to such officers or managers, in each case in form and substance reasonably satisfactory to the Lima Parties;

(k) Certificates of existence and good standing of the MPT Parties from the secretary of state of the State of Delaware, dated the most recent practical date prior to the applicable Closing Date, and certificates of good standing from the Secretary of State of Washington, dated the most recent practical date prior to the applicable Closing Date;

(l) A duly executed Closing Statement; and

(m) Such other instruments and documents as the Lima Parties reasonably deem necessary to effect the transactions contemplated hereby.

ARTICLE IX
TERMINATION

Section 9.1 **Termination**. Notwithstanding anything to the contrary in this Agreement, the obligations of the Parties hereunder may be terminated and the transactions contemplated hereby abandoned with respect to any of the Facilities at any time prior to the applicable Closing for such Facility: (i) by mutual written consent of the Parties, (ii) by any Party at any time following the Outside Closing Date, or (iii) as otherwise expressly set forth in this Agreement.

Section 9.2 **Notice and Effect**. In the event of the termination of this Agreement pursuant to Section 9.1, the provisions of this Agreement shall immediately become void and of no further force and effect (other than this Article IX, Article XII and Section 13.10), and there shall be no liability on the part of the Lima Parties or the MPT Parties to one another. In the event of the termination of this Agreement pursuant to this Article IX, the Party terminating this Agreement shall give prompt written notice thereof to the other Parties, and the transactions contemplated hereby shall be abandoned, without further action by any Party. Promptly following the termination of this Agreement, each filing, application and other submission relating to the transactions contemplated hereby shall, to the extent practicable, be withdrawn from the Person to whom it was made.

Section 9.3 **Termination as Remedy**. In the event of a breach of this Agreement by any Party hereto, notwithstanding any provision hereof (or the substance of any Law applicable to the transaction described herein), it is agreed that no damages or other sums shall be paid as a result of such breach of this Agreement, other than the Lima Parties shall pay the MPT Parties out-of-pocket costs and expenses in accordance with Section 13.9 hereof.

ARTICLE X
CERTAIN POST-CLOSING COVENANTS

Section 10.1 **Tenant Estoppels and Collateral Assignments**. To the extent the Lima Parties were unable to obtain and provide to the MPT Parties at or prior to the applicable Closing any of the Tenant Estoppels and the Collateral Assignments of Leases (together with the requisite counterparty consents thereto) that are described in Section 6.5 hereof, the Lima Parties shall continue for sixty (60) days after the applicable Closing Date to use their good faith efforts to obtain and provide to the MPT Parties such Tenant Estoppels and Collateral Assignment of Leases (together with the requisite counterparty consents thereto). In no event shall any Lima Party be under any obligation to pay any sums to any tenant under any Tenant Lease in order to obtain any such Tenant Estoppel or to any landlord under any Collateral Lease in order to obtain any such consent, approval or waiver, nor shall any Lima Party be obligated to commence any litigation or other proceeding against any landlord under any Tenant Lease in order to obtain any Tenant Estoppel or under any Collateral Lease in order to obtain any such consent, approval or waiver. If, despite such good faith efforts, the Lima Parties are unsuccessful in obtaining any Tenant Estoppels or the requisite counterparty consents to any Collateral Assignment of Leases, then the Lima Parties shall be released from their responsibility hereunder to obtain such Tenant Estoppels (subject to the terms of the Master Lease) and to obtain such consents and delivering the related Collateral Assignments.

ARTICLE XI
INDEMNIFICATION

Section 11.1 **Survival**. The Fundamental Representations shall survive the applicable Closing for a period of three (3) years, and all representations and warranties (excluding the Fundamental Representations) and the covenants and agreements (except for covenants or agreements solely to the extent requiring performance by such party prior to the applicable Closing) of the Parties set forth in this Agreement will terminate effective immediately as of the applicable Closing (other than to the extent they relate to the Facilities to be sold, transferred, conveyed and assigned at prospective Closings). Each covenant and agreement solely to the extent requiring performance after the applicable Closing, will, in each case, expressly survive the applicable Closing in accordance with its terms for a period of three (3) years, and nothing in this Section 11.1 will be deemed to limit any rights or remedies of any Person for breach of any such surviving covenant or agreement or any Fundamental Representation.

Section 11.2 **Lima Parties' Agreement to Indemnify**. Notwithstanding the existence of any insurance or self-insurance provided for in this Agreement or the Master Lease and without regard to the policy limits of any such insurance or self-insurance, the Lima Parties, jointly and severally, shall indemnify, defend and hold harmless the MPT Parties, their respective Affiliates and their respective officers, managers, members, (general and limited) partners, shareholders,

employees, agents and representatives (collectively, the "**MPT Indemnified Parties**") from and against any demands, claims, actions, losses, damages, liabilities, penalties, Taxes, costs and expenses (including, without limitation, reasonable attorneys' and accountants' fees, settlement costs, arbitration costs and any other reasonable expenses for investigating or defending any action or threatened action, but excluding punitive, incidental, consequential, special or indirect damages (including loss of revenue, diminution in value and any damages based on any type of multiple)) actually incurred by the MPT Indemnified Parties or any of them as a result of or arising from (a) any breach of any Fundamental Representation, (b) any third party claims asserted against or damages suffered by any of the MPT Indemnified Parties as a result of any breach by any of the Lima Parties of their Fundamental Representations; or (c) any Excluded Assets or Excluded Liabilities.

Section 11.3 MPT Parties' Agreement to Indemnify. The MPT Parties, jointly and severally, shall indemnify, defend and hold harmless Lifepoint, the Lima Parties, their respective Affiliates and their respective officers, managers, members, (general and limited) partners, shareholders, employees, agents and representatives (collectively, the "**LifePoint Indemnified Parties**") from and against any demands, claims, actions, losses, damages, liabilities, penalties, Taxes, costs and expenses (including, without limitation, reasonable attorneys' and accountants' fees, settlement costs, arbitration costs and any reasonable other expenses for investigating or defending any action or threatened action, but excluding punitive, incidental, consequential, special or indirect damages (including loss of revenue, diminution in value and any damages based on any type of multiple)) actually incurred by any of the LifePoint Indemnified Parties or any of them as a result of or arising from (a) any breach of any Fundamental Representation; or (b) any third party claims asserted against or damages suffered by any of the LifePoint Indemnified Parties as a result of any breach by any of the MPT Parties of their Fundamental Representations.

Section 11.4 Notification and Defense of Claims.

(a) Any Person entitled to be indemnified pursuant to this Article XI (the "**Indemnified Party**") shall notify the party liable for such indemnification (the "**Indemnifying Party**") in writing of any claim or demand which the Indemnified Party has determined has given or could give rise to a right of indemnification under this Agreement, as soon as possible after the Indemnified Party becomes aware of such claim or demand; *provided, that*, the Indemnified Party's failure to give such notice to the Indemnifying Party in a timely fashion shall not result in the loss of the Indemnified Party's rights with respect thereto except to the extent the Indemnifying Party is materially prejudiced by the delay.

(b) If the Indemnified Party shall notify the Indemnifying Party of any claim or demand pursuant to the provisions hereof, and if such claim or demand relates to a claim or demand asserted by a third party against the Indemnified Party in writing (a "**Third Party Claim**"), the Indemnifying Party shall have the obligation either (i) to pay such claim or demand, or (ii) defend any such Third Party Claim with counsel reasonably satisfactory to the Indemnified Party. After the Indemnifying Party has assumed the defense of such Third Party Claim, the Indemnifying Party shall not be liable to the Indemnified Party under this Article XI for any legal or other expenses subsequently incurred by the Indemnified Party in connection with the defense thereof other than reasonable costs of investigation, provided that the Indemnified Party shall

have the right to employ counsel, at the Indemnifying Party's expense, to represent it if (A) in the Indemnified Party's reasonable opinion the Indemnifying Party is not diligently prosecuting the defense of such Third Party Claim, (B) such Third Party Claim involves remedies other than monetary damages and such remedies against the Indemnified Party, in the Indemnified Party's reasonable judgment, could reasonably be expected to have a material and adverse effect on such Indemnified Party, (C) the Indemnified Party may have available to it one or more defenses or counterclaims that are inconsistent with one or more defenses or counterclaims that may be alleged by the Indemnifying Party, or (D) the Indemnified Party believes in its reasonable discretion that a conflict of interest exists between the Indemnifying Party and the Indemnified Party with respect to such Third Party Claim or action, and in any such event the reasonable fees and expenses of such separate counsel for the Indemnified Party shall be paid by the Indemnifying Party. The Indemnified Party shall make available to the Indemnifying Party or its agents all records and other materials in the Indemnified Party's possession reasonably required by the Indemnifying Party for its use in contesting any Third Party Claim or demand.

(c) No Indemnified Party may settle or compromise any claim or consent to the entry of any judgment with respect to which indemnification is being sought hereunder without the prior written consent of the Indemnifying Party, unless (i) the Indemnifying Party fails to assume and diligently prosecute the defense of such claim or (ii) such settlement, compromise or consent includes an unconditional release of the Indemnifying Party from all liability arising out of such claim and does not contain any equitable order, judgment or term which includes any admission of wrongdoing or could result in any liability (including regulatory liability) of the Indemnifying Party or which would otherwise in any manner affect, restrain or interfere with the business of the Indemnifying Party or any Affiliate of the Indemnifying Party. An Indemnifying Party may not, without the prior written consent of the Indemnified Party, settle or compromise any claim or consent to the entry of any judgment with respect to which indemnification is being sought hereunder unless such settlement, compromise or consent includes an unconditional release of the Indemnified Party from all liability arising out of such claim and does not contain any equitable order, judgment or term which includes any admission of wrongdoing or could result in any liability (including regulatory liability) of the Indemnified Party or which would otherwise in any manner affect, restrain or interfere with the business of the Indemnified Party or any of the Indemnified Party's Affiliates.

Section 11.5 Investigations. The right to indemnification based upon breaches or inaccuracies of representations, warranties and covenants will not be affected by any investigation conducted with respect to, or knowledge acquired (or capable of being acquired) at any time, whether before or after the execution and delivery of this Agreement or the applicable Closing Date, whether as a result of disclosure by a party pursuant to this Agreement or otherwise, with respect to the accuracy or inaccuracy of or compliance with any such representation, warranty or covenant. The waiver of any condition based on the accuracy of any representation or warranty, or on the performance of or compliance with any covenant, will not affect a party's right to indemnification, payment of damages or other remedies based on such representations, warranties and covenants.

Section 11.6 Exclusive Remedy. THE PARTIES AGREE AND ACKNOWLEDGE THAT, FROM AND AFTER THE APPLICABLE CLOSING WITH RESPECT TO A PARTICULAR FACILITY, THE INDEMNIFICATION RIGHTS PROVIDED IN THIS

ARTICLE SHALL BE THE SOLE AND EXCLUSIVE REMEDY OF THE PARTIES TO THIS AGREEMENT WITH RESPECT TO SUCH FACILITY FOR BREACHES OF THIS AGREEMENT AND FOR ALL DISPUTES ARISING UNDER OR RELATING TO SUCH FACILITY UNDER THIS AGREEMENT AND ANY ADDITIONAL AGREEMENTS OR DOCUMENTS EXECUTED OR DELIVERED IN OR ARISING OUT OF THE TRANSACTIONS CONTEMPLATED HEREBY WITH RESPECT TO SUCH FACILITY, EXCEPT: (A) FAILURE TO PERFORM POST-CLOSING COVENANTS, (B) IN CASES WHERE SPECIFIC PERFORMANCE IS AVAILABLE AS A REMEDY, AND (C) IN CASES OF FRAUD.

Section 11.7 **Treatment of Indemnification Payments.** All indemnification payments made pursuant to this Article shall be treated by the parties for income Tax purposes as adjustments to the Purchase Price, unless otherwise required by applicable Law.

ARTICLE XII
DISPUTE RESOLUTION

Section 12.1 **Governing Law**.

(a) THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE APPLICABLE TO CONTRACTS EXECUTED AND PERFORMED IN SUCH STATE, WITHOUT GIVING EFFECT TO CONFLICTS OF LAW PRINCIPLES; *PROVIDED, THAT*, WITH RESPECT TO MATTERS RELATING TO THE TRANSFER AND CONVEYANCE OF THE REAL PROPERTY OR THE OTHER MPT ACQUIRED ASSETS, OR PROCEDURES RELATING TO THE ENFORCEMENT OF THE DEEDS OR OTHER PROPERTY CONVEYANCE DOCUMENTS, SUCH MATTERS OR PROCEDURES SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE IN WHICH THE APPLICABLE REAL PROPERTY IS LOCATED.

(b) NOTWITHSTANDING THE FOREGOING, EACH OF THE PARTIES HEREBY AGREES THAT IT WILL NOT BRING OR SUPPORT ANY ACTION, CAUSE OF ACTION, CLAIM, CROSS-CLAIM OR THIRD-PARTY CLAIM OF ANY KIND OR DESCRIPTION, WHETHER IN LAW OR IN EQUITY, WHETHER IN CONTRACT OR IN TORT OR OTHERWISE, AGAINST ANY FINANCING SOURCE, OR ANY OF ITS REPRESENTATIVES, IN ANY WAY RELATING TO THIS AGREEMENT OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY, INCLUDING ANY DISPUTE ARISING OUT OF OR RELATING IN ANY WAY TO ANY FINANCING OR THE PERFORMANCE THEREOF, IN ANY FORUM OTHER THAN THE SUPREME COURT OF THE STATE OF NEW YORK, NEW YORK COUNTY, OR, IF UNDER APPLICABLE LAW EXCLUSIVE JURISDICTION IS VESTED IN THE FEDERAL COURTS, THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF NEW YORK, LOCATED IN THE BOROUGH OF MANHATTAN (AND APPELLATE COURTS THEREOF), AND THAT THE PROVISIONS OF SECTION 12.3 RELATING TO THE WAIVER OF JURY TRIAL SHALL APPLY TO ANY SUCH ACTION, CAUSE OF ACTION, CLAIM, CROSS-CLAIM OR THIRD-PARTY CLAIM.

Section 12.2 Jurisdiction and Venue. EACH OF THE PARTIES CONSENTS TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION 12.2, EACH OF THE PARTIES AGREES THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS AGREEMENT SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. EACH OF THE PARTIES EXPRESSLY ACKNOWLEDGES THAT DELAWARE IS A FAIR, JUST AND REASONABLE FORUM AND AGREES NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY THE OTHER PARTIES IN SAID COURTS. FURTHER, EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO SECTION 13.2 SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT.

Section 12.3 Waiver of Jury Trial. EACH PARTY TO THIS AGREEMENT HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, DEMAND, ACTION, OR CAUSE OF ACTION (A) ARISING UNDER THIS AGREEMENT OR (B) IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES HERETO IN RESPECT OF THIS AGREEMENT OR ANY OF THE TRANSACTIONS RELATED HERETO, IN EACH CASE WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER IN CONTRACT, TORT, EQUITY, OR OTHERWISE. EACH PARTY TO THIS AGREEMENT HEREBY AGREES AND CONSENTS THAT ANY SUCH CLAIM, DEMAND, ACTION, OR CAUSE OF ACTION SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY, AND THAT THE PARTIES TO THIS AGREEMENT MAY FILE A COPY OF THIS AGREEMENT WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE PARTIES HERETO TO THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY.

Section 12.4 Specific Performance and Remedies. Each of the Parties hereto acknowledges that the rights of each party to consummate the transactions contemplated in this Agreement are unique and recognizes and affirms that in the event of a breach of this Agreement by any party, money damages may be inadequate and the non-breaching party may have no adequate remedy at law. Accordingly, the Parties agree that such non-breaching Party shall have the right, as its sole and exclusive remedy for any breach of or default with respect to any of the terms of this Agreement (other than to the extent expressly set forth to the contrary in Article XI), to enforce its rights and the other Parties' obligations hereunder by an action or actions for specific performance, injunctive and/or other equitable relief (without posting of bond or other security), and, except to the extent expressly set forth to the contrary in Article XI, that neither Party shall be entitled to seek damages or any other remedy in connection with any such breach or default of this Agreement, except as provided in this Section 12.4. Notwithstanding the

foregoing, the Parties agree that any Party's breach or alleged breach of this Agreement shall not constitute grounds for any objection or opposition to such Party's right to specific performance. The Parties agree not to assert that a remedy of specific performance or other equitable relief is unenforceable, invalid, contrary to law or inequitable for any reason, and not to assert that a remedy of monetary damages would provide an adequate remedy or that the Parties otherwise have an adequate remedy at law. The Parties acknowledge and agree that any Party pursuing an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in accordance with this Section 12.4 will not be required to provide any bond or other security in connection with seeking any such injunction or injunctions.

ARTICLE XIII
MISCELLANEOUS

Section 13.1 **Binding Effect; Assignment**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, except that neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by any party without the prior written consent of the other parties. Notwithstanding the foregoing, the MPT Parties may at any time and without the consent of the other Party assign all of their respective rights and obligations hereunder to their Affiliate.

Section 13.2 **Notices**. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

If to any Lima Party:
c/o LifePoint Health, Inc.
330 Seven Springs Way
Brentwood, TN 37027
Attention: General Counsel
Fax: [redacted]

with a copy to:
Sidley Austin LLP
787 Seventh Avenue
New York, NY 10019
Attn: [redacted]

with a copy to:
Waller Lansden Dortch & Davis, LLP
511 Union Street, Suite 2700

Nashville, TN 37219
Attn: [redacted]
Fax: [redacted]

If to any MPT Party: c/o MPT Operating Partnership, L.P.
1000 Urban Center Drive, Suite 501
Birmingham, AL 35242
Attention: Legal Department
Phone: [redacted]
Fax: [redacted]

with a copy to: Baker, Donelson, Bearman, Caldwell & Berkowitz, PC
420 20th Street North, Suite 1400
Birmingham, AL 35203
Attention: [redacted]
Phone: [redacted]
Fax: [redacted]

or to such other address with respect to a party as such party notifies the other in writing as above provided.

Section 13.3 Calculation of Time Period. When calculating the period of time before which, within which or following which any act is to be done or step taken, the date that is the reference date in calculating such period shall be excluded. If the last day of such period is not a Business Day, the period in question shall end of the next succeeding Business Day.

Section 13.4 Captions. The section and paragraph headings or captions appearing in this Agreement are for convenience only, are not a part of this Agreement, and are not to be considered in interpreting this Agreement.

Section 13.5 Entire Agreement; Modification. This Agreement, including each Exhibit, Annex, and Schedule attached hereto, and other written agreements executed and delivered in connection herewith by the Parties, embody and constitute the entire understanding between the Parties with respect to the transactions contemplated herein and shall be interpreted in such manner as to be effective and valid under applicable law, and all prior agreements, understandings, representations and statements (oral or written) are merged into this Agreement. The Parties have not relied upon, and shall not be entitled to rely upon, any prior or contemporaneous agreements, understandings, representations or statements (oral or written) other than this Agreement in effecting the transactions contemplated herein or otherwise. If any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision. Neither this Agreement, any Exhibit, Annex, or Schedule attached hereto, nor any provision hereof or thereof may be modified or amended except by an instrument in writing signed by the Parties; *provided, that*, notwithstanding anything to the contrary in this Agreement, Sections 12.1, 12.2, 13.1, 13.5, 13.11, and 13.18 and the definitions of "Financing Sources",

"Financing" and "Non-Recourse Party" (such sections and definitions, collectively, the "**Financing Source Protection Provisions**"), solely to the extent applicable to the Financing Sources, cannot be amended, waived or otherwise modified in a manner materially adverse to the Financing Sources, without the written consent of the Financing Sources.

Section 13.6 Schedules and Exhibits. All Schedules and Exhibits referred to in this Agreement shall be deemed a part of this Agreement and are hereby incorporated herein by reference. The statements in the Schedules referred to in this Agreement, and those in any supplement thereto, relate to the provisions in the Section of this Agreement to which they expressly relate; *provided, however*, that any information set forth in one section of the Schedules shall also be deemed to apply to any other section to which its relevance is reasonably apparent on its face.

Section 13.7 Necessary Action. Each party shall perform any further acts and execute and deliver any documents that may be reasonably necessary to carry out the provisions of this Agreement.

Section 13.8 Counterparts. This Agreement may be executed in multiple counterparts, any one of which need not contain the signature of more than one party, but all such counterparts taken together shall constitute one and the same instrument.

Section 13.9 Expenses. The Lima Parties are jointly and severally responsible for, and shall pay or reimburse to the MPT Parties upon demand for, all reasonable expenses (including but not limited to legal, accounting, brokerage and other fees and expenses) which may be incurred by the MPT Parties or its Affiliates with respect to the negotiation, execution and delivery of this Agreement, the MPT Obligation Documents, and the consummation of the transactions contemplated hereby and thereby. In addition, the Lima Parties are jointly and severally responsible for, and shall pay to the MPT Parties or the applicable third parties upon demand, the costs of all surveys, inspections, title policies and other third party reports required by the MPT Parties in connection with the consummation of the transactions contemplated hereby, recording fees, and all other expenses incurred in the consummation of the transactions contemplated hereby. For the avoidance of doubt, the MPT Parties may submit to the Lima Parties after the applicable Closing copies of additional invoices relating to costs and expenses, and the Lima Parties, jointly and severally, shall reimburse the MPT Parties within ten (10) days after receipt thereof.

Section 13.10 Public Announcements. No press release or public announcement related to this Agreement or the transactions contemplated herein shall be issued or made by any party hereto (or any Affiliate to a party hereto) without the joint approval of the other parties hereto, unless required by Law (in the reasonable opinion of counsel) in which case the other parties shall have the right to review such press release, announcement or communication prior to issuance, distribution or publication. Notwithstanding the foregoing, a party may, without the prior consent of the other parties hereto, (i) issue or cause publication of any such press release or public announcement to the extent that such party reasonably determines, after consultation with outside legal counsel, such action to be required by Law or by the rules of any applicable self-regulatory organization (including, without limitation, federal and state securities laws and the rules and regulations of the NYSE or NASDAQ), in which event such party will use its

commercially reasonable efforts to allow the other parties hereto reasonable time to comment on such press release or public announcement in advance of its issuance, (ii) disclose that it has entered into this Agreement and the other MPT Obligation Documents, and may provide and disclose information regarding this Agreement, the parties to this Agreement and the other MPT Obligation Documents, the Real Property, the Facility and the other assets and properties subject hereto and thereto, and such additional information which such party may reasonably deem necessary, to its proposed investors in connection with a public offering or private offering of securities, or any current or prospective lenders with respect to its financing, and to investors, analysts and other parties in connection with earnings calls and other normal communications with investors, analysts and other parties, or (iii) include any information in a prospectus, prospectus supplement or other offering circular or memorandum in connection with public or private capital raising or other activities undertaken by such party.

Section 13.11 No Third Party Beneficiaries. Nothing expressed or referred to in this Agreement will be construed to give any Person other than the Parties to this Agreement (and any Non-Recourse Party with respect to Section 13.18 hereof) any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement; *provided, that*, notwithstanding anything to the contrary in this Agreement, the Financing Sources, if any, shall be third party beneficiaries of, and shall have the right to enforce their rights and remedies under, the Financing Source Protection Provisions.

Section 13.12 Joint Drafting. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Agreement and the general rules of construction which would construe any provisions of this Agreement in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Agreement as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Agreement are hereby expressly waived by all parties to this Agreement.

Section 13.13 Joint and Several Obligations.

(a) Each Lima Party shall be jointly and severally liable for all of the liabilities and obligations of the Lima Parties under this Agreement. Additionally, each Lima Party acknowledges and agrees that all of the representations, warranties, covenants, obligations, conditions, agreements and other terms contained in this Agreement shall be applicable to and shall be binding upon and enforceable against any one or more of the Lima Parties. The MPT Parties may, in their sole discretion, seek satisfaction of liabilities and obligations of the Lima Parties from any or all of the Lima Parties under this Agreement (including, without limitation, with respect to Article XI hereof).

(b) Each MPT Party shall be jointly and severally liable for all of the liabilities and obligations of the MPT Parties under this Agreement. Additionally, each MPT Party acknowledges and agrees that all of the representations, warranties, covenants, obligations, conditions, agreements and other terms contained in this Agreement shall be applicable to and shall be binding upon and enforceable against any one or more of the MPT Parties. The Lima Parties may, in their sole discretion, seek satisfaction of liabilities and obligations of the MPT

Parties from any or all of the MPT Parties under this Agreement (including, without limitation, with respect to Article XI hereof).

Section 13.14 No Waiver. No waiver of any provision hereunder or any breach or default thereof shall extend to or affect in any way any other provision or prior or subsequent breach or default.

Section 13.15 Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision.

Section 13.16 Delivery by Electronic Transmission. This Agreement and any signed agreement entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail, shall be treated in all manner and respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any party hereto or to any such contract, each other party hereto or thereto shall re-execute original forms thereof and deliver them to all other parties. No party hereto or to any such contract shall raise the use of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail to deliver a signature or the fact that any signature or contract was transmitted or communicated through the use of facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail as a defense to the formation of a contract and each such party forever waives any such defense.

Section 13.17 Representatives of the Parties.

(a) Each of the Lima Parties hereby appoints Lima HoldCo as its duly authorized agent and representative (the "**Lima Parties' Representative**") to take all actions and enforce all rights of the Lima Parties under this Agreement, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the MPT Parties under this Agreement; (v) conducting negotiations and dealing with the MPT Parties under this Agreement; and (vi) taking any other actions on behalf of the Lima Parties relating to the Lima Parties' rights, claims, duties and obligations under this Agreement. In the performance of the MPT Parties' respective duties and obligations hereunder, the MPT Parties shall be authorized and permitted to correspond and transact with Lima Parties' Representative on behalf of all the Lima Parties and shall be entitled to rely upon any document or instrument executed and delivered by the Lima Parties' Representative.

(b) The MPT Parties hereby appoint MPT of Johnstown-Lima, LLC as its duly authorized agent and representative (the "**MPT Representative**") to take all actions and enforce all rights of the MPT Parties under this Agreement, including, without limitation, (i)

giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the Lima Parties under this Agreement; (v) conducting negotiations and dealing with the Lima Parties under this Agreement; and (vi) taking any other actions on behalf of the MPT Parties relating to the MPT Parties' rights, claims, duties and obligations under this Agreement. In the performance of the Lima Parties' respective duties and obligations hereunder, the Lima Parties shall be authorized and permitted to correspond and transact with the MPT Representative on behalf of all the MPT Parties and shall be entitled to rely upon any document or instrument executed and delivered by the MPT Representative.

Section 13.18 Non-Recourse. Notwithstanding anything in this Agreement or any of the MPT Obligation Documents to the contrary, each of the Parties, by its acceptance, directly or indirectly, of the benefits of this Agreement, expressly covenants, acknowledges and agrees that (a) no Person other than the Parties hereto shall have any obligation hereunder (and with respect thereto, only to the extent expressly provided herein) and that no recourse hereunder shall be had against, and no personal liability whatsoever shall attach to, be imposed on or otherwise be incurred by (i) any of the Parties' former, current and future direct or indirect equity holders, controlling persons, directors, officers, employees, agents, Affiliates, advisors, members, managers, general or limited partners, assignees, or representatives, (ii) any Financing Sources, or (iii) any former, current or future direct or indirect equity holders, controlling persons, directors, officers, employees, agents, Affiliates, advisors, members, managers, general or limited partners or assignees, or representatives of any of the foregoing (each of the foregoing referred to in clause (i), (ii) or (iii) above being referred to as a "**Non-Recourse Party**"), for any obligations of the Parties under this Agreement, or for any claim (whether in tort, contract or otherwise) based on, in respect of, or by reason of any such obligations or their creation or the transactions contemplated in this Agreement, through any of the Parties or otherwise, whether by or through attempted piercing of the corporate veil, by or through a claim by or on behalf of any of the Parties hereto against any of the other Parties or any Non-Recourse Party, by the enforcement of any judgment or assessment or by any legal or equitable proceeding, by virtue of any law, statute, or regulation, or otherwise, and (b) in no event shall any Lima Party or any other Person shall have any right to, nor shall any MPT Party or any of its Representatives have any obligation to, enforce specifically or otherwise seek specific performance of any debt or equity commitment letter described in the definition of "Financing" or any other agreements with any Financing Source relating to the Financing. Each of the Parties hereby covenants and agrees that it shall not institute, and shall cause each of its Affiliates and its equity holders and representatives not to attempt to assign or institute, directly or indirectly, any claim, suit or proceeding or bring, or attempt to assign, any other claim arising under, or in connection with, this Agreement or the transactions contemplated in this Agreement against any Non-Recourse Party. Notwithstanding the foregoing, nothing in this Section 13.18 shall in any way limit or modify any Financing Source's obligations to MPT Operating Partnership, L.P., Medical Properties Trust, Inc. or any MPT Party, as applicable, pursuant to any written agreement between such Financing Source, on the one hand, and MPT Operating Partnership, L.P., Medical Properties Trust, Inc. or such MPT Party, as applicable, on the other hand, with respect to any Financing. Furthermore, for the avoidance of doubt, (a) no Party to this Agreement will be considered a Non-Recourse Party and (b) nothing herein is intended or shall be deemed to limit or modify in any respect any the MPT Parties' or their Affiliates' respective rights and remedies under the Master Lease or any other

MPT Obligation Documents (including, without limitation, the Guaranty or any other guaranty agreement entered into by any of the Lima Parties or their Affiliates in connection therewith).

Section 13.19 Certain Waivers.

(a) Each of the Parties knowingly, willingly, irrevocably and expressly acknowledge and agree, on their own behalf and on behalf of their respective Affiliates, that, from and after the applicable Closing (other than with respect to prospective Closings), to the fullest extent permitted under applicable Law (including under Environmental Laws), any and all rights, claims and causes of action it may have against any other party to this Agreement or any of such other Party's Affiliates solely relating, as applicable, to the operation of any of the Lima Parties or the Lima Subsidiaries, any of the MPT Parties or their respective businesses or relating to the subject matter of this Agreement or any other document contemplated hereby, and the Transactions (other than, and solely with respect to, any of the representations, warranties and covenants herein that in accordance with the express term hereof survive the applicable Closing or with respect to claims for fraud, bad faith, or similar claims), whether or not arising under, or based upon, any Law (including any right, whether arising at law or in equity, to seek indemnification, contribution, cost recovery, damages, or any other recourse or remedy) are hereby irrevocably waived. Furthermore, without limiting the generality of this Section 13.19, no action, suit, claim, investigation or proceeding will be brought, encouraged, supported or maintained by, or on behalf of, any Party to this Agreement (or such party's Affiliates) against any of the other Parties to this Agreement (or their respective Affiliates), and no recourse will be sought or granted against any of them, by virtue of, or based upon, any alleged misrepresentation or inaccuracy in, or breach of, any of the representations, warranties, covenants or agreements of such other Party or its Affiliates set forth or contained in this Agreement or any other document contemplated hereby or any certificate, instrument, opinion, agreement or other document of such party, its Affiliates or any other Person delivered hereunder (other than, and solely with respect to, any of the representations, warranties and covenants herein that in accordance with the express term hereof survive the applicable Closing or with respect to claims for fraud, bad faith, or similar claims), the subject matter of this Agreement or any other document contemplated hereby, the business, the ownership, operation, management, use or control of the business of, as applicable, the Lima Parties, any of the Lima Subsidiaries, any of the MPT Parties, any of their respective assets, or any actions or omissions at, or prior to, the applicable Closing. Furthermore, without limiting the generality of this Section 13.19, none of the Parties will be entitled to rescind this Agreement or, subject to Article IX, treat this Agreement as terminated by reason of any breach of this Agreement, and all of the Parties knowingly, willingly, irrevocably and expressly waive any and all rights of rescission it may have in respect of any such matter; provided, that such waiver of recission rights shall not apply in the case of fraud, bad faith, or similar claims.

(b) Notwithstanding the foregoing subsection, nothing herein shall be deemed a waiver or relinquishment by any of the MPT Parties (or their Affiliates) of their rights and remedies under the Master Lease or other MPT Obligations Documents.

[Signatures Appear on the Following 6 Pages.]

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized officers on the date first written above.

ANNEX B

Defined Terms

"**Affiliate**" means, with respect to any Person (i) any Person that, directly or indirectly, controls or is controlled by or is under common control with such Person or (ii) any other Person that owns, beneficially, directly or indirectly, 10% or more of the outstanding capital stock, shares or equity interests of such Person; provided that Affiliate shall not include (x) any officer, director, employee, shareholder, partner, member, manager or trustee of such Person or (y) any Person that directly or indirectly owns equity securities of LifePoint or any portfolio company or Affiliate of such Person other than LifePoint and its subsidiaries. For the purposes of this definition, "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, through the ownership of voting securities or otherwise.

"**Agreement**" has the meaning set forth in the preamble hereof.

"**Ancillary Assets**" means, collectively, the following: (a) to the extent assignable, all rights in all intangible property relating exclusively to the Real Property, including, but not limited to, zoning rights, permits and indemnification or similar rights and all warranties, representations and guaranties affecting or inuring to the benefit of the Real Property or the owner thereof (including, without limitation, any indemnification or similar rights and warranties, representations and guaranties related to the Real Property); (b) to the extent assignable, all right, title and interest in and to site plans, surveys, soil and substrata studies, architectural drawings, plans and specifications, inspection reports, engineering and environmental plans and studies, title reports, floor plans, landscape plans and other plans relating to the Real Property; and (c) all right, title and interest of any Lima Party in and to all causes of action, claims and rights in litigation (or which could result in litigation against any party) pertaining or relating to the Real Property. Notwithstanding the foregoing, Ancillary Assets shall not include any assets included the Excluded Assets (as herein defined).

"**Assignment and Assumption of Lease Agreement**" means each Assignment and Assumption of Lease Agreement to be entered into by each of the applicable Lima Subsidiaries and MPT Parties at the applicable Closing, which shall be substantially in the form attached hereto as ***EXHIBIT F***, and pursuant to which such Lima Subsidiaries shall assign to the such MPT Parties, and such MPT Parties shall assume from such Lima Subsidiaries, all of the Assumed Lima Leases relating to the Leased Real Property intended to be transferred on such Closing Date.

"**Assignment and Assumption of MOB Ground Lease Agreement**" means each Assignment and Assumption of Lease Agreement to be entered into by each of the applicable Lima Subsidiaries and MPT Parties at the applicable Closing, which shall be substantially in the form attached hereto as ***EXHIBIT G***, and pursuant to which such Lima Subsidiaries shall assign to the such MPT Parties, and such MPT Parties shall assume from such Lima Subsidiaries, all of the Assumed Lima Leases relating to the Leased Real Property intended to be transferred on such Closing Date.

"**Assignments of Rents and Leases**" means the assignments of rents and leases (each in recordable form) to be entered into by each of the applicable Lima Subsidiaries and the MPT Parties at the applicable Closing, which shall be substantially in the form attached hereto as ***EXHIBIT H***.

"**Assumed Lima Leases**" has the meaning set forth in Section 2.3(a) hereof.

"**Benefit Plans**" means each employee benefit plan within the meaning of Section 3(3) of ERISA to which any Lima Party is a party or is bound or under which it may have any liability or obligation and under which any employees of any Lima Party are eligible to participate or derive a benefit.

"**Business**" means the business and operation of the Facilities by the applicable Lima Subsidiaries.

"**Business Day**" means a day other than Saturday, Sunday, or any day on which the principal commercial banks in the State of New York are authorized or obligated to close under the Laws of such state.

"**Bills of Sale and Assignment**" means that certain bill of sale and assignment to be entered into by each of the applicable Lima Parties and MPT Parties at the applicable Closing, transferring the Ancillary Assets relating to the MPT Acquired Assets to be transferred on such Closing Date from each of the Lima Parties to the applicable MPT Parties, and which shall be substantially in the form of ***EXHIBIT I*** attached hereto.

"**Closing**" has the meaning set forth in Section 8.1 hereof.

"**Closing Date**" has the meaning set forth in Section 8.1 hereof.

"**Code**" means the United States Internal Revenue Code of 1986, as amended through the date hereof, and all regulations thereunder. Any reference herein to a specific section or sections of the Code shall be deemed to include a reference to any corresponding provision of future law.

"**Collateral Assignments of Leases**" means collateral assignments from each of the applicable Lima Parties of the Collateral Leases listed on ***Schedule 6.5(b)*** and/or ***Schedule 8.2(l)*** attached hereto, substantially in the form of ***EXHIBIT J*** attached hereto.

"**Collateral Leases**" has the meaning set forth in Section 2.2 hereof.

"**Collective Bargaining Agreement**" means any collective bargaining agreement or similar Contract with any labor organization or other employee representative body.

"**Conemaugh Properties**" means, collectively, all of the Real Property on which the following Facilities are located: (i) Conemaugh Memorial Medical Center, (ii) Conemaugh Meyersdale Medical Center, (iii) Conemaugh Miners Medical Center, and (iv) Nason Medical Center.

"**Confidentiality Agreement**" means that certain confidentiality letter agreement, dated July 16, 2019, by and among MPT Op, DSB Holdings, Inc., and the other party thereto.

"**Constituent Documents**" means, for any corporation, partnership, limited partnership, limited liability company or other organization, its charter, articles of incorporation, certificate of incorporation, bylaws, partnership agreement, operating agreement, certificate of limited partnership, certificate of formation and other similar formation and governance documents, each as amended to the relevant date.

"**Construction Documents**" has the meaning set forth in Section 4.5(g) hereof.

"**Construction Projects**" has the meaning set forth in Section 4.5(g) hereof.

"**Contract**" means all written contractual agreements relating to or affecting the assets or the operation of the Facilities to which any of the Lima Parties is a party, and all contracts or agreements with regard to the development and construction of any additional healthcare facilities.

"**Damages**" means actual out-of-pocket losses, damages, claims, costs, fines, fees, expenses, penalties, interest obligations and deficiencies (including reasonable attorneys' fees and other expenses of litigation); provided, that Damages shall not include punitive, incidental, consequential, special or indirect damages (including loss of revenue, diminution in value and any damages based on any type of multiple).

"**Deeds**" means one or more special warranty deeds (each in recordable form) from the applicable Lima Subsidiaries conveying to the applicable MPT Parties fee simple title to (a) the applicable Owned Real Property, and (b) any owned Improvements (as applicable) located on any of the Leased Real Property, in each case subject only to the Permitted Encumbrances, and which shall be substantially in the form attached hereto as ***EXHIBIT K***.

"**Encumbrance**" means any mortgage, pledge, assessment, security interest, lease, sublease, lien, adverse claim, levy, right of way, easement, encroachment, covenant, charge, restriction, variance, liability or other encumbrance of any kind, or any conditional sale contract, title retention contract, or other agreement, arrangement or understanding to give or to refrain from giving any of the foregoing.

"**Environmental Claim**" means any claim, action, cause of action, investigation alleging potential liability (including, without limitation, potential liability for investigatory costs, cleanup costs, governmental response costs, natural resources damages, property damages, personal injuries or penalties) arising out of or based on Environmental Law, or resulting from the violation of any Environmental Law.

"**Environmental Indemnification Agreement**" means the Environmental Indemnification Agreement to be entered into at the applicable Closing by Lima Holdco, each of the applicable Lima Subsidiaries, and the MPT Parties, and which shall be substantially in the form attached hereto as ***EXHIBIT L***.

"**Environmental Laws**" means Laws relating to the use, refinement, handling, treatment, removal, storage, production, manufacture, transportation or disposal, emission, discharge, release or threatened release of Hazardous Substances, or otherwise relating to protection of worker health (with respect to exposure to Hazardous Substances) or the environment (including, without limitation, ambient air, surface water, ground water, land surface or subsurface strata), as the same may be amended or modified to the date hereof and as of the applicable Closing Date, including, but not limited to Comprehensive Environmental Response, Compensation and Liability Act , 42 U.S.C. § 9601 *et seq.*, Resource Conservation and Recovery Act, 42 U.S.C. § 6901 *et seq.*, Toxic Substances Control Act, 15 U.S.C. § 2601 *et seq.*, Occupational Safety and Health Act, 29 U.S.C. *§* 651 et seq., the Clean Air Act, 42 U.S.C. § 7401 *et seq.*, the Clean Water Act, 33 U.S.C. § 1251 *et seq.*, each as may have been amended or supplemented, and any applicable environmental transfer statutes or laws.

"**Equity Constituents**" means, with respect to any Person, as applicable, the members, general or limited partners, shareholders, stockholders or other Persons, however designated, who are the owners of the issued and outstanding equity or ownership interests of such Person.

"**ERISA**" shall mean the United States Employee Retirement Income Security Act of 1974, as amended, and the rules and regulations promulgated thereunder.

"**ERISA Affiliate**" shall mean any other corporation or trade or business controlled by, controlling, or under common control with any Lima Party (within the meaning of Code Section 414 or Section 400(a)(14) or 4001(b) of ERISA).

"**Excluded Liabilities**" has the meaning set forth in Section 2.3.

"**Excluded Assets**" has the meaning set forth in Section 2.2.

"**Existing Intercreditor Agreement**" means that certain Intercreditor Agreement, dated as of April 29, 2016, by and among certain Affiliates of the MPT Parties, on the one hand, and Wilmington Trust, National Association (as notes collateral agent), Royal Bank of Canada (as administrative agent and collateral agent under the Asset-Based Revolving Credit Agreement (as defined therein), and Cantor Fitzgerald Securities, as collateral agent under the First Lien Credit Agreement (as defined therein), with respect to certain leasing and financing arrangements with Regionalcare Hospital Partners Holdings, Inc., a Delaware corporation d/b/a RCCH Healthcare Partners, and its indirect subsidiaries that are MPT Operators (as defined therein), as the same has been amended, modified or supplemented from time to time.

"**Facilities**" has the meaning set forth in the recitals of the Agreement.

"**Financing**" shall mean, as applicable, any offering or private placement of any debt or equity securities or any bank loan or other debt financing issued or incurred, or proposed to be issued or incurred, by Medical Properties Trust, Inc. or any of its Affiliates (i) to finance, in whole or in part, any of the transaction contemplated by this Agreement and related fees and expenses to be incurred by the MPT Parties and their Affiliates in connection therewith, and/or (ii) to refinance, in whole or in part, any such debt financing referred to in clause (i) above.

"**Financing Source Protection Provisions**" shall have the meaning set forth in Section 13.5 hereof.

"**Financing Sources**" shall mean, collectively, any lender, underwriter, financing source, placement agent, arranger, bookrunner, and other agent for all or any portion of any Financing, and each other entity that has committed to provide, or otherwise agreed to place, purchase, underwrite, syndicate or arrange, all or any portion of any Financing, including any financial institution from time to time party to the commitment letter referred to in the definition of "Financing" (in each case, together with their respective Affiliates, and the respective current, former or future officers, directors, employees, agents and representatives of the foregoing, and their respective successors and assigns).

"**Fixtures**" shall mean all permanently affixed non-medical equipment, machinery, fixtures, and other items of real property, including all components thereof, now and hereafter located in, on or used in connection with, and permanently affixed to or incorporated into the Improvements, including, without limitation, all affixed furnaces, boilers, heaters, electrical equipment, heating, plumbing, lighting, ventilating, refrigerating, incineration, air and water pollution control, waste disposal, air-cooling and air-conditioning systems and apparatus, sprinkler systems and fire and theft protection equipment, and built-in vacuum, cable transmission, oxygen and similar systems, all of which, to the greatest extent permitted by law, are hereby deemed by the parties to constitute real estate, together with all replacements, modifications, alterations and additions thereto.

"**Fundamental Representations**" means (i) with respect to the representations and warranties of the Lima Parties, the representations and warranties set forth in Sections 4.1, 4.2, 4.3, 4.4, 4.14, and with respect to the representations and warranties of the MPT Parties, the representations and warranties set forth in Sections 5.1 and 5.2.

"**Governmental Authority**" means any national, state or local government; any political subdivision thereof; any other governmental, quasi-governmental, judicial, public or statutory instrumentality, authority, body, agency, department, bureau, commission or entity (to the extent that the rules, regulations or orders of such organization or authority have the force of Law); or any arbitrator with authority to bind a party at law.

"**Ground Leased MOB Property**" means, collectively, the Southwestern/Lawton Ground Leased Property, the Ottumwa Ground Leased Property, and the Nason/Roaring Springs Ground Leased Property.

"**Guarantor**" has the meaning set forth in the recitals hereof.

"**Guaranty**" has the meaning set forth in the recitals hereof.

"**Hazardous Substances**" means any Medical Waste and any toxic or hazardous waste, pollutants or substances listed as a "hazardous substance," "toxic substance," "toxic pollutant" or similarly identified substance or mixture, in or pursuant to any Environmental Law, including

friable asbestos, polychlorinated biphenyls and petroleum, petroleum products and byproducts or other hydrocarbon substances.

"**Healthcare Licenses**" means all applicable federal, state and local governmental Licenses, approvals, qualifications, variances, certificates of need, franchises, accreditations, certificates, certifications, consents, permits, provider agreements and other authorizations, which may be (a) necessary for the operation of each of the Hospitals as a general acute care or critical access hospital facility (and for such other legal ancillary uses as may be necessary in connection with or incidental to such uses), or (b) required for certification and participation under Medicare and Medicaid legislation and regulations, the provider programs of any Governmental Authority for each particular Facility, the United States Department of Health and Human Services, and the Centers for Medicare and Medicaid Services, and/or state or federal Title XVIII and/or Title XIX provider programs applicable for each such Facility.

"**Hospitals**" has the meaning set forth in the recitals hereof.

"**Impacted Facility**" has the meaning set forth in Section 2.4.

"**Improvements**" means the Facilities and all other buildings, improvements, structures and Fixtures located on the Land (either on the date of this Agreement or on the applicable Closing Date), including without limitation, landscaping, parking lots and structures, roads, drainage and all above ground and underground utility structures, equipment systems and other so-called "infrastructure" improvements.

"**Indemnified Party**" has the meaning set forth in Section 11.4(a).

"**Indemnifying Party**" has the meaning set forth in Section 11.4(a).

"**Individual Purchase Price**" has the meaning set forth in Section 3.1.

"**Johnstown ROFR Properties**" means, collectively, (i) certain the Real Property located at 1440 Scalp Avenue, Lot 11, Johnstown, Pennsylvania, and (ii) certain the Real Property located at 1440 Scalp Avenue, Lots 12 and 17, Johnstown, Pennsylvania.

"**Joinder to the Existing Intercreditor Agreement**" means a joinder and amendment to Existing Intercreditor Agreement to be executed and delivered at the applicable Closing, pursuant to which the applicable Parties hereto join or cause to be joined to the Existing Intercreditor Agreement: (i) the Sale/Leaseback Transaction as a "Future MPT/Holdings Transaction" thereunder, (ii) the applicable MPT Parties as "MPT Lessor" thereunder, and (iii) the applicable Lima Subsidiaries as "MPT Operators" thereunder, and which joinder and amendment shall be in substantially in the form of ***EXHIBIT M*** attached hereto (unless otherwise agreed by the MPT Parties, in their sole discretion).

"**Knowledge of MPT Parties**" (and any similar expression, including "MPT Parties' Knowledge") means, as to a particular fact or matter, the actual knowledge of R. Steven Hamner,

after reasonable inquiry, by such Person of officers, directors, employees and agents of the MPT Parties or of any Affiliate of the MPT Parties with respect to the matters at hand.

"**Knowledge of the Lima Parties**" (and any similar expression, including "Lima's Knowledge") means, as to a particular fact or matter, the actual knowledge of any of the Person specified with respect to any of the Lima Parties on ***EXHIBIT N*** as of the date hereof, after reasonable inquiry by such Person of officers, directors, employees and agents of the applicable Lima Parties or their Affiliates with respect to the matters at hand.

"**Land**" has the meaning set forth in the recitals hereof.

"**Law**" means any statute, law, ordinance, rule, regulation, code, resolution, order, writ, injunction, judgment, decree, ruling or treaty issued by any Governmental Authority.

"**Leased Land**" has the meaning set forth in the recitals hereof.

"**Leased Real Property**" has the meaning set forth in the recitals hereof.

"**Lessees**" has the meaning set forth in the recitals hereof.

"**Licenses**" shall mean all accreditations, licenses, permits, franchises, certificates and certifications (including certificates of need), approvals, exemptions, classifications, registrations and other similar documents and authorizations issued by any Governmental Authority (including, without limitation, all Healthcare Licenses), and amendments and modifications of any of the foregoing.

"**LifePoint**" has the meaning set forth in the recitals hereof, it being understood that in the event that LifePoint is converted to a Delaware limited liability company, the term "LifePoint" shall be deemed to refer to such converted entity.

"**LifePoint Indemnified Parties**" has the meaning set forth in Section 11.2.

"**LifePoint JV Members**" means, collectively, the direct and indirect members in the entities that own the Conemaugh Properties.

"**LifePoint Lease Guaranty**" has the meaning set forth in the recitals hereof.

"**LifePoint Noncompetition Agreement**" means the Noncompetition Agreement to be entered into by LifePoint at the applicable Closing, which shall be substantially in the form attached hereto as ***EXHIBIT O***.

"**LifePoint Upper Tier Distributions**" means the collective distributions by any of the Lima Sellers or LifePoint, DSB Holdings, Inc., or any of its Subsidiaries of any portion of their Affiliates of the proceeds received directly or indirectly by the Lima Sellers in connection with the Sale/Leaseback Transaction to (directly or indirectly) any of LifePoint or its Subsidiaries.

"**LifePoint Upper Tier Restructuring Transaction**" means any distributions, contributions or other transfers of (i) the equity interests of DLP Conemaugh Holding Company, LLC (and indirectly its Subsidiaries and minority investments) to (a) LifePoint or any of its wholly-owned subsidiaries and (b) Duke Quality Network, Inc. and its Subsidiaries (the "Conemaugh Separation"), (ii) any direct or indirect equity interests of the Lima Parties held directly by LifePoint or any of its wholly-owned Subsidiaries (including following the Conemaugh Separation, their equity interest in DLP Conemaugh Holding Company, LLC) within LifePoint and its wholly-owned Subsidiaries whether prior to, on, or after any Closing; *provided that*, without consent from the MPT Parties, which consent shall not be unreasonably withheld, the LifePoint Upper Tier Restructuring Transaction will not result in any change in the entities that own the Real Property.

"**Lima Party**" and "**Lima Parties**" have the respective meanings set forth in the preamble hereof.

"**Lima Indemnified Parties**" has the meaning set forth in Section 11.3 hereof.

"**Lima Parties' Representative**" has the meaning set forth in Section 13.17(a) hereof.

"**Lima Seller**" and "**Lima Sellers**" have the respective meanings set forth in the recitals hereof.

"**Lima Subsidiaries**" has the meaning set forth in the preamble hereof.

"**Lima Holdco**" has the meaning set forth in the preamble hereof.

"**Lima Noncompetition Agreement**" means the Noncompetition Agreement to be entered into by Lima Holdco at the initial Closing, which shall be substantially in the form attached hereto as ***EXHIBIT P***.

"**Management Agreements**" means any contract or agreement for the provision of whole-hospital management services to any of the Lima Subsidiaries with respect to the operation of any Hospital on any of the Real Property, whether now existing or hereafter entered into (but shall not be construed to cover management agreements or similar agreements relating to only a small portion of a Facility, such as an inpatient psychiatric unit or a wound care facility (as opposed to the management and operation of the Hospital).

"**Master Lease**" has the meaning set forth in the recitals hereof.

"**Material Adverse Effect**" means any change, effect, event, occurrence, state of facts or development, whether direct or indirect, that, both before and after giving effect to the transactions contemplated by this Agreement, individually or in the aggregate, has or could reasonably be expected to have a material adverse effect to the financial condition or results of operations of the Lima Parties taken as a whole, the cost of which exceeds or could reasonably be expected to exceed Seventy-Five Million Dollars ($75,000,000); *provided, however*, that none of the following shall be deemed in themselves, either alone or in combination, to constitute, and

none of the following shall be taken into account in determining whether there has been or will be, a Material Adverse Effect: any change, effect, event, occurrence, state of facts or development attributable to (a) the announcement or pendency of the transactions contemplated by this Agreement; (b) conditions affecting the general acute care hospital industry, the U.S. economy as a whole, or the financial or capital markets in general (including currency fluctuations) or the markets in which the Lima Parties operate; (c) compliance with the terms of, or the taking of any action required, contemplated or permitted by, this Agreement; (d) any change in, or proposed or potential change in, applicable Laws or the interpretation thereof; (e) actions required to be taken under applicable Laws, contracts or agreements; (f) any change in generally accepted accounting principles or other accounting requirements or principles or the interpretation thereof; (g) the failure of the Lima Parties to meet or achieve the results set forth in any projection or forecast (*provided*, that this clause (g) shall not prevent a determination that any change or effect underlying such failure to meet projections or forecasts has resulted in a Material Adverse Effect (to the extent such change or effect is not otherwise excluded from this definition of Material Adverse Effect)); (h) the commencement, continuation or escalation of a war, cyberattack, material armed hostilities or other material international or national calamity or act of terrorism; (i) any of the matters disclosed on the disclosure Schedules attached to this Agreement; or (j) the effect of any action taken by the MPT Parties with respect to the transactions contemplated by this Agreement or the financing thereof; *provided* that, in the case of clauses (b), (d), (e) and (h) above, if such change, effect, event, occurrence, state of facts or development disproportionately affects the Lima Parties as compared to other Persons or businesses that operate in the industry in which the Lima Parties operate, then the disproportionate aspect of such change, effect, event, occurrence, state of facts or development may be taken into account in determining whether a Material Adverse Effect has or will occur.

"**Medicaid**" shall mean the medical assistance program established by Title XIX of the Social Security Act (42 U.S.C. Sections 1396 *et seq.*) and any statute succeeding thereto.

"**Medical Waste**" means (a) pathological waste, (b) blood, (c) sharps, (d) wastes from surgery or autopsy, (e) dialysis waste, including contaminated disposable equipment and supplies, (f) cultures and stocks of infectious agents and associated biological agents, (g) contaminated animals, (h) isolation wastes, (i) contaminated equipment, (j) laboratory waste and (k) various other biological waste and discarded materials contaminated with or exposed to blood, excretion, or secretions from human beings or animals. "Medical Waste" also includes any substance, pollutant, material, or contaminant listed or regulated under the Medical Waste Tracking Act of 1988, 42 U.S.C. § 6992, *et seq.* ("**MWTA**"), and applicable state Law.

"**Medicare**" shall mean the health insurance program for the aged and disabled established by Title XVIII of the Social Security Act (42 U.S.C. Sections 1395 *et seq.*) and any statute succeeding thereto.

Ottumwa Owned Land

Real property in the City of Ottumwa, County of Wapello, State of lowa, described as follows:

Tract 1 (Marack Property):

Parcel 4:
A part of the North Half of the Southwest Quarter of Section 17, Township 72 North, Range 13 West of the 5th P.M. in Wapello County, Iowa, described as follows, to wit:

Beginning at a point on the North line of the said North Half of the SW 1/4 of Section 17 that is 1,384.1 feet East of the West One-quarter corner of said Section 17; thence at an angle to the right of 88 degrees 15 minutes from the said North line of the North Half of the SW 1/4 of Section 17 in a Southerly direction, a distance of 134.5 feet; thence at an angle to the right of 13 degrees 23 minutes, a distance of 215 feet; thence at an angle to the right of 56 degrees 00 minutes a distance of 40 feet; thence at an angle to the right of 45 degrees 47 minutes a distance of 163.8 feet; thence at an angle to the right of 15 degrees 50 minutes, a distance of 46 feet; thence at an angle to the right of 22 degrees 00 minutes a distance of 30 feet to a point on the East line of the now dedicated Birchwood Drive as found in a Quit-Claim Deed to the City of Ottumwa, Iowa dated the 21st day of April, 1975, and found in Book 387, Pages 611 and 614 in the Office of the Recorder, Wapello County, Iowa; thence South 1 degree 43 minutes 20 seconds East along the said East line of Birchwood Drive, a distance of 93.23 feet to a point on the Northerly line of the James W. and Barbara M. Garman property as described and found of Record in Book 394, Page 71, in the Office of the Recorder, Wapello County, Iowa, said point also being 22.68 feet Southeast of the Northwest corner of said Garman property; thence Southeasterly along the said Northerly line of the Garman

property a distance of 35.47 feet; thence at an angle of 10 degrees 19 minutes 20 seconds to the left along the Northerly line of the Garman property, a distance of 179.71 feet to the Northwest corner of the William N. Cramblit property as described in Book 369, Page 75, in the Office of the Recorder, Wapello County, Iowa; thence Northeasterly along the Northerly line of the said William N. Cramblit property, a distance of 70 feet; thence at an angle of 20 degrees 01 minutes to the left, a distance of 85 feet; thence at an angle of 100 degrees 00 minutes to the right, a distance of 175 feet; thence at an angle of 39 degrees 29 minutes to the right, a distance of 95 feet; thence at an angle of 82 degrees 30 minutes to the right, a distance of 220 feet to the Southwest corner of the said William N. Cramblit property; thence Northwesterly along the Southwesterly line of that property as described in said Book 394, Page 71, a distance of 125 feet; thence at an angle of 56 degrees 31 minutes to the left, a distance of 132 feet to a point on the said East line of Birchwood Drive; thence South 1 degrees 03 minutes East along the said East line of Birchwood Drive, a distance of 289.77 feet; thence South 77 degrees 57 minutes West along the Southerly line of Birchwood Drive, a distance of 178.41 feet; thence North 64 degrees 03 minutes West along the Southerly line of Birchwood Drive, a distance of 82.56 feet; thence South 30 degrees 1 minutes West a distance of 253.37 feet; thence South 59 degrees 35 minutes West, a distance of 161.1 feet to the Southwest corner of the Mary Helen Anderson property as found of record in Book 275, Page 564, in the Office of the Recorder, Wapello County, Iowa; thence South 16 degrees 46 minutes East along the Easterly line of the Mary Helen Anderson property as found of record in Book 272, Page 250, in the Office of the Recorder, Wapello County, Iowa, to the Southeast corner of said property; thence South 54 degrees 46 minutes West, a distance of 45.31 feet; thence South 44 degrees 19 minutes East, a distance of 123.4 feet; thence South 2 degrees 20 minutes West to a point on the South line of the said North Half of the SW 1/4 of Section 17; thence East along the said South line of the said North Half of the SW 1/4 of Section 17 to the Southeast corner of the said North Half of the SW 1/4 of Section 17; thence North along the East line of the North Half of the SW 1/4 of Section 17 as the same is now evidenced by an old existing boundary line fence to a point that is South 0 degrees 48 minutes East from the center of said Section 17, a distance of 250 feet; thence North 83 degrees 09 minutes 40 second West, a distance of 783.63 feet; thence North 16 degrees 06 minutes 40 seconds West, a distance of 105 feet; thence North 83 degrees 19 minutes West, a distance of 428.15 feet to the point of beginning, containing 43.5 acres more or less, and being subject to that part of the private roadway (now being called Birchwood Lake Drive) along the Northerly side of the James W. and Barbara M. Garman property and the William N. Cramblit property now being used for ingress and egress to said property and for utilities serving said property; Except those portions of the above described property contained within the plat of Ackley's Birchwood First Subdivision, filed September 1, 1979, in Book 1A, Page 123, and the Deeds filed in Book 408, Page 430; Book 525, Page 903; and Book 531, Page 1092, of the Records of the Wapello County, Iowa Recorder.

Tax Property Identification No. 007411560044000

Parcel 5:

A part of the North Five (5) Acres of the West Half of the Southwest Quarter of the Southwest Quarter of Section 17, Township 72 North, Range 13 West of the 5th P.M., in the City of Ottumwa, Wapello County, Iowa, described as follows, to-wit:

Beginning at a point on the West line of the said West Half of the SW 1/4 of the SW 1/4 of Section 17 that is 990 feet North of the Southwest corner of said Section 17; thence North along the said West line of the West Half of the SW 1/4 of the SW 1/4 of Section 17, to a point on the South line of the now dedicated Pike Road as found of record in a Quit-Claim Deed to the City of Ottumwa, Iowa dated the 21st day of April 1975, and found in Book 387, Pages 611 and 614, in the Office of the Recorder, Wapello County, Iowa; thence East along the said South line of Pike Road, a distance of 30 feet; thence South 0 degrees 02 minutes West a distance of 38.15 feet; thence South 37 degrees 33 minutes East, a distance of 65.6 feet; thence South 89 degrees 57 minutes East, a distance of 239 feet; thence South 62 degrees 05 minutes East, a distance of 162.8 feet; thence North 69 degrees 33 minutes East, a distance of 212.15 feet to a point on the East line of the said West Half of the SW 1/4 of the SW 1/4 of Section 17; thence South along the said East line of the West Half of the SW 1/4 of the SW 1/4 of Section 17 to a point on the South line of the said North Five (5) Acres of the West Half of the SW 1/4 of the SW 1/4 of Section 17; thence West along the said South line of the North Five (5) Acres of the West Half of the SW 1/4 of the SW 1/4 of Section 17, to the point of beginning;
EXCEPT

Parcel "A" described as a part of the North 5 acres of the Northwest Quarter (NW 1/4) of the Southwest Quarter (SW 1/4) of the Southwest Quarter (SW 1/4) of Section Seventeen (17) and a part of Auditors Lot Four (4) of the Southeast Quarter (SE 1/4) of the Southeast Quarter (SE 1/4), Section Eighteen (18), all in Township Seventy-two (72) North, Range Thirteen (13) West of the 5th P.M., in the City of Ottumwa, Wapello County, Iowa and more particularly described as follow: Beginning at a found 112" iron rebar at the intersection of the South line of Pike Road and the West line of said Northwest Quarter (NW 1/4) of the Southwest Quarter (SW 1/4) of the Southwest Quarter (SW 1/4) Section 17; thence North 87 degrees, 18 minutes 31 seconds East 29.90 feet along the South line of Pike Road to a found 1/2" iron rebar; thence South 00 degrees 23 minutes 20 seconds East 38.15 feet along the West line of Lot 17 of Birchwood Hills Addition to found 5/8" iron rebar with Cap No. 11420; thence South 37 degrees 56 minutes 35 seconds East 65.35 feet along the Southwest line of said Lot 17 to a found 1/2" iron rebar; thence South 83 degrees 37 minutes 58 seconds West 70.32 feet to the West line of said North 5 acres, marked by a found iron 1/2: pipe over an iron 1/2" rebar; thence North 38 degrees 01 minutes 40 seconds West 48.78 feet to a found 5/8" rebar with Cap No. 11420; thence North 00 degrees 23 minutes 17 seconds West 57.73 feet to the South line of Pike Road to a found 1/2" iron rebar; thence South 89 degrees 42 minutes 37 seconds East 30.05 feet along said South line to the point of beginning, containing 0.144 acres, and subject to any and all easements and/or restrictions of record. The West line of the North 5 acres of the NW 1/4 SW 1/4 SW 1/4 Section 17 is North 00 degrees 18 minutes 00 seconds West for this description;

AND EXCEPT

A parcel of land described as Parcel "D" and described by Plat of Survey dated July 13, 2010, as follows:

Parcel "D" of the North five (5) acres of the Northwest Quarter (NW 1/4) of the Southwest Quarter (SW 1/4) of the Southwest Quarter (SW 114) of Section Seventeen (17), Township Seventy-two (72) North, Range Thirteen (13) West of the 5th P.M., in the City of Ottumwa, Wapello County,

Iowa and more particularly described as follows: Commencing at a found 1/2" rebar at the intersection of the South line of Pike Road and the West line of said NW I/4 of the SW 1/4 of the SW 1/4 Section 17; thence South 00 degrees, 18 minutes 00 seconds East 96.00 feet along the West line thereof to a found 1/2" pipe over found 1/2" rebar; thence North 83 degrees 37 minutes 58 seconds East 34.32 feet to the point of beginning for this description; thence continuing North 83 degrees 37 minutes 58 seconds East 36.00 feet to a found 1/2" rebar at the Southwest corner of Lot Seventeen (17) of Birchwood Hills Addition; thence North 89 degrees 39 minutes 58 seconds East 103.00 feet along the South line of said Lot 17; thence South 40 degrees 09 minutes 12 seconds West 95.75 feet; thence North 48 degrees 18 minutes 10 seconds West 103.18 feet to the point of beginning, containing 0.118 acres or 5130.04 square feet, and subject to any and all easements and/or restrictions of record. The West line of the North 5 acres of the NW 1/4 of the SW 1/4 of the SW 1/4 Section 17 is North 00 degrees 18 minutes 00 seconds West for this description.

Tax Property Identification No. 007411560046030
Parcel 6:

The West Half of the Southwest Quarter of the Southwest Quarter of Section 17, Township 72 North, Range 13 West of the 5th P.M., in the City of Ottumwa , Wapello County, Iowa, except the North Five (5) acres.

Tax Property Identification No. 007411560045000

Tract 2:

Parcel B:

The Southwest Quarter (SW 1/4) of the Southeast Quarter (SE 1/4) of the Southwest Quarter (SW 1/4) of Section Seventeen (17), Township Seventy-two (72) North, Range Thirteen (13) West of the 5th P.M. in Wapello County, Iowa, except part quit-claimed to Richard C. Bauerle and Jane M. Bauerle, husband and wife, by Quit Claim Deed 439 Page 426, filed in Recorder's Office of Wapello County, Iowa on May 9, 1984.

Tax Property Identification No. 007131740477000
Tract 3: (Pennsylvania Main Campus)

Parcel 1:

The Northwest Quarter (NW 1/4) of the Northwest Quarter (NW 1/4) of Section Twenty (20), and the East Half(E 1/2) of the Southwest Quarter (SW 1/4) of the Southwest Quarter (SW1/4) of Section Seventeen (17), all in Township Seventy-two (72) North of Range Thirteen (13) West of the 5th P.M., in Wapello County, Iowa, Except, a part of the Southwest Quarter of the Southwest Quarter of Section 17, Township 72 North, Range 13 West of the 5th P.M., and a part of the Northwest Quarter of the Northwest Quarter of Section 20, Township 72, North 13, West of the 5th P.M., described as follows, to-wit:

Beginning at the Northeast corner of the said NW 1/4 of the NW 1/4 of Section 20; thence North, a distance of 42.45 feet; thence South 89 degrees 37 minutes 10 seconds West along a line that is parallel to the North line of the said NW 1/4 of the NW 1/4 of Section 20, a distance of 595.38 feet; thence South a distance of 42.45 feet to a point on the said North line of the NW 1/4 of the NW 1/4 of Section 20; thence South 13 degrees 02 minutes 30 seconds East, a distance of 611.32 feet; thence South 66 degrees 23 minutes 40 seconds West, a distance of 500 feet; thence South 23 degrees 36 minutes 20 seconds East, a distance of 536.52 feet to a point on the North line of Pennsylvania Avenue in the said City of Ottumwa, Iowa; thence North 89 degrees 39 minutes 40 seconds East along the said North line of Pennsylvania Avenue, a distance of 697.51 feet to a point on the East line of the said NW 1/4 of the NW 1/4 of Section 20 that is 30 feet North 0 degrees 08 minutes 50 seconds East, from the Southeast corner of the said NW 1/4 of the NW 1/4 of Section 20; thence North 0 degrees 08 minutes 50 seconds East, along the said East line of the NW 1/4 of the NW 1/4 of Section 20, a distance of 1287.32 feet to the point of beginning.

Also Except, A parcel of land in the NW 1/4 NW 1/4 of Section 20 T72N, R13W of the 5th P.M. Wapello County, Iowa. More particularly described as follows: Commencing at the SW corner of the NW 1/4 of the NW 1/4 of said Section 20, thence North 0 degrees 00 minutes 00 seconds East 30.00 feet; thence North 89 degrees 39 minutes 40 seconds East 609.07 feet; thence North 23 degrees 36 minutes 20 seconds West 505.52 feet to the point of beginning. Thence North 23 degrees 36 minutes 20 seconds West 31.00 feet; thence North 66 degrees 23 minutes 40 seconds East 210.28 feet; thence North 23 degrees 36 minutes 20 seconds West 19.02 feet; thence South 66 degrees 23 minutes 40 seconds West 105.66 feet; thence North 23 degrees 36 minutes 20 seconds West 0.83 feet, thence South 66 degrees 23 minutes 40 seconds West 41.35 feet, thence South 23 degrees 36 minutes 20 seconds East 1.35 feet; thence South 66 degrees 23 minutes 40 seconds West 23.34 feet, thence North 23 degrees 36 minutes 20 seconds West 5.76 feet; thence South 66 degrees 23 minutes 40 seconds West 0.33 feet, thence North 23 degrees 36 minutes 20 seconds West 6.15 feet; thence South 66 degrees 23 minutes 40 seconds West 71.00 feet; thence South 23 degrees 36 minutes 20 seconds East 7.00 feet; thence South 66 degrees 23 minutes 40 seconds West 4.50 feet; thence South 23 degrees 36 minutes 20 seconds East 54.41 feet, thence North 66 degrees 23 minutes 40 seconds East 35.90 feet to the point of beginning, containing 0.15 acres.

EXCEPT those portions of the above described properties contained within the Warranty Deeds filed June 30, 2011, in Book 2011, Page 2792; Book 2011, Page 2793 and Book 2011, Page 2794, all in the Records of the Wapello County, Iowa Recorder.

MASTER LEASE AGREEMENT

This MASTER LEASE AGREEMENT (the "**Lease**") is dated this _____ day of _____, ____ (the "**Effective Date**"), and is by and among the entities listed on ***Schedule 1-A*** attached hereto and made a part hereof by reference and incorporation (collectively, jointly and severally, the "**Lessor**"), having their principal office at 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242, and the entities listed on ***Schedule 1-B*** attached hereto and made a part hereof by reference and incorporation (collectively, jointly and severally, the "**Lessee**"), having their principal office at 330 Seven Springs Way, Brentwood Tennessee 37027.

STATEMENT OF INTENT

Subject to Articles V, XIV, XV, XXX and Section 16.1, this Lease constitutes one unitary, indivisible, non-severable true lease of all the Leased Property. This Lease does not constitute separate leases contained in one document each governed by similar terms. The use of the expression "unitary lease" to describe this Lease is not merely for convenient reference. It is the conscious choice of a substantive appellation to express the intent of Lessor and Lessee in regard to an integral part of this transaction, which is to accomplish the creation of an indivisible lease. Lessor and Lessee agree that from an economic point of view the portions of the Leased Property leased pursuant to this Lease constitute one economic unit and that the Rent and all other provisions have been negotiated and agreed to based upon a lease of all the portions of the Leased Property as a single, composite, inseparable transaction. Except as expressly provided in this Lease for specific isolated purposes (and in such cases only to the extent expressly so stated), all provisions of this Lease, including definitions, commencement and expiration dates, rental provisions, use provisions, renewal provisions, breach, default, enforcement, termination and assignment and subletting provisions, shall apply equally and uniformly to all the Leased Property as one unit and are not severable. The economic terms of this Lease would have been substantially different had separate leases or a "divisible" lease been acceptable to Lessor. A default of any of the terms or conditions of this Lease occurring with respect to any particular Property shall constitute a default under this Lease with respect to all the Leased Property. Except as expressly provided in this Lease for specific isolated purposes (and in such cases only to the extent expressly so stated), Lessor and Lessee agree that the provisions of this Lease shall at all times be construed, interpreted and applied such that the intention of Lessor and Lessee to create a unitary lease shall be preserved and maintained. Lessor and Lessee agree that for the purposes of any assumption, rejection or assignment of this Lease under 11 U.S.C. Section 365 or any amendment or successor section thereof, this is one indivisible and non-severable lease dealing with and covering one legal and economic unit which must be assumed, rejected or assigned as a whole with respect to all (and only all) the Leased Property.

W I T N E S S E T H:

WHEREAS, Lessor is the current owner or lessee of that certain real property more particularly described on ***Exhibits A-1*** *et seq.* attached hereto and incorporated herein by reference (together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto, and any other parcel of land acquired or leased and made subject to this Lease, collectively, the "**Land**"), and is also the current owner or lessee of all of the Leased Improvements

(as hereinafter defined) located on the Land (subject, as applicable, to the respective terms of the Pass-Through Leases (as hereinafter defined));

WHEREAS, pursuant to those certain Assignment and Assumption of Lease Agreements, each dated as of even date herewith, by and between certain of the Pass-Through Lessees (as hereinafter defined) (or, as applicable) their Affiliates, on the one hand, and the Pass-Through Lessors (as hereinafter defined), on the other hand, each of the Pass-Through Lessees (or, as applicable, their Affiliates) assigned to the applicable Pass-Through Lessors all of the Pass-Through Lessees' (or, as applicable, their Affiliates') respective rights, title and interest in, to and under each of the applicable Pass-Through Leases (as hereinafter defined), whereby the applicable Pass-Through Lessor, respectively: (i) acquired and now holds a leasehold interest in the Pass-Through Lease Land, and (ii) either owns or leases the improvements located on the Pass-Through Lease Land during the respective terms of the Pass-Through Leases (after which time the owned improvements located on the Pass-Through Lease Land revert to the respective "landlords" or "lessors" under the Pass-Through Leases);

WHEREAS, the parties acknowledge that (a) a portion of the Lawton Property (as herein defined) consists of a certain tract of land on which is situated a freestanding medical office building located at 5604 S.W. Lee Boulevard, Lawton, Oklahoma, and the land on which it is situated is subject to the Lawton MOB Ground Lease I (as herein defined), (b) a portion of the Lawton Property consists of a certain tract of land on which is situated a freestanding medical office building located at 5606 S.W. Lee Boulevard, Lawton, Oklahoma, and the land on which it is situated is subject to the Lawton MOB Ground Lease II (as herein defined), (c) a portion of the Ottumwa Property consists of a certain tract of land on which is situated a freestanding medical office building commonly known as the "Ottumwa Medical Office Building" located at 1013 Pennsylvania Avenue, Ottumwa, Iowa, and the land on which it is situated is subject to the Ottumwa MOB Ground Lease (as herein defined), and (d) a portion of the Roaring Springs Property (as herein defined) consists of a certain tract of land on which is situated an ambulance and equipment storage facility located in Roaring Springs, Pennsylvania, and the land on which it is situated is subject to the Roaring Springs Ambulance Facility Lease;

WHEREAS, pursuant to (a) each of those certain Assignment and Assumption of Ground Leases, each dated contemporaneously herewith, Lawton Lessee assigned to Lawton Lessor all of its right, title, and interest in, to, and under each of the Lawton MOB Ground Leases (as herein defined) and the Lawton Ground Lease Property (as herein defined); (b) that certain Assignment and Assumption of Ground Lease, dated contemporaneously herewith, Ottumwa Lessee assigned to Ottumwa Lessor all of its right, title, and interest in, to, and under each of the Ottumwa MOB Ground Lease (as herein defined) and the Ottumwa Ground Leased Property (as herein defined); and (c) that certain Assignment and Assumption of Ground Lease, dated contemporaneously herewith, Roaring Springs Lessee assigned to Roaring Springs Lessor all of its right, title, and interest in, to, and under the Roaring Springs Ambulance Facility Lease; and

WHEREAS, Lessor desires to lease (or sublease, as applicable) the Land and Leased Improvements to Lessee and to make the Ground Leased MOB Property subject to the terms of this Lease, and Lessee desires to lease (or sublease, as applicable) the same from Lessor, on the terms and conditions hereinafter provided.

NOW, THEREFORE, the parties agree as follows:

ARTICLE I.
DEFINITIONS

1.1. **Certain Defined Terms**. Capitalized terms used herein shall have the respective meanings ascribed to them in this Section 1.1.

Acceptable Replacement Guarantor: One or more Persons that (i) either (a) is Controlled By LifePoint or (b) has been approved in writing by Lessor (such approval not to be unreasonably withheld) to replace the initial Guarantor or to become an additional Guarantor, as applicable; (ii) executes, acknowledges and delivers to Lessor a joinder to the Guaranty; (iii) for whom Lessor shall have received confirmation of financial and credit characteristics reasonably satisfactory to Lessor; and (iv) either Controls any Facility Lessee or owns a direct or indirect ownership interest in such Facility Lessee.

ACH: As defined in Section 3.1.

Additional Charges: As defined in Section 3.2.

Adjustment Date: As defined in Section 3.1(b).

Affiliate: With respect to any Person (i) any Person that, directly or indirectly, Controls or is Controlled By or is Under Common Control With such Person, (ii) any other Person that owns, beneficially, directly or indirectly, 10% or more of the outstanding capital stock, shares or equity interests of such Person, or (iii) any officer, director, employee, partner, member, manager or trustee of such Person or any Person controlling, Controlled By or Under Common Control With such Person (excluding trustees and persons serving in similar capacities who are not otherwise an Affiliate of such Person).

AIREA: The American Institute of Real Estate Appraisers, or any successor organization.

Allocated Base Rent: As defined in Section 3.1(a).

Allocated Reserve: As defined in Section 9.2(a).

Anti-Terrorism Laws: Any applicable laws, statutes and regulations relating to terrorism or money laundering, including Executive Order No. 13224 (effective September 24, 2001), the Patriot Act, the laws, statutes and regulations comprising or implementing the Bank Secrecy Act, and the laws, statutes and regulations administered by OFAC.

Award: All compensation, sums or anything of value awarded, paid or received on a total or partial Condemnation.

Bankruptcy Code: Chapter 11 U.S.C. § 101, *et seq.*

Base Rent: At any time the total Allocated Base Rent payable with respect to the Properties for any period.

Binding Agreement: As defined in Section 34.2(a).

Blocked Person: Any Person: (a) listed in the annex to, or is otherwise subject to the provisions of, Executive Order No. 13224, (b) a Person owned 50% or more by, or acting for or on behalf of, any Person that is listed in the annex to, or is otherwise subject to the provisions of, Executive Order No. 13224, (c) a Person with which Lessor is prohibited from dealing or otherwise engaging in any transaction by any Anti-Terrorism Law, or (d) a Person that is named a "specially designated national" or "blocked person" on the OFAC List.

Business: With respect to each of the Properties (other than the Ground Leased MOB Property), the operation of a hospital facility thereon and, in each case, the engagement in and pursuit and conduct of any business venture or activity incident or related thereto, including any business that relates to the business currently conducted by the applicable Facility Lessee (such as bariatric centers and/or health plans) at the applicable Property. With respect to each of the Ground Leased MOB Properties, the operation of a professional medical office building thereon and, in each case, the engagement in and pursuit and conduct of any business venture or activity incident or related thereto, including any business that relates to the business currently conducted by the applicable Facility Lessee at the applicable Ground Leased MOB Property.

Business Day: Each Monday, Tuesday, Wednesday, Thursday and Friday that is not a day on which money centers in the City of New York, New York are authorized or obligated by law or executive order to close.

Capital Additions: With respect to each Property, (a) extraordinary renovations or expansions of buildings, structures or other improvements currently located on that Property (or on additional parcels added to such Property), (b) the addition of one or more parcels of land to such Property (whether by purchase or ground lease), or (c) the addition of one or more new buildings or additional structures placed on such Property or any such additional parcels of land, including, without limitation, the construction of a new wing or new story.

Cash Collections: Any and all payments received for patient related services that are posted to Lessee's accounting system for a Facility, including, without limitation, any such payments received from patients, insurance companies, managed care and preferred provider organizations, Medicaid, Medicare, or other payors.

Casualty Impacted Property: As defined in Section 14.2(a).

CERCLA: As defined in the definition of "Hazardous Materials Law."

Change of Control Transaction: Any transaction or series of related transactions in which a Person (the "Acquiring Person") shall, following the Effective Date, acquire or receive ownership of more than Fifty Percent (50%) of the direct or indirect Equity Interests of any Facility Lessee or Guarantor; *provided, however,* any transaction (a) constituting a Permitted Transaction shall not constitute a Change of Control Transaction, and (b) involving a direct transfer of Equity Interests of LifePoint or any Person directly or indirectly holding Equity Interests of LifePoint shall not constitute a Change of Control Transaction except in the case of a transaction or series of related transactions that otherwise would be a Change of Control Transaction in which a Major

Healthcare REIT becomes the holder of the Equity Interests of DSB Parent L.P. or any of its Subsidiaries.

Claim: As defined in Section 8.2(b).

CMS: The Centers for Medicare and Medicaid Services.

Code: The United States Internal Revenue Code of 1986, as amended through the date hereof, and all regulations thereunder. Any reference herein to a specific section or sections of the Code shall be deemed to include a reference to any corresponding provision of future law.

Commencement Date: The Effective Date; *provided, that*, with respect to any New Property, the term "Commencement Date" shall mean the date that such New Property becomes subject to this Lease.

Competing Business: As defined in Section 40.10.

Condemnation: Either (a) the exercise of any governmental power, whether by legal proceedings or otherwise, by a Condemnor or (b) a voluntary sale or transfer by Lessor to any Condemnor, either under threat of Condemnation or while legal proceedings for Condemnation are pending, in all of the foregoing cases with respect to any portion of the Leased Property.

Condemnor: Any public or quasi-public authority, or private corporation or individual, having the power of Condemnation.

Conemaugh Capital Commitment Obligation: As defined in Section 8.8.

Conemaugh Capital Project: As defined in Section 8.8.

Conemaugh Purchase Agreement: That certain Asset Purchase Agreement, dated as of August 20, 2014, among Conemaugh Health System Inc., Conemaugh Valley Memorial Hospital, Meyersdale Community Hospital, Miners Hospital, Conemaugh Health Initiatives, Inc., Conemaugh Enterprises, Inc., 1086 Real Estate, LLC, DLP Conemaugh Memorial Medical Center, LLC, DLP Conemaugh Meyersdale Medical Center, LLC, DLP Conemaugh Miners Medical Center, LLC, DLP Conemaugh Physician Practices, LLC, and DLP Conemaugh JV, LLC, as the same has been amended or modified from time to time.

Control; Controlled By; and Under Common Control With: As used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, through the ownership of voting securities or otherwise.

Consolidated Fixed Charges: For any period, for Lima Holdco and its Subsidiaries on a consolidated basis (provided that for purposes of calculating Consolidated Fixed Charges for testing compliance with the covenants set forth in Section 16.1(l) prior to the completion of the LifePoint Upper Tier Restructuring Transaction, the LifePoint Upper Tier Restructuring Transaction shall be deemed to have been completed on or before the first day of the trailing twelve (12) month period which ends on the applicable quarter end date), an amount equal to the sum for

such period of (a) rent payments, plus, (b) consolidated interest charges, plus (c) consolidated maintenance capital expenditures, plus (d) consolidated funded debt payments.

Consolidated Net Income: The aggregate Net Income of Lima Holdco and its Subsidiaries (provided that for purposes of calculating Consolidated Net Income for testing compliance with the covenants set forth in Section 16.1(l) prior to the completion of the LifePoint Upper Tier Restructuring Transaction, the LifePoint Upper Tier Restructuring Transaction shall be deemed to have been completed on or before the first day of the trailing twelve (12) month period which ends on the applicable quarter end date) for such period, on a consolidated basis, determined in accordance with GAAP; provided, however, that, without duplication,

(i) any net after-tax extraordinary, exceptional, nonrecurring or unusual gains or losses or income or expense or charge (less all fees and expenses relating thereto), any severance, relocation or other restructuring expenses, curtailments or modifications to pension and post-retirement employee benefit plans, excess pension charges (including, in each case, any cost or expense related to employment of terminated employees), any expenses related to any New Project or any reconstruction, decommissioning, recommissioning or reconfiguration of fixed assets for alternative uses, fees, expenses or charges relating to closing costs, rebranding costs, acquisition integration costs, opening costs, recruiting costs, signing, retention or completion bonuses, litigation and arbitration costs, charges, fees and expenses (including settlements), and expenses or charges related to any offering of equity interests or debt securities of Lima Holdco, any investment, acquisition, disposition, recapitalization or incurrence, issuance, repayment, repurchase, refinancing, amendment or modification of indebtedness (in each case, whether or not successful), and any fees, expenses, charges or change in control payments related to the Transactions (including any costs relating to auditing prior periods, any transition-related expenses, and expenses related to the Transactions incurred before, on or after the Effective Date), in each case, shall be excluded,

(ii) effects of purchase accounting adjustments (including the effects of such adjustments pushed down to such Person and its subsidiaries and including the effects of adjustments to (A) deferred rent, (B) capitalized lease obligations or other obligations or deferrals attributable to capital spending funds with suppliers or (C) any deferrals of revenue) in component amounts required or permitted by GAAP, resulting from the application of purchase accounting or the amortization or write-off of any amounts thereof, net of taxes, shall be excluded,

(iii) the cumulative effect of a change in accounting principles during such period shall be excluded,

(iv) any net after-tax income or loss from disposed of, abandoned, closed or discontinued operations or fixed assets and any net after-tax gain or loss on the dispositions of disposed of, abandoned, closed or discontinued operations or fixed assets shall be excluded,

(v) any net after-tax gain or loss (less all fees and expenses or charges relating thereto) attributable to business dispositions or asset dispositions other than in the ordinary course of business (as determined in good faith by the management of Lima Holdco) shall be excluded,

(vi) any net after-tax income or loss (less all fees and expenses or charges relating thereto) attributable to the early extinguishment or buy-back of indebtedness, hedging agreements or other derivative instruments shall be excluded,

(vii) (A) the Net Income for such period of any Person that is not a Subsidiary of such Person shall be included to the extent of the amount of such Net Income multiplied by Lima Holdco's and its Subsidiaries' percentage ownership of the economic interests in such Person and (B) the Net Income for such period shall include any dividend, distribution or other payment in cash (or to the extent converted into cash) received by the referent Person or a Subsidiary thereof from any Person that is not a Subsidiary of such Person in excess of, but without duplication of, any amounts included in subclause (A) with respect to such Person that is not a Subsidiary,

(viii) an amount equal to the amount of distributions actually made to any parent or equity holder of such Person in respect of such period for income taxes shall be included as though such amounts had been paid as income taxes directly by such Person for such period,

(ix) any impairment charges or asset write-offs, in each case pursuant to GAAP, and the amortization of intangibles and other fair value adjustments arising pursuant to GAAP, shall be excluded,

(x) any (a) non-cash compensation charge or (b) costs or expenses realized or resulting from stock option plans, employee benefit plans or post-employment benefit plans, or grants or sales of stock, stock appreciation or similar rights, stock options, restricted stock, preferred stock or other rights shall be excluded,

(xi) accruals and reserves that are established or adjusted in connection with the Transactions or within twelve months after the Effective Date or the closing of any acquisition or investment and that are so required to be established or adjusted in accordance with GAAP or as a result of adoption or modification of accounting policies shall be excluded,

(xii) (A) the non-cash portion of "straight-line" rent expense shall be excluded, (B) the cash portion of "straight-line" rent expense which exceeds the amount expensed in respect of such rent expense shall be included, (C) the non-cash amortization of tenant allowances shall be excluded, (D) cash received from landlords for tenant allowances shall be included and (E) to the extent not already included in Net Income, the cash portion of sublease rentals received shall be included (for the avoidance of doubt, the net effect of the adjustments in this clause (xii) as well as any related adjustments pursuant to clause (ii) above shall be to compute rent expense and rental income on a cash basis for purposes of determining Consolidated Net Income),

(xiii) non-cash gains, losses, income and expenses resulting from fair value accounting required by the applicable standard under GAAP and related interpretation shall be excluded,

(xiv) any currency translation gains and losses related to currency remeasurements of indebtedness, and any net loss or gain resulting from hedging agreements for currency exchange risk, shall be excluded,

(xv) (A) to the extent covered by insurance and actually reimbursed, or, so long as such Person has made a determination that there exists reasonable evidence that such amount will in fact be reimbursed by the insurer and only to the extent that such amount is (x) not denied by the

applicable carrier in writing within 180 days and (y) in fact reimbursed within 365 days following the date of such evidence (with a deduction for any amount so added back to the extent not so reimbursed within such 365 days), expenses with respect to liability or casualty events or business interruption shall be excluded; and (B) amounts estimated in good faith to be received from insurance in respect of lost revenues or earnings in respect of liability or casualty events or business interruption shall be included (with a deduction for amounts actually received up to such estimated amount to the extent included in Net Income in a future period),

(xvi) capitalized software expenditures and software development costs shall be excluded,

(xvii) any non-cash charges for deferred tax asset valuation allowances shall be excluded,

(xviii) any other costs, expenses or charges resulting from facility closures or sales, including income (or losses) from such facility closures or sales, shall be excluded,

(xix) any deductions attributable to minority interests shall be excluded,

(xx) without duplication, an amount equal to the amount of distributions actually made to any parent or equity holder of such Person in respect of such period for income taxes shall be included as though such amounts had been paid as income taxes directly by such Person for such period, and

(xxi) (A) a deemed management fee of 2% of the consolidated net revenue of Lima Holdco and its Subsidiaries for such period shall be included and (B) any allocated overhead, corporate or management costs, other than as described in clause (A), shall be excluded.

CPI: The Consumer Price Index, all urban consumers, all items, U.S. City Average, published by the United States Department of Labor, Bureau of Labor Statistics, in which 1982-1984 equals one hundred (100). If the Consumer Price Index is discontinued or revised during the term of this Lease, such other governmental index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued or revised.

Credit Enhancements: With respect to each Property, all security deposits, security interests, letters of credit, pledges, guaranties, prepaid rent or other sums, deposits or interests held by Lessee, if any, with respect to such Property, the Tenant Leases relating to such Property or the Tenants or subtenants thereunder.

Date of Taking: The date the Condemnor has the right to possession of the property being condemned.

Decision Period: As defined in Section 34.2(a).

Declarations: As defined in Section 40.7.

Defaulted Property: As defined in Section 16.1B.

DHS: For each particular Facility, the governmental or quasi-governmental entities and other third parties, which may be necessary for the operation of the Facility operated by such Facility Lessee for the Primary Intended Use, or required for certification and participation under Medicare and Medicaid legislation and regulations or the provider programs of the State Regulatory Authorities.

DHHS: The United States Department of Health and Human Services.

Dodge City Facility: The healthcare facilities or operations listed on ***Exhibit C-1*** attached hereto.

Dodge City Lessee: Dodge City Healthcare Group, LLC, a Kansas limited liability company, together with its successors and permitted assigns.

Dodge City Lessor: MPT of Dodge City-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Dodge City Medical Center: That certain general acute care hospital facility operated at the Dodge City Owned Land, commonly known as Western Plains Medical Complex, containing ninety-nine (99) licensed beds available for use.

Dodge City Owned Land: That certain real property located in Dodge City, Ford County, Kansas, as more particularly described on ***Exhibit A-1*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Dodge City Property: The Dodge City Owned Land and related Leased Improvements located thereon relating to the Dodge City Facility.

Dollar Amount: As defined in Section 9.2(a).

DTPA: As defined in ***Schedule 39.25***.

EBITDAR: With respect to Lima Holdco and its Subsidiaries on a consolidated basis for any period, the Consolidated Net Income of Lima Holdco and its Subsidiaries (provided that for purposes of calculating EBITDAR for testing compliance with the covenants set forth in Section 16.1(l) prior to the completion of the LifePoint Upper Tier Restructuring Transaction, the LifePoint Upper Tier Restructuring Transaction shall be deemed to have been completed on or before the first day of the trailing twelve (12) month period which ends on the applicable quarter end date) for such period plus (a) the sum of (in each case without duplication and to the extent the respective amounts described in subclauses (i) through (xiii) of this clause (a) reduced such Consolidated Net Income (and were not excluded therefrom) for the respective period for which EBITDAR is being determined):

(i) provision for taxes based on income, profits or capital of Lima Holdco and its Subsidiaries for such period, including, without limitation, state, franchise and similar taxes and foreign withholding taxes (including penalties and interest related to taxes or arising from tax examinations),

(ii) Interest Expense (and to the extent not included in Interest Expense, (x) all cash dividend payments (excluding items eliminated in consolidation) on any series of preferred stock and (y) costs of surety bonds in connection with financing activities) of Lima Holdco and its Subsidiaries for such period,

(iii) depreciation and amortization expenses of Lima Holdco and its Subsidiaries for such period including the amortization of intangible assets, deferred financing fees, original issue discount and capitalized software expenditures, amortization of unrecognized prior service costs and actuarial gains and losses related to pensions and other post-employment benefits,

(iv) any other non-cash charges; provided, that for purposes of this subclause (iv) of this clause (a), any non-cash charges or losses shall be treated as cash charges or losses in any subsequent period during which cash disbursements attributable thereto are made (but excluding, for the avoidance of doubt, amortization of a prepaid cash item that was paid in a prior period),

(v) any expenses or charges (other than depreciation or amortization expense as described in the preceding subclause (iii)) related to any issuance of equity interests, investment, acquisition, New Project, disposition, recapitalization or the incurrence, modification or repayment of indebtedness (including a refinancing thereof) (whether or not successful),

(vi) business optimization expenses and other restructuring charges, reserves or expenses (which, for the avoidance of doubt, shall include the effect of inventory optimization programs, facility, branch, office or business unit closures, facility, branch, office or business unit consolidations, retention, severance, systems establishment costs, contract termination costs, future lease commitments and excess pension charges) and Pre-Opening Expenses,

(vii) the amount of loss or discount in connection with a securitization financing, including amortization of loan origination costs and amortization of portfolio discounts,

(viii) any costs or expense incurred pursuant to any management equity plan or stock option plan or any other management or employee benefit plan or agreement or any stock subscription or shareholder agreement, to the extent that such costs or expenses are funded with cash proceeds contributed to the capital of Lima Holdco or its Subsidiaries (other than contributions received from Lima Holdco or its Subsidiaries) or net cash proceeds of an issuance of equity interests of Lima Holdco,

(ix) [reserved],

(x) the amount of any loss attributable to a New Project, until the date that is twelve (12) months after the date of completing the construction, acquisition, assembling or creation of such New Project, as the case may be; provided, that (A) such losses are reasonably identifiable and factually supportable and certified by an officer of Lima Holdco and (B) losses attributable to such New Project after twelve (12) months from the date of completing such construction, acquisition, assembling or creation, as the case may be, shall not be included in this subclause (x),

(xi) [reserved],

(xii) with respect to any joint venture that is not a Subsidiary, (A) an amount equal to the proportion of those items described in clause (a) of this definition (other than this subclause (xii)) relating to such joint venture corresponding to Lima Holdco's and its Subsidiaries' proportionate share of such joint venture's Consolidated Net Income (determined as if such joint venture were a Subsidiary) and (B) solely to the extent relating to any Consolidated Net Income referred to in clause (vii)(B) of the definition of "Consolidated Net Income", an amount equal to the proportion of those items described in subclauses (i) and (ii) above relating to such joint venture corresponding to the proportion of such joint venture's Consolidated Net Income represented by the amount included in Consolidated Net Income of Lima Holdco and its Subsidiaries under clause (vii)(B) of the definition of "Consolidated Net Income" (determined as if such joint venture were a Subsidiary),

(xiii) one-time costs associated with commencing Public Company Compliance, and

(xiv) the amount of any rent or other similar charges with respect to the lease of real property;

minus (b) the sum of (without duplication and to the extent the amounts described in this clause (b) increased such Consolidated Net Income for the respective period for which EBITDAR is being determined) non-cash items increasing Consolidated Net Income of Lima Holdco and its Subsidiaries for such period (but excluding any such items (A) in respect of which cash was received in a prior period or will be received in a future period or (B) which represent the reversal of any accrual of, or cash reserve for, anticipated cash charges that reduced EBITDAR in any prior period).

Effective Date: As defined in the preamble of this Lease.

Eliminated Property: As defined in Section 35.1.

Entered Property: As defined in Section 16.1A.

Environmental Indemnification Agreement: That certain Environmental Indemnification Agreement, dated as of the date hereof, executed and delivered by Lima Holdco and Lessee to and in favor of Lessor, as the same may be amended, modified and/or restated from time to time.

Equity Constituents: With respect to any Person, as applicable, the members, general or limited partners, shareholders, stockholders or other Persons, however designated, who are the owners of the issued and outstanding equity or ownership interests of such Person.

Equity Cure Expiration Date: As defined in Section 16.1(l)(iii).

Equity Cure Right: As defined in Section 16.1(l)(iii).

Equity Interests: With respect to any Person, the voting power, ownership, or other equitable interests of such Person, including any interest represented by any capital stock, convertible or participating debt instruments, membership interest, partnership interest, or any similar interest therein.

Escalator: As defined in Section 3.1(b).

Event of Default: As defined in Section 16.1.

Existing Subleases: As defined in Section 23.4.

Extension Notice: As defined in Article II.

Extension Term(s): As defined in Article II.

Facility: Each of the Ottumwa Facility, Dodge City Facility, Lawton Facility, Johnstown Facility, Meyersdale Facility, Hastings Facility, Roaring Springs Facility, Palestine Facility, the Lander Facility, and the Riverton Facility, sometimes collectively referred to as the "Facilities."

Facility Instrument: A note (whether secured or unsecured), loan agreement, credit agreement, guaranty, security agreement, mortgage, deed of trust or other agreement pursuant to which a Facility Lender has provided financing to Lessor in connection with any portion of the Leased Property or any part thereof, or funding provided to Lessee, if such funding is provided by Lessor or any Affiliate of Lessor (other than Obligors) or in connection with a Capital Addition, and any and all renewals, replacements, modifications, supplements, consolidations and extensions thereof.

Facility Lender: A holder (which may include any Affiliate of Lessor) of any Facility Instrument.

Facility Lessee: The (i) Ottumwa Lessee, with respect to the Ottumwa Property, (ii) Dodge City Lessee, with respect to the Dodge City Property, (iii) Lawton Lessee, with respect to the Lawton Property, (iv) Johnstown Lessee, with respect to the Johnstown Property, (v) Meyersdale Lessee, with respect to the Meyersdale Property, (vi) Hastings Lessee, with respect to the Hastings Property, (vii) Roaring Springs Lessee, with respect to the Roaring Springs Property, (viii) Palestine Lessee, with respect to the Palestine Property (other than the Palestine GP Property), (ix) Palestine GP Lessee, with respect to the Palestine GP Property, (x) Lander Lessee, with respect to the Lander Property, (ix) Riverton Lessee, with respect to the Riverton Property, and (xii) the Lessee party thereto, with respect to any New Property.

Facility Lessor: The (i) Ottumwa Lessor, with respect to the Ottumwa Property, (ii) Dodge City Lessor, with respect to the Dodge City Property, (iii) Lawton Lessor, with respect to the Lawton Property, (iv) Johnstown Lessor, with respect to the Johnstown Property, (v) Meyersdale Lessor, with respect to the Meyersdale Property, (vi) Hastings Lessor, with respect to the Hastings Property, (vii) Roaring Springs Lessor, with respect to the Roaring Springs Property, (viii) Palestine Lessor, with respect to the Palestine Property, (ix) Lander Lessor, with respect to the Lander Property, (x) Riverton Lessor, with respect to the Riverton Property, and (xi) the Lessor party thereto, with respect to any New Property.

Facility Loan: A loan made by a Facility Lender.

Fair Market Added Value: With respect to each Property, the Fair Market Value of the Property, including all Capital Additions, less the Fair Market Value of the Property determined as if no Capital Additions paid for by Lessee had been constructed.

Fair Market Value: With respect to each Property, the Fair Market Value of such Property, including all Capital Additions with respect thereto, (a) as shall be determined in accordance with the appraisal procedures set forth in Article XXXIII or in such other manner as shall be mutually acceptable to Lessor and Lessee, and (b) which shall not take into account any reduction in value resulting from any damage, destruction or condemnation of any part of such Property or any indebtedness to which such Property is subject and which encumbrance Lessee or Lessor is otherwise required to remove pursuant to any provision of this Lease or agrees to remove at or prior to the closing of the transaction as to which such Fair Market Value determination is being made. With respect to each Property, and notwithstanding anything contained in this Lease to the contrary, any appraisal of such Property shall assume the Lease is in place for a term of twenty (20) years, and shall not take into account any purchase options.

Fair Market Value Purchase Price: The Fair Market Value of the Leased Property, less the Fair Market Added Value.

Fair Market Value Rent: With respect to each Property (and each Extension Term), the fair market annual rental value of such Property as of the first day of the applicable Extension Term with the following characteristics: an absolute net lease for a five (5) year term with no more than one (1) five-year extension option of comparable healthcare facility space, with the Leased Property considered as vacant and in its then "as is" condition but with all of Lessee's Personal Property removed, with Lessor providing no services to Lessee, and an annual increase in base rent after the first year of the term equal to the Escalator. The calculation of Fair Market Value Rent shall also take into account all other reasonable relevant factors. Lessor shall advise Lessee (the "Rent Notice") of Lessor's determination of Fair Market Value Rent for the Properties that will be subject to this Lease during the applicable Extension Term within sixty (60) days following Lessee's exercise of the extension option for such applicable Extension Term. If Lessee disputes Lessor's determination of Fair Market Value Rent, the dispute shall be resolved by arbitration as provided in Section 39.26. If the Allocated Base Rent payable during a particular Extension Term for the Properties that will be subject to this Lease during such Extension Term has not been determined prior to the first (1st) day of such Extension Term, then, commencing on the first (1st) Business Day of such applicable Extension Term, Lessee shall pay Allocated Base Rent for such Properties that will be subject to this Lease during such applicable Extension Term in an amount equal to (i) in connection with the calculation of the Allocated Base Rent that will be payable during the first (1st) Extension Term, in an amount equal to the Allocated Base Rent that was paid by Lessee during the last year of the Fixed Term, and (ii) in connection with the calculation of the Allocated Base Rent that will be payable during the second (2nd) Extension Term, in an amount equal to the Allocated Base Rent that was paid by Lessee during the last year of the immediately preceding Extension Term, as the case may be, in each case, as increased by the Escalator (the "**Interim Rent**"). Upon final determination of the Allocated Base Rent for the applicable Extension Term (if this occurs after the commencement of such Extension Term), Lessee shall commence paying such Allocated Base Rent as so determined, and, within thirty (30) days after such determination, Lessee shall pay any deficiency in prior payments of Allocated Base Rent.

Financial Statements: For any fiscal year or other accounting period for the applicable Person, balance sheets, statements of operations and capital accounts, and statements of cash flows setting forth in comparative form the corresponding figures for the year-earlier fiscal period.

Fixed Term: As defined in Article II.

Fixtures: All equipment, machinery, fixtures, and other items of real property, including all components thereof, now and hereafter located in, on, or used in connection with, and that are, in each case, permanently affixed to the Land, or affixed or incorporated into the buildings and structures on the Land, including, without limitation, all affixed furnaces, boilers, heaters, electrical equipment, heating, plumbing, lighting, ventilating, refrigerating, incineration, air and water pollution control, waste disposal, air-cooling and air-conditioning systems and apparatus, sprinkler systems and fire and theft protection equipment, and built-in oxygen and vacuum systems, all of which, to the greatest extent permitted by law, are hereby deemed by the parties to constitute real estate, together with all replacements, modifications, alterations and additions thereto.

Force Majeure: As defined in Section 40.8.

GAAP: Generally accepted accounting principles in the United States as in effect from time to time and applied consistently throughout the periods involved.

Governmental Body: Any United States federal, state or local, or any supra national or non U.S., government, political subdivision, governmental, regulatory or administrative authority, instrumentality, agency body or commission, court, tribunal or judicial or arbitral body, in each case of competent jurisdiction, including the Securities and Exchange Commission.

Ground Leased MOB Improvements: All buildings, improvements, structures, and fixtures now or hereafter located on the Ground Leased MOB Property.

Ground Leased MOB Property: Collectively, the Lawton Ground Leased Property, Ottumwa Ground Leased Property, and the Roaring Springs Ground Leased Property.

Guarantor: Collectively, Lima Holdco and LifePoint; *provided, however*, that upon the termination of the LifePoint Guaranty, all references to the Guarantor shall no longer apply to LifePoint and shall only refer to Lima Holdco.

Guaranty: Collectively, (i) the Lima Guaranty and (ii) the LifePoint Guaranty; *provided, however*, that upon the termination of the LifePoint Guaranty, all references to the Guaranty shall no longer apply to the LifePoint Guaranty and shall only refer to the Lima Guaranty.

Hastings Facility: The healthcare facilities or operations listed on ***Exhibit C-2*** attached hereto.

Hastings Lessee: DLP Conemaugh Miners Medical Center, LLC, a Delaware limited liability company, together with its successors and permitted assigns.

Hastings Lessor: MPT of Hastings-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Hastings Medical Center: That certain [general acute care hospital facility][1] operated at the Hastings Owned Land, commonly known as Conemaugh Miners Medical Center, containing thirty (30) licensed beds available for use.

Hastings Owned Land: That certain real property located in Hastings, Cambria County, Pennsylvania, as more particularly described on ***Exhibit A-2*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Hastings Property: The Hastings Owned Land and related Leased Improvements located thereon relating to the Hastings Facility.

Hazardous Materials: Any asbestos or any substance containing asbestos and deemed hazardous under any Hazardous Materials Law, the group of organic compounds known as polychlorinated biphenyls, flammable explosives, radioactive materials, infectious wastes, biomedical and medical wastes, chemicals known to cause cancer or reproductive toxicity, radon gas, and any items included in the definition of hazardous or toxic wastes, materials or substances under any Hazardous Materials Laws.

Hazardous Materials Laws: Each federal, state and local law and regulation relating to pollution or protection of the environment, including ambient air, surface water, ground water, land surface or subsurface strata, and natural resources, and including each law and regulation relating to emissions, discharges, releases or threatened releases of Hazardous Materials, or otherwise relating to the manufacturing, processing, distribution, use, treatment, generation, storage, containment (whether above ground or underground), disposal, transport or handling of Hazardous Materials, and each law and regulation with regard to record keeping, notification, disclosure and reporting requirements respecting Hazardous Materials, including, without limitation, the Resource Conservation and Recovery Act of 1976 ("**RCRA**"), the Comprehensive Environmental Response, Compensation and Liability Act of 1980 ("**CERCLA**"), as amended by the Superfund Amendments and Reauthorization Act of 1986 ("**SARA**"), the Hazardous Materials Transportation Act, the Federal Water Pollution Control Act, the Clean Air Act, the Clean Water Act, the Toxic Substances Control Act, the Safe Drinking Water Act, and all similar federal, state and local environmental statutes and ordinances, and the regulations, orders, and decrees now or hereafter promulgated thereunder, in each case as amended from time to time.

Health Benefit Laws: Laws relating to the licensure, certification, qualification or authority to transact business relating to the provision of, or payment for, or both the provision of and payment for, health benefits, health care or insurance coverage, including ERISA, COBRA, HIPAA, SCHIP, Medicare, Medicaid, CHAMPUS/TriCare, and laws relating to the regulation of workers compensation and coordination of benefits.

[1] To be updated, as applicable, depending on when this lease is executed.

Health Compliance Laws: All applicable laws pertaining to billing, kickbacks, false claims, self-referral, claims processing, marketing, HIPAA security standards for the storage, maintenance, transmission, utilization and access to and privacy of patient information, and HIPAA and state standards for electronic transactions and data code sets, including, without limitation, the False Claims Act (31 U.S.C. Section 3729 *et seq.*), the Anti-Kickback Act of 1986 (41 U.S.C. Section 51 *et seq.*), the Federal Health Care Programs Anti-Kickback Statute (42 U.S.C. Section 1320a-7a(b)), the Stark Law, the Civil Monetary Penalties Law (42 U.S.C. Section 1320a-7a), or the Truth in Negotiations (10 U.S.C. Section 2304 *et seq.*), Health Care Fraud (18 U.S.C. Section 1347), Mail Fraud (18 U.S.C. Section 1341), Wire Fraud (18 U.S.C. Section 1343), Theft or Embezzlement (18 U.S.C. Section 669), Fraud and False Statements (18 U.S.C. Section 1001), False Statements Relating to Health Care Matters (18 U.S.C. Section 1035), and any other applicable federal health care law or equivalent state statutes or any rule or regulation promulgated by a Governmental Body with respect to any of the foregoing, as any of the same may be amended, modified and/or restated from time to time.

Healthcare Laws: Health Benefit Laws, Health Compliance Laws and Information Privacy and Security Laws.

Healthcare Real Estate: Any real estate and the improvements located thereon that is operated as hospitals, medical centers, surgical centers, ambulatory centers, diagnostic centers, emergency departments, assisted living facilities and skilled nursing facilities.

Healthcare REIT: As of the date of determination, a real estate investment trust (a) engaged primarily in the business of directly owning Healthcare Real Estate and (b) with not less than fifty percent (50%) of its total assets by then current book value, comprised of investments in Healthcare Real Estate. For the avoidance of doubt, no investment bank, private equity or hedge fund or other investment vehicle (e.g. Blackstone) whose primary business is providing investment management or investment banking services but who owns or Controls a Healthcare REIT, will itself be deemed a Healthcare REIT for purposes of this Lease.

HIPAA: The Health Insurance Portability and Accountability Act of 1996, as the same may be amended, modified or supplemented from time to time, and any successor statute thereto, and any and all rules or regulations promulgated from time to time thereunder.

Impartial Appraiser: As defined in Section 13.1.

Impositions: Collectively, with respect to each Property, all civil monetary penalties, fines and overpayments imposed by state and federal regulatory authorities (excluding all penalties or fines caused by the action or inaction of any Lessor), all Real Estate Taxes, all state and local sales and use taxes, single business, gross receipts, transaction privilege, rent or similar taxes, all assessments, charges and costs imposed under the Permitted Exceptions (including, without limitation, all penalties, fines, damages, costs and expenses for any violation of or a default under any of the Permitted Exceptions), franchise taxes (including but not limited to taxes based on capital, net worth or assets and specifically including the Texas margin tax), license, business entity, annual report, registration and statutory representation fees and other taxes imposed on any business entities, including limited partnerships, limited liability companies and other "pass through" entities, and any such items imposed on Lessor or Lessor's Affiliates (including Lessor's

parent organizations), all assessments for utilities, public improvements or benefits, ground rents, water, wastewater, sewer, sanitary sewer or other rents and charges, excises, tax levies, fees (including, without limitation, impact, development, license, permit, inspection, authorization and similar fees), and all other governmental charges, in each case whether general or special, ordinary or extraordinary, or foreseen or unforeseen, of every character in respect of such Property, the Rent relating thereto (including all interest and penalties thereon due to any failure in payment by Lessee), and all other fees, costs and expenses which at any time, during or in respect of the Term may be charged, assessed or imposed on or in respect of or be a lien upon (a) Lessor or Lessor's interest in all or any portion of such Property, (b) such Property or any part thereof or any rent therefrom or any estate, right, title or interest therein, or (c) any occupancy, operation, use or possession of, sales from, or activity conducted on, or in connection with, such Property or the leasing or use of such Property or any part thereof. Notwithstanding any provision hereof to the contrary, nothing contained in this Lease shall be construed to require Lessee to pay (1) any tax based on net income (whether denominated as a financial institutions or other tax) imposed on Lessor, or (2) any transfer tax of Lessor, or (3) any tax imposed with respect to the sale, exchange or other disposition by Lessor of any Property or the proceeds thereof or (4) except as expressly provided elsewhere in this Lease, any principal or interest on any Lien on any Property, except to the extent that any tax, assessment, tax levy, or charge which Lessee is obligated to pay pursuant to the first sentence of this definition and which is in effect at any time during the Term is totally or partially repealed, and a tax, assessment, tax levy, or charge set forth in clause (1) or (2) is levied, assessed, or imposed expressly in lieu thereof, in which case the substitute tax, assessment, tax levy, or charge shall be deemed to be an Imposition.

Information Privacy or Security Laws: The provisions of HIPAA and any other laws concerning the privacy and/or security of personal information, including but not limited to the Gramm-Leach-Bliley Act, state data breach notification laws, state health information privacy laws, the Federal Trade Commission Act and state consumer protection laws.

Insurance Premiums: As defined in Section 4.4.

Insurance Requirements: All terms of any insurance policy required by this Lease and all requirements of the issuer of any such policy.

Intercreditor Agreement: That certain Intercreditor Agreement, dated as of April 29, 2016, among certain affiliates of Lessor, representatives of certain creditors of LifePoint and certain of its subsidiaries, and RegionalCare Hospital Partners Holdings, Inc., as modified, amended or restated or joined (or replaced by a Replacement Intercreditor) from time to time.

Interest Expense: With respect to Lima Holdco for any period, the gross interest expense of Lima Holdco for such period on a consolidated basis, including the portion of any payments or accruals with respect to capitalized lease obligations allocable to interest expense. For purposes of the foregoing, gross interest expense shall be determined after giving effect to any net payments made or received and costs incurred by Lima Holdco and its Subsidiaries with respect to hedging agreements, and interest on a capitalized lease obligation shall be deemed to accrue at an interest rate reasonably determined by Lima Holdco to be the rate of interest implicit in such capitalized lease obligation in accordance with GAAP.

Interim Capital Addition Rent: As defined in Section 3.1(b).

Johnstown Facility: The healthcare facilities or operations listed on ***Exhibit C-3*** attached hereto.

Johnstown Lessee: DLP Conemaugh Memorial Medical Center, LLC, a Delaware limited liability company, together with its successors and permitted assigns.

Johnstown Lessor: MPT of Johnstown-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Johnstown Medical Center: That certain general acute care hospital facility operated at the Johnstown Owned Land, commonly known as Conemaugh Memorial Medical Center, containing five hundred thirty-seven (537) licensed beds available for use.

Johnstown Owned Land: That certain real property located in (i) Johnstown, Cambria County, Pennsylvania, (ii) Ebensburg, Cambria County, Pennsylvania, (iii) Nanty Glo, Cambria County, Pennsylvania, (iv) Bedford, Bedford County, Pennsylvania, (v) Somerset, Somerset County, Pennsylvania, and (vi) Richmond, Cambria County, Pennsylvania, each as more particularly described on ***Exhibit A-3*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Johnstown Property: The Johnstown Owned Land and related Leased Improvements located thereon relating to the Johnstown Facility.

Joint Commission: As defined in Article XXIV.

Land: As defined in the recitals.

Lander Facility: The healthcare facilities or operations listed on ***Exhibit C-4*** attached hereto.

Lander Lease: That certain Lease Agreement, dated July 10, 1982, between the City of Lander, Wyoming, as lessor, and the Lander Lessor, as successor lessee by assumption from Lander Lessee, as successor lessee by merger from Lander Valley Regional Medical Center, LLC, relating to the Lander Leased Land, as modified, amended or restated from time to time.

Lander Lease Rent: All rent and all other charges and amounts due and payable under the Lander Lease during the Term.

Lander Leased Land: That certain real property located in Lander, Fremont County, Wyoming, as more particularly described on ***Exhibit A-4*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Lander Leased Property: The Lander Leased Land and related Leased Improvements located thereon relating to the Lander Medical Center.

Lander Lessee: Riverton Memorial Hospital, LLC, a Delaware limited liability company, together with its successors and permitted assigns.

Lander Lessor: MPT of Lander-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Lander Medical Center: That certain general acute care hospital facility operated at the Lander Leased Land, commonly known as SageWest Health Care - Lander Campus, containing seventy-six (76) licensed beds available for use.

Lander Property: The Lander Leased Land and related Leased Improvements located thereon relating to the Lander Facility.

Late Payment Penalty: Shall mean an amount equal to the product of Four Percent (4%) and the amount of any overdue and unpaid amount under this Lease.

Lawton Facility: The healthcare facilities or operations listed on ***Exhibit C-6*** attached hereto.

Lawton Ground Leased Property: That certain real property ground leased under the Lawton Ground Leases.

Lawton Lessee: Southwestern Medical Center, LLC, a Delaware limited liability company, together with its successors and permitted assigns.

Lawton Lessor: MPT of Lawton-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Lawton Medical Center: That certain general acute care hospital facility operated at the Lawton Owned Land, commonly known as Southwestern Medical Center, containing one hundred ninety-nine (199) licensed beds available for use.

Lawton MOB Ground Leases: Collectively, (a) that certain Amended and Restated Ground Lease, dated as of January 7, 2008, between Lawton Lessor (as successor by assignment to Lawton Lessee), as lessor, and G&E HC REIT II Lawton MOB Portfolio LLC, a Delaware limited liability company (as successor by assignment to Southwestern MOB I, LLC, a Delaware limited liability company, as lessee), and (b) that certain Ground Lease, dated as of January 7, 2008, between Lawton Lessor (as successor by assignment to Lawton Lessee), as lessor, and G&E HC REIT II Lawton MOB Portfolio LLC, a Delaware limited liability company (as successor by assignment to Southwestern MOB I, LLC, a Delaware limited liability company), as lessee, as the same has been or may be amended, modified, or restated from time to time, as each of the foregoing has been or may be modified, amended, or restated from time to time.

Lawton Owned Land: That certain real property located in Lawton, Comanche County, Oklahoma, as more particularly described on ***Exhibit A-6*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Lawton Property: The Lawton Owned Land and related Leased Improvements located thereon relating to the Lawton Facility.

Lease: As defined in the Preamble.

Lease Assignments: Those certain Assignments of Rents and Leases, executed and delivered by each Facility Lessee to and in favor of Lessor and certain of its Affiliates, as each may be amended, modified and/or restated from time to time.

Lease Base: As to each Property, as defined on ***Schedule 3.1(a)*** attached hereto and made a part hereof by reference and incorporation.

Lease Payments: For any period, the sum of the payment obligations of Lessee under this Lease.

Lease Rate: As defined on ***Schedule 3.1(a)*** attached hereto and made part hereof by reference and incorporation.

Leased Improvements: As defined in Article II(b).

Leased Property: Collectively, those items described in Article II, as well as all Capital Additions thereto.

Legal Requirements: With respect to each Property and the conduct of the Business thereon, all federal, state, county, municipal and other governmental statutes, laws, rules, orders, regulations, ordinances, judgments, decrees and injunctions affecting such Property, Lessee's operation of the Business on such Property, or the construction, use or alteration of such Property (including, without limitation, the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973), whether now or hereafter enacted and in force, including any which may (a) require repairs, modifications, or alterations in or to such Property, or (b) in any way adversely affect the use and enjoyment thereof, and all permits, licenses, authorizations and regulations relating thereto, and all covenants, agreements, restrictions and encumbrances contained in any instruments, either of record or known to Lessee, at any time in force affecting such Property.

Lessee: Collectively and jointly and severally, the: (i) Ottumwa Lessee, (ii) Dodge City Lessee, (iii) Lawton Lessee, (iv) Johnstown Lessee, (v) Meyersdale Lessee, (vi) Hastings Lessee, (vii) Roaring Springs Lessee, (viii) Palestine Lessee, (ix) Palestine GP Lessee, (x) Lander Lessee, and (xi) Riverton Lessee, together with their respective successors and permitted assigns.

Lessee Parties: As defined in Section 40.6.

Lessor: Collectively and jointly and severally, the: (i) Ottumwa Lessor, (ii) Dodge City Lessor, (iii) Lawton Lessor, (iv) Johnstown Lessor, (v) Meyersdale Lessor, (vi) Hastings Lessor, (vii) Roaring Springs Lessor, (viii) Palestine Lessor, (ix) Lander Lessor, and (x) Riverton Lessor, together with their respective successors and permitted assigns.

Lessor's Notice Address: As defined in Section 13.2(c).

Lessor Parties: As defined in Section 39.6.

Letter of Credit: As defined in Section 39.15.

Licenses: As defined in Article XXXVIII.

Liens: As defined in Article XXXVI.

LifePoint: LifePoint Health, [Inc.][2] or its successor in interest.

LifePoint Guaranty: That certain Guaranty, dated as of the date hereof, executed and delivered by LifePoint in favor of Lessor, as may be modified, amended, restated and/or supplemented from time to time.

LifePoint Non-Competition Agreement: Means that certain Non-Competition Agreement, dated as of the date hereof, executed by LifePoint in favor of Lessor and its Affiliates, as the same is amended, modified, and/or restated from time to time.

LifePoint Upper Tier Distribution: As defined in the Purchase Agreement.

LifePoint Upper Tier Restructuring Transaction: As defined in the Purchase Agreement.

Lima Guaranty: That certain Guaranty, dated as of the date hereof, executed and delivered by Lima HoldCo in favor of Lessor, as may be modified, amended, restated and/or supplemented from time to time.

Lima Holdco: Lima HoldCo, LLC, a Delaware limited liability company.

Lima Non-Competition Agreement: Means that certain Non-Competition Agreement, dated as of the date hereof, executed by Lima Holdco in favor of Lessor and its Affiliates, as the same is amended, modified, and/or restated from time to time.

Major Event of Default: The occurrence of (i) an Event of Default under clause (a), (e), (j), (k), or (l) of Section 16.1; (ii) an Event of Default by the Guarantor under clause (c) or (g) of Section 16.1 (subject to the cure right described herein), or (iii) an Event of Default under any of clauses (b), (c), (d), (f), (g), (h), or (i) of Section 16.1 with respect to three (3) or more Facility Lessees.

Major Healthcare REIT: Any publicly listed Healthcare REIT with total assets of more than $2,500,000,000, or (b) any Person in which a publicly listed Healthcare REIT with total assets of more than $2,500,000,000 owns, directly or indirectly, a beneficial or record interest of twenty-five percent (25%) or more at the time of the applicable transfer.

Major Healthcare REIT Transaction: With respect to any Facility Lessee or Guarantor, any transaction pursuant to which any Major Healthcare REIT other than the Permitted Holders (or any holding company parent of such Facility Lessee or Guarantor owned directly or indirectly by

[2] To be updated to LifePoint Health, LLC if LifePoint has been converted to an LLC before closing.

the Permitted Holders) shall have acquired (i) direct or indirect beneficial ownership (as defined in Rules 13(d)-3 and 13(d)-5 under the Securities Exchange Act of 1934 (as amended)) in such Facility Lessee or Guarantor of Fifty Percent (50%) or more, or (ii) direct or indirect beneficial ownership (as defined in Rules 13(d)-3 and 13(d)-5 under the Securities Exchange Act of 1934 (as amended)) of voting power of the Equity Interests of such Facility Lessee or Guarantor having more than fifty percent (50%) of the ordinary voting power for the election of directors or managers of such Facility Lessee or Guarantor.

Major Repairs: All repairs to the Leased Property of every kind and nature, whether interior or exterior, structural or non-structural (including, without limitation, all parking decks and parking lots), which extend the life of the Leased Property (as opposed to being routine maintenance and repair expenditures), as deemed necessary or appropriate by Lessor, in its reasonable discretion, from time to time during the Term.

Make-Up Payment: As defined in Section 15.6.

Management Agreement: Any contract or agreement for the provision of whole-hospital management services to any of the Facility Lessees with respect to the operation of any hospital on any of the Property, whether now existing or hereafter entered into (but shall not be construed to cover management agreements or similar agreements relating to only a small portion of a Facility, such as an inpatient psychiatric unit or a wound care facility (as opposed to the management and operation of the hospital).

Management Company: Any person, firm, corporation or other entity or individual who or which will provide management services under a Management Agreement to a Facility Lessee with respect to the operation of a hospital on a Property.

Material Obligation: Any obligation of the Guarantor or any Facility Lessee (other than any obligations owing to Lessor or any of its Affiliates) which (i) is in excess of Twenty Million Dollars ($20,000,000) (including, without limitation the Conemaugh Capital Commitment Obligation) and (ii) is not an obligation owed to a lender or creditor that is a party the an Intercreditor Agreement.

Medicaid: The medical assistance program established by Title XIX of the Social Security Act (42 U.S.C. Sections 1396 *et seq.*) and any statute succeeding thereto.

Medicare: The health insurance program for the aged and disabled established by Title XVIII of the Social Security Act (42 U.S.C. Sections 1395 *et seq.*) and any statute succeeding thereto.

Meyersdale Facility: The healthcare facilities or operations listed on ***Exhibit C-7*** attached hereto.

Meyersdale Lessee: DLP Conemaugh Meyersdale Medical Center, LLC, a Delaware limited liability company, together with its successors and permitted assigns.

Meyersdale Lessor: MPT of Meyersdale-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Meyersdale Medical Center: That certain critical access hospital facility operated at the Meyersdale Owned Land, commonly known as Conemaugh Meyersdale Medical Center, containing twenty (20) licensed beds available for use.

Meyersdale Owned Land: That certain real property located in Meyersdale, Somerset County, Pennsylvania, as more particularly described on ***Exhibit A-7*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Meyersdale Property: The Meyersdale Owned Land and related Leased Improvements located thereon relating to the Meyersdale Facility.

MOB Ground Leases: Individually, and collectively, each of the Lawton MOB Ground Leases, the Ottumwa Ground Lease, and the Roaring Springs Ambulance Facility Lease.

MPT: MPT Operating Partnership, L.P., an Affiliate of Lessor.

MPT Damages: As defined in Section 8.2(b).

MPT Indemnified Parties: As defined in Section 8.2(b).

New Construction Project: (x) each facility, branch, business unit, hospital or related healthcare facility which is either a new facility, branch, business unit, hospital or related healthcare facility or an expansion, relocation, remodeling, refurbishment or substantial modernization of an existing facility, branch, business unit, hospital or related healthcare facility owned by Lima Holdco or its Subsidiaries which is then under construction (or, in the case of a new business unit, hospital or related healthcare facility, otherwise in process but not yet completed) and (y) each creation (in one or a series of related transactions) of a business unit (including, without limitation, individual hospitals) and each expansion (in one or a series of related transactions) of business into a new market to the extent that such creation (in one or a series of related transactions) of a business unit (including, without limitation, individual hospitals) or is in process but not yet completed or offered, as applicable.

New Project: (x) each plant, facility, branch, business unit, hospital or related healthcare facility which is either a new plant, facility, branch, business unit, hospital or related healthcare facility or an expansion, relocation, remodeling, refurbishment or substantial modernization of an existing plant, facility, branch, business unit, hospital or related healthcare facility owned by Lima Holdco or its Subsidiaries which in fact commences operations, (y) each creation (in one or a series of related transactions) of a business unit (including, without limitation, individual hospitals) to the extent such business unit commences operations or each expansion (in one or a series of related transactions) of business into a new market and (z) each New Construction Project.

New Property: Any real property (other than real property constituting a Capital Addition to a Property that is already subject to this Lease) that becomes subject to this Lease after the Effective Date; it being understood that except as set forth in the Purchase Agreement and in this Lease, neither Lessee nor any Affiliate of Lessee shall have any obligation to cause any real property to become subject to this Lease.

Net Income: The net income (or loss) of a Person determined in accordance with GAAP.

Noncompete Period: As defined in Section 39.10.

Obligation Documents: Individually and collectively, this Lease, the Guaranty, the Lease Assignments, the Environmental Indemnification Agreement, any Subordination of Management Agreement, the LifePoint Non-Competition Agreement, the Lima Non-Competition Agreement, and all other documents or instruments entered into by Lessee or its Affiliates in connection with this Lease, or as may be necessary to give effect to the provisions hereof and thereof, or to evidence or secure the payment and performance of the Lessee or its Affiliates' respective obligations and liabilities under this Lease, and any other documents or instruments entered into in connection therewith, as each of the same may be modified, amended or restated from time to time.

Obligors: Collectively, Lessee, Guarantor, and their respective successors and permitted assigns.

OFAC: The U.S. Department of Treasury Office of Foreign Assets Control.

OFAC List: The list of specially designated nationals and blocked persons subject to financial sanctions that is maintained and published by the U.S. Treasury Department, Office of Foreign Assets Control and any other similar list maintained and published by the U.S. Treasury Department, Office of Foreign Assets Control pursuant to any law, including, without limitation, trade embargo, economic sanctions, or other prohibitions imposed by Executive Order of the President of the United States. The OFAC List currently is accessible through the internet website https://www.treasury.gov/ofac/downloads/sdnlist.pdf.

Officer's Certificate: With respect to each Facility Lessee, a certificate of such Facility Lessee signed by the representative(s) authorized to so sign by the governing body of such Facility Lessee, or any other Person whose power and authority to act has been properly authorized.

Operating Agreements: With respect to each Facility Lessee, all written agreements to which such Facility Lessee is a party with respect to the ownership, operation or management of the Business at a Property, including, without limitation, any and all service and maintenance contracts, management agreements, equipment leases, consulting agreements, laboratory servicing agreements, pharmaceutical contracts and physician, other clinician or other professional services provider contracts, but excluding employment contracts and any Participation Agreements, as the same may from time to time be amended, restated, supplemented, renewed or modified.

Organizational Documents: With respect to any Person, the articles of incorporation or organization, certificate of incorporation or formation or other formation document, together with all other documents creating and governing such Person, including stockholder agreements, limited liability company or operating agreements, partnership agreements and bylaws.

Other Credit Enhancements: As defined in Section 30.2.

Ottumwa Facility: The healthcare facilities or operations listed on ***Exhibit C-8*** attached hereto.

Ottumwa Ground Leased Property: That certain real property ground leased under the Ottumwa Ground Lease.

Ottumwa Lessee: RCHP-Ottumwa, LLC, a Delaware limited liability company, together with its successors and permitted assigns.

Ottumwa Lessor: MPT of Ottumwa-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Ottumwa Medical Center: That certain general acute care hospital facility operated at the Ottumwa Owned Land, commonly known as Ottumwa Regional Health Center, containing two hundred seventeen (217) licensed beds available for use.

Ottumwa MOB Ground Lease: That certain Ground Lease, dated as of November 22, 2010, between Ottumwa Lessor (as successor by assignment to Ottumwa Lessee), as lessor, and Ottumwa Medical Properties, LLC, an Iowa limited liability company (as successor by assignment to Ottumwa MOB, LLC, a Georgia limited liability company), as lessee, as the same has been or may be amended, modified, or restated from time to time.

Ottumwa Owned Land: That certain real property located in (i) Ottumwa, Wapello County, Iowa, and (ii) Eddyville, Wapello County, Iowa, as more particularly described on ***Exhibit A-8*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Ottumwa Property: The Ottumwa Owned Land and related Leased Improvements located thereon relating to the Ottumwa Facility.

Overdue Rate: On any date, the Lease Rate plus Five Percent (5%).

Owned Land: Collectively, Dodge City Owned Land, Hastings Owned Land, Johnstown Owned Land, Lawton Owned Land, Meyersdale Owned Land, Ottumwa Owned Land, Palestine Owned Land, Riverton Owned Land and Roaring Springs Owned Land.

Palestine Facility: The healthcare facilities or operations listed on ***Exhibit C-9*** attached hereto.

Palestine GP Lessee: Palestine-Principal G.P., Inc., a Texas corporation, together with its successors and permitted assigns.

Palestine GP Property: A portion of the Palestine Property consisting of a certain tract of land on which is situated a freestanding medical office building commonly known as the "Buffalo Medical Clinic" located at 249 South Craig Street, Buffalo, Texas.

Palestine Lessee: Palestine Principal Healthcare Limited Partnership, a Texas limited partnership, together with its successors and permitted assigns.

Palestine Lessor: MPT of Palestine-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Palestine Medical Center: That certain general acute care hospital facility operated at the Palestine Owned Land, commonly known as Palestine Regional Medical Center, containing one hundred fifty-six (156) licensed beds available for use.

Palestine Owned Land: That certain real property located in (i) Palestine, Anderson County, Texas, and (ii) Buffalo, Leon County, Texas, each as more particularly described on ***Exhibit A-9*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Palestine Property: The Palestine Owned Land and related Leased Improvements located thereon relating to the Palestine Facility.

Partial Taking: As defined in Section 15.3.

Partial Taking Property: As defined in Section 15.6.

Participation Agreements: With respect to each Facility Lessee, all third-party payor participation or reimbursement agreements, and provider numbers and provider agreements, to which such Facility Lessee is a party relating to rights to payment or reimbursement from, and claims against, private insurers, managed care plans, employee assistance programs, Blue Cross and/or Blue Shield, governmental authorities, Medicare, Medicaid and TRICARE, and other third-party payors, as the same may from time to time be amended, restated, extended, supplemented or modified, together with all rights, privileges and entitlements thereunder.

Pass-Through Lease Land: The Lander Leased Land.

Pass-Through Lease Rent: The Lander Lease Rent.

Pass-Through Leases: The Lander Lease, as the same may be modified, amended, restated or supplemented from time to time, and each of which has been assumed by the applicable Facility Lessor from the applicable Facility Lessee (or an Affiliate thereof) and shall be subject to Article XL of this Lease.

Pass-Through Lessees: The Lander Lessee, together with its successors and permitted assigns.

Pass-Through Lessors: The Lander Lessor, together with its successors and permitted assigns.

Patriot Act: The Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001, Pub. L. 107-56, as the same may be amended, modified or restated from time to time.

Pennsylvania Property: Collectively, the Hastings Property, the Johnstown Property, the Meyersdale Property, the Roaring Springs Property, and any New Property located in the Commonwealth of Pennsylvania.

Permitted Exceptions: As defined in Article II.

Permitted Holders: (a) (i) Apollo Global Management, Inc. and investment funds, alternative investment vehicles and managed accounts, managed by (x) Apollo Global Management, Inc. or (y) any of its Subsidiaries and (ii) Affiliates of any of the Persons referred to in the immediately preceding clause (i), (b) AP VIII DSB Co-Invest, L.P., (c) LifePoint, (d) any Qualified Transferee or other Person that becomes a transferee in connection with a Permitted Transaction, (e) DSB Parent L.P., (f) DSB Holdings, Inc., (g) each of the current or future wholly-owned Subsidiaries of the Persons in the foregoing clauses (a) through (f), and (h) any current or future direct or indirect holder of Equity Interests of any of the Persons referred to in the foregoing clauses (a) through (g). Notwithstanding the foregoing, in no event shall any (x) Major Healthcare REIT or (y) portfolio company (other than LifePoint, or any Person that becomes a Qualified Transferee or other Person that becomes a transferee in connection with a Permitted Transaction or their respective current Subsidiaries or future wholly-owned Subsidiaries) of any of the Persons referred to in (x) clauses (a), (b), (e), and (f) of this definition ("Covered Persons") and (y) solely as they relate to any Covered Persons clauses (g) and (h) of this definition shall be deemed to be a Permitted Holder.

Permitted Reorganization: The transfer of the direct or indirect Equity Interests in any Facility Lessee to Lima Holdco or a Subsidiary thereof.

Permitted Transaction: With respect to any Facility Lessee or the Guarantor, the transfer of direct or indirect Equity Interests in such Facility Lessee or such Guarantor if:

(a) such transfer is to a Qualified Transferee;

(b) (i) (A) after giving effect to such transfer such Facility Lessee or Guarantor is directly or indirectly Controlled by LifePoint (or any Qualified Transferee or other Person that becomes a transferee in connection with a Permitted Transaction) or (B) such transfer is to a Person that has been approved in writing by Lessor (such approval not to be unreasonably withheld, conditioned or delayed);

(i) Lessor has received confirmation in writing that (A) after giving effect to the transfer such Facility Lessee or Guarantor will continue to have financial and credit characteristics reasonably satisfactory to Lessor and (B) such transferee (together with the Facility Lessees and other entities acquired by such transferee) has operating characteristics and experience operating acute care hospital facilities reasonably satisfactory to Lessor;

(ii) With respect to such Guarantor, after giving effect to such transfer the Guarantor (or the applicable Acceptable Replacement Guarantor) continues to own a direct or indirect ownership interest in each Facility Lessee; and

(iii) such transferee, in the case of clause (b)(i)(B) has complied with Section 8.7 and Section 39.15 (i.e., has delivered a Substitute Letter of Credit; provided, however, that such Substitute Letter of Credit shall be in an amount equal to six (6) months Base Rent (as the amount of such Base Rent is adjusted from time to time pursuant to this Lease).

(c) such transfer occurs in connection with a Qualified Public Offering; or

(d) such transfer is to a Permitted Holder.

provided, that, (1) in no event shall a transaction constituting a Major Healthcare REIT Transaction constitute a Permitted Transaction without Lessor's prior written consent (which consent may be withheld in Lessor's sole and absolute discretion); and (2) Guarantor and Lessee shall provide Lessor with fifteen (15) days prior written notice of the consummation of any Permitted Transaction (together with a description of such proposed Permitted Transaction in reasonable detail to verify such transaction constitutes a Permitted Transaction) in which (x) LifePoint (or any Qualified Transferee or other Person that becomes a transferee in connection with a Permitted Transaction) ceases to directly or indirectly own more than 50% of the Equity Interests of Lima Holdco or any Facility Lessee or (y) Lima HoldCo (or any Acceptable Replacement Guarantor) ceases to directly or indirectly own more than 50% of the Equity Interests of any Facility Lessee.

Person: An individual, a corporation, a limited liability company, a general or limited partnership, an unincorporated association, a joint venture, a Governmental Body or another entity or group.

Personal Property: With respect to a Facility Lessee, all of such Facility Lessee's consumable inventory and supplies, machinery, equipment, furniture, furnishings, trailers, movable walls or partitions, computers, trade fixtures and other tangible or intangible personal property (including all such items not permanently affixed to the applicable Property), currently owned and acquired after the execution of this Lease, and necessary, used, or useful in the operation of the applicable Facility, but excluding any items within the definition of Fixtures.

Portfolio Sale: Any (i) sale, transfer, assignment or conveyance by Medical Properties Trust, Inc., MPT, any Facility Lessor or any of their respective Affiliates of two (2) or more healthcare facilities that includes at least one (1) Facility subject to this Master Lease and at least one (1) other healthcare facility that is not a Facility subject to this Master Lease, where the value of such other healthcare facilities comprises at least twenty percent (20%) of the aggregate value of such sale, transfer, assignment or conveyance; or (ii) as applicable, sale of equity, merger, combination, sale of all or substantially all of the assets of or similar transaction involving Medical Properties Trust, Inc., MPT, or their respective Affiliates and any other Person.

Pre-Opening Expenses: With respect to any fiscal period, the amount of expenses (other than interest expense) incurred with respect to facilities which are classified as "pre-opening expenses" or "facility-opening costs" (or any similar or equivalent caption) in the applicable financial statements of Lima Holdco and its Subsidiaries for such period, prepared in accordance with GAAP.

Primary Intended Use: As defined in Article VII.

Pro Forma Basis: As to Lima Holdco, for any events as described below that occur subsequent to the commencement of a period for which the financial effect of such events is being calculated, and giving effect to the events for which such calculation is being made, such calculation as will give pro forma effect to such events as if such events occurred on the first day of the four consecutive fiscal quarter period ended on or before the occurrence of such event (the "**Reference Period**"): (i) pro forma effect shall be given to any disposition, acquisition, investment, capital expenditure, construction, repair, replacement, improvement, development,

merger, amalgamation, consolidation (including the Transactions), any dividend, distribution or other similar payment, any New Project, and any restructurings of the business of Lima Holdco and its Subsidiaries that Lima Holdco or any of its Subsidiaries has determined to make and/or made and in the good faith determination of an officer of Lima Holdco are expected to have a continuing impact and are factually supportable, which would include cost savings resulting from head count reduction, closure of facilities and similar operational and other cost savings, which adjustments Lima Holdco determines are reasonable as set forth in a certificate of an officer of Lima Holdco (the foregoing, together with any transactions related thereto or in connection therewith, the "relevant transactions"), in each case that occurred during the Reference Period and (ii) in making any determination on a Pro Forma Basis, (x) all indebtedness (including indebtedness issued, incurred or assumed as a result of, or to finance, any relevant transactions and for which the financial effect is being calculated, but excluding normal fluctuations in revolving indebtedness incurred for working capital purposes) issued, incurred, assumed or permanently repaid during the Reference Period shall be deemed to have been issued, incurred, assumed or permanently repaid at the beginning of such period, (y) Interest Expense of such person attributable to interest on any indebtedness, for which pro forma effect is being given as provided in the preceding clause (x), bearing floating interest rates shall be computed on a pro forma basis as if the rates that would have been in effect during the period for which pro forma effect is being given had been actually in effect during such periods, and (z) in giving effect to clause (i) above with respect to each New Project (other than New Construction Projects) which commences operations and records not less than one full fiscal quarter's operations during the Reference Period, the operating results of such New Project (other than New Construction Projects) shall be annualized on a straight line basis during such period, taking into account any seasonality adjustments determined by Lima Holdco in good faith.

Pro forma calculations made pursuant to the definition of the term "Pro Forma Basis" shall be determined in good faith by an officer of Lima Holdco and may include adjustments to reflect (i) operating expense reductions and other operating improvements, synergies or cost savings reasonably expected to result from any relevant pro forma event (including, to the extent applicable, the Transactions) and (ii) anticipated run-rate operating results expected to be achieved from New Construction Projects (and the achievement of related operational efficiencies associated therewith) to be scheduled for completion or operational within eighteen (18) months after the date any such calculation is performed.

Properties; Property: Individually and collectively, all of the: (i) Ottumwa Property, (ii) Dodge City Property, (iii) Lawton Property, (iv) Johnstown Property, (v) Meyersdale Property, (vi) Hastings Property, (vii) Roaring Springs Property, (viii) Palestine Property, (ix) Lander Property, (x) Riverton Property, and (xi) following the Effective Date, any New Property, each sometimes individually referred to as a "Property."

Property Substitution: As defined in Section 35.1.

Property Substitution Date: With respect to any applicable Property, the effective date of a Property Substitution.

Proprietary Information: As defined in Section 24(j).

Public Company Compliance: Compliance with the requirements of the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated in connection therewith, the provisions of the Securities Act of 1933 and the Securities Exchange Act of 1934, and the rules of national securities exchange listed companies (in each case, as applicable to companies with equity or debt securities held by the public), including procuring directors' and officers' insurance, legal and other professional fees, and listing fees.

Public Corporation: As defined in the definition of "Qualified Public Offering."

Purchase Agreement: That certain Real Property Asset Purchase Agreement, dated as of November 4, 2019, by and among Lima Holdco, Lessees, and Lessors, and certain of their respective Affiliates, as the same has been or may be modified, amended, restated and/or supplemented from time to time.

Qualified Manager: Means (i) DLP Partner, LLC, (ii) DLP Conemaugh Memorial Medical Center, LLC, (iii) LifePoint Corporate Services, General Partnership, each of which management companies are hereby approved by Lessor, and (iv) any other management company with experience managing assets of the size, use and value of the applicable Property, reasonably approved by Lessor.

Qualified Public Offering: A public offering by LifePoint, DSB Holdings, Inc. or any entity into which LifePoint, DSB Parent L.P. or DSB Holdings, Inc. is merged, converted, or consolidated into or to which the Equity Interests of LifePoint, DSB Parent L.P., or DSB Holdings, Inc. are contributed, as determined by LifePoint's board of directors as being advisable or convenient to create a suitable vehicle for a public offering (the resulting entity, the "**Public Corporation**"), of the Equity Interests in LifePoint, DSB Parent L.P., DSB Holdings Inc. or such Public Corporation, which public offering is registered with the United States Securities and Exchange Commission.

Quarterly Statements: As defined in Article XXIV(b)(ii).

Qualified Transferee: A Person that, at the date of determination:

(a) is a Person, or an Affiliate of a Person, that owns or operates, has owned and/or operated, or procures the services of a Person that has owned or operated, (i) at least ten (10) hospitals or (ii) one (1) or more hospitals having an aggregated annual net revenue of $500,000,000 or more;

(b) has not, and neither have any of such Person's senior officers or directors: (i) had any license or certification to operate any healthcare facility or any other similar business irrevocably revoked by any Governmental Authority, or caused any such revocation, due to any actual fault involving quality of care, overpayments, or fraud and abuse compliance matters, (ii) been found to have been grossly negligent or to have committed willful or intentional misconduct pursuant to a non-appealable judgement in any lawsuit alleging any wrongdoing by such Person or any of such senior officers, directors, shareholders or members relating to patient care, (iii) been permanently excluded from providing services in connection with the operation of any healthcare facility or any other similar business by any applicable state healthcare licensing authority, (iv) been permanently excluded or restricted from participation in Medicare, Medicaid

or any other governmental payor program; and (v) been the subject of a pending investigation or proceeding within the past 5 years that is reasonably likely to result in any of the foregoing;

(c) has not: (i) made an assignment of all or substantially all of its property for the benefit of creditors, (ii) had a receiver, trustee or liquidator appointed for any of its property (unless such appointment was discharged within 60 days after the date of such appointment), (iii) filed a voluntary petition under any federal bankruptcy law or state Legal Requirements to be adjudicated as bankrupt or for any arrangement or other debtor's relief, or (iv) had an involuntary filing of such a petition against any such Person by any other Person (unless such petition was dismissed within 90 days after filing);

(d) has provided Lessor with written confirmation that such Person is in pro forma compliance with Section 16.1(l) of this Lease; and

(e) has complied with Section 8.7 and Section 39.15 (i.e., has delivered a Substitute Letter of Credit; *provided, however*, that such Substitute Letter of Credit shall be in an amount equal to six (6) months Base Rent (as the amount of such Base Rent is adjusted from time to time pursuant to this Lease)).

RCRA: As defined in the definition of "Hazardous Materials Law."

Real Estate Taxes: All taxes, assessments and special assessments, and dues which are levied or imposed during the Term upon the Leased Property.

Rent: Collectively, the Base Rent (as increased in accordance with the provisions of Section 3.1(b)), and the Additional Charges.

Rent Schedule: As defined in Section 3.1(e).

Replacement Intercreditor: With respect to any Change of Control Transaction, any Permitted Transaction (other than a Permitted Reorganization or other transaction if, after giving effect to such transaction, the Intercreditor Agreement continues to be applicable), or any substitution of an Acceptable Replacement Guarantor pursuant to Section 16.1(c), an intercreditor agreement in form substantially identical (other than in respect of details specific to any such transaction) to the Intercreditor Agreement or in a form otherwise acceptable to the Lessor.

Replacement Property: As defined in the definition of Substitute Property.

Request: As defined in Section 10.3.

Requesting Party: As defined in Section 39.5.

Required Ongoing Capital Project: As defined in Section 10.5.

Reserve: As defined in Section 9.2(a).

Revised Sale Terms: As defined in Section 34.2(b).

Riverton Facility: The healthcare facilities or operations listed on ***Exhibit C-10*** attached hereto.

Riverton Lessee: Riverton Memorial Hospital LLC, a Delaware limited liability company, together with its successors and permitted assigns.

Riverton Lessor: MPT of Riverton-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Riverton Medical Center: That certain general acute care hospital facility operated at the Riverton Owned Land, commonly known as SageWest Health Care - Riverton Campus, containing seventy (70) licensed beds available for use.

Riverton Owned Land: That certain real property located in Riverton, Fremont County, Wyoming, as more particularly described on ***Exhibit A-10*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Riverton Property: The Riverton Owned Land and related Leased Improvements located thereon relating to the Riverton Facility.

Roaring Springs Ambulance Facility Lease: That certain Lease Agreement dated June 1, 1992, by and between Nason Hospital, as landlord, and Altoona-Logan Township Mobile Medical Emergency Department Authority f/k/a Roaring Spring Ambulance Service, Inc., as tenant, as the same has been or may be amended, modified, or restated from time to time.

Roaring Springs Facility: The healthcare facilities or operations listed on ***Exhibit C-11*** attached hereto.

Roaring Springs Ground Leased Property: That certain real property ground leased under the Roaring Springs Ambulance Facility Lease.

Roaring Springs Lessee: Nason Medical Center, LLC, a Delaware limited liability company, together with its successors and permitted assigns.

Roaring Springs Lessor: MPT of Roaring Springs-Lima, LLC, a Delaware limited liability company, together with its successors and assigns.

Roaring Springs Medical Center: That certain general acute care hospital facility operated at the Roaring Springs Owned Land, commonly known as Nason Medical Center, containing forty-five (45) licensed beds available for use.

Roaring Springs Owned Land: That certain real property located in (i) Roaring Springs, Blair County, Pennsylvania and (ii) Taylor Township, Blair County, Pennsylvania, as more particularly described on ***Exhibit A-11*** attached hereto and made a part hereof by reference and incorporation, together with all hereditaments, easements, mineral rights, rights of way and other appurtenances related thereto.

Roaring Springs Property: The Roaring Springs Owned Land and related Leased Improvements located thereon relating to the Roaring Springs Facility.

ROFO Exercise Notice: As defined in Section 10.3.

SARA: As defined in the definition of "Hazardous Materials Law."

Severance Date: As defined in Section 30.2.

Severance Notice: As defined in Section 30.2.

Severed Lease: As defined in Section 30.2.

Severed Property: As defined in Section 30.2.

Single Purpose Entity: With respect to each Facility Lessee, an entity which (i) exists solely for the purpose of owning and/or leasing the Property operated by such Facility Lessee and conducting the operation of the Business thereon, including any business that relates to the business currently conducted by Lima Holdco, (ii) does not engage in any business other than the ownership and/or leasing of such Property and the Personal Property and the operation of the Business thereon, (iii) does not hold, directly or indirectly, any ownership interest (legal or equitable) in any entity or any real or personal property other than the interest in such Property, the Personal Property and the other assets (including ownership interests in entities) incident to the operation of the Business, (iv) has its own separate books, records, accounts, financial statements and tax returns, except that financial statements and/or tax returns of the individual Facility Lessees may be consolidated, (v) holds itself out as being a company separate and apart from any other entity, and (vi) maintains all entity formalities independent of any other entity.

Specified Equity Contribution: As defined in Section 16.1(l)(iii).

State Regulatory Authorities: As applicable to each Facility, the state licensing and certification agencies, together with all applicable statutes and regulations, related to healthcare facilities in each respective state.

Subordination of Management Agreement: A Subordination of Management Agreement, in the form attached to this Lease as ***Exhibit G***.

Subsidiary or Subsidiaries: With respect to any Person (herein referred to as the "parent"), any corporation, partnership, association or other business entity (a) that is, at the time any determination is made, Controlled By the parent or one or more subsidiaries of the parent or by the parent and one or more subsidiaries of the parent, (b) of which securities or other ownership interests representing at least 50% of the economic interests or at least 50% of the ordinary voting power (or board representation, including through block voting arrangements) or at least 50% of the general partnership interests are, at the time any determination is being made, directly or indirectly, owned, Controlled By or held by the parent or one or more subsidiaries of the parent or by the parent and one or more subsidiaries of the parent or (c) the financial results of which are (or are expected to be) consolidated with those of LifePoint and its Subsidiaries in the financial statements of LifePoint and its Subsidiaries delivered hereunder; *provided* that, for purposes of

determining compliance with Section 16.1(l) hereof, any such Person described under clauses (b) and (c) above may be determined to be or not be a "Subsidiary" at the option of Lima Holdco upon delivery of a notice of such election to the Lessor.

Substitute Letter of Credit: As defined in Section 39.15.

Substitute Property: With respect to any Property, a fee interest in land and improvements thereon which may be included in the Property Substitution, with respect to which: (i) such improvements consist solely of a hospital location (the "**Replacement Property**"), and which may also include medical office buildings, clinics and other improvements either necessary for or commonly associated with the operation of a Replacement Property or consented to by Lessor in its sole and absolute discretion; (ii) financial records pertaining to such operations (which records will include audited financial statements if available) shall have been made available to Lessor; (iii) all certificates of need, permits, approvals and authorizations pertaining to ownership and operation of such land and improvements as Replacement Property shall be in full force and effect, free of material defaults or notices of material default; (iv) neither the Property Substitution nor the utilization of such land and improvements in a Property Substitution will result in the realization of taxable income or gain to MPT or its Equity Constituents under the Code, as determined by MPT in its sole discretion; and (v) neither the Property Substitution nor the utilization of such land and improvements in a Property Substitution will jeopardize MPT's status as a qualified real estate investment trust under the Code, as determined by MPT in its sole discretion.

Taking: A taking or voluntary conveyance during the Term of all or part of any Property, or any interest therein or right accruing thereto or use thereof, as the result of, or in settlement of, any Condemnation or other eminent domain proceeding affecting such portion of the Leased Property whether or not the same shall have actually been commenced.

Tenant(s): The lessees, tenants, sublessees or subtenants under the Tenant Leases, if any.

Tenant Leases: All leases, subleases, and other rental agreements (written or verbal, now or hereafter in effect), if any, including any Existing Subleases as described in Section 23.1, pursuant to which any Facility Lessee has granted or will grant a possessory interest in and to any space in or any part of the Leased Property, or that otherwise provide rights with respect to the Leased Property, and all Credit Enhancements, if any, held in connection therewith.

Term: With respect to a particular Property, the actual duration of this Lease, including the Fixed Term and the Extension Terms (if extended by Lessee).

Terminated Property: As defined in Section 16.1D.

Texas Property: Collectively, the Palestine Property and any New Property located in the State of Texas.

Third Party Offer: As defined in Section 34.2(a).

Third Party Offer Notice: As defined in Section 34.2(a).

Transactions: The transactions contemplated by the Purchase Agreement.

Unsuitable for Its Use or Unsuitable for Its Primary Intended Use: As used anywhere in this Lease, the terms "Unsuitable for Its Use" or "Unsuitable for Its Primary Intended Use" shall mean that, with respect to any Property or part thereof, by reason of damage or destruction or a partial Taking by Condemnation, such Property cannot be operated on a commercially practicable basis for its Primary Intended Use, taking into account, all relevant factors (including, without limitation, anticipated repairs and/or restorations), and the effect of such damage or destruction or partial Taking, and which shall be as determined by Lessor, in its reasonable discretion.

USPAP: The Uniform Standards of Professional Appraisal Practice, as amended from time to time.

Vacated Property: As defined in Section 16.1A.

1.2. **Interpretation; Terms Generally**. The definitions set forth in Section 1.1 and elsewhere in this Lease shall apply equally to both the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. Unless otherwise indicated, the words "include", "includes" and "including" shall be deemed to be followed by the phrase "without limitation." The words "herein", "hereof" and "hereunder" and words of similar import shall be deemed to refer to this Lease (including the Schedules and Exhibits) in its entirety and not to any part hereof, unless the context shall otherwise require. All references herein to Articles, Sections, Schedules and Exhibits shall be deemed to refer to Articles, Sections and Schedules of, and Exhibits to, this Lease, unless the context shall otherwise require. Unless the context shall otherwise require, any references to any agreement or other instrument or statute or regulation are to it as amended and supplemented from time to time (and, in the case of a statute or regulation, to any corresponding provisions of successor statutes or regulations). Any reference in this Lease to a "day" or number of "days" that does not refer explicitly to a "Business Day" or "Business Days" shall be interpreted as a reference to a calendar day or number of calendar days. If any action or notice is to be taken or given on or by a particular calendar day, and such calendar day is not a Business Day, then such action or notice shall be deferred until, or may be taken or given on, the next Business Day. For all purposes hereunder, whenever reference is made to "continuance" or "continuation" of an Event of Default (or words of similar import), such reference shall mean that the relevant Event of Default has not been waived in writing by the Lessor (or Affiliate of Lessor) or (as to any Event of Default that is subject to cure) cured within the applicable cure period.

1.3. **Accounting Terms**. All accounting terms not specifically defined herein shall be construed in accordance with GAAP. Defined terms and calculations in connection with the covenants and other provisions of this Lease, including Section 16.1(l), shall be based upon and utilize GAAP applied in a manner consistent with that used in preparing the financial statements referred to in Article XXIV(b)(i)-(iii). If at any time any change in GAAP would affect the computation of any financial ratio or requirement set forth in this Lease, and Lessee shall so request, Lessor and Lessee shall negotiate in good faith to amend such ratio or requirement to preserve the original intent thereof in light of such change in GAAP; *provided, that*, until so amended, (a) such ratio or requirement shall continue to be computed in accordance with GAAP prior to such change therein and (b) Lessee shall provide to Lessor financial statements and other

documents required under this Lease or as reasonably requested hereunder setting forth a reconciliation between calculations of such ratio or requirement made before and after giving effect to such change in GAAP. Notwithstanding the foregoing, (x) all financial statements delivered hereunder shall be prepared, and all financial covenants contained herein shall be calculated, without giving effect to an election under Statement of Financial Accounting Standards 159 (or any similar accounting principal) permitting a Person to value its financial liabilities at the fair market value thereof, and (y) any obligations of a Person under a lease (whether now existing or entered into in the future) that is not (or would not be) a finance obligation under GAAP as in effect on the Commencement Date, shall not be treated as a finance obligation solely as a result of the adoption of changes in GAAP outlined by Leases, Topic 842, issued as Accounting Standards Update No. 2016-02 in February 2016.

1.4. **Certain Matters Relating to References to Leased Property**. References herein to "a portion" of the Leased Property (or words or phrases of similar import) shall mean, unless the context clearly indicates otherwise, a specific Property.

ARTICLE II.
LEASED PROPERTY; TERM

Upon and subject to the terms and conditions hereinafter set forth, Lessor leases to Lessee and Lessee rents from Lessor all of Lessor's rights and interest in and to the following property (collectively, and as modified from time to time pursuant to the terms of this Lease, the "**Leased Property**"):

(a) the Land; and

(b) the existing improvements on the Land and the buildings and any improvements constructed on the Land, including, but not limited to, all buildings, structures, Fixtures and other improvements of every kind, alleyways and connecting tunnels, sidewalks, utility pipes, conduits and lines (on-site and off-site), parking areas and roadways appurtenant to such buildings and structures presently or hereafter situated upon the Land, Capital Additions and all hereditaments, easements, rights of way and other appurtenances related thereto, but excluding the Ground Leased MOB Improvements (collectively, the "**Leased Improvements**").

SUBJECT, HOWEVER, to all applicable matters of record and any other matters as set forth on ***Exhibits B-1*** *et seq.* (the "**Permitted Exceptions**"), Lessee shall have and hold the Leased Property for a fixed term (the "**Fixed Term**") commencing on the Commencement Date and ending at midnight on the last day of the Two Hundred Fortieth (240th) full month after the Effective Date, unless sooner terminated as herein provided.

So long as no Event of Default then exists and no event has then occurred which with the giving of notice or the passage of time or both would constitute such an Event of Default, Lessee shall have the option to extend the Fixed Term on the same terms and conditions set forth herein for two (2) additional periods of five (5) years each (each, an "**Extension Term**"), which extension option may be exercised solely with respect to all of the Properties. Lessee may exercise each such option by giving written notice to Lessor at least one hundred eighty (180) days prior to the expiration of the Fixed Term or Extension Term, as applicable (the "**Extension Notice**"). If, during

the period following the delivery of the Extension Notice to Lessor and prior to the effective date of such extension, an Event of Default shall occur which is continuing on the commencement date of the Extension Term, at Lessor's option, the Term shall not be so extended and Lessee shall be deemed to have forfeited all subsequent options to extend the Fixed Term of this Lease. If Lessee elects not to exercise its option to extend as herein provided, all subsequent options to extend shall be deemed to have lapsed and be of no further force or effect.

Notwithstanding the foregoing, this Lease is expressly made subject to the terms and conditions of the Pass-Through Leases, copies of which have been provided to Lessee prior to the execution hereof. Notwithstanding anything to the contrary contained in this Lease, if (a) during the Term, any of the Pass-Through Leases expires by its terms, without Lessor or Lessee being able to negotiate an extension of the respective terms thereof acceptable to the parties, or (b) Lessor rejects any of the Pass-Through Leases in a bankruptcy proceeding, the Base Rent shall be reduced in accordance with Section 5.2. To the extent any of the Pass-Through Leases has any renewal options that cover a period during the Term, Lessee and Lessor agree that Lessor shall exercise such renewal options.

ARTICLE III.
RENT

3.1. **Rent**. During the Term, Lessee shall pay to Lessor, in advance and without notice, demand, set off or counterclaim, in lawful money of the United States of America, at Lessor's address set forth herein or at such other place or to such other person, firm or entity as Lessor may designate from time to time in writing in accordance with Article XXXII, the Rent as provided in this Lease. Lessor has the sole discretion to determine the method of payment of Rent, and will require that such payments initially be forwarded to Lessor utilizing the Automated Clearing House ("**ACH**") Network. Lessee shall take all reasonably necessary steps and bear any and all reasonable costs associated with utilizing ACH to timely deliver payments of Rent to Lessor. All payments of Rent made through ACH remain payments of Rent and, as such, are subject to all terms and conditions of this Lease, including, but not limited to, the default provisions. With respect to each Facility, Rent shall be calculated and payable as follows:

(a) **Allocated Base Rent**. With respect to each Property, subject to adjustment as provided herein (including adjustments set forth in Section 3.1(b) below), Lessee shall pay to Lessor in advance on the first (1st) day of each calendar month during the Term base rent allocated thereto (the "**Allocated Base Rent**") in an amount equal to the product of (i) the Lease Base for such Property as of the last day of the immediately preceding month (or as of the Commencement Date with respect to the amount payable for the first month of the Term), multiplied by (ii) the Lease Rate, divided by (iii) twelve (12); *provided, however*, if the Commencement Date with respect to such Property is other than the first day of a calendar month, Allocated Base Rent for the period from the Commencement Date for such Property to the first day of the first (1st) full month shall be prorated on a per diem basis based upon three hundred sixty (360) days and shall be paid on the Commencement Date. Lessor and Lessee acknowledge that the Allocated Base Rent is payable in advance and, accordingly, with respect to additions to the Lease Base and Capital Additions funded by Lessor with respect to any Property on or after the first (1st) day of any month (and, therefore, not included in the calculation of the Allocated Base Rent paid in advance for a particular month with respect to such Property), Allocated Base Rent shall include

a per diem Allocated Base Rent for the prior month (prorated based upon a three hundred sixty (360) day year in the same manner as set forth above) to be calculated by multiplying the amount of any such advance by the Lease Rate for such Property. Lessor shall provide Lessee with an invoice of such amounts prior to the first day of the next calendar month (the "**Interim Capital Addition Rent**"); *provided, however*, Lessor's failure to provide Lessee with an invoice for the Interim Capital Addition Rent relating to any Property prior to the first day of the next calendar month shall not limit or affect the Lessee's obligations hereunder to pay such Interim Capital Addition Rent. Allocated Base Rent and Interim Capital Addition Rent relating to each Property shall be payable in advance in equal, consecutive monthly installments.

(b) **Adjustment of Allocated Base Rent**. With respect to each Property, commencing on January 1, 2021, and continuing on each January 1 thereafter (each an "**Adjustment Date**") during the Term, the Lease Rate applicable to such Property shall be increased (and in no event decreased) and shall be determined as follows:

(i) On the first Adjustment Date, the Lease Rate applicable to such Property shall be increased (and in no event decreased) and shall equal to (A) the Lease Rate for such Property previously in effect, and (B) the product of such previous Lease Rate multiplied by the percentage by which the CPI published for the month of October 2020 shall have increased over the CPI figure published for the month of October 2019; and

(ii) on each Adjustment Date thereafter (except with respect to the first year of an Extension Term if the Allocated Base Rent with respect to such Property is reset pursuant to Section 3.1(c)(i)), the Lease Rate applicable to such Property shall be increased (and in no event decreased) and shall equal to the sum of (A) the Lease Rate for such Property previously in effect, and (B) the product of such previous Lease Rate multiplied by the greater of (1) Two Percent (2.0%); provided, however, that in no event shall the increase under this clause (B) be greater than four percent (4%) on any Adjustment Date; and (2) the percentage by which the CPI published for the month of October prior to the applicable Adjustment Date shall have increased over the CPI figure published for the month of October prior to the previous Adjustment Date.

The foregoing escalators used in calculating the adjusted Lease Rate are herein referred to as the "**Escalator**". For any monetary increases or adjustments that cannot be determined as of the applicable Adjustment Date due to then unknown variables (such as CPI), such amounts shall become due (and calculated retroactively to the Adjustment Date) and payable as of the time of determination.

(c) **Adjustment of Allocated Base Rent on the First Day of Each Extension Term**. On the first (1st) day of each Extension Term, the Allocated Base Rent for each Property shall be reset to the greater of:

(i) the Fair Market Value Rent for such applicable Property; and

(ii) the Allocated Base Rent paid by Lessee for such Property during (A) the last year of the Fixed Term (if determining the Base Rent for the first (1st) Extension Term) or (B) the last year of the first (1st) Extension Term (if determining the Base Rent for second (2nd) Extension Term), as applicable, as increased pursuant to Section 3.1(b)(ii) as of such first (1st) day of such Extension Term;

in either case, subject to increase on the next succeeding Adjustment Date and each Adjustment Date thereafter as set forth in Section 3.1(b)(ii).

(d) For any monetary increases or adjustments that cannot be determined as of the applicable Adjustment Date due to then unknown variables (such as CPI), such amounts shall become due (and calculated retroactively to the Adjustment Date) and payable as of the time of determination.

(e) **Rent Schedule**. From time to time during the Term, Lessor may, in its reasonable discretion, calculate the Base Rent and Interim Capital Addition Rent payable hereunder (the "**Rent Schedule**"), and provide a copy of such Rent Schedule to Lessee. Base Rent, as calculated in accordance with Sections 3.1(a), 3.1(b) and 3.1(c) above, shall include Interim Capital Addition Rent and Allocated Base Rent payable with respect to the entire Leased Property. The Rent Schedule shall be adjusted and substituted on a periodic basis by Lessor, in its reasonable discretion, as the Interim Capital Addition Rent and Base Rent are adjusted and calculated during the Term as provided herein and a copy thereof shall be provided to Lessee. Lessor's failure to provide a copy of the Rent Schedule or substitute or adjusted Rent Schedule shall not limit or affect the Lessee's obligations hereunder.

3.2. **Additional Charges**. In addition to the Base Rent that Lessee assumes or agrees to pay under this Lease, (a) Lessee will pay and discharge as and when due and payable other amounts, liabilities, obligations and Impositions related to the ownership, use, possession and operation of the Leased Property, including, without limitation, all costs of owning and operating each Facility, all Real Estate Taxes, Insurance Premiums, maintenance and capital improvements, all violations of and defaults under any of the Permitted Exceptions, and all licensure violations, civil monetary penalties and fines, and (b) in the event of any failure on the part of Lessee to pay any of those items referred to in clause (a) above, Lessee will also promptly pay and reimburse Lessor, and/or its Affiliates for all such amounts paid by Lessor, and/or its Affiliates and promptly pay and discharge every fine, penalty, interest and cost which may be added for non-payment or late payment of such items (the items referred to in clauses (a) and (b) above being referred to herein collectively as the "**Additional Charges**"), and Lessor shall have all legal, equitable and contractual rights, powers and remedies provided in this Lease, by statute, or otherwise, in the case of non-payment of the Additional Charges, as in the case of the Base Rent. If any installment of Base Rent or Additional Charges shall not be paid within five (5) Business Days after the applicable due date, Lessee, in addition to all other obligations hereunder, will pay to Lessor on demand as Additional Charges, a late charge computed at the Overdue Rate on the amount of such installment from the due date of such installment to the date of payment thereof, and a Late Payment Penalty with respect to such installment. To the extent that Lessee pays any Additional Charges to Lessor pursuant to clause (b) above or pursuant to any other requirement of this Lease,

Lessee shall be relieved of its obligation to pay such Additional Charges to the entity to which they would otherwise be due. Nothing in this Section 3.2 limits the provisions of Article XXII.

3.3. **Rent and Payments under the Pass-Through Leases**. Lessee shall pay all of the Pass-Through Lease Rent during the Term directly to the respective "landlord" or "lessor" under the applicable Pass-Through Lease as and when the same becomes due and payable as required thereunder, and Lessee shall provide Lessor with reasonable evidence of payment each month confirming that the Pass-Through Lease Rent has been timely paid.

ARTICLE IV.
IMPOSITIONS

4.1. **Payment of Impositions**. Subject to and without limiting Article XII relating to permitted contests, Lessee will pay, or cause to be paid, all Impositions before any fine, penalty, interest or cost may be added for non-payment, with such payments to be made directly to the taxing or assessing authorities, and Lessee will promptly furnish to Lessor copies of official receipts or other satisfactory proof evidencing such payments. Lessee's obligation to pay such Impositions shall be deemed absolutely fixed upon the date that any such Imposition becomes a lien upon the Leased Property or any part thereof. Lessor shall promptly notify and provide Lessee any correspondence or documentation received from a taxing or assessing authority that relates to a paid or unpaid Imposition. If any such Imposition may lawfully be paid in installments (whether or not interest shall accrue on the unpaid balance of such Imposition), Lessee may, with Lessor's consent, not to be unreasonably withheld, conditioned, or delayed, exercise the option to pay the same (and any accrued interest on the unpaid balance of such Imposition) in installments and, in such event, shall pay such installments during the Term (subject to and without limiting Lessee's right of contest pursuant to the provisions of Article XII) as the same respectively become due. Lessor, at its expense, shall, to the extent permitted by applicable law, prepare and file all tax returns and reports as may be required by governmental authorities in respect of Lessor's net income (however denominated), gross receipts, franchise taxes and taxes on its capital stock, and Lessee, at its expense, shall, to the extent permitted by applicable laws and regulations, prepare and file all other tax returns and reports in respect of any Imposition as may be required by governmental authorities during the Term. If any refund shall be due from any taxing authority with respect to any Imposition paid by Lessee, the same shall be paid over to, or retained by, Lessee. Lessor and Lessee shall, upon request of the other, provide any data (i) that is maintained by the party to whom the request is made, and (ii) that pertains to the Leased Property, as may be necessary to prepare any required returns and reports. In the event that any Governmental Body classifies any property covered by this Lease as personal property, Lessee shall file all personal property tax returns in such jurisdictions where it may legally so file. Lessor, to the extent it possesses the same, and Lessee, to the extent it possesses the same, will provide the other party, upon request, with cost and depreciation records necessary for filing returns for any property so classified as personal property. In the event that Lessor is legally required to file personal property tax returns, Lessee will be provided with copies of assessment notices indicating a value in excess of the reported value in sufficient time for Lessee to file a protest. After obtaining written approval from Lessor, which approval shall not to be unreasonably withheld, conditioned or delayed, Lessee may, at Lessee's sole cost and expense, protest, appeal, or institute such other proceedings as Lessee may deem appropriate to effect a reduction of real estate or personal property assessments, and Lessor, at Lessee's expense as aforesaid, shall fully cooperate with Lessee in such protest,

appeal, or other action. Billings for reimbursement by Lessee to Lessor of personal property taxes shall be accompanied by copies of a bill therefor and payments thereof which identify the personal property with respect to which such payments are made.

4.2. **Adjustment of Impositions**. Impositions that are levied or assessed with respect to the tax-fiscal period during which the Term terminates, shall be adjusted and prorated between Lessor and Lessee, whether or not such Imposition is imposed before or after such termination, and Lessee's obligation to pay its prorated share thereof shall survive such termination.

4.3. **Utility Charges**. Lessee will contract for, in its own name, and will pay or cause to be paid all charges for electricity, power, gas, oil, sewer, water and other utilities used in connection with the Leased Property during the Term, including, without limitation, all impact and tap fees necessary for the operation of the Facilities, except to the extent that such impact and tap fees were or are to be paid by Lessor as part of the cost of a Capital Addition.

4.4. **Insurance Premiums**. Lessee shall contract for, in its own name, and shall pay or cause to be paid all premiums for the insurance coverage required to be maintained pursuant to Article XIII during the Term (the "**Insurance Premiums**").

ARTICLE V.
ABSOLUTE NET LEASE; NO TERMINATION; TERMINATION WITH RESPECT TO FEWER THAN ALL PROPERTIES

5.1. **Absolute Net Lease; No Termination**. The parties understand, acknowledge and agree that this is an absolute net lease and this Lease shall yield to Lessor the full amount of the installments of Base Rent and the payments of Additional Charges throughout the Term. Lessee further acknowledges and agrees that all charges, assessments or payments of any kind are due and payable without notice, demand, set off or counterclaim (other than notices to Lessee that are expressly required hereunder) and shall be paid by Lessee as they become due and payable. Lessee shall remain bound by this Lease in accordance with its terms and shall neither take any action without the consent of Lessor to modify, surrender or terminate the same, nor seek nor be entitled to any abatement, deduction, deferment or reduction of Rent (except as expressly provided herein), or set-off against the Rent, nor shall the respective obligations of Lessor and Lessee be otherwise affected by reason of (a) any damage to, or destruction of, any Property from whatever cause or any Taking of any Property or any portion thereof (except as expressly provided herein), (b) the lawful or unlawful prohibition of, or restriction upon, Lessee's use of the Leased Property, or any portion thereof, or the interference with such use by any person, corporation, partnership or other entity, or by reason of eviction by paramount title; (c) any claim which Lessee has or might have against Lessor or by reason of any default or breach of any warranty by Lessor under this Lease or any other agreement between Lessor and Lessee, or to which Lessor and Lessee are parties, (d) any bankruptcy, insolvency, reorganization, composition, readjustment, liquidation, dissolution, winding up or other proceedings affecting Lessor or any assignee or transferee of Lessor, or (e) any other cause whether similar or dissimilar to any of the foregoing other than a discharge of Lessee from any such obligations as a matter of law. Lessee hereby specifically waives all rights, arising from any occurrence whatsoever, which may now or hereafter be conferred upon it by law to (i) modify, surrender or terminate this Lease or quit or surrender the Leased Property or any portion

thereof, or (ii) entitle Lessee to any abatement, reduction, suspension or deferment of the Rent or other sums payable by Lessee hereunder, except as otherwise specifically provided in this Lease. The obligations of Lessor and Lessee hereunder shall be separate and independent covenants and agreements and the Rent and all other sums payable by Lessee hereunder shall continue to be payable in all events unless the obligations to pay the same shall be terminated pursuant to the express provisions of this Lease or by termination of this Lease other than by reason of an Event of Default.

5.2. **Termination with Respect to Fewer than All Properties**. Wherever in this Lease the action of terminating this Lease with respect to a particular Property (or action of similar import) is described or permitted, such action shall mean the termination of Lessee's rights in and to such Property. Notwithstanding anything in this Lease to the contrary, if this Lease shall be terminated by Lessor or Lessee pursuant to rights granted hereunder with respect to any particular Property, such termination shall not affect the Term of this Lease with respect to the balance of the Leased Property relating to Properties not so terminated and this Lease shall continue in full force and effect with respect to such portion of the Leased Property, except that (a) the total Base Rent payable hereunder shall be reduced by the amount of Allocated Base Rent with respect to the Property as to which this Lease has been so terminated, (b) all references herein to Leased Property shall thereafter no longer include such terminated Property, (c) the terminated Property shall no longer be leased hereunder, (d) so long as no Event of Default then exists, and no event has then occurred which with the giving of notice or the passage of time or both would constitute such an Event of Default, the unapplied portion of the Allocated Reserve with respect to such Property shall be returned to the applicable Facility Lessee; and (e) *provided that* all of Lessee's obligations hereunder with respect to such portion of the Leased Property (excluding unasserted contingent indemnification obligations) have been paid in full to Lessor, the relevant Facility Lessee shall no longer be a Facility Lessee hereunder or a party hereto with respect to such Property (and for the avoidance of doubt, if all Properties of a Facility Lessee shall have been so terminated, such Facility Lessee shall no longer be a Facility Lessee hereunder or a party hereto); subject, however, to Lessor's right, in the event of any such termination because of an Event of Default, to recover damages with respect to any such terminated Property.

ARTICLE VI.
OWNERSHIP OF LEASED PROPERTY AND PERSONAL PROPERTY

6.1. **Ownership of the Leased Property**. Lessee acknowledges that: (a) the Owned Land and owned Improvements located thereon are the property of Lessor and that Lessee has only the right to possession and use thereof as a lessee of Lessor and upon and subject to the terms, provisions and conditions of this Lease, (b)(i) the Leased Improvements owned by Lessor and that are located on the Pass-Through Lease Land subject to each Pass-Through Lease will revert to the applicable "landlord" or "lessor" thereunder upon the respective expirations of the Pass-Through Leases, and (ii) Lessee has only the right to the possession and use of the Pass-Through Lease Land and any Improvements located thereon as a sublessee of Lessor and upon and subject to the terms, provisions and conditions of this Lease, the Pass-Through Leases, and the Existing Subleases, and (c) the portions of the Owned Land that are subject to the MOB Ground Leases are subject to the rights of the "tenant" or "lessee" thereunder and the Ground Leased MOB Improvements are owned by each such "tenant" or "lessee" until the respective expirations of the MOB Ground Leases.

6.2. **Lessee's Personal Property**. Lessee, at its expense, shall install, affix, assemble and place on the Leased Property the Lessee's Personal Property. Lessee shall provide and maintain during the entire Term all such Lessee's Personal Property as shall be necessary to operate each Property in compliance in all material respects with all licensure and certification requirements, in compliance in all material respects with all applicable Legal Requirements and Insurance Requirements, and otherwise substantially in accordance with customary practice in the industry for the Primary Intended Use. Following the expiration or earlier termination of this Lease with respect to any one or more of the Properties and subject to Lessor's option to purchase such Lessee Personal Property as provided in Section 34.1, Lessee agrees that all of Lessee's Personal Property relating to such one or more Properties not removed by Lessee within fifteen (15) days following the expiration or earlier termination of this Lease with respect thereto shall be considered abandoned by Lessee and may be appropriated, sold, destroyed or otherwise disposed of by Lessor (at Lessee's cost) with prior written notice thereof to Lessee, without any payment to Lessee and without any obligation to Lessee to account therefor. Lessee will, at its expense, restore the Leased Property and repair all damage to the Leased Property caused by the installation or removal of Lessee's Personal Property, ordinary wear and tear excepted, whether affected by Lessee, Lessor, any Lessee lender, or any Facility Lender, unless caused by the gross negligence or willful misconduct of Lessor or any Facility Lender. Lessee shall have the right to create a security interest in the Lessee's Personal Property in favor of any lender of Lessee, and Lessor hereby waives any liens on (all rights to assert any lien on) any of Lessee's Personal Property. Lessor hereby agrees that Lessee's lender may enter onto the Leased Property and take possession of the Lessee's Personal Property in accordance with the Intercreditor Agreement and in such a manner as to not unreasonably disrupt the normal operations of the applicable Property; *provided, that*, Lessee, at its sole cost and expense, shall be liable to repair any damage or destruction caused to the Leased Property by Lessee's lender or its representatives in connection therewith.

ARTICLE VII.
CONDITION AND USE OF LEASED PROPERTY

7.1. **Condition of the Leased Property**. Lessee acknowledges receipt and delivery of possession of the Leased Property and that Lessee has examined and otherwise has acquired knowledge of the condition of the Leased Property prior to the execution and delivery of this Lease and has found the same to be in good order and repair and satisfactory for its purpose hereunder. Lessee is leasing the Leased Property "as is" and "where is" in its present condition. Lessee has not relied on any representation or warranty by Lessor and hereby waives any claim or action against Lessor in respect of the condition of the Leased Property. LESSOR MAKES NO WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, IN RESPECT OF THE LEASED PROPERTY OR ANY PART THEREOF, EITHER AS TO ITS FITNESS FOR USE, SUITABILITY, DESIGN OR CONDITION FOR ANY PARTICULAR USE OR PURPOSE OR OTHERWISE, AS TO QUALITY OF THE MATERIAL OR WORKMANSHIP THEREIN, LATENT OR PATENT, IT BEING AGREED THAT ALL SUCH RISKS ARE TO BE BORNE BY LESSEE. LESSEE ACKNOWLEDGES THAT THE LEASED PROPERTY HAS BEEN INSPECTED BY LESSEE AND IS SATISFACTORY TO IT. ACCORDINGLY, LESSEE HEREBY ACKNOWLEDGES THAT LESSOR HAS NOT MADE AND WILL NOT MAKE, NOR SHALL LESSOR BE DEEMED TO HAVE MADE ANY WARRANTY OR

REPRESENTATION, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ALL WARRANTIES THAT THE LEASED PROPERTY IS FREE FROM VICES, DEFECTS AND DEFICIENCIES, WHETHER HIDDEN OR APPARENT OR ANY WARRANTY AS TO THE FITNESS, DESIGN OR CONDITION OF THE LEASED PROPERTY FOR ANY PARTICULAR USE OR PURPOSE OF SUCH LEASED PROPERTY. THE PROVISIONS OF THIS SECTION 7.1 HAVE BEEN NEGOTIATED, AND ARE INTENDED TO BE A COMPLETE EXCLUSION AND NEGATION OF ANY WARRANTIES BY LESSOR, EXPRESS, IMPLIED OR CREATED BY APPLICABLE LAW, WITH RESPECT TO THE CONDITION OF THE LEASED PROPERTY.

7.2. **Use of the Leased Property**. Each (a) Property (other than any portions thereof that are Ground Leased MOB Property) that, as of the applicable Commencement Date, is being operated as a licensed hospital facility shall be operated as a licensed hospital facility, (b) other Property (other than any portions thereof that are Ground Leased MOB Property) shall be operated for such ancillary healthcare purposes related thereto in a manner consistent with its use as of the applicable Commencement Date, and (c) Ground Leased MOB Property shall be operated as a professional medical office building, and, in each case, for such other legal ancillary uses as may be necessary in connection with or incidental to such uses and, in each case, subject to all covenants, restrictions, easements and all other matters of record (including those set forth in the Permitted Exceptions) relating to the applicable Property (collectively, the "**Primary Intended Use**"). Lessee shall comply in all material respects with all Legal Requirements and shall maintain all Licenses and Participation Agreements that are necessary for the operation of Business with respect to the applicable Property consistent with the Primary Intended Use; provided, however, Lessee shall not be required to maintain any Participation Agreements unless such agreements are required for participation in Medicare and Medicaid programs.

(a) Except as expressly authorized herein, Lessee shall not use any Property for any use other than as provided herein, nor, with respect to Properties that are being operated as licensed hospital facilities, change the number or type of beds within any Facility, in either case, to the extent such change in use or decrease has a material adverse effect on the Primary Intended Use or the ability of the Lessee to meet its obligations under this Lease without the prior written consent of Lessor, not to be unreasonably withheld, conditioned or delayed.

(b) No use shall be made or permitted to be made of the Leased Property and no acts shall be done which will cause the cancellation of any insurance policy covering the Leased Property or any part thereof, nor shall Lessee sell or otherwise provide to residents or patients therein, or permit to be kept, used or sold in or about the Leased Property any article which is prohibited by law or by the standard form of fire insurance policies, any other insurance policies required to be carried hereunder, or fire underwriters regulations. Lessee shall, at its sole cost, comply in all material respects with all of the requirements, covenants and restrictions pertaining to the Leased Property, including, without limitation, all of the Permitted Exceptions, and other requirements of any insurance board, association, organization or company necessary for the maintenance of the insurance, as herein provided, covering the Leased Property and Lessee's Personal Property.

(c) Lessee shall continuously operate the portions of the Leased Property operated as licensed general acute care hospital facilities or critical access hospitals only in

accordance with the Primary Intended Use and as a provider of goods and services incidental thereto.

(d) Lessee shall not commit or suffer to be committed any waste on the Leased Property, or in any of the Facilities, nor shall Lessee cause or permit any nuisance thereon.

(e) Lessee shall neither suffer nor permit the Leased Property or any portion thereof, including any Capital Addition whether or not funded by Lessor, or Lessee's Personal Property, to be used in such a manner as (i) might reasonably tend to impair Lessor's (or Lessee's, as the case may be) title thereto or to any portion thereof, or (ii) may reasonably make possible a claim or claims of adverse usage or adverse possession by the public, as such, or of implied dedication of the Leased Property or any portion thereof.

(f) With respect to each Property, Lessor shall have the right and option to erect a sign on such Property stating that such Property is owned by Lessor. Such sign shall be in a size, and shall be erected in a location acceptable to Lessor and approved by Lessee, which approval shall not be unreasonably withheld, conditioned or delayed. Lessor shall be responsible for all costs related to such signage and complying with all Legal Requirements with respect to such signage.

7.3. **Lessor to Grant Easements**. From time to time during the Term, upon the request of Lessee, and so long as no Event of Default then exists, and no event has then occurred which with the giving of notice or the passage of time or both would constitute such an Event of Default, Lessor may, in its reasonable discretion, subject to the terms of the Pass-Through Leases (if applicable) and at Lessee's cost and expense, (a) grant easements and other rights in the nature of easements, (b) release existing easements or other rights in the nature of easements which are for the benefit of the Leased Property or any portion thereof; (c) dedicate or transfer unimproved portions of the Leased Property for road, highway or other public purposes; (d) execute petitions to have the Leased Property or any portion thereof annexed to any municipal corporation or utility district; (e) execute amendments to any covenants and restrictions affecting the Leased Property or any portion thereof; and (f) execute and deliver to any person any instrument appropriate to confirm or effect such grants, releases, dedications and transfers (to the extent of its interest in the Leased Property), but only upon delivery to Lessor of such information as Lessor may reasonably require confirming that such grant, release, dedication, transfer, petition or amendment is required for, and not materially detrimental to, the proper conduct of the Primary Intended Use on the Leased Property and does not reduce the value of the Leased Property or any portion thereof.

ARTICLE VIII.
LEGAL AND INSURANCE REQUIREMENTS

8.1. **Compliance with Legal and Insurance Requirements**. Subject to Article XII relating to permitted contests, Lessee, at its expense, (a) shall comply in all material respects with all Legal Requirements and Insurance Requirements applicable to Lessee and the use, operation, maintenance, repair and restoration of the Facilities and the Leased Property, whether or not compliance therewith shall require structural change in any of the Leased Improvements or interfere with the use and enjoyment of the Leased Property; (b) shall not use the Leased Property and Lessee's Personal Property for any unlawful purpose; (c) shall procure, maintain and comply

in all material respects with all Licenses and other governmental approvals and authorizations required for any use of the Leased Property and Lessee's Personal Property then being made, and for the proper erection, installation, operation and maintenance of the Leased Property or any part thereof, including, without limitation, any Capital Additions; and (d) shall use its commercially reasonable efforts consistent with its rights under the Tenant Leases to cause all Tenants to acquire and maintain all licenses, certificates, permits, provider agreements and other authorizations and approvals necessary to operate in its customary manner any portion of the Leased Property subleased to them for the Primary Intended Uses and any other uses conducted on the Leased Property as may be permitted from time to time hereunder, it being acknowledged by Lessor that any failure by any Tenant under this clause (d) shall not cause (or be deemed to cause) a breach by Lessee of this Section 8.1 unless Lessee has so failed to use commercially reasonable efforts. Lessee's use of the Leased Property, the use of all Lessee's Personal Property used in connection with the Leased Property, and the maintenance, alteration, and operation of the same, and all parts thereof, shall at all times conform in all material respects to all Legal Requirements. Upon Lessor's request, Lessee shall deliver to Lessor copies of all such Licenses and other approvals and authorizations. Lessee shall indemnify and defend, at Lessee's sole cost and expense, and hold Lessor, its Affiliates and their respective successors and assigns harmless from and against and agrees to reimburse Lessor, its Affiliates and their respective successors and assigns with respect to any and all claims, demands, actions, causes of action, losses, damages, liabilities, costs and expenses (including, without limitation, reasonable attorneys' fees and court costs) of any and every kind or character, known or unknown, fixed or contingent, asserted against or incurred by Lessor, its Affiliates and their respective successors and assigns, at any time and from time to time by reason or arising out of any breach by Lessee or any Person other than MPT Indemnified Parties of any of the provisions of this Article VIII or any breach or violation by Lessee or any Person other than MPT Indemnified Parties of any Legal Requirements, including any and all such claims, demands, liabilities, damages, costs and expenses relating to immaterial violations or breaches of this Section 8.1, except to the extent arising solely as a result of the gross negligence or willful misconduct of Lessor or its Affiliates.

8.2. **Hazardous Materials**.

(a) Lessee shall ensure that the Leased Property and the operation of the Business thereon complies in all material respects with all Hazardous Materials Laws. Except for Hazardous Materials generated, used, installed, manufactured, treated, handled, refined, produced, processed, stored or disposed of in the normal course of business regarding the Primary Intended Use or the conduct of the Business (which Hazardous Materials shall be handled and disposed of in compliance in all material respects with all Hazardous Materials Laws), Lessee shall not cause any Hazardous Materials to be installed, used, generated, manufactured, treated, handled, refined, produced, processed, stored or disposed of, or otherwise present in, on or under any Property or in connection with the conduct of the Business thereon in a manner that could result in a material violation of any Hazardous Materials Laws. Lessee shall take commercially reasonable precautions to ensure that no activity shall be undertaken on any Property or in connection with the operation of the Business thereon which would cause (a) any Property to become a treatment, storage or disposal facility of hazardous waste, infectious waste, biomedical or medical waste, within the meaning of, or otherwise bring such Property within the ambit of RCRA as a treatment, storage or disposal facility, (b) a release of Hazardous Materials from any Property within the meaning of, or otherwise bring such Property within the ambit of, and as would give rise to material

liability under CERCLA or SARA or any similar Hazardous Materials Laws, (c) the discharge of Hazardous Materials into any watercourse, surface or subsurface of body of water or wetland, or the discharge into the atmosphere of any Hazardous Materials, except as authorized under a permit under any Hazardous Materials Laws, in a manner that would give rise to a material liability under Hazardous Materials Laws, or (d) a material violation or a material claim under RCRA, CERCLA, SARA or any Hazardous Materials Laws. Lessee shall, at its sole cost, expense, risk and liability, remove or cause to be removed from any Property all Hazardous Materials generated in connection with the Primary Intended Use and as found in hospital and healthcare facilities, including, without limitation, all infectious waste materials, syringes, needles and any materials contaminated with bodily fluids of any type, character or description of whatsoever nature to the extent required to comply in all material respects with all Hazardous Materials Laws. Lessee shall not dispose of any such infectious waste and Hazardous Materials in any receptacles used for the disposal of normal refuse to the extent such disposal is not in compliance in all material respects with any Hazardous Materials Laws.

(b) Lessee shall indemnify and defend, at its sole cost and expense, and hold harmless and reimburse the Lessor, its Affiliates and their respective officers, directors, members, (general and limited) partners, shareholders, employees, agents, representatives, successors and assigns (collectively, the "**MPT Indemnified Parties**") from and against any and all claims, demands, actions, causes of action, losses, damages, liabilities, penalties, taxes, costs and expenses (including, without limitation, attorneys' and accountants' fees, settlement costs, arbitration costs and any reasonable other expenses for investigating or defending any action or threatened action) (each, a "**Claim**") of any and every kind or character, known or unknown, fixed or contingent, asserted against or incurred by any of the MPT Indemnified Parties at any time and from time to time by reason of, arising out of or resulting from (i) events, conditions or circumstances which occurred or existed on, under, in, about, to or from the Property prior to execution of this Agreement and that give rise to a liability under Hazardous Materials Laws, (ii) any liability under Hazardous Materials Laws arising out of the ownership or operation of the Property, or (iii) any Claim arising out of or, in connection with or resulting from any breach by Lessee of this Section 8.2 or any other violation of this Section 8.2 by any Person other than the MPT Indemnified Parties, including any and all such claims, demands, liabilities, damages, costs and expenses relating to immaterial violations or breaches of this Section 8.2 (collectively, "**MPT Damages**"), except to the extent any such Claim or MPT Damages is found to have resulted from the bad faith, gross negligence or willful misconduct of any MPT Indemnified Party. All such MPT Damages shall be due and payable by Lessee, jointly and severally, within fifteen (15) days after any MPT Indemnified Party's demand therefor.

(c) In the event any of the MPT Indemnified Parties has a claim for MPT Damages resulting from the assertion of liability by a third party, the applicable Facility Lessor will give Lessee notice of any such third-party claim, and Lessee shall be jointly and severally obligated to undertake the defense thereof by counsel of its own choosing. No Indemnitor shall settle any such third-party claim without the consent of the MPT Indemnified Parties, which consent shall not be unreasonably conditioned or delayed. Any of the MPT Indemnified Parties may, by counsel, participate in such proceedings, negotiations or defense, at their own expense. The MPT Indemnified Parties shall furnish to Lessee in reasonable detail such information as the MPT Parties may have with respect to such claim, including all records and materials that are reasonably required in the defense of such third-party claim. In the event that Lessee does not

collectively defend the third-party claim in a diligent manner, any MPT Indemnified Party will have the right (at Lessee's sole expense) to undertake the defense, compromise or settlement of such claim and any Indemnitor may elect to participate in such proceedings, negotiations or defense at any time at their own expense. No MPT Indemnified Party shall settle any such third-party claim without the consent of Lessee, which consent shall not be unreasonably withheld, conditioned or delayed.

(d) Lessor and Lessee acknowledge that, based upon recent environmental reports relating to the Leased Property, the potential for environmental liability for conditions occurring prior to (or existing as of) the Effective Date for all Facilities is remote; *provided, that* such acknowledgment shall not limit or preclude any Claim by the MPT Indemnified Parties.

8.3. **Healthcare Laws**.

(a) Lessor and Lessee acknowledge and agree that all Rent and other amounts paid hereunder between the parties has been determined by the parties through good-faith and arm's-length bargaining and is believed to represent fair market value for the Leased Property. No payment made under this Lease is contingent on the referral of any patient or any other business. Neither Lessor nor Lessee intends any portion of the payments made under this Lease to influence or reward the referral of any patients or other business that will be paid for from any state or federal health care insurance programs, including Medicare or any state medical assistance program.

(b) Lessee hereby covenants, warrants and represents to Lessor that throughout the Term, each Facility Lessee shall: (i) be validly licensed, Medicare and/or Medicaid certified, and, if required, accredited to operate the Facilities in accordance with the applicable rules and regulations of the State in which the applicable Facility is located, federal governmental authorities, and accrediting bodies, including, but not limited to, DHHS and CMS; (ii) be certified by and the holder of valid provider agreements with Medicare/Medicaid issued by DHHS, DHS and/or CMS and shall remain so certified and shall remain such a holder of such licenses and Medicare and/or Medicaid certifications for it to operate in accordance with the Primary Intended Use; (iii) be in substantial compliance with all state and federal laws, rules, regulations and procedures with regard to the operation of the Facility operated by such Facility Lessee, including, without limitation, substantial compliance under HIPAA; (iv) operate the Facility operated by such Facility Lessee in a manner substantially consistent with quality acute care or critical access services and sound reimbursement principles under the Medicare and/or Medicaid programs and as required under state and federal law; and (v) not abandon, terminate, vacate or fail to renew any license, certification, accreditation, certificate, approval, permit, waiver, provider agreement or any other authorization which is required or material for the lawful and proper operation of the Facility operated by such Facility Lessee for its Primary Intended Use or in any way commit any act which will or could reasonably be expected to cause any such license, certification, accreditation, certificate, approval, permit, waiver, provider agreement or other authorization required to operate a Facility to be revoked by any federal, state or local governmental authority or accrediting body having jurisdiction thereof.

(c) Lessee represents, warrants and covenants that Lessee, this Lease, and all Tenant Leases, are, and at all times during the Term will be, in compliance in all material respects with all applicable Healthcare Laws. In the event it is determined that any provision of this Lease

is in violation of the Healthcare Laws, the parties in good faith shall renegotiate such provision so that same is in compliance with all applicable Healthcare Laws. Lessee shall add to all of its third party agreements relating to any portion of the Leased Property, including, without limitation, all Tenant Leases, that in the event it is determined that such agreement and/or Tenant Lease is in violation of the Healthcare Laws, as applicable, such agreement and/or Tenant Lease shall be renegotiated so that same are in compliance with all applicable Healthcare Laws. Lessee shall indemnify and defend, at Lessee's sole cost and expense, and hold Lessor, its Affiliates and their respective successors and assigns, harmless from and against, and shall reimburse Lessor, its Affiliates and their successors and assigns with respect to, any and all claims, demands, actions, causes of action, losses, damages, liabilities, costs and expenses (including, without limitation, reasonable attorneys' fees and court costs) of any and every kind or character, known or unknown, fixed or contingent, asserted against or incurred by Lessor, its Affiliates and their respective successors and assigns, at any time and from time to time by reason, or arising out, of any breach by Lessee or any Person other than MPT Indemnified Parties of any of the provisions set forth in this Section 8.3 or any violation of any Healthcare Laws by Lessee or any Person other than MPT Indemnified Parties, including any and all such claims, demands, liabilities, damages, costs and expenses relating to immaterial violations or breaches of this Section 8.3.

8.4. **Single Purpose Entity**. Each Facility Lessee shall remain at all times during the Term a Single Purpose Entity in accordance with the terms of this Lease. Promptly following any written request by Lessor during the Term, each Facility Lessee shall provide Lessor with evidence that such Facility Lessee is a Single Purpose Entity and is in good standing in the state of its organization or incorporation and in the state in which the portion of the Leased Property relating to such Facility Lessee is located.

8.5. **Organizational Covenants**. Lessee shall not permit or suffer, without the prior written consent of Lessor, which consent shall not be unreasonably withheld, conditioned or delayed, (a) any material amendment or modification of any Facility Lessee's Organizational Documents or any material amendment or modification of any Organizational Documents of any constituent entity within such Facility Lessee, including, without limitation, any such amendment that changes such Facility Lessee's status as a Single Purpose Entity or any amendment changing or modifying the governance or structure of, or changing the manager or managing member of, such Facility Lessee; (b) any dissolution or termination of any Facility Lessee's existence or sale of substantially all of any Facility Lessee's assets, whether by sale, transfer, merger, consolidation or otherwise; (c) any division, split-up, split-off, spin-off, or similar transaction of or with respect to any Facility Lessee (including, without limitation, a division or similar transaction pursuant to Section 18-217 of the Delaware Limited Liability Company Act), or the approval of a plan of division with respect to any Facility Lessee; or (d) a change in any Facility Lessee's state of formation or any Facility Lessee's name. Lessee has, simultaneously with the execution of this Lease, delivered to Lessor a true and complete copy of each Facility Lessee's Organizational Documents. Lessee represents and warrants that the Organizational Documents (i) were duly executed and delivered; and (ii) are in full force and effect, binding upon the applicable Facility Lessee, and enforceable in accordance with their terms.

8.6. **Representations and Warranties of Lessee**. Each Facility Lessee is making, on the applicable Commencement Date, the representations and warranties set forth in ***Exhibit D*** attached hereto.

8.7. **Covenant to Deliver Replacement Intercreditor**. Lessee hereby covenants and agrees that prior to or contemporaneously with any Change of Control Transaction, Permitted Transaction (other than a Permitted Reorganization or other transaction if, after giving effect to such transaction, the Intercreditor Agreement continues to be applicable), or substitution of an Acceptable Replacement Guarantor pursuant to Section 16.1(c), with respect to any Facility Lessee or any Guarantor, as applicable, Lessee shall deliver or cause to be delivered to Lessor a fully executed Replacement Intercreditor executed by such Facility Lessee or Guarantor, as applicable, and any lender (excluding any purchase money lender) or agent or trustee acting on behalf of such lender that has any Lien on a material portion of the assets or properties of any Facility Lessee.

8.8. **Covenants under Conemaugh Purchase Agreement**. With respect to the Pennsylvania Properties (excluding the Roaring Springs Property), Lessee, at its sole cost and expense, shall ensure that the Pennsylvania Properties (excluding the Roaring Springs Property), and the operation of the Business thereon, comply with the post-closing covenants, agreements, and obligations set forth and described in Section 9.9 (Indigent Care), Section 9.10 (Capital Commitment; Medical Staff Development Plan) (the capital commitment set forth in such Section 9.10 of the Conemaugh Purchase Agreement is referred to herein as the "**Conemaugh Capital Commitment Obligation**"), and Section 9.12 (Continuation of Services) of the Conemaugh Purchase Agreement, in each case, for or within the required time periods described therein. Lessee shall keep Lessor apprised of its compliance and progress under this Section 8.8, and, upon Lessor's request, Lessee shall submit to Lessor a compliance report in reasonable detail describing Lessee's progress and compliance with the foregoing. Lessor hereby covenants and agrees that it will do nothing to impede or interfere with the implementation and/or satisfaction of those post-closing covenants, agreements, or obligations of Lessee described in this Section 8.8; provided, that, for the avoidance of doubt, nothing in this Section 8.8 is intended or shall be deemed to limit or modify in any respect any of Lessor's or its Affiliates' respective rights and remedies (including consent or approval rights) under this Lease or any of the other Obligation Documents. With respect to any construction project, Capital Addition, or other project undertaken to comply with or to satisfy the Conemaugh Capital Commitment Obligation (collectively, a "**Conemaugh Capital Project**"), without limiting the generality of Section 9.1, Lessee shall use commercially reasonably efforts to pursue and exercise for Lessor's benefit any warranty claims or rights Lessee shall have under any construction, engineering, and architecture contracts or agreements with respect to any such Conemaugh Capital Project.

ARTICLE IX.
REPAIRS; RESERVES; RESTRICTIONS

9.1. **Maintenance; Repair and Remodel**.

(a) Lessee, at its expense, will keep the Leased Property and all private roadways, sidewalks and curbs appurtenant thereto (and Lessee's Personal Property) in good first class order and repair (whether or not the need for such repairs occurs as a result of Lessee's use, any prior use, the elements, the age of the Leased Property or any portion thereof) and, except as otherwise provided in Article XIV and Article XV, with reasonable promptness, will make all necessary and appropriate repairs thereto of every kind and nature whether interior or exterior, structural or non-structural, ordinary or extraordinary, foreseen or unforeseen, or arising by reason of a condition existing prior to the commencement of the Term (concealed or otherwise), ordinary

wear and tear excepted. All repairs shall, to the extent reasonably achievable, be at least equivalent in quality to the original work. Lessee will not take or omit to take any action the taking or omission of which is reasonably likely to materially impair the value or the usefulness of the Leased Property or any part thereof for the Primary Intended Use.

(b) Notwithstanding anything contained in this Lease to the contrary, from time to time Lessee may remodel, modify and make additions to the Leased Property, or any portion thereof, which remodeling, modifications and additions are not Capital Additions (it being understood that Capital Additions are subject to the requirements of Article X hereof) but which are necessary or advisable for the Primary Intended Use and which permit Lessee to fully comply with its obligations as set forth in this Lease. Lessee shall undertake any such actions expeditiously and in a workmanlike manner and will not significantly alter the character or purpose, or detract from the value or operating efficiency of, the Leased Property nor significantly impair the revenue producing capability of the Leased Property nor adversely affect the ability of Lessee to comply with the provisions of this Lease.

(c) Lessee shall notify Lessor of any and all repairs, improvements, additions, modifications and remodeling made to any portion of a particular Property in excess of Three Million and No/100 Dollars ($3,000,000) during any consecutive twelve (12) month period for the applicable Property and obtain consent from Lessor (which consent shall not be unreasonably withheld, conditioned or delayed) prior to making such repairs, improvements, additions, modifications or remodeling.

(d) Except as otherwise expressly provided in this Lease, Lessor shall not under any circumstances be required to build or rebuild any improvements on the Leased Property, or to make any repairs, replacements, alterations, restorations, or renewals of any nature or description to the Leased Property, whether ordinary or extraordinary or capital in nature, structural or non-structural, foreseen or unforeseen, or to make any expenditure whatsoever with respect thereto in connection with this Lease, or to maintain the Leased Property in any way.

(e) Nothing contained in this Lease and no action or inaction by Lessor shall be construed as (i) constituting the consent or request of Lessor, expressed or implied, to any contractor, subcontractor, laborer, materialman or vendor for the provision or performance of any labor or services or the furnishing of any materials or other property for the construction, alteration, addition, repair or demolition of or to the Leased Property or any part thereof, or (ii) giving Lessee any right, power or permission to contract for, or permit the performance of, any labor or services or the furnishing of any materials or other property in such fashion as would permit the making of any claim against Lessor in respect thereof or to make any agreement that may create, or in any way be the basis for, any right, title, interest, lien, claim or other encumbrance upon the estate of Lessor in the Leased Property or any portion thereof.

(f) Unless Lessor conveys any of the Leased Property to Lessee pursuant to Section 34.2 of this Lease, Lessee will, upon the expiration or prior termination of the Term, vacate and surrender the Leased Property to Lessor in the condition in which the Leased Property was originally received from Lessor, except as improved, constructed, repaired, rebuilt, restored, altered or added to as permitted or required by the provisions of this Lease and except for (i) ordinary wear and tear (subject to the obligation of Lessee to maintain the Leased Property in

good order and repair during the entire Term), (ii) damage caused by the gross negligence or willful misconduct of Lessor, and (iii) damage or destruction as described in Article XIV or resulting from a Taking as described in Article XV, which Lessee is not required by the terms of this Lease to repair or restore.

9.2. **Reserves for Major Repairs**.

(a) Beginning on January 1, 2021 and on each January 1 thereafter during the Term, Lessee shall deliver to Lessor, to be held by Lessor, deposits in an amount (subject to escalation as provided below) equal to the sum of Two Thousand and No/100 Dollars ($2,000.00) (the "**Dollar Amount**") multiplied by collective the "number of beds" at each Facility (the "**Reserve**"). The Reserve with respect to each Facility (the "**Allocated Reserve**") shall be held by Lessor for the purpose of making Major Repairs at such Facility. The "number of beds" shall be determined based upon the number of beds available for active use in such Facility, which shall not be reduced without the prior written consent of Lessor. The total "number of beds" available for active use at each Facility as of the date hereof is set forth on the attached ***Schedule 9.2***. Lessor shall advance to or reimburse Lessee for Major Repairs upon Lessor's receipt from Lessee of documentation of such costs that is sufficient in Lessor's reasonable judgment; *provided, however*, that Lessor has no obligation to advance or reimburse Lessee any amount in excess of the amount of the Reserve held by Lessor.

(b) Beginning January 1, 2022, and on each January 1 thereafter during the entire Term, the Dollar Amount to be multiplied by the number of beds as provided above shall be increased (and in no event decreased) by the amount by which the CPI published for the month which is two months prior to the applicable Adjustment Date shall have increased over the CPI figure published for the month which is two months prior to the previous Adjustment Date. The amounts in the Reserve shall, with the joint approval of Lessor and Lessee, be used to pay for Major Repairs on the Facility, or, in the event Lessee fails to make any required non-Major Repairs hereunder, Lessor may use funds in the Reserve for that purpose without obtaining the prior approval of Lessee.

(c) The Reserve shall be held by Lessor in an interest bearing account for the purpose of making Major Repairs to the Leased Property, and Lessee shall not be entitled to any interest earned on the Reserve unless required by applicable law. Lessor shall advance to or reimburse Lessee for Major Repairs, limited to the amount of the Reserve, upon Lessor's receipt from Lessee of documentation of such costs that is sufficient in Lessor's reasonable judgment. Lessor shall not be required to segregate the Reserve in a separate account and may commingle the Reserve with other assets of Lessor or its Affiliates. The Reserve is not an advance payment of Rent or a measure of damages.

(d) In the event that Lessor uses or applies all or any portion of the Reserve during the continuation of an Event of Default for any Leased Property pursuant to the last sentence of Section 9.2(e), Lessee shall deposit with Lessor an amount sufficient to replenish the Reserve to its original amount within thirty (30) days following receipt of written demand from Lessor.

(e) Lessee hereby grants to Lessor a first priority security interest in all monies deposited into the Reserve. At Lessor's request, Lessee shall, as soon as practicable, execute all

documents necessary to effect such security interest in all monies deposited into the Reserve. Lessee consents to Lessor's pledge of the Reserve to any Facility Lender. So long as no Event of Default has occurred and is continuing, and no event then exists which with the giving of notice or the passage of time or both would constitute an Event of Default, any amounts remaining in the Reserve, after the payment of and the reimbursement for the Major Repairs on the Facility, shall be returned to Lessee following the expiration of this Lease. Notwithstanding the foregoing, upon the occurrence and during the continuation of an Event of Default, or if an event then exists which with the giving of notice or the passage of time or both would constitute an Event of Default, Lessee shall not be entitled to any funds in the Reserve, and Lessor may from time to time and without prejudice to any other remedy provided in this Lease or by applicable law, (i) use all or a portion of the Reserve to satisfy past due Rent, (ii) use all or a portion of the Reserve to satisfy any other loss or damage resulting from Lessee's breach of this Lease, including Lessee's failure to make any necessary or required repairs to the Leased Property, or (iii) retain all amounts remaining in the Reserve at the expiration or termination of the Lease.

9.3. **Required Repairs**. Without limiting Lessee's obligations under Section 9.1, Lessee agrees that it shall commence and complete in a good and workmanlike manner certain repairs, improvements and remodeling to the Leased Property, as more particularly described on ***Schedule 9.3*** attached hereto (the "**Required Repairs**"). Lessor shall have no obligation to advance or to reimburse to Lessee any amounts or costs related to the Required Repairs. To the extent that any of the Required Repairs shall constitute Capital Additions to the Leased Property, such Required Repairs shall revert to and become the property of Lessor upon the expiration or termination of this Lease.

9.4. **Encroachments; Restrictions**. If any of the Leased Improvements shall, at any time, encroach upon any property, street or right-of-way adjacent to the Leased Property, or shall violate the agreements or conditions contained in any federal, state or local law, restrictive covenant or other agreement affecting the Leased Property, or any part thereof, or shall impair the rights of others under any easement or right-of-way to which the Leased Property is subject, then, promptly upon the request of Lessor, Lessee shall, at its expense, subject to its right to contest the existence of any encroachment, violation or impairment, (a) obtain valid and effective waivers or settlements of all claims, liabilities and damages resulting from each such encroachment, violation or impairment, whether the same shall affect Lessor or Lessee or (b) make such changes in the Leased Improvements, and take such other actions, as Lessor in the reasonable, good faith exercise of its judgment requires, to remove such encroachment, or to end such violation or impairment, including, if necessary, the alteration of any of the Leased Improvements, and, in any event, take all such actions as may be necessary to continue the operation of the Facility without such violation, encroachment or impairment. Any such alteration shall be made in conformity with the applicable requirements of Article X. Lessee's obligations under this Section 9.4 shall be in addition to, and shall in no way discharge or diminish any obligation of, any insurer under any policy of title or other insurance, and Lessee shall be entitled to a credit for any sums paid by Lessee and recovered by Lessor under any such policy of title or other insurance, less Lessor's costs and expenses to recover such sums.

ARTICLE X.
CAPITAL ADDITIONS

10.1. **Construction of Capital Additions to the Leased Property**.

(a) If no Event of Default has occurred, Lessee shall have the right (but not the obligation) upon and subject to the terms and conditions set forth below, to construct or install Capital Additions on any Property with the prior written consent of Lessor, not to be unreasonably withheld, conditioned or delayed (*provided that* such consent is not required with respect to any Capital Addition that will cost less than One Million Dollars ($1,000,000)). Lessee shall not be permitted to create any Lien on such Property in connection with such Capital Addition, except as provided in Section 10.2. In order to obtain Lessor's prior written consent, Lessee shall submit to Lessor in writing a proposal setting forth in reasonable detail any such proposed Capital Addition. In addition, Lessee shall promptly furnish to Lessor such additional information relating to such proposed Capital Addition as Lessor may reasonably request. Lessor shall have ten (10) days following receipt of the last information so requested relating to the proposed Capital Addition to respond whether Lessor has approved of such proposed Capital Addition, it being agreed that failure to timely respond shall be deemed a rejection of the proposed Capital Addition.

(b) Prior to commencing construction of any Capital Addition on any Property for which Lessee intends to finance, Lessee shall first grant to Lessor a right of first offer to provide funds to pay for such Capital Addition in accordance with the provisions of Section 10.3. If Lessor declines or is unable to provide such funding, or if the ROFO Exercise Notice is not accepted by Lessee, the provisions of Section 10.2 shall apply. Notwithstanding any other provision of this Article X to the contrary, no Capital Additions shall be made without the consent of Lessor, which consent may be withheld in Lessor's sole discretion, if the costs for such Capital Addition, when aggregated with the costs of all Capital Additions made by Lessee, would exceed Twenty-Five Percent (25%) of the then Fair Market Value of the applicable Property. Furthermore, no Capital Addition shall be made which would tie in or connect any portion of a particular Property and/or any Leased Improvements thereon with any other improvements on property adjacent to such Property (and not part of the Land covered by this Lease) including, without limitation, tie-ins of buildings or other structures or utilities, unless Lessee shall have obtained the prior written approval of Lessor, which approval may be granted or withheld in Lessor's sole discretion. As to all other Capital Additions which are not described in the immediately preceding two sentences, Lessor's consent, if required, shall not be unreasonably withheld, conditioned or delayed. All proposed Capital Additions shall be architecturally integrated and consistent with the applicable Property as determined in the reasonable discretion of Lessor.

10.2. **Capital Additions Financed by Lessee**. If Lessee provides or arranges to finance any Capital Addition (except for Capital Additions arranged by Lessee but funded by Lessor), this Lease shall be and hereby is amended to provide as follows:

(a) There shall be no adjustment in the Base Rent by reason of any such Capital Addition.

(b) Such Capital Addition shall revert to, and become the property of Lessor upon the expiration or termination of this Lease with respect to the applicable Property.

In connection with any such Capital Addition financed by Lessee (or any Person other than Lessor), Lessee shall be permitted to place (or cause to be placed) a Lien on such Capital Addition as collateral for Lessee's financing, *provided, that*, in the reasonable determination of Lessor such Lien shall not materially interfere with Lessor's ability to finance the applicable Property; it being understood and agreed that (i) Lessor and Lessee shall cooperate in good faith to properly divide such Capital Addition from the applicable Property and to grant such easements and use restrictions as shall be necessary to avoid any disruption of Lessee's Business on such Property; (ii) to the extent not inconsistent with the provisions of this Section 10.2, such Capital Addition shall remain subject to the other terms and provisions of this Lease; and (ii) upon the expiration or termination of this Lease with respect to such Property, Lessee, at its sole cost and expense, shall cause all such Lien(s) to be released from such Capital Addition and within ten (10) Business Days after such expiration or termination.

10.3. **Capital Additions Funded by Lessor**. If Lessee desires to obtain third party purchase money, project-based financing (and specifically excluding any corporate level financing) to fund a Capital Addition on the Property, Lessee shall request the same by submitting to Lessor a written request, including a written proposal setting forth in reasonable detail any such proposed Capital Addition (a "**Request**"). In addition, Lessee shall promptly furnish to Lessor such additional information relating to such proposed Capital Addition as Lessor may reasonably request. Lessor shall have thirty (30) days following receipt of the last of the information so requested to respond by delivering to Lessee (the "**ROFO Exercise Notice**") a written offer to fund the proposed Capital Addition, including the proposed terms thereof and the terms of any amendments to this Lease to be executed in connection therewith; it being agreed that Lessor's failure to timely deliver a ROFO Exercise Notice shall be deemed a rejection of the Request to provide the funding for such proposed Capital Addition. If Lessee accepts the offer set forth in the ROFO Exercise Notice, the parties shall consummate the financing contemplated thereby within sixty (60) days on the terms and conditions set forth in the ROFO Exercise Notice. If Lessee does not accept the offer set forth in a ROFO Exercise Notice, Lessee may, for a period of one hundred eighty (180) days from the date of receipt by Lessee of the ROFO Exercise Notice, obtain a commitment to finance a Capital Addition from any Person on terms and conditions no more favorable, in the aggregate, to the applicable lender than those set forth in such ROFO Exercise Notice. If Lessee does not obtain a commitment for third-party financing before the end of such one hundred eighty (180) day period, Lessee may not finance such Capital Addition without repeating the foregoing procedures of this Article X.

10.4. **Salvage**. All materials that are scrapped or removed in connection with the making of either Capital Additions or repairs hereunder shall be or become the property of Lessee, and Lessee shall remove the same at its sole cost and expense.

10.5. **Completion of Required Capital Additions**. Without limiting the foregoing provisions of this Article X or any other provisions of this Lease, Lessee, at its own cost and expense, will complete all of the Capital Addition and construction projects with respect to the Leased Property described in the attached ***Schedule 10.5*** no later than the outside completion date set forth thereon. The Capital Additions and construction projects described on the attached ***Schedule 10.5*** are referred to herein as "**Required Ongoing Capital Projects**." All such Required Ongoing Capital Projects shall otherwise be completed in accordance with the provisions of this Article X. Until completion of all Required Ongoing Capital Projects, Lessee shall provide Lessor

a quarterly report with respect to the status and progress of each outstanding Required Ongoing Capital Project no later than thirty (30) days after the end of each calendar quarter. The Required Ongoing Capital Projects shall constitute Capital Additions paid for or financed by Lessee as described in Section 10.2. With respect to the Required Ongoing Capital Projects, without limiting the generality of Section 9.1, Lessee shall use commercially reasonably efforts to pursue and exercise for Lessor's benefit any warranty claims or rights Lessee shall have under any construction, engineering, and architecture contracts or agreements with respect to such Required Ongoing Capital Projects.

ARTICLE XI.
LIENS

Subject to the provisions of Article XII relating to permitted contests, Lessee and its Affiliates who are directly or indirectly controlled by Guarantor will not directly or indirectly create or allow to remain and will promptly discharge at its expense any lien, encumbrance, attachment, title retention agreement or claim upon any Property (including, without limitation, any liens, encumbrances, attachments, title retention agreements, or claims with respect to any Required Ongoing Capital Projects or any Major Repairs) or any attachment, levy, claim or encumbrance in respect of the Rent, any amounts held in the Reserve, or any funds or amounts that are or will be provided by Lessor or its Affiliates to Lessee at any time during the Term in accordance with this Lease; excluding, however, (a) this Lease (and with respect to any Pass-Through Lease Land, the applicable Pass-Through Lease); (b) the Permitted Exceptions; (c) restrictions, liens and other encumbrances which are consented to in writing by Lessor, or any easements granted pursuant to the provisions of Section 7.3; (d) liens for those taxes of Lessor which Lessee is not required to pay hereunder; (e) liens for Impositions or for sums resulting from noncompliance with Legal Requirements so long as (i) the same are not yet payable or are payable without the addition of any fine or penalty or (ii) such liens are in the process of being contested as permitted by Article XII; (f) liens of mechanics, laborers, materialmen, suppliers or vendors for sums either disputed or not yet due, *provided that* (i) the payment of such sums shall not be postponed for more than sixty (60) days after the completion of the action giving rise to such lien and such reserve or other appropriate provisions as shall be required by law or GAAP shall be been made therefore, or (ii) any such liens are in the process of being contested as permitted by Article XII; (g) the Tenant Leases; (h) Liens which are permitted in accordance with Section 10.2 hereof; and (i) any liens which are the responsibility of Lessor pursuant to the provisions of Article XXXVI of this Lease. Lessee shall not mortgage or grant any interest or security interest in, or otherwise assign, any part of Lessee's rights and interests in this Lease or any Property during the Term.

ARTICLE XII.
PERMITTED CONTESTS

12.1. **Permitted Contests**. After obtaining prior written approval from Lessor, not to be unreasonably withheld, conditioned or delayed, Lessee, at Lessee's expense, may contest, by appropriate legal proceedings conducted in good faith and with due diligence, the amount, validity or application, in whole or in part, of any Imposition, Legal Requirement, Insurance Requirement, lien, attachment, levy, encumbrance, charge or claim not otherwise permitted by Article XI, *provided that* (a) in the case of an unpaid Imposition, lien, attachment, levy, encumbrance, charge

or claim, the commencement and continuation of such proceedings shall suspend the collection thereof from Lessor and from the Leased Property (or if not so suspended, clause (b) shall be true); (b) neither the Leased Property nor any Rent therefrom nor any part thereof or interest therein would, as determined in Lessor's reasonable discretion, be in any immediate danger of being sold, forfeited, attached or lost; (c) in the case of a Legal Requirement, Lessor would not be in any immediate danger of civil or criminal liability for failure to comply therewith pending the outcome of such proceedings; (d) in the event that any such contest shall involve a sum of money or potential loss in excess of One Million and No/100 Dollars ($1,000,000.00), then, in any such event, the applicable Facility Lessee shall deliver to Lessor an Officer's Certificate from a duly authorized officer of the applicable Facility Lessee regarding the matters set forth in clauses (a), (b) and (c), to the extent applicable (it being understood if the relevant amount involved in such contest (or the potential loss) is less than such amount, no such certification is required); (e) in the case of a Legal Requirement and/or an Imposition, lien, encumbrance or charge involving potential loss in excess of One Million and No/100 Dollars ($1,000,000.00), Lessee shall give such reasonable security as may be demanded by Lessor to insure ultimate payment of the same and to prevent any sale or forfeiture of the affected Property or the Rent by reason of such non-payment or non-compliance; *provided, however*, the provisions of this Article XII shall not be construed to permit Lessee to contest the payment of Rent (except as to contests concerning the method of computation or the basis of levy of any Imposition or the basis for the assertion of any other claim) or any other sums payable by Lessee to Lessor hereunder; (f) in the case of an Insurance Requirement, the coverage required by Article XIII shall be maintained; and (g) if such contest be finally resolved against Lessor or Lessee, Lessee shall, as Additional Charges due hereunder, promptly pay the amount required to be paid, together with all interest and penalties accrued thereon, or comply with the applicable Legal Requirement or Insurance Requirement. Lessor, at Lessee's expense, shall execute and deliver to Lessee such authorizations and other documents as may reasonably be required in any such contest and, if reasonably requested by Lessee, or if Lessor so desires, Lessor shall join as a party therein. Lessee shall indemnify and hold Lessor harmless against any liability, cost or expense of any kind that may be imposed upon Lessor in connection with any such contest and any loss resulting therefrom.

ARTICLE XIII.
INSURANCE

13.1. **General Insurance Requirements**. During the Term, Lessee shall at all times keep the Leased Property and Lessee's Personal Property, insured against loss or damage from such causes as are customarily insured against, by prudent owners of similar facilities. Without limiting the generality of the foregoing, throughout the Term, Lessee shall maintain at its sole cost and expense (except as otherwise provided in this Article XIII), at a minimum, the insurance coverages required herein. This insurance shall be written in form reasonably satisfactory to Lessor and by insurance companies (i) reasonably acceptable to Lessor, (ii) that are rated at least an "A-VIII" or better by Best's Insurance Guide, and (iii) unless otherwise approved by Lessor, authorized, licensed and qualified to do insurance business in the state in which the Leased Property is located. The aggregate amount of coverage by a single company must not exceed Five Percent (5%) of the insurance company's policyholders' surplus. The minimum limits required herein may be met through a combination of self-insurance and underlying and excess policies. With respect to each Property, the policies required hereunder relating to such Property shall insure against the following:

(a) Commercial Property insurance written on a broad "all risk" or special cause of loss policy form covering physical loss or damage to each Leased Property including building and improvements and betterments at 100% replacement cost. Such coverage shall be written on a blanket limit basis. Any deductible or retention shall not exceed Four Percent (4%) of the insurable value of the Leased Property, to the extent that such a deductible is commercially available. In the event of a loss, Lessee shall abide by all provisions of the insurance contract, including proper and timely notice of the loss to insurer. The policy shall also include the following coverages: (i) Flood and Earthquake insurance with limits not less than Twenty Percent (20%) of the replacement cost of each building; (ii) Named Wind / Wind coverage for the full replacement cost of each building; (iii) Business interruption insurance covering rents and other impositions otherwise payable to Lessor for a period of not less than twenty-four (24) months and shall be written on an "actual loss sustained" form; and (iv) Equipment Breakdown coverage.

(b) Commercial General Liability insurance in a minimum amount of One Million Dollars ($1,000,000) per occurrence for bodily injury or death of any one person and for Property Damage for damage to or loss of the property of others, subject to a Two Million Dollar ($2,000,000.00) annual aggregate policy limit per Leased Property for all bodily injury and property damage claims, occurring on or about such Property or in any way related to such Property, including but not limited to, any swimming pools or other rehabilitation and recreational facilities or areas that are located on such Property or otherwise related to such Property.

(c) Professional liability insurance for Lessee and all employed professionals (including any physicians) in an amount of not less than One Million Dollars ($1,000,000) per individual claim and Three Million Dollars ($3,000,000) annual aggregate. All contractors, agents and other persons (including physicians) who perform professional services for Lessee shall meet such required minimum insurance requirements of One Million Dollars ($1,000,000) per individual claim and Three Million Dollars ($3,000,000) annual aggregate.

(d) Worker's Compensation insurance for all persons employed by Lessee on such Property with statutory limits in accordance with the requirements of the particular State(s) in which they are operating and Employer's Liability insurance with minimum limits of One Million Dollars ($1,000,000) each accident and disease.

(e) Automobile Liability insurance for all owned, non-owned, leased or hired automobiles with a minimum limit of One Million Dollars ($1,000,000) per accident for bodily injury and property damage.

(f) Umbrella/Excess Liability insurance in the minimum amount of Twenty Million Dollars ($20,000,000) for each claim and annual aggregate. The Umbrella Liability policy shall name in its underlying schedule the Commercial General Liability, Professional Liability, Automobile Liability and Employer's Liability insurance policies. The Umbrella policy shall provide coverage at least as broad as each of the underlying policies.

(g) Pollution Liability/Environmental Impairment Liability insurance with minimum limits of Five Million Dollars ($5,000,000) per claim covering bodily injury or death of any one person and for property damage to, loss of use of, or clean-up costs of the property of others, as well as first party clean-up costs, subject to a minimum annual aggregate of Ten Million

Dollars ($10,000,000). Coverage shall include but not limited to, liability from storage tanks, healthcare medical waste (including at non-owned disposal sites), mold, fungi and /or Legionella Pneumophilia conditions, or other exposures typical to healthcare facilities.

(h) Cyber Liability insurance with minimum limits of Ten Million Dollars ($10,000,000) per claim and in the aggregate covering Lessee and its employees. Such policy shall include coverage for claims, demands and regulatory investigations resulting from Lessee's or its subcontractor's wrongful acts in the performance of or failure to perform all services or support for services including but not limited to claims, demands, fines, penalties and other payments Lessor may be legally or contractually obligated to pay for infringement of intellectual property, failures in systems and information security, breach of confidentiality and invasion of or breach of privacy. Reasonable sublimits for ancillary coverages shall be allowed as commercially available.

(i) Crime/Employee Dishonesty insurance covering all employees with a minimum limit of Two Hundred Fifty Thousand Dollars ($250,000) per claim.

(j) Non-Owned Aviation/Helipad Liability insurance (if applicable) including coverage for the helipad and any other aviation exposures at the premises with minimum limits of Five Million Dollars ($5,000,000) per occurrence.

13.2. **Endorsements and Other Requirements**. The insurance as required in this Article XIII shall comply with the following:

(a) Except for Worker's Compensation/Employer's Liability and Crime insurance policies, all other insurance policies required herein shall name Lessor (and any other entity that Lessor may deem reasonably necessary) as Additional Insureds with respect to any liability arising from Lessee's use, occupancy or maintenance of the Leased Property.

(b) All policies of insurance required herein (i) shall include clauses providing that each underwriter shall waive its rights of recovery, under subrogation or otherwise, against Lessor or any of Lessor's affiliates or subsidiary companies; and (ii) shall be primary and non-contributory to the extent commercially available (except for Worker's Compensation/ Employer's Liability) to any other insurance available to Lessor.

(c) All policies of insurance required to be obtained by Lessee hereunder shall provide at least thirty (30) days' prior written notice for cancellation, non-renewal or material change, or ten (10) days' prior written notice for non-payment of premium to Lessor's notice address as specified in this Lease (the "**Lessor's Notice Address**"), with a simultaneous copy to (A) MPT Operating Partnership, L.P., Attention: Asset Management/Insurance Department, 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242, and (B) McGriff, Seibels & Williams, Inc., Attention: John F. Carter, 2211 7th Avenue South, Birmingham, Alabama 35233.

(d) Lessee shall be responsible for funding all premiums, deductibles and retentions, including those which may be applicable to Lessor as an additional insured or named insured thereunder. All such deductibles and retentions shall be in amounts that are reasonably acceptable to Lessor.

13.3. **Additional Insurance**. Notwithstanding anything contained herein to the contrary, Lessor shall not be prohibited, at its sole cost and expense, from purchasing and maintaining such additional insurance as it may reasonably determine to be necessary to protect its interest in all or any portion of the Leased Property.

13.4. **Evidence of Insurance**. Lessee shall deliver "verification" of insurance to Lessor as set forth below:

(a) Prior to the Commencement Date and at least ten (10) Business Days prior to any insurance policy expiration date, Lessee shall provide verification of the renewal for the required insurance coverage for the following year which shall include the following:

(i) Insurance certificates acceptable to Lessor evidencing coverage for the renewed insurance policies, including evidence of specific coverage requirements and endorsements as required herein;

(ii) A summary of insurance program showing significant coverage limits, sublimits, deductibles and retentions.

(b) No later than ninety (90) days, after the renewal date of such policies, or such other reasonable timeframe as mutually agreed upon by Lessor and Lessee, Lessee shall provide true and certified copies of all required insurance policies, including evidence of specific coverage requirements and endorsements as stated herein.

(c) In the event Lessee does not provide timely or proper verification, or does not maintain the insurance required hereunder or pay the premiums as required hereunder, Lessor shall be entitled after notice to Lessee, but shall have no obligation, to obtain such insurance and pay the premiums therefor, which premiums shall be repayable to Lessor promptly following request by Lessor (but in no event later than fifteen (15) days after delivery of such request).

13.5. **Increase in Limits and Coverages**. In the event that Lessor shall at any time in its reasonable discretion deem the limits or insurance coverages required herein to be insufficient, upon written notice from Lessor with respect to the same, Lessee shall acquire such additional insurance and/or limits provided that the types and amounts of any such insurance required by Lessor is customarily maintained by the operators of similar healthcare facilities.

13.6. **No Separate Insurance**. Lessee shall not, on Lessee's own initiative or pursuant to the request or requirement of any third party, take out separate insurance concurrent in form or contributing in the event of loss with that required in this Article XIII to be furnished by, or which may reasonably be required to be furnished by, Lessee, or increase the amounts of any then-existing insurance by securing an additional policy or additional policies, unless all parties having an insurable interest in the subject matter of the insurance, including in all cases Lessor and all Facility Lenders, are included therein as additional insureds and the loss is payable under said insurance in the same manner as losses are required to be payable under this Lease. Lessee shall promptly notify Lessor of the taking out of any such separate insurance or of the increasing of any of the amounts of the then existing insurance by securing an additional policy or additional policies.

13.7. **Insurance Required under Pass-Through Leases**. Lessee shall also obtain and maintain all insurance required to be maintained by the "tenant" or "lessee" pursuant to the Pass-Through Leases and provide Lessor with evidence of the same.

ARTICLE XIV.
FIRE AND CASUALTY

14.1. **Insurance Proceeds**. All proceeds payable by reason of any loss or damage to the Leased Property, or any portion thereof, and insured under any policy of insurance required by Article XIII shall, subject to the provisions of the Intercreditor Agreement, and with respect to properties subject to a Pass-Through Lease, subject to the terms of the applicable Pass-Through Lease, be paid to Lessor and held by Lessor in trust (subject to the provisions of Section 14.7) and shall be made available for reconstruction or repair, as the case may be, of any damage to or destruction of the Leased Property, or any portion thereof, and shall be paid out by Lessor from time to time for the actual cost of such reconstruction or repair; *provided, however*, that Lessee shall have the right in all events, but subject to the rights of the lessor under any Pass-Through Lease, to be reimbursed for amounts expended to repair and restore the Leased Property (including funds expended to modernize, update and improve the Leased Property following a casualty) up to the amount of the proceeds paid to Lessor hereunder and not otherwise used by Lessor for the restoration or reconstruction of the Leased Property (if an to the extent Lessor is entitled to such proceeds in accordance with the terms of this Lease). Any excess proceeds of insurance remaining after the completion of the restoration or reconstruction of the Leased Property, or any portion thereof, shall be paid to and retained by Lessor free and clear upon completion of any such repair and restoration. In the event neither Lessor nor Lessee is required or elects to repair and restore, all such insurance proceeds shall be retained by Lessor free and clear upon completion of any such repair and restoration. All salvage resulting from any risk covered by insurance shall belong to Lessor except that any salvage relating to Capital Additions paid for by Lessee as described in Section 10.2 or to Lessee's Personal Property shall belong to Lessee as provided in Section 10.4. In the case of any Leased Property that is subject to a Pass-Through Lease, the terms of this Article XIV shall in all cases be subject to the terms of the applicable Pass-Through Lease.

14.2. **Reconstruction in the Event of Damage or Destruction Covered by Insurance**.

(a) Except as provided in Section 14.7, with respect to any Property, if during the Term such Property is totally or partially destroyed from a risk covered by the insurance described in Article XIII and such Property is thereby rendered Unsuitable for its Primary Intended Use (the "**Casualty Impacted Property**"), Lessee shall restore such Casualty Impacted Property to substantially the same condition as existed immediately before the damage or destruction. Such damage or destruction shall not terminate this Lease with respect to such Property.

(b) Except as provided in Section 14.7, with respect to any Property, if, during the Term, such Property is totally or partially destroyed from a risk covered by the insurance described in Article XIII, but such Property is not thereby rendered Unsuitable for its Primary Intended Use, Lessee shall restore such Property to substantially the same condition as existed immediately before the damage or destruction. Such damage or destruction shall not terminate this Lease with respect to such Property.

(c) With respect to each Property, if the cost of the repair or restoration of such Property exceeds the amount of insurance proceeds received by Lessor, Lessee shall be obligated to pay any such excess amount needed to restore such Property prior to use of the insurance proceeds; *provided, that*, from and after the date on which Lessee expends amounts required to cover such deficiency, Lessor shall make the insurance proceeds available to Lessee for the completion of the restoration.

14.3. **Reconstruction in the Event of Damage or Destruction Not Covered by Insurance**. Except as provided in Section 14.7, if during the Term a Property is totally or partially damaged or destroyed from a risk not covered by the insurance described in Article XIII but that would have been covered if Lessee carried the insurance customarily maintained by, and generally available to, the operators of reputable health care facilities in the region in which such Property is located, then, whether or not such damage or destruction renders such Property Unsuitable for its Primary Intended Use, Lessee shall, at its sole cost and expense, restore such Property to substantially the same condition it was in immediately before such damage or destruction and such damage or destruction shall not terminate this Lease with respect to such Property.

14.4. **Lessee's Personal Property**. All insurance proceeds payable by reason of any loss of or damage to any Lessee's Personal Property or any Capital Addition financed by Lessee shall be paid to Lessee to pay the cost of repairing or replacing the damage to Lessee's Personal Property or the Capital Additions financed by Lessee.

14.5. **Restoration of Lessee's Property**. In connection with a restoration of any Property as provided in Sections 14.2 or 14.3, Lessee shall also restore all alterations and improvements made to Lessee's Personal Property with respect thereto and all Capital Additions paid for by Lessee with respect thereto.

14.6. **No Abatement of Rent**. This Lease shall remain in full force and effect, and Lessee's obligation to pay Rent and all other charges required by this Lease shall remain unabated during any period required for repair and restoration; *provided, however*, the proceeds of all rental stream insurance, if any, will first be paid to or retained by Lessor in satisfaction of Lessee's obligations to pay Rent.

14.7. **Damage Near End of Term**. Notwithstanding any provisions of Sections 14.2 or 14.3 to the contrary, if damage to or destruction of any Property occurs during the last twenty-four (24) months of the Term, and if such damage or destruction cannot be fully repaired and restored within six (6) months immediately following the date of such loss as determined in Lessor's reasonable discretion, either party shall have the right to terminate this Lease with respect to such Property by giving notice to the other within thirty (30) days after the date of damage or destruction, in which event Lessor shall be entitled to retain the insurance proceeds and Lessee shall pay to Lessor on demand the amount of any deductible or uninsured loss arising in connection therewith; *provided, however*, that any such notice given by Lessor shall be void and of no force and effect if Lessee exercises an available option to extend the Term for one (1) Extension Term within thirty (30) days following receipt of such termination notice. Upon any such partial termination of this Lease as to a Casualty Impacted Property, the total Base Rent payable hereunder shall be reduced in accordance with Section 5.2.

14.8. **Waiver**. Lessee hereby waives any statutory or common law rights of termination which may arise by reason of any damage to or destruction of any portion of the Leased Property.

14.9. **Termination of Right to Purchase**. Any partial termination of this Lease as to any Property pursuant to this Article XIV shall cause any right to purchase such Property granted to Lessee under any other provisions of this Lease to be terminated and to be without further force and effect.

ARTICLE XV.
CONDEMNATION

15.1. **Parties' Rights and Obligations**. If during the Term there is any Taking of all or any part of a Property or any interest in this Lease relating to such Property by Condemnation, the rights and obligations of the parties shall be determined by this Article XV.

15.2. **Total Taking**. If there is a Taking of all of a Property by Condemnation, this Lease shall terminate with respect to such Property on the Date of Taking.

15.3. **Partial Taking**. If there is a Taking of a part, but not all, of a Property by Condemnation (a "**Partial Taking**"), this Lease shall remain in effect with respect to such Property if such Property is not thereby rendered Unsuitable for its Primary Intended Use. If, however, such portion of such Property is thereby rendered Unsuitable for its Primary Intended Use, Lessee shall elect either (a) to restore such portion of such Property, at its own expense and to the extent possible, to substantially the same condition as existed immediately before the partial Taking, or (b) to terminate this Lease with respect to such Property (in which event the Base Rent payable hereunder shall be reduced in accordance with Section 5.2 and Lessee shall be obligated to make the Make-Up Payment to Lessor as provided in Section 15.6). Lessee shall exercise such election by giving Lessor notice thereof within sixty (60) days after Lessee receives notice of the Taking; provided, that, no termination pursuant to Section 15.3(b) shall be effective until the payment to Lessor of any applicable Make-Up Payment pursuant to Section 15.6. If there is a partial Taking of the Leased Property and this Lease remains in full force and effect pursuant hereto, Lessee shall accomplish all necessary restoration of the impacted Property at Lessee's expense, Lessor shall make the entire Award (less any reasonable costs of Lessor incurred with respect thereto) available to fund the costs of restoration, and any portion of the Award remaining after restoration shall be the sole property of the Lessor.

15.4. **Award Distribution**. In the event of a Taking, the entire Award shall belong to Lessor; *provided, however*, that (a) if this Lease is terminated pursuant to this Article XV with respect to such Property, Lessee shall be entitled to receive a sum attributable to Lessee's Personal Property relating thereto and any reasonable removal and relocation costs, provided in each case the Award specifically includes such items, and (b) if Lessee is required or elects to restore such Property, Lessor agrees to make the Award available to be paid to Lessee to be used for that restoration, and Lessor shall hold such portion of the Award in trust for application to the cost of the restoration.

15.5. **Temporary Taking**. The Taking of any Property or any part thereof by military or other public authority shall constitute a Taking by Condemnation only when the use and

occupancy by the Taking authority has continued for longer than six (6) months. During any such six (6)-month period all the provisions of this Lease shall remain in full force and effect and the Rent with respect to such Property shall not be abated or reduced during such period of Taking, and Lessee shall be entitled to all compensation or Award granted in connection with such temporary Taking.

15.6. **Make-Up Payments**. If, as a result of a Partial Taking, Lessee elects to terminate this Lease with respect to a Property (the "**Partial Taking Property**") pursuant to Section 15.3(b), then Lessee shall pay Lessor the amount, if any, by which (a) the Lease Base with respect to such Partial Taking Property exceeds (b) the sum of (i) the amount of the Award plus (ii) the amount determined to be the Fair Market Value Purchase Price of the remaining portion of the Partial Taking Property (the "**Make-Up Payment**"). The Fair Market Value Purchase Price of the remaining portion of the Partial Taking Property shall be determined by the appraisal process set forth in Article XXXIII hereof which shall be undertaken and completed within sixty (60) days following the date of Lessee's election to terminate the Lease with respect to any such Partial Taking Property (*provided, however*, that Lessee shall be responsible for and shall pay all costs and expenses of such appraisal process). Lessee shall make the Make-Up Payment to Lessor by wire transfer of immediately available funds no later than ten (10) days after the Fair Market Value Purchase Price of the remaining portion of the Partial Taking Property is finally determined pursuant to the appraisal process.

ARTICLE XVI.
DEFAULT

16.1. **Events of Default**. The occurrence of any one or more of the following events (individually, an "**Event of Default**") shall constitute Events of Default hereunder:

(a) if Lessee shall fail to make a payment of the Rent or any other monetary obligation when the same becomes due and payable by Lessee under this Lease (including, but not limited to, any failure to maintain the amount of the Reserve or the failure to pay Insurance Premiums or Impositions, other than those that are being disputed by Lessee in good faith pursuant to Article XII) and the same shall remain unpaid for more than five (5) days following receipt by Lessee of written notice thereof from Lessor; *provided, however*, in no event shall Lessor be required to give more than two (2) such written notices hereunder during any consecutive twelve (12) month period; or

(b) if Lessee shall fail to observe or perform in any material respect (without duplication of any materiality qualifier herein) any other term, covenant or condition of this Lease and such failure is not cured by Lessee within a period of thirty (30) days after receipt by Lessee of written notice thereof from Lessor (except that in the event Lessee shall fail to comply with any request pursuant to Sections 38.3 and 38.4 hereof, and such failure shall continue for five (5) days after receipt by Lessee of such request from Lessor), unless such failure cannot with due diligence be cured within a period of thirty (30) days (in Lessor's reasonable discretion), in which case such failure shall not be deemed to continue so long as Lessee commences to cure such failure within the thirty (30) day period and proceeds with due diligence to complete the curing thereof within sixty (60) days after receipt by Lessee of Lessor's notice of default (or such longer period as is reasonably required in the determination of Lessor to effect such cure if Lessee is diligently

proceeding to do so); *provided, however*, in no event shall Lessor be required to give more than two (2) notices and cure period for Lessee's failure to observe or perform the same (or repetitive) covenant or condition in any consecutive twelve (12) month period; or

(c) if (i) any Facility Lessee or the Guarantor shall admit in writing its inability to pay its debts as they become due; or (ii) any Facility Lessee or the Guarantor shall file a petition in bankruptcy as a petition to take advantage of any insolvency act; or (iii) any Facility Lessee or the Guarantor shall be declared insolvent according to any law; or (iv) any Facility Lessee or the Guarantor shall make any general assignment for the benefit of its creditors; or (v) if the estate or interest of any Facility Lessee in the Leased Property or any part thereof shall be levied upon or attached in any proceeding and the same shall not be vacated or discharged within the later of ninety (90) days after commencement thereof or sixty (60) days after receipt by Lessee of written notice thereof from Lessor (unless Lessee shall be contesting such lien or attachment in good faith in accordance with Article XII); or (vi) any petition shall be filed against any Facility Lessee or the Guarantor to declare such Facility Lessee or the Guarantor bankrupt, to take advantage of any insolvency act, or to delay, reduce or modify such Facility Lessee's or the Guarantor's capital structure and the same shall not be removed or vacated within ninety (90) days from the date of its creation, service or attachment; or (vii) any Facility Lessee or the Guarantor shall, after a petition in bankruptcy is filed against it, be adjudicated a bankrupt, or a court of competent jurisdiction shall enter an order or decree, with or without the consent of such Facility Lessee or the Guarantor, as the case may be, appointing a trustee, examiner or receiver of such Facility Lessee or the Guarantor or the whole or substantially all of its property, or approving a petition filed against such Facility Lessee or the Guarantor seeking reorganization or arrangement of such Facility Lessee or the Guarantor under the federal bankruptcy laws or any other applicable law or statute of the United States of America or any state thereof, and such judgment, order or decree shall not be vacated or set aside or stayed within ninety (90) days from the date of the entry thereof (notwithstanding anything to the contrary set forth herein, in the event the provisions of this Section 16.1(c) are triggered with respect to the Guarantor, then prior to an Event of Default arising hereunder or as a cure for any such Event of Default, the Guarantor shall have the right and option within twenty (20) days after the occurrence of such an Event of Default or such event which, with the giving of notice or the passage of time or both, would constitute such an Event of Default, to cause an Acceptable Replacement Guarantor to join in and be bound by the Guaranty and to contemporaneously therewith cause such Acceptable Replacement Guarantor to deliver a fully executed Replacement Intercreditor, executed by such Acceptable Replacement Guarantor and any lender (excluding any purchase money lender) or agent or trustee acting on behalf of such lender that has any Lien on a material portion of the assets or properties of any Facility Lessee; or

(d) if any Facility Lessee shall have (i) any of its Licenses (as defined in Article XXXVIII), or (ii) its participation or certification in Medicare or Medicaid or any material other third party payor program, in either case of clause (i) or clause (ii) above, terminated by the applicable government program for fraud or violation of the terms of such program; or

(e) if a Change of Control Transaction shall occur with respect to any Facility Lessee or Guarantor which is not approved by Lessor in advance;

(f) if, with respect to any Property, (i) in the case of any Property for which the Primary Intended Use is as a licensed general acute care hospital facility or a critical access

hospital, the applicable Facility Lessee that operates the Business at such Property abandons or vacates same (such Facility Lessee's absence therefrom for thirty (30) consecutive days shall constitute abandonment), or (ii) the applicable Facility Lessee fails to operate such Business on such Property in accordance with the terms of this Lease;

(g) if any Facility Lessee or the Guarantor shall be liquidated or dissolved, or shall begin proceedings toward such liquidation or dissolution, or shall, in any manner, permit the sale or divestiture of substantially all of its assets, or any such Facility Lessee or the Guarantor shall enter into an agreement respecting same; or

(h) if any monetary or material non-monetary default or event of default occurs under any Obligation Document (other than this Lease) and such default is which is not waived in writing or cured within the cure period as provided therein; or

(i) if any monetary or material non-monetary default or event of default occurs with respect to any Material Obligation of any Facility Lessee or Guarantor which is not waived in writing or cured within the applicable cure period provided by the document evidencing the Material Obligation;

(j) Lessee shall fail to obtain, maintain, and replenish the Letter of Credit as required by Section 39.15 or Lessee fails to provide Lessor with a replacement letter of credit as and when required under this Lease; or

(k) if any monetary or material non-monetary default or event of default shall occur with respect to (i) the tenant's or lessee's obligations under any Pass-Through Lease or (ii) the landlord's or lessor's obligations under any MOB Ground Lease, in either case, which is not waived in writing or cured within the cure period as provided in such Pass-Through Lease or MOB Ground Lease.

(l) if, at any time during the Term, for two (2) consecutive calendar quarters:

(i) EBITDAR (calculated on a Pro Forma Basis) shall be less than One Hundred Fifty Percent (150%) of the Lease Payments (as determined utilizing the trailing twelve (12) month operating and financial results of Lima Holdco and its Subsidiaries and measured on a calendar quarterly basis); or

(ii) EBITDAR (calculated on a Pro Forma Basis) shall be less than One Hundred Twenty-Five Percent (125%) of Consolidated Fixed Charges (as determined utilizing the trailing twelve (12) month operating and financial results of Lima Holdco and its Subsidiaries and measured on a calendar quarterly basis).

(iii) Notwithstanding the foregoing, in the event that Lessee fails (or, but for the operation of this paragraph, would fail) to comply with the requirements of Section 16.1(l)(i) or (ii), until the thirtieth (30th) day subsequent the earlier of (1) the date that Lessee becomes aware of such non-compliance or (2) the date of delivery of written notice from Lessor relating to such failure (the "**Equity Cure Expiration Date**"), Lima Holdco shall have the right to issue its equity interests for cash or to receive an equity contribution in respect of its equity interests (the

"**Equity Cure Right**"), and upon the receipt by Lima Holdco of such cash (the "**Specified Equity Contribution**"), EBITDAR shall be recalculated giving effect to the following pro forma adjustments:

(A) EBITDAR for the applicable calendar quarter (and any four-quarter period that contains such quarter) shall be increased, solely for the purpose of determining compliance with Section 16.1(l)(i) and (ii), by an amount equal to the Specified Equity Contribution; and

(B) if, after giving effect to the foregoing recalculations, Lessee shall then be in compliance with the requirements of Section 16.1(l)(i) and (ii), Lessee shall be deemed to have satisfied the requirements of such section as of the relevant date of determination with the same effect as though there had been no failure to comply therewith at such date, and the applicable Event of Default that had occurred shall be deemed cured for purposes of this Lease.

(iv) Notwithstanding anything herein to the contrary, after the failure to comply with the requirements of Section 16.1(l), if Lessee has given Lessor notice that Lessee intends to cure such failure with the proceeds of a Specified Equity Contribution, Lessor shall not exercise any rights or remedies under Section 16 available during the continuance of any Event of Default on the basis of any actual or purported failure to comply with Section 16.1(l) until such failure is not cured on or prior to the Equity Cure Expiration Date.

(v) For the avoidance of doubt, the Equity Cure Rights provided for herein shall only arise in connection with the failure to comply with the requirements of Section 16.1(l), and no Equity Cure Right shall be available in connection with any other Event of Default.

(vi) It is understood and agreed that Lessor and Lessee agree to work together in good faith to adjust Section 16.1(l) after the Effective Date to reflect future acquisitions of real property joined under this Lease.

If an Event of Default has occurred, Lessor shall have the right at its election, then or at any time thereafter, to pursue any one or more of the following remedies, in addition to any remedies which may be permitted by law, by other provisions of this Lease or otherwise, without notice or demand, except as hereinafter provided:

A. If Lessee deserts, abandons or vacates any Property for which the Primary Intended Use is a licensed general acute care hospital facility or a critical access hospital (the "**Vacated Property**"), Lessor may enter upon and take possession of either (i) the Vacated Property; or (ii) if there has occurred a Major Event of Default, any one or more (including all, if so elected by Lessor) of the Properties, regardless of whether such Event of Default emanated from or related primarily to a single Property (whether one or more, and whether pursuant to clause (i) or (ii), the "**Entered Property**"), to protect it from deterioration and continue to demand from Lessee Rent and other charges as provided in this Lease, without any obligation to relet (except to the extent required by

applicable law); but if Lessor does relet the Entered Property (on such terms and conditions as Lessor, in its sole discretion, shall deem reasonable), such action by Lessor shall not be deemed an acceptance of Lessee's surrender of the Entered Property unless Lessor expressly notifies Lessee of such acceptance in writing, Lessee hereby acknowledging that Lessor shall otherwise be reletting as Lessee's agent and Lessee furthermore hereby agreeing to pay to Lessor on demand any deficiency that may arise between the Rent and other charges as provided in this Lease and that are actually collected by Lessor relating to the Entered Property.

B. Lessor, or anyone acting on Lessor's behalf, may without notice or demand to Lessee, either (i) enter the Property from which such Event of Default emanated or to which such Event of Default related primarily; or (ii) if there has occurred a Major Event of Default, enter any one or more (including all, if so elected by Lessor) of the Properties, regardless of whether such Event of Default emanated from or related primarily to a single Property (whether one or more, and whether pursuant to clause (i) or (ii), the "**Defaulted Property**"), by force, if necessary, to the extent permitted by applicable laws and regulations without liability to action for prosecution or damages for such entry or for the manner thereof, and do whatever Lessee is obligated or permitted to do under this Lease. Lessee hereby releases and discharges Lessor and its agents from all claims, actions, suits, damages and penalties for or by reason of any such entry. Lessee agrees to reimburse Lessor on demand for all expenses, including, without limitation, reasonable attorneys' fees and expenses, that Lessor may incur in effecting compliance with Lessee's obligations under this Lease, and Lessee further agrees that Lessor shall not be liable for any damages resulting to Lessee from such action.

C. Lessor may immediately terminate Lessee's right of possession of the Defaulted Property, but not terminate this Lease with respect to the Defaulted Property, and without notice or demand, except as may be required by applicable law, enter upon such Defaulted Property or any part thereof and take absolute possession of the same, and at Lessor's sole option may relet such Defaulted Property or any part thereof for such terms and such rents as Lessor may reasonably elect. In the event of such reletting, the rent received by Lessor from such reletting shall be applied in the manner set forth in Section 16.4, and Lessee shall satisfy and pay any deficiency upon demand therefor from time to time. Any entry into and possession of the Defaulted Property by Lessor shall be without liability or responsibility to Lessee and shall not be in lieu of or in substitution for any other legal rights of Lessor hereunder. Lessee further agrees that Lessor may file suit to recover any sums due under the terms of this Lease and that no recovery of any portion due Lessor hereunder shall be any defense to any subsequent action brought by Lessor for any other amounts not reduced to judgment in favor of Lessor. Reletting any portion of the Defaulted Property relating to any one or more of the Properties shall not be construed as an election on the part of Lessor to terminate this Lease with respect to such Defaulted Property and, notwithstanding any such reletting without termination, Lessor may at any time thereafter elect to terminate this Lease for default with respect to the Defaulted Property.

D. Lessor may terminate this Lease with respect to the Defaulted Property (whether one or more, the "**Terminated Property**"), by written notice to Lessee, in which event Lessee shall immediately surrender to Lessor such Terminated Property, and if Lessee fails to do so, Lessor may, without prejudice to any other remedy which Lessor may have for possession or arrearages in Rent or any other payments under this Lease (including any interest and payment penalty which may have accrued pursuant to the terms of this Lease), enter upon and take

possession of such Terminated Property and expel or remove the applicable Facility Lessee and any other Person who may be occupying such Terminated Property or any part thereof, by force, if necessary, to the extent permitted by applicable laws and regulations without being liable for prosecution or any claim for damages therefor. Except as otherwise may be required by applicable law or as otherwise expressly required under this Lease, Lessee hereby waives any statutory requirement of prior written notice for filing eviction or damage suits for nonpayment of Rent or any other payments under this Lease. In addition, Lessee agrees to pay to Lessor on demand the amount of all loss and damage which Lessor may suffer by reason of any termination effected pursuant to this Section 16.1D, which loss and damage shall be determined, at Lessor's option, by either of the following alternative measures of damages:

(vii) Until Lessor is able to relet such Terminated Property, although Lessor shall be under no obligation to attempt to do so (unless required by applicable law), Lessee shall pay to Lessor, on or before the first day of each calendar month, the monthly rentals and other charges provided in this Lease relating to such Terminated Property. After such Terminated Property has been relet by Lessor, Lessee shall pay to Lessor on the tenth (10th) day of each calendar month the amount, if any, by which the monthly rentals and other charges provided in this Lease related to such Terminated Property for the preceding calendar month (had this Lease not been terminated) exceed those actually collected by Lessor with respect to such reletting for that month. If it is necessary for Lessor to bring suit to collect any deficiency, Lessor shall have the right to allow such deficiencies to accumulate and to bring an action on several or all of the accrued deficiencies at one time. Any such suit shall not prejudice in any way the right of Lessor to bring a similar action for any subsequent deficiency or deficiencies. Any amount collected by Lessor from subsequent Tenants related to such Terminated Property for any calendar month in excess of the monthly Rent (including Additional Charges) herein allocated to such Terminated Property had this Lease not been terminated with respect thereto shall be credited to Lessee in reduction of Lessee's liability for any calendar month for which the amount collected by Lessor will be less than the monthly Rent (including Additional Charges) herein allocated to such Terminated Property had this Lease not been terminated with respect thereto such Terminated Facility, but Lessee shall have no right to any excess other than the above described credit.

(viii) When Lessor desires, Lessor may demand a final settlement with respect to such Terminated Property. Upon demand for a final settlement, Lessor shall have a right to, and Lessee hereby agrees to pay, the difference between the total of all monthly Rent (including Additional Charges) allocated to such Terminated Property for the remainder of the Term and the reasonable rental value thereof for such period, with such difference to be discounted to present value at a rate equal to the 5-Year U.S. Treasury Rate plus Two Percent (2%) per annum in effect upon the date of determination.

If Lessor elects to exercise the remedies prescribed in subsections A or B above, this election shall in no way prejudice Lessor's right at any time thereafter to cancel said election in favor of the remedy prescribed in subsection D or elsewhere in this Lease. Similarly, if Lessor

elects to compute damages in the manner prescribed by subsection D(i) above, this election shall in no way prejudice Lessor's right at any time thereafter to demand a final settlement in accordance with subsection D(ii). Pursuit of any of the above remedies shall not preclude pursuit of any other remedies prescribed in other sections of this Lease and any other remedies provided by law or equity. Forbearance by Lessor to enforce one or more of the remedies herein provided upon an Event of Default shall not be deemed or construed to constitute a waiver of such default.

E. In the event that Lessor has either repossessed a Vacated Property pursuant to subsection A, repossessed a Defaulted Property pursuant to subsection C, or terminated this Lease with respect to one or more (or all, if so elected by Lessor) Defaulted Properties pursuant to subsection D, and Lessor elects to enter upon such portion of the Leased Property as provided herein, Lessor may change, alter, and/or modify the door locks on all entry doors of such portion of the Leased Property, thereby permanently excluding Lessee and its officers, principals, agents, employees, representatives and invitees therefrom. Lessor shall not thereafter be obligated to provide Lessee with a key to such portion of Leased Property at any time, regardless of any amounts subsequently paid by Lessee; *provided, however*, that in any such instance, during Lessor's normal business hours and at the convenience of Lessor, and upon receipt of written request from Lessee accompanied by such written waivers and releases as Lessor may reasonably require, Lessor may either (at Lessor's option) (1) escort Lessee or its authorized personnel to such Leased Property to retrieve any personal belonging or other property of Lessee not subject to Lessor's right of purchase as provided in Section 34.1, or (2) obtain a list from Lessee of such personal property not subject to Lessor's right of purchase as provided in Section 34.1, whereupon Lessor shall remove such property and make it available to Lessee at a time and place designated by Lessor. However, if Lessor elects option (2), Lessee shall pay, in cash in advance, all reasonable costs and expenses estimated by Lessor to be incurred in removing such property and making it available to Lessee and all moving and/or storage charges theretofore incurred by Lessor with respect to such property (plus an additional Seven Percent (7%) thereof to cover Lessor's administrative costs). If Lessor elects to exclude Lessee from any Defaulted Property (or all of the Defaulted Properties if so elected by Lessor) without repossessing or terminating pursuant to the foregoing provisions of this Lease, then Lessor shall not be obligated to provide Lessee a key to re-enter such Property or Properties until such time as all delinquent Rent has been paid in full and all other defaults, if any, have been completely cured to Lessor's satisfaction (if such cure occurs prior to any actual repossession or termination), and Lessor has been given assurance reasonably satisfactory to Lessor evidencing Lessee's ability to satisfy its remaining obligations under this Lease. To the extent permitted by law, the foregoing provision shall override and control any conflicting provisions of any applicable statute governing the right of a lessor to change the door locks of commercial leases.

F. In addition to any other available remedies, at Lessor's option, with respect to each Defaulted Property or Entered Property, Lessor shall have those rights (i) to purchase Lessee's Personal Property in the manner provided in Section 34.2 hereof and (ii) to effect a transfer of the Licenses pursuant to the terms of Article XXXVIII hereof.

G. Exercise any and all other rights and/or remedies granted or allowed to landlords by any existing or future statute or other law of the applicable State where the Entered Property or the Defaulted Property, as applicable, is located.

H. In the event, and only in the event, that applicable law requires Lessor to attempt to mitigate damages following the termination of Lessee's rights under this Lease with respect to any one or more of the Properties as provided in subsection D(i) above, Lessor shall use reasonable efforts to the extent required by applicable law to relet such Property or Properties on such terms and conditions as Lessor, in its sole good faith judgment, may determine (including, without limitation, a lease term different than the Term, rental concessions, alterations and repair any such Property); *provided, however*, that, with respect to any such Property or Properties (i) Lessor shall not be obligated to relet such Property before leasing other vacant space owned or operated by Lessor, (ii) Lessor reserves the right to refuse to lease such Property to any potential tenant that does not meet Lessor's reasonable standards and criteria for leasing any other comparable space owned or operated by Lessor (it being understood and agreed that it shall be deemed reasonable for Lessor to refuse to lease to a prospective tenant who owns, leases or operates a business similar to that conducted on such Property in the County where such Property is located), and (iii) Lessor shall not be obligated to undertake any greater efforts to relet such portion of the Leased Property than Lessor utilizes to lease any other vacant space owned or operated by Lessor. In any proceeding in which Lessor's efforts to mitigate damages and/or its compliance with this subsection is at issue, Lessor shall be presumed to have used reasonable efforts to mitigate damages and Lessee shall bear the burden of proof to establish that such reasonable efforts were not used.

I. No receipt of moneys by Lessor from Lessee after a termination of this Lease with respect to any one or more of the Properties or of Lessee's rights under this Lease by Lessor with respect thereto shall reinstate, continue or extend the Term of this Lease with respect to such one or more Properties or affect any notice theretofore given to Lessee, or operate as a waiver of the right of Lessor to enforce the payment of Rent and any related amounts to be paid by Lessee to Lessor then due or thereafter falling due, it being agreed that after the commencement of suit for possession of any such Property, or after final order or judgment for the possession of any such Property, Lessor may demand, receive and collect any moneys due or thereafter falling due without in any manner affecting such suit, order or judgment, all such money collected being deemed payments on account of the use and occupation of any such Property or, at the election of Lessor, on account of Lessee's liability hereunder. Lessee hereby waives any and all rights of redemption provided by any law, statute or ordinance now in effect or which may hereafter be enacted.

J. No right or remedy herein conferred upon or reserved to Lessor is intended to be exclusive of any other right or remedy, and every right and remedy shall be cumulative and in addition to any other legal or equitable right or remedy given hereunder, or at any time existing. The failure of Lessor to insist upon the strict performance of any provision or to exercise any option, right, power or remedy contained in this Lease shall not be construed as a waiver or a relinquishment thereof for the future, and no acceptance of full or partial payment of Rent or any other payment due under the terms of this Lease during the continuance of any such breach shall constitute a waiver of any such breach or any such term. To the extent permitted by law, no waiver of any breach shall affect or alter this Lease, which shall continue in full force and effect with respect to any other then existing or subsequent breach. Lessor and Lessee agree that no waiver shall be effective hereunder unless it is in writing.

K. **Additional Expenses**. It is further agreed that, in addition to payments required pursuant to Section 16.1 above and the provisions of Section 39.3, Lessee shall compensate Lessor and its Affiliates for (a) all reasonable expenses incurred by Lessor and its Affiliates in enforcing

the provisions of this Lease and in repossessing the Leased Property or any portion thereof (including among other expenses, any increase in insurance premiums caused by the vacancy of all or any portion of the Leased Property); (b) all reasonable expenses incurred by Lessor and its Affiliates in reletting (including among other expenses, repairs, remodeling, replacements, advertisements and brokerage fees); (c) all concessions granted to a new Tenant or Tenants upon reletting (including among other concessions, renewal options); (d) Lessor's and its Affiliates' reasonable attorneys' fees and expenses arising from or related to an Event of Default; (e) all losses incurred by Lessor and its Affiliates as a direct or indirect result of such Event of Default (including, among other losses, any adverse action by Facility Lenders); and (f) a reasonable allowance for Lessor's administrative efforts, salaries and overhead attributable directly or indirectly to such Event of Default and Lessor's pursuing the rights and remedies provided herein and under applicable law.

16.2. **Waivers**.

(a) If this Lease is terminated pursuant to Section 16.1, Lessee waives, to the extent permitted by applicable law, (i) any right of redemption, re-entry or repossession; (ii) any right to a trial by jury in the event of summary proceedings to enforce the remedies set forth in this Article XVI; (iii) the benefit of any laws now or hereafter in force exempting property from liability for rent or for debt; and (iv) any statutory requirement of prior written notice for filing eviction or damage suits for nonpayment of Rent or any other payments under this Lease. Lessee acknowledges and agrees that no waiver by Lessor of any provision of this Lease shall be deemed to have been made unless made under signature of an authorized representative of Lessor.

(b) To the extent permitted by applicable law, Lessee waives any and all rights or defenses arising by reason of: (i) any "one action" or "anti-deficiency" law or any other law which may prevent Lessor from bringing any action, including a claim for deficiency, against Lessee or any one or more of the Facility Lessees or Guarantor, before or after Lessor's commencement or completion of any foreclosure or similar action or actions, either judicially or by exercise of a power of sale; (ii) any election of remedies by Lessor which destroys or otherwise adversely affects Lessee or any one or more of the Facility Lessee's or Guarantor's subrogation rights or rights to proceed against any Person for reimbursement, including, without limitation, any loss of rights Lessee or Guarantor may suffer by reason of any law limiting, qualifying, or discharging Lessee's and Guarantor's obligations under this Lease or the other Obligation Documents (as applicable), (iii) any disability or other defense of any other Person, other than payment in full in legal tender, of Lessee's and Guarantor's obligations under this Lease or the other Obligation Documents (as applicable); (iv) any defenses given to guarantors, sureties, and/or co-makers at law or in equity other than actual payment and performance of Lessee's and Guarantor's obligations under this Lease or the other Obligation Documents (as applicable); or (vi) any action by Lessor or its Affiliates to enforce its rights and remedies under this Lease and the other Obligation Documents.

16.3. **Application of Funds**. Any payments otherwise payable by Lessee which are received by Lessor under any of the provisions of this Lease during the existence or continuance of any Event of Default shall be applied to Lessee's obligations in the order which Lessor may reasonably determine.

16.4. **Notices by Lessor**. The provisions of this Article XVI concerning notices shall be liberally construed insofar as the contents of such notices are concerned, and any such notice shall be sufficient if reasonably designed to apprise Lessee of the nature and approximate extent of any default, it being agreed that Lessee is in as good or a better position than Lessor to ascertain the exact extent of any default by Lessee hereunder.

ARTICLE XVII.
LESSOR'S RIGHT TO CURE

Subject to the provisions of Article XII relating to permitted contests, if Lessee shall fail to make any payment, or to perform any act required to be made or performed under this Lease and to cure the same within the relevant time periods provided in Section 16.1, after written notice to Lessee, Lessor, without waiving or releasing any obligation or Event of Default, may (but shall be under no obligation to) at any time thereafter make such payment or perform such act for the account and at the expense of Lessee, and may, to the extent permitted by law, enter upon any portion of the Leased Property for such purpose and take all such action thereon as, in Lessor's opinion, may be necessary or appropriate therefor. No such entry shall be deemed an eviction of Lessee. All sums so paid by Lessor and all reasonable costs and expenses (including, without limitation, reasonable, documented, out-of-pocket attorneys' fees and expenses, in each case, to the extent permitted by law) so incurred, together with a late charge thereon (to the extent permitted by law) at the Overdue Rate from the date on which such sums or expenses are paid or incurred by Lessor until reimbursed, shall be paid by Lessee to Lessor on demand.

ARTICLE XVIII.
PURCHASE OF THE LEASED PROPERTY

In the event Lessee purchases any Property pursuant to the terms of this Lease, Lessor shall, upon receipt from Lessee of the applicable purchase price, together with full payment of any unpaid Rent, including, without limitation, any unpaid Additional Charges and any other amounts owed by Lessee or its Affiliates who are directly or indirectly controlled by Guarantor to Lessor and any of its respective Affiliates, due and payable with respect to any period ending on or before the date of the purchase, deliver to Lessee an appropriate special warranty deed or other instrument of conveyance conveying the entire interest of Lessor in and to the Leased Property of such Property to Lessee in the condition as received from Lessee, free and clear of all encumbrances other than (a) those that Lessee has agreed hereunder to pay or discharge, (b) those mortgage liens, if any, which Lessee has agreed in writing to accept and to take title subject to, (c) any other Encumbrances permitted to be imposed on the Leased Property under the provisions of Article XXXVI which are assumable at no cost to Lessee or to which Lessee may take subject without cost to Lessee, and (d) any matters affecting such portion of the Leased Property relating to such Property on or as of the Commencement Date. The positive difference, if any, between the applicable purchase price and the total of the monetary encumbrances assigned or taken subject to shall be paid in cash to Lessor, or as Lessor may direct, in federal or other immediately available funds except as otherwise mutually agreed by Lessor and Lessee. The closing of any such sale shall be contingent upon and subject to Lessee obtaining all required governmental consents and approvals for such transfer and if such sale shall fail to be consummated by reason of the inability of Lessee to obtain all such approvals and consents, any options to extend the Term of this Lease which otherwise would have expired during the period from the date when Lessee elected or

became obligated to purchase such Property until Lessee's inability to obtain the approvals and consents is confirmed shall be deemed to remain in effect for thirty (30) days after the end of such period. All expenses of such conveyance, including, without limitation, the cost of title examination or standard coverage title insurance, survey, reasonable attorneys' fees incurred by Lessor in connection with such conveyance, transfer taxes, prepayment penalties, and any other fees of any Facility Lender with respect to any Facility Instrument, recording fees and similar charges shall be paid by Lessee. Notwithstanding anything contained herein to the contrary, Lessee understands, acknowledges and agrees that the purchase of the Pass-Through Lease Land or Improvements located thereof will only be a purchase of Lessor's leasehold interest in such Pass-Through Lease Land and, as applicable, any leased Improvements, and shall be subject to all of the terms, provisions and conditions of the applicable Pass-Through Lease (which shall be assumed by Lessee). Contemporaneously with the closing of any such sale, the rent payable under this Lease shall be reduced by the Allocated Base Rent (as the same may have been increased pursuant to Section 3.1(b) hereof) of the applicable Leased Property to reflect the deletion of the applicable Property.

ARTICLE XIX.
HOLDING OVER

If Lessee shall for any reason remain in possession of any Property after the expiration of the Term or any earlier termination of the Term with respect to thereto, such possession shall be as a tenancy at will, during which time Lessee shall pay, as rental each month, one and one-half (1-1/2) times the aggregate of (a) one-twelfth (1/12) of the aggregate Allocated Base Rent relating to such Property payable with respect to the last complete twelve (12)-month period prior to the expiration of the Term; (b) all Additional Charges relating to such Property accruing during the month, and (c) all other sums, if any, payable by Lessee pursuant to the provisions of this Lease with respect to such Property. During such period of tenancy, Lessee shall be obligated to perform and observe all of the terms, covenants and conditions of this Lease, but shall have no rights hereunder other than the right, to the extent given by law to tenancies at will, to continue its occupancy and use of such Property. Nothing contained herein shall constitute the consent, express or implied, of Lessor to the holding over of Lessee after the expiration or earlier termination of this Lease.

ARTICLE XX.
INTENTIONALLY OMITTED

ARTICLE XXI.
RISK OF LOSS

Subject to the terms of Article XIV and Article XV hereof, during the Term, the risk of loss of, or decrease in, the enjoyment and beneficial use of the Leased Property in consequence of the damage or destruction thereof by fire, the elements, casualties, thefts, riots, wars or otherwise, or in consequence of foreclosures, attachments, levies or executions (other than by Lessor and those claiming from, through or under Lessor) is assumed by Lessee and, Lessor shall in no event be answerable or accountable therefor nor shall any of the events mentioned in this Article XXI entitle Lessee to any abatement of Rent except as specifically provided in this Lease.

ARTICLE XXII.
INDEMNIFICATION

NOTWITHSTANDING THE EXISTENCE OF ANY INSURANCE OR SELF INSURANCE PROVIDED FOR IN ARTICLE XIII, AND WITHOUT REGARD TO THE POLICY LIMITS OF ANY SUCH INSURANCE OR SELF INSURANCE, IN ADDITION TO ANY OTHER INDEMNIFICATION OBLIGATIONS OF LESSEE AND GUARANTOR AS PROVIDED IN THIS LEASE, LESSEE WILL PROTECT, INDEMNIFY, SAVE HARMLESS AND DEFEND LESSOR FROM AND AGAINST ALL LIABILITIES, OBLIGATIONS, CLAIMS, DAMAGES, PENALTIES, CAUSES OF ACTION, COSTS AND EXPENSES (INCLUDING, WITHOUT LIMITATION, REASONABLE ATTORNEYS' FEES AND EXPENSES) TO THE EXTENT PERMITTED BY LAW, IMPOSED UPON OR INCURRED BY OR ASSERTED AGAINST LESSOR BY REASON OF: (A) ANY ACCIDENT, INJURY TO OR DEATH OF PERSONS OR LOSS OF PERSONAL PROPERTY OCCURRING ON OR ABOUT THE LEASED PROPERTY OR ADJOINING SIDEWALKS, INCLUDING WITHOUT LIMITATION ANY CLAIMS OF MALPRACTICE, (B) ANY USE, MISUSE, NO USE, CONDITION, MAINTENANCE OR REPAIR BY LESSEE OF THE LEASED PROPERTY, (C) ANY IMPOSITIONS (WHICH ARE THE OBLIGATIONS OF LESSEE TO PAY PURSUANT TO THE APPLICABLE PROVISIONS OF THIS LEASE), (D) ANY FAILURE ON THE PART OF LESSEE TO PERFORM OR COMPLY WITH ANY OF THE TERMS OF THIS LEASE, (E) THE NON-PERFORMANCE OF ANY OF THE TERMS AND PROVISIONS OF ANY AND ALL EXISTING AND FUTURE SUBLEASES OF THE LEASED PROPERTY TO BE PERFORMED BY THE LANDLORD (LESSEE) THEREUNDER, (F) ANY AND ALL LAWFUL ACTION THAT MAY BE TAKEN BY LESSOR IN CONNECTION WITH THE ENFORCEMENT OF THE PROVISIONS OF THIS LEASE, WHETHER OR NOT SUIT IS FILED IN CONNECTION WITH SAME, OR IN CONNECTION WITH LESSEE OR GUARANTOR AND/OR ANY PARTNER, JOINT VENTURER, MEMBER OR SHAREHOLDER THEREOF BECOMING A PARTY TO A VOLUNTARY OR INVOLUNTARY FEDERAL OR STATE BANKRUPTCY, INSOLVENCY OR SIMILAR PROCEEDING, (G) WITH RESPECT TO EACH PROPERTY, (i) ENCROACHMENTS ONTO OR FROM ADJACENT PROPERTIES; (ii) VIOLATIONS OF SET-BACK, BUILDING OR SIDE LINES; (iii) ENCROACHMENTS ONTO ANY EASEMENTS OR SERVITUDES LOCATED ON SUCH PROPERTY; (iv) PENDING OR THREATENED BOUNDARY LINE DISPUTES; (v) PORTIONS OF SUCH PROPERTY LOCATED IN A FLOOD PLAIN OR IN AN AREA DEFINED AS A WETLAND UNDER APPLICABLE STATE OR FEDERAL LAW; (vi) CEMETERIES OR GRAVESITES LOCATED ON, WITHIN OR UNDER SUCH PROPERTY; OR (vii) MINE SHAFTS UNDER SUCH PROPERTY OR ANY OTHER LATENT DEFECTS, SUCH AS SINKHOLES, REGARDING OR AFFECTING SUCH PROPERTY, (H) ANY GRANTS, CONVEYANCES OR TRANSFERS OF ANY INTERESTS OR RIGHTS IN OR TO THE LEASED PROPERTY (INCLUDING, WITHOUT LIMITATION, EASEMENTS, RIGHTS-WAY, RESTRICTIONS) MADE BY LESSEE OR ANY OTHER PERSON WHICH ARE NOT APPROVED BY LESSOR PRIOR TO PLACING THE SAME OF RECORD ON THE LEASED PROPERTY, INCLUDING, WITHOUT LIMITATION, THOSE PRIOR TO THE LESSOR TAKING TITLE TO THE LEASED PROPERTY, (I) THE IMPROVEMENTS HAVING INSUFFICIENT ACCESS TO A PUBLIC RIGHT

OF WAY OR FAILING TO BE IN COMPLIANCE WITH ALL RULES, REGULATIONS AND ORDINANCES OF ALL GOVERNMENTAL AUTHORITIES HAVING JURISDICTION OVER THE IMPROVEMENTS AND THE LAND, INCLUDING, WITHOUT LIMITATION, THOSE PERTAINING TO ZONING AND PARKING, (J) ANY FAILURE ON THE PART OF LESSEE TO PERFORM OR COMPLY WITH ANY OF THE TERMS OF ANY OF THE PASS-THROUGH LEASES; (K) ANY REVERSION OF THE APPLICABLE LEASED IMPROVEMENTS UNDER ANY OF THE PASS-THROUGH LEASES TO THE "LANDLORD" OR "LESSOR" THEREUNDER; AND (L) ANY FAILURE ON THE PART OF LESSEE TO PERFORM OR COMPLY WITH ANY OF THE TERMS OF ARTICLE XLI OR THE MOB GROUND LEASES. ANY AMOUNTS WHICH BECOME PAYABLE BY LESSEE UNDER THIS ARTICLE XXII SHALL BE PAID WITHIN FIFTEEN (15) DAYS AFTER DEMAND THEREFOR BY LESSOR AND, IF NOT TIMELY PAID, SHALL BEAR A LATE CHARGE (TO THE EXTENT PERMITTED BY LAW) AT THE OVERDUE RATE FROM THE EXPIRATION OF SAID FIFTEEN (15) DAY PERIOD UNTIL THE DATE OF PAYMENT AND A LATE PAYMENT PENALTY ON SUCH AMOUNT. LESSEE, AT ITS EXPENSE, SHALL CONTEST, RESIST AND DEFEND ANY SUCH CLAIM, ACTION OR PROCEEDING ASSERTED OR INSTITUTED AGAINST LESSOR AND MAY COMPROMISE OR OTHERWISE DISPOSE OF THE SAME, SUBJECT TO THE APPROVAL OF LESSOR. NOTHING HEREIN SHALL BE CONSTRUED AS INDEMNIFYING LESSOR (I) AGAINST LESSOR'S OWN GROSSLY NEGLIGENT ACTS OR OMISSIONS OR WILLFUL MISCONDUCT OR (II) WITH RESPECT TO ANY ACTS OR OMISSIONS WHICH OCCUR AFTER THE EARLIER OF (X) SUBJECT TO ARTICLE XIX WITH RESPECT TO THE APPLICABLE LEASED PROPERTY, THE TERMINATION OR EXPIRATION OF THIS LEASE OR (Y) LESSEE'S DISPOSSESSION OF THE APPLICABLE LEASED PROPERTY IN ACCORDANCE WITH THIS LEASE.

ARTICLE XXIII.
ASSIGNMENT, SUBLETTING AND SUBLEASE SUBORDINATION

23.1. **Assignment and Subletting**.

(a) Lessee shall not assign this Lease without Lessor's prior written consent. Lessor shall not unreasonably withhold, condition or delay its consent to any assignment, *provided, that*: (i) such assignee shall assume in writing and agree to keep and perform all of the terms of this Lease on the part of Lessee to be kept and performed; and (ii) an original counterpart of the assignment, duly executed by Lessee and such assignee in form and substance reasonably satisfactory to Lessor, shall be delivered promptly to Lessor; it being understood and agreed, however, that if, in connection with any such assignment, Lessee desires that Lessor release Lessee from its obligations under this Lease, Lessor's review and approval of any assignee shall be in Lessor's sole and absolute discretion. The parties agree that Lessor's failure or refusal to approve an assignment to an assignee that does not have the operating characteristics reasonably satisfactory to Lessor shall be reasonable on its face. Notwithstanding anything contained in this Lease to the contrary, any assignment must be of all of Lessee's right, title and interest in and to this Lease and the Leased Property such that this Lease is not severed with respect to any one or more of the Properties. Notwithstanding the foregoing or anything else contained in this Lease to

the contrary, Lessee shall not collaterally assign its leasehold interest or any of its rights and interests in this Lease or the Leased Property to any lender of Lessee without the prior written consent of Lessor, which consent may be withheld in Lessor's sole discretion.

(b) Lessee shall not sublease any portion of a particular Property if such Tenant Lease would exceed Two Hundred Fifty Thousand and No/100 Dollars ($250,000.00) in annual rent without Lessor's prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed. Lessee agrees that (i) each Tenant Lease shall comply with the provisions of this Article XXIII, (ii) subject to Section 23.4, a copy of each such Tenant Lease, duly executed by Lessee and such Tenant in form and substance reasonably satisfactory to Lessor, shall be delivered promptly to Lessor, (iii) if applicable, Lessee shall obtain (at Lessee's sole cost and expense) all consents and approvals required for the sublease of any Pass-Through Lease), and (iv) Lessee shall remain primarily liable, as principal rather than as surety, for the prompt payment of the Rent and for the performance and observance of all of the obligations, covenants and conditions to be performed by Lessee hereunder (and, if applicable, under the Pass-Through Lease) and under all of the other documents executed in connection herewith. Any modifications, amendments and restatements of any Tenant Leases (but excluding renewals and extensions) hereafter entered into (other than those having less than Two Hundred Fifty Thousand and No/100 Dollars ($250,000.00) in annual rent) must be approved by Lessor in accordance with this Article XXIII. In no event shall Lessee sublease all or substantially all of any Property without Lessor's prior written consent, which may be withheld in Lessor's sole discretion.

23.2. **Sublease Limitations**. In addition to the sublease limitations as set forth in Section 23.1, above, and notwithstanding anything contained in this Lease to the contrary, Lessee shall not sublet the Leased Property on any basis such that the rental to be paid by the Tenant thereunder would be based, in whole or in part, on either (a) the income or profits derived by the business activities of the Tenant, or (b) any other formula such that any portion of the Tenant Lease rental received by Lessor would fail to qualify as "rents from real property" within the meaning of Section 856(d) of the Code, or any similar or successor provision thereto. Moreover, Lessee shall not sublet any portion of the Leased Property for a term extending beyond the Fixed Term without the express consent of Lessor. In addition, all Tenant Leases shall comply in all material respects with the Healthcare Laws, as applicable. Lessor and Lessee acknowledge and agree that all Tenant Leases entered into relating to the Leased Property, whether or not approved by Lessor, shall not, without the prior written consent of Lessor, be deemed to be a direct lease between Lessor and any Tenant. Lessee agrees that all Tenant Leases must include provisions to the effect that (i) such sublease is subject and subordinate to all of the terms and provisions of this Lease, to the rights of Lessor hereunder, and to all financing documents relating to any Facility Loan in connection with the Leased Property, (ii) in the event this Lease shall terminate or be terminated before the expiration of the Tenant Lease, the Tenant will, at Lessor's option, exercisable at any time in Lessor's discretion, attorn to Lessor and waive any right the Tenant may have to terminate the sublease or to surrender possession thereunder as a result of the termination of this Lease, (iii) in the event of a termination of this Lease with respect to all or the applicable Property, at Lessor's option, exercisable at any time in Lessor's discretion, the sublease may be terminated or left in place by Lessor, (iv) Tenant shall from time to time upon request of Lessee or Lessor furnish within twenty (20) days from request an estoppel certificate in form and content reasonably acceptable to Lessor or any Facility Lender relating to the Tenant Lease, and (v) such Tenant Lease shall at all times be subject to the obligations and requirements as set forth in this Article XXIII.

23.3. **Sublease Subordination and Non-Disturbance**.

(a) At any time during the Term, except with respect to the Existing Subleases, within twenty (20) days following written request by Lessor with respect to any Tenant, Lessee shall cause any applicable Tenant to execute and deliver to Lessor (a) an estoppel certifying such matters as Lessor may reasonably request, including, without limitation, that such Tenant Lease is unmodified and in full force and effect (or setting forth the modifications), the term and expiration thereof and the dates to which the Rent has been paid; and/or (b) a subordination, non-disturbance and attornment agreement relating to the applicable Tenant Lease, which subordination, non-disturbance and attornment agreement shall be in form mutually satisfactory to Lessor and Lessee.

(b) Within twenty (20) days from the date of request of Lessor, a Facility Lender or Lessee, with respect to any Tenant, Lessee shall use commercially reasonable efforts to cause such Tenant and Lessor shall cause such Facility Lender to enter into a written agreement in a form reasonably acceptable to such Facility Lender and such Tenant whereby (i) such Tenant subordinates the Tenant Lease and all of its rights and estate thereunder to each such mortgage or deed of trust that encumbers the Leased Property or any part thereof and agrees with each such Facility Lender that such Tenant will attorn to and recognize such Facility Lender or the purchaser at any foreclosure sale or any sale under a power of sale contained in any such mortgage or deed of trust, as the case may be, as Lessor under this Lease for the balance of the Term then remaining, subject to all of the terms and provisions of the Tenant Lease and (ii) such Facility Lender shall agree that Tenant shall not be disturbed in peaceful enjoyment of the applicable portion of the Leased Property nor shall the applicable Tenant Lease be terminated or canceled at any time, except as specified in the applicable Tenant Lease.

23.4. **Existing Subleases**. Notwithstanding anything contained herein to the contrary, Lessor and Lessee acknowledge that (a) there currently exist certain leases or subleases on the Leased Property as described on ***Exhibit E*** (collectively the "**Existing Subleases**"), (b) Lessee and not Lessor is the landlord under such Existing Sublease, and (c) to the extent that any Existing Subleases were assigned to Lessor in connection with the Transaction due to application of law, Lessor hereby assigns and Lessee hereby accepts such assignment of such Existing Subleases. Lessor hereby consents to the Existing Subleases. Any material modifications, amendments and restatements of the Existing Subleases or any Tenant Lease hereafter entered into (but excluding renewals and extensions that do not otherwise materially modify or amend the relevant Existing Sublease or Tenant Lease) must be approved by Lessor in accordance with this Article XXIII.

ARTICLE XXIV.
OFFICER'S CERTIFICATES; FINANCIAL STATEMENTS; NOTICES AND OTHER CERTIFICATES

(a) At any time and from time to time within twenty (20) days following written request by Lessor, each Facility Lessee shall furnish to Lessor an Officer's Certificate certifying that this Lease is unmodified and in full force and effect (or that this Lease is in full force and effect as modified and setting forth the modifications) and the dates to which the Rent has been paid. Any such Officer's Certificate furnished pursuant to this Article may be relied upon by Lessor and any prospective purchaser of the Leased Property.

(b) Each Facility Lessee shall furnish, or cause to be furnished, to Lessor the following statements, notices and certificates in such form and detail as Lessor may reasonably require:

(i) within the earlier of (A) one hundred twenty (120) days after the end of each year, or (B) any applicable deadline imposed by the Securities and Exchange Commission for filing thereof, audited Financial Statements of such Facility Lessee and LifePoint (which Financial Statements may be provided on a consolidated basis so long as such consolidated Financial Statements provide a supplementary schedule of such Facility Lessee's operating results and balance sheet and statements of operations and of cash flows and consolidating information reflecting material differences between LifePoint and its Subsidiaries, on the one hand, and Lima Holdco and its Subsidiaries, on the other hand) and, if such Facility Lessee owns any assets or conducts any other operations other than the Business, then of its Facility separately), prepared by a nationally recognized accounting firm or an independent certified public accounting firm reasonably acceptable to Lessor, which statements shall include balance sheets and statements of operations and of cash flows, all in accordance with GAAP for the year then ended; and

(ii) within the earlier of (A) sixty (60) days after the end of each quarter, or (B) any applicable deadline imposed by the Securities and Exchange Commission for filing thereof, current balance sheets and quarterly statements of operations (the "**Quarterly Statements**") of such Facility Lessee and LifePoint (including consolidating information reflecting material differences between LifePoint and its Subsidiaries, on the one hand, and Lima Holdco and its Subsidiaries, on the other hand), and, if such Facility Lessee owns any assets or conducts any other operations other than the Business, then of its Facility separately, and quarterly statements of cash flows from LifePoint (including consolidating information reflecting material differences between LifePoint and its Subsidiaries, on the one hand, and Lima Holdco and its Subsidiaries, on the other hand), certified to be true and correct by the principal accounting officer of LifePoint while Lima Holdco is Controlled By LifePoint (or a similarly responsible officer for any successor) and such Facility Lessee; and

(iii) within thirty (30) days after the end of each month, current balance sheets, monthly income statements and cash flows (if available or produced in the ordinary course of business) of such Facility Lessee and statistics of its Facility, including, but not limited to, the number of patient discharges, the number of inpatient days, the case mix index, the payor sources for inpatient days (by inpatient days), outpatient utilization by service (ER, non-ER), and, statements of Cash Collections for each such month; and

(iv) within thirty (30) days after the end of each calendar year, a list of the names, specialties, and ages of all active medical staff members of the Facility operated by such Facility Lessee, certified to be true and correct by an officer of such Facility Lessee; and

(v) within ten (10) days after receipt, any and all notices (regardless of form) from any and all licensing and/or certifying agencies that any license or certification, including, without limitation, the Medicare and/or Medicaid certification and/or managed care contract relating to the Facility operated by such Facility Lessee is being downgraded to a substandard category, revoked, or suspended, or that action is pending or being considered to downgrade to a substandard category, revoke, or suspend such Facility's license or certification; and

(vi) with reasonable promptness, such other information respecting the financial condition and affairs of such Facility Lessee, Lima Holdco, and their respective Subsidiaries, as Lessor may reasonably request from time to time; and

(vii) within the time period specified for delivery of the Quarterly Statements set forth in Article XXIV(b)(ii), the written calculation (and supporting materials) (in form reasonably acceptable to Lessor) of the Consolidated Net Income and EBITDAR of Lima Holdco and its Subsidiaries for such quarter, on a consolidated basis, certified to be true and correct by the principal accounting officer of LifePoint while Lima Holdco is Controlled By LifePoint (and a similarly responsible officer for any successor) and such Facility Lessee.

(c) Upon Lessor's request, each Facility Lessee and Lima Holdco shall furnish to Lessor a certificate in form reasonably acceptable to Lessor certifying that no Event of Default then exists and to Lessee's knowledge no event has occurred (that has not been cured) and no condition currently exists that would, but for the giving of any required notice or expiration of any applicable cure period, constitute an Event of Default, or disclosing that such an event or condition, if any, exists.

(d) Within five (5) Business Days after receipt, each Facility Lessee shall furnish to Lessor copies of all written notices and demands from any third-party payor, including, without limitation, Medicare and/or Medicaid, concerning any overpayment which will or could reasonably be expected to require a repayment or a refund in excess of Three Million and No/100 Dollars ($3,000,000.00) with respect to such Facility Lessee.

(e) Each Facility Lessee shall furnish to Lessor prompt written notice of, and any information related to, any governmental investigations of such Facility Lessee or the Guarantor (or any of its Subsidiaries), or any inspections or investigations of the Facility operated by such Facility Lessee which are conducted by the United States Attorney, State Attorney General, the Office of the Inspector General of the Department of Health and Human Services, or any other Governmental Body, and provide to Lessor, on a monthly basis, ongoing status reports (in form and content acceptable to Lessor) of any such government investigations;

(f) Each Facility Lessee shall furnish to Lessor within five (5) Business Days after receipt thereof copies of all pre-termination notices from Medicare and/or Medicaid, all notices of adverse events or deficiencies as defined by the regulations and standards of the state Medicare and/or Medicaid certification agency, the Joint Commission (formerly known as the Joint Commission on the Accreditation of Healthcare Organizations) (the "**Joint Commission**") or the equivalent accrediting body relied upon by such Facility Lessee in the operation of the Facility operated by such Facility Lessee or any part thereof, except if any termination, adverse event or deficiency referenced in such notice would not result in a material adverse effect on Lessee, the Properties and the Business taken as a whole.

(g) With respect to each Facility, such Facility Lessee shall furnish to Lessor promptly upon receipt thereof copies of all notices that such Facility Lessee, the Guarantor or their respective Subsidiaries are not, with respect to such Facility, in compliance with the Standards for Privacy of Individually Identifiable Health Information and the Transaction and Code Set Standards which were promulgated pursuant to HIPAA.

(h) Each Facility Lessee shall provide to Lessor prompt written notice of any monetary or material non-monetary default or event of default with respect to any Material Obligation of such Facility Lessee or the Guarantor and, upon Lessor's request, such Facility Lessee or the Guarantor shall furnish to Lessor a certificate in form reasonably acceptable to Lessor certifying that, with respect to each Material Obligation, no monetary or material non-monetary event of default or, to such Facility Lessee or Guarantor's knowledge, monetary or material non-monetary default, then exists thereunder.

(i) Lessor reserves the right to require such other financial information from Lessee at such other times as it shall deem reasonably necessary. All financial statements and information must be in such form and detail as Lessor shall from time to time, but not unreasonably, request.

(j) As to any information provided by any Facility Lessee to Lessor pursuant to this Article XXIV ("**Proprietary Information**"), neither Lessor, or its agents, representatives, employees, partners, members, officers or directors will disclose any Proprietary Information unless prior consent to such disclosure is obtained from Lessee, which consent may be withheld, conditioned or delayed at Lessee's sole discretion. Lessor shall hold in strict confidence and shall disclose Proprietary Information only to Lessor's employees, agents, attorneys, accountants, consultants, investors, potential investors, lenders, potential lenders, purchasers, potential purchasers and service providers who have a reason to know such Proprietary Information in order to assist Lessor. Neither Lessor nor any of its employees, agents, attorneys, accountants, consultants, investors, potential investors, lenders, potential lenders, purchasers, potential purchasers, or service providers shall disclose Proprietary Information to any other person or entity except in connection with any tax, regulatory, or loan securitization obligations or use Proprietary Information for its or their benefit or for any purpose not expressly agreed upon in writing by Lessee. The obligation hereunder to maintain the confidentiality of Proprietary Information shall not apply to any Proprietary Information which (i) is disclosed in a printed publication available to the public or is otherwise in the public domain through no act of the party to whom the Proprietary Information has been provided, (ii) is approved for release by written authorization of an officer of the party to whom the Proprietary Information belongs or (iii) is required to be

disclosed by proper order of a court of competent jurisdiction after adequate notice to the party to whom the Proprietary Information belongs in order to allow that party to seek a protective order therefor.

ARTICLE XXV.
INSPECTIONS

Upon reasonable prior written notice, Lessee shall permit Lessor, or its designated Affiliate, and their respective authorized representatives to inspect the Leased Property during usual business hours subject to any security, health, safety or confidentiality requirements of Lessee, any governmental agency, any Insurance Requirements relating to the Leased Property, or imposed by law or applicable regulations, except that, in the event of an emergency, Lessor shall have the right to inspect the Leased Property upon reasonable notice (which in this circumstance may be verbal) under the circumstances to Lessee.

ARTICLE XXVI.
NO WAIVER

Any provision of this Lease or Exhibits hereto may be amended or waived only in a writing signed by the parties hereto. No waiver of any provision hereunder or any breach or default thereof shall extend to or affect in any way any other provision or prior or subsequent breach or default.

ARTICLE XXVII.
REMEDIES CUMULATIVE

To the extent permitted by law, each legal, equitable or contractual right, power and remedy of Lessor or Lessee now or hereafter provided either in this Lease or by statute or otherwise shall be cumulative and concurrent and shall be in addition to every other right, power and remedy and the exercise or beginning of the exercise by Lessor or Lessee of any one or more of such rights, powers and remedies shall not preclude the simultaneous or subsequent exercise by Lessor or Lessee of any or all of such other rights, powers and remedies.

ARTICLE XXVIII.
SURRENDER

No surrender to Lessor of this Lease or of the Leased Property, or of any part thereof or interest therein, shall be valid or effective unless agreed to and accepted in writing by Lessor, and no act by Lessor or any representative or agent of Lessor, other than such a written acceptance by Lessor, shall constitute an acceptance of any such surrender.

ARTICLE XXIX.
NO MERGER OF TITLE

There shall be no merger of this Lease or of the leasehold estate created hereby by reason of the fact that the same person, firm, corporation or other entity may acquire, own or hold, directly or indirectly, (a) this Lease or the leasehold estate created hereby or any interest in this Lease or such leasehold estate and (b) the fee estate in the Leased Property.

ARTICLE XXX.
TRANSFERS BY LESSOR; SEVERANCE RIGHTS

30.1. **Transfers by Lessor**. Lessee acknowledges that Lessor may sell its interest in the Leased Property in whole or in part, and that Lessor may assign its interest in this Lease in whole or in part, in any such case, without Lessee's prior written consent or approval. If Lessor or any successor owner of any Property shall convey such Property in accordance with the terms hereof, other than as security for a debt, the grantee or transferee of such Property shall expressly assume all obligations of Lessor hereunder arising or accruing from and after the date of such conveyance or transfer, and Lessor or such successor owner, as the case may be, shall thereupon be released from all future liabilities and obligations of Lessor under this Lease relating to such Property arising or accruing from and after the date of such conveyance or other transfer and all such future liabilities and obligations shall thereupon be binding upon the new owner. Lessee agrees that any successor purchaser may exercise any and all rights of Lessor; *provided, however*, such successor purchaser shall be subject to the same restrictions imposed upon Lessor hereunder. Subject to the execution by a prospective purchaser of a written confidentiality agreement on terms reasonably acceptable to Lessee, Lessor may divulge to any such prospective purchaser all information, reports, financial statements, certificates and documents obtained by it from Lessee (including all such information and documents relating to the Guarantor).

30.2. **Severance Rights**. Notwithstanding the unitary nature of this Lease, Lessor may at any time and from time to time, cause this Lease to be severed with respect to any one or more of the Properties (each, a "**Severed Property**"). If Lessor shall desire to sever this Lease pursuant to this Section 30.2, Lessor shall deliver written notice (each, a "**Severance Notice**") to Lessee not less than thirty (30) days prior to the date that this Lease shall be severed with respect to the Severed Property or Severed Properties identified in the Severance Notice (such date identified in a Severance Notice, a "**Severance Date**"). The Severance Notice shall specify the Severed Property and the Severance Date. Effective upon a Severance Date, the applicable Severed Property shall no longer be part of the Leased Property under this Lease and such Severed Property shall be deemed to be and shall be leased by Lessor to Lessee for the amount of Rent allocable to such Severed Property pursuant to a separate lease (a "**Severed Lease**") upon the same terms and conditions as provided in this Lease (except for such provisions as by their terms are not applicable to such Severed Property); it being agreed, however, that the liability of the applicable lessor under the Severed Lease shall be limited to such lessor's interest in the Severed Property. The portion of the Base Rent allocable to the Severed Property shall be the Allocated Base Rent for such Severed Property. Effective upon the Severance Date, (a) the Rent payable with respect to each Severed Property shall no longer be payable by Lessee under this Lease and shall instead be payable under the Severed Lease applicable to such Severed Property, and (b) the parties shall enter into the Severed Lease, an amendment of this Lease, an amendment of the applicable other Obligation Documents that assures that Lessor receives a guaranty of payment and performance and security deposits for both the Severed Lease and this Lease as so amended, comparable to the Guaranty and Allocated Reserve existing for such Severed Property prior to the severance (the "**Other Credit Enhancements**"), and any reasonably necessary amendment to the Intercreditor Agreement to reflect the Severed Lease. For so long as Lessor under this Lease shall be the lessor under a Severed Lease, any such Severed Lease and the related Other Credit Enhancements shall be deemed "**Obligation Documents**" for all purposes under this Lease, any Event of Default under such Severed Lease or Other Credit Enhancements shall constitute an Event of Default under this

Lease, and any Event of Default under this Lease or the other Obligation Documents shall constitute an Event of Default under such Severed Lease. Lessor will prepare the Severed Lease, the Other Credit Enhancements, the Lease amendment and, if necessary, the amendments to the other applicable Obligation Documents with respect to each Severed Property consistent with the provisions of this Section 30.2 and the parties agree to execute and deliver or cause to be executed and delivered at Lessor's sole cost (subject to Section 16.1K).

ARTICLE XXXI.
QUIET ENJOYMENT

So long as Lessee shall pay all Rent as the same becomes due and shall fully comply with all of the terms of this Lease and fully perform its obligations hereunder, Lessee shall peaceably and quietly have, hold and enjoy the Leased Property for the Term hereof, free of any claim or other action by Lessor or anyone claiming by, through or under Lessor, but subject to the Permitted Exceptions, any Facility Loan and all liens and encumbrances of record. No failure by Lessor to comply with the foregoing covenant shall give Lessee any right to cancel or terminate this Lease, or to fail to pay any other sum payable under this Lease, or to fail to perform any other obligation of Lessee hereunder. Notwithstanding the foregoing, Lessee shall have the right by separate and independent action to pursue any claim it may have against Lessor as a result of a breach by Lessor of the covenant of quiet enjoyment contained in this Article XXXI.

ARTICLE XXXII.
NOTICES

All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Lease shall be in writing and shall be deemed to have been given or delivered (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

if to Lessee:

c/o LifePoint Health, [Inc.]
330 Seven Springs Way
Brentwood, Tennessee 37027
Attn: General Counsel
Fax: [redacted]

with a copy to:

Sidley Austin LLP
787 Seventh Avenue
New York, New York 10019
Attn: [redacted]
Fax: [redacted]

with a copy to:	Waller Lansden Dortch & Davis, LLP 511 Union Street, Suite 2700 Nashville, TN 37219 Attn: [redacted] Fax: [redacted]
if to Lessor:	c/o MPT Operating Partnership, L.P. 1000 Urban Center Drive, Suite 501 Birmingham, Alabama 35242 Attn: Legal Department Fax: [redacted]
with a copy to:	Baker, Donelson, Bearman, Caldwell & Berkowitz, PC 420 20th Street North, Suite 1400 Birmingham, Alabama 35203 Attn: [redacted] Fax: [redacted]

or to such other address with respect to a party as such party notifies the other in writing as above provided.

ARTICLE XXXIII.
APPRAISAL

If it becomes necessary to determine the Fair Market Value of any Property, each party, within ten (10) Business Days following the date of the event which makes such determination necessary, shall, by notice to the other, appoint an appraiser (each of whom must be a member of the AIREA and adhere to the USPAP standards in the preparation of the appraisal). The appraisers thus appointed shall appoint a third appraiser (such third appraiser must also be a member of the AIREA and adhere to the USPAP standards in the preparation of the appraisal) and such third appraiser shall appraise such Property to determine the Fair Market Value thereof; *provided, however*, that if a party fails to appoint an appraiser within such required period, the sole appraiser appointed shall conduct the appraisal and the parties shall use commercially reasonable efforts to cause such appraisal to be completed within forty-five (45) days following the event which makes such determination necessary. This provision for determination by appraisal shall be specifically enforceable to the extent such remedy is available under applicable law, and any determination hereunder shall be final and binding upon the parties except as otherwise provided by applicable law. Except as provided in Section 15.6, Lessor and Lessee shall each pay one-half (1/2) of all costs and expenses incurred in connection with such appraisal. Any appraisal shall assess the Fair Market Value of the applicable Property or Lessee's Personal Property as of the date of the event which makes such assessment necessary.

ARTICLE XXXIV.
PURCHASE RIGHTS

34.1. **Lessor's Option to Purchase Lessee's Personal Property**. With respect to any Facility, upon prior written notice to Lessee, Lessor shall have the option to purchase all (but not

less than all) of the Facility Lessee's Personal Property relating to such Facility, if any, at the expiration or earlier termination of this Lease with respect to such Facility, for an amount equal to the then fair market value of the Lessee's Personal Property as determined by independent, third party appraisal reasonably acceptable to Lessor and Lessee, subject in all cases to, and with appropriate price adjustments for, all equipment leases, conditional sale contracts, security interests and other encumbrances to which such Lessee's Personal Property is subject. Notwithstanding anything contained in this Section 34.1 to the contrary, the options to purchase granted under this Section 34.1 do not pertain to any of the Licenses, it being understood and agreed that all matters relating to the transfer of the Licenses are addressed in Article XXXVIII.

34.2. **Lessee's First Right of Refusal**.

(a) Subject to the limitations described in Section 34.2(b) below, following the expiration of the Fixed Term and during the continuation of any Extension Terms, and so long as no Event of Default has occurred and is continuing and no event has then occurred which has not been cured and with the giving of notice or the passage of time or both would constitute an Event of Default under Section 16.1(a), Lessee shall have a first refusal option to purchase the Leased Property or Lessor's Equity Interests, as applicable, as provided herein. In the event that Lessor or its Affiliate receives a bona fide written offer during the Extension Terms from an unaffiliated third party in a letter of intent form (which offer the Lessor or its Affiliate intends to accept) to: (i) purchase the Leased Property, or (ii) acquire record ownership or direct beneficial ownership of any Equity Interests in Lessor, such that after giving effect thereto, MPT Operating Partnership, L.P. or its Affiliate shall cease to beneficially own and control at least 51% of the Equity Interests of Lessor (in each case, a "**Third Party Offer**"), then Lessor shall promptly (but in no event later than ten (10) Business Days following Lessor's delivery to Lessee of an executed letter of intent) provide Lessee with a copy of such Third Party Offer (the "**Third Party Offer Notice**") and Lessee shall have the Decision Period (as hereinafter defined) in which to confirm in writing its intention to purchase the Leased Property or the Equity Interest, as applicable, on the same terms and conditions contained in the Third Party Offer. If Lessee shall fail to provide a written response to Lessor within the Decision Period, then Lessee shall be deemed to have elected not to exercise its option and Lessor and the third party shall be entitled to proceed with the sale of the Leased Property or Equity Interests (as applicable) on the same terms as those set forth in the letter of intent, free and clear of any Lessee rights of first refusal to purchase the Leased Property or Equity Interests. As used herein, the term "**Decision Period**" shall mean the period of time commencing on the date that Lessee receives the Third Party Offer Notice and ending on the later to occur of (i) the thirtieth (30th) day immediately following the date that Lessee receives the Third Party Offer Notice, or (ii) the fifteenth (15th) day immediately following the date that the Lessor or its Affiliate enters into a binding definitive agreement accepting the Third Party Offer (the "**Binding Agreement**").

(b) If, prior to the closing of any such sale of the Leased Property or Equity Interests in accordance with the Third Party Offer, Lessor agrees to reduce the offering price set forth in the Third Party Offer to an amount which is less than ninety-eight (98%) of the original offered amount, or to modify or amend any material terms or conditions set forth in the Third Party Offer or the Binding Agreement such that they are materially more favorable to the third party purchaser than those terms and conditions initially set forth in the Third Party Offer on which the sale of the Leased Property or Equity Interests was initially offered to Lessee, then Lessor shall

give Lessee written notice thereof and all supporting documentation (the "**Revised Sale Terms**"). Lessee shall have ten (10) days after the receipt of said notice and Revised Sale Terms in which to confirm in writing its intention to purchase the Leased Property or the Equity Interest, as applicable, on the same terms and conditions contained in the Third Party Offer or Binding Agreement, as applicable and as modified by the Revised Sale Terms. If Lessee shall fail to provide a written response to Lessor within such ten (10) day time period, then Lessee shall be deemed to have elected not to exercise its option and Lessor and the third party shall be entitled to proceed with the sale of the Leased Property or Equity Interests (as applicable) free and clear of any Lessee rights of first refusal to purchase the Leased Property or Equity Interests.

(c) If Lessee exercises the foregoing option, then such purchase shall be consummated in accordance with the provisions of Article XVIII hereof to the extent not inconsistent herewith. The closing of any such purchase by the Lessee shall occur on the later of (i) the closing date specified in the Third Party Offer or Binding Agreement, as applicable, or (ii) the thirtieth (30th) day immediately following Lessor's receipt of Lessee's written confirmation of Lessee's intent to exercise its option as provided herein.

(d) In the event that such sale of the Leased Property or Equity Interests to such third party fails to close for whatever reason, Lessee shall be entitled to exercise its right of first refusal as provided in this Section 34.2 as to any subsequent Third Party Offer that occurs during the Term of this Lease, or with respect to such adjusted Third Party Offer or Binding Agreement, as applicable. In the event that Lessee shall fail to exercise its option as provided herein, and Lessor shall consummate a sale of the Leased Property or Equity Interests to such third party during the Term, then the right of first refusal as provided in this Section 34.2 shall no longer be in effect as to any subsequent sale or transfer during the Term by such third party of the Leased Property or Lessor's Equity Interests.

(e) In addition to the conditions and limitations set forth in Section 34.2(a), Lessee's first refusal option with respect to the Leased Property shall not apply to or otherwise restrict any actions, negotiations or agreements in respect of (i) the sale, transfer of other disposition of the Leased Property or the Equity Interest in Lessor to any unaffiliated third party third party prior to the expiration of the Fixed Term, (ii) the sale, transfer or other disposition of the Leased Property which constitutes a Portfolio Sale, or (iii) the sale of equity, merger, combination, sale of all or substantially all of its assets or similar transaction involving Medical Properties Trust, Inc., MPT Operating Partnership, L.P., or their respective Affiliates and any other Person in connection with a Portfolio Sale.

ARTICLE XXXV.
SUBSTITUTION RIGHTS

35.1. **Lessee's Property Substitution Right.** Subject to Lessor's prior written consent, in its sole and absolute discretion, and further subject to satisfaction of the conditions precedent set forth in Section 35.2 and to all other terms and conditions hereof, Lessee may request that Lessor substitute one (1) Property (such Property, an "**Eliminated Property**"), a Substitute Property, for any commercially reasonable business purpose, including in connection with any default or Event of Default (a "**Property Substitution**").

35.2. **Conditions Precedent to Lessee's Property Substitution Right**. The right of Lessee to effect a Property Substitution is subject to satisfaction by Lessee, or waiver by Lessor, in its sole and absolute discretion, of each of the following:

(a) Lessee shall have given Lessor notice of such proposed Property Substitution not less than sixty (60) days prior to the proposed Property Substitution Date. Any notice from Lessee to Lessor concerning a proposed Property Substitution shall include the following (each of which must be satisfactory to Lessor, in its sole and absolute discretion):

(i) notice of the Property Substitution Date proposed by Lessee and Lessee's Affiliate proposed to be the operator of the Substitute Property;

(ii) the Fair Market Value of the Substitute Property is not less than the Fair Market Value of such Eliminated Property, as determined in the good faith, reasonable discretion of Lessor;

(iii) a title insurance commitment from a title insurance company of recognized standing undertaking to issue to Lessor or its designee, at Lessee's expense, an ALTA Owner's extended coverage policy of title insurance with respect to the proposed fee real property interests included in the Substitute Property and in the amount of the Fair Market Value thereof, confirming that upon conveyance thereof to Lessor or its designee, such transferee will hold good and marketable title to the proposed Substitute Property, free and clear of title defects, liens, encumbrances and burdens which are not acceptable to such transferee in its sole discretion;

(iv) a written Phase I Environmental Assessment (and if necessary, a Phase II Assessment) of the proposed Substitute Property, prepared by an environmental consulting firm reasonably acceptable to Lessor not more than one hundred twenty (120) days prior to the proposed Property Substitution Date;

(v) a current as-built survey of the real property included in the proposed Substitute Property;

(vi) an engineering and architectural inspection of the buildings and other improvements included in the proposed Substitute Property prepared by an engineering firm reasonably acceptable to Lessor not more than one hundred twenty (120) days prior to the proposed Property Substitution Date, confirming that the proposed Substitute Property is in a good and safe condition and does not require modifications or repairs costing more than Two Percent (2%) of the Fair Market Value thereof during the first (1st) twelve (12) months after the effective date of such Property Substitution;

(vii) a list of all material leases and contracts pertaining to the proposed Substitute Property, together with copies of any such agreements which have a term of more than one (1) year or which involve payment of consideration in excess of Fifty Thousand and No/100 Dollars ($50,000) in any twelve (12) month period;

(viii) a list of all material accreditations, permits, authorizations and approvals of accreditation agencies and federal, state and local agencies pertaining to the proposed Substitute Property and to the Hospital location and related facilities located and operated thereon, together with copies of all such accreditation, permits, authorizations and approvals;

(ix) a copy of the most recent Joint Commission survey of the Hospital location operated on the proposed Substitute Property; and

(x) financial information concerning the Substitute Property sufficient to demonstrate the financial performance of the Substitute Property either (A) in form and level of detail acceptable to Lessor in its sole and absolute discretion, or (B) if Lessee's Affiliate shall have operated the Substitute Property for at least the preceding two (2) fiscal years, presented in a form and level of detail reasonably acceptable to Lessor; and

(b) the proposed Substitute Property shall have a Fair Market Value of no less than the Fair Market Value of the Eliminated Property, as determined in the good faith, reasonable discretion of Lessor.

35.3. **Procedures for Property Substitution**. On the Property Substitution Date, Lessee and Lessor and/or their respective applicable Affiliates shall take the following actions:

(a) Lessee and Lessor will execute instruments in mutually agreeable form (i) terminating the Lease with respect to the Eliminated Property, except for such obligations which expressly survive any such termination, and adding such Substitute Property to the Leased Property under this Lease;

(b) Lessor will convey the Eliminated Property to Lessee or its designee on an "as is" and "where is" basis in the manner and on the terms set forth in Article XVIII;

(c) Lessee or its Affiliate will convey the Substitute Property to Lessor or its Affiliate by special warranty deed, which conveyance will be accompanied by ALTA Owner's title insurance policy as contemplated by Section 35.2(a)(iii) above; and

(d) Lessee, its Affiliates and the Guarantor shall deliver to Lessor the Other Credit Enhancements as shall be necessary to provide Lessor with the security and credit enhancements comparable, in Lessor's reasonable discretion, to those provided in the other Obligation Documents which pertain to the Substitute Lease.

As soon as practicable after the Property Substitution Date, Lessee will reimburse Lessor and its Affiliates for all documented, out-of-pocket expenses incurred by Lessor and its Affiliates in connection with such Property Substitution.

ARTICLE XXXVI.
FINANCING OF THE LEASED PROPERTY

Lessor agrees that, if it grants or creates any mortgage, lien, encumbrance or other title retention agreement ("**Liens**") upon any Property after the applicable Commencement Date, Lessor will obtain an agreement from the holder of each such Lien whereby such holder agrees (a) to give the Facility Lessee which operates such Property the same notice, if any, given to Lessor of any default or acceleration of any obligation underlying any such Lien or any sale in foreclosure of such Lien, (b) to permit such Facility Lessee, after twenty (20) days' prior written notice, to cure any such default on Lessor's behalf within any applicable cure period, (c) to permit such Facility Lessee to appear with its representatives and to bid at any foreclosure sale with respect to any such Lien, (d) that, if subordination by such Facility Lessee is requested by the holder of each such Lien, to enter into an agreement with such Facility Lessee containing the provisions described in Article XXXVII, and (e) to execute and deliver to such Facility Lessee a written agreement consenting to this Lease and agreeing that, notwithstanding any such other Facility Instrument or any default, expiration, termination, foreclosure, sale, entry or other act or omission thereunder, such Facility Lessee shall not be disturbed in peaceful enjoyment of such portion of the Leased Property nor shall this Lease be terminated or canceled at any time, except in accordance with Article XVI as a result of an Event of Default. No Facility Lessee shall be subordinated to the holder of a Lien unless both conditions of clause (d) and (e) above are met.

ARTICLE XXXVII.
SUBORDINATION AND NON-DISTURBANCE

At the request from time to time by one or more Facility Lenders with respect to any Facility Lessee, within twenty (20) days from the date of request, such Facility Lessee shall execute and deliver within such twenty (20)-day period, to such Facility Lender, an estoppel certificate along with a written agreement in form and content reasonably acceptable to such Facility Lender and Facility Lessee whereby, as to any Property of such Facility Lessee encumbered by a Facility Instrument of such Facility Lender, such Facility Lessee subordinates this Lease and all of its rights and estate hereunder to each such Facility Instrument and agrees with each such Facility Lender that such Facility Lessee will attorn to and recognize such Facility Lender or the purchaser at any foreclosure sale or any sale under a power of sale contained in any such Facility Instrument, as the case may be, as Lessor under this Lease with respect to such Property for the balance of the Term then remaining, subject to all of the terms and provisions of this Lease; *provided, however*, that each such Facility Lender simultaneously executes and delivers to such Facility Lessee a written agreement in form and content reasonably acceptable to such Facility Lender and Facility Lessee consenting to this Lease and agreeing that, notwithstanding any such other mortgage, deed of trust, right, title or interest, or any default, expiration, termination, foreclosure, sale, entry or other act or omission under, pursuant to or affecting any of the foregoing, such Facility Lessee shall not be disturbed in peaceful enjoyment of such Property nor shall this Lease be terminated or canceled at any time, except as a result of an Event of Default.

ARTICLE XXXVIII.
LICENSES

38.1. **Maintenance of Licenses**. With respect to each Facility, each Facility Lessee (a) shall maintain at all times during the Term and any holdover period, (i) the Operating Agreements, (ii) the Participation Agreements and (iii) all applicable federal, state and local governmental licenses, approvals, qualifications, variances, certificates of need, franchises, accreditations, certificates, certifications, consents, permits and other authorizations and contracts, necessary for the operation of the Facility operated by such Facility Lessee for the Primary Intended Use or required for certification or participation under Medicare or Medicaid (the items described in this subsection (iii), collectively, the "**Licenses**") (*provided, however*, no Facility Lessee shall be required to maintain any Operating Agreements or Participation Agreements unless such agreements are required for participation in Medicare and Medicaid programs and/or required for the maintenance of federal, state and local licenses); (b) shall remain in substantial compliance with all state and federal laws, rules, regulations and procedures with regard to the operation of the Facility operated by such Facility Lessee, including, without limitation, HIPAA and the regulations promulgated by the State Regulatory Authorities, as applicable for each such Facility, as they may from time to time exist; and (c) shall operate the Facility operated by such Facility Lessee in a manner substantially consistent with quality acute care services and sound reimbursement principles under the Medicare and/or Medicaid programs and as required under state and federal law.

38.2. **No Transfers or Alterations of Licenses**. Except in connection with a permitted assignment of this Lease, Lessee covenants and agrees that during the Term it shall not, without the prior written consent of Lessor, which consent shall not be unreasonably withheld, conditioned or delayed: (a) sell, move, modify (including, without limitation, the establishment of a "provider based" network or similar arrangement), cancel, surrender, transfer, assign, sell, relocate, pledge, secure, convey or in any manner encumber any License necessary for the operation of the Facility for the Primary Intended Use, or (b) effect or attempt to effect any change in the license category or status of any Facility or any part thereof.

38.3. **Notifications; Corrective Actions**. Each Facility Lessee shall notify Lessor in writing within five (5) Business Days after such Facility Lessee's receipt of any notice, action, proceeding or inquiry of any governmental agency, bureau or other authority, whether federal, state or local, of any kind, nature or description, which could adversely affect any material License for the Facility operated by such Facility Lessee, or the ability of such Facility Lessee to maintain its status as the licensed and accredited operator of such Facility, or which alleges any material noncompliance with any law. At the time of delivery of such notification to Lessor, such Facility Lessee shall furnish Lessor with a copy of any and all such notices or inquiries. Each Facility Lessee shall act diligently to correct any deficiency or deal effectively with any "adverse action" or other proceedings, inquiries or other governmental actions, so as to maintain the Licenses and Medicare and/or Medicaid certification, status for the Facility operated by such Facility Lessee in good standing at all times. No Facility Lessee shall agree to any settlement exceeding Four Million and No/100 Dollars ($4,000,000.00) or other action with respect to such proceedings or inquiries which affects the use of all or any portion of the Leased Property or any part thereof for the Primary Intended Use without the prior written consent of Lessor, which consent shall not be unreasonably conditioned or delayed.

38.4. **Termination of Lease**. UPON THE TERMINATION OF THIS LEASE OR LESSEE'S RIGHT OF POSSESSION HEREUNDER WITH RESPECT TO ANY ONE OR MORE PROPERTIES (ASSUMING LESSEE DOES NOT PURCHASE THE LEASED PROPERTY AS PROVIDED HEREIN), WITHOUT ANY ADDITIONAL CONSIDERATION TO ANY FACILITY LESSEE, THE APPLICABLE FACILITY LESSEE SHALL, FOR REASONABLE PERIODS OF TIME AFTER SUCH TERMINATION, USE ITS BEST EFFORTS TO FACILITATE AN ORDERLY TRANSFER OF THE OPERATION AND OCCUPANCY OF SUCH PROPERTY TO LESSOR OR ITS DESIGNEE, AND SUCH COOPERATION SHALL INCLUDE, WITHOUT LIMITATION, (1) SUCH FACILITY LESSEE'S EXECUTION AND SUBMISSION TO THE APPROPRIATE AUTHORITY OF ANY AND ALL DOCUMENTS REQUIRED TO EFFECT THE TRANSFER, ISSUANCE OR ASSIGNMENT TO LESSOR OR ITS DESIGNEE OF ANY AND ALL LICENSES, INCLUDING ALL MEDICARE AND MEDICAID PROVIDER NUMBERS AND PROVIDER AGREEMENTS, (2) SUCH FACILITY LESSEE'S MAINTENANCE OF THE EFFECTIVENESS OF ANY AND ALL SUCH LICENSES UNTIL SUCH TIME AS ANY NEW LICENSES NECESSARY FOR ANY NEW LESSEE OR OPERATOR TO OPERATE THE FACILITY OPERATED BY SUCH FACILITY LESSEE HAVE BEEN ISSUED, AND (3) THE TAKING OF SUCH OTHER ACTIONS AS REASONABLY REQUESTED BY LESSOR OR REQUIRED BY APPLICABLE LAW; IT BEING UNDERSTOOD AND AGREED THAT THE PERFORMANCE OR EXERCISE OF ANY OF THE FOREGOING RIGHTS, REMEDIES, DUTIES AND OBLIGATIONS SHALL BE WITHOUT ANY ADDITIONAL CONSIDERATION TO SUCH FACILITY LESSEE.

38.5. **Material Condition of Lease**. IT IS AN INTEGRAL CONDITION OF THIS LEASE, AND A MATERIAL INDUCEMENT TO LESSOR'S AGREEMENT TO ENTER INTO THIS LEASE, THAT EACH FACILITY LESSEE ACKNOWLEDGES AND AGREES TO COOPERATE WITH AND ASSIST LESSOR AND/OR ITS DESIGNEE IN CONNECTION WITH ANY TRANSFER OF THE LICENSES OR THE OPERATIONS OF THE FACILITIES IN ACCORDANCE WITH THIS ARTICLE XXXVIII, INCLUDING, WITHOUT LIMITATION, IN CONNECTION WITH A TERMINATION OF THIS LEASE OR REMOVAL OF LESSEE FROM POSSESSION OF ONE OR MORE PROPERTIES IN THE MANNER SET FORTH IN SECTION 38.4 ABOVE, WHICH COOPERATION AND ASSISTANCE SHALL BE WITHOUT ANY ADDITIONAL CONSIDERATION TO LESSEE.

ARTICLE XXXIX.
MISCELLANEOUS

39.1. **General**. If any term or provision of this Lease or any application thereof shall be invalid or unenforceable, the remainder of this Lease and any other application of such term or provision shall not be affected thereby. If any late charges provided for in any provision of this Lease are based upon a rate in excess of the maximum rate permitted by applicable law, the parties agree that such charges shall be fixed at the maximum permissible rate. All the terms and provisions of this Lease shall be binding upon and inure to the benefit of the parties and their respective successors and assigns (subject to Article XXIII); *provided, however*, that (a) this Lease shall not inure to the benefit of any assignee pursuant to an assignment which violates the terms of this Lease and (b) neither this Lease nor any other document or agreement contemplated under this Lease shall be deemed to confer upon any Person not a party to this Lease any rights or

remedies contained in this Lease. The headings in this Lease are for convenience of reference only and shall not limit or otherwise affect its meaning.

39.2. **Bankruptcy Waivers**.

(a) **Unitary and Non-Severable Lease**. The parties agree that for the purposes of any assumption, rejection or assignment of this Lease under 11 U.S.C. Section 365 or any amendment or successor section thereof, this is one indivisible and non-severable lease dealing with and covering one legal and economic unit which must be assumed, rejected or assigned as a whole with respect to all (and only all) the Leased Property covered hereby.

(b) **Relief from Stay**. Lessee acknowledges and agrees that in the event any Lessee or any Leased Property relating to any Facility shall become the subject of any bankruptcy or insolvency estate, then (i) Lessee shall not oppose any request by Lessor to obtain an order from the court granting relief from the automatic stay pursuant to Section 362 of the Bankruptcy Code so as to permit the exercise of all rights and remedies pursuant to this Lease, and (ii) the occurrence or existence of any Event of Default under this Lease shall, in and of itself, constitute "cause" for relief from the automatic stay pursuant to the provisions of Section 362(d)(1) of the Bankruptcy Code, based on the fact that the non-existence of a bankruptcy proceeding was a material inducement for the entry by Lessor into this Lease.

(c) **Automatic Stay**. Lessee hereby waives the stay imposed by 11 U.S.C. Section 362(a) as to actions by the Lessor against each Facility. Lessee acknowledges and agrees that in the event of the filing of any voluntary or involuntary petition in bankruptcy by or against Lessee, it shall not assert or request that any other party assert that the automatic stay provided by Section 362 of the Bankruptcy Code shall operate or be interpreted to stay, interdict, condition, reduce or inhibit the ability of Lessor to enforce any rights or remedies held by virtue of the Lease or applicable law.

(d) **Patient Care Ombudsman**. Lessee hereby agrees (i) to use its reasonable efforts to contest the necessity of the appointment of a Patient Care Ombudsman for such Facility as that term is defined in 11 U.S.C. Section 333, and/or (ii) to join with Lessor in requesting a waiver of or contesting the appointment of such a Patient Care Ombudsman.

39.3. **Lessor's Expenses**. In addition to the other provisions of this Lease, including, without limitation, Section 16.2 hereof, Lessee agrees and shall pay and/or reimburse Lessor and its Affiliates' reasonable documented, out-of-pocket costs and expenses, including, without limitation, the costs and expenses of reports and investigations and reasonable legal fees and expenses attributable to an Event of Default and Lessor's pursuing the rights and remedies provided herein and under applicable law, incurred or resulting from or relating to (a) requests by Lessee for approval or consent under this Lease or any other Obligation Document (including any consents relating to any intercreditor issues which arise in connection with any Material Obligations), (b) any circumstances or developments which give rise to Lessor or its Affiliates' right of consent or approval under this Lease or any other Obligation Document, (c) circumstances resulting from any action or inaction by Lessee contrary to the lease provisions, (d) a request for changes, including, but not limited to, (i) the permitted use of the Leased Property, (ii) alterations and improvements to the Leased Improvements, (iii) subletting or assignment, and (iv) any other

changes in the terms, conditions or provisions of this Lease or any other Obligation Document, and (e) enforcement by Lessor or its Affiliates of any of the provisions of this Lease or any other Obligation Document. Such expenses and fees shall be paid by Lessee within thirty (30) days of the submission of a statement for the same or such amount(s) shall be subject to a late charge computed at the Overdue Rate from the expiration of said thirty (30) day period to the date of payment, plus a Late Payment Penalty with respect to such unpaid amount.

39.4. **Entire Agreement; Modifications**. This Lease, together with all exhibits, schedules and the other documents referred to herein, embody and constitute the entire understanding between the parties with respect to the transactions contemplated herein, and all prior and contemporaneous agreements, understandings, representations and statements (oral or written) are merged into this Lease. Neither this Lease, any exhibit or schedule attached hereto, nor any provision hereof or thereof may be modified or amended except by an instrument in writing signed by Lessor and Lessee.

39.5. **Lessor Securities Offering and Filings**. Notwithstanding anything contained herein to the contrary, Lessee shall, at Lessor's sole costs and expense, cooperate with Lessor in connection with any securities offerings and filings, or Lessor's efforts to procure or maintain financing for, or related to, the Leased Property, or any portion thereof and, in connection therewith, Lessee shall furnish Lessor, in a timely fashion, with such financial and other information (including audited financial statements and consents of auditors) as Lessor shall reasonably request; *provided that* Lessee shall under no circumstances be required to provide (i) any internally prepared reports, (ii) attorney-client privileged communications and work product, or (iii) information subject to a written confidentiality obligation or otherwise restricted by agreement or law from delivery. Lessor shall reimburse the Lessee for any and all reasonable incremental costs (i.e., reasonable costs not otherwise incurred by the Lessee with respect to the normal preparation of such financial statements for other purposes) incurred in furnishing, or causing its accountants to furnish, such financial statements and consents. Lessor may disclose that Lessor has entered into this Lease with Lessee and may provide and disclose information regarding this Lease, Lessee, the Guarantor, the Leased Property and each Facility, and such additional information which Lessor may reasonably deem necessary, to its proposed investors in such public offering or private offering of securities, or any current or prospective lenders with respect to such financing, and to investors, analysts and other parties in connection with earnings calls and other normal communications with investors, analysts, and other parties. Upon reasonable advance notice, Lessor, its legal and financial representatives, and any lender providing financing for all or any portion of the Leased Property (each, a "**Requesting Party**") shall have the right, subject to the execution of a written confidentiality agreement on terms reasonably acceptable to Lessor, such lender and Lessee, to access, examine and copy all agreements, records, documentation and information relating to Lessee, the Guarantor, and such Leased Property, and to discuss such affairs and information with the officers, employees and independent public accountants of Lessee; *provided, however*, that (a) such access or furnishing of information shall be conducted during normal business hours, under the supervision of the Lessee, and in such a manner as to not unreasonably disrupt the normal operations of the Property, (b) Lessee is not under any obligation to disclose to the Requesting Party any information, the disclosure of which is restricted by contract or applicable Law or would result in the waiver of any attorney-client privilege. The additional costs of Lessee in complying with the foregoing shall be reimbursed to Lessee by Lessor.

39.6. **Non-Recourse as to Parties**.

(a) Anything contained herein to the contrary notwithstanding, any claim based on, or in respect of, any liability of Lessor under this Lease shall be enforced only against the Leased Property and any proceeds therefrom and not against any other assets, properties or funds of (i) Lessor, (ii) any director, officer, general partner, member, shareholder, limited partner, beneficiary, employee, representative, contractor or agent of Lessor or any of its Affiliates (collectively, the "**Lessor Parties**") (or any legal representative, heir, estate, successor or assign of Lessor or any of the Lessor Parties), (iii) any predecessor or successor partnership or corporation (or other entity) of Lessor or any of the Lessor Parties, either directly or through Lessor or the Lessor Parties, or (iv) any person or entity affiliated with any of the foregoing.

(b) Anything contained herein to the contrary notwithstanding, any claim based on, or in respect of, any liability of Lessee under this Lease shall be enforced only against Lessee or the Guarantor and not against (i) any director, officer, general partner, member, shareholder, limited partner, beneficiary, employee, representative, contractor or agent of Lessee, any Permitted Holder or any of their respective Affiliates other than the Guarantor (collectively, the "**Lessee Parties**") (or any legal representative, heir, estate, successor or assign of any Lessee or any of the Lessee Parties), (ii) any predecessor or successor partnership or corporation (or other entity) of any Lessee or any of the Lessee Parties, either directly or through any Lessee or the Lessee Parties or (iii) any person or entity affiliated with any of the foregoing. In no event shall Lessor, any Lessee, any of the Lessor Parties or any of the Lessee Parties be liable for indirect, incidental, consequential, special, punitive or exemplary damages, regardless of the form of action, whether in contract, tort or otherwise, and even if such party has been advised of the possibility of such damages.

39.7. **Covenants, Restrictions and Reciprocal Easements**. Subject to the Pass-Through Leases (as applicable) and Lessee's consent, which consent shall not be unreasonably withheld, conditioned, or delayed, and notwithstanding anything herein to the contrary, Lessor shall have the right, but not the obligation, to place of record all covenants, restrictions and reciprocal easements on all or any portion of the Land (collectively, the "**Declarations**") which Lessor deems reasonably necessary for the ownership of any Property, with such Declarations to be in form and content acceptable to Lessor, in its reasonable discretion, and Lessee, whose consent shall not be unreasonably withheld, conditioned, or delayed.

39.8. **Force Majeure**. Except for Rent and other monetary obligations payable pursuant to the terms of this Lease (which shall not be extended or excused), in the event that Lessor or Lessee shall be delayed, hindered in or prevented from the performance of any act required under this Lease by reason of strikes, lockouts, labor troubles, or other industrial disturbances, inability to procure materials, failure of power, unavailability of any utility service, restrictive governmental laws or regulations, acts of public enemies, war, blockades, riots, insurrections, earthquakes, fires, storms, floods, civil disturbances, weather-related acts of God, failure to act, or default of another party, or other reason beyond Lessor's or Lessee's control (individually "**Force Majeure**"), then performance of such act shall be excused for the period of the delay, and the period of the performance of any such act shall be extended for a period equivalent to the period of such delay. Within ten (10) Business Days following the occurrence of Force Majeure, the party claiming a

delay due to such event shall give written notice to the other setting forth a reasonable estimate of such delay.

39.9. **Management Agreements**. Lessee shall not engage, terminate, remove, or replace any Management Agreement without Lessor's prior written consent, which consent shall be in Lessor's sole discretion; *provided, however*, that notwithstanding the foregoing, (A) Lessee may, without Lessor's consent, enter into any Management Agreement so long as, at Lessee's sole cost and expense, the applicable Management Company is a Qualified Manager, and (B) Lessee may, without Lessor's consent, terminate any Management Agreement so long as, at Lessee's sole cost and expense, (i) the replacement Management Company is a Qualified Manager engaged pursuant to a replacement Management Agreement, and (ii) the replacement Management Agreement is entered into concurrently with the termination of the prior Management Agreement. At the request of Lessor from time to time, Lessee and any Management Company shall execute and deliver a subordination agreement relating to any Management Agreement, which shall be in substantially the form attached to this Lease as ***Exhibit G***, within ten (10) Business Days after Lessor's request. Lessee shall also require any Management Company to execute and deliver to Lessor within ten (10) Business Days after Lessor's request an estoppel certificate, as required by Lessor and/or any Facility Lender, in such form and content as is reasonably acceptable to Lessor and/or such Facility Lender.

39.10. **Lessee Non-Competition**.

(a) Each Facility Lessee agrees that while the Lease remains in effect and, if such Lease is terminated due to an Event of Default by Lessee, then for a period of three (3) years thereafter (the "**Noncompete Period**"), no Facility Lessee shall, directly or indirectly, acquire, finance, guarantee indebtedness, own, lease, manage, develop or provide services in connection with the acquisition, ownership, operation or development of any real estate located within ten (10) miles of any point on or within any Property, which real estate is used in a Competing Business (other than, for the avoidance of doubt, a Permitted Activity) (a "**Restricted Activity**"), *provided, however,* that the restrictions in this Section 39.10 shall not apply to real estate described on Exhibit H hereto (the "**Non-Core Real Estate**") with respect to Restricted Activities in which any Facility Lessee is performing, conducting or otherwise involved as of the date hereof or otherwise reasonably related to the divestiture of such Non-Core Real Estate. Any violation of the provisions of this Section 39.10 shall suspend and toll the Noncompete Period for the duration of such violation. The term "**Competing Business**" means any healthcare business which involves the operation of a facility other than on the Leased Property in which general acute care services, long term care services, rehabilitation or skilled nursing services are provided; *provided, however*, that the foregoing shall not prohibit any Facility Lessee from conducting, performing or otherwise being involved in any Restricted Activity that will not as of the time such Restricted Activity is commenced have a material and adverse effect on the relevant Market of the effected Facility or the ability of any Facility Lessee to perform its obligations under this Lease, all as determined in the reasonable discretion of Lessor (a "**Permitted Activity**"). The term "**Market**" shall mean with respect to: (a) any of the Johnstown Facility, the Meyersdale Facility, the Hastings Facility, or the Roaring Springs Facility, the business conducted by all such Facilities taken together as a single market, (b) any of the Lander Facility or the Riverton Facility, the business conducted by all such Facilities taken together as a single market, and (c) with respect to any other Facility, the business conducted by such Facility as a single market.

(b) Lessee agrees that the restrictions contained herein are reasonable and necessary to protect the legitimate interests of Lessor, and that any violation of the provisions would result in damages which cannot be adequately compensated by money alone. Lessee agrees that Lessor will be entitled to injunctive or other equitable relief without proving actual damages or posting any bond in the event of any violation of the restrictions contained herein; *provided, however*, that the foregoing shall not limit or be construed to prohibit or limit the right of Lessor to pursue any other legal and equitable remedies available to it on account of such breach or violation, including the recovery of damages from Lessee.

(c) If any court shall hold that the duration or scope of this Section 39.10 (geographic or otherwise) is unreasonable or invalid, then the provisions of this Section 39.10 shall remain in effect for whatever time period or geographic area that such court does not declare to be unreasonable or invalid. In addition, if any court shall hold that the duration or scope (geographic or otherwise) of this Section 39.10 is unreasonable or invalid, then, to the extent permitted by law, the court may prescribe a maximum duration or scope (geographic or otherwise) that is judicially enforceable and not unreasonable and the parties agree to accept such judicial determination, which the parties agree shall be substituted in place of any and every judicially unenforceable provision of this Section 39.10, and that this Section 39.10, as so modified, shall be fully enforceable as if originally executed in such manner.

(d) The terms of this Section 39.10 are intended to comply with all applicable rules and regulations of all governmental and regulating authorities. Accordingly, the parties agree to renegotiate, in good faith, any term, condition or provision of this Section 39.10 determined to be in contravention of any regulation, policy or law of any such authority. All other provisions hereof shall remain enforceable to the fullest extent permitted by law.

39.11. **Intentionally Omitted**.

39.12. **Governing Law**. THIS LEASE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE APPLICABLE TO CONTRACTS EXECUTED AND PERFORMED IN SUCH STATE, WITHOUT GIVING EFFECT TO CONFLICTS OF LAW PRINCIPLES. NOTWITHSTANDING THE FOREGOING, ALL PROVISIONS OF THIS LEASE RELATING TO THE CREATION OF THE LEASEHOLD ESTATE AND ALL REMEDIES SET FORTH IN ARTICLE XVI RELATING TO THE RECOVERY OF POSSESSION OF THE LEASED PROPERTY (SUCH AS AN ACTION FOR UNLAWFUL DETAINER OR OTHER SIMILAR ACTION) SHALL BE GOVERNED BY, CONSTRUED AND ENFORCED IN ACCORDANCE WITH THE LAWS OF THE STATE IN WHICH THE LEASED PROPERTY IS LOCATED.

39.13. **Jurisdiction and Venue**. LESSOR AND LESSEE CONSENT TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION 39.13, LESSOR AND LESSEE AGREE THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS LEASE SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. LESSOR AND LESSEE EXPRESSLY

ACKNOWLEDGE THAT DELAWARE IS A FAIR, JUST AND REASONABLE FORUM AND AGREE NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY THE OTHER PARTY IN SAID COURTS. FURTHER, LESSOR AND LESSEE IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO ARTICLE XXXII SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT. NOTWITHSTANDING THE FOREGOING, THE PARTIES FURTHER AGREE THAT ALL ACTIONS AND PROCEEDINGS RELATING TO THE CREATION OF THE LEASEHOLD ESTATE AND ALL REMEDIES RELATING TO THE RECOVERY OF POSSESSION OF ALL OR ANY PORTION OF THE LEASED PROPERTY (SUCH AS AN ACTION FOR UNLAWFUL DETAINER OR OTHER SIMILAR ACTION) MAY BE BROUGHT IN ANY STATE OR FEDERAL COURT OF THE STATE WHERE THE APPLICABLE PORTION OF THE LEASED PROPERTY IS LOCATED.

39.14. **True Operating Lease**. Lessor and Lessee agree that this Lease is intended as, and shall for all purposes (except in certain respects for accounting purposes under GAAP) constitute a true operating lease and not a capital lease or financing and nothing herein shall be construed as conveying to Lessee any right, title or interest in or to the Leased Property or to any remainder or reversionary estates in the Leased Property held by any Person, except, in each instance, as a lessee. Under no circumstances shall this Lease be regarded as an assignment of all of Lessor's interest in and to the Leased Property; instead, Lessor and Lessee shall have the relationship between them of Lessor and Lessee, pursuant to the terms and provisions of this Lease. In no event shall Lessee, LifePoint, Lima Holdco or any of their respective Subsidiaries claim depreciation, amortization or interest deductions as owner of any portion of the Leased Property for United States federal, state or local income tax purposes (except as to Capital Additions not funded by Lessor). It is an integral condition of this Lease, and a material inducement to Lessor's agreement to enter into this Lease, that Lessee agrees (except in certain respects for accounting purposes under GAAP) this Lease is an operating lease and not a capital lease or financing. Neither Lessor nor Lessee shall assert, and each hereby waives, any right to demand, request or plead for the re-characterization of this Lease or any other Obligation Document, whether or not in a proceeding related to any bankruptcy or insolvency of Lessor or Lessee. If any governmental or taxing authority challenges the characterization of the Lease as a true operating lease, the party receiving notice thereof shall promptly notify the other party and the parties shall cooperate in good faith in responding to such challenge.

39.15. **Letter of Credit**. Contemporaneously with the execution of this Lease, and as security for the obligations of Lessee under this Lease, Lessee shall obtain and deliver to Lessor an irrevocable letter of credit at a financial institution reasonably acceptable to Lessor naming Lessor as beneficiary thereunder (the "**Letter of Credit**"), which Letter of Credit shall be upon such other terms, conditions and provisions acceptable to Lessor (including, without limitation, an "evergreen" provision requiring no less than ninety (90) days' prior written notice to Lessor of any failure or refusal to renew the Letter of Credit). The Letter of Credit shall be in an amount equal

to two (2) months' Base Rent (as the amount such Base Rent is adjusted from time to time pursuant to this Lease). In the event Lessor receives a notice of termination or nonrenewal of the Letter of Credit, Lessee shall provide a replacement letter of credit no later than sixty (60) days prior to the expiration of the Letter of Credit, which replacement letter of credit (i) shall confirm that it shall take effect immediately upon the expiration of the Letter of Credit (or such other then-current replacement letter of credit), and (ii) shall be in form and substance satisfactory to Lessor in its reasonable discretion; it being understood and agreed that Lessee shall maintain throughout the Term a letter of credit conforming to the requirements of this Section 39.15. The Letter of Credit, or any replacement letter of credit, shall provide, among other things, that Lessor shall be entitled to draw upon the Letter of Credit upon the occurrence of an Event of Default under this Lease. In the event that Lessor draws upon the Letter of Credit, Lessee shall deposit with applicable financial institution an amount sufficient to replenish (or otherwise cause to be reinstated) the Letter of Credit to such amount as required herein within thirty (30) days following any such draw. At Lessee's request, and from time to time, the Lessor shall return any Letter of Credit delivered, or caused to be delivered, to Lessor by Lessee and Lessee shall simultaneously deliver, or cause to be a delivered, to Lessor a replacement Letter of Credit conforming to the requirements of this Section 39.15 (such Letter of Credit, a "**Substitute Letter of Credit**"); provided that a Letter of Credit issued by a financial institution with assets and credit quality substantially similar to the issuer of Letter of Credit in effect immediately prior to the delivery of the Substitute Letter of Credit on terms and conditions substantially similar to the Letter of Credit being replaced and otherwise complying with the requirements of this Section 39.15 shall be deemed to be acceptable under this Section 39.15.

39.16. **Compliance with Anti-Terrorism Laws**. Lessor hereby notifies Lessee that pursuant to the requirements of certain Anti-Terrorism Laws (including, without limitation, the Patriot Act) and Lessor's policies and practices, Lessor is required to obtain, verify and record certain information and documentation that identifies Lessee, which information includes the name, address and identification number of Lessee. Lessee will not, directly or indirectly, knowingly enter into any lease for the operation of any part of a Facility or any other lease or any material contracts with any person listed on the OFAC List. Lessee shall promptly notify Lessor if Lessee has knowledge that Lessee or any of its principals or Affiliates or the Guarantor is listed on the OFAC List or (a) is convicted on, (b) pleads nolo contendere to, (c) is indicted on, or (d) is arraigned and held over on charges involving money laundering or predicate crimes to money laundering. Lessee will not, directly or indirectly (i) conduct any business or engage in any transaction or dealing with any Blocked Person, including, without limitation, the making or receiving of any contribution of funds, goods or services to or for the benefit of any Blocked Person, (ii) deal in, or otherwise engage in any transaction relating to, any property or interests in property blocked pursuant to Executive Order No. 13224, any similar executive order or other Anti-Terrorism Law, or (iii) engage in or conspire to engage in any transaction that evades or avoids, or has the purpose of evading or avoiding, or attempts to violate, any of the prohibitions set forth in Executive Order No. 13224, or other Anti-Terrorism Law.

39.17. **Electronically Transmitted Signatures**. In order to expedite the execution of this Lease, telecopied signatures or signatures sent by electronic mail may be used in the place of original signatures on this Lease. The parties intend to be bound by the signatures of the telecopied or electronically mailed signatures, and hereby waive any defenses to the enforcement of the terms of this Lease based on the form of the signature. Following any facsimile or electronic mail

transmittal, the party shall promptly deliver the original instrument by reputable overnight courier in accordance with the notice provisions of this Lease.

39.18. **Waiver of Jury Trial**. TO THE MAXIMUM EXTENT PERMITTED BY LAW, LESSOR AND LESSEE HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS LEASE, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENT (WHETHER VERBAL OR WRITTEN) OR ACTION OF EITHER PARTY OR ANY EXERCISE OF ANY PARTY OF THEIR RESPECTIVE RIGHTS HEREUNDER OR IN ANY WAY RELATING TO THIS LEASE OR THE LEASED PROPERTY (INCLUDING ANY CLAIM OR DEFENSE ASSERTING THAT THIS LEASE WAS FRAUDULENTLY INDUCED OR IS OTHERWISE VOID OR VOIDABLE). THIS WAIVER IS A MATERIAL INDUCEMENT FOR LESSOR TO ENTER INTO THIS LEASE.

39.19. **Counterparts**. This Lease may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one and the same instrument.

39.20. **Survival**. Notwithstanding any provision of this Lease to the contrary, the parties acknowledge and agree that, all claims against, and liabilities of, Lessee or Lessor which relate to acts or omissions prior to the date of expiration or termination of this Lease, and the covenants and obligations under this Lease which expressly relate to periods after the expiration or earlier termination of Lessee's tenancy under this Lease, including, without limitation, all indemnification obligations and those covenants and obligations described in Sections 8.1(final sentence only), 8.2(b), 8.3(c) (final sentence only), 16.2, 38.4, 38.5 and 39.3, and Articles XVIII, XIX and XXII, shall survive such expiration or earlier termination.

39.21. **Continuation of Defaults**. Notwithstanding any provision hereof to the contrary, whenever in this Lease the phrases "continuing," "continuation of" or similar words or phrases are used in connection with Events of Default, defaults, or events which with notice or passage of time would constitute Events of Default, such phrases or words shall not be construed to create any right in the Lessee to have additional periods of time to cure such defaults or Events of Default other than those specific cure periods provided in this Lease.

39.22. **Specific Performance**. In addition to any rights and remedies available to the parties hereunder or at law, each party shall be entitled to bring an action for specific performance and to seek other equitable relief in connection with any breach or violation, or any attempted breach or violation, of the provisions of this Lease.

39.23. **Joint Drafting**. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Lease and the general rules of construction which would construe any provisions of this Lease in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Lease as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Lease are hereby expressly waived by all parties to this Lease.

39.24. **Joint and Several Obligations**. Each Facility Lessee shall be jointly and severally liable for all of the liabilities and obligations of Lessee under this Lease. Additionally, each Facility Lessee acknowledges and agrees that all of the representations, warranties, covenants, obligations, conditions, agreements and other terms contained in this Lease shall be applicable to and shall be binding upon and enforceable against any one or more Facility Lessees.

39.25. **Representations, Agreements and Covenants relating to Certain Properties**. Further representations, agreements and covenants regarding certain of the Properties are set forth on ***Schedule 39.25*** attached hereto and are hereby incorporated herein by reference.

39.26. **Arbitration**. If Lessee disputes Lessor's determination of Fair Market Value Rent, Lessee shall give notice to Lessor of such dispute within ten (10) Business Days after Lessee's receipt of the Rent Notice, and such dispute shall be determined by arbitration in accordance with the then prevailing Expedited Procedures of the Arbitration Rules for the Real Estate Industry of the American Arbitration Association or its successor for arbitration of commercial disputes, except that the rules shall be modified as follows:

(a) In its demand for arbitration, Lessee shall specify the name and address of the person to act as the arbitrator on Lessee's behalf. The arbitrator shall be a real estate broker with at least ten (10) years full-time commercial retail brokerage experience who is familiar with the fair market value of comparable healthcare facility space in the county in which the Property is located. Failure on the part of Lessee to make the timely and proper demand for such arbitration shall constitute a waiver of the right thereto, and the Allocated Base Rent shall be as set forth in the Rent Notice. Within ten (10) Business Days after the service of the demand for arbitration, Lessor shall give notice to Lessee specifying the name and address of the person designated by Lessor to act as arbitrator on its behalf, which arbitrator shall be similarly qualified. If Lessor fails to notify Lessee of the appointment of its arbitrator within such ten (10) Business Day period, and such failure continues for three (3) Business Days after Lessee delivers a second notice to Lessor, then the arbitrator appointed by Lessee shall be the arbitrator to determine the Fair Market Value Rent for the Property.

(b) If two (2) arbitrators are chosen pursuant to Section 39.26(a), the arbitrators so chosen shall meet within ten (10) Business Days after the second arbitrator is appointed and shall seek to reach agreement on Fair Market Value Rent as to the applicable Property. If, within twenty (20) Business Days after the second arbitrator is appointed, the two (2) arbitrators are unable to reach agreement on Fair Market Value Rent, then the two (2) arbitrators shall appoint a third (3rd) arbitrator, who shall be a competent and impartial person with qualifications similar to those required of the first two (2) arbitrators pursuant to Section 39.26(a). The third (3rd) arbitrator shall decide the dispute, if it has not been previously resolved, by following the procedures set forth in Section 39.26(c). Each party shall pay the fees and expenses of its respective arbitrator, and both shall share the fees and expenses of the third (3rd) arbitrator. Attorneys' fees and expenses of counsel and of witnesses for the respective parties shall be paid by the respective party engaging such counsel or calling such witnesses.

(c) Fair Market Value Rent shall be fixed by the third (3rd) arbitrator in accordance with the following procedures. Concurrently with the appointment of the third (3rd) arbitrator, each of the arbitrators selected by the parties shall state, in writing, his or her

determination of the Fair Market Value Rent supported by the reasons therefor. The third (3rd) arbitrator shall have the right to consult experts and competent authorities for factual information or evidence pertaining to a determination of Fair Market Value Rent, but any such determination shall be made in the presence of both parties with full right on their part to cross-examine. The third (3rd) arbitrator shall conduct such hearings and investigations as he or she deem appropriate and shall, within thirty (30) days after being appointed, select which of the two (2) proposed determinations most closely approximates his or her determination of Fair Market Value Rent. The third (3rd) arbitrator shall have no right to propose a middle ground or any modification of either of the two proposed determinations. The determination he or she chooses as that most closely approximating his or her determination of the Fair Market Value Rent shall constitute the decision of the third (3rd) arbitrator and shall be final and binding upon the parties. The third (3rd) arbitrator shall render the decision in writing with counterpart copies to each party. The third (3rd) arbitrator shall have no power to add to or modify the provisions of this Lease. Promptly following receipt of the third (3rd) arbitrator's decision, the parties shall enter into an amendment to this Lease evidencing the extension of the Lease Term for the applicable Extension Term and confirming the Allocated Base Rent for such Extension Term, but the failure of the parties to do so shall not affect the effectiveness of the third arbitrator's determination.

(d) In the event of a failure, refusal or inability of any arbitrator to act, his or her successor shall be appointed by him or her, but in the case of the third (3rd) arbitrator, his or her successor shall be appointed in the same manner as that set forth herein with respect to the appointment of the original third (3rd) arbitrator.

ARTICLE XL.
PASS-THROUGH LEASES

40.1. **Sublease of Pass-Through Lease Land**. With respect to Pass-Through Lease Land (and leased Improvements located thereon), the Pass-Through Lessor hereby subleases such Pass-Through Lease Land and Improvements to Lessee subject to all of the terms and conditions of the applicable Pass-Through Lease and, solely for the purpose of using the Pass-Through Lease Land and related Improvements in connection with the operation of the applicable Facility located on the Pass-Through Lease Land. Lessee shall fulfill and perform all of the applicable Pass-Through Lessor's duties, obligations, and responsibilities under each Pass-Through Lease and Lessee accepts, assumes, and agrees to comply with, perform, and observe all of the terms, conditions, provisions, duties, covenants, limitations, obligations, and undertakings contained in the Pass-Through Lease to be performed during the term of this Lease or for so long as Lessee is in possession of the Pass-Through Lease Land on the part of such Pass-Through Lessor as lessee/tenant therein, including, without limitation, the payment of the applicable Pass-Through Lease Rent and all other charges and amounts of any kind due and payable under the Pass-Through Leases as required under Article III and Article IV hereof. Lessee shall not assign, transfer, convey, or encumber any interest, right, or obligation in, to, or under the Pass-Through Lease or sublease any portion of the Pass-Through Lease Land or related Improvements, except in compliance with and as permitted under Article XXIII. Lessee shall not, without Lessor's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed, (a) terminate, modify, amend, restate, or change in any way the Pass-Through Lease, or (b) exercise, attempt to exercise, or purport to exercise, any, right of offer, right of refusal or purchase option relating to any Pass-Through Lease Land or related Improvement (if available

under the applicable Pass-Through Lease). Lessor shall not, without Lessee's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed, terminate, modify, amend, restate, or change in any way the Pass-Through Lease, provided that Lessee's consent shall not be required for the termination, modification, amendment, restatement, or change of any Pass-Through Lease to the extent such termination, modification, amendment, restatement, or change does not (A) take effect during the term of this Lease or (B) result in any material increase in the monetary or non-monetary obligations of Lessee under this Lease or the applicable Pass-Through Lease.

40.2. **Other Terms and Provisions Relating to the Pass-Through Leases**.

(a) Lessor and Lessee agree that each will, immediately upon receipt, forward to the other copies of all notices, requests, demands, and other correspondence and documents directed to and/or received from the "landlord" or "lessor" under any of the Pass-Through Leases.

(b) In connection with any transfer or conveyance of the Leased Improvements situated on any of the Pass-Through Lease Land, any assignment of Lessor's right, title, and interest in the Pass-Through Lease Land shall be subject to Section 30.1 hereof and to any reversionary rights under the Pass-Through Leases.

(c) So long as no Event of Default then exists, and no event then exists which with the giving of notice or the passage of time or both would constitute an Event of Default, upon written request from Lessee, Lessor shall exercise any applicable renewal options under each of the Pass-Through Leases, extending the term thereof; provided, however, that Lessor shall not be required to extend the term of any of the Pass-Through Leases for a period extending beyond the Term of this Lease (which shall include any duly exercised extensions of the Term under this Lease). Lessee may cause Lessor to exercise each such renewal options by giving written notice to Lessor at least three hundred sixty (360) days prior to the expiration of the Pass-Through Lease term.

(d) Any and all purchase options, rights of first refusal or rights of first offer under the Pass-Through Leases shall be exercised in the sole discretion of Lessor and, upon any purchase by Lessor of all or any portion of the Pass-Through Lease Land, such Pass-Through Lease Land shall remain subject to the terms and conditions of this Lease and the applicable purchase price shall be added to the Lease Base with respect to the Pass-Through Lease Land and related Improvements.

40.3. **Termination of Lease or Possession**. In the event of a termination of this Lease or the termination of Lessee's right of possession with respect to any Pass-Through Lease Land (or related Improvements), (a) all right, title, and interest in and to the Pass-Through Lease and the leasehold estate thereunder shall automatically revert to the applicable Pass-Through Lessor, and (b) Lessee shall, promptly after request by such Pass-Through Lessor, sign, acknowledge, provide, and deliver to such Pass-Through Lessor (unless such termination is due to an Event of Default, on a non-recourse basis, without any representations of warranties whatsoever) (and if Lessee fails to do so upon request of Lessor, Lessee hereby irrevocably appoints such Pass-Through Lessor as agent and attorney-in-fact of Lessee for such express purposes) any and all reasonable and customary documents, instruments, affidavits, or other writings (all in recordable form) which are

or may become necessary, proper, and/or advisable to cause the Pass-Through Lease and the leasehold estate thereunder to revert to the applicable Pass-Through Lessor as provided herein.

40.4. **Assignment of Pass-Through Lease Interest**. Notwithstanding any provision in this Lease to the contrary, Lessee acknowledges and agrees that, in the event Lessee purchases the Leased Property pursuant to any purchase option or privilege provided to Lessee under the terms of this Lease, with respect to any Pass-Through Lease Land, such purchase shall include only Lessor's leasehold estate under the applicable Pass-Through Lease and Lessor's leasehold interest in such Pass-Through Lease Land (and related leased Improvements), and shall be subject to all of the terms, provisions, and conditions of such applicable Pass-Through Lease (including any necessary consent to assignment). In such event, with respect to such Pass-Through Lease, Lessor shall assign the leasehold estate under such Pass-Through Lease to Lessee, and Lessee shall assume such Pass-Through Lease from Lessor, pursuant to an assignment and assumption agreement reasonably satisfactory to the parties. In connection with such assignment and assumption of any Pass-Through Lease, Lessee shall pay all of the costs and expenses of obtaining any necessary consent or approval to such assignment and assumption from the "landlord" or "lessor" under such Pass-Through Lease.

ARTICLE XLI.
MOB GROUND LEASES

41.1. **MOB Ground Leases**.

(a) With respect to the Lawton MOB Ground Leases, Lawton Lessee, with respect to the Ottumwa MOB Ground Lease, Ottumwa Lessee, and with respect to the Roaring Springs Ambulance Facility Lease, Roaring Springs Lessee, shall perform all of the terms, conditions, covenants and obligations imposed upon Lawton Lessor, Ottumwa Lessor, and Roaring Springs Lessor under the applicable MOB Ground Lease, in each case, to be performed by such Facility Lessors, as landlord, thereunder until the earlier of (i) the expiration or earlier termination of this Lease (or Lessee's right of possession hereunder) (subject to Article XIX for any holdover periods), and (ii) the termination of any such MOB Ground Lease, as applicable. It is hereby acknowledged and agreed that all such obligations as lessor or landlord under the MOB Ground Leases that accrue or arise prior to the expiration or earlier termination of this Lease (or Lessee's right of possession hereunder) (including any holdover period pursuant to Article XIX) shall remain the obligations and liabilities of Lessee. Notwithstanding anything contained in this Section 41.1 to the contrary, during the Term, Lawton Lessor, Ottumwa Lessor, and Roaring Springs Lessor shall reasonably cooperate with Lawton Lessee, Ottumwa Lessee, and Roaring Springs Lessee in their performance of all applicable terms, conditions, covenants and obligations under the MOB Ground Leases to the extent such terms, conditions, covenants and obligations are only capable of being performed by such Facility Lessor, as the fee owner of such portions of the Leased Property; provided, however, that (A) Lessor shall be reimbursed by Lessee for any actual and reasonable out of pocket costs or expenses incurred by Lessor with respect to the performance of any such obligations undertaken at the request of Lessee, (B) Lessee understands and is familiar with the extent to which such terms, conditions, covenants and obligations are only capable of being performed by the applicable Facility Lessor as the fee owner thereof, (C) Lessee shall use commercially reasonable efforts to provide Lessor reasonable advanced written notice to enable Lessor to perform any such terms, conditions, covenants and obligations in a timely manner, and

(D) Lessee shall consult, assist, and otherwise cooperate with Lessor in the performance thereof. So long as no Event of Default has occurred and is continuing, (I) Lawton Lessee, Ottumwa Lessee, and Roaring Springs Lessee, respectively, shall be entitled to collect the rental payments due under the respective MOB Ground Leases directly from the tenant thereunder, and (II) Lessor shall reasonably cooperate with Lessee to notify the tenants under the respective MOB Ground Leases that rental payments should be made directly to the applicable Facility Lessee, including, without limitation, by executing and delivering an instruction letter to such tenant instructing them to pay such rental payments directly to such Facility Lessee; *provided, that*, Lawton Lessee, Ottumwa Lessee, and Roaring Springs Lessee agree and acknowledge that upon the occurrence of an Event of Default, Lessor shall be authorized to revoke any such tenant instruction letter and instruct such tenant to pay all rental payments directly to Lessor during the continuation of such Event of Default.

(b) If any MOB Ground Lease expires or terminates prior to the expiration of the Term, then any property and improvements subject thereto shall be subject to the terms and conditions of this Lease. For the avoidance of doubt, the parties agree that (i) during the Term and prior to the termination and/or expiration of any MOB Ground Lease, the applicable Facility Lessor shall have the right to receive and apply all condemnation awards or insurance proceeds with respect to such Ground Leased MOB Property in accordance with the ground lessor's obligations under the applicable MOB Ground Lease, and (ii) during the Term and following the termination and/or expiration of any applicable MOB Ground Lease, any such condemnation awards and insurance proceeds shall be applied in accordance with the provisions of this Lease.

41.2. **Other Terms and Provisions Relating to the MOB Ground Leases**.

(a) Lessee shall not, without Lessor's prior written consent, (i) terminate, modify, amend, or restate any MOB Ground Lease or attempt to do any of the same, or (ii) exercise or attempt to exercise any right of offer, right of refusal or purchase option relating to any MOB Ground Lease or related MOB Ground Leased Improvements (if available under the applicable MOB Ground Lease).

(b) Lessor and Lessee agree that each will, promptly upon receipt, forward to the other copies of all notices, requests, demands, and other correspondence and documents directed to and/or received from the "tenant" or "lessee" under any MOB Ground Lease.

(c) Any and all purchase options, rights of first refusal or rights of first offer under the MOB Ground Leases shall be exercised in the sole discretion of Lessor and, upon any purchase by Lessor of all or any portion of the MOB Ground Leased Improvements, such MOB Ground Leased Improvements shall remain subject to the terms and conditions of this Lease and the applicable purchase price shall be added to the Lease Base for the applicable Property.

(d) Notwithstanding any provision in this Lease to the contrary, in the event Lessee purchases the Lawton Property or Ottumwa Property pursuant to any purchase option or privilege provided to Lessee under the terms of this Lease, with respect to any applicable Ground Leased MOB Property, such purchase shall be subject to all terms, provisions, and conditions of the applicable MOB Ground Lease. In such event, with respect to such MOB Ground Lease, Lessor shall assign to Lessee its right, title and interest in such MOB Ground Lease and Lessee shall

assume such MOB Ground Lease from Lessor, pursuant to an assignment and assumption agreement reasonably satisfactory to the parties.

41.3. **Reversionary and Other Rights**. In the event that there is any purchase option, right of first refusal, reversionary right, or other similar right in favor of the applicable Facility Lessor with respect to any Ground Leased MOB Property, then Lessee shall (i) provide Lessor notice of the accrual of any rights with respect thereto, (ii) provide such other related information as Lessor may reasonably request, (iii) cooperate with Lessor to ensure that the Lessor receives the benefit thereof (including the benefit of any reversionary rights or purchase option or receipt of any option purchase price, it being understood and agreed that it is Lessor who shall be entitled to exercise all purchase options and receive all reversions), and (iv) take such actions and deliver such documents as shall be necessary to effect the foregoing. Lessor agrees to cooperate with Lessee in connection herewith.

ARTICLE XLII.
MEMORANDUM OF LEASE

Lessor and Lessee shall, promptly upon the request of either, enter into a short form memorandum of this Lease, in form suitable for recording under the laws of the state in which the Leased Property is located, in which reference to this Lease, the Term and all options contained herein, shall be made. The party requesting recording shall pay any recording taxes and other costs in connection therewith.

[Signatures appear on following pages.]

IN WITNESS WHEREOF, the parties have caused this Lease to be executed by their respective officers thereunto duly authorized.

Exhibit D

Lessee Representations and Warranties

Each Facility Lessee hereby represents and warrants to Lessor, jointly and severally, that:

(a) it has full legal right, power and authority to enter into this Lease, to incur the obligations provided for herein, and to execute and deliver the same to Lessor;

(b) this Lease has been duly executed and delivered by such Facility Lessee and constitutes such Facility Lessee's valid and legally binding obligation, enforceable against it in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and similar laws affecting the enforcement of creditor's rights or contractual obligations generally and, as to enforcement, to general principles of equity, regardless of whether applied in a proceeding at law or in equity;

(c) no approval or consent of any foreign, federal, state, county, local or other governmental or regulatory body, and no approval or consent of any other person is required in connection with the execution and delivery by such Facility Lessee of this Lease or the consummation and performance by such Facility Lessee of the transactions contemplated hereby, except such approvals or consents as shall have been obtained on or prior to the Effective Date;

(d) the execution and delivery of this Lease and the obligations created hereby have been duly authorized by all necessary proceedings on the part of such Facility Lessee, and will not conflict with or result in the breach or violation of any of the terms or conditions of, or constitute (or with notice or lapse of time or both would constitute) a default under the governing documents of such Facility Lessee, any instrument, contract or other agreement to which it is a party or by or to which such Facility Lessee or any of its assets or properties are bound or subject; or any statute or any regulation, order, judgment or decree of any court or governmental or regulatory body;

(e) it is not a party to, or to it's knowledge, threatened with any litigation or judicial, administrative, or arbitration proceeding which, if decided adversely to it, would restrain, prohibit, or materially delay, void, or invalidate the transactions contemplated under this Lease or any other Obligation Document;

(f) Lessees and Guarantors (i) were Solvent prior to entering into the Purchase Agreement and this Lease, (ii) were or will be Solvent immediately after giving effect to the transactions contemplated in this Lease and the Purchase Agreement (including, without limitation, the LifePoint Upper Tier Restructuring Transaction (and related LifePoint Upper Tier Distributions)), and (iii) are now Solvent;

(g) no transfer of property is being made or has been made and no obligation is being incurred in connection with the transactions contemplated in this Lease or the Purchase Agreement with the intent to hinder, delay, or defraud either present or future creditors of any Lessee or Guarantor;

4850-8732-8417

(h) any and all actions taken, or to be taken, by the Lessees and Guarantors in connection with the LifePoint Upper Tier Restructuring Transaction (and related LifePoint Upper Tier Distributions): (i) have been, are, and will be, properly authorized and approved in accordance with the applicable Organizational Documents of each of them prior to undertaking such LifePoint Upper Tier Restructuring Transaction (and related LifePoint Upper Tier Distributions), and (ii) after giving effect to the transactions contemplated in this Lease and the Purchase Agreement (including, without limitation, the LifePoint Upper Tier Restructuring Transaction (and related LifePoint Upper Tier Distribution)), has complied with, is in compliance with, and will comply with all applicable laws (including, without limitation, all applicable Legal Requirements and all applicable laws relating to the paying, making, or declaring dividends or distributions); and

(i) none of the Lessees or Guarantors are involved in any proceeding by or against it as a debtor before any Governmental Body under Title 11 of the United States Bankruptcy Code or any other insolvency or debtors' relief act, whether state, federal, or foreign, or for the appointment of a trustee, received, liquidator, assignee, sequestrator, or other similar official for any part of any of the property or assets of any Lessee or Guarantor.

Form of Subordination of Management Agreement

4850-8732-8417
4850-8732-8417

SUBORDINATION OF MANAGEMENT AGREEMENT

THIS SUBORDINATION OF MANAGEMENT AGREEMENT (this "Agreement") is made this ___ day of _____, 2020, by and among [_____], a [_____] ("Manager"); **LIMA HOLDCO, LLC**, a Delaware limited liability company ("Lima Holdco"); the entities listed on ***ANNEX A*** hereto under the heading "Lessees" (hereinafter be referred to, individually, as a "Lessee" and, collectively, as the "Lessees") (Lima Holdco and Lessees shall hereinafter be referred to, individually, as an "Obligor" and, collectively, as the "Obligors"); and the entities listed on ***ANNEX A*** hereto under the heading "Lessors" (hereinafter be referred to, individually, as a "Lessor" and, collectively, as the "Lessors") (Manager, Obligors, and Lessors shall hereinafter be referred to, individually, as a "Party" and, collectively, as the "Parties").[1]

W I T N E S S E T H:

WHEREAS, Lessors and Lessees have entered into that certain Master Lease Agreement, dated of even date herewith (as the same may be amended, modified and restated from time to time, the "Master Lease"), whereby Lessors are leasing (or, as applicable, subleasing) to Lessees, and Lessees are leasing (or, as applicable, subleasing) from Lessors, certain real property consisting of multiple parcels of land, the improvements now or hereafter located thereon (including any improvements consisting of multiple hospital facilities), the fixtures now or hereafter attached thereto and all easements, licenses, rights-of-way, appurtenances and other matters and items relating thereto, all as more particularly described in the Master Lease (collectively, the "Leased Property");

WHEREAS, LifePoint Health, [Inc.] and Lima Holdco has each entered into those certain Guaranty Agreements, dated of even date herewith, in favor of the Lessors (collectively, as the same may be amended, modified and restated from time to time, the "Guaranty"), pursuant to which Lima Holdco guarantees the payment and performance of all of the respective obligations and liabilities of the Lessees under the Master Lease;

WHEREAS, pursuant to that certain [Management Services Agreement, dated as of _____, 20___], by and among Manager and certain of the Lessees (the "Management Agreement Counterparties"), a copy of which is attached hereto as ***EXHIBIT A*** (as the same may be amended, modified or restated from time to time, the "Management Agreement"), Manager provides management services to such Management Agreement Counterparties with respect to the operation of each of the hospital facilities (each a "Facility" and collectively the "Facilities") located, respectively, on any of the Leased Property;

WHEREAS, Manager and the Obligors acknowledge that, as a result of the above described transactions, Manager and the Obligors will derive direct and indirect benefits in the form of economies of scale, access to capital and other important strategic operational benefits and, accordingly, Manager and the Obligors have concluded that it is in their best interest to enter into this Agreement; and

---

[1] To be entered into with respect to each Management Agreement.

WHEREAS, Lessors have required the execution and delivery of this Agreement as a condition precedent to the transactions and agreements contemplated in the Master Lease and the other Obligation Documents (as defined below).

NOW, THEREFORE, in consideration of the premises, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto do hereby agree as follows:

1. **Defined Terms**. Capitalized terms used herein and not expressly defined herein shall have the respective meanings ascribed to them in this Section 1.

"Affiliate" means, with respect to any Person (i) any Person that, directly or indirectly, controls or is controlled by or is under common control with such Person, (ii) any other Person that owns, beneficially, directly or indirectly, 10% or more of the outstanding capital stock, shares or equity interests of such Person, or (iii) any officer, director, employee, shareholder, partner, member, manager or trustee of such Person or any Person controlling, controlled by or under common control with such Person (excluding trustees and persons serving in similar capacities who are not otherwise an Affiliate of such Person). For the purposes of this definition, "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, through the ownership of voting securities or otherwise.

"Business Day" means each Monday, Tuesday, Wednesday, Thursday and Friday that is not a day on which money centers in the City of New York, New York are authorized or obligated by law or executive order to close.

"Major Event of Default" means the occurrence of any of the following events: (a) the occurrence of a "Major Event of Default" under and as defined in the Master Lease; (b) the occurrence of a "Major Event of Default" under and as defined in any of the other Obligation Documents; or (c) the failure of any of the Obligors to punctually and properly perform in all material respects (without duplication of any materiality qualifier herein) any covenant or obligation contained herein if the same shall remain uncured within a period of thirty (30) days after receipt by Obligors of written notice thereof from the Lessors, unless such failure cannot with due diligence be cured within a period of thirty (30) days (in the Lessors' reasonable discretion), in which case such failure shall not be deemed to continue so long as Obligors commence to cure such failure within the thirty (30) day period and proceed with due diligence to complete the curing thereof within sixty (60) days after receipt by Obligors of the Lessors' notice of default (or such longer period as is reasonably required in the determination of the Lessors to effect such cure if Obligors are diligently proceeding to do so); provided, however, in no event shall the Lessors be required to give more than two (2) notices and cure period for Obligors' failure to observe or perform the same (or repetitive) covenant or condition in any consecutive twelve (12) month period.

"MPT Documents" means, collectively, Master Lease and the other Obligation Documents

"Obligation Documents" has the meaning set forth in the Master Lease.

"Person" means an individual, a corporation, a limited liability company, a general or limited partnership, an unincorporated association, a joint venture, a governmental entity or another entity or group.

2. **Management Agreement**. Manager and Obligors hereby jointly and severally represent and warrant to the Lessors as follows: (a) attached hereto as ***EXHIBIT A*** is a true, correct and complete copy of the Management Agreement; (b) the Management Agreement is the only "Management Agreement" (as defined in the Master Lease) between Obligors and Manager, and any of their respective Affiliates with respect to the Leased Property; (c) the Management Agreement remains unmodified and in full force and effect as of the date hereof, without default thereunder by either Manager or any Obligor; and (d) Manager has been paid all amounts due for all services, if any, furnished as of this date with respect to the Leased Property, except for amounts due and payable with respect to services, if any, furnished during the calendar month in which this Agreement is made. The Management Agreement Counterparties represent and warrant to the Lessors that, other than this Agreement, neither the Management Agreement Counterparties nor Manager has entered into any subordination agreement with respect to the Management Agreement. Manager further acknowledges that the Lessees are leasing the Leased Property from the applicable Lessors pursuant to the Master Lease, which are secured by liens encumbering certain assets, including, but not limited to, the Management Agreement Counterparties' rights and interests under the Management Agreement.

3. **Subordination of Management Fees**. Manager acknowledges and agrees that the liens created by the MPT Documents, and the Lessors' right to payment thereunder, shall be superior to and have priority over the right of the Manager to receive payment under the Management Agreement. In furtherance of the foregoing, Manager fully and completely subordinates to the liens created by the MPT Documents, and to the Lessors' right to payment thereunder, any right to payment of Manager arising out of or in any way connected with its services performed under the Management Agreement. Manager further agrees that neither Manager nor its Affiliates: (a) shall demand, collect or accept from any of the Management Agreement Counterparties' or their Affiliates any payment or collateral on account of any amounts due or to become due under the Management Agreement (the "Subordinated Amounts") or any part thereof or realize upon or enforce any collateral securing such Subordinated Amounts, nor commence any action or proceeding against any of the Management Agreement Counterparties or their Affiliates in any court or other tribunal to recover all or any part of such Subordinated Amounts, except with respect to any payment to Manager permitted under Section 5 hereof; (b) shall have given or shall hereafter give any subordination or enter into any subordination agreement in respect of the Subordinated Amounts or transfer or assign any of the Subordinated Amounts to any Person other than the Lessors or their Affiliates; (c) will commence or join with any of the other creditors of the Management Agreement Counterparties or their Affiliates in commencing any bankruptcy, reorganization, receivership or insolvency proceeding against any of the Management Agreement Counterparties or their Affiliates; or (d) shall take or permit any action prejudicial to or inconsistent with the Lessors' priority position over Manager and its Affiliates that is created by this Agreement.

4. **Rights of Lessors Following a Major Event of Default**. Notwithstanding anything to the contrary in the Management Agreement, during the continuation of a Major Event of Default,

unless waived in writing by the Lessors, the Lessors shall have the right, upon written notice to Manager:

(a) to require Manager to continue performance under and in accordance with the Management Agreement, on behalf of the Lessors, with respect to any one or more of the Facilities as the Lessors may elect, for so long as the Lessors may elect, in consideration of the compensation due and payable under the Management Agreement with respect to such period of time; or

(b) to require the Management Agreement Counterparties to immediately remove any one or more of the Facilities (including all if so elected by the Lessors) from coverage under the Management Agreement, which shall terminate the management of such Facility or Facilities and, within five (5) days after receipt of such written notice, execute and deliver to the Lessors an amendment to the Management Agreement evidencing such removal.

Upon the removal of any one or more of the Facilities from coverage under the Management Agreement, as provided in subsection (ii) above (each, a "Removed Facility"), no termination fee or other compensation shall be due to Manager with respect to such Removed Facility; *provided, however*, that subject to the subordination provisions of this Agreement, nothing in this Agreement shall limit the Management Agreement Counterparties' obligation to pay to Manager the fees due under the Management Agreement for services rendered through the date of such removal.

5. **Permitted Receipt of Subordinated Amounts**. Notwithstanding anything to the contrary in this Agreement, so long as no Major Event Default has occurred and is continuing, the Management Agreement Counterparties may pay, and Manager may receive, the Subordinated Amounts (so long as such payment does not give rise to a Major Event of Default); *provided, that*: (a) nothing herein shall limit the accrual of the Subordinated Amounts during the existence of a Major Event of Default for Manager's services during such period and (b) if such Major Event of Default is cured or waived in writing by the Lessors, subject to the proviso below, any such accrued amounts shall be paid as provided under the Management Agreement; *provided, however*, that in no event shall any such accrued amount be payable to Manager if, as a result of a Major Event of Default, (i) the Master Lease is terminated (or Lessees' right of possession is terminated thereunder), or (ii) the Management Agreement is terminated (except to the extent provided therein), and in no event shall any such amounts continue to accrue with respect to a Removed Facility after the removal of such Removed Facility.

6. **Payment of Subordinated Amounts Following Certain Events**. Notwithstanding anything to the contrary in the Management Agreement, (a) during the continuation of a Major Event of Default, if Manager receives payment of or security for any Subordinated Amounts from any Obligor; or (b) after the date of removal of any one or more Removed Facilities, if Manager receives payment of or security for any Subordinated Amounts from any Obligor relating to such Removed Facilities, in either such case, Manager shall forthwith deliver such payment or security to the Lessors in precisely the form received (except for Manager's endorsement when necessary) for application in accordance with the MPT Documents. Until delivered such payment or security shall be held in trust by Manager as the property of the Lessors. In the event of the failure of Manager to endorse any instrument for the payment of

money so received, each Lessor is hereby appointed attorney-in-fact, which is coupled with an interest, for Manager with full power to make such endorsement and with full power of substitution.

7. **Remedies Upon Termination**. Upon any termination of the Management Agreement with respect to one or more Removed Facilities and the portion or portions of the Leased Property relating thereto, Manager may pursue those remedies set forth in the Management Agreement with regard to the Management Agreement Counterparties, so long as all such rights and remedies in respect of the Subordinated Amounts are subordinate to Lessors' rights and remedies under this Agreement and pursuant to the MPT Documents. Upon any such termination of the Management Agreement with respect to a Removed Facility, except as otherwise provided in Section 4, Manager shall have no right of specific performance and no lien or charge upon such Removed Facility, the portion or portions of the Leased Property relating thereto, or income from or relating to such Removed Facility or the portion or portions of the Leased Property relating thereto, with respect to the Subordinated Amounts, until all liabilities and obligations under the MPT Documents have been fully paid and satisfied (other than contingent indemnification obligations for which no claim has been asserted that expressly survive the termination of this Agreement).

8. **Bankruptcy; Liquidation**. In the event of any distribution, division or application, partial or complete, voluntary or involuntary, by operation of law or otherwise, of all or any part of the assets of the Obligors or the proceeds thereof to creditors of the Obligors, by reason of the liquidation, dissolution or other winding up of the Obligors or the business of the Obligors or, in the event of any sale, receivership, insolvency or bankruptcy case or proceeding by or against the Obligors for any relief under any bankruptcy or insolvency law or laws relating to the relief of debtors, readjustments of indebtedness, liquidations, reorganizations, compositions, or extensions, then, and in any such event, any payment or distribution of any kind or character, either in cash, securities or other property, which shall be payable or deliverable to Manager solely with respect to the Subordinated Amounts (and not any other amount payable to the Manager pursuant to the Management Agreement or otherwise) shall be paid or delivered directly to Lessors for application against any obligations or liabilities of Obligors under the MPT Documents, whether due or not due, until all such obligations shall have been fully paid and satisfied.

9. **Grant of Security Interest**. As an additional inducement to Lessors to enter into the MPT Documents and this Agreement, Manager hereby grants to the Lessors a security interest in all of Manager's fees, accounts receivable, and other amounts, due or to become due, arising from or related to the Management Agreement. The Lessors shall have the right at any time to file a UCC-1 financing statement without Manager's signature where authorized by law, but the failure of Lessors to do so shall not impair the validity or enforceability of this Agreement. Upon Lessors' request, and at Manager's expense, Manager shall promptly execute any and all documents (including all bank/lender required documents) and take all other actions as Lessors reasonably deem necessary to perfect its security interest as provided herein. Notwithstanding any provision of this Section to the contrary, Manager shall be entitled to receive and apply, without restriction, any Subordinated Amounts earned and received pursuant to the Management Agreement as permitted under Section 5 hereof.

10. **Receipt of Security Instruments**. Manager acknowledges receipt of a copy of the security instruments being delivered by Obligors to the Lessors in connection with the MPT Documents. Furthermore, Manager acknowledges that all rents or other funds that may hereafter be held by Manager, as agent for Obligors, are subject to the liens and security interests granted to the Lessors pursuant to the MPT Documents, and shall remit such funds to or as directed by the Lessors pursuant to the MPT Documents.

11. **Amendment of Management Agreement; Prepayment and Accrual of Fees**. Subject to the proviso set forth in Section 39.9 of the Master Lease, Manager and Obligors (a) shall not terminate or materially amend or modify the Management Agreement unless (i) they have obtained the prior written consent of the Lessors, which consent shall not be unreasonably withheld, conditioned or delayed, or (ii) such amendment or modification would not adversely affect the rights of the Lessors, in the reasonable determination of Lessors, (b) shall not make or accept any prepayment or advance payment of fees or other obligations due under the Management Agreement, and (c) neither shall accrue any fees, expenses and other amounts due under the Management Agreement in excess of one (1) month, unless, they have obtained the prior written consent of the Lessors, which consent shall not be unreasonably withheld, conditioned or delayed.

12. **Notice of Defaults**. Notwithstanding anything to the contrary in the Management Agreement, in the event the Management Agreement Counterparties default in the payment of any amounts due to Manager under the Management Agreement, Manager shall provide prompt written notice of such default to the Lessors, whereupon, the Lessors shall have the right, but not the obligation, within fifteen (15) days after receipt of such notice, to cure such default by paying directly to Manager any amounts due or outstanding under the Management Agreement so as to put the Management Agreement Counterparties in good standing thereunder.

13. **Representations and Warranties of Manager and Obligors**. Manager, individually and as to itself only, and each Obligor, jointly and severally, hereby represent and warrant to the Lessors as of the date hereof that (a) each of them has full legal right, power and authority to enter into this Agreement, to incur the obligations provided for herein, and to execute and deliver the same to the Lessors; (b) this Agreement has been duly executed and delivered by each of them and constitutes their valid and legally binding obligation, enforceable against them in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and similar laws affecting the enforcement of creditor's rights or contractual obligations generally and, as to enforcement, to general principles of equity, regardless of whether applied in a proceeding at law or in equity; (c) no approval or consent of any foreign, federal, state, county, local or other governmental or regulatory body, and no approval or consent of any other Person is required in connection with the execution and delivery by any of them of this Agreement or the consummation and performance by any of them of the transactions contemplated hereby, except such approvals or consents as shall have been obtained on or prior to the date hereof; (d) the execution and delivery of this Agreement and the obligations created hereby have been duly authorized by all necessary proceedings on the part of each of them and will not conflict with or result in the material breach or violation of any of the terms or conditions of, or constitute (or with notice or lapse of time or both would constitute) a default under the governing documents of any of them, any material instrument, contract or other agreement to which any of them is a party or by or to which any of them or their respective assets or properties are bound or subject, or any

statute or any regulation, order, judgment or decree of any court or governmental or regulatory body; (e) ***Schedule 13(e)*** attached hereto sets forth, as of the date hereof, the ownership of Manager and, except as set forth therein, no other Person has, and none of them have offered to any Person, any written option to acquire same; (f) none of them is a party to or, to their knowledge, threatened with any litigation or judicial, administrative or arbitration proceeding which, if decided adversely to any of them, would restrain, prohibit or materially delay the transactions contemplated hereby; (g) the Management Agreement is the only "Management Agreement" (as defined in the Master Lease) between any of the Management Agreement Counterparties and Manager, with respect to the management of the Leased Property; (h) other than this Agreement, none of the Management Agreement Counterparties, nor Manager, has entered into any subordination agreement with respect to the Management Agreement; and (i) the Management Agreement remains unmodified and in full force and effect as of the date hereof, without default thereunder by any Obligor or Manager under the Management Agreement.

14. **Accounting of Services**. Manager and the Management Agreement Counterparties shall render to the Lessors from time to time upon the Lessors' reasonable request therefor an accounting of all amounts paid by any Obligor to Manager, which accounting shall include copies of all related invoices and receipts.

15. **Absolute and Unconditional Obligations**. Manager will perform its obligations under this Agreement regardless of any law now or hereafter in effect in any jurisdiction or venue affecting any of the terms of any of the MPT Documents or the rights of the Lessors with respect thereto. The obligations of Manager under this Agreement are independent of the MPT Documents, and a separate action or actions may be brought and prosecuted against Manager to enforce this Agreement, irrespective of whether any action is brought against any Obligor or their respective Affiliates or whether any Obligor or their respective Affiliates is joined in any such action or actions. The obligations of Manager under this Agreement shall be absolute and unconditional irrespective of:

(a) any lack of validity or enforceability of any of the MPT Documents;

(b) the validity of any lien granted to the Lessors or their Affiliates in any of the assets of the Management Agreement Counterparties;

(c) any change in the time, manner or place of payment or performance of, or in any other term of, any of the MPT Documents, or any other amendment thereof, or waiver of any provision thereof, including, without limitation, any increase in any indebtedness owed from the Obligors to the Lessors or their Affiliates resulting from the extension of additional credit to the Obligors or otherwise;

(d) any taking, exchange, release or non perfection of any lien granted to Lessors or their Affiliates in any of the assets of the Obligors;

(e) any manner of application of the assets of the Obligors, or proceeds thereof, to all or any of the indebtedness of the Obligors to the Lessors or their Affiliates, or any manner of sale or other disposition of any of such assets for all or any of such indebtedness of the Obligors to the Lessors or their Affiliates;

(f) any change, restructuring or termination of the organizational structure or existence of the Obligors; or

(g) any other circumstance which might otherwise constitute a defense available to, or a discharge of, the Obligors.

16. **Waiver of Notice**. The Obligors and Manager hereby waive promptness, diligence, notice of acceptance and any other notice with respect to this Agreement, the MPT Documents, and any requirement that the Lessors perfect or insure any lien or any collateral or exhaust any right or take any action against the Obligors, their respective Affiliates, Manager, or any other person or any collateral securing the indebtedness of the Obligors to the Lessors or their Affiliates.

17. **No Waiver**. Any provision of this Agreement or Exhibits hereto may be amended or waived only in a writing signed by the parties hereto. No waiver of any provision hereunder or any breach or default thereof shall extend to or affect in any way any other provision or prior or subsequent breach or default.

18. **Necessary Action**. Each party shall perform any further acts and execute and deliver any documents that may be reasonably necessary to carry out the provisions of this Agreement.

19. **Notices**. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

or to such other address with respect to a party as such party notifies the other in writing as above provided.

20. **Severability**. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision.

21. **Entire Agreement**. This Agreement and the documents referred to herein contain the complete agreement between the parties hereto and supersede any prior understandings, agreements or representations by or between the parties, written or oral, which may have related to the subject matter hereof in any way.

22. **Governing Law; Jurisdiction and Venue; Waiver of Jury Trial**.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts executed and performed in such State, without giving effect to conflicts of law principles.

(b) THE PARTIES HERETO CONSENT TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION, THE PARTIES AGREE THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS AGREEMENT SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. THE PARTIES EXPRESSLY ACKNOWLEDGE THAT DELAWARE IS A FAIR, JUST AND REASONABLE FORUM AND AGREE NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY THE OTHER PARTIES IN SAID COURTS. FURTHER, THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO SECTION 19 SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT.

(c) TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENT (WHETHER VERBAL OR WRITTEN) OR ACTION OF ANY PARTY OR ANY EXERCISE OF ANY PARTY OF THEIR RESPECTIVE RIGHTS HEREUNDER OR IN ANY WAY RELATING TO THIS AGREEMENT OR THE COLLATERAL (INCLUDING ANY CLAIM OR DEFENSE ASSERTING THAT THIS AGREEMENT WAS FRAUDULENTLY INDUCED OR IS OTHERWISE VOID OR VOIDABLE). THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE LESSORS TO ENTER INTO THIS AGREEMENT AND THE OTHER OBLIGATION DOCUMENTS.

23. **No-Third Party Beneficiaries**. Nothing expressed or referred to in this Agreement will be construed to give any Person other than the parties to this Agreement any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement.

24. **Binding Effect; Assignment**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, except that neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Manager or any Obligor without the prior written consent of the Lessors. Any Lessor may at any time and without the consent of Manager or the Obligors assign all of its rights and obligations hereunder to any other Person.

25. **Delivery by Electronic Transmission**. This Agreement and any signed agreement entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail, shall be treated in all manner and respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any party hereto or to any such contract, each other party hereto or thereto shall re-execute original forms thereof and deliver them to all other parties. No party hereto or to any such contract shall raise the use of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail to deliver a signature or the fact that any signature or contract was transmitted or communicated through the use of facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail as a defense to the formation of a contract and each such party forever waives any such defense.

26. **Counterparts**. This Agreement may be executed in multiple counterparts, any one of which need not contain the signature of more than one party, but all such counterparts taken together shall constitute one and the same instrument.

27. **Joint Drafting**. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Agreement and the general rules of construction which would construe any provisions of this Agreement in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Agreement as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Agreement are hereby expressly waived by all parties to this Agreement.

28. **Representatives**.

(a) The Obligors hereby appoint Lima Holdco as their duly authorized agent and representative (the "Obligor Representative") to take all actions and enforce all rights of the Obligors under this Agreement, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the other parties hereto under this Agreement; (v) conducting negotiations and dealing with the Lessors under this Agreement; and (vi) taking any other actions on behalf of the Obligors relating to the Obligors' rights, claims, duties and obligations under this Agreement. In the performance of the Lessors' duties and obligations hereunder, the Lessors shall be authorized and permitted to correspond and transact with the Obligor Representative on behalf of all the Obligors and shall be entitled to rely upon any document or instrument executed and delivered by the Obligor Representative.

(b) The Lessors hereby appoint MPT of Johnstown-Lima, LLC as their duly authorized agent and representative (the "MPT Representative") to take all actions and enforce all rights of the Lessors under this Agreement, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the other parties hereto under this Agreement; (v) conducting negotiations and dealing with the Obligors under this Agreement; and (vi) taking any other actions on behalf of

the Lessors relating to the Lessors' rights, claims, duties and obligations under this Agreement. In the performance of the Obligors duties and obligations hereunder, the Obligors shall be authorized and permitted to correspond and transact with the MPT Representative on behalf of all the Lessors and shall be entitled to rely upon any document or instrument executed and delivered by the MPT Representative.

[*Signatures Appear on Following Pages*]

IN WITNESS WHEREOF, this Agreement is executed and delivered as of the day and year first above written.

Schedule 3.1(a)

Lease Rate and Lease Bases

The "**Lease Rate**" shall be a per annum rate equal to Seven and One-Quarter Percent (7.25%), subject to the Escalator as set forth in Section 3.1(b).

The "**Lease Base**" for each of the Properties are as follows:

Property	Lease Base
1. Dodge City Property	$58,607,076
2. Hastings Property	$10,675,241
3. Johnstown Property	$294,956,923
4. Lander Property	$47,641,423
5. Lawton Property	$73,153,622
6. Meyersdale Property	$5,337,621
7. Ottumwa Property	$57,028,731
8. Palestine Property	$106,088,647
9. Riverton Property	$33,837,665
10. Roaring Springs Property	$12,673,051

and, in each case, plus all costs and expenses not included in such sum which are incurred or paid in connection with the purchase and lease of each of the Properties, including, but not limited to legal, appraisal, title, survey, environmental, seismic, engineering and other fees and expenses paid in connection with the inspection of the Properties and each Facility, and paid to advisors and brokers (except to the extent such items are paid by the Lessees), and shall include the costs and Capital Additions funded by Lessor (and Lessor's Affiliates) as provided in Section 10.4 of this Lease with respect to each Property. Notwithstanding any provision hereof, no item shall be included in the Lease Base for purposes of this Lease to the extent that such item is paid separately by Lessee or is subject to a separate loan repayment obligation of Lessee.

Schedule 9.2

The Total "Number Of Beds" Available for Active Use at Each Facility

[TO BE UPDATED BY LESSEE AT CLOSING]

Facility	Total # of Beds
1. Dodge City Facility	99
2. Hastings Facility	30
3. Johnstown Facility	537
4. Lander Facility	76
5. Lawton Facility	199
6. Meyersdale Facility	20
7. Ottumwa Facility	217
8. Palestine Facility	156
9. Riverton Facility	70
10. Roaring Springs Facility	45

Schedule 9.3

Required Repairs

[None.][4]

[4] To be updated at closing if necessary.

4850-8732-8417
4850-8732-8417

Schedule 10.5

Required Ongoing Capital Projects

1. With respect to the Johnstown Property, the "Conemaugh Ebensburg Outpatient Center" project, with an estimated project cost of approximately Twenty Million Seven Hundred Thousand and No/100 ($20,700,000.00), with an outside completion date of March 31, 2019.

2. With respect to the Johnstown Property, the "Conemaugh Somerset Outpatient" project, with an estimated project cost of approximately Nine Million Two Hundred Thousand and No/100 ($9,200,000.00), with an outside completion date of April 30, 2020.

Schedule 39.25

State Specific Provisions

1. **Iowa Property**. None.

2. **Kansas Property**. None.

3. **Oklahoma Property**. None.

4. **Pennsylvania Property**. With respect to the Pennsylvania Properties, without limiting any other provision of this Lease, the following additional provisions shall apply:

(a) Mechanics Liens. No work performed by Lessee to Pennsylvania Properties pursuant to this Lease, whether in the nature of erection, construction, alteration, or repair, shall be deemed to be for the immediate use and benefit of Lessor so that no mechanic's or other lien shall be allowed against the estate of Lessor by reason of any consent given by Lessor to Lessee to improve such Property. Lessee shall do all things necessary to prevent the filing of any mechanic's liens or other liens against the Property or any part thereof by reason of work, labor, services, or materials supplied or claimed to have been supplied to Lessee. Nothing contained in this Lease shall be construed as consent on the part of Lessor to subject the estate of Lessor to liability under the Mechanic's Lien Law of the Commonwealth of Pennsylvania.

(b) Certain Waivers of Notices. If Lessor commences an action to recover possession of the Property upon the expiration or earlier termination of this Lease, Lessee waives in favor of Lessor all rights to notice under the Pennsylvania Landlord and Tenant Act (including a notice to quit the Property required under 68 P.S. §250.501).

5. **Texas Property**. With respect to the Texas Property, without limiting any other provision of this Lease, the following additional provisions shall apply:

(a) Texas Deceptive Trade Practices Consumer Protection Act. Lessor and Lessee each acknowledge, on its own behalf and on the behalf of its successors and assigns, that the Texas Deceptive Trade Practices Consumer Protection Act, Subchapter E of Chapter 17 of the Texas Business and Commerce Code ("**DTPA**"), is not applicable to this Lease. Accordingly, the rights and remedies of Lessor and Lessee with respect to all acts or practices of the other, past, present, or future, in connection with this Lease shall be governed by legal principles other than the DTPA. Lessor and Lessee each hereby waives its rights under the DTPA, a law that gives consumers special rights and protections. After consultation with an attorney of its own selection, Lessor and Lessee, respectively, voluntarily consent to this waiver.

(b) Waiver Under Texas Property Code Section 93.012. LESSOR AND LESSEE ARE KNOWLEDGEABLE AND EXPERIENCED IN COMMERCIAL LEASING TRANSACTIONS AND AGREE THAT THE PROVISIONS OF THIS LEASE FOR DETERMINING ALL CHARGES, AMOUNTS, AND ADDITIONAL RENT PAYABLE BY LESSEE ARE COMMERCIALLY REASONABLE AND VALID EVEN THOUGH SUCH METHODS MAY NOT STATE A PRECISE MATHEMATICAL FORMULA FOR DETERMINING SUCH

4850-8732-8417

CHARGES. ACCORDINGLY, LESSEE VOLUNTARILY AND KNOWINGLY WAIVES ALL RIGHTS AND BENEFITS OF A LESSEE UNDER SECTION 93.012 OF THE TEXAS PROPERTY CODE, AS SUCH SECTION NOW EXISTS.

(c) Lien Waiver. Lessee hereby waives all lien rights under Section 91.004 of the Texas Property Code (as currently enacted or hereafter modified), as well as any successor statute granting Lessee a lien in Lessor's property.

6. **Wyoming Property**. None.

4850-8732-8417

Exhibit D

Form of Guaranty

See attached.

GUARANTY
(LIMA HOLDCO)

THIS GUARANTY (this "Guaranty") is made and entered into as of this ___ day of _____, 20____, by and among **LIMA HOLDCO, LLC**, a Delaware limited liability company (the "Guarantor"), for the benefit of the undersigned entities listed on the signature page hereto under the heading "MPT Parties" (hereinafter referred to, individually, as an "MPT Party" and, collectively, as the "MPT Parties" or the "Beneficiary"). The Guarantor and the MPT Parties are herein sometimes referred to individually as a "Party" and collectively, as the "Parties."

W I T N E S S E T H:

WHEREAS, certain of the MPT Parties (each a "Lessor" and collectively the "Lessors"), have entered into that certain Master Lease Agreement, dated of even date herewith (as the same may be amended, modified and restated from time to time, the "Master Lease"), with certain Affiliates (as hereinafter defined) of the Guarantor (each a "Lessee" and collectively the "Lessees"), whereby Lessors are leasing (or, as applicable, subleasing) to Lessees, and Lessees are leasing (or, as applicable, subleasing) from Lessors, certain real property consisting of multiple parcels of land, the improvements now or hereafter located thereon (including improvements consisting of multiple hospital facilities), the fixtures now or hereafter attached thereto and all easements, licenses, rights-of-way, appurtenances and other matters and items relating thereto, all as more particularly described in the Master Lease (collectively, the "Master Leased Property");

WHEREAS, the Guarantor is an Affiliate (as herein defined) of the Lessees (together with the Guarantor, hereinafter be referred to, individually, as an "Obligor" and, collectively, as the "Obligors";

WHEREAS, the Guarantor acknowledges that, as a result of the above described transactions, the Guarantor will derive direct and indirect benefits in the form of economies of scale, access to capital and other important strategic operational benefits and, accordingly, the Guarantor has concluded that it is in its best interest to enter into this Guaranty; and

WHEREAS, the Guarantor desires to guarantee unconditionally the Obligations (as herein defined) upon the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises, representations, warranties, mutual covenants and agreements set forth herein, and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Guarantor covenants and agrees as follows:

1. **Defined Terms**. Capitalized terms used herein and not expressly defined herein shall have the respective meanings ascribed to them in this Section 1.

"Affiliate" means, with respect to any Person (i) any Person that, directly or indirectly, controls or is controlled by or is under common control with such Person, (ii) any other Person that owns, beneficially, directly or indirectly, 10% or more of the outstanding capital stock, shares or equity interests of such Person, or (iii) any officer, director, employee, shareholder, partner, member, manager or trustee of such Person or any Person controlling, controlled by or under common control with such Person (excluding trustees and persons serving in similar capacities who

are not otherwise an Affiliate of such Person). For the purposes of this definition, "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, through the ownership of voting securities or otherwise.

"Business Day" means each Monday, Tuesday, Wednesday, Thursday and Friday that is not a day on which money centers in the City of New York, New York are authorized or obligated by law or executive order to close.

"Environmental Indemnification Agreement" means that certain Environmental Indemnification Agreement, dated of even date herewith, among Lima Holdco, Lessees, and Lessors, on the other hand, as the same may be amended, modified and restated from time to time.

"Obligations" means the respective obligations, duties and liabilities (as applicable) of the Obligors and each of their respective Affiliates under or pursuant to (a) the Master Lease, (b) the Environmental Indemnification Agreement, (c) each of the other Obligation Documents, and (d) any and all amendments, restatements, supplements, renewals, and extensions of the liabilities or obligations described or referred to in subsections (a), (b), and (c) above.

"Obligation Documents" shall mean the Master Lease, the Environmental Indemnification Agreement, and all other "Obligation Documents" under and as defined in the Master Lease, in each case, as the same may be modified, amended, or restated from time to time.

2. **Guaranty.** The Guarantor absolutely, unconditionally and irrevocably guarantees to and for the benefit of Beneficiary, the full and prompt payment when due and performance of the Obligations (other than those with respect to which it is already a direct obligor). Upon the occurrence of an Event of Default hereunder, the Guarantor shall, within ten (10) days after receipt of written notice from any MPT Party perform or cause the Obligors, as applicable, to perform such obligations, as if they constituted the direct and primary obligations of the Guarantor. Beneficiary may, in its sole discretion, seek satisfaction of such Obligations from any or all of the Obligors and/or the Guarantor. The obligations and liabilities of the Guarantor under this Guaranty are continuing, absolute and unconditional, shall not be subject to any counterclaim, recoupment, set-off, reduction or defense based upon any claim that the Guarantor may have against any of the Obligors, MPT Parties or their respective Affiliates, officers, directors, members, shareholders, employees, agents and representatives, and shall remain in full force and effect until all of the Obligations guaranteed hereby have been paid and performed in full (other than contingent indemnification obligations for which no claim has been made), without regard to, and without being released, discharged, impaired, modified or in any way affected by, the occurrence from time to time of the following events, circumstances or conditions, whether or not the Guarantor shall have knowledge or notice thereof or shall have consented thereto:

(a) the failure or refusal to give notice to the Guarantor;

(b) in each case, except as expressly applicable to the Guarantor, the compromise, settlement, release or termination with any Obligor of any or all of the obligations, covenants or agreements of such Obligor under any of the Obligation Documents, or the amendment, modification, restatement, or forgiveness of any of the Obligation Documents;

(c) any consent, extension or indulgence under or in respect of any exercise or non-exercise of any right, remedy, power or privilege under or with respect to any of the Obligations guaranteed hereby;

(d) the assignment of any of the Obligation Documents by any MPT Party or Obligor or the subletting of any portion of the Property to the extent permitted by the Obligation Documents; or

(e) the voluntary or involuntary liquidation or dissolution of, sale or other disposition of all or substantially all of the assets of, or the marshalling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition or readjustment of, or other similar proceeding affecting, the Beneficiary, the Guarantor, any of the Obligors, or any of their respective assets, or any action taken by any trustee or receiver or by any court in any such proceeding, or the disaffirmance, rejection or postponement in any such proceeding, of any of the Beneficiary's, the Guarantor's, any Obligor's, or any other party's covenants, obligations, undertakings or agreements.

3. **Representations and Warranties of Guarantor**. The Guarantor hereby represents and warrants to Beneficiary as of the date hereof that (a) the Guarantor has full legal right, power and authority to enter into this Guaranty, to incur the obligations provided for herein, and to execute and deliver the same to Beneficiary; (b) this Guaranty has been duly executed and delivered by the Guarantor and constitutes the Guarantor's valid and legally binding obligation, enforceable against the Guarantor in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and similar laws affecting the enforcement of creditor's rights or contractual obligations generally and, as to enforcement, to general principles of equity, regardless of whether applied in a proceeding at law or in equity; (c) no approval or consent of any foreign, federal, state, county, local or other governmental or regulatory body, and no approval or consent of any other person is required in connection with the execution and delivery by the Guarantor of this Guaranty or the consummation and performance by the Guarantor of the transactions contemplated hereby, except such approvals or consents as shall have been obtained on or prior to the date hereof; (d) the execution and delivery of this Guaranty and the obligations created hereby have been duly authorized by all necessary proceedings on the part of the Guarantor, and will not conflict with or result in the material breach or violation of any of the terms or conditions of, or constitute (or with notice or lapse of time or both would constitute) a default under the governing documents of the Guarantor, any material instrument, contract or other agreement to which the Guarantor is a party or by or to which the Guarantor or the Guarantor's assets or properties are bound or subject; or any statute or any regulation, order, judgment or decree of any court or governmental or regulatory body; and (e) the Guarantor is not party to or, to the knowledge of the Guarantor, threatened with any litigation or judicial, administrative or arbitration proceeding which, if decided adversely to the Guarantor, would restrain, prohibit or materially delay the transactions contemplated hereby.

4. **Events of Default**. An occurrence of any of the following shall constitute an "Event of Default" hereunder:

(a) There shall occur an "Event of Default" under and within the meaning of the Master Lease.

(b) There shall occur an "Event of Default" under and within the meaning of any of the other Obligation Documents.

(c) The failure of the Guarantor to punctually and properly perform in all material respects (without duplication of any materiality qualifier herein) any covenant or obligation contained herein if the same shall remain uncured within a period of thirty (30) days after receipt by Guarantor of written notice thereof from the MPT Parties, unless such failure cannot with due diligence be cured within a period of thirty (30) days (in the MPT Parties' reasonable discretion), in which case such failure shall not be deemed to continue so long as the Guarantor commences to cure such failure within the thirty (30) day period and proceed with due diligence to complete the curing thereof within sixty (60) days after receipt by the Guarantor of the MPT Parties' notice of default (or such longer period as is reasonably required in the reasonable determination of the MPT Parties to effect such cure if the Guarantor is diligently proceeding to do so); *provided, however*, in no event shall the MPT Parties be required to give more than two (2) notices and cure period for Guarantor's failure to observe or perform the same (or repetitive) covenant or condition in any consecutive twelve (12) month period.

5. **Remedies**. Upon the occurrence of an Event of Default, the Beneficiary shall have any and all rights and remedies available in law or equity to enforce any failure by the Guarantor to fulfill its obligations hereunder. No remedy herein conferred upon or reserved to the Beneficiary hereunder is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every such remedy now or hereafter existing at law or in equity.

6. **Waiver of Acceptance, Etc**.

(a) The Guarantor waives diligence, presentment, protest, demand for payment and notice of default or nonpayment to or upon any Obligor with respect to the Obligations guaranteed hereunder. Without limiting the other provisions of this Section 6, this Guaranty shall be construed as a continuing, absolute and unconditional guarantee of performance and payment without regard to the validity, regularity or enforceability of any obligations or any other collateral security thereof (if any) or other guarantee thereof (if any) or any other circumstance whatsoever (with or without notice to or knowledge of the Guarantor) which constitutes, or might be construed to constitute, an equitable or legal discharge of the obligations of the Guarantor under this Guaranty, in bankruptcy or in any other instance, and the obligations and liabilities of the Guarantor hereunder shall not be conditioned or contingent upon the pursuit by Beneficiary or any other person at any time of any right or remedy against any Obligor or against any other person (if any) which may be or become liable in respect of all or any part of the obligations or against any collateral security therefor or guarantee thereof or right of offset with respect thereto (if any). This Guaranty is not merely a guarantee of collection and the obligations of the Guarantor hereunder are primary and this Guaranty constitutes a guarantee of payment.

(b) The Guarantor waives any and all rights or defenses arising by reason of: (i) any "one action" or "anti-deficiency" law or any other law which may prevent the Beneficiaries from bringing any action, including a claim for deficiency, against the Guarantor, before or after the Beneficiaries commencement or completion of any foreclosure or similar action or actions, either judicially or by exercise of a power of sale; (ii) any election of remedies by the Beneficiaries which destroys or otherwise adversely affects the Guarantor's subrogation rights or any the Guarantor's

rights to proceed against any Person for reimbursement, including without limitation, any loss of rights the Guarantor may suffer by reason of any law limiting, qualifying, or discharging the Obligations, if any, (iii) any disability or other defense of any other Person, other than payment in full in legal tender, of the Obligations; (iv) any right to claim discharge of the Obligations on the basis of unjustified impairment of any collateral for the Obligations; (v) any statute of limitations; (vi) any defenses given to guarantors, sureties, and/or co-makers at law or in equity other than actual payment and performance of the Obligations; or (vii) any action by the Beneficiaries to enforce their respective rights and remedies under the Master Lease and the other Obligation Documents. If payment on the Obligations is made by any third party, and thereafter the Beneficiaries are forced to remit the amount of that payment under any federal or state bankruptcy law or law for the relief of debtors, the Obligations shall be considered unpaid for the purpose of enforcement of this Guaranty and the other Obligation Documents against the Guarantor.

7. **Subrogation**. Until all of the Obligations guaranteed hereunder have been satisfied and discharged in full (other than contingent indemnification obligations for which no claim has been made), (a) the Guarantor shall not exercise its right of subrogation and (b) the Guarantor waives any right to enforce any remedy which Beneficiary now has or may hereafter have against any Obligor or any other guarantor or any other party to any of the Obligations Documents, and any benefit of, and any right to participate in, any security or other assets now or hereafter held by Beneficiary with respect to any of the Obligation Documents or any other document entered into in connection therewith.

8. **Severability**. Whenever possible, each provision of this Guaranty shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Guaranty is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Guaranty, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision.

9. **No Waiver**. Any provision of this Guaranty or Exhibits hereto may be amended or waived only in a writing signed by the parties hereto. No waiver of any provision hereunder or any breach or default thereof shall extend to or affect in any way any other provision or prior or subsequent breach or default.

10. **Patriot Act Compliance**. Guarantors hereby represents and warrants to Beneficiary as follows:

(a) the Guarantor has complied in all material respects with the International Money Laundering Abatement and Anti-Terrorist Financing Act of 2001, which comprises Title III of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the "Patriot Act") and the regulations promulgated thereunder, and the rules and regulations administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC"), to the extent the same are applicable to the Guarantor; and

(b) the Guarantor is not included on the List of Specially Designated Nationals and Blocked Persons maintained by the OFAC, nor is the Guarantor a resident in, or organized or chartered under the laws of, (i) a jurisdiction that has been designated by the U.S. Secretary of the Treasury under Section 311 or 312 of the Patriot Act as warranting special measures due to money

laundering concerns or (ii) any foreign country that has been designated as non-cooperative with international anti-money laundering principles or procedures by an intergovernmental group or organization, such as the Financial Action Task Force on Money Laundering, of which the United States is a member and with which designation the United States representative to the group or organization continues to concur.

11. **Tolling of Statute of Limitations**. Any act or circumstance that shall toll any statute of limitations applicable to the Obligations guaranteed hereby shall also toll the statute of limitations applicable to the liability of the Guarantor for the Obligations guaranteed by this Guaranty.

12. **Notices**. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Guaranty shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

or to such other address with respect to a party as such party notifies the other in writing as above provided.

13. **Governing Law; Jurisdiction and Venue; Waiver of Jury Trial**.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts executed and performed in such State, without giving effect to conflicts of law principles.

(b) THE PARTIES HERETO CONSENT TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION, THE MPT PARTIES AND THE GUARANTOR AGREE THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS AGREEMENT SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. THE PARTIES EXPRESSLY ACKNOWLEDGE THAT DELAWARE IS A FAIR, JUST AND REASONABLE FORUM AND AGREE NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY THE OTHER PARTIES IN SAID COURTS. FURTHER, THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO SECTION 12 SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT.

(c) TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENT (WHETHER VERBAL OR WRITTEN) OR ACTION OF ANY PARTY OR ANY EXERCISE OF ANY PARTY OF THEIR RESPECTIVE RIGHTS HEREUNDER OR IN ANY WAY RELATING TO THIS AGREEMENT OR THE COLLATERAL (INCLUDING ANY CLAIM OR DEFENSE ASSERTING THAT THIS AGREEMENT WAS FRAUDULENTLY INDUCED OR IS OTHERWISE VOID OR VOIDABLE). THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE MPT PARTIES TO ENTER INTO THIS AGREEMENT AND THE OTHER OBLIGATION DOCUMENTS.

14. **Delivery by Electronic Transmission**. This Guaranty and any signed agreement entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar

attachment to electronic mail, shall be treated in all manner and respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any party hereto or to any such contract, each other party hereto or thereto shall re-execute original forms thereof and deliver them to all other parties. No party hereto or to any such contract shall raise the use of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail to deliver a signature or the fact that any signature or contract was transmitted or communicated through the use of facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail as a defense to the formation of a contract and each such party forever waives any such defense.

15. **Expenses**. The Beneficiary shall be entitled to recover all reasonable and documented out-of-pocket costs associated with enforcing the provisions of this Guaranty in the event of a breach hereof by the Guarantor, including, without limitation, courts costs and reasonable and documented out-of-pocket attorneys' fees.

16. **Entire Agreement; Modification**. This Guaranty and the documents referred to herein contain the complete agreement between the parties hereto and supersede any prior understandings, agreements or representations by or between the parties, written or oral, which may have related to the subject matter hereof in any way.

17. **Binding Effect; Assignment**. This Guaranty shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, except that neither this Guaranty nor any of the rights, interests or obligations hereunder may be assigned or delegated by the Guarantor without the prior written consent of the MPT Parties. Beneficiary may at any time and without the consent of the Guarantor assign all of its rights and obligations hereunder.

18. **No Third Party Beneficiaries**. Nothing expressed or referred to in this Guaranty will be construed to give any Person other than the parties to this Guaranty any legal or equitable right, remedy, or claim under or with respect to this Guaranty or any provision of this Guaranty.

19. **Counterparts**. This Guaranty may be executed in multiple counterparts, any one of which need not contain the signature of more than one party, but all such counterparts taken together shall constitute one and the same instrument.

20. **Necessary Action**. Each party shall perform any further acts and execute and deliver any documents that may be reasonably necessary to carry out the provisions of this Guaranty.

21. **Joint Drafting**. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Guaranty and the general rules of construction which would construe any provisions of this Guaranty in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Guaranty as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Guaranty are hereby expressly waived by all parties to this Guaranty.

22. **Intentionally Omitted**.

23. **Representatives**. The MPT Parties hereby appoint MPT of Johnstown-Lima, LLC as their duly authorized agent and representative (the "MPT Representative") to take all actions and enforce

all rights of the MPT Parties under this Guaranty, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Guaranty; (ii) interpreting all of the terms and provisions of this Guaranty; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the Guarantors under this Guaranty; (v) conducting negotiations and dealing with the Guarantor under this Guaranty; and (vi) taking any other actions on behalf of the MPT Parties relating to the MPT Parties' rights, claims, duties and obligations under this Guaranty. In the performance of the Guarantor's duties and obligations hereunder, the Guarantor shall be authorized and permitted to correspond and transact with the MPT Representative on behalf of all the MPT Parties and shall be entitled to rely upon any document or instrument executed and delivered by the MPT Representative.

[*Signatures appear on following 2 pages.*]

IN WITNESS WHEREOF, the Guarantor has executed and delivered this Guaranty as of the date first above written.

Exhibit E

Form of LifePoint Lease Guaranty

See attached.

GUARANTY
(LIFEPOINT)

THIS GUARANTY (this "Guaranty") is made and entered into as of this ___ day of _____, 20____, by and among **LIFEPOINT HEALTH, [INC.]**, a Delaware [corporation] (the "Guarantor"), for the benefit of the undersigned entities listed on the signature page hereto under the heading "MPT Parties" (hereinafter referred to, individually, as an "MPT Party" and, collectively, as the "MPT Parties" or the "Beneficiary"). The Guarantor and the MPT Parties are herein sometimes referred to individually as a "Party" and collectively, as the "Parties."

W I T N E S S E T H:

WHEREAS, certain of the MPT Parties (each a "Lessor" and collectively the "Lessors"), have entered into that certain Master Lease Agreement, dated of even date herewith (as the same may be amended, modified and restated from time to time, the "Master Lease"), with certain Affiliates (as hereinafter defined) of the Guarantor (each a "Lessee" and collectively the "Lessees"), whereby Lessors are leasing (or, as applicable, subleasing) to Lessees, and Lessees are leasing (or, as applicable, subleasing) from Lessors, certain real property consisting of multiple parcels of land, the improvements now or hereafter located thereon (including improvements consisting of multiple hospital facilities), the fixtures now or hereafter attached thereto and all easements, licenses, rights-of-way, appurtenances and other matters and items relating thereto, all as more particularly described in the Master Lease (collectively, the "Master Leased Property");

WHEREAS, the Guarantor is an Affiliate (as herein defined) of the Lessees (together with the Guarantor, hereinafter be referred to, individually, as an "Obligor" and, collectively, as the "Obligors";

WHEREAS, the Guarantor acknowledges that, as a result of the above described transactions, the Guarantor will derive direct and indirect benefits in the form of economies of scale, access to capital and other important strategic operational benefits and, accordingly, the Guarantor has concluded that it is in its best interest to enter into this Guaranty; and

WHEREAS, the Guarantor desires to guarantee unconditionally the Obligations (as herein defined) upon the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises, representations, warranties, mutual covenants and agreements set forth herein, and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Guarantor covenants and agrees as follows:

1. **Defined Terms**. Capitalized terms used herein and not expressly defined herein shall have the respective meanings ascribed to them in this Section 1.

"Affiliate" means, with respect to any Person (i) any Person that, directly or indirectly, controls or is controlled by or is under common control with such Person, (ii) any other Person that owns, beneficially, directly or indirectly, 10% or more of the outstanding capital stock, shares or equity interests of such Person, or (iii) any officer, director, employee, shareholder, partner, member, manager or trustee of such Person or any Person controlling, controlled by or under common control with such Person (excluding trustees and persons serving in similar capacities who

are not otherwise an Affiliate of such Person). For the purposes of this definition, "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, through the ownership of voting securities or otherwise.

"Business Day" means each Monday, Tuesday, Wednesday, Thursday and Friday that is not a day on which money centers in the City of New York, New York are authorized or obligated by law or executive order to close.

"Environmental Indemnification Agreement" means that certain Environmental Indemnification Agreement, dated of even date herewith, among Lima Holdco, LLC, a Delaware limited liability company ("Lima HoldCo"), Lessees, and Lessors, on the other hand, as the same may be amended, modified and restated from time to time.

"Obligations" means the respective obligations, duties and liabilities (as applicable) of the Obligors and each of their respective Affiliates under or pursuant to (a) the Master Lease, (b) the Environmental Indemnification Agreement, (c) each of the other Obligation Documents, and (d) any and all amendments, restatements, supplements, renewals, and extensions of the liabilities or obligations described or referred to in subsections (a), (b), and (c) above.

"Obligation Documents" shall mean the Master Lease, the Environmental Indemnification Agreement, and all other "Obligation Documents" under and as defined in the Master Lease, in each case, as the same may be modified, amended, or restated from time to time.

"Purchase Agreement" has the meaning set forth in the Master Lease.

2. **Guaranty.** The Guarantor absolutely, unconditionally and irrevocably guarantees to and for the benefit of Beneficiary, the full and prompt payment when due and performance of the Obligations (other than those with respect to which it is already a direct obligor). Upon the occurrence of an Event of Default hereunder, the Guarantor shall, within ten (10) days after receipt of written notice from any MPT Party perform or cause the Obligors, as applicable, to perform such obligations, as if they constituted the direct and primary obligations of the Guarantor. Beneficiary may, in its sole discretion, seek satisfaction of such Obligations from any or all of the Obligors and/or the Guarantor. The obligations and liabilities of the Guarantor under this Guaranty are continuing, absolute and unconditional, shall not be subject to any counterclaim, recoupment, set-off, reduction or defense based upon any claim that the Guarantor may have against any of the Obligors, MPT Parties or their respective Affiliates, officers, directors, members, shareholders, employees, agents and representatives, and shall remain in full force and effect until all of the Obligations guaranteed hereby have been paid and performed in full (other than contingent indemnification obligations for which no claim has been made), without regard to, and without being released, discharged, impaired, modified or in any way affected by, the occurrence from time to time of the following events, circumstances or conditions, whether or not the Guarantor shall have knowledge or notice thereof or shall have consented thereto:

(a) the failure or refusal to give notice to the Guarantor;

(b) in each case, except as expressly applicable to the Guarantor, the compromise, settlement, release or termination with any Obligor of any or all of the obligations, covenants or agreements of such Obligor under any of the Obligation Documents, or the amendment, modification, restatement, or forgiveness of any of the Obligation Documents;

(c) any consent, extension or indulgence under or in respect of any exercise or non-exercise of any right, remedy, power or privilege under or with respect to any of the Obligations guaranteed hereby;

(d) the assignment of any of the Obligation Documents by any MPT Party or Obligor or the subletting of any portion of the Property to the extent permitted by the Obligation Documents; or

(e) the voluntary or involuntary liquidation or dissolution of, sale or other disposition of all or substantially all of the assets of, or the marshalling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition or readjustment of, or other similar proceeding affecting, the Beneficiary, the Guarantor, any of the Obligors, or any of their respective assets, or any action taken by any trustee or receiver or by any court in any such proceeding, or the disaffirmance, rejection or postponement in any such proceeding, of any of the Beneficiary's, the Guarantor's, any Obligor's, or any other party's covenants, obligations, undertakings or agreements.

3. **Representations and Warranties of Guarantor**. The Guarantor hereby represents and warrants to Beneficiary as of the date hereof that (a) the Guarantor has full legal right, power and authority to enter into this Guaranty, to incur the obligations provided for herein, and to execute and deliver the same to Beneficiary; (b) this Guaranty has been duly executed and delivered by the Guarantor and constitutes the Guarantor's valid and legally binding obligation, enforceable against the Guarantor in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and similar laws affecting the enforcement of creditor's rights or contractual obligations generally and, as to enforcement, to general principles of equity, regardless of whether applied in a proceeding at law or in equity; (c) no approval or consent of any foreign, federal, state, county, local or other governmental or regulatory body, and no approval or consent of any other person is required in connection with the execution and delivery by the Guarantor of this Guaranty or the consummation and performance by the Guarantor of the transactions contemplated hereby, except such approvals or consents as shall have been obtained on or prior to the date hereof; (d) the execution and delivery of this Guaranty and the obligations created hereby have been duly authorized by all necessary proceedings on the part of the Guarantor, and will not conflict with or result in the material breach or violation of any of the terms or conditions of, or constitute (or with notice or lapse of time or both would constitute) a default under the governing documents of the Guarantor, any material instrument, contract or other agreement to which the Guarantor is a party or by or to which the Guarantor or the Guarantor's assets or properties are bound or subject; or any statute or any regulation, order, judgment or decree of any court or governmental or regulatory body; and (e) the Guarantor is not party to or, to the knowledge of the Guarantor, threatened with any litigation or judicial, administrative or arbitration proceeding which, if decided adversely to the Guarantor, would restrain, prohibit or materially delay the transactions contemplated hereby.

4. **Events of Default**. An occurrence of any of the following shall constitute an "Event of Default" hereunder:

(a) There shall occur an "Event of Default" under and within the meaning of the Master Lease.

(b) There shall occur an "Event of Default" under and within the meaning of any of the other Obligation Documents.

(c) The failure of the Guarantor to punctually and properly perform in all material respects (without duplication of any materiality qualifier herein) any covenant or obligation contained herein if the same shall remain uncured within a period of thirty (30) days after receipt by Guarantor of written notice thereof from the MPT Parties, unless such failure cannot with due diligence be cured within a period of thirty (30) days (in the MPT Parties' reasonable discretion), in which case such failure shall not be deemed to continue so long as the Guarantor commences to cure such failure within the thirty (30) day period and proceed with due diligence to complete the curing thereof within sixty (60) days after receipt by the Guarantor of the MPT Parties' notice of default (or such longer period as is reasonably required in the reasonable determination of the MPT Parties to effect such cure if the Guarantor is diligently proceeding to do so); *provided, however*, in no event shall the MPT Parties be required to give more than two (2) notices and cure period for Guarantor's failure to observe or perform the same (or repetitive) covenant or condition in any consecutive twelve (12) month period.

5. **Remedies**. Upon the occurrence of an Event of Default, the Beneficiary shall have any and all rights and remedies available in law or equity to enforce any failure by the Guarantor to fulfill its obligations hereunder. No remedy herein conferred upon or reserved to the Beneficiary hereunder is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every such remedy now or hereafter existing at law or in equity.

6. **Waiver of Acceptance, Etc**.

(a) The Guarantor waives diligence, presentment, protest, demand for payment and notice of default or nonpayment to or upon any Obligor with respect to the Obligations guaranteed hereunder. Without limiting the other provisions of this Section 6, this Guaranty shall be construed as a continuing, absolute and unconditional guarantee of performance and payment without regard to the validity, regularity or enforceability of any obligations or any other collateral security thereof (if any) or other guarantee thereof (if any) or any other circumstance whatsoever (with or without notice to or knowledge of the Guarantor) which constitutes, or might be construed to constitute, an equitable or legal discharge of the obligations of the Guarantor under this Guaranty, in bankruptcy or in any other instance, and the obligations and liabilities of the Guarantor hereunder shall not be conditioned or contingent upon the pursuit by Beneficiary or any other person at any time of any right or remedy against any Obligor or against any other person (if any) which may be or become liable in respect of all or any part of the obligations or against any collateral security therefor or guarantee thereof or right of offset with respect thereto (if any). This Guaranty is not merely a guarantee of collection and the obligations of the Guarantor hereunder are primary and this Guaranty constitutes a guarantee of payment.

(b) The Guarantor waives any and all rights or defenses arising by reason of: (i) any "one action" or "anti-deficiency" law or any other law which may prevent the Beneficiaries from

bringing any action, including a claim for deficiency, against the Guarantor, before or after the Beneficiaries commencement or completion of any foreclosure or similar action or actions, either judicially or by exercise of a power of sale; (ii) any election of remedies by the Beneficiaries which destroys or otherwise adversely affects the Guarantor's subrogation rights or any the Guarantor's rights to proceed against any Person for reimbursement, including without limitation, any loss of rights the Guarantor may suffer by reason of any law limiting, qualifying, or discharging the Obligations, if any, (iii) any disability or other defense of any other Person, other than payment in full in legal tender, of the Obligations; (iv) any right to claim discharge of the Obligations on the basis of unjustified impairment of any collateral for the Obligations; (v) any statute of limitations; (vi) any defenses given to guarantors, sureties, and/or co-makers at law or in equity other than actual payment and performance of the Obligations; or (vii) any action by the Beneficiaries to enforce their respective rights and remedies under the Master Lease and the other Obligation Documents. If payment on the Obligations is made by any third party, and thereafter the Beneficiaries are forced to remit the amount of that payment under any federal or state bankruptcy law or law for the relief of debtors, the Obligations shall be considered unpaid for the purpose of enforcement of this Guaranty and the other Obligation Documents against the Guarantor.

7. **Subrogation**. Until all of the Obligations guaranteed hereunder have been satisfied and discharged in full (other than contingent indemnification obligations for which no claim has been made), (a) the Guarantor shall not exercise its right of subrogation and (b) the Guarantor waives any right to enforce any remedy which Beneficiary now has or may hereafter have against any Obligor or any other guarantor or any other party to any of the Obligations Documents, and any benefit of, and any right to participate in, any security or other assets now or hereafter held by Beneficiary with respect to any of the Obligation Documents or any other document entered into in connection therewith.

8. **Severability**. Whenever possible, each provision of this Guaranty shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Guaranty is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Guaranty, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision.

9. **No Waiver**. Any provision of this Guaranty or Exhibits hereto may be amended or waived only in a writing signed by the parties hereto. No waiver of any provision hereunder or any breach or default thereof shall extend to or affect in any way any other provision or prior or subsequent breach or default.

10. **Patriot Act Compliance**. Guarantors hereby represents and warrants to Beneficiary as follows:

(a) the Guarantor has complied in all material respects with the International Money Laundering Abatement and Anti-Terrorist Financing Act of 2001, which comprises Title III of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the "Patriot Act") and the regulations promulgated thereunder, and the rules and regulations administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC"), to the extent the same are applicable to the Guarantor; and

(b) the Guarantor is not included on the List of Specially Designated Nationals and Blocked Persons maintained by the OFAC, nor is the Guarantor a resident in, or organized or chartered under the laws of, (i) a jurisdiction that has been designated by the U.S. Secretary of the Treasury under Section 311 or 312 of the Patriot Act as warranting special measures due to money laundering concerns or (ii) any foreign country that has been designated as non-cooperative with international anti-money laundering principles or procedures by an intergovernmental group or organization, such as the Financial Action Task Force on Money Laundering, of which the United States is a member and with which designation the United States representative to the group or organization continues to concur.

11. **Tolling of Statute of Limitations**. Any act or circumstance that shall toll any statute of limitations applicable to the Obligations guaranteed hereby shall also toll the statute of limitations applicable to the liability of the Guarantor for the Obligations guaranteed by this Guaranty.

12. **Notices**. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Guaranty shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

or to such other address with respect to a party as such party notifies the other in writing as above provided.

13. **Governing Law; Jurisdiction and Venue; Waiver of Jury Trial**.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts executed and performed in such State, without giving effect to conflicts of law principles.

(b) THE PARTIES HERETO CONSENT TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION, THE MPT PARTIES AND THE GUARANTOR AGREE THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS AGREEMENT SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. THE PARTIES EXPRESSLY ACKNOWLEDGE THAT DELAWARE IS A FAIR, JUST AND REASONABLE FORUM AND AGREE NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY THE OTHER PARTIES IN SAID COURTS. FURTHER, THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO SECTION 12 SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT.

(c) TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENT (WHETHER VERBAL OR WRITTEN) OR ACTION OF ANY PARTY OR ANY EXERCISE OF ANY PARTY OF THEIR RESPECTIVE RIGHTS HEREUNDER OR IN ANY WAY RELATING TO THIS AGREEMENT OR THE COLLATERAL (INCLUDING ANY CLAIM OR DEFENSE ASSERTING THAT THIS AGREEMENT WAS FRAUDULENTLY INDUCED OR IS OTHERWISE VOID OR VOIDABLE). THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE MPT PARTIES TO ENTER INTO THIS AGREEMENT AND THE OTHER OBLIGATION DOCUMENTS.

14. **Delivery by Electronic Transmission**. This Guaranty and any signed agreement entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail, shall be treated in all manner and respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any party hereto or to any such contract, each other party hereto or thereto shall re-execute original forms thereof and deliver them to all other parties. No party hereto or to any such contract shall raise the use of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail to deliver a signature or the fact that any signature or contract was transmitted or communicated through the use of facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail as a defense to the formation of a contract and each such party forever waives any such defense.

15. **Expenses**. The Beneficiary shall be entitled to recover all reasonable and documented out-of-pocket costs associated with enforcing the provisions of this Guaranty in the event of a breach hereof by the Guarantor, including, without limitation, courts costs and reasonable and documented out-of-pocket attorneys' fees.

16. **Entire Agreement; Modification**. This Guaranty and the documents referred to herein contain the complete agreement between the parties hereto and supersede any prior understandings, agreements or representations by or between the parties, written or oral, which may have related to the subject matter hereof in any way.

17. **Binding Effect; Assignment**. This Guaranty shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, except that neither this Guaranty nor any of the rights, interests or obligations hereunder may be assigned or delegated by the Guarantor without the prior written consent of the MPT Parties. Beneficiary may at any time and without the consent of the Guarantor assign all of its rights and obligations hereunder.

18. **No Third Party Beneficiaries**. Nothing expressed or referred to in this Guaranty will be construed to give any Person other than the parties to this Guaranty any legal or equitable right, remedy, or claim under or with respect to this Guaranty or any provision of this Guaranty.

19. **Counterparts**. This Guaranty may be executed in multiple counterparts, any one of which need not contain the signature of more than one party, but all such counterparts taken together shall constitute one and the same instrument.

20. **Necessary Action**. Each party shall perform any further acts and execute and deliver any documents that may be reasonably necessary to carry out the provisions of this Guaranty.

21. **Joint Drafting**. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Guaranty and the general rules of construction which would construe any provisions of this Guaranty in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Guaranty as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Guaranty are hereby expressly waived by all parties to this Guaranty.

22. **Termination**. Notwithstanding anything to the contrary, this Guaranty shall terminate and be of no further force or effect on the earlier of (A) if the Outside Closing Date (as defined in the Purchase Agreement) has occurred, the date that Lima HoldCo holds a direct or indirect ownership interest in each Lessee and (B) if the Outside Closing Date has not occurred, the date that Lima HoldCo holds a direct or indirect ownership interest in each Lima Seller (as defined in the Purchase Agreement) and from and after such date, Guarantor shall have no further obligations hereunder. Upon request of the Guarantor, the MPT Parties will provide the Guarantor with written evidence of such termination.

23. **Representatives**. The MPT Parties hereby appoint MPT of Johnstown-Lima, LLC as their duly authorized agent and representative (the "MPT Representative") to take all actions and enforce all rights of the MPT Parties under this Guaranty, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Guaranty; (ii) interpreting all of the terms and provisions of this Guaranty; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the Guarantors under this Guaranty; (v) conducting negotiations and dealing with the Guarantor under this Guaranty; and (vi) taking any other actions on behalf of the MPT Parties relating to the MPT Parties' rights, claims, duties and obligations under this Guaranty. In the performance of the Guarantor's duties and obligations hereunder, the Guarantor shall be authorized and permitted to correspond and transact with the MPT Representative on behalf of all the MPT Parties and shall be entitled to rely upon any document or instrument executed and delivered by the MPT Representative.

[*Signatures appear on following 2 pages.*]

IN WITNESS WHEREOF, the Guarantor has executed and delivered this Guaranty as of the date first above written.

Birmingham, Alabama 35203
Attention: Lynn Reynolds

ASSIGNMENT AND ASSUMPTION OF LEASE AGREEMENT[1]

THIS ASSIGNMENT AND ASSUMPTION OF LEASE (this "**Assignment and Assumption**") is made as of _____, 20__, by and between [_____], a [_____], with an address of c/o LifePoint Health, [Inc.], 330 Seven Springs Way, Brentwood, TN 37027, Attention: General Counsel (the "**Assignor**"), and **MPT OF [_____]-LIMA, LLC**, a Delaware limited liability company with an address of 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242 ("**Assignee**").

WITNESSETH:

A. The Assignor, as lessee, and [_____], as lessor (the "**Lessor**"), are parties to that certain [Lease Agreement, dated _____, ____] (the "**Assumed Lease**"), whereby the Lessor leased to the Assignor certain property located in the City of [_____], [_____] County, [_____], more particularly described on ***EXHIBIT A*** attached hereto and made a part hereof by reference and incorporation (the "**Assumed Leased Property**").

B. Notice of the Assumed Lease has been provided by the recordation of a [Memorandum of Lease Agreement] recorded at Book [____], Page [____], in the Office of the [County Clerk] of [_____] County, [_____].

[1] NTD: Form subject to revision on a property-by-property basis following local counsel review.

C. Assignor, and certain of its affiliates, and Assignee, and certain of its Affiliates, are parties to that certain Real Property Asset Purchase Agreement, dated as of _____, 2019 (as amended, modified, or restated from time to time, the "**Purchase Agreement**"), pursuant to which Purchase Agreement, Assignor is required to assign to Assignee all of the right, title and interest of Assignor in and to the Assumed Lease and the Assumed Leased Property.

D. [The Lessor has consented to this Assignment and Assumption and the Lessor's written consent is attached hereto as ***EXHIBIT B*** and made a part hereof by reference and incorporation.]

AGREEMENT

N O W, T H E R E F O R E, in consideration of the mutual covenants herein set forth, the parties agree as follows:

1. Assignor hereby assigns and transfers to Assignee all of Assignor's right, title and interest in and to the Assumed Lease and the Assumed Leased Property, and Assignee hereby accepts from Assignor all such right, title and interest, regardless of whether such obligations first arise or accrue before, on or after the date hereof; subject, however, to the terms, conditions and provisions set forth in this Assignment and Assumption and the Purchase Agreement.

2. This Assignment and Assumption shall be governed by and construed in accordance with the laws of the State of [_____] and may not be modified or amended in any manner other than by a written agreement signed by the party to be charged therewith.

3. If any term or provision of this Assignment and Assumption or the application thereof to any persons or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Assignment and Assumption or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected thereby, and each term and provision of this Assignment and Assumption shall be valid and enforced to the fullest extent permitted by law.

4. This Assignment and Assumption may be executed in counterparts, each of which shall be an original and all of which counterparts taken together shall constitute one and the same agreement. Any signatures transmitted electronically or by facsimile shall be deemed originals.

5. This Assignment shall be binding upon, and inure to the benefit of, all of the parties hereto, their successors and assigns.

[Intentionally Left Blank]

[Signatures appear on following 2 pages]

IN WITNESS WHEREOF, the undersigned have executed this Assignment and Assumption as of the date first set forth hereinabove.

[_____, a _____] (the "**Lessor**"), is the owner of that certain property located in the City of [_____], [_____] County, [_____] (the "**Leased Property**"), and which Leased Property Lessor leases to [_____, a _____] ("**Tenant**"), pursuant to the terms and conditions of that certain [Lease Agreement], dated _____, 20___, by and between the Lessor and the Tenant (as amended, modified or restated from time to time, the "**Assumed Lease**").

The undersigned authorized agent of Lessor, intending Lessor to be legally bound hereby, and for other good and valuable consideration, hereby agrees as follows:

1. Lessor hereby acknowledges and consents to: (a) that certain Assignment and Assumption of Lease Agreement, dated of even date herewith (the "**Assignment and Assumption**"), pursuant to which Tenant assigns to MPT OF [_____]-Lima, LLC, a Delaware limited liability company (together with its successors and assigns, collectively, "**MPT**"), and MPT assumes from the Tenant, all of Tenant's right, title, and interest in and to the Assumed Lease and Leased Property, and (b) that certain Master Lease Agreement by and among Tenant, MPT, and certain of their affiliates, (as the same may be modified, amended or restated from time to time, the "**Primary Lease**"), pursuant to which MPT will sublease the Leased Property back to the Tenant.

2. The Lessor further acknowledges and consents to the right of MPT to exercise its rights and remedies under the Primary Lease with respect to the Tenant and the Leased Property, and the right of MPT's assignee or designee to assume (following written notice to Lessor) all rights, interests, duties and obligations under the Assumed Lease as permitted in the Primary Lease and applicable law, so long as all of the terms, covenants, conditions, and obligations required to be performed and fulfilled under the Assumed Lease are performed and fulfilled. PURSUANT TO THE PRIMARY LEASE, TENANT SHALL REMAIN LIABLE FOR ANY AND ALL COVENANTS, DUTIES AND OBLIGATIONS OF TENANT UNDER THE ASSUMED LEASE.

3. All notices, demands, consents or requests which are either required or desired to be given or furnished to Tenant pursuant to the Assumed Lease or otherwise to any party hereto,

shall be sent in the manner as set forth in the Assumed Lease (or by Federal Express or other recognized overnight couriers) to the following address, as applicable:

Birmingham, Alabama 35203
Attention: Lynn Reynolds

ASSIGNMENT AND ASSUMPTION OF LEASE AGREEMENT[1]

THIS ASSIGNMENT AND ASSUMPTION OF LEASE (this "**Assignment and Assumption**") is made as of _____, 20___, by and between [_____], a [_____], with an address of c/o LifePoint Health, [Inc.], 330 Seven Springs Way, Brentwood, TN 37027, Attention: General Counsel (the "**Assignor**"), and **MPT OF [_____]-LIMA, LLC**, a Delaware limited liability company with an address of 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242 ("**Assignee**").

WITNESSETH:

A. The Assignor, as lessor, and [_____], as lessee (the "**Lessee**"), are parties to that certain [Ground Lease Agreement, dated _____, ____] (the "**Assumed Lease**"), whereby the Assignor leased to the Lessee certain property located in the City of [_____], [_____] County, [_____], more particularly described on ***EXHIBIT A*** attached hereto and made a part hereof by reference and incorporation.

B. Notice of the Assumed Lease has been provided by the recordation of a [Memorandum of Ground Lease Agreement] recorded at Book [____], Page [____], in the Office of the [County Clerk] of [_____] County, [_____].

[1] NTD: Form subject to revision on a property-by-property basis following local counsel review.

C. Assignor, and certain of its affiliates, and Assignee, and certain of its Affiliates, are parties to that certain Real Property Asset Purchase Agreement, dated as of _____, 2019 (as amended, modified, or restated from time to time, the "**Purchase Agreement**"), pursuant to which Purchase Agreement, Assignor is required to assign to Assignee all of the right, title and interest of Assignor in and to the Assumed Lease.

AGREEMENT

N O W, T H E R E F O R E, in consideration of the mutual covenants herein set forth, the parties agree as follows:

1. Assignor hereby assigns and transfers to Assignee all of Assignor's right, title and interest in and to the Assumed Lease, and Assignee hereby accepts from Assignor all such right, title and interest, regardless of whether such obligations first arise or accrue before, on or after the date hereof; subject, however, to the terms, conditions and provisions set forth in this Assignment and Assumption and the Purchase Agreement.

2. This Assignment and Assumption shall be governed by and construed in accordance with the laws of the State of [_____] and may not be modified or amended in any manner other than by a written agreement signed by the party to be charged therewith.

3. If any term or provision of this Assignment and Assumption or the application thereof to any persons or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Assignment and Assumption or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected thereby, and each term and provision of this Assignment and Assumption shall be valid and enforced to the fullest extent permitted by law.

4. This Assignment and Assumption may be executed in counterparts, each of which shall be an original and all of which counterparts taken together shall constitute one and the same agreement. Any signatures transmitted electronically or by facsimile shall be deemed originals.

5. This Assignment shall be binding upon, and inure to the benefit of, all of the parties hereto, their successors and assigns.

[Intentionally Left Blank]

[Signatures appear on following 2 pages]

IN WITNESS WHEREOF, the undersigned have executed this Assignment and Assumption as of the date first set forth hereinabove.

THIS ASSIGNMENT OF RENTS AND LEASES (this "Assignment") is entered into as of _____, 20___, by and among **[_____, a _____]** (the "Assignor"), having an address at c/o LifePoint Health[, Inc.], 330 Seven Springs Way, Brentwood, TN 37027, Attn: General Counsel, and the undersigned entities listed on the signature pages hereof under the heading "Assignees" (together with the successors and assigns of each, each an "Assignee" and collectively, the "Assignees"), each having their principal place of business at c/o MPT Operating Partnership, L.P., 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242, Attn: Legal Department.

W I T N E S S E T H:

ARTICLE I
Definitions

As used herein, the following capitalized terms used herein shall have the following meanings:

"Affiliate" means, with respect to any Person (i) any Person that, directly or indirectly, controls or is controlled by or is under common control with such Person, (ii) any other Person that owns, beneficially, directly or indirectly, 10% or more of the outstanding capital stock, shares or equity interests of such Person, or (iii) any officer, director, employee, shareholder, partner, member, manager or trustee of such Person or any Person controlling, controlled by or under common control with such Person (excluding trustees and persons serving in similar capacities who are not otherwise an Affiliate of such Person). For the purposes of this definition, "control"

---

[1] NTD: Form subject to revision on a property-by-property basis following local counsel review.

(including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, through the ownership of voting securities or otherwise.

"Assignor's Personal Property" shall mean, all of Assignor's consumable inventory and supplies, machinery, equipment, furniture, furnishings, trailers, movable walls or partitions, computers, trade fixtures, and other tangible or intangible personal property (including all such items not permanently affixed to the applicable Property), currently owned and acquired after the execution of this Assignment, and necessary, used, or useful in the operation of the applicable Facility, but excluding any items included within the definition of Fixtures.

"Bankruptcy Claims" shall mean all of Assignor's claims and rights to the payment of damages arising from any rejection by a Tenant of any Tenant Lease under the Bankruptcy Code.

"Bankruptcy Code" shall mean 11 U.S.C. § 101 et seq. (as the same may be amended from time to time).

"Business Day" shall mean each Monday, Tuesday, Wednesday, Thursday and Friday that is not a day on which commercial banks in the City of New York, New York are authorized or obligated by law or executive order to close.

"Engineering Documents" shall mean all site plans, surveys, soil and substrata studies, architectural drawings, plans and specifications, engineering plans and studies, floor plans, landscape plans, and other plans and studies that relate to all or any portion of the Land, the Improvements or the Personal Property.

"Environmental Indemnification Agreement" means that certain Environmental Indemnification Agreement, dated of even date herewith, among Lima Holdco, Assignor and certain of their Affiliates, on the one hand, and certain of the Assignees, on the other hand, as the same may be amended, modified and restated from time to time.

"Event of Default" shall mean any happening or occurrence described in Article VI hereof.

"Facility" shall mean those certain healthcare facilities located on the Land.

"Fixtures" shall mean, all equipment, machinery, fixtures, and other items of real property, including all components thereof, now and hereafter located in, on or used in connection with, and that are, in each case, permanently affixed to the Land or affixed or incorporated into the buildings and structure on the Land, Improvements, including, without limitation, all affixed furnaces, boilers, heaters, electrical equipment, heating, plumbing, lighting, ventilating, refrigerating, incineration, air and water pollution control, waste disposal, air-cooling and air-conditioning systems and apparatus, sprinkler systems and fire and theft protection equipment, and built-in oxygen and similar vacuum systems, all of which, to the greatest extent permitted by law, are hereby deemed by the parties to constitute real estate, together with all replacements, modifications, alterations and additions thereto.

"Guaranty" means collectively, (i) the Lima Guaranty and (ii) the LifePoint Guaranty.

"Improvements" shall mean all buildings, structures, Fixtures and other improvements of every kind, alleyways and connecting tunnels, sidewalks, utility pipes, conduits and lines (on-site and off-site), parking areas and roadways appurtenant to such buildings and structures presently or hereafter situated on the Land, including, without limitation, any such items constituting Capital Additions, and all hereditaments, easements, rights of way and other appurtenances related thereto.

"Intangible Property" shall mean all permits, licenses, approvals, entitlements and other governmental and quasi-governmental authorizations, including, without limitation, certificates of occupancy or need required in connection with the ownership, planning, development, construction, use, operation or maintenance of all or any portion of the Property, and other intangible property or any interest therein now or hereafter owned or held by Assignor in connection with the Land or Improvements, or any business or businesses now or hereafter conducted by Assignor or any Tenant thereon or with the use thereof, including all leases, contract rights, agreements, trademarks, trade names, water rights and reservations, zoning rights, business licenses and warranties (including those relating to construction or fabrication) related to the Land or Improvements, or any part thereof; excluding, however, Assignor's general corporate trademarks, service marks, logos or insignia or books and records.

"Land" shall mean all those certain lots, tracts or parcels of land described on ***Exhibit A*** attached hereto and incorporated herein by reference, any other parcel of land acquired or leased and made subject to this Assignment, for all purposes, together with all covenants, licenses, privileges and benefits thereto belonging, and any easements, rights-of-way, rights of ingress or egress or other interests in, on, or to any land, highway, street, road or avenue, open or proposed, in, on, across, in front of, abutting or adjoining such real property including, without limitation, any strips and gores adjacent to or lying between such real property and any adjacent real property.

"License" shall mean the limited license as defined in Section 3.1 hereof.

"LifePoint" means LifePoint Health, [Inc.] or its successor in interest.

"LifePoint Guaranty" means that certain Guaranty, dated as of the date hereof, executed and delivered by LifePoint in favor of Assignee, as may be modified, amended, restated and/or supplemented from time to time; provided that, the LifePoint Guaranty shall automatically terminate on the date that Lima HoldCo holds a direct or indirect ownership interest in each Facility Lessee.

"Lima Guaranty" shall mean that certain Guaranty, dated as of the date hereof, executed and delivered by Lima HoldCo in favor of Assignee, as may be modified, amended, restated and/or supplemented from time to time.

"Lima Holdco" shall mean Lima HoldCo, LLC, a Delaware limited liability company.

"Master Lease" shall mean that certain Master Lease Agreement, dated as of the date hereof, among the Assignor and certain of its Affiliates, as lessors, and certain of the Assignees, as lessees, as the same has been or may hereafter be modified, amended or restated from time to time.

"Material Tenant Lease" means any Tenant Lease providing for greater than One Hundred Thousand Dollars ($100,000) in rent payments per year.

"Obligations" means the respective obligations, duties and liabilities (as applicable) of Assignor and each of its Affiliates under or pursuant to (a) the Master Lease, (b) the Guaranty, (c) the Environmental Indemnification Agreement, (d) each of the other Obligation Documents, and (e) any and all renewals, increases, and substitutions, amendments and extensions of the liabilities or obligations described or referred to in subsections (a), (b), (c), and (d) above.

"Obligation Documents" shall mean the Master Lease, the Environmental Indemnification Agreement, the Guaranty, and all other "Obligation Documents" under and as defined in the Master Lease, in each case, as the same may be modified, amended, or restated from time to time.

"Person" shall mean an individual, a corporation, a limited liability company, a general or limited partnership, an unincorporated association, a joint venture, a governmental entity or another entity or group.

"Personal Property" shall mean all Intangible Property, Warranties, Engineering Documents, all furnishings, equipment, tools, machinery, fixtures, appliances and all other tangible personal property now or hereafter located on or about the Land or the Improvements, other than the Fixtures.

"Property" shall mean the Improvements, the Land, the Personal Property and the Rents (hereinafter defined), together with:

(a) all rights, privileges, tenements, hereditaments, rights-of-way, easements, appendages and appurtenances in anywise appertaining thereof, and all right, title and interest, if any, of Assignor in and to any streets, ways, alleys, strips or gores of land adjoining the Land or any part thereof;

(b) all betterments, improvements, additions, alterations, appurtenances, substitutions, replacements and revisions thereof and thereto and all reversions and remainders therein;

(c) all of Assignor's right, title and interest in and to any awards, remunerations, reimbursements, settlements or compensation heretofore made or hereafter to be made by any governmental authority pertaining to the Land, the Improvements, the Fixtures or the Personal Property, including, but not limited to, those for any vacation of, or change in grade in, any streets affecting the Land or the Improvements and those for municipal utility district or other utility costs incurred or deposits made in connection with the Land; and

(d) any and all security and collateral of any nature whatsoever, now or hereafter given for the repayment of or the performance and discharge of the Obligations.

As used in this Assignment, the term "Property" shall be expressly defined as meaning all or, where the context permits or requires, any portion of the above and all or, whether the context permits or requires, any interest therein.

"Rents" shall mean, with respect to the Land and the Improvements, the immediate, absolute and continuing right to collect and receive all of the rents, income, receipts, revenues, proceeds, security, guaranties, and other types of deposits, issues and profits now due or which may become due or to which Assignor may now or shall hereafter (whether upon any applicable period of redemption or otherwise) become entitled or may demand or claim, arising or issuing from or out of the Tenant Leases, or any part thereof, including, without limiting the generality of the foregoing, minimum rents, additional rents, percentage rents, parking maintenance charges or fees, tax and insurance contributions, proceeds of sale of electricity, gas, chilled and heated water and other utilities and services, deficiency rents and liquidated damages following default, premiums payable by any Tenant upon the exercise of a cancellation privilege provided for in a Tenant Lease and all proceeds payable under any policy of insurance covering loss of rents resulting from untenability caused by destruction or damage to the Property, together with any and all rights and claims of any kind which the Assignor may have against any Tenant under a Tenant Lease or any subtenants or occupants of the Property.

"Tenant" shall mean the lessee, sublessee, tenant, subtenant, or licensee under a Tenant Lease.

"Tenant Leases" shall mean, with respect to the Land and the Improvements, all leases, subleases, licenses and other rental agreements (written or oral, now or hereafter in effect), as any of the same may be amended, modified and/or restated from time to time, which grant a possessory interest in and to, or the right to use, occupy and enjoy all or any portion of the Land and the Improvements, including, without limitation, those certain Tenant Leases (if any) described on ***Schedule A*** attached hereto and incorporated herein by reference for all purposes, as the same may be amended, modified and/or restated from time to time, together with all the right, power and authority of the Assignor to enforce, alter, modify or change the terms of such leases and agreements or to surrender, cancel or terminate such leases and agreements, together with any and all guarantees, letters of credit and other credit support, modifications, extensions and renewals thereof, as the same may be amended, modified and/or restated from time to time (whether before or after the filing by or against the Assignor of any petition of relief under the Bankruptcy Code) and all other related security and other deposits.

"Warranties" shall mean, all warranties, representations and guaranties with respect to the Property, whether express or implied, which Assignor now holds or under which Assignor is the beneficiary, including, without limitation, all of the representations, warranties and guaranties given and/or assigned to the Assignor under the Tenant Leases.

Any capitalized terms used in this Assignment but not defined herein shall have the meanings ascribed to such terms in the Master Lease.

ARTICLE II
Assignment

Assignor, in consideration of the sum of TEN AND NO/100 DOLLARS ($10.00), and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, does hereby absolutely and unconditionally GRANT, BARGAIN, SELL, CONVEY, ASSIGN, TRANSFER, SET OVER and DELIVER to Assignees the Tenant Leases, the Rents, the Warranties

and the Bankruptcy Claims TO HAVE AND TO HOLD UNTO ASSIGNEES forever, and Assignor does hereby bind itself, its successors and assigns to WARRANT and FOREVER DEFEND the title to the Tenant Leases, the Rents, the Warranties and the Bankruptcy Claims unto Assignees against every Person whomsoever lawfully claiming or to claim the same or any part thereof, by, through or under Assignor but not otherwise. This Assignment is an absolute, unconditional and presently effective assignment to Assignees, subject to Section 3.1 below, to secure the performance of the Obligations.

ARTICLE III
Limited License, Continuation and Termination of Assignment

3.1 **Limited License**. Provided that there exists no Event of Default, Assignor shall have all rights under the Tenant Leases, under a limited license (the "License"), to observe, perform and discharge the obligations, terms, covenants, conditions and warranties of the Tenant Leases, including the right to (A) collect upon, but not prior to accrual, all of the Rents arising from or out of the Tenant Leases, or any renewals or extensions thereof, or from or out of the Property or any part thereof and (B) exercise all other rights as landlord under the applicable Tenant Leases, subject to the limitations set forth in Article XXIII of the Master Lease. Assignor may use the Rents in any manner not inconsistent with the Obligation Documents. Upon the sale and conveyance by Assignees or their Affiliates, successors or assigns of the fee title to the Land and the Improvements, all right, title, interest and power granted under the License granted herein with respect to such Property shall be automatically continued subject to the terms and conditions of the Master Lease and the other Obligation Documents, including this Assignment. Upon the occurrence of and during the continuation of an Event of Default, without any further action by Assignees, Assignor shall hold all Rents paid to Assignor thereafter in trust for the use and benefit of the Assignees and the Assignees shall have the right, power and authority, whether or not Assignees take possession of the Property, to demand, collect, receive, sue for and recover in their own names any and all Rents and Bankruptcy Claims and to apply the sum(s) collected, first to the payment, satisfaction and discharge of expenses incident to the collection of the same, and the balance to the payment of the Obligations; provided, however, that Assignees shall not be deemed to have taken possession of such Property and shall not be deemed to have accepted or assumed any duties or obligations under the Tenant Leases except, in any such case, the exercise of their option to do so, evidenced by their written demand and overt act for such purpose in accordance with Article VII. It shall not be necessary for Assignees to institute any type of legal proceedings or take any other action whatsoever to enforce the assignment provisions set forth herein. If such Event of Default is cured or waived in accordance with the applicable Obligation Documents, the revocable license shall be reinstated.

3.2 **Continuation and Termination of Assignment**. Upon final payment in full and discharge in full of the Obligations (other than contingent indemnification obligations for which no claim has been made), this Assignment shall become and be void and of no force or effect; provided, however, that the affidavit, certificate, letter or statement of any officer of any Assignee certifying in writing that any part of the Obligations remain unpaid and undischarged shall be and constitute conclusive evidence of the validity, effectiveness or continuing force of this Assignment, and any Person may, and is hereby authorized to, rely thereon. Written demand by any Assignee delivered to any Tenant for payment of the Rents during the continuation of any Event of Default

claimed by Assignees shall, with respect to each such Tenant, be sufficient evidence of each such Tenant's obligation and authority to make all future payments of the Rents to Assignees without the necessity for further consent by Assignor.

ARTICLE IV
Representations and Warranties

Assignor hereby unconditionally represents and warrants to Assignees as follows:

4.1 **In General**. (a) Assignor has full legal right, power and authority to execute and deliver this Assignment; (b) this Assignment has been duly executed and delivered by Assignor and constitutes its valid and legally binding obligation, enforceable against it in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and similar laws affecting the enforcement of creditor's rights or contractual obligations generally and, as to enforcement, to general principles of equity, regardless of whether applied in a proceeding at law or in equity; (c) no approval or consent of any foreign, federal, state, county, local or other governmental or regulatory body, and no approval or consent of any other person is required in connection with the execution and delivery by Assignor of this Assignment or the consummation and performance by Assignor of the transactions contemplated hereby; and (d) the execution and delivery of this Assignment and the obligations created hereby have been duly authorized by all necessary proceedings on the part of Assignor, and will not conflict with or result in the breach or violation of any of the terms or conditions of, or constitute (or with notice or lapse of time or both would constitute) a default under the governing documents of Assignor, any instrument, contract or other agreement to which Assignor is a party or by or to which it or its assets or properties are bound or subject; or any statute or any regulation, order, judgment or decree of any court or governmental or regulatory body.

4.2 **Ownership of Tenant Leases and the Rents**. Assignor may lease or license portions of the Property, which sublease(s) or licenses shall be subject to and in accordance with the terms and conditions of the Master Lease. Subject to the terms of the Master Lease, Assignor has all requisite right, power and authority to assign such Tenant Leases and the Rents, and no other person, firm or corporation has any right, title or interest therein.

4.3 **No Default**. Assignor has duly and punctually materially performed, all and singular, the terms, covenants, conditions and warranties of the Tenant Leases on Assignor's part to be kept, observed and performed; and, to Assignor's knowledge, the Tenants thereunder are not in material default of any of the terms or provisions of the respective Tenant Leases.

4.4 **No Modification of the Tenant Leases or Anticipation or Hypothecation of the Rents**. (a) The Tenant Leases are valid and remain in full force and effect; (b) Assignor has not previously sold, assigned, transferred, or pledged the Tenant Leases or the Rents, or any part thereof, whether now due or hereafter to become due, except for the sales, assignments, transfers, mortgages and pledges for which Assignor has heretofore or contemporaneously herewith obtained a full release, (c) the Rents now due, or to become due, for any periods subsequent to the date hereof have not been collected and that payment thereof has not been anticipated, waived or released, discounted, setoff or otherwise discharged or compromised; and (d) Assignor has not received any funds or deposits from any Tenant for which credit has not already been made on account of the accrued Rents.

ARTICLE V
Affirmative Covenants

Assignor hereby unconditionally covenants and agrees with Assignees as follows:

5.1 **Performance**. Assignor shall observe, perform and discharge, duly and punctually, all and singular, the obligations, terms, covenants, conditions and warranties of the Obligation Documents and of the Tenant Leases (as applicable) (except upon Assignees' execution of their remedies under Article III by written demand or other overt act, among other things, to perform and discharge such duties or obligations under the Tenant Leases). Assignor shall promptly deliver to Assignees any notices received with respect to any Material Tenant Leases alleging any material failure on the part of Assignor to observe, perform and discharge the same.

5.2 **Notification to Tenants**. Upon Assignees' written request, Assignor shall notify and direct, in writing, each and every present or future Tenant or occupant of the Property or any part thereof that any security deposit or other deposits heretofore delivered to Assignor has been retained by Assignor or assigned and delivered to Assignees, as the case may be.

5.3 **Enforcement**. Assignor shall enforce or secure in the name of Assignees the performance of each and every material obligation, term, covenant, condition and agreement in the Tenant Leases by any Tenant to be performed, and Assignor shall appear in and defend any action or proceeding arising under, occurring out of or in any manner connected with the Tenant Leases or the obligations, duties or liabilities of Assignor and any Tenant thereunder, and upon request by Assignees, Assignor will do so in the names and on behalf of Assignees, but at the expense of Assignor, and Assignor shall pay all reasonable costs and expenses of Assignees, including reasonable attorneys' fees and disbursements, in any action or proceeding in which Assignees may appear.

5.4 **Anticipation or Hypothecation of the Rents**. Assignor hereby covenants and agrees (a) to give to Assignees duplicate notice of each notice of default sent to each Tenant and copies of all material notices and communications received from any Tenant promptly upon delivery or receipt thereof; (b) to obtain and furnish to Assignees, upon request, itemized statements, in such detail as shall be reasonably satisfactory to Assignees, of the total rent and other charges paid or payable by each Tenant; (c) to comply in all material respects with the terms and provisions of each Tenant Lease; (d) not to assign, transfer, pledge, mortgage or otherwise encumber any Tenant Lease; (e) not to assign, transfer, pledge, mortgage or otherwise encumber any Rents; (f) except as otherwise expressly provided in any Tenant Lease, not to hereafter collect, accept from any Tenant, or permit any Tenant under any Material Tenant Lease to pay any Rents for more than one (1) month in advance (whether in cash or by evidence of indebtedness); and (g) not to enter into any Tenant Lease or terminate, amend, modify, surrender, extend or renew any Tenant Lease for a time period extending beyond the term of the Master Lease, without prior written approval of Assignees, which approval shall not be unreasonably withheld, conditioned, or delayed.

5.5 **Delivery of the Tenant Leases; Further Acts and Assurance**. Until the Obligations secured hereby have been paid in full and discharged (other than contingent indemnification obligations for which no claim has been made), Assignor shall enter into only

leases or licenses of the Property that are permitted pursuant to the terms and conditions of Master Lease, and the other Obligation Documents, and shall upon the request of Assignees deliver executed copies of all existing and all other and future Tenant Leases when executed upon all or any part of the Property and will transfer and assign such other and future Tenant Leases upon the same terms and conditions as herein contained, and Assignor hereby covenants and agrees to make, execute and deliver to Assignees, upon demand and at any time or times, any and all assignments and other documents and instruments which Assignees may reasonably deem advisable to carry out the true purpose and intent of this Assignment.

ARTICLE VI
Events of Default

The term "Event of Default," as used herein, shall mean the occurrence or happening, at any time and from time to time, of any one or more of the following:

6.1 **Event of Default under Master Lease**. The occurrence of any "Event of Default" under and as defined in the Master Lease.

6.2 **Event of Default under the Other Obligation Documents**. The occurrence of an "Event of Default" under and as defined in any of the other Obligation Documents.

6.3 **Performance of Obligations**. If Assignor shall fail, refuse or neglect to perform and discharge fully and timely in all material respects (without duplication of any materiality qualifier herein) any of its obligations hereunder, and, in the case of a monetary failure, such failure, refusal or neglect is not cured within a period of five (5) days after written notice from Assignees and, in the case of a non-monetary failure, such failure, refusal or neglect is not cured by Assignor within a period of thirty (30) days after receipt by Assignor of written notice thereof from the Assignees, unless such failure cannot with due diligence be cured within a period of thirty (30) days (in the Assignees' reasonable discretion), in which case such failure shall not be deemed to continue so long as Assignor commences to cure such failure within the thirty (30) day period and proceeds with due diligence to complete the curing thereof within sixty (60) days after receipt by Assignor of Assignees' notice of default (or such longer period as is reasonably required in the determination of the Assignees to effect such cure if Assignor is diligently proceeding to do so); *provided, however*, in no event shall Assignees be required to give more than two (2) notices and cure period for Assignor's failure to observe or perform the same (or repetitive) covenant or condition in any consecutive twelve (12) month period.

ARTICLE VII
Remedies

7.1 **Remedies**. Upon and during the continuation of an Event of Default, Assignees, at their option, shall have the complete right, power and authority hereunder, then or thereafter, to exercise and enforce any or all of the following rights and remedies, all of which shall be cumulative, shall be in addition to all other rights and remedies of Assignees and may be exercised concurrently or independently from time to time as Assignees shall elect:

(a) To revoke the License with respect to the Property and then and thereafter, without taking possession of such Property, to the extent permitted by law, in the Assignee's

own names, to demand, collect, receive, sue for, attach and levy the Rents and give proper receipts, releases and acquittances therefor, after deducting all necessary and proper costs and expenses of operation and collection, as determined by Assignees, including reasonable attorneys' fees, and apply the net proceeds thereof, together with any funds of Assignor deposited with Assignees, in reduction or repayment of the Obligations in such order of priority as Assignees may, in their sole discretion, determine;

(b) To declare the Master Lease in default and, at its option, exercise all of the rights and remedies contained in the Master Lease or any other Obligation Documents;

(c) Without regard to the adequacy of the security or solvency of Assignor, with or without any action or proceeding through any Person or by any agent or by a receiver to be appointed by a court of competent jurisdiction, and irrespective of Assignor's possession, then or thereafter to enter upon, take possession of, manage and operate the Property or any part thereof; make, modify, enforce, cancel or accept surrender of a Tenant Lease now in effect or hereafter in effect on the Property or any part thereof; remove and evict any Tenant (subject to the provisions of any non-disturbance and attornment agreement entered into by and between any Assignee and any Tenant); increase or decrease the Rents under a Tenant Lease; decorate, clean and repair, and otherwise do any act or incur any cost or expense which Assignees may deem reasonably necessary to protect the status and value of the Property as fully and to the same extent as Assignor could do if in possession thereof; and in such event, to apply the Rents so collected to the operation and management of the Property, but in such order or priority as Assignees shall deem proper, and including the payment of reasonable management, brokerage and attorneys' fees and disbursements, and payment of the Obligations and to the establishment and maintenance, without interest, of a reserve for replacements; and

(d) Without exception for any remedies exercised by or available to Assignees, the immediate right, at Assignees' option, without further notice to Assignor and without the execution by Assignor of any further instrument, to (i) assume Assignor's rights, duties and obligations under the Tenant Leases and/or (ii) designate a replacement landlord or sub-landlord under any of the Tenant Leases, which replacement landlord or sub-landlord shall be selected in Assignees' sole discretion.

7.2 **Exculpation of Assignees**. The acceptance by Assignees of this Assignment, with all of the rights, powers, privileges and authority created hereby, shall not, prior to entry upon and taking possession of the Property by Assignees, be deemed or construed to constitute Assignees a "mortgagee in possession," nor thereafter or at any time or in any event obligate Assignees to appear in or defend any action or proceeding relating to the Tenant Leases, the Rents or the Property or to take any action hereunder or to expend any money or incur any expenses or perform or discharge any obligation, duty or liability under a Tenant Lease or to assume any obligation or responsibility for any security deposits or other deposits delivered to Assignor by a Tenant and not assigned and delivered to Assignees, nor shall Assignees be liable in any way for any injury or damage to persons or property sustained by any Person in or about the Property except to the extent caused by any Assignee's gross negligence or willful misconduct.

7.3 **No Waiver or Election of Remedies**.

(a) Neither the collection of the Rents and application as provided for in this Assignment, nor the entry upon and taking possession of the Property by Assignees, nor Assignees' right to assume, perform or enforce the Tenant Leases shall be deemed to cure or waive any Event of Default or waive, modify or affect any notice of default under the Master Lease or any Obligation Document or invalidate any act done pursuant to any such notice. The enforcement of any such rights or remedies by Assignees, once exercised, shall continue for so long as Assignees shall elect, notwithstanding that the collection and application of the Rents may have cured the original Event of Default. If Assignees shall thereafter elect to discontinue the exercise of any such rights or remedies hereunder, such rights or remedies may be reasserted at any time and from time to time following any subsequent Event of Default.

(b) The delay, omission or failure of Assignees to assert any of the terms, covenants or conditions of this Assignment for any period of time or at any time or times shall not be construed or deemed to be a waiver of any such right, and nothing herein contained nor anything done or omitted to be done by Assignees pursuant to this Assignment shall be deemed to be an election of remedies or a waiver by Assignees of any of their rights and remedies under any other Obligation Document or under the law. The right of the Assignees to collect and enforce the payment and performance of the Obligations and to enforce any security therefor may be exercised by the Assignees either prior to or simultaneously with or subsequent to any action taken hereunder. To the extent permitted by law, Assignees shall not be required to seek the appointment of a receiver or to institute any proceeding of any kind, possessory or otherwise, to secure or enjoy the full benefits of this Assignment.

7.4 **Appointment of Attorney-in-Fact**.

(a) Subject to the provisions of Section 7.4(c) hereof, Assignor hereby constitutes and appoints each Assignee the true and lawful attorney-in-fact, coupled with an interest, of Assignor and in the name, place and stead of Assignor to demand, sue for, attach, levy, recover and receive any premium or penalty payable upon the exercise by a Tenant under a Tenant Lease of a privilege of cancellation originally provided in such Tenant Lease and to give proper receipts, releases and acquittances therefor and, after deducting expenses of collection, to apply the net proceeds as a credit upon any portion of the Obligations selected by Assignees, notwithstanding the fact that such portion of the Obligations may not then be due and payable or that such portion of the Obligations is otherwise adequately secured; and Assignor does hereby authorize and direct any such Tenant to deliver such payment to Assignees in accordance with this Assignment, and Assignor hereby ratifies and confirms all that Assignees, as attorney-in-fact, shall do or cause to be done by virtue of the powers granted hereby. The foregoing appointment is irrevocable and continuing, and such rights, powers and privileges shall be exclusive in Assignees, their successors and assigns, so long as any part of the Obligations secured hereby remain unpaid and undischarged (other than contingent indemnification obligations for which no claim has been made).

(b) Subject to the provisions of Section 7.4(c) hereof, Assignor hereby constitutes and appoints each Assignee the true and lawful attorney-in-fact, coupled with an interest, of Assignor and in the name, place and stead of Assignor to subject and subordinate

at a time and from time to time a Tenant Lease or any part thereof to the lien and security interest of any mortgage, deed of trust or security agreement on, or to any ground lease of, the Property, or to request or require such subordination, where such reservation, option or authority was reserved to Assignor under a Tenant Lease, or in any case where Assignor otherwise would have the right, power or privilege so to do. The foregoing appointment is irrevocable and continuing, and such rights, powers and privileges shall be exclusive in Assignees, their successors and assigns, so long as any part of the Obligations secured hereby remain unpaid and undischarged, and Assignor hereby warrants that it has not at any time prior to the date hereof exercised a right, and Assignor hereby covenants not to exercise any such right, to subordinate a Tenant Lease to the lien of any mortgage, deed of trust or security agreement or to any ground lease.

(c) Assignees will exercise the rights set forth in Sections 7.4(a) and 7.4(b) hereof only during the continuation of an Event of Default.

7.5 **Assignor's Indemnities**. Assignor hereby agrees to indemnify and hold Assignees free and harmless from and against any and all liability, loss, costs, damage or expense which any Assignee may incur under or by reason of this Assignment, or for any action taken by any Assignee hereunder other than an Assignee's acts of gross negligence or willful misconduct, or by reason or in defense of any and all claims and demands whatsoever which may be asserted against any Assignee arising out of the Tenant Leases, including specifically, but without limitation, any claim by a Tenant of credit for the Rents paid to and received by Assignor, but not delivered to Assignees. In the event Assignees incur any such liability, loss, costs, damage or expense, the amount thereof, including reasonable attorneys' fees, with interest thereon at the highest rate of interest permitted by applicable state or federal law, shall be payable by Assignor to Assignees immediately, without demand, and shall be secured hereby and by all other security for the payment and performance of the Obligations.

ARTICLE VIII
Miscellaneous

8.1 **Bankruptcy**.

(a) Upon and during the continuation of an Event of Default hereunder, Assignees shall have the right to proceed in their own names or in the name of Assignor in respect of any claim, suit, action or proceeding relating to the rejection of any Tenant Lease, including, without limitation, the right to file and prosecute, to the exclusion of Assignor, any proofs of claim, complaints, motions, applications, notices and other documents, in any case in respect of the lessee under such Tenant Lease under the Bankruptcy Code.

(b) If there shall be filed by or against Assignor a petition under the Bankruptcy Code, and Assignor, as lessor under any Tenant Lease, shall determine to reject such Tenant Lease pursuant to Section 365(a) of the Bankruptcy Code, then Assignor shall give Assignees not less than ten (10) days' prior written notice of the date on which it shall apply to the bankruptcy court for authority to reject the Tenant Lease. Assignees shall have the right, but not the obligation, to serve upon Assignor within such ten (10) day period a notice stating that (i) Assignees demand that Assignor assume and assign the Tenant Lease to

Assignees pursuant to Section 365 of the Bankruptcy Code and (ii) Assignees covenant to cure or provide adequate assurance of future performance under the Tenant Lease. If Assignees serve upon Assignor the notice described in the preceding sentence, Assignor shall not seek to reject the Tenant Lease and shall comply with the demand provided for in clause (i) of the preceding sentence within thirty (30) days after the notice shall have been given, subject to the performance by Assignees of the covenant provided for in clause (ii) of the preceding sentence.

8.2 **Performance at Assignor's Expense**. The cost and expense of performing or complying with any and all of the Obligations shall be borne solely by Assignor, and no portion of such cost and expense shall be, in any way and to any extent, credited against any installment on or portion of the Obligations.

8.3 **Survival of Obligations**. Each and all of the Obligations shall survive the execution and delivery of the Obligation Documents and the consummation of the transactions called for therein, and shall continue in full force and effect until the Obligations shall have been paid, performed and discharged in full (other than contingent indemnification obligations for which no claim has been made).

8.4 **Necessary Action**. Each party shall perform any further acts and execute and deliver any documents that may be reasonably necessary to carry out the provisions of this Assignment.

8.5 **Recording and Filing**. Assignor will cause this Assignment and all amendments and supplements thereto and substitutions therefor to be recorded, filed, re-recorded and re-filed in such manner and in such places as Assignees shall reasonably request, and will pay all such recording, filing, re-recording and re-filing taxes, fees and other charges.

8.6 **Notices**. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Assignment shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

If to Assignor:
c/o LifePoint Health[, Inc.]
330 Seven Springs Way
Brentwood, TN 37027
Attention: General Counsel
Facsimile: (615) 920-8948

with a copy to:
Sidley Austin LLP
787 Seventh Avenue
New York, NY 10019

[redacted]

with a copy to: Waller Lansden Dortch & Davis, LLP
511 Union Street, Suite 2700
Nashville, TN 37219
[redacted]

If to an Assignee: c/o MPT Operating Partnership, L.P.
1000 Urban Center Drive, Suite 501
Birmingham, Alabama 35242
[redacted]

With a copy to: Baker, Donelson, Bearman, Caldwell & Berkowitz, PC
420 20th Street North
1400 Wells Fargo Tower
Birmingham, Alabama 35203
[redacted]

or to such other address with respect to a party as such party notifies the other in writing as above provided.

8.7 **Assignment.** This Assignment is not assignable by Assignor without the prior written consent of Assignees. Any Assignee may at any time and without the consent of any Assignor assign all of its rights and obligations hereunder to any other Person.

8.8 **Binding Effect**. This Assignment shall bind and inure to the benefit of the parties and their successors and assigns; provided, however, that this Assignment shall not inure to the benefit of any assignee pursuant to an assignment which violates the terms of this Assignment.

8.9 **No Waiver**. Any provision of this Assignment or Exhibits hereto may be amended or waived only in a writing signed by the parties hereto. No waiver of any provision hereunder or any breach or default thereof shall extend to or affect in any way any other provision or prior or subsequent breach or default.

8.10 **Severability**. The parties agree that each provision of this Assignment shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Assignment or any application of this Assignment (as to any party or otherwise) is held to be prohibited by or invalid under applicable law, such provision or application shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Assignment or any other applications of this Assignment.

8.11 **Entire Agreement; Modification**. This Assignment, together with all exhibits, schedules and the other documents referred to herein, embody and constitute the entire understanding between the parties with respect to the subject matter hereof in any way. The parties

have not relied upon, and shall not be entitled to rely upon, any prior or contemporaneous agreements, understandings, representations or statements (oral or written) other than this Assignment in effecting the transactions contemplated herein or otherwise. Neither this Assignment, any exhibit or schedule attached hereto, nor any provision hereof or thereof may be modified or amended except by an instrument in writing signed by all of the parties hereto.

8.12 **Counterparts**. This Assignment may be executed in any number of counterparts, each of which shall be an original and all of which taken together shall constitute one and the same instrument.

8.13 **Governing Law**. THIS ASSIGNMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF [_____] (THE "APPLICABLE LAW") APPLICABLE TO CONTRACTS EXECUTED AND PERFORMED IN SUCH STATE, WITHOUT GIVING EFFECT TO CONFLICTS OF LAW PRINCIPLES.

8.14 **Jurisdiction And Venue**. ASSIGNEES AND ASSIGNOR CONSENT TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. ASSIGNEES AND ASSIGNOR AGREE THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS ASSIGNMENT SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF THE STATE OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. ASSIGNEES AND ASSIGNOR EXPRESSLY ACKNOWLEDGE THAT THE FOREGOING CONSENT TO JURISDICTION AND VENUE IS JUST AND REASONABLE AND ASSIGNEES AND ASSIGNOR AGREE NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY ASSIGNEES OR ASSIGNOR IN SAID COURTS. FURTHER, ASSIGNEES AND ASSIGNOR IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO SECTION 8.6 HEREOF SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT.

8.15 **Waiver of Jury Trial**. EACH OF THE PARTIES HERETO HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES THE RIGHT ANY SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, OR ARISING OUT OF, UNDER, OR IN CONNECTION WITH THIS ASSIGNMENT AND ANY AGREEMENT CONTEMPLATED TO BE EXECUTED IN CONNECTION HEREWITH, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY IN CONNECTION WITH THIS ASSIGNMENT OR SUCH AGREEMENTS.

8.16 **Usury**. If the Applicable Law is ever revised, repealed or judicially interpreted so as to render usurious any amount called for under any of the Obligation Documents, or if Assignees' exercise of the option to accelerate the maturity of the Obligations or if any prepayment by Assignor results in Assignor having paid any interest in excess of that permitted by law, then it is Assignor's and Assignees' express intent that all excess amounts theretofore collected by Assignees be credited on the principal balance of the Obligations (or, if the Obligations have been paid in full, refunded to Assignor), and the provisions of the Obligation Documents immediately be deemed reformed and the amounts thereafter collectible hereunder and thereunder reduced, so as to comply with the then applicable law, but so as to permit the recovery of the fullest amount otherwise called for hereunder or thereunder. All sums paid or agreed to be paid to Assignees for the use, forbearance or detention of the Obligations shall, to the extent permitted by applicable law, be amortized, prorated, allocated and spread throughout the full term of the Obligations until payment in full so that the rate or amount of interest on account of such Obligations does not exceed the usury ceiling from time to time in effect and applicable to the Obligations so long as debt is outstanding thereunder.

8.17 **Headings**. The Article, Section and Subsection entitlements hereof are inserted for convenience of reference only and shall in no way alter, modify or define, or be used in construing, the test of such Articles, Sections or Subsections.

8.18 **Joint Drafting**. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Assignment and the general rules of construction which would construe any provisions of this Assignment in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Assignment as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Assignment are hereby expressly waived by all parties to this Assignment.

8.19 **Joint and Several Obligations**. Each Assignor (if there is more than one hereunder) shall be jointly and severally liable for all of the liabilities and obligations of the Assignor under this Assignment. Additionally, each Assignor acknowledges and agrees that all of the representations, warranties, covenants, obligations, conditions, agreements and other terms contained in this Assignment shall be applicable to and shall be binding upon and enforceable against any one or more of the Assignor.

[Signatures appear on following pages.]

IN WITNESS WHEREOF, the parties hereto have caused this Assignment of Rents and Leases to be executed by the duly authorized persons effective as of the date first above written.

[TRANSFEROR NAME]
[CITY, STATE]

BILL OF SALE AND ASSIGNMENT

KNOW ALL MEN BY THESE PRESENTS that [_____], a [_____] ("**Transferor**"), for good and valuable consideration from **MPT OF [_____]-LIMA, LLC**, a Delaware limited liability company ("**Transferee**"), in hand paid (receipt, sufficiency and legal adequacy of which are hereby acknowledged), acting pursuant to that certain Real Property Asset Purchase Agreement, dated _____, 2019, by and among the Transferee, the Transferor, and certain of their respective Affiliates (as defined therein) (as amended, modified, or supplemented, the "**Purchase Agreement**"), does hereby bargain, sell, convey, assign, transfer and deliver unto Transferee, its successors and assigns, all of the right, title and interest of Transferor in and to all of the assets described below (collectively, the "**Assets**") (any capitalized terms used herein but not expressly defined herein shall have the meaning ascribed thereto in the Purchase Agreement):

(a) to the extent assignable, all rights in all intangible property relating exclusively to that certain parcel of land located in [CITY, COUNTY, STATE], and all related improvements thereon, as more particularly described on ***Exhibit A*** attached hereto (such parcel of land, together with all easements, rights of way and other appurtenances related thereto, and all improvements relating to such parcel, being herein referred to as the "**Real Property**"), including, but not limited to, zoning rights, licenses and indemnification or similar rights and all warranties, representations and guaranties affecting or inuring to the benefit of the Real Property or the owner thereof (including, without limitation, any indemnification or similar rights and warranties, representations and guaranties related to the Real Property);

(b) to the extent assignable, all right, title and interest in and to site plans, surveys, soil and substrata studies, architectural drawings, plans and specifications, inspection reports, engineering and environmental plans and studies, title reports, floor plans, landscape plans and other plans relating to the Real Property; and

(c) all right, title and interest of the Transferor in and to all causes of action, claims and rights in litigation (or which could result in litigation against any party) pertaining or relating to the Real Property.

Notwithstanding the foregoing, Assets herein conveyed shall not include any Excluded Assets (as defined in the Purchase Agreement).

This conveyance is being made subject to the terms of the Purchase Agreement, including, but not limited to the representations, warranties, covenants, agreements and indemnities of and by the Transferor relating to the Assets and such terms are incorporated herein by this reference. Nothing contained herein supersedes, alters, modifies, limits, qualifies or reduces any of the obligations, agreements, covenants, warranties or representations of and by

Transferor set forth in the Purchase Agreement. If any conflict exists between the terms of this Bill of Sale and the terms of the Purchase Agreement, the terms of the Purchase Agreement shall govern and control.

TO HAVE AND TO HOLD all of the Assets unto Transferee, its successors and assigns, to its own use forever.

Transferor agrees that it will, at any time and from time to time, upon the request of Transferee, do, execute, acknowledge and deliver, or cause to be done, executed, acknowledged or delivered, all such further acts, deeds, assignments, transfers, conveyances and assurances as reasonably may be required to effect the assignment, transfer, grant and conveyance of the Assets conveyed hereby and to confirm unto Transferee, and to reduce to the possession of Transferee, title to and possession of any and all of such Assets.

This Bill of Sale shall inure to the benefit of and be binding upon the respective successors and assigns of Transferor and Transferee.

This Bill of Sale shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule that would cause the application of the laws of any jurisdiction other than the State of Delaware.

[Signature appears on the following page.]

IN WITNESS WHEREOF, this Bill of Sale has been duly executed and delivered by a duly authorized officer of Transferor to Transferee on this _____ day of _____, 20___.

Form Collateral Assignment of Leases

See attached.

_____ **County,** _____

COLLATERAL ASSIGNMENT OF LEASE

THIS COLLATERAL ASSIGNMENT OF LEASE (this "**Assignment**") is dated this ____ day of _____, 20____, by [_____ a _____] ("**Assignor**"), whose address for notice is c/o LifePoint Health[, Inc.], 330 Seven Springs Way, Brentwood, TN 37027, Attn: General Counsel, to and for the benefit of MPT OF [_____]-LIMA, LLC, a Delaware limited liability company (together with its successors and assigns, collectively, "**Assignee**"), whose address for notice is c/o MPT Operating Partnership, L.P., Suite 501, 1000 Urban Center Drive, Birmingham, Alabama 35242, Attention: Legal Department.

RECITALS:

A. Assignor, as tenant, is a party (either directly or as successor-by-assignment) to that certain lease attached as **EXHIBIT A** hereto (the "**Collateral Lease**").

B. Assignor, Assignee, and certain of their respective affiliates are parties to that certain Real Property Asset Purchase Agreement, dated _____, 2019 (as amended, modified and supplemented from time to time, the "**Purchase Agreement**"), pursuant to which Assignee acquired an interest in certain real property and improvements comprising that certain [hospital facility and related medical facilities] located in the _____ County, _____ (collectively, the "**Facility**").

C. Immediately thereafter, Assignee leased the Facility back to the Assignor pursuant to that certain Master Lease Agreement among Assignor, Assignee, and their respective affiliates (the "**Facility Lease**").

D. Assignor is required pursuant to the terms and conditions of the Purchase Agreement and the Facility Lease to assign to Assignee all of Assignor's right, title and interest in the Collateral Lease and the leased premises leased pursuant to the Collateral Lease.

NOW, THEREFORE, IN CONSIDERATION of the foregoing and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Assignor hereby covenants and agrees as follows:

1. **Collateral Assignment**. In order to induce Assignee to consummate the transactions contemplated by the Purchase Agreement and to enter into the Facility Lease, for the purpose of securing payment and performance of the obligations of Assignor and certain of its affiliates to the Assignee and certain of its affiliates pursuant to the Facility Lease and the "Obligation Documents" under and as defined in the Facility Lease (collectively, the "**Obligation Documents**"), and as additional collateral therefor, Assignor hereby collaterally assigns and grants a security interest in and to, all of Assignor's right, title, and interest in and to the Collateral Lease, to Assignee.

2. **Collateral Lease**. Assignor represents and warrants to Assignee as of the date hereof that a true, correct and complete copy of the Collateral Lease (together with all supplements, amendments, or modifications thereto) is attached hereto as ***Exhibit A***.

3. **Performance Under Collateral Lease**. Subject to Section 3 below, Assignor shall perform its obligations under the Collateral Lease as set forth therein, and Assignor acknowledges that Assignee assumes no obligations or duties under or with respect to the Collateral Lease. ASSIGNOR HEREBY

ACKNOWLEDGES THAT ASSIGNOR IS SOLELY AND ABSOLUTELY LIABLE FOR PERFORMING ANY AND ALL OBLIGATIONS AND PAYING ANY AND ALL AMOUNTS DUE TO ANY LANDLORD, TENANT, OR OWNER UNDER THE COLLATERAL LEASE AND THAT ASSIGNEE SHALL HAVE NO LIABILITY FOR PERFORMING ANY SUCH OBLIGATION OR PAYING ANY SUCH AMOUNT.

4. **Remedies**. Assignor agrees that, upon the occurrence of an Event of Default (as defined in the Facility Lease), and without limiting any other remedies available to Assignee, Assignee has the immediate right, but not the obligation, upon written notice to Assignor and the landlord or lessor under the Collateral Lease (the "**Landlord**"), to (a) exercise in the name and right of Assignor, or in the name and right of Assignees as assignees hereunder, all rights, interest, obligations, and remedies of Assignor under the Collateral Lease, and/or (b) assume Assignor's rights, duties, and obligations under the Collateral Lease, and/or (c) designate a replacement tenant under the Collateral Lease (which replacement tenant shall be selected at Assignees' sole discretion). The Landlord shall have the right to conclusively rely on such written notice from Assignees.

5. **No Termination, Modification, or Transfer**. Assignor shall provide Assignee prompt written notice of any monetary default or material nonmonetary default under the Collateral Lease and shall not terminate the Collateral Lease without the prior written consent of Assignee. Assignor acknowledges and agrees that Assignee has no obligation to cure such breach or default and may elect to do so in its sole and absolute discretion. Assignor shall not assign, transfer, modify, amend, or change any material provision of the Collateral Lease, without Assignee's prior written consent, which consent will not be unreasonably withheld, conditioned, or delayed, it being agreed that if Assignee fails to respond within thirty (30) days following receipt thereof by Assignee, then such request shall be deemed approved. Notwithstanding the foregoing, Assignor shall have the right to assign its interest in the Collateral Lease to any Subsidiary (as defined in the Facility Lease) of Lima HoldCo, LLC, a Delaware limited liability company.

6. **Consents**. [Landlord has executed this Assignment for the limited purposes of consenting to the collateral assignment of the Collateral Lease to Assignee hereunder and acknowledging the rights of Assignee and its successors and assigns under this Assignment.][1]

7. **Notices**. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Assignment shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

or to such other address with respect to a party as such party notifies the other in writing as above provided. For purposes of this Assignment, "**Business Day**" shall mean each Monday, Tuesday, Wednesday, Thursday, and Friday that is not a day on which money centers in the City of New York, New York are authorized or obligated by law or executive order to close.

8. **Binding Effect**. This Assignment shall be binding upon Assignor's successors and assigns and shall inure to the benefit of Assignee and its successors and assigns.

9. **No Waiver**. No delay or omission by Assignee in exercising any right or power hereunder shall impair any such right or power or be construed as a waiver thereof or any acquiescence therein, nor shall any single or partial exercise of any such right or power preclude other or further exercises thereof, or the exercise of any other right or power of Assignee hereunder or under such other writings.

10. **Assignment**. Neither this Assignment, nor any rights or obligations hereunder, is assignable or delegable by Assignor. The rights and interest of Assignee hereunder shall be freely assignable in part or in full to any third party, and any assignee of Assignee shall succeed to and be possessed of the rights of Assignee hereunder.

11. **Governing Law**. THIS ASSIGNMENT SHALL BE GOVERNED BY THE LAWS OF THE STATE OF [_____] AND THE APPLICABLE LAWS OF THE UNITED STATES OF AMERICA.

[*Signature Appears on Following Page*]

Form of Environmental Indemnification Agreement

See attached.

ENVIRONMENTAL INDEMNIFICATION AGREEMENT

THIS ENVIRONMENTAL INDEMNIFICATION AGREEMENT (this "Agreement") is made and entered into as of the ____ day of _____, 20____, by and among **LIMA HOLDCO, LLC**, a Delaware limited liability company ("Lima Holdco"); the entities listed on ***ANNEX A*** hereto under the heading "Lessees" (hereinafter be referred to, individually, as a "Lessee" and, collectively, as the "Lessees") (Lima Holdco and the Lessees shall hereinafter be referred to, individually, as an "Indemnitor" and, collectively, as the "Indemnitors"); and the entities listed on ***ANNEX A*** hereto under the heading "MPT Parties" (hereinafter be referred to, individually, as a "MPT Party" and, collectively, as the "MPT Parties"). The Indemnitors and the MPT Parties are herein sometimes referred to individually as a "Party" and collectively, as the "Parties."

W I T N E S S E T H:

WHEREAS, MPT Parties and Lessees have entered into that certain Master Lease Agreement, dated of even date herewith (as the same may be amended, modified and restated from time to time, the "Master Lease"), whereby MPT Parties are leasing (or, as applicable, subleasing) to Lessees, and Lessees are leasing (or, as applicable, subleasing) from MPT Parties, certain real property consisting of multiple parcels of land, the improvements now or hereafter located thereon (including any improvements consisting of multiple hospital facilities), the fixtures now or hereafter attached thereto and all easements, licenses, rights-of-way, appurtenances and other matters and items relating thereto, all as more particularly described in the Master Lease (collectively, the "Leased Property");

WHEREAS, Lima Holdco has entered into that certain Guaranty Agreement, dated of even date herewith, in favor of the Secured Parties (as the same may be amended, modified and restated from time to time, the "Guaranty"), pursuant to which Lima Holdco guarantees the payment and performance of all of the respective obligations and liabilities of the Lessees under the Master Lease;

WHEREAS, the Indemnitors acknowledge that, as a result of the above described transactions, the Indemnitors will derive direct and indirect benefits in the form of economies of scale, access to capital and other important strategic operational benefits and, accordingly, the Indemnitors have concluded that it is in their best interest to enter into this Agreement; and

WHEREAS, the MPT Parties have required the execution and delivery of this Agreement as a condition precedent to the transactions and agreements contemplated by the Master Lease.

NOW, THEREFORE, in consideration of the premises, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto do hereby agree as follows:

1. **Defined Terms**. Capitalized terms used herein and not expressly defined herein shall have the respective meanings ascribed to them in this Section 1.

"Affiliate" means, with respect to any Person (i) any Person that, directly or indirectly, controls or is controlled by or is under common control with such Person, (ii) any other Person

that owns, beneficially, directly or indirectly, 10% or more of the outstanding capital stock, shares or equity interests of such Person, or (iii) any officer, director, employee, shareholder, partner, member, manager or trustee of such Person or any Person controlling, controlled by or under common control with such Person (excluding trustees and persons serving in similar capacities who are not otherwise an Affiliate of such Person). For the purposes of this definition, "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, through the ownership of voting securities or otherwise.

"Business Day" means each Monday, Tuesday, Wednesday, Thursday and Friday that is not a day on which money centers in the City of New York, New York are authorized or obligated by law or executive order to close.

"Default Interest" means a per annum interest rate equal to the Lease Rate (as defined in the Master Lease), plus Five Percent (5%).

"Environmental Law" means each federal, state, local and foreign law and regulation relating to pollution or protection of the environment including ambient air, surface water, ground water, land surface or subsurface strata, and natural resources, and including each law and regulation relating to emissions, discharges, releases or threatened releases of Hazardous Materials, or otherwise relating to the manufacturing, processing, distribution, use, treatment, generation, storage, containment (whether above ground or underground), disposal, transport or handling of Hazardous Materials, and each law and regulation with regard to record keeping, notification, disclosure and reporting requirements respecting Hazardous Materials, including, without limitation, the Resource Conservation and Recovery Act of 1976 ("RCRA"), the Comprehensive Environmental Response, Compensation and Liability Act of 1980 ("CERCLA"), as amended by the Superfund Amendments and Reauthorization Act of 1986 ("SARA"), the Hazardous Materials Transportation Act, the Federal Water Pollution Control Act, the Clean Air Act, the Clean Water Act, the Toxic Substances Control Act, the Safe Drinking Water Act, in each case as amended from time to time and all similar federal, state and local environmental statutes, ordinances and the regulations, orders, or decrees hereafter promulgated thereunder.

"Hazardous Materials" means any substance deemed hazardous under any Environmental Law, including without limitation, asbestos or any substance containing asbestos, the group of organic compounds known as polychlorinated biphenyls, flammable explosives, radioactive materials, infectious wastes, biomedical and medical wastes, chemicals known to cause cancer or reproductive toxicity, lead and lead-based paints, radon, and any items included in the definition of hazardous or toxic wastes, materials or substances under any Environmental Law.

"Governmental Entity" means any national, federal, regional, state, provincial, municipal, foreign or multinational court or other governmental or regulatory authority, administrative body or government, department, board, body, tribunal, instrumentality or commission of competent jurisdiction.

"Obligations" means, with respect to each Indemnitor, the respective obligations, duties and liabilities (as applicable) of each Indemnitor and its Affiliates under or pursuant to (a) the

Master Lease, (b) the Guaranty, (c) each of the other Obligation Documents, and (d) any and all renewals, increases, and substitutions, amendments and extensions of the liabilities or obligations described or referred to in subsections (a), (b), and (c) above.

"Obligation Documents" has the meaning set forth in the Master Lease.

"Person" means an individual, a corporation, a limited liability company, a general or limited partnership, an unincorporated association, a joint venture, a governmental entity or another entity or group.

"Taxes" means any and all taxes, charges, fees, levies or other assessments, including, without limitation, any and all income, gross receipts, excise, real and personal property (including leaseholds and interests in leaseholds), sales, use, occupation, transfer, license, ad valorem, gains, profits, gift, minimum estimated, alternative minimum, social security, unemployment, disability, premium, recapture, credit, payroll, withholding, severance, stamp, capital stock, value added leasing, franchise and other taxes or similar charges of any kind including any interest and penalties on or additions thereto or attributable to any failure to comply with any requirement regarding any tax return.

2. **Representations and Warranties**. The Indemnitors hereby jointly and severally represent and warrant to the MPT Parties as of the date hereof that (a) each Indemnitor has full legal right, power and authority to enter into this Agreement, to incur the obligations provided for herein, and to execute and deliver the same to the MPT Parties, (b) this Agreement has been duly executed and delivered by each Indemnitor and constitutes a valid and legally binding obligation of each Indemnitor, enforceable against each Indemnitor in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and similar laws affecting the enforcement of creditor's rights or contractual obligations generally and, as to enforcement, to general principles of equity, regardless of whether applied in a proceeding at law or in equity; (c) no approval or consent of any foreign, federal, state, county, local or other governmental or regulatory body, and no approval or consent of any other Person is required in connection with the execution and delivery by any Indemnitor of this Agreement or the consummation and performance by any Indemnitor of the transactions contemplated hereby, except such approvals or consents which have been obtained on or prior to the date hereof; (d) the execution and delivery of this Agreement and the obligations created hereby have been duly authorized by all necessary proceedings on the part of each Indemnitor, and will not conflict with or result in the breach or violation of any of the terms or conditions of, or constitute (or with notice or lapse of time or both would constitute) a default under the governing documents of any Indemnitor, any instrument, contract or other agreement to which any Indemnitor is a party or by or to which any Indemnitor or its assets or properties are bound or subject; or any statute or any regulation, order, judgment or decree of any court or governmental or regulatory body; and (e) no Indemnitor is a party to or, to the knowledge of each Indemnitor, is threatened with any litigation or judicial, administrative or arbitration proceeding which, if decided adversely to any Indemnitor, would restrain, prohibit or materially delay the transactions contemplated hereby.

3. **Covenants**.

(a) No Indemnitor shall cause or permit any third party to cause the presence or continuation of any event, condition or circumstance which occurs or exists on, under, in, about

or from any portion of the Leased Property prior to or as of the date hereof, and which is not, or fails to remain, in compliance in all material respects with all Environmental Laws.

(b) No Indemnitor shall cause or permit any third party to cause the presence, use, generation, release, discharge, storage, disposal or transportation of any Hazardous Materials on, under, in, about or from any portion of the Leased Property, except in compliance in all material respects with all Environmental Laws.

(c) Each Indemnitor shall cause the Leased Property to be operated, used, maintained, and preserved in compliance in all material respects with all Environmental Laws.

4. **Indemnification**.

(a) Subject to the limitations set forth in this Section 4, each Indemnitor agrees, jointly and severally, to indemnify, defend and hold harmless each of the MPT Parties, the MPT Parties' Affiliates and their respective officers, directors, members, (general and limited) partners, shareholders, employees, agents and representatives (collectively, the "MPT Indemnified Parties") from and against all demands, claims, actions, losses, damages, liabilities, penalties, Taxes, costs and expenses (including, without limitation, attorneys' and accountants' fees, settlement costs, arbitration costs and any reasonable other expenses for investigating or defending any action or threatened action) (each, a "Claim") asserted against or incurred by any of the MPT Indemnified Parties related to or arising from events, conditions or circumstances which occurred or existed on, under, in, about, to or from any portion of the Leased Property prior to execution of this Agreement and that give rise to a liability under Environmental Laws, or any Claim arising out of or, in connection with or resulting from any breach under this Agreement (including any immaterial violations or breaches of this Agreement) or any liability under Environmental Laws arising out of the ownership or operation of any portion of the Leased Property (collectively, "MPT Damages"), except to the extent any such Claim or MPT Damages is found to have resulted from the bad faith, gross negligence or willful misconduct of any MPT Indemnified Party. All such MPT Damages shall be due and payable by Indemnitors, jointly and severally, within fifteen (15) days after any MPT Party's demand therefor.

(b) In the event any of the MPT Indemnified Parties has a claim for MPT Damages resulting from the assertion of liability by a third party, the MPT Parties will give Indemnitors notice of any such third-party claim, and Indemnitors shall be jointly and severally obligated to undertake the defense thereof by counsel of its own choosing. No Indemnitor shall settle any such third-party claim without the consent of the MPT Indemnified Parties, which consent shall not be unreasonably conditioned or delayed. Any of the MPT Parties may, by counsel, participate in such proceedings, negotiations or defense, at their own expense. The MPT Parties shall furnish to Indemnitors in reasonable detail such information as the MPT Parties may have with respect to such claim, including all records and materials that are reasonably required in the defense of such third-party claim. In the event that Indemnitors do not collectively defend the third-party claim in a diligent manner, any MPT Party will have the right (at Indemnitors' sole expense) to undertake the defense, compromise or settlement of such claim and any Indemnitor may elect to participate in such proceedings, negotiations or defense at any time at their own expense. No MPT Party shall settle any such third-party claim without the consent of Indemnitors, which consent shall not be unreasonably conditioned or delayed.

5. **Remedial Work**. In the event that any investigation or monitoring of site conditions or any clean-up, containment, restoration, repair, removal or other remedial work ("Remedial Work") is required (a) under any Environmental Laws, or (b) by any judicial, arbitral or administrative order, or (c) in order to comply with any agreements set forth in the Master Lease and the other Obligation Documents, Indemnitors shall be jointly and severally obligated to perform or cause to be performed such Remedial Work to the extent required to avoid any material violation of Environmental Laws; provided, that any Indemnitor may withhold commencement of such Remedial Work pending resolution of any good faith contest regarding the application, interpretation or validity of any law, regulation, order or agreement, subject to the requirements of Section 6 below. All Remedial Work shall be conducted (i) in a diligent and timely fashion by a qualified environmental consultant, (ii) pursuant to a written plan for the Remedial Work approved by any Governmental Entity with a legal or contractual right to such approval, (iii) with such insurance coverage pertaining to liabilities arising out of the Remedial Work as is then customarily maintained with respect to such activities, naming each MPT Party as an additional insured and (iv) only following receipt of all required permits, licenses or approvals, in the case of (i) through (iv) above, to the extent required by Environmental Laws. In addition, each Indemnitor shall submit to the MPT Parties promptly upon receipt or preparation, copies of any and all material reports, studies, analyses, correspondence, governmental comments or approvals, proposed removal or other Remedial Work contracts and similar information prepared or received by any Indemnitor in connection with any Remedial Work relating to any portion of the Leased Property. All costs and expenses of such Remedial Work shall be paid by Indemnitors, jointly and severally, including, without limitation, the charges of the Remedial Work performed by the contractors and the consulting environmental engineer, and any taxes or penalties assessed in connection with the Remedial Work. In the event the Indemnitors should fail to commence or cause to be commenced such Remedial Work, in violation of this Agreement, such Remedial Work, any of the MPT Parties may, but shall not be required to, cause such Remedial Work to be performed, and all costs and expenses thereof, or incurred in connection therewith shall be MPT Damages within the meaning of Section 4 above.

6. **Permitted Contests**. Notwithstanding any provision of this Agreement to the contrary, any Indemnitor may contest by appropriate action any Remedial Work requirement imposed by any Governmental Entity, and no MPT Party shall have the right to perform such required Remedial Work on any Indemnitor's behalf during the pendency of such contest, provided that (a) such Indemnitor has given the MPT Parties written notice that such Indemnitor is contesting or shall contest and such Indemnitor does in fact contest the application, interpretation or validity of the law, regulation, order or agreement pertaining to the Remedial Work in good faith, and (b) such contest shall not subject any MPT Party, or any of the MPT Parties' Affiliates or any assignee of all or any portion of any MPT Party's interest in any portion of the Leased Property to civil or criminal liability and does not jeopardize any such party's interest in any portion of the Leased Property.

7. **Reports and Claims**. Each Indemnitor shall deliver to MPT Parties copies of any material reports, analyses, correspondence, notices, licenses, approvals, orders or other written materials relating to any Remedial Work and the environmental condition of any portion of the Leased Property subject to Remedial Work promptly upon receipt, completion or delivery thereof. Each Indemnitor shall give notice to MPT Parties of any material claim, action, administrative proceeding (including, without limitation, informal proceedings) by any governmental agency or other third party involving MPT Damages or Remedial Work within

thirty (30) days of such claim or other demand first becoming known to any Indemnitor. Receipt of any such notice shall not be deemed to create any obligation on any MPT Party to defend or otherwise respond to any claim or demand.

8. **Notices.** All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

IF TO ANY INDEMNITOR:

or to such other address with respect to a party as such party notifies the other in writing as above provided.

9. **Defense of Claims**. If for any reason, any claim, action, notice, administrative proceeding (including, without limitation, informal proceedings) or other demand is made by any governmental agency or other third party which implicates MPT Damages or Remedial Work, each Indemnitor shall reasonably cooperate with the MPT Parties in any defense or other appropriate response to any such claim or other demand. Each Indemnitor's obligation to cooperate and right to participate in the defense or response to any such claim or demand shall not be deemed to limit or otherwise modify any Indemnitor's obligations under this Agreement. The MPT Parties shall give notice to Indemnitors of any claim or demand governed by this Section 9 at the time such claim or other demand first becomes known to the MPT Parties.

10. **Subrogation of Indemnity Rights**. If any Indemnitor fails to fully perform its obligations under Sections 4 and 5 above, each MPT Party shall be subrogated to any rights or claims any Indemnitor may have against any present, future or former MPT Parties, tenants or other occupants or users of the Leased Property, any portion thereof, or any adjacent or proximate properties, relating to the recovery of MPT Damages or the performance of Remedial Work.

11. **Binding Effect; Assignment.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, except that neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Indemnitor without the prior written consent of the MPT Parties. Notwithstanding the foregoing, any MPT Party may at any time and without the consent of any Indemnitor assign all of its rights and obligations hereunder to any other Person.

12. **Default Interest**. In addition to all other rights and remedies of any MPT Party against any Indemnitor as provided herein, or under applicable law, each Indemnitor shall be jointly and severally obligated to pay to the MPT Parties, immediately upon demand therefor, Default Interest on any MPT Damages and other payments required to be paid by any Indemnitor to any MPT Party under this Agreement which are not paid within fifteen (15) days after demand therefor. Default Interest shall be jointly and severally paid by Indemnitors from the date such payment becomes delinquent through and including the date of payment of such delinquent sums.

13. **Indemnitor Waiver**. The Indemnitors hereby waive any and all rights or defenses arising by reason of: (i) any "one action" or "anti-deficiency" law or any other law which may prevent the MPT Parties from bringing any action, including a claim for deficiency, against any one or more of the Indemnitors, before or after the MPT Parties commencement or completion of any foreclosure or similar action or actions, either judicially or by exercise of a power of sale; (ii) any election of remedies by the MPT Parties which destroys or otherwise adversely affects any one or more of the Indemnitors' subrogation rights or any such Indemnitor's rights to proceed against any Person for reimbursement, including without limitation, any loss of rights the Indemnitors may suffer by reason of any law limiting, qualifying, or discharging the Obligations, if any, (iii) any disability or other defense of any other Person, other than payment in full in legal tender, of the Obligations; (iv) any right to claim discharge of the Obligations on the basis of

unjustified impairment of any collateral for the Obligations; (v) any statute of limitations; (vi) any defenses given to guarantors, sureties, and/or co-makers at law or in equity other than actual payment and performance of the Obligations; or (vii) any action by the MPT Parties to enforce their respective rights and remedies under the Master Lease and the other Obligation Documents. If payment on the Obligations is made by any third party, and thereafter the MPT Parties are forced to remit the amount of that payment under any federal or state bankruptcy law or law for the relief of debtors, the Obligations shall be considered unpaid for the purpose of enforcement of this Agreement and the other Obligation Documents against the Indemnitors.

14. **Governing Law; Jurisdiction and Venue; Waiver of Jury Trial**.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts executed and performed in such State, without giving effect to conflicts of law principles.

(b) THE PARTIES HERETO CONSENT TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION, THE PARTIES AGREE THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS AGREEMENT SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. THE PARTIES EXPRESSLY ACKNOWLEDGE THAT DELAWARE IS A FAIR, JUST AND REASONABLE FORUM AND AGREE NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY THE OTHER PARTIES IN SAID COURTS. FURTHER, THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO SECTION 8 SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT.

(c) TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENT (WHETHER VERBAL OR WRITTEN) OR ACTION OF ANY PARTY OR ANY EXERCISE OF ANY PARTY OF THEIR RESPECTIVE RIGHTS HEREUNDER OR IN ANY WAY RELATING TO THIS AGREEMENT OR THE COLLATERAL (INCLUDING ANY CLAIM OR DEFENSE ASSERTING THAT THIS AGREEMENT WAS FRAUDULENTLY INDUCED OR IS OTHERWISE VOID OR VOIDABLE). THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE MPT PARTIES TO ENTER INTO THIS AGREEMENT AND THE OTHER OBLIGATION DOCUMENTS.

15. **Delivery by Electronic Transmission**. This Agreement and any signed agreement entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail, shall be treated in all manner and respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any party hereto or to any such contract, each other party hereto or thereto shall re-execute original forms thereof and deliver them to all other parties. No party hereto or to any such contract shall raise the use of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail to deliver a signature or the fact that any signature or contract was transmitted or communicated through the use of facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail as a defense to the formation of a contract and each such party forever waives any such defense

16. **No-Third Party Beneficiaries**. Nothing expressed or referred to in this Agreement will be construed to give any Person other than the parties to this Agreement any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement.

17. **No Waiver**. Any provision of this Agreement or Exhibits hereto may be amended or waived only in a writing signed by the parties hereto. No waiver of any provision hereunder or any breach or default thereof shall extend to or affect in any way any other provision or prior or subsequent breach or default.

18. **Necessary Action**. Each party shall perform any further acts and execute and deliver any documents that may be reasonably necessary to carry out the provisions of this Agreement.

19. **Counterparts**. This Agreement may be executed in multiple counterparts, any one of which need not contain the signature of more than one party, but all such counterparts taken together shall constitute one and the same instrument.

20. **Joint Drafting**. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Agreement and the general rules of construction which would construe any provisions of this Agreement in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Agreement as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Agreement are hereby expressly waived by all parties to this Agreement.

21. **Joint and Several Obligations**. The Indemnitors shall be jointly and severally liable for all of the liabilities and obligations of the Indemnitors under this Agreement. Additionally, each Indemnitor acknowledges and agrees that all of the representations, warranties, covenants, obligations, conditions, agreements and other terms contained in this Agreement shall be applicable to and shall be binding upon and enforceable against any one or more or all of the Indemnitors.

22. **Entire Agreement**. This Agreement and the documents referred to herein contain the complete agreement between the parties hereto and supersede any prior understandings, agreements or representations by or between the parties, written or oral, which may have related to the subject matter hereof in any way.

23. **Severability**. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision.

24. **Representatives**.

(a) The Indemnitors hereby appoint Lima Holdco as their duly authorized agent and representative (the "Indemnitor Representative") to take all actions and enforce all rights of the Indemnitors under this Agreement, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the MPT Parties under this Agreement; (v) conducting negotiations and dealing with the MPT Parties under this Agreement; and (vi) taking any other actions on behalf of the Indemnitors relating to the Indemnitors' rights, claims, duties and obligations under this Agreement. In the performance of the MPT Parties' duties and obligations hereunder, the MPT Parties shall be authorized and permitted to correspond and transact with the Indemnitor Representative on behalf of all the Indemnitors and shall be entitled to rely upon any document or instrument executed and delivered by the Indemnitor Representative.

(b) The MPT Parties hereby appoint MPT of Johnstown-Lima, LLC as their duly authorized agent and representative (the "MPT Representative") to take all actions and enforce all rights of the MPT Parties under this Agreement, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the Indemnitors under this Agreement; (v) conducting negotiations and dealing with the Indemnitors under this Agreement; and (vi) taking any other actions on behalf of the MPT Parties relating to the MPT Parties' rights, claims, duties and obligations under this Agreement. In the performance of the Indemnitors duties and obligations hereunder, the Indemnitors shall be authorized and permitted to correspond and transact with the MPT Representative on behalf of all the MPT Parties and shall be entitled to rely upon any document or instrument executed and delivered by the MPT Representative.

[***Signatures appear on the following pages.***]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the day and year first written above.

Form of Joinder to Existing Intercreditor Agreement

See attached.

JOINDER TO
INTERCREDITOR AGREEMENT
(Future MPT/Holdings Transaction)

THIS JOINDER TO INTERCREDITOR AGREEMENT is dated this [•] day of [•], 2019 (this "Joinder"), by and among MPT OF HARTSVILLE-CAPELLA, LLC, MPT OF MCMINNVILLE-CAPELLA, LLC, MPT OF KERSHAW-CAPELLA, LLC, MPT OF HOT SPRINGS-CAPELLA, LLC, MPT OF LEWISTON-RCCH, LLC, MPT OF OLYMPIA-CAPELLA HOSPITAL, LLC and MPT OF PASCO-RCCH, LLC (together with their successors and assigns, collectively, the "Existing MPT Lessors"), each a Delaware limited liability company, WILMINGTON TRUST, NATIONAL ASSOCIATION, as notes collateral agent under the Leasehold Mortgagee Notes Collateral Agreement (as defined in the Intercreditor Agreement (as defined below)) and its successors and assigns ("Leasehold Notes Mortgagee"), CITIBANK, N.A., as collateral agent under the First Lien Credit Agreement (as defined in the Intercreditor Agreement (as defined below)) and its successors and assigns ("Leasehold Term Mortgagee", and together with the Leasehold Notes Mortgagee, the "Leasehold Mortgagee"), and the entities set forth on the signature pages hereto as "New MPT Lessors" (the "New MPT Lessors") with respect to certain leasing and financing arrangements with LIFEPOINT HEALTH, INC., a Delaware corporation ("Holdings"), and its indirect subsidiaries that are MPT Operators (as defined in the Intercreditor Agreement).

WITNESSETH:

WHEREAS, the Existing MPT Lessors, Leasehold Notes Mortgagee, Leasehold Term Mortgagee and Holdings are parties to that certain Intercreditor Agreement, dated as of April 29, 2016 (as the same has been or hereafter may be modified, amended or restated or joined from time to time, the "Intercreditor Agreement"), pursuant to which Leasehold Notes Mortgagee, Leasehold Term Mortgagee and the Existing MPT Lessors agreed and clarified their respective remedies and interests and certain other rights and priorities as provided therein;

WHEREAS, certain subsidiaries of Holdings set forth on the signature pages hereto as the "New MPT Operators" (the "New MPT Operators") have entered into a master lease (the "New Master Lease") with the New MPT Lessors;

WHEREAS, pursuant to Section 2.6(c) of the Intercreditor Agreement, Future MPT/Holdings Transactions shall be joined to the Intercreditor Agreement, with the lessors thereunder becoming MPT Parties and the lessees thereunder becoming MPT Operators; and

WHEREAS, the parties hereto desire to agree to join the New Master Lease to the Intercreditor Agreement as a Future MPT/Holdings Transaction and to acknowledge the New MPT Lessors as MPT Parties and the New MPT Operators as MPT Operators;

NOW, THEREFORE, in consideration of mutual covenants, conditions and agreements herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, do hereby covenant and agree as follows:

1. **Capitalized Terms**. Capitalized terms used and not otherwise defined in this Joinder shall have the meanings ascribed thereto in the Intercreditor Agreement.

2. **Joinders, Additions and Amendments**. Pursuant to Section 2.6(c) of the Intercreditor Agreement, the parties hereto hereby agree as follows:

(a) New Master Lease. The New Master Lease is joined and added as a "Future MPT/Holdings Transaction" under the Intercreditor Agreement.

(b) New MPT Parties. Each New MPT Lessor is joined and added as a "MPT Party" under the Intercreditor Agreement.

(c) New MPT Operators. Each New MPT Operator is joined and added as a "MPT Operator" under the Intercreditor Agreement.

(d) MPT Documents. The New Master Lease and all other related documents and agreements executed by the New MPT Lessors, the New MPT Operators, and their respective affiliates are joined and added as "MPT Documents" under the Intercreditor Agreement.

(e) MPT Collateral. The "Reserves" under and as defined in the New Master Lease are joined and added as "MPT Collateral" under the Intercreditor Agreement.

3. **Binding Effect**. This Joinder shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

4. **Ratification**. Except as expressly modified hereby, the parties hereby confirm and ratify the Intercreditor Agreement in all respects.

5. **Governing Law**. This Joinder shall be governed as to validity, interpretations, enforcement and effect by the laws of the State of New York without giving effect to conflicts of law principles thereunder.

6. **Severability**. This Joinder, including the exhibits attached hereto, and other written agreements executed and delivered in connection herewith by the parties, shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Joinder is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Joinder, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision.

7. **Counterparts**. This Joinder may be executed in multiple counterparts, any one of which need not contain the signature of more than one party, but all such counterparts taken together shall constitute one and the same instrument.

[*Remainder of page intentionally left blank*]

IN WITNESS WHEREOF, the parties hereto have executed or caused their duly authorized representatives to execute this Joinder as of the date first above written.

Exhibit O

Form of LifePoint Noncompetition Agreement

See attached.

NON-COMPETITION AGREEMENT

THIS NON-COMPETITION AGREEMENT (this "Agreement") is made and entered into this ___ day of _____, 20_____, by and among [LIFEPOINT HEALTH, INC., a Delaware corporation][1] ("LifePoint"); the entities listed on ***ANNEX A*** hereto under the heading "MPT Parties" (hereinafter be referred to, individually, as an "MPT Party" and, collectively, as the "MPT Parties"). LifePoint and the MPT Parties are herein sometimes referred to individually as a "Party" and collectively, as the "Parties."

W I T N E S S E T H:

WHEREAS, MPT Parties and certain subsidiaries of LifePoint (each a "Lessee" and collectively the "Lessees") have entered into that certain Master Lease Agreement, dated of even date herewith (as the same may be amended, modified and restated from time to time with LifePoint's written consent, the "Master Lease"), whereby MPT Parties are leasing (or, as applicable, subleasing) to Lessees, and Lessees are leasing (or, as applicable, subleasing) from MPT Parties, certain real property consisting of multiple parcels of land, the improvements now or hereafter located thereon (including any improvements consisting of multiple hospital facilities), the fixtures now or hereafter attached thereto and all easements, licenses, rights-of-way, appurtenances and other matters and items relating thereto, all as more particularly described in the Master Lease (collectively, the "Leased Property");

WHEREAS, LifePoint hereby acknowledges that, as a result of the above described transactions, LifePoint and/or the Lessees will derive direct and indirect benefits in the form of economies of scale, access to capital and other important strategic operational benefits and, accordingly, LifePoint has concluded that it is in its best interests to enter into this Agreement; and

WHEREAS, as a condition to the closing of the transactions contemplated by and referenced in the Master Lease, and as an inducement to cause the MPT Parties to enter into and close such transactions, LifePoint has agreed to enter into and to be bound by the terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the premises, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto do hereby agree as follows:

1. **Capitalized Terms; Definitions**. Any capitalized term or phrase which is used herein (including the Recitals) and not expressly defined herein shall have the meaning ascribed to such term or phrase in the Master Lease. For the purposes of this Agreement, (i) the term "Wholly-Owned Subsidiary" shall mean "With respect to any Person (herein referred to as the "parent"), any corporation, partnership, association or other business entity of which securities or other ownership interests representing 100% of the economic interests and (x) 100% of the ordinary

---

[1] **Note to Draft**: To be updated if conversion has occurred.

voting power (or board representation, including through block voting arrangements) or (y) 100% of the general partnership interests are, at the time any determination is being made, directly or indirectly, owned or held by the parent or one or more wholly owned subsidiaries of the parent", and the term "Non-Wholly-Owned Subsidiary" shall mean "Any Subsidiary that is not a Wholly-Owned Subsidiary."

2. **Non-Competition Provisions of LifePoint**.

(a) No Competing Business. LifePoint agrees that while the Master Lease remains in effect and, if the Master Lease is terminated due to an "Event of Default" thereunder, then for a period of three (3) years thereafter (the "LifePoint Noncompete Period"), neither LifePoint nor any of its Wholly-Owned Subsidiaries shall, directly or indirectly, acquire, finance, guarantee indebtedness, own, lease, manage, develop or provide services in connection with the acquisition, ownership, operation or development of any real estate located within ten (10) miles of any point on or within the Leased Property, which real estate is used in a Competing Business (other than for the avoidance of doubt a Permitted Activity) (a "Restricted Activity"), *provided, however,* that the restrictions in this Section 2(a) shall not apply to real estate: described on ***ANNEX B*** hereto ("Non-Core Real Estate") with respect to Restricted Activities in which Lima HoldCo or any of its Subsidiaries is performing, conducting or otherwise involved as of the date hereof or otherwise reasonably related to the divestiture of such Non-Core Real Estate. Any violation of the provisions of this Section 2 shall suspend and toll the LifePoint Noncompete Period for the duration of such violation. The term "Competing Business" means any healthcare business which involves the operation of a facility other than on the Leased Property in which general acute care services, long term care services, rehabilitation or skilled nursing services are provided; provided, however, that the foregoing shall not prohibit LifePoint or its Affiliates from conducting, performing or otherwise being involved in any Restricted Activity that will not as of the time such Restricted Activity is commenced have a material and adverse effect on the relevant Market of the effected Facility or the ability of any Lessee to perform its obligations under the Master Lease, in each case, as determined in the reasonable discretion of the MPT Parties (a "Permitted Activity"). The term "Market" shall mean "with respect to (a) any of the Johnstown Facility, the Meyersdale Facility, the Hastings Facility, or the Roaring Springs Facility, the business conducted by all such Facilities taken together as a single market, (b) any of the Lander Facility or the Riverton Facility, the business conducted by all such Facilities taken together as a single market, and (c) with respect to any other Facility, the business conducted by such Facility is considered a single market." Notwithstanding the foregoing, in no event shall the provisions of this Section 2(a) apply to any MPT Party or any other Person that, directly or indirectly, controls or is under common control with any such MPT Party. For the avoidance of doubt, the prohibition on Restricted Activities set forth herein shall not apply with respect to direct or indirect Non-Wholly-Owned Subsidiaries of LifePoint; provided, however, LifePoint shall not, and shall not permit its Wholly-Owned Subsidiaries to, vote any Equity Interest it holds in a Non-Wholly Owned Subsidiary in favor of, otherwise approve in its capacity as a holder of such Equity Interests, or voluntarily fund any Restricted Activity that would otherwise be prohibited with respect to a Wholly-Owned Subsidiary except to the extent in its good faith judgement such party is required to do so by applicable Law (including fiduciary duties) or contract. Furthermore, to the extent that LifePoint or any of its Wholly-Owned Subsidiaries seeks to become a holder of Equity Interests in any additional Non-Wholly Owned Subsidiary in the future, in connection with the initial acquisition of such Equity Interests, it shall negotiate in

good faith with any other current or prospective third party holders of Equity Interests in such entity so that the governing documents of such entity permit Lima HoldCo to treat such entity as a Wholly-Owned Subsidiary hereunder; provided that the parties hereto acknowledge and agree that nothing herein shall prohibit LifePoint or its Subsidiaries from entering into, adopting, approving or otherwise being bound by any such governing documents inconsistent with the foregoing or prevent Lima HoldCo or its Wholly-Owned Subsidiaries from becoming a holder of Equity Interests in any Non-Wholly Owned Subsidiary.

(b) Injunctive or Equitable Relief. LifePoint agrees that the restrictions contained herein are reasonable and necessary to protect the legitimate interests of the MPT Parties, and that any violation of the provisions would result in damages which cannot be adequately compensated by money alone. LifePoint hereby agrees that the MPT Parties will be entitled to injunctive or other equitable relief without proving actual damages or posting any bond in the event of any violation of the restrictions contained herein, provided, however, that the foregoing shall not limit or be construed to prohibit or limit the right of the MPT Parties to pursue any other legal and equitable remedies available to it on account of such breach or violation, including the recovery of damages from LifePoint.

(c) Reasonableness of Limitations. If any court shall hold that the duration or scope of this Agreement (geographic or otherwise) is unreasonable or invalid, then the provisions of this Agreement shall remain in effect for whatever time period or geographic area that such court does not declare to be unreasonable or invalid. In addition, if any court shall hold that the duration or scope (geographic or otherwise) of this Agreement is unreasonable or invalid, then, to the extent permitted by law, the court may prescribe a maximum duration or scope (geographic or otherwise) that is judicially enforceable and not unreasonable and the parties agree to accept such judicial determination, which the parties agree shall be substituted in place of any and every judicially unenforceable provision of this Agreement, and that this Agreement, as so modified, shall be fully enforceable as if originally executed in such manner.

(d) Good Faith Negotiations. This Agreement is intended to comply with all applicable rules and regulations of all governmental and regulating authorities. Accordingly, the parties agree to renegotiate, in good faith, any term, condition or provision of this Agreement, or any other relationship between the parties, determined to be in contravention of any regulation, policy or law of any such authority. All other provisions hereof shall remain enforceable to the fullest extent permitted by law.

3. **Representations and Warranties of LifePoint**. LifePoint hereby represents and warrants to the MPT Parties that as of the date hereof (a) it has full legal right, power and authority to enter into this Agreement, to incur the obligations provided for herein, and to execute and deliver the same to the MPT Parties; (b) this Agreement has been duly executed and delivered by it and constitutes a valid and legally binding obligation, enforceable against LifePoint in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and similar laws affecting the enforcement of creditor's rights or contractual obligations generally and, as to enforcement, to general principles of equity, regardless of whether applied in a proceeding at law or in equity; (c) no approval or consent of any foreign, federal, state, county, local or other governmental or regulatory body, and no approval or consent of any other Person is required in connection with the execution and delivery by LifePoint of this Agreement or the

consummation and performance by it of the transactions contemplated hereby, except such approvals or consents as shall have be obtained on or prior to the date hereof; (d) the execution and delivery of this Agreement and the obligations created hereby have been duly authorized by all necessary proceedings on the part of LifePoint, and will not conflict with or result in the breach or violation of any of the terms or conditions of, or constitute (or with notice or lapse of time or both would constitute) a default under the governing documents of LifePoint, any instrument, contract or other agreement to which LifePoint is a party or by or to which it or any of its assets or properties are bound or subject, or any statute or any regulation, order, judgment or decree of any court or governmental or regulatory body; and (e) LifePoint is not a party to or, to the knowledge of LifePoint, threatened with any litigation or judicial, administrative or arbitration proceeding which, if decided adversely to it, would restrain, prohibit or materially delay the transactions contemplated hereby.

4. **Legal Fees and Expenses.** In the event any claim is made by one party to this Agreement against another party to this Agreement, the Non-Prevailing Party (as herein defined), and only the Non-Prevailing Party, shall be responsible for paying and/or reimbursing the reasonable costs (including costs of investigation), expenses and reasonable legal fees of the other party to the claim. "Non-Prevailing Party" shall mean, with respect to any claim between any parties hereto, such party determined as the non-prevailing party by a court with proper jurisdiction.

5. **Binding Effect; No-Third Party Beneficiaries**. This Agreement shall bind and inure to the benefit of the parties and their successors and assigns; provided, however, that (a) this Agreement shall not inure to the benefit of any assignee pursuant to an assignment which violates the terms of this Agreement and (b) neither this Agreement nor any other agreement contemplated in this Agreement shall be deemed to confer upon any Person not a party to this Agreement any rights or remedies contained in this Agreement.

6. **Section Captions**. Section and other captions contained in this Agreement are for reference purposes only and are in no way intended to describe, interpret, define or limit the scope, extent or intent of this Agreement or any provision hereof.

7. **Notices**. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

If to LifePoint: 330 Seven Springs Way
Brentwood, Tennessee 37027
Attention: Jennifer Peters, General Counsel

Birmingham, Alabama 35242
[redacted]

with a copy to:

Baker, Donelson, Bearman, Caldwell & Berkowitz, PC
420 20th Street North
1400 Wells Fargo Tower
Birmingham, Alabama 35203
[redacted]

or to such other address with respect to a party as such party notifies the other in writing as above provided.

8. **Governing Law; Jurisdiction and Venue; Waiver of Jury Trial**.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts executed and performed in such State, without giving effect to conflicts of law principles.

(b) THE PARTIES HERETO CONSENT TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION, THE PARTIES AGREE THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS AGREEMENT SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. THE PARTIES EXPRESSLY ACKNOWLEDGE THAT DELAWARE IS A FAIR, JUST AND REASONABLE FORUM AND AGREE NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY THE OTHER PARTIES IN SAID COURTS. FURTHER, THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY

CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO SECTION 7 SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT.

(c) TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENT (WHETHER VERBAL OR WRITTEN) OR ACTION OF ANY PARTY OR ANY EXERCISE OF ANY PARTY OF THEIR RESPECTIVE RIGHTS HEREUNDER OR IN ANY WAY RELATING TO THIS AGREEMENT OR THE COLLATERAL (INCLUDING ANY CLAIM OR DEFENSE ASSERTING THAT THIS AGREEMENT WAS FRAUDULENTLY INDUCED OR IS OTHERWISE VOID OR VOIDABLE). THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE MPT PARTIES TO ENTER INTO THIS AGREEMENT AND THE OTHER OBLIGATION DOCUMENTS.

9. **Severability**. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision.

10. **No Waiver**. No failure by either party to insist upon the strict performance of any term of this Agreement or to exercise any right, power or remedy consequent upon a breach thereof, and no acceptance of full or partial performance under the terms of this Agreement during the continuance of any such breach, shall constitute a waiver of any such breach or any such term. To the extent permitted by law, no waiver of any breach shall affect or alter this Agreement, which shall continue in full force and effect with respect to any other then existing or subsequent breach. The parties agree that no waiver shall be effective hereunder unless it is in writing.

11. **Necessary Action**. Each party shall perform any further acts and execute and deliver any documents that may be reasonably necessary to carry out the provisions of this Agreement.

12. **Binding Effect; Assignment**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, except that neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by LifePoint without the prior written consent of the MPT Parties. Each of the MPT Parties may at any time and without the consent of LifePoint assign all of its rights and obligations hereunder to any other Person to whom the rights as Lessor under the Master Lease are properly assigned in accordance with its terms.

13. **Joint Drafting**. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Agreement and the general rules of construction which would construe any provisions of this Agreement in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Agreement as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Agreement are hereby expressly waived by all parties to this Agreement.

14. **Delivery by Electronic Transmission**. This Agreement and any signed agreement entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail, shall be treated in all manner and respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any party hereto or to any such contract, each other party hereto or thereto shall re-execute original forms thereof and deliver them to all other parties. No party hereto or to any such contract shall raise the use of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail to deliver a signature or the fact that any signature or contract was transmitted or communicated through the use of facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail as a defense to the formation of a contract and each such party forever waives any such defense.

15. **Entire Agreement; Modification**. This Agreement together with all annexes and the documents referred to herein contain the complete agreement between the parties hereto and supersede any prior understandings, agreements or representations by or between the parties, written or oral, which may have related to the subject matter hereof in any way. Neither this Agreement, any annex attached hereto, nor any provision hereof or thereof may be modified or amended except by an instrument in writing signed by the Parties.

16. **Counterparts**. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one (1) and the same instrument.

17. **Representatives**. The MPT Parties hereby appoint MPT of Johnstown-Lima, LLC as their duly authorized agent and representative (the "MPT Representative") to take all actions and enforce all rights of the MPT Parties under this Agreement, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with LifePoint under this Agreement; (v) conducting negotiations and dealing with LifePoint under this Agreement; and (vi) taking any other actions on behalf of the MPT Parties relating to their rights, claims, duties and obligations under this Agreement. In the performance of LifePoint's duties and obligations hereunder, LifePoint shall be authorized and permitted to correspond and transact with the MPT Representative on behalf of all the MPT Parties and shall be entitled to rely upon any document or instrument executed and delivered by the MPT Representative.

Exhibit P

Form of Lima Noncompetition Agreement

See attached.

NON-COMPETITION AGREEMENT

THIS NON-COMPETITION AGREEMENT (this "Agreement") is made and entered into this ___ day of _____, 20____, by and among LIMA HOLDCO, LLC, a Delaware limited liability company ("Lima HoldCo"); the entities listed on ***ANNEX A*** hereto under the heading "MPT Parties" (hereinafter be referred to, individually, as an "MPT Party" and, collectively, as the "MPT Parties"). Lima HoldCo and the MPT Parties are herein sometimes referred to individually as a "Party" and collectively, as the "Parties."

W I T N E S S E T H:

WHEREAS, MPT Parties and certain subsidiaries of Lima HoldCo (each a "Lessee" and collectively the "Lessees") have entered into that certain Master Lease Agreement, dated of even date herewith (as the same may be amended, modified and restated from time to time, the "Master Lease"), whereby MPT Parties are leasing (or, as applicable, subleasing) to Lessees, and Lessees are leasing (or, as applicable, subleasing) from MPT Parties, certain real property consisting of multiple parcels of land, the improvements now or hereafter located thereon (including any improvements consisting of multiple hospital facilities), the fixtures now or hereafter attached thereto and all easements, licenses, rights-of-way, appurtenances and other matters and items relating thereto, all as more particularly described in the Master Lease (collectively, the "Leased Property");

WHEREAS, Lima HoldCo hereby acknowledges that, as a result of the above described transactions, Lima HoldCo and/or the Lessees will derive direct and indirect benefits in the form of economies of scale, access to capital and other important strategic operational benefits and, accordingly, Lima HoldCo has concluded that it is in its best interests to enter into this Agreement; and

WHEREAS, as a condition to the closing of the transactions contemplated by and referenced in the Master Lease, and as an inducement to cause the MPT Parties to enter into and close such transactions, Lima HoldCo has agreed to enter into and to be bound by the terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the premises, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto do hereby agree as follows:

1. **Capitalized Terms; Definitions**. Any capitalized term or phrase which is used herein (including the Recitals) and not expressly defined herein shall have the meaning ascribed to such term or phrase in the Master Lease. For the purposes of this Agreement, (i) the term "Wholly-Owned Subsidiary" shall mean "With respect to any Person (herein referred to as the "parent"), any corporation, partnership, association or other business entity of which securities or other ownership interests representing 100% of the economic interests and (x) 100% of the ordinary voting power (or board representation, including through block voting arrangements) or (y) 100% of the general partnership interests are, at the time any determination is being made, directly or indirectly, owned or held by the parent or one or more wholly owned subsidiaries of

the parent", and the term "Non-Wholly-Owned Subsidiary" shall mean "Any Subsidiary that is not a Wholly-Owned Subsidiary".

2. **Non-Competition Provisions of Lima HoldCo**.

(a) No Competing Business. Lima HoldCo agrees that while the Master Lease remains in effect and, if the Master Lease is terminated due to an "Event of Default" thereunder, then for a period of three (3) years thereafter (the "Lima Noncompete Period"), neither Lima HoldCo nor any of its Wholly-Owned Subsidiaries shall, directly or indirectly, acquire, finance, guarantee indebtedness, own, lease, manage, develop or provide services in connection with the acquisition, ownership, operation or development of any real estate located within ten (10) miles of any point on or within the Leased Property, which real estate is used in a Competing Business (other than for the avoidance of doubt a Permitted Activity) (a "Restricted Activity"), *provided, however,* that the restrictions in this Section 2(a) shall not apply to real estate described on ***ANNEX B*** hereto ("Non-Core Real Estate") with respect to Restricted Activities in which Lima HoldCo or any of its Subsidiaries is performing, conducting or otherwise involved as of the date hereof or otherwise reasonably related to the divestiture of such Non-Core Real Estate. Any violation of the provisions of this Section 2 shall suspend and toll the Lima Noncompete Period for the duration of such violation. The term "Competing Business" means any healthcare business which involves the operation of a facility other than on the Leased Property in which general acute care services, long term care services, rehabilitation or skilled nursing services are provided; provided, however, that the foregoing shall not prohibit Lima HoldCo or its Affiliates from conducting, performing or otherwise being involved in any Restricted Activity that will not as of the time such Restricted Activity is commenced have a material and adverse effect on the relevant Market of the effected Facility or the ability of any Lessee to perform its obligations under the Master Lease, in each case, as determined in the reasonable discretion of the MPT Parties (a "Permitted Activity"). The term "Market" shall mean "with respect to (a) any of the Johnstown Facility, the Meyersdale Facility, the Hastings Facility, or the Roaring Springs Facility, the business conducted by all such Facilities taken together as a single market, (b) any of the Lander Facility or the Riverton Facility, the business conducted by all such Facilities taken together as a single market, and (c) with respect to any other Facility, the business conducted by such Facility is considered a single market." Notwithstanding the foregoing, in no event shall the provisions of this Section 2(a) apply to any MPT Party or any other Person that, directly or indirectly, controls or is under common control with any such MPT Party. For the avoidance of doubt, the prohibition on Restricted Activities set forth herein shall not apply with respect to direct or indirect Non-Wholly-Owned Subsidiaries of LifePoint; provided, however, Lima HoldCo shall not, and shall not permit its Wholly-Owned Subsidiaries to, vote any Equity Interest it holds in a Non-Wholly Owned Subsidiary in favor of, otherwise approve in its capacity as a holder of such Equity Interests, or voluntarily fund any Restricted Activity that would otherwise be prohibited with respect to a Wholly-Owned Subsidiary except to the extent in its good faith judgement such party is required to do so by applicable Law (including fiduciary duties) or contract. Furthermore, to the extent that Lima HoldCo or any of its Wholly-Owned Subsidiaries seeks to become a holder of Equity Interests in any additional Non-Wholly Owned Subsidiary in the future, in connection with the initial acquisition of such Equity Interests, it shall negotiate in good faith with any other current or prospective third party holders of Equity Interests in such entity so that the governing documents of such entity permit Lima HoldCo to treat such entity as a Wholly-Owned Subsidiary hereunder; provided that the parties hereto

acknowledge and agree that nothing herein shall prohibit Lima HoldCo or its Subsidiaries from entering into, adopting, approving or otherwise being bound by any such governing documents inconsistent with the foregoing or prevent Lima HoldCo or its Wholly-Owned Subsidiaries from becoming a holder of Equity Interests in any Non-Wholly Owned Subsidiary.

(b) Injunctive or Equitable Relief. Lima HoldCo agrees that the restrictions contained herein are reasonable and necessary to protect the legitimate interests of the MPT Parties, and that any violation of the provisions would result in damages which cannot be adequately compensated by money alone. Lima HoldCo hereby agrees that the MPT Parties will be entitled to injunctive or other equitable relief without proving actual damages or posting any bond in the event of any violation of the restrictions contained herein, provided, however, that the foregoing shall not limit or be construed to prohibit or limit the right of the MPT Parties to pursue any other legal and equitable remedies available to it on account of such breach or violation, including the recovery of damages from Lima HoldCo.

(c) Reasonableness of Limitations. If any court shall hold that the duration or scope of this Agreement (geographic or otherwise) is unreasonable or invalid, then the provisions of this Agreement shall remain in effect for whatever time period or geographic area that such court does not declare to be unreasonable or invalid. In addition, if any court shall hold that the duration or scope (geographic or otherwise) of this Agreement is unreasonable or invalid, then, to the extent permitted by law, the court may prescribe a maximum duration or scope (geographic or otherwise) that is judicially enforceable and not unreasonable and the parties agree to accept such judicial determination, which the parties agree shall be substituted in place of any and every judicially unenforceable provision of this Agreement, and that this Agreement, as so modified, shall be fully enforceable as if originally executed in such manner.

(d) Good Faith Negotiations. This Agreement is intended to comply with all applicable rules and regulations of all governmental and regulating authorities. Accordingly, the parties agree to renegotiate, in good faith, any term, condition or provision of this Agreement, or any other relationship between the parties, determined to be in contravention of any regulation, policy or law of any such authority. All other provisions hereof shall remain enforceable to the fullest extent permitted by law.

3. **Representations and Warranties of Lima HoldCo**. Lima HoldCo hereby represents and warrants to the MPT Parties that as of the date hereof (a) it has full legal right, power and authority to enter into this Agreement, to incur the obligations provided for herein, and to execute and deliver the same to the MPT Parties; (b) this Agreement has been duly executed and delivered by it and constitutes a valid and legally binding obligation, enforceable against Lima HoldCo in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and similar laws affecting the enforcement of creditor's rights or contractual obligations generally and, as to enforcement, to general principles of equity, regardless of whether applied in a proceeding at law or in equity; (c) no approval or consent of any foreign, federal, state, county, local or other governmental or regulatory body, and no approval or consent of any other Person is required in connection with the execution and delivery by Lima HoldCo of this Agreement or the consummation and performance by it of the transactions contemplated hereby, except such approvals or consents as shall have be obtained on or prior to the date hereof; (d) the execution

and delivery of this Agreement and the obligations created hereby have been duly authorized by all necessary proceedings on the part of Lima HoldCo, and will not conflict with or result in the breach or violation of any of the terms or conditions of, or constitute (or with notice or lapse of time or both would constitute) a default under the governing documents of Lima HoldCo, any instrument, contract or other agreement to which Lima HoldCo is a party or by or to which it or any of its assets or properties are bound or subject, or any statute or any regulation, order, judgment or decree of any court or governmental or regulatory body; and (e) Lima HoldCo is not a party to or, to the knowledge of Lima HoldCo, threatened with any litigation or judicial, administrative or arbitration proceeding which, if decided adversely to it, would restrain, prohibit or materially delay the transactions contemplated hereby.

4. **Legal Fees and Expenses.** In the event any claim is made by one party to this Agreement against another party to this Agreement, the Non-Prevailing Party (as herein defined), and only the Non-Prevailing Party, shall be responsible for paying and/or reimbursing the reasonable costs (including costs of investigation), expenses and reasonable legal fees of the other party to the claim. "Non-Prevailing Party" shall mean, with respect to any claim between any parties hereto, such party determined as the non-prevailing party by a court with proper jurisdiction.

5. **Binding Effect; No-Third Party Beneficiaries**. This Agreement shall bind and inure to the benefit of the parties and their successors and assigns; provided, however, that (a) this Agreement shall not inure to the benefit of any assignee pursuant to an assignment which violates the terms of this Agreement and (b) neither this Agreement nor any other agreement contemplated in this Agreement shall be deemed to confer upon any Person not a party to this Agreement any rights or remedies contained in this Agreement.

6. **Section Captions**. Section and other captions contained in this Agreement are for reference purposes only and are in no way intended to describe, interpret, define or limit the scope, extent or intent of this Agreement or any provision hereof.

7. **Notices**. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

If to Lima HoldCo:

c/o LifePoint Health, Inc.
330 Seven Springs Way
Brentwood, Tennessee 37027
Attention: General Counsel
Facsimile: (615) 920-8948

with a copy to: Sidley Austin LLP
787 Seventh Avenue
New York, NY 10019
[redacted]

with a copy to: Waller Lansden Dortch & Davis, LLP
511 Union Street, Suite 2700
Nashville, Tennessee 37219
[redacted]

if to any MPT Party: c/o MPT Operating Partnership, L.P.
1000 Urban Center Drive, Suite 501
Birmingham, Alabama 35242
[redacted]

with a copy to: Baker, Donelson, Bearman, Caldwell & Berkowitz, PC
420 20th Street North
1400 Wells Fargo Tower
Birmingham, Alabama 35203
[redacted]

or to such other address with respect to a party as such party notifies the other in writing as above provided.

8. **Governing Law; Jurisdiction and Venue; Waiver of Jury Trial**.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts executed and performed in such State, without giving effect to conflicts of law principles.

(b) THE PARTIES HERETO CONSENT TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION, THE PARTIES AGREE THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS AGREEMENT SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. THE PARTIES EXPRESSLY ACKNOWLEDGE THAT DELAWARE IS A FAIR, JUST AND REASONABLE FORUM AND AGREE NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY THE OTHER PARTIES IN SAID COURTS. FURTHER, THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN

INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO SECTION 7 SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT.

(c) TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENT (WHETHER VERBAL OR WRITTEN) OR ACTION OF ANY PARTY OR ANY EXERCISE OF ANY PARTY OF THEIR RESPECTIVE RIGHTS HEREUNDER OR IN ANY WAY RELATING TO THIS AGREEMENT OR THE COLLATERAL (INCLUDING ANY CLAIM OR DEFENSE ASSERTING THAT THIS AGREEMENT WAS FRAUDULENTLY INDUCED OR IS OTHERWISE VOID OR VOIDABLE). THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE MPT PARTIES TO ENTER INTO THIS AGREEMENT AND THE OTHER OBLIGATION DOCUMENTS.

9. **Severability**. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision.

10. **No Waiver**. No failure by either party to insist upon the strict performance of any term of this Agreement or to exercise any right, power or remedy consequent upon a breach thereof, and no acceptance of full or partial performance under the terms of this Agreement during the continuance of any such breach, shall constitute a waiver of any such breach or any such term. To the extent permitted by law, no waiver of any breach shall affect or alter this Agreement, which shall continue in full force and effect with respect to any other then existing or subsequent breach. The parties agree that no waiver shall be effective hereunder unless it is in writing.

11. **Necessary Action**. Each party shall perform any further acts and execute and deliver any documents that may be reasonably necessary to carry out the provisions of this Agreement.

12. **Binding Effect; Assignment**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, except that neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Lima HoldCo without the prior written consent of the MPT Parties. Each of the MPT Parties may at any time and without the consent of Lima HoldCo assign all of its rights and obligations hereunder to any other Person to whom the rights as Lessor under the Master Lease are properly assigned in accordance with its terms.

13. **Joint Drafting**. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Agreement and the general rules of construction which would construe any provisions of this Agreement in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Agreement as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Agreement are hereby expressly waived by all parties to this Agreement.

14. **Delivery by Electronic Transmission**. This Agreement and any signed agreement entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail, shall be treated in all manner and respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any party hereto or to any such contract, each other party hereto or thereto shall re-execute original forms thereof and deliver them to all other parties. No party hereto or to any such contract shall raise the use of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail to deliver a signature or the fact that any signature or contract was transmitted or communicated through the use of facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail as a defense to the formation of a contract and each such party forever waives any such defense.

15. **Entire Agreement; Modification**. This Agreement together with all annexes and the documents referred to herein contain the complete agreement between the parties hereto and supersede any prior understandings, agreements or representations by or between the parties, written or oral, which may have related to the subject matter hereof in any way. Neither this Agreement, any annex attached hereto, nor any provision hereof or thereof may be modified or amended except by an instrument in writing signed by the Parties.

16. **Counterparts**. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one (1) and the same instrument.

17. **Representatives**. The MPT Parties hereby appoint MPT of Johnstown-Lima, LLC as their duly authorized agent and representative (the "MPT Representative") to take all actions and enforce all rights of the MPT Parties under this Agreement, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with Lima HoldCo under this Agreement; (v) conducting negotiations and dealing with Lima HoldCo under this Agreement; and (vi) taking any other actions on behalf of the MPT Parties relating to their rights, claims, duties and obligations under this Agreement. In the performance of Lima HoldCo's duties and obligations hereunder, Lima HoldCo shall be authorized and permitted to correspond and transact with the MPT Representative on behalf of all the MPT Parties and shall be entitled to rely upon any document or instrument executed and delivered by the MPT Representative.

Exhibit Q

Form of Subordination of Management Agreement

See attached

SUBORDINATION OF MANAGEMENT AGREEMENT

THIS SUBORDINATION OF MANAGEMENT AGREEMENT (this "Agreement") is made this ___ day of _____, 2020, by and among [_____], a [_____] ("Manager"); **LIMA HOLDCO, LLC**, a Delaware limited liability company ("Lima Holdco"); the entities listed on ***ANNEX A***[1] hereto under the heading "Lessees" (hereinafter be referred to, individually, as a "Lessee" and, collectively, as the "Lessees") (Lima Holdco and Lessees shall hereinafter be referred to, individually, as an "Obligor" and, collectively, as the "Obligors"); and the entities listed on ***ANNEX A*** hereto under the heading "Lessors" (hereinafter be referred to, individually, as a "Lessor" and, collectively, as the "Lessors") (Manager, Obligors, and Lessors shall hereinafter be referred to, individually, as a "Party" and, collectively, as the "Parties").[2]

W I T N E S S E T H:

WHEREAS, Lessors and Lessees have entered into that certain Master Lease Agreement, dated of even date herewith (as the same may be amended, modified and restated from time to time, the "Master Lease"), whereby Lessors are leasing (or, as applicable, subleasing) to Lessees, and Lessees are leasing (or, as applicable, subleasing) from Lessors, certain real property consisting of multiple parcels of land, the improvements now or hereafter located thereon (including any improvements consisting of multiple hospital facilities), the fixtures now or hereafter attached thereto and all easements, licenses, rights-of-way, appurtenances and other matters and items relating thereto, all as more particularly described in the Master Lease (collectively, the "Leased Property");

WHEREAS, LifePoint Health, [Inc.] and Lima Holdco has each entered into those certain Guaranty Agreements, dated of even date herewith, in favor of the Lessors (collectively, as the same may be amended, modified and restated from time to time, the "Guaranty"), pursuant to which Lima Holdco guarantees the payment and performance of all of the respective obligations and liabilities of the Lessees under the Master Lease;

WHEREAS, pursuant to that certain [Management Services Agreement, dated as of _____, 20___], by and among Manager and certain of the Lessees (the "Management Agreement Counterparties"), a copy of which is attached hereto as ***EXHIBIT A*** (as the same may be amended, modified or restated from time to time, the "Management Agreement"), Manager provides management services to such Management Agreement Counterparties with respect to the operation of each of the hospital facilities (each a "Facility" and collectively the "Facilities") located, respectively, on any of the Leased Property;

WHEREAS, Manager and the Obligors acknowledge that, as a result of the above described transactions, Manager and the Obligors will derive direct and indirect benefits in the form of economies of scale, access to capital and other important strategic operational benefits and, accordingly, Manager and the Obligors have concluded that it is in their best interest to enter into this Agreement; and

---

[1] To be revised to reflect Lessees as of the initial closing.

[2] To be entered into with respect to each Management Agreement.

WHEREAS, Lessors have required the execution and delivery of this Agreement as a condition precedent to the transactions and agreements contemplated in the Master Lease and the other Obligation Documents (as defined below).

NOW, THEREFORE, in consideration of the premises, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto do hereby agree as follows:

1. **Defined Terms**. Capitalized terms used herein and not expressly defined herein shall have the respective meanings ascribed to them in this Section 1.

"Affiliate" means, with respect to any Person (i) any Person that, directly or indirectly, controls or is controlled by or is under common control with such Person, (ii) any other Person that owns, beneficially, directly or indirectly, 10% or more of the outstanding capital stock, shares or equity interests of such Person, or (iii) any officer, director, employee, shareholder, partner, member, manager or trustee of such Person or any Person controlling, controlled by or under common control with such Person (excluding trustees and persons serving in similar capacities who are not otherwise an Affiliate of such Person). For the purposes of this definition, "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, through the ownership of voting securities or otherwise.

"Business Day" means each Monday, Tuesday, Wednesday, Thursday and Friday that is not a day on which money centers in the City of New York, New York are authorized or obligated by law or executive order to close.

"Major Event of Default" means the occurrence of any of the following events: (a) the occurrence of a "Major Event of Default" under and as defined in the Master Lease; (b) the occurrence of a "Major Event of Default" under and as defined in any of the other Obligation Documents; or (c) the failure of any of the Obligors to punctually and properly perform in all material respects (without duplication of any materiality qualifier herein) any covenant or obligation contained herein if the same shall remain uncured within a period of thirty (30) days after receipt by Obligors of written notice thereof from the Lessors, unless such failure cannot with due diligence be cured within a period of thirty (30) days (in the Lessors' reasonable discretion), in which case such failure shall not be deemed to continue so long as Obligors commence to cure such failure within the thirty (30) day period and proceed with due diligence to complete the curing thereof within sixty (60) days after receipt by Obligors of the Lessors' notice of default (or such longer period as is reasonably required in the determination of the Lessors to effect such cure if Obligors are diligently proceeding to do so); provided, however, in no event shall the Lessors be required to give more than two (2) notices and cure period for Obligors' failure to observe or perform the same (or repetitive) covenant or condition in any consecutive twelve (12) month period.

"MPT Documents" means, collectively, Master Lease and the other Obligation Documents

"Obligation Documents" has the meaning set forth in the Master Lease.

"Person" means an individual, a corporation, a limited liability company, a general or limited partnership, an unincorporated association, a joint venture, a governmental entity or another entity or group.

2. **Management Agreement**. Manager and Obligors hereby jointly and severally represent and warrant to the Lessors as follows: (a) attached hereto as ***EXHIBIT A*** is a true, correct and complete copy of the Management Agreement; (b) the Management Agreement is the only "Management Agreement" (as defined in the Master Lease) between Obligors and Manager, and any of their respective Affiliates with respect to the Leased Property; (c) the Management Agreement remains unmodified and in full force and effect as of the date hereof, without default thereunder by either Manager or any Obligor; and (d) Manager has been paid all amounts due for all services, if any, furnished as of this date with respect to the Leased Property, except for amounts due and payable with respect to services, if any, furnished during the calendar month in which this Agreement is made. The Management Agreement Counterparties represent and warrant to the Lessors that, other than this Agreement, neither the Management Agreement Counterparties nor Manager has entered into any subordination agreement with respect to the Management Agreement. Manager further acknowledges that the Lessees are leasing the Leased Property from the applicable Lessors pursuant to the Master Lease, which are secured by liens encumbering certain assets, including, but not limited to, the Management Agreement Counterparties' rights and interests under the Management Agreement.

3. **Subordination of Management Fees**. Manager acknowledges and agrees that the liens created by the MPT Documents, and the Lessors' right to payment thereunder, shall be superior to and have priority over the right of the Manager to receive payment under the Management Agreement. In furtherance of the foregoing, Manager fully and completely subordinates to the liens created by the MPT Documents, and to the Lessors' right to payment thereunder, any right to payment of Manager arising out of or in any way connected with its services performed under the Management Agreement. Manager further agrees that neither Manager nor its Affiliates: (a) shall demand, collect or accept from any of the Management Agreement Counterparties' or their Affiliates any payment or collateral on account of any amounts due or to become due under the Management Agreement (the "Subordinated Amounts") or any part thereof or realize upon or enforce any collateral securing such Subordinated Amounts, nor commence any action or proceeding against any of the Management Agreement Counterparties or their Affiliates in any court or other tribunal to recover all or any part of such Subordinated Amounts, except with respect to any payment to Manager permitted under Section 5 hereof; (b) shall have given or shall hereafter give any subordination or enter into any subordination agreement in respect of the Subordinated Amounts or transfer or assign any of the Subordinated Amounts to any Person other than the Lessors or their Affiliates; (c) will commence or join with any of the other creditors of the Management Agreement Counterparties or their Affiliates in commencing any bankruptcy, reorganization, receivership or insolvency proceeding against any of the Management Agreement Counterparties or their Affiliates; or (d) shall take or permit any action prejudicial to or inconsistent with the Lessors' priority position over Manager and its Affiliates that is created by this Agreement.

4. **Rights of Lessors Following a Major Event of Default**. Notwithstanding anything to the contrary in the Management Agreement, during the continuation of a Major Event of Default,

unless waived in writing by the Lessors, the Lessors shall have the right, upon written notice to Manager:

(a) to require Manager to continue performance under and in accordance with the Management Agreement, on behalf of the Lessors, with respect to any one or more of the Facilities as the Lessors may elect, for so long as the Lessors may elect, in consideration of the compensation due and payable under the Management Agreement with respect to such period of time; or

(b) to require the Management Agreement Counterparties to immediately remove any one or more of the Facilities (including all if so elected by the Lessors) from coverage under the Management Agreement, which shall terminate the management of such Facility or Facilities and, within five (5) days after receipt of such written notice, execute and deliver to the Lessors an amendment to the Management Agreement evidencing such removal.

Upon the removal of any one or more of the Facilities from coverage under the Management Agreement, as provided in subsection (ii) above (each, a "Removed Facility"), no termination fee or other compensation shall be due to Manager with respect to such Removed Facility; *provided, however*, that subject to the subordination provisions of this Agreement, nothing in this Agreement shall limit the Management Agreement Counterparties' obligation to pay to Manager the fees due under the Management Agreement for services rendered through the date of such removal.

5. **Permitted Receipt of Subordinated Amounts**. Notwithstanding anything to the contrary in this Agreement, so long as no Major Event Default has occurred and is continuing, the Management Agreement Counterparties may pay, and Manager may receive, the Subordinated Amounts (so long as such payment does not give rise to a Major Event of Default); *provided, that*: (a) nothing herein shall limit the accrual of the Subordinated Amounts during the existence of a Major Event of Default for Manager's services during such period and (b) if such Major Event of Default is cured or waived in writing by the Lessors, subject to the proviso below, any such accrued amounts shall be paid as provided under the Management Agreement; *provided, however*, that in no event shall any such accrued amount be payable to Manager if, as a result of a Major Event of Default, (i) the Master Lease is terminated (or Lessees' right of possession is terminated thereunder), or (ii) the Management Agreement is terminated (except to the extent provided therein), and in no event shall any such amounts continue to accrue with respect to a Removed Facility after the removal of such Removed Facility.

6. **Payment of Subordinated Amounts Following Certain Events**. Notwithstanding anything to the contrary in the Management Agreement, (a) during the continuation of a Major Event of Default, if Manager receives payment of or security for any Subordinated Amounts from any Obligor; or (b) after the date of removal of any one or more Removed Facilities, if Manager receives payment of or security for any Subordinated Amounts from any Obligor relating to such Removed Facilities, in either such case, Manager shall forthwith deliver such payment or security to the Lessors in precisely the form received (except for Manager's endorsement when necessary) for application in accordance with the MPT Documents. Until delivered such payment or security shall be held in trust by Manager as the property of the Lessors. In the event of the failure of Manager to endorse any instrument for the payment of

money so received, each Lessor is hereby appointed attorney-in-fact, which is coupled with an interest, for Manager with full power to make such endorsement and with full power of substitution.

7. **Remedies Upon Termination**. Upon any termination of the Management Agreement with respect to one or more Removed Facilities and the portion or portions of the Leased Property relating thereto, Manager may pursue those remedies set forth in the Management Agreement with regard to the Management Agreement Counterparties, so long as all such rights and remedies in respect of the Subordinated Amounts are subordinate to Lessors' rights and remedies under this Agreement and pursuant to the MPT Documents. Upon any such termination of the Management Agreement with respect to a Removed Facility, except as otherwise provided in Section 4, Manager shall have no right of specific performance and no lien or charge upon such Removed Facility, the portion or portions of the Leased Property relating thereto, or income from or relating to such Removed Facility or the portion or portions of the Leased Property relating thereto, with respect to the Subordinated Amounts, until all liabilities and obligations under the MPT Documents have been fully paid and satisfied (other than contingent indemnification obligations for which no claim has been asserted that expressly survive the termination of this Agreement).

8. **Bankruptcy; Liquidation**. In the event of any distribution, division or application, partial or complete, voluntary or involuntary, by operation of law or otherwise, of all or any part of the assets of the Obligors or the proceeds thereof to creditors of the Obligors, by reason of the liquidation, dissolution or other winding up of the Obligors or the business of the Obligors or, in the event of any sale, receivership, insolvency or bankruptcy case or proceeding by or against the Obligors for any relief under any bankruptcy or insolvency law or laws relating to the relief of debtors, readjustments of indebtedness, liquidations, reorganizations, compositions, or extensions, then, and in any such event, any payment or distribution of any kind or character, either in cash, securities or other property, which shall be payable or deliverable to Manager solely with respect to the Subordinated Amounts (and not any other amount payable to the Manager pursuant to the Management Agreement or otherwise) shall be paid or delivered directly to Lessors for application against any obligations or liabilities of Obligors under the MPT Documents, whether due or not due, until all such obligations shall have been fully paid and satisfied.

9. **Grant of Security Interest**. As an additional inducement to Lessors to enter into the MPT Documents and this Agreement, Manager hereby grants to the Lessors a security interest in all of Manager's fees, accounts receivable, and other amounts, due or to become due, arising from or related to the Management Agreement. The Lessors shall have the right at any time to file a UCC-1 financing statement without Manager's signature where authorized by law, but the failure of Lessors to do so shall not impair the validity or enforceability of this Agreement. Upon Lessors' request, and at Manager's expense, Manager shall promptly execute any and all documents (including all bank/lender required documents) and take all other actions as Lessors reasonably deem necessary to perfect its security interest as provided herein. Notwithstanding any provision of this Section to the contrary, Manager shall be entitled to receive and apply, without restriction, any Subordinated Amounts earned and received pursuant to the Management Agreement as permitted under Section 5 hereof.

10. **Receipt of Security Instruments**. Manager acknowledges receipt of a copy of the security instruments being delivered by Obligors to the Lessors in connection with the MPT Documents. Furthermore, Manager acknowledges that all rents or other funds that may hereafter be held by Manager, as agent for Obligors, are subject to the liens and security interests granted to the Lessors pursuant to the MPT Documents, and shall remit such funds to or as directed by the Lessors pursuant to the MPT Documents.

11. **Amendment of Management Agreement; Prepayment and Accrual of Fees**. Subject to the proviso set forth in Section 39.9 of the Master Lease, Manager and Obligors (a) shall not terminate or materially amend or modify the Management Agreement unless (i) they have obtained the prior written consent of the Lessors, which consent shall not be unreasonably withheld, conditioned or delayed, or (ii) such amendment or modification would not adversely affect the rights of the Lessors, in the reasonable determination of Lessors, (b) shall not make or accept any prepayment or advance payment of fees or other obligations due under the Management Agreement, and (c) neither shall accrue any fees, expenses and other amounts due under the Management Agreement in excess of one (1) month, unless, they have obtained the prior written consent of the Lessors, which consent shall not be unreasonably withheld, conditioned or delayed.

12. **Notice of Defaults**. Notwithstanding anything to the contrary in the Management Agreement, in the event the Management Agreement Counterparties default in the payment of any amounts due to Manager under the Management Agreement, Manager shall provide prompt written notice of such default to the Lessors, whereupon, the Lessors shall have the right, but not the obligation, within fifteen (15) days after receipt of such notice, to cure such default by paying directly to Manager any amounts due or outstanding under the Management Agreement so as to put the Management Agreement Counterparties in good standing thereunder.

13. **Representations and Warranties of Manager and Obligors**. Manager, individually and as to itself only, and each Obligor, jointly and severally, hereby represent and warrant to the Lessors as of the date hereof that (a) each of them has full legal right, power and authority to enter into this Agreement, to incur the obligations provided for herein, and to execute and deliver the same to the Lessors; (b) this Agreement has been duly executed and delivered by each of them and constitutes their valid and legally binding obligation, enforceable against them in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and similar laws affecting the enforcement of creditor's rights or contractual obligations generally and, as to enforcement, to general principles of equity, regardless of whether applied in a proceeding at law or in equity; (c) no approval or consent of any foreign, federal, state, county, local or other governmental or regulatory body, and no approval or consent of any other Person is required in connection with the execution and delivery by any of them of this Agreement or the consummation and performance by any of them of the transactions contemplated hereby, except such approvals or consents as shall have been obtained on or prior to the date hereof; (d) the execution and delivery of this Agreement and the obligations created hereby have been duly authorized by all necessary proceedings on the part of each of them and will not conflict with or result in the material breach or violation of any of the terms or conditions of, or constitute (or with notice or lapse of time or both would constitute) a default under the governing documents of any of them, any material instrument, contract or other agreement to which any of them is a party or by or to which any of them or their respective assets or properties are bound or subject, or any

statute or any regulation, order, judgment or decree of any court or governmental or regulatory body; (e) ***Schedule 13(e)*** attached hereto sets forth, as of the date hereof, the ownership of Manager and, except as set forth therein, no other Person has, and none of them have offered to any Person, any written option to acquire same; (f) none of them is a party to or, to their knowledge, threatened with any litigation or judicial, administrative or arbitration proceeding which, if decided adversely to any of them, would restrain, prohibit or materially delay the transactions contemplated hereby; (g) the Management Agreement is the only "Management Agreement" (as defined in the Master Lease) between any of the Management Agreement Counterparties and Manager, with respect to the management of the Leased Property; (h) other than this Agreement, none of the Management Agreement Counterparties, nor Manager, has entered into any subordination agreement with respect to the Management Agreement; and (i) the Management Agreement remains unmodified and in full force and effect as of the date hereof, without default thereunder by any Obligor or Manager under the Management Agreement.

14. **Accounting of Services**. Manager and the Management Agreement Counterparties shall render to the Lessors from time to time upon the Lessors' reasonable request therefor an accounting of all amounts paid by any Obligor to Manager, which accounting shall include copies of all related invoices and receipts.

15. **Absolute and Unconditional Obligations**. Manager will perform its obligations under this Agreement regardless of any law now or hereafter in effect in any jurisdiction or venue affecting any of the terms of any of the MPT Documents or the rights of the Lessors with respect thereto. The obligations of Manager under this Agreement are independent of the MPT Documents, and a separate action or actions may be brought and prosecuted against Manager to enforce this Agreement, irrespective of whether any action is brought against any Obligor or their respective Affiliates or whether any Obligor or their respective Affiliates is joined in any such action or actions. The obligations of Manager under this Agreement shall be absolute and unconditional irrespective of:

(a) any lack of validity or enforceability of any of the MPT Documents;

(b) the validity of any lien granted to the Lessors or their Affiliates in any of the assets of the Management Agreement Counterparties;

(c) any change in the time, manner or place of payment or performance of, or in any other term of, any of the MPT Documents, or any other amendment thereof, or waiver of any provision thereof, including, without limitation, any increase in any indebtedness owed from the Obligors to the Lessors or their Affiliates resulting from the extension of additional credit to the Obligors or otherwise;

(d) any taking, exchange, release or non perfection of any lien granted to Lessors or their Affiliates in any of the assets of the Obligors;

(e) any manner of application of the assets of the Obligors, or proceeds thereof, to all or any of the indebtedness of the Obligors to the Lessors or their Affiliates, or any manner of sale or other disposition of any of such assets for all or any of such indebtedness of the Obligors to the Lessors or their Affiliates;

(f) any change, restructuring or termination of the organizational structure or existence of the Obligors; or

(g) any other circumstance which might otherwise constitute a defense available to, or a discharge of, the Obligors.

16. **Waiver of Notice**. The Obligors and Manager hereby waive promptness, diligence, notice of acceptance and any other notice with respect to this Agreement, the MPT Documents, and any requirement that the Lessors perfect or insure any lien or any collateral or exhaust any right or take any action against the Obligors, their respective Affiliates, Manager, or any other person or any collateral securing the indebtedness of the Obligors to the Lessors or their Affiliates.

17. **No Waiver**. Any provision of this Agreement or Exhibits hereto may be amended or waived only in a writing signed by the parties hereto. No waiver of any provision hereunder or any breach or default thereof shall extend to or affect in any way any other provision or prior or subsequent breach or default.

18. **Necessary Action**. Each party shall perform any further acts and execute and deliver any documents that may be reasonably necessary to carry out the provisions of this Agreement.

19. **Notices**. All notices, demands and other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via telecopy (or other facsimile device) to the number set out below if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national overnight air courier service or (d) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid. Notices, demands and communications, in each case to the respective parties, shall be sent to the applicable address set forth below, unless another address has been previously specified in writing:

or to such other address with respect to a party as such party notifies the other in writing as above provided.

20. **Severability**. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement, unless the severance of such provision would be in opposition to the parties' intent with respect to such provision.

21. **Entire Agreement**. This Agreement and the documents referred to herein contain the complete agreement between the parties hereto and supersede any prior understandings, agreements or representations by or between the parties, written or oral, which may have related to the subject matter hereof in any way.

22. **Governing Law; Jurisdiction and Venue; Waiver of Jury Trial**.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts executed and performed in such State, without giving effect to conflicts of law principles.

(b) THE PARTIES HERETO CONSENT TO PERSONAL JURISDICTION IN THE STATE OF DELAWARE. EXCEPT AS OTHERWISE PROVIDED IN THIS SECTION, THE PARTIES AGREE THAT ANY ACTION OR PROCEEDING ARISING FROM OR RELATED TO THIS AGREEMENT SHALL BE BROUGHT AND TRIED EXCLUSIVELY IN THE STATE OR FEDERAL COURTS OF DELAWARE. EACH OF THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. THE PARTIES EXPRESSLY ACKNOWLEDGE THAT DELAWARE IS A FAIR, JUST AND REASONABLE FORUM AND AGREE NOT TO SEEK REMOVAL OR TRANSFER OF ANY ACTION FILED BY THE OTHER PARTIES IN SAID COURTS. FURTHER, THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY CLAIM THAT SUCH SUIT, ACTION OR PROCEEDING HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. SERVICE OF ANY PROCESS, SUMMONS, NOTICE OR DOCUMENT BY CERTIFIED MAIL ADDRESSED TO A PARTY AT THE ADDRESS DESIGNATED PURSUANT TO SECTION 19 SHALL BE EFFECTIVE SERVICE OF PROCESS AGAINST SUCH PARTY FOR ANY ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT. A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT MAY BE ENFORCED IN ANY OTHER COURT TO WHOSE JURISDICTION ANY OF THE PARTIES IS OR MAY BE SUBJECT.

(c) TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENT (WHETHER VERBAL OR WRITTEN) OR ACTION OF ANY PARTY OR ANY EXERCISE OF ANY PARTY OF THEIR RESPECTIVE RIGHTS HEREUNDER OR IN ANY WAY RELATING TO THIS AGREEMENT OR THE COLLATERAL (INCLUDING ANY CLAIM OR DEFENSE ASSERTING THAT THIS AGREEMENT WAS FRAUDULENTLY INDUCED OR IS OTHERWISE VOID OR VOIDABLE). THIS WAIVER IS A MATERIAL INDUCEMENT FOR THE LESSORS TO ENTER INTO THIS AGREEMENT AND THE OTHER OBLIGATION DOCUMENTS.

23. **No-Third Party Beneficiaries**. Nothing expressed or referred to in this Agreement will be construed to give any Person other than the parties to this Agreement any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement.

24. **Binding Effect; Assignment**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, except that neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Manager or any Obligor without the prior written consent of the Lessors. Any Lessor may at any time and without the consent of Manager or the Obligors assign all of its rights and obligations hereunder to any other Person.

25. **Delivery by Electronic Transmission**. This Agreement and any signed agreement entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail, shall be treated in all manner and respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any party hereto or to any such contract, each other party hereto or thereto shall re-execute original forms thereof and deliver them to all other parties. No party hereto or to any such contract shall raise the use of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail to deliver a signature or the fact that any signature or contract was transmitted or communicated through the use of facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail as a defense to the formation of a contract and each such party forever waives any such defense.

26. **Counterparts**. This Agreement may be executed in multiple counterparts, any one of which need not contain the signature of more than one party, but all such counterparts taken together shall constitute one and the same instrument.

27. **Joint Drafting**. The parties hereto and their respective counsel have participated in the drafting and redrafting of this Agreement and the general rules of construction which would construe any provisions of this Agreement in favor of or to the advantage of one party as opposed to the other as a result of one party drafting this Agreement as opposed to the other or in resolving any conflict or ambiguity in favor of one party as opposed to the other on the basis of which party drafted this Agreement are hereby expressly waived by all parties to this Agreement.

28. **Representatives**.

(a) The Obligors hereby appoint Lima Holdco as their duly authorized agent and representative (the "Obligor Representative") to take all actions and enforce all rights of the Obligors under this Agreement, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the other parties hereto under this Agreement; (v) conducting negotiations and dealing with the Lessors under this Agreement; and (vi) taking any other actions on behalf of the Obligors relating to the Obligors' rights, claims, duties and obligations under this Agreement. In the performance of the Lessors' duties and obligations hereunder, the Lessors shall be authorized and permitted to correspond and transact with the Obligor Representative on behalf of all the Obligors and shall be entitled to rely upon any document or instrument executed and delivered by the Obligor Representative.

(b) The Lessors hereby appoint MPT of Johnstown-Lima, LLC as their duly authorized agent and representative (the "MPT Representative") to take all actions and enforce all rights of the Lessors under this Agreement, including, without limitation, (i) giving and receiving any notice or instruction permitted or required under this Agreement; (ii) interpreting all of the terms and provisions of this Agreement; (iii) authorizing payments or obtaining reimbursement as may be provided for herein; (iv) consenting to, compromising or settling all disputes with the other parties hereto under this Agreement; (v) conducting negotiations and dealing with the Obligors under this Agreement; and (vi) taking any other actions on behalf of

the Lessors relating to the Lessors' rights, claims, duties and obligations under this Agreement. In the performance of the Obligors duties and obligations hereunder, the Obligors shall be authorized and permitted to correspond and transact with the MPT Representative on behalf of all the Lessors and shall be entitled to rely upon any document or instrument executed and delivered by the MPT Representative.

[*Signatures Appear on Following Pages*]

IN WITNESS WHEREOF, this Agreement is executed and delivered as of the day and year first above written.

DISCLOSURE SCHEDULES

TO

REAL PROPERTY ASSET PURCHASE AGREEMENT

dated as of November 4, 2019

by and among

LIMA HOLDCO, LLC

THE LIMA SUBSIDIARIES SET FORTH ON ANNEX A TO THE
REAL PROPERTY ASSET PURCHASE AGREEMENT, AND
THE MPT PARTIES SET FORTH ON ANNEX A TO THE
REAL PROPERTY ASSET PURCHASE AGREEMENT

INTRODUCTION

This document and the exhibits hereto, each of which is incorporated by reference herein (collectively, these "Disclosure Schedules") are being delivered pursuant to the Real Property Asset Purchase Agreement, dated as of November 4, 2019 (the "Agreement"), by and among Lima HoldCo, LLC, a Delaware limited liability company ("Lima"), the Lima Subsidiaries set forth on Annex A to the Agreement (the "Lima Subsidiaries"), and the MPT Parties set forth on Annex A to the Agreement (the "MPT Parties"). Unless the context requires otherwise, capitalized terms used but not otherwise defined herein shall have the meanings assigned to such terms in the Agreement, and all references to section numbers contained in these Disclosure Schedules refer to sections of the Agreement.

The statements in these Disclosure Schedules, and those in any supplement hereto, are qualified in their entirety by reference to the specific provisions of the Agreement and do not constitute, and shall not be construed as constituting, representations, warranties or covenants of the Lima Parties, except as and to the extent expressly provided in the Agreement. The statements in these Disclosure Schedules, and those in any supplement hereto, relate to the provisions in the Section of the Agreement to which they expressly relate; provided, however, that any information set forth in one section of the Schedules shall also be deemed to apply to any other section to which its relevance is reasonably apparent on its face.

Matters reflected in any Section of these Disclosure Schedules are not necessarily limited to matters required by the Agreement to be so reflected. Such additional matters are set forth for informational purposes and do not necessarily include other matters of a similar nature. It is understood and agreed that the specification of any dollar amount in the representations and warranties contained in the Agreement or these Disclosure Schedules is not intended to imply that such amounts or higher or lower amounts are or are not material, and neither party shall use the fact of the setting of such amounts in these Disclosure Schedules in any dispute or controversy between the parties as to whether any obligation, item or matter not described in the Agreement or included in these Disclosure Schedules is or is not material for purposes of the Agreement.

No reference to or disclosure of any item or other matter in these Disclosure Schedules shall be construed as an admission or indication that such item or other matter is material or that such item or other matter is required to be referred to or disclosed in the Agreement. Without limiting the foregoing, no such reference to or disclosure of a possible breach or violation of any Contract or Law shall be construed as an admission or indication that a breach or violation exists or has actually occurred. In disclosing the information in these Disclosure Schedules, the Lima Parties expressly do not waive any attorney-client privilege or other applicable privilege associated with such information or any protection afforded by the work-product doctrine with respect to any of the matters disclosed or discussed herein.

This introductory language and the headings in these Disclosure Schedules are inserted for convenience only and shall not create a different standard for disclosure than the language set forth in the Agreement. This information is disclosed in confidence for the purposes contemplated in the Agreement and is subject to the confidentiality and use provisions of the Agreement and the Confidentiality Agreement.

Schedule 2.2

Schedule 4.5(l)

Notices Regarding Condemnation Proceedings

1. Pennsylvania Department of Transportation is condemning a strip of land in connection with a road widening in front of Conemaugh Memorial Hospital and Good Samaritan.

Schedule 4.6

Environmental Matters

(a)

Conemaugh Memorial Hospital – In July 2014, as part of a Limited Phase II ESA, certain VOCs were identified in groundwater samples at the Lot J (southwest corner of Washington & Walnut Streets, Johnstown, PA) and 320 Main Street properties. In this same time period, two former retail petroleum distribution stations (filling stations) and abandoned USTs were located at the Warehouse property. Groundwater samples in these locations also yielded certain VOCs that were greater than allowable limits. All of these items are to be remediated and USTs property closed as part of a settlement agreement with the Foundation (seller).

Schedule 4.7

Litigation

Lima Facility	Date	Description
Conemaugh (CPG)	8/29/2014	Former owners of Conemaugh Physician Group (CPG) disclosed issues involving approximately 2 arrangements with 2 physicians that potentially violated the Stark law and resulted in a potential overpayment to CPG of $2.08 million. Issues disclosed related to payments made to a physician pursuant to a backdated contract and physician occupancy of space under an expired lease. The self-disclosure was submitted to CMS on 8/29/2014, and Hospital is now awaiting a response.
Conemaugh (Meyersdale)	7/28/2014	Former owners of Hospital disclosed issues involving approximately 2 arrangements with 2 physicians that potentially violated the Stark law and resulted in a potential overpayment to the Hospital of $886,542. Issues disclosed related to physician occupancy of space with no written lease and failure to charge or pay rent in a timely manner. The self-disclosure was submitted to CMS on 8/29/2014, and Hospital is now awaiting a response.
Conemaugh (Meyersdale)	8/29/2014	Former owners of Hospital disclosed issues involving approximately 2 arrangements with 2 physicians that potentially violated the Stark law and resulted in a potential overpayment to the Hospital of $862,347. Issues disclosed related to payments made to a physician pursuant to a backdated contract and physician occupancy of space under a lease that was backdated. The self-disclosure was submitted to CMS on 8/29/2014, and Hospital is now awaiting a response.
Conemaugh (Miners)	7/25/2014	Former owners of Hospital disclosed issues involving approximately 19 arrangements with 23 physicians that potentially violated the Stark law and resulted in a potential overpayment to the Hospital of $2.52 million. Issues disclosed related to payments made to physicians with no written contracts and occupancy of space by physicians with no written leases. The self-disclosure was submitted to CMS on 7/25/2014, and Hospital is now awaiting a response.
Conemaugh (Miners)	8/29/2014	Former owners of Hospital disclosed an issue involving an arrangement with a physician that potentially violated the Stark law and resulted in a potential overpayment to the Hospital of $829,325 because Hospital made payments to the physician without a written contract. The self-disclosure was submitted to CMS on 8/29/2014, and Hospital is now awaiting a response.
Conemaugh (MMC)	7/25/2014	Former owners of Hospital disclosed an issue involving an arrangement with approximately 12 physicians that potentially violated the Stark law and resulted in a potential overpayment to the Hospital of $73.26 million because Hospital made payments to the physicians without a written contract. The self-disclosure was submitted to CMS on 7/25/2014, and Hospital is now awaiting a response.

Lima Facility	Date	Description
Conemaugh (MMC)	8/29/2014	Former owners of Hospital disclosed issues involving approximately 14 arrangements with 15 physicians that that potentially violated the Stark law and resulted in a potential overpayment to the Hospital of $7.8 million. Issues disclosed related to payments made to physicians with no written contracts, payments made to physicians pursuant to backdated contracts and forgiveness of physician debt. The self-disclosure was submitted to CMS on 8/29/2014, and Hospital is now awaiting a response.
Conemaugh (MMC)	9/25/2015	Payments were made to 2 physicians in excess of FMV that potentially violated the Stark law and resulted in a potential overpayment to the Hospital of $17.08m. A self-disclosure was submitted to CMS on 9/25/2015, and Hospital is now awaiting a response.

Second Amendment to Professional Services Agreement

This Second Amendment shall modify the Professional Services Agreement ("Agreement") entered into on August 1, 2014, between RCHP Ottumwa, LLC d/b/a Ottumwa Regional Health Center ("Medical Center") and Apogee Medical Management, Inc. ("Company"). Medical Center and Company desire to amend the Agreement as set forth below. The Effective Date of this Amendment shall be the date of last signature as set forth below.

WHEREAS, Medical Center and Company are parties to that certain Professional Services Agreement effective August 1, 2014 and that certain First Amendment (collectively, the "Agreement"); and

WHEREAS, Medical Center and Company desire to amend the Agreement as set forth below.

NOW THEREFORE, in consideration of the mutual covenants and agreements contained herein, the parties agree as follows:

1) Effective September 1, 2022, Subsections a. and b. of Section 8.c.ix.ii shall be deleted in their entirety and replaced with the following:

   a. Thirty-Five Thousand Five Hundred Eighteen Dollars ($35,518.00) per Physician FTE provided by Company under this Agreement. Such amount is based on the sum of the following components divided by 12: Physician's annual base salary, which is Three Hundred Fifty Thousand Dollars ($350,000.00); twenty-two (22) percent of Two Hundred Sixty Thousand Dollars ($260,000.00) (attributed to benefits); and annual medical malpractice insurance coverage of Nineteen Thousand Twenty Dollars ($19,020.00) per Physician FTE.

   b. Eighteen Thousand Five Hundred Eight-Four Dollars ($18,584.00) per Nurse Practitioner or Physician Assistant FTE provided by Company under this Agreement. Such amount is based on the sum of the following components divided by 12: Nurse Practitioner or Physician Assistant's annual base salary, which is One Hundred Seventy-Five Thousand Dollars ($175,000.00); twenty-two (22) percent of Nurse Practitioner or Physician Assistant's annual gross salary (attributed to benefits); and annual medical malpractice insurance coverage of Nine Thousand Five Hundred Ten Dollars ($9,510.00) per Nurse Practitioner or Physician Assistant FTE.

2) All other terms and conditions of the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Amendment to be effective on the Effective Date.

COMPANY: Apogee Medical Management, Inc.		**MEDICAL CENTER: RCHP-Ottumwa, LLC d/b/a Ottumwa Regional Health Center**

RegionalCare HOSPITAL PARTNERS

CONTRACT CERTIFICATION – PROFESSIONAL SERVICES/OTHER AGREEMENT

Physician Name: Apogee Medical Management, Inc. **Specialty:** Hospitalist Services

Facility: Ottumwa Regional Health Center **Type of Agreement:** Agreement

Agreement Dated: August 1, 2014 **Start Date:** August 1, 2014 **Agreement Term:** Three Years

The undersigned hereby certifies that:

- I have reviewed the above referenced written Agreement, which has been drafted by the RegionalCare Hospital Partners Legal Department in accordance with established guidelines adhering to the applicable Stark and Anti-Kickback Statutes, and subsequently signed by all parties. Any changes to form have been approved by Legal Counsel.
- I am familiar with the Company's policies and procedures related to Contract Approval and have followed these policies in the preparation of this Agreement.
- The compensation is set in advance, and the compensation package represents fair market value for the physician specialty and the specified services provided under this Agreement.
- The Agreement allows the Facility to meet a legitimate community service need.
- The Agreement clearly identifies the services to be provided by physician and represents a commercially reasonable physician-facility arrangement for services.
- There are no agreements or understandings, written or oral, that condition the compensation in any manner on the volume or value of any referrals generated between the Facility and the Physician or Physician's immediate family members.
- The physician is a member in good standing on the facility's active medical staff.
- The physician in not excluded or debarred.

NOTE: Please attach three original executed Agreements. Two will be returned to Facility CEO with final approval for Facility and Physician.

Submitted by:

7/31/14

Facility CEO Date

The undersigned officers of the owner of the Facility hereby certify that:

1. I have review the Agreement described above and hereby approve the terms thereof.
2. I am familiar with the company's policies and procedures related to Contract Approval.
3. Based upon the above certification of the Facility CEO, as well as any personal knowledge I may have of the Facility involved and related market, to the best of my information and belief, the compensation arrangement is established at fair market value for the services to be rendered.

7/30/14

Facility CFO Date

The Agreement and all addenda are hereby approved as to form:

Legal Counsel Date

AGREEMENT

THIS AGREEMENT is made by and between RCHP Ottumwa, LLC d/b/a Ottumwa Regional Health Center ("Medical Center"), and Apogee Medical Management, Inc. ("Company"), (each a "Party" and collectively, the "Parties"), effective as of the 1st day of August, 2014 (the "Effective Date").

WHEREAS, Medical Center provides continuous, twenty-four (24) hour inpatient services to the members of the community who require medical attention and Medical Center service through the Medical Center's departments (the "Departments");

WHEREAS, Medical Center has determined that a community need exists for medical management services and other medical inpatient services from physicians ("Physicians") and other health care providers (each a "Hospitalist" and collectively, the "Hospitalists") dedicated to providing such care ("Hospitalist Services") for patients who require admission to the Medical Center ("Hospitalist Patients");

WHEREAS, Medical Center desires to make complete and integrated Hospitalist Services available to its inpatients from a cohesive group of Hospitalists who strive for excellence in the provision of quality inpatient services;

WHEREAS, Company provides programs developed to offer Hospitalist Services as an aid and assistance to hospitals and to communities in need of Hospitalist Services, through an agreement (the "Management Agreement") with Apogee Medical Group, Iowa, Inc., a medical group that employs or contracts with Hospitalists (the "Medical Group");

WHEREAS, entering into an exclusive agreement with Company will assure Medical Center of the teamwork and resources necessary to provide Hospitalist Services; to offer and maintain physicians skilled in inpatient care and treatment; to develop clinical protocols; to supervise and provide consultations for improved care and treatment in various Medical Center departments; and to attain the specific goals enumerated herein.

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the Parties agree as follows:

1. **Term**. The Parties agree that the provision of Hospitalist Services at full FTE staffing levels (as further described in Section 3.a. below) will require a ramp-up time not to exceed seven (7) months from the Effective Date. As such, Company agrees to begin providing Hospitalist Services at a reduced FTE staffing level on or before December 1, 2014 (the "Commencement Date"), and to provide Hospitalist Services at full FTE staffing levels on or before March 1, 2015. Unless sooner terminated in accordance with the provisions set forth below, the Agreement will continue for a three (3) year period from the Commencement Date; thereafter, it will automatically renew for additional one (1) year periods until terminated (the "Term").

2. **Termination**. This Agreement may be terminated as follows:

a. After the first twelve (12) months of this Agreement, either Party may terminate this Agreement by providing a one hundred eighty (180) days' written notice of termination to the other Party, with or without cause.

b. At any time during this Agreement, if either Party breaches this Agreement and fails to cure such breach to the reasonable satisfaction of the non-breaching Party within thirty (30) days following a written notice from the non-breaching Party specifying the breach, the non-breaching Party may terminate this Agreement by giving written notice of such termination to the other Party; provided, however, if such breach is of such character as to reasonably require more than thirty (30) days to cure, this Agreement may not be terminated by the non-breaching Party if the breaching Party is using reasonable diligence to cure the breach as promptly as feasible as determined by the non-breaching party within its sole discretion.

c. Either Party may terminate this Agreement immediately upon any of the following events:

i. Upon Medical Center's loss of certification as a Medicare provider;

ii. Upon the closure of Medical Center;

iii. Upon Company's failure to ensure that the Medical Group compensates Hospitalists within ten (10) days of when such compensation is due;

iv. Upon either Party's general assignment for the benefit of creditors, Company's petition for relief in bankruptcy or under similar laws for the protection of debtors, or upon the initiation of such proceedings against Company if the same are not dismissed within forty-five (45) days of service;

v. Failure to remove a Hospitalist in accordance with Section 4(d) below within forty-eight (48) hours of conclusion of process in Section 4(d);

vi. The Company or any director or officer becomes debarred, excluded, or suspended, or if any other event occurs that makes it, him, or her an "Ineligible Person," described in Section 21 below;

vii. The Company fails to maintain insurance as required by this Agreement; or

viii. The Company or any Hospitalist engages in conduct that, in the reasonable discretion of Medical Center, could affect the quality of professional care provided to patients or the performance of duties required hereunder or be prejudicial or adverse to the best interest and welfare of the Medical Center or its patients.

3. Services to be provided by Company. Company shall provide or arrange for the provision of the following management and administrative services to the Medical Center (collectively, the "Administrative Services"), either directly, or through the Management Agreement with Medical Group:

a. Staffing Levels. Company shall identify to Medical Center prospective providers to provide Hospitalist Services and ensure the provision of Hospitalist Services twenty-four (24) hours per day, seven (7) days per week. Initial staffing levels will be six (6) full-time equivalent ("FTE") Hospitalists, board certified (or board eligible if permitted in Medical Center's Medical Staff Bylaws) in internal medicine or family practice. One (1) FTE equates to an average of fifteen (15) twelve (12) hour shifts per month. These staffing levels may be changed upon mutual

agreement of the Parties, evidenced by a writing signed by both parties or by an electronic mail transmission reflecting the approval of both parties if sent by Medical Center CEO.

Company shall perform initial interviews, review credentials and references, and provide to the Medical Center a compilation of qualifications and other information useful to assist the Medical Center in determining whether to approve Hospitalists. All physicians presented to the Medical Center as prospective Hospitalists shall have and maintain licenses to practice in the state. Medical Center acknowledges and agrees that all Hospitalists will be employed by or under contract with Medical Group.

b. Program Director. One of the Hospitalists designated by Company and approved by Medical Center shall be the Program Director of the Medical Center's program for delivery of Hospitalist Services (the "Hospitalist Program"). The Program Director shall be responsible for managing the Hospitalist Program on a daily basis, including, but not limited to the following:

i. Recommending policies and procedures;

ii. Handling Hospitalist Patient complaints, in cooperation with Medical Center's Office of Inspector General Compliance Officer;

iii. Acting as liaison between the Hospitalists and Medical Center medical staff and administration;

iv. Handling Hospitalists' staff conflicts, subject to the Medical Center's Medical Staff Bylaws;

v. After receiving appropriate training from Medical Center that is usual and customary for similarly situated hospitalists, facilitate and actively promote the use of CPOE as directed by the Medical Center; and

vi. Any other reasonable duties requested by Medical Center CEO.

Specific duties of the Program Director under this Agreement are delineated on "Schedule A," attached hereto and made a part hereof.

c. Hospitalist Services. The Hospitalists shall provide integrated and comprehensive inpatient Hospitalist Services for all Hospitalist Patients at Medical Center's acute care facility, including Medical Center's acute rehabilitation and psychiatric units, twenty-four (24) hours per day, seven (7) days per week. These Hospitalist Services shall include:

i. Care Management – The Hospitalists shall conduct initial assessments and admission procedures; formulate and implement a treatment plan; schedule and review clinical and diagnostic tests as medically necessary for each Hospitalist Patient; provide timely and regular reports to primary care physicians and family members regarding all aspects of Hospitalist Patients' medical condition and course of treatment; conduct rounds daily and as necessary for the acuity of Hospitalist Patients' conditions; respond to in-house codes for Hospitalist Patients; coordinate and integrate specialty and subspecialty consultations; coordinate Hospitalist Patient transfers to and from the intensive care unit, medical/surgical unit, skilled nursing facility, or home to provide

quality and continuity of care; and discharge the Hospitalist Patient back to the care of the primary care physician as and when appropriate.

ii. Discharge Management – The Hospitalists shall coordinate with discharge planning and social work departments of the Medical Center as appropriate for each Hospitalist Patient and, as requested, shall assist in making arrangements for post-acute care.

iii. Communication – The Hospitalists shall maintain an effective communication process to interface with referring primary care physicians, Hospitalist Patients and family members. This will include a dictated, complete discharge summary within forty-eight (48) hours of discharge. Once admission and discharge billing is entered, PCP is automatically notified via facsimile, as identified. After transcribed by Medical Center, discharge summary is faxed into Company's document processor and filed in patient event; primary care physician is then automatically faxed a draft copy.

iv. Administration – Hospitalists will, from time to time, as requested by the Medical Center's Chief of Medical Staff or Medical Center's Chief Executive Officer, participate on committees of the Medical Staff and provide consultation to Medical Center on the organization and operation of the non-medical aspects of the Departments. These committees may include, without limitation, medicine, pharmacy and therapeutics, and utilization management committees. Company shall assist with the development of clinical protocols for the Hospitalist Services.

v. Patient Information Coordinator - Provide Patient Information Coordinator personnel to assist in the administrative duties of the Hospitalist seven (7) days per week. The Patient Information Coordinators' Duties will include those listed in "Schedule B," attached, and any related duties.

vi. Additional Services – Medical Center may, from time to time, request that Hospitalists perform other services in addition to those outlined above or perform Hospitalist Services at other sites or locations owned and/or operated by the Medical Center. Any such additional services shall be subject to mutual agreement of the Parties, including agreement on any increase in compensation to Company for the provision of such additional services. Any such increase in compensation shall require a written amendment to this Agreement signed by both Parties.

vii. Marketing. Program Director shall assist Medical Center in marketing efforts as reasonably requested by Medical Center CEO.

d. Medical Records. Company will ensure that the Hospitalists are maintaining medical records that adequately reflect the quality of care rendered and the instructions given each Hospitalist Patient. Upon request, Hospitalists will participate in the development and utilization of Medical Center's Health Information System and after receiving appropriate training from Medical Center that is usual and customary for similarly situated hospitalists, will actively participate in Medical Center's CPOE program as directed by Medical Center.

e. Compliance with CMS and Accreditation Standards. Provide assistance to the Medical Center in its efforts to comply with the CMS Conditions of Participation as well as with all applicable standards promulgated by the Joint Commission or other applicable accrediting bodies. Company will require the Hospitalists to comply with applicable accreditation, licensure

and certification standards in the provision of services hereunder. All Services shall be performed in compliance with all applicable standards set forth by law or ordinance or established by the rules and regulations of any federal, state or local agency, department, commission, association or other pertinent governing, accrediting, or advisory body, having authority to set standards for health care facilities, including the Joint Commission on Accreditation of Healthcare Organizations ("Joint Commission"). Also, each Hospitalist shall perform all Services in accordance with all Medical Center rules, regulations, procedures, policies and bylaws and all Medical Center Medical Staff rules, regulations, procedures, policies and bylaws.

f. Compliance Plan. Allow and ensure participation of Hospitalists in the corporate compliance program of the Medical Center, to the extent applicable to the Hospitalists. Company acknowledges that Medical Center has adopted and implemented a code of conduct, compliance program, compliance hotline and related policies (the "Corporate Compliance Program"). Company acknowledges that it has received information about the Corporate Compliance Program, some of which is available at RegionalCare Hospital Partner's website under compliance, and that it and its Hospitalists shall abide by the Corporate Compliance Program policies and procedures to the extent they are relevant and applicable to the services performed under this Agreement. Company further agrees that it shall promptly notify the appropriate individuals set forth in the Corporate Compliance Program of any violations of the code of conduct and the corporate compliance policies of which it becomes aware and attend Corporate Compliance Program meetings as reasonably requested by Medical Center.

g. Hospitalist Service Metrics. Provide to Medical Center the following: daily admission/census reports; dialogue with Medical Center CEO and/or Administrator on call prior to being transferred out of Medical Center for non-life-threatening matters, anticipated discharge date with disposition, updated daily; length of stay by DRG and physician, on a monthly basis; patient perception index, on a monthly basis; and any other reports reasonably requested by Medical Center's CEO.

4. Conditions to Status as Company Hospitalist.

a. Medical Staff Privileges. Before any Hospitalist may practice medicine in the Medical Center, such Hospitalist must first be granted medical staff membership and clinical privileges ("Staff Privileges") by the Medical Staff in accordance with its established rules and regulations as to the granting and removal of such Staff Privileges. Without limiting the foregoing, all Physicians must maintain ICU/CCU privileges and ventilator management privileges, as well as any other privileges necessary to the provision of Hospitalist Services.

Hospitalists who are granted Staff Privileges shall have all rights, privileges and responsibilities of the Medical Center's medical staff. Each Hospitalist's Staff Privileges will be contingent, among other things, upon the Hospitalist's compliance with the Medical Center's medical staff bylaws, rules and regulations (collectively, the "Medical Center Policies").

b. Dispute Resolution. If the Medical Center becomes aware of any questions of professional qualifications or performance of any Hospitalist, the same shall be communicated promptly to Company so that a resolution of the problem can be promptly made. If a clinical or interpersonal problem arises with regard to a Hospitalist, Company will work with the Hospitalist and the Medical Center to correct the problem to the satisfaction of both Parties. If the Medical Center reasonably believes that such problem is of a sufficiently serious nature to warrant suspension, then the Hospitalist in question will be removed from the schedule for a period of two (2) weeks in order to allow Company the time to fairly investigate and evaluate the problem, and

if necessary, consult with the Hospitalist to correct the problem. If the problem cannot be corrected to the satisfaction of the Medical Center, Medical Center shall reserve the right to require Company to terminate said Hospitalist from service at the Medical Center. Such termination shall be administrative in nature and shall not be considered a denial or revocation of Staff Privileges subject to fair hearing and appellate review as may be provided in the Medical Center Policies, Medical Staff Bylaws or otherwise. To the extent permitted by applicable law, any Hospitalist so terminated will be deemed to have resigned voluntarily from the Medical Center's Medical Staff.

c. Medicare/Medicaid Exclusion. Company hereby represents and warrants that neither Company, its officers, directors and owners, nor Medical Group nor any Hospitalist is or has been sanctioned, debarred, or excluded from participation in any federally funded health care program, including Medicare and Medicaid. It is specifically understood and agreed that, in the event any Hospitalist is so sanctioned, debarred or excluded, he/she will be excluded from providing services under this Agreement.

d. Removal. Except as provided below, upon request by Medical Center, Company shall remove from service, under this Agreement, any Hospitalist or Patient Information Coordinator who:

i. Is arrested, indicted, or convicted of a crime other than a minor traffic violation;

ii. Has a guardian or trustee of its person or estate appointed by a court of competent jurisdiction;

iii. Becomes disabled so as to be unable to perform the duties required by this Agreement;

iv. Fails to maintain professional liability insurance required by this Agreement;

v. Has his/her license(s) and/or privileges required to perform the Hospitalist Services suspended, revoked or otherwise limited;

vi. Is suspended, excluded, or debarred from participation in any Federal government payor program;

vii. Fails to comply with any of the terms and conditions of this Agreement or Medical Center Policies; or

viii. Engages in any conduct that, in the reasonable opinion of the Medical Center, would have negative impact on the reputation or business of the Medical Center.

Company will be required to remove a Hospitalist from Medical Center premises immediately in the event that Hospitalist breaches the requirements of subparagraphs vii. and viii. above. Medical Center agrees to reimburse Company for one hundred (100) of excess replacement costs incurred by Company, whether by locum tenens or other Company-affiliated provider who has not previously provided services at Medical Center, for the replacement of such Hospitalist who has been immediately removed from Medical Center premises; provided, however, Medical Center shall not reimburse Company for any costs where such replacement can be reasonably provided and readily available by utilizing existing

Hospitalists. Company will not be required to remove a Hospitalist from service for such breach if the Hospitalist cures the breach to the reasonable satisfaction of Medical Center within ten (10) days after receiving written notice of the breach. If such Hospitalist is unable to cure the breach within ten (10) days, Company shall, within a reasonable period of time, obtain, at its cost and expense, a substitute for the removed Hospitalist or otherwise demonstrate its capabilities for continued coverage and services required by this Agreement. A failure of performance by Company under this section shall be deemed a material breach of this Agreement, and Medical Center may immediately terminate this Agreement.

Upon removal of any Hospitalist from service under this Agreement, Hospitalist will be deemed to have resigned voluntarily from the Medical Center's Medical Staff. Additionally, such removed Hospitalist will not open a medical practice within twenty-five (25) miles of the Medical Center for twenty-four (24) months following termination unless mutually agreed upon by both Parties.

5. Insurance. Company shall arrange for each Hospitalist to be provided with professional liability insurance covering Hospitalist while providing services at Medical Center, which insurance shall have coverage limits of One Million Dollars ($1,000,000.00) per loss event and Three Million Dollars ($3,000,000.00) in the aggregate, annually. Company shall maintain, at its sole expense, professional liability insurance for all Hospitalists who provide Services pursuant to this Agreement, in amounts required to maintain Medical Center Medical Staff membership/clinical privileges in good standing. Company shall obtain this insurance from a carrier and in a form satisfactory to Medical Center. Company shall provide Medical Center with a certificate of such insurance coverage upon execution of this Agreement by Company and thereafter during the term of this Agreement upon Medical Center's request. Further, Company shall provide Medical Center with a statement from the insurance carrier that Medical Center shall be notified at least thirty (30) days prior to any change to or cancellation of such insurance coverage.

6. Coverage. The coverage required by this Section shall be either on an occurrence basis or on a claims-made basis. If the coverage is on a claims-made basis, not less than thirty (30) days prior to the termination of Company's claims-made coverage, Company shall purchase tail or retroactive coverage in the amounts required for all claims arising out of incidents occurring prior to termination of such coverage, and shall provide Medical Center with a certificate evidencing such tail or retroactive coverage. If Company fails to purchase such coverage or fails to provide Medical Center with a certificate of such coverage, Medical Center shall have the right, as hereby acknowledged by Company, to purchase such coverage and notify Company in writing of the total premium costs therefor. Company shall pay to Medical Center the total premium for such coverage immediately upon Company's receipt of such notice.

7. Covenants of the Medical Center.

a. Services Provided by the Medical Center. Medical Center will provide the following to Company and the Hospitalists, as appropriate, at its sole cost and expense.

i. Sufficient office and call room space for the purpose of providing the administrative services set forth in this Agreement. Equipment sufficient to perform the administrative duties relating to the Hospitalist Services, to include: Windows XP Professional or newer workstation with the most up-to-date install of Java; high speed internet connection, telephone and plain paper laser fax/copier/printer system. Workstation must have at least 4 GB of RAM and unrestricted read/write access to a

folder on the local hard drive; no proxy servers; must be local machine; thin clients or Citrix implementations are not acceptable. The Medical Center will provide the Hospitalist Service with a dedicated phone number and dedicated fax line (no VOIP). Hospitalist may not provide care to private patients or conduct private business activities not related to Hospitalist Services in this office space;

ii. Supplies, equipment and materials necessary for the effective delivery of the Hospitalist Services;

iii. Utilities and services including, but not limited to heat, water, electricity, telephone service, long distance fax line, laundry and janitor service; and

iv. Services of nurses and other allied health personnel, as may be needed for the effective operation of the Departments, including case management services.

b. Compliance with CMS Accreditation Standards. The Medical Center will use its best efforts, at all times, to comply with all applicable standards promulgated by CMS, the Joint Commission and any applicable accrediting bodies.

c. Records. Medical records of services provided by Hospitalists hereunder will be made available to Company upon request for any purpose permitted by law. However, any disclosure of such information must comply with all applicable law.

d. Policies and Procedures. Medical Center agrees to provide Company with copies of all of the policies and procedures of Medical Center directly or indirectly applicable to the services provided under this Agreement including, without limitation, Medical Center's:

Hazardous Communication Program; applicable Material Safety Data Sheets; Emergency Evacuation/Disaster Plan; other safety rules, such as the use of proper personal protective equipment to protect against exposure to bloodborne pathogens; labeling and protective features of sharp containers; disposal, packaging and labeling hazardous waste; location of hand washing facilities; location of any asbestos or other hazardous materials; and policies and procedures regarding security, workplace violence, sexual harassment, discrimination, COBRA/EMTALA and corporate compliance.

e. Clothing. Medical Center agrees to (i) provide appropriate, temporary clothing to Hospitalist whose clothes become contaminated with blood or other bodily fluids as a result of services provided at Medical Center, and (ii) clean and return such contaminated clothing to the Hospitalist.

f. Exposure to Fluids. In the event any Hospitalist is exposed to blood/bodily fluids while providing services under this Agreement, Company will be responsible for initial evaluation and follow-up care and testing.

g. Exclusive Nature of the Agreement. So long as Company is not in material breach of Section 3(a) above, Medical Center agrees that it shall not engage any person or entity other than Company to provide or perform the Hospitalist Services and administrative services provided by Program Director, Patient Information Coordinators, and Company contemplated by this Agreement for the Term of this Agreement. Medical Center agrees not to coerce, recruit, employ, contract with, either directly or indirectly, or engage as an independent contractor, any

Hospitalists provided by the Company to provide Hospitalist Services to Medical Center during the Term of this Agreement and for a period of one (1) year thereafter. Excluded from this provision is any Hospitalist candidate provided by Medical Center. In the event that any Hospitalist provided by Company elects to remain at Medical Center following termination of the Agreement, Medical Center shall pay to Company a Retention Fee in the amount of Fifty-Five Thousand Dollars ($55,000.00) per Hospitalist.

If and only if a notice of termination has been provided in accordance with Section 2 above, this Section 7(g) shall not thereafter prohibit, limit or restrain the Medical Center from entering into a contract or agreement with any Hospitalists and/or any Hospitalists, Nurse Practitioners, or Physician Assistants provided by Company, subject to payment of the Retention Fee above. Further, once a notice of termination has been provided in accordance with Section 2 above, the Company agrees not to take any action against any Hospitalists, Nurse Practitioners, or Physician Assistants and/or Medical Center (or any affiliate, parent, or subsidiary thereof) that would prohibit, limit, or restrain the Hospitalists and/or Nurse Practitioners or Physician Assistants from entering into any contract or agreement with the Medical Center for the provision of medical services, subject to payment of the Retention Fee above.

The Parties acknowledge and agree that three (3) breaches of Section 3(a) above within an uninterrupted 180 day period shall constitute a material breach for purposes of this Section 7(g). Medical Center shall provide written notice to Company with ten (10) days of each said breach.

h. Medical Center will maintain a professional service staff sufficient to fulfill duties and responsibilities of Medical Center, as determined by Medical Center in its sole discretion.

i. Medical Center, through its administration and quality review programs, will perform clinical oversight to promote quality medical services by Medical Center and Medical Center personnel.

8. Compensation.

a. Company's Billing for Services. Medical Center acknowledges the right of Company, at Company's expense, to bill Hospitalist Patients and/or their Insurers or other payors for the services rendered by Hospitalists. Any and all such fees shall become and remain the property of Company or Medical Group, and Medical Center shall have no claims for such fees. Company shall give reasonable consideration to any request by Medical Center to refrain from billing for Hospitalist Services provided in cases involving risk management or other sensitive patient-relations issues. If Company receives payment for services provided by Medical Center, Company will promptly deliver such payment to Medical Center. Company acknowledges that the income guarantee provided hereunder is a function of the Company's cash collections. As a consequence, Medical Center will be adversely impacted in the event that the Company's billing performance does not meet industry standards. Therefore, Company agrees to use best practices, in accordance with generally accepted industry standards, to timely bill and collect for Hospitalist services provided hereunder. Company shall provide to Medical Center, at least quarterly, a report of Company's billing and collecting activities for services provided hereunder.

b. Medical Center's Billing for Services. Company acknowledges the right of Medical Center, at Medical Center's expense, to bill Hospitalist Patients and/or their insurers for the use of facilities, personnel, equipment, supplies, and support services provided by Medical Center. Any and all such fees shall become and remain the property of Medical Center under all

circumstances. If Medical Center receives payment for services provided by Hospitalists, Medical Center will promptly deliver such payment to Company.

c. Medical Center Support to Company, Medical Group and Hospitalists.

i. Hospitalist Recruitment Fee. Medical Center recognizes the need for funds to identify and recruit qualified physicians to serve as Hospitalists. Therefore, Medical Center agrees to pay to Company a one-time Hospitalist Recruitment Fee of Twenty Thousand Dollars ($20,000.00) for each Physician FTE identified and recruited by Company and approved by Medical Center to provide Hospitalist Services. Company will waive the Hospitalist Recruitment Fee if Medical Center provides the candidate. If this Agreement is terminated due to a breach by Company prior to the end of the first year of the Term, all money paid to Company as Hospitalist Recruitment Fees will be refunded to Medical Center on a prorated basis based on the number of months of service provided during the first year of the Term.

ii. Reimbursement of Travel Expenses. Medical Center will reimburse the Company for reasonable travel expenses incurred by Hospitalist candidates visiting Medical Center for interviews and community tours.

iii. External Company Provider Expenses. If the parties agree that any of the coverage under this Agreement should be provided by an "External Company Provider," hereinafter defined as an employee of Company whose primary workplace is not Medical Center, then Medical Center shall pay to Company Three Hundred Dollars ($300.00) per shift per External Company Provider, which will be passed directly to the Provider for food, lodging, travel, rental car and any other expenses related to that External Company Provider. The parties expressly agree that Company shall be entitled to bill and collect for the professional fees of the External Company Provider as for any other Company employee serving as a provider at Medical Center, and that the Cash Collections Guarantee outlined in this Agreement shall apply to such External Company Provider.

iv. Locum Tenens Compensation. If the parties agree that any of the coverage under this Agreement should be provided by a locum tenens provider, Company shall provide such locum tenens coverage by contracting for the locum tenens provider. Medical Center shall reimburse Company for the costs of providing such locum tenens coverage, including, but not limited to the compensation payable to the locum tenens provider or service, any expenses for food, lodging, travel, rental car and any other expenses related to that locum tenens provider. In the event that a Hospitalist must be immediately removed from Medical Center premises, such removal shall be in accordance with Section 4(d) above. Any Physician who provides services as a locum tenens under this Agreement will not be considered a Physician FTE for purposes of calculating the "Monthly Guarantee Amount" described in Section 8(c)(x), below.

v. Signing Bonus for Hospitalists. Medical Center agrees to reimburse Company one hundred (100) percent of the amount of any signing bonus approved by Medical Center and paid by Company to a Hospitalist. Any such payment must be approved in advance and in writing by Medical Center, in its sole and absolute discretion. Company shall obligate Hospitalists who receive a signing bonus to:

(i) Agree to provide services at Medical Center for a time period acceptable to the Medical Center; and

(ii) Execute an agreement to repay the full amount of any signing bonus if they fail to provide services for the agreed-upon time period.

vi. Relocation Fee. Medical Center recognizes the need for capital to relocate recruited physicians to the area. Therefore, Medical Center agrees to pay Company Ten Thousand Dollars ($10,000.00) at Medical Center's discretion for each Physician who relocates to the area and becomes a Hospitalist. This amount may be increased by prior written agreement of Medical Center and Company. In the event that a Hospitalist ceases to provide service at Medical Center within six (6) months of such Hospitalist's start date (as determined by the first date the Hospitalist provides services at Medical Center, all money paid to Company as a Relocation Fee for such Hospitalist will be refunded by Company to Medical Center.

vii. Program Director ("PD") Stipend and Patient Information Coordinator ("PIC"). Medical Center recognizes the costs of the PD and PIC services. Therefore, Medical Center agrees to pay to Company Three Thousand Dollars ($3,000.00) per month as a PD stipend. This amount may be increased subject to the mutual agreement of the parties. Additionally, Medical Center agrees to pay to Company Four Thousand Five Hundred Eighty-Three Dollars ($4,583.00) per PIC FTE per month. For purposes of the PIC FTE calculation, one (1) FTE equals forty (40) hour-per-week coverage; weekend coverage may be provided remotely. These stipends shall be paid on or before the fifteenth (15th) day of the month in which services are rendered.

viii. Management Fee. Recognizing that the Company must earn a fair profit in order to continue to provide reliable services to Medical Center, Medical Center agrees to pay Company a management fee (the "Management Fee") equal to fifteen (15) percent of "Cash Collections from Professional Services." "Cash Collections from Professional Services" means ninety-two (92) percent of all cash collections, net of refunds, received by Medical Group for Hospitalists' performance of medical services for Hospitalist Patients at the Medical Center. Company will provide Medical Center with a report reflecting the Cash Collections from Professional Services within five (5) days after the end of each month during which such Cash Collections from Professional Services are received, and Medical Center will pay the Management Fee on or before the twentieth (20th) day of each month. Any Management Fee payable with respect to the final month of the Term will be paid to the Company on or before the twentieth (20th) day of the first month after the Term.

ix. Medical Center Guarantee of Minimum Cash Collections to Company from Professional Services.

(i) During the Term, Medical Center agrees to advance to Company certain amounts of money that Medical Center shall provide as a guarantee of Cash Collections from Professional Services. "Cash Collections from Professional Services" means cash collections, net of refunds, received by Medical Group for Hospitalists' performance of medical services for Hospitalist Patients at the Medical Center less eight (8) percent paid to professional billing service for billing, collections, software licenses, compliance, payor audits, reporting, training, and customer support. Company will provide Medical Center

with a report reflecting the Cash Collections from Professional Services within five (5) days after the end of each month during which such Cash Collections from Professional Services are received, and Medical Center will pay the Management Fee on or before the twentieth (20th) day of each month. Any Management Fee payable with respect to the final month of the Term will be paid to the Company on or before the twentieth (20th) day of the first month after the Term.

(ii) On a monthly basis, Medical Center shall pay to Company the amount by which the Monthly Guarantee Amount, as specified below, exceeds the Company's Cash Collections from Professional Services for the preceding month. Monthly Guarantee Amount means Twenty-Eight Thousand Eighteen Dollars ($28,018.00) per Physician FTE provided by Company under this Agreement. Such amount is based on the sum of the following components divided by 12: Physician's annual base salary, which is Two Hundred Sixty Thousand Dollars ($260,000.00); twenty-two (22) percent of Physician's annual gross salary (attributed to benefits); and annual medical malpractice insurance coverage of Nineteen Thousand Twenty Dollars ($19,020.00) per Physician FTE.

If the first (1st) and last months of the Agreement are less than full calendar months, the Monthly Guarantee Amount shall be prorated accordingly.

x. The amount by which the Monthly Guarantee Amount exceeds the Cash Collections from Professional Services for each month (the "Monthly Guarantee Payment") will be calculated and paid as follows:

(i) On or before the fifth (5th) business day of each month during the Term, and the first (1st) month after the Term, Company shall furnish Medical Center with a statement of Company's Cash Collections from Professional Services for the previous month. Medical Center will calculate the amount by which the Monthly Guarantee Amount exceeds the Company's Cash Collections from Professional Services for the previous month, to determine the Monthly Guarantee Payment, if any, for the current month.

(ii) Monthly Guarantee Payments shall be made within fifteen (15) business days following receipt of Company's statement of Cash Collections from Professional Services. If, however, in any month during the Term, Company's Cash Collections from Professional Services are equal to, or exceed the Monthly Guarantee Amount, Medical Center shall have no obligation hereunder to pay Company a Monthly Guarantee Payment for such month. Further, if during any month during the Term, Company's Cash Collections from Professional Services exceed the Monthly Guarantee Amount, such excess amount ("Excess") shall be subtracted from the Monthly Guarantee Payment that would otherwise be payable for the next month and for any subsequent months until the full amount of the Excess has been deducted from Monthly Guarantee Payments, at which point the Monthly Guarantee Payments shall resume.

(iii) During the Term, and for a period of ninety (90) days thereafter, Medical Center shall have the right to review and audit Company's books and records for whatever period of time is necessary to assure that the Monthly Guarantee Payments have been calculated properly.

(iv) The Monthly Guarantee Payment will be reduced by any amounts not collected by Company due to the failure of Company or any Hospitalist to bill for or document appropriate services provided, or any other failure to comply with any payor's reimbursement requirements. Company will use its best efforts to submit all documentation necessary to credential each Hospitalist with all applicable payors within ninety (90) days of the date on which such Hospitalist begins providing services under this Agreement.

(v) If Company fails to provide the coverage required under this Agreement, Medical Center may, in addition to any other remedies available to it, decrease the Monthly Guarantee Payment in proportion to the shortfall. No such decrease shall be construed as a waiver by Medical Center for Company's obligation to provide required coverage hereunder.

xi. Student Loan Repayment. In the event there is a student loan obligation, Medical Center agrees to reimburse Company for any additional compensation related to the loan obligation, contingent upon mutual agreement of the parties.

xii. Cost-of-Living Increase. At the end of each anniversary date of the Agreement, a Cost-of-Living Increase equal to the lesser of: (i) three (3) percent or (ii) Consumer Price Index for All Urban Consumers ("CPI-U") shall be applied to each Physician's annual base salary, not to exceed three (3) percent per Physician per year. For example, if the Physician's annual base salary is Two Hundred Sixty Thousand Dollars ($260,000.00) and the CPI-U is equal to three (3) percent, the increased amount would be equal to Two Hundred Sixty Thousand Dollars ($260,000.00), multiplied by three (3) percent, for an increase of Seven Thousand Eight Hundred Dollars ($7,800.00) per Physician per year and a total Physician annual base salary of Two Hundred Sixty-Seven Thousand Eight Hundred Dollars ($267,800.00). This amount will be passed directly to the Physician. The Monthly Guarantee Amount will increase, proportionate to the increase in salary. Using the aforementioned example, the Monthly Guarantee Amount will increase by Six Hundred Fifty Dollars ($650.00) per Physician FTE, calculated by dividing Seven Thousand Eight Hundred Dollars ($7,800.00) by twelve (12).

d. Adjustment of Certain Compensation Elements for Non-Physician Hospitalists. If Company provides Hospitalist Services through Nurse Practitioners or Physician Assistants, the compensation payable to Company as a Hospitalist Recruitment Fee, Signing Bonus or Relocation Fee with respect to such Nurse Practitioners or Physician Assistants will be fifty (50) percent of the compensation payable, as specified above, with respect to Physicians.

e. Quality Metrics. Additional compensation is available for the successful performance of "quality metrics," as defined and fully set forth and incorporated herein as "Schedule E." The parties further agree that the criteria contained in Schedule E shall apply after the first anniversary of this Agreement and that the parties hereto may mutually agree to replace, on an annual basis, any of the Quality Metrics with other yet-to-be-defined Quality Metrics, which shall be applicable in future years of this Agreement. Payment or credit compensation for the Quality Metrics shall be on a quarterly basis.

9. Payment Programs with Third Parties. Company agrees to cooperate with Medical Center in its development of relationships with managed care plans, preferred provider organizations, independent provider associations, health insurers and other medical benefit programs (collectively, "Insurers"). With respect to payment for Hospitalist Services only,

Medical Center agrees that Company or Medical Group may negotiate directly with such Insurers. In the event that Company's arrangement with an Insurer is linked to Medical Center's relationship with such Insurer, Medical Center agrees to include a Company management representative in the evaluation and negotiation of such arrangements.

Attached to this Agreement as "Schedule C" is a listing of Insurers with which the Medical Center will require Company or Medical Group to negotiate a contract. Medical Center will work cooperatively with Company to prioritize the negotiations. In addition, Medical Center will provide Company with the following information for each Insurer: the name of the Insurer; its address; the contact person; and his or her electronic mail address and telephone number. Medical Center may revise Schedule C at any time by giving thirty (30) days' notice to Company.

10. Assistance to Company. Medical Center acknowledges that Company requires certain information to be obtained by Medical Center and supplied to Company to enable Company to bill Hospitalist Patients as provided above. Therefore, subject to applicable law, Medical Center shall, at its expense:

a. Use its best efforts to (i) obtain medical insurance information for each patient/patient visit, and (ii) require all Hospitalist Patients and/or guarantors or other legally responsible Parties to sign any forms required by medical insurers;

b. As needed, and upon request, provide to Company legible copies of all Hospitalist Patients' records, including without limitation, physician and nursing notes and continuation sheets;

c. Obtain releases from each Hospitalist Patient authorizing (i) the use of such patient's medical records and other data by Company, for purposes of billing and (ii) payments for services rendered by Hospitalists to be made directly to Company;

d. Provide Company with demographic information on each Hospitalist Patient;

e. Provide Company, monthly, with an accounting of all payments received by Medical Center attributable to services rendered by Hospitalists.

Company agrees not to disclose any of the information provided to it by Medical Center as identified above except as required by Company, its agents, representatives or affiliates for professional liability or risk management purposes or to allow or facilitate Company's billing and/or collecting for services rendered by Hospitalists.

f. Company is a "business associate" of Medical Center, a "covered entity," as those terms are defined in the HIPAA Standards for Privacy of Individually Identifiable Health Information (the "Privacy Rules") and the HIPAA Standards for Security of Electronic Protected Health Information (the "Security Rules"), 45 C.F.R. Part 160 and Part 164, Subparts A, C and E. As a business associate, Company must comply with the Privacy Rules and the Security Rules. The Privacy Rules and the Security Rules require Medical Center to enter into agreements containing certain minimum safeguards with its business associates. As a business associate of Medical Center, Company will comply with the terms and conditions set forth in Schedule D.

11. Relationship of Parties. The Parties agree that (a) they are independent contractors, (b) they will at all times act hereunder as independent contractors, (c) under no

circumstances shall either of them construe this Agreement, or conduct itself in a manner that shall allow it to be construed, as one of agency, partnership, joint venture or employment between them, and (d) neither of them shall or may exercise direction or control over the provision of services by the other of them. Notwithstanding the foregoing, the Hospitalist Services will be performed (a) in accordance with generally accepted professional standards in the medical profession, (b) in compliance with the Medical Center Bylaws, and (c) consistent with applicable Medical Center policies and procedures.

12. Referrals. The Parties acknowledge that none of the benefits granted to either Party hereunder is conditioned on any requirement that either Party or their respective affiliates make referrals to or otherwise generate business for the other Party.

13. Government Regulations. In the event (i) Medicare, Medicaid, any third Party payor or any federal, state or local legislative authority adopts any law, rules, regulation, policy, procedure or interpretation thereof that establishes a material change in the method or amount of reimbursement or payment for services under this Agreement, or if (ii) any or all of such payors or authorities impose requirements that necessitate a material change in the manner of either Party's operations under this Agreement and/or the costs related thereto, then, upon the request of either Party materially affected by any such change in circumstances, the Parties shall enter into good faith negotiations for the purpose of establishing such amendments or modifications as may be appropriate in order to accommodate the new requirements and changes of circumstances while preserving the original intent of this Agreement to the greatest extent possible. If after thirty (30) days of such negotiations, the Parties are unable to reach an agreement as to how or whether this Agreement shall continue, then either Party may terminate this Agreement upon 30 (thirty) days' prior written notice.

14. Liaison. Company and Medical Center shall each designate a liaison to coordinate communications between them. Until notified otherwise in writing, the liaison representative for Company shall be its Chief Executive Officer, and the liaison representative for Medical Center shall be its Chief Executive Officer.

15. Incurring Liabilities. Neither Party shall have the authority to bind the other Party under any contract or agreement or incur any debts or other obligations on behalf of the other Party.

16. Confidentiality. All statistical, financial, personnel, medical records and other data relating to the business of Medical Center is confidential and shall be retained in confidence by Company, its employees and agents; provided, however, the foregoing obligation does not apply to such data, information or materials that (a) Medical Center permits Company to release, (b) Company is required by law to release, or (c) Company is required to use to bill, or collect from, Hospitalist Patients or their Insurers.

17. Authority. Each of Medical Center and Company represent and warrant that it has the right, authority and power to enter into this Agreement.

18. Changes in Bylaws. Medical Center agrees to notify Company in a timely manner of any proposed, anticipated or actual changes to the Medical Staff Bylaws.

19. **Governing Laws**. The laws of the state of Iowa, without regard to the conflicts of law principals thereof, shall govern the validity, construction, enforcement and interpretation of this Agreement.

20. **Entire Agreement; Amendment**. This Agreement embodies the entire agreement between the Parties with respect to the subject matter hereof, and supersedes all prior agreements and understandings, if any, relating to the subject matter hereof. This Agreement may be amended only by an instrument in writing executed jointly by an officer duly authorized by the Board of Directors of the respective Parties.

21. **Binding Effect**. This Agreement shall be binding upon and inure to the benefit of Company and Medical Center, and their respective successors and assigns.

22. **Assignment**. This Agreement may not be assigned by either Party without the prior written consent of the other Party, except that Medical Center may assign this Agreement to any successor to substantially all of Medical Center's operating assets, or to an affiliate of Medical Center.

23. **Waiver of Breach**. The waiver by either Party of a breach of any provision of the Agreement shall not operate or be construed as a waiver of any subsequent breach by such Party.

24. **Use of Words**. Whenever necessary in this Agreement and where the context requires, the gender of words shall include the masculine, feminine, and/or neuter, and the number of all words shall include the singular and the plural.

25. **Descriptive Headings**. The captions and headings used in this Agreement are for convenience only and do not limit or amplify the terms and provisions hereof.

26. **Interpretation**. Nothing in this Agreement shall be construed as authorizing Company to practice medicine or to direct or control the practice of medicine by any Hospitalist providing medical services at Medical Center.

27. **Severability**. If any provision of this Agreement or the application thereof to any person or circumstance, is held to be illegal, invalid or unenforceable for any reason, such illegality, invalidity or unenforceability shall not affect any other provision of this Agreement that can be given effect in the absence of the illegal, invalid or unenforceable provision of application. To this end, all provisions of this Agreement are declared to be severable.

28. **Notices**. All notices, requests, demands and other communications required or permitted hereunder shall be in writing and shall be deemed to have been duly given (a) when received by the Party to whom directed; or (b) when deposited in the United States mail when sent by certified or registered mail, postage prepaid to the following addresses (or at such other addresses as shall be given in writing by either Party to the other):

If to Medical Center:	Ottumwa Regional Health Center 1001 Pennsylvania Avenue Ottumwa, Iowa 52501 Attention: Hospital CEO
And a Copy to:	RegionalCare Hospital Partners, Inc. 103 Continental Place, Suite 200 Brentwood, Tennessee 37027 Attention: Legal Department
If to Company:	Apogee Medical Management, Inc. 2525 East Camelback Road, Suite 1100 Phoenix, Arizona 85016

29. **Government Access**. As and to the extent required by law, upon written request of the Secretary of Health and Human Services, the Comptroller General or any of their duly authorized representatives, Company shall make available those contracts, books, documents and records necessary to verify the nature and extent of the costs of providing services under this Agreement. Such inspection shall be available for up to four (4) years after the rendering of such services. If Company carries out any of the duties of this Agreement through a subcontract with a value of Ten Thousand Dollars ($10,000.00) or more over a twelve (12) month period with a related individual or organization, Company agrees to include this requirement in any such subcontract. This section is included pursuant to and is governed by the requirements of 42 U.S.C. Section 1395x(v)(1) and the regulations thereto. No attorney-client or other legal privilege will be deemed to have been waived by Medical Center, Company or any Hospitalist by virtue of this agreement.

30. **Indemnification.**

a. Company shall indemnify and hold Medical Center harmless from any and all liability, loss (including attorneys' fees and costs) or damages suffered or incurred by Medical Center directly arising out of Company's failure to comply with its obligations under Sections 10(f), 13, 16, 33, 36, and Schedule D of this Agreement. In addition, Company shall indemnify, defend and hold Medical Center harmless from and against any and all claims for wages, salaries, benefits, taxes and all other withholdings and charges payable to, or in respect to, Hospitalists for services provided under this Agreement.

b. Medical Center shall indemnify and hold Company harmless from any and all liability, loss (including attorneys' fees and costs) or damages suffered or incurred by Company directly arising out of Medical Center's failure to comply with its obligations under Sections 10(f), 13, 33, and Schedule D of this Agreement.

c. Each Party specifically reserves any common law right of indemnity and/or contribution that either Party may have against the other.

31. **Counterparts**. This Agreement may be executed in multiple counterparts, each of which shall, for all purposes, be deemed an original, and all of which shall, for all purposes, constitute one and the same instrument.

32. **Approvals**. Neither this Agreement nor any amendment or modification hereto shall be effective or legally binding upon Medical Center, or any officer, director, employee or agent thereof, unless and until it has been approved in writing by an authorized representative of Medical Center.

33. **Compliance with Law**. Notwithstanding any other provision in this Agreement, each Party agrees to comply with all applicable provisions of Federal, state and local statutes, rules and regulations.

34. **Master Contract Database**. As required by 42 C.F.R. § 411.357(d)(1)(ii), all service agreements between Medical Center and a physician organization, physician, or an immediate family member of a physician, are maintained electronically in a master contract database that is maintained and updated centrally and is available for review upon request by an authorized governmental official.

35. **Vendor Promotion/Publication**. Medical Center prohibits the use of Medical Center's name by any vendor or independent contractor, or the use of any name of Medical Center's parent company, subsidiaries, or affiliated facilities in any advertisement, press statement, or release, website, published customer list, or any publication or dissemination similar to the foregoing without receiving in advance the express written permission from Medical Center's Chief Executive Officer. Any request for permission should include the complete text of the publication, statement, or document in which the name usage will appear and be subject to edit by Medical Center.

36. **Representations and Warranties of Company**. Company represents and warrants to Medical Center as follows:

a. Neither Company nor any of the Company's physicians practicing at Medical Center ("Company Physician") is

i. currently excluded, debarred, or otherwise ineligible to participate in any of the federal health care programs as defined in 42 U.S.C. § 1320a-7b(f) (the "Federal Health Care Programs");

ii. convicted of a criminal offense related to the provision of health care items or services but has not yet been excluded, debarred, or otherwise declared ineligible to participate in the Federal Health Care Programs;

iii. under investigation or otherwise aware of any circumstances that may result in Company or any of the Company Physicians' being excluded from participation in the Federal Health Care Programs;

iv. not bound by any Agreement or arrangement that would preclude Company Physician from entering into, or from fully performing the Services required under, this Agreement;

v. No Company Physician's license to practice medicine in Iowa or any other jurisdiction has ever lapsed or been denied, suspended, revoked, terminated, relinquished or made subject to terms of probation or other restriction;

vi. No Company Physician's medical staff privileges at any health care provider have ever been denied, suspended, revoked, terminated, relinquished under threat of disciplinary action or made subject to terms of probation or other restriction;

vii. Each Company Physician holds a valid Drug Enforcement Agency number that has never been revoked, suspended, terminated, relinquished, placed on terms of probation, or restricted in any way;

viii. No Company Physician is currently the subject of a disciplinary or other proceeding or action before any governmental, professional, medical staff or peer review body; or

ix. Each Company Physician has, and shall maintain throughout the term of this Agreement, an unrestricted license to practice medicine in Iowa and staff membership and privileges at Medical Center.

[Signatures on following page]

IN WITNESS WHEREOF, Medical Center and Company have executed this Agreement, in multiple counterparts, each of which shall be deemed an original, effective the day and year first above written.

SCHEDULE A

PROGRAM DIRECTOR DUTIES

The Program Director shall:

a) Recommend and implement Hospitalist Services protocols, policies and procedures;

b) Ensure physician coverage for Medical Center by scheduling coverage of Hospitalist Services on a monthly basis;

c) Schedule, coordinate and supervise the provision of Hospitalist Services within Medical Center;

d) Assist Medical Center in the development and implementation of appropriate performance improvement activities and benchmark measures with respect to the quality of Hospitalist Services;

e) Assume primary clinical responsibility for Hospitalist-related performance improvement activities and initiatives as appropriate;

f) Assist Medical Center with the organization and implementation of an effective utilization management program with respect to Hospitalist Services;

g) Assist Medical Center staff regarding the efficiency and effectiveness of Hospitalist Services for specific outcomes and performance indicators;

h) Advise Medical Center regarding budget, both operational and capital, and other items for the proper and efficient operation of Hospitalist Services;

i) Develop, review and provide training programs for Medical Staff and Medical Center regarding Hospitalist Services;

j) Assist Medical Center, as requested, in maintaining compliance with the applicable requirements of The Joint Commission or any other accreditation agency; the applicable licensing requirements; and the applicable requirements promulgated by any federal, state or local agency, as they apply to the Hospitalist Services;

k) Upon request by Medical Center, arrange for Hospitalist coverage at all times to respond or assist in the event of urgent or emergency situations;

l) Ensure that the Hospitalists maintain appropriate physician patient records in a timely fashion in accordance with Medical Center policies and Medical Staff Bylaws and Rules and Regulations;

m) Participate in the educational programs conducted by Medical Center and the Medical Staff necessary to assure Medical Center's overall compliance with accreditation and licensing requirements and perform such other teaching functions as agreed to by the Parties;

n) Monitor, evaluate and work to effect improvements when necessary and appropriate in the clinical abilities and performance of the Hospitalists;

o) Review monthly samples of Hospitalist Patient charts to ensure that complete patient data is being captured in accordance with all applicable requirements and guidelines; and

p) Assist in monitoring the performance of those Hospitalists who are not meeting Medical Center quality, patient satisfaction goals, and/or performance standards, and in disciplining any Hospitalists who continue poor performance, recognizing that the Medical Center Board of Directors is ultimately responsible for maintaining the standards of care provided to Hospitalist Patients;

q) Actively participate in UR committee, if requested by Medical Center CEO or MEC;

r) After receiving appropriate training from Medical Center that is usual and customary for similarly situated hospitalists, promote and utilize CPOE as requested by Medical Center CEO;

s) Support the implementation of all clinical corporate and local medical staff quality initiatives (Safety, Documentation Improvement, ICD-10, etc.).

SCHEDULE B

HOSPITALIST PATIENT INFORMATION COORDINATOR DUTIES

1. Rounding list available by 0700 daily

    a. Accurate billing entered
    b. New Hospitalist Patients entered
    c. Room numbers verified
    d. Discharges verified

2. Enter hospital census

3. Reconciliation reports

    a. Completed daily
    b. Mark as reconciled to confirm accuracy

4. Distribute correct rounding list to floors/nursing stations

5. Hospitalist Patient visits

    a. Verify demographics
    b. Identify Primary Care Physician
    c. Explain Hospitalist and Apogee; leave brochure
    d. Gather clinical pathways and critical care notes
    e. Assist with Primary Care Physician follow-up appointments, if requested

6. Fax documents into ICE for document processing

7. File all documents after entering in ICE

8. Post Scoreboard and High/Low reports in the office

9. Verify insurances, including determining if Medicaid pending

10. PET calls – Bedside visit at discharge or follow-up phone calls to Hospitalist Patient, post-discharge

11. CQIs – Communicate with Program Director if not turned in/completed by physicians

12. Work pending actions report

13. Distribute the mail

14. Create a night rounding list

15. Communicate directly with the Managing Patient Information Coordinator for support and any Patient Information Coordinator schedule changes

16. Keep office tidy

17. Liaison with all Medical Center, Administration, and Apogee

18. After receiving appropriate training from Medical Center that is usual and customary for similarly situated hospitalists, promote and use CPOE as directed by Medical Center

19. After receiving HCAHPS scores from Medical Center, post the scores and individual comments

20. After receiving appropriate training in ORHC Clinical Documentation Improvement as is usual and customary in the hospital industry, participate in the ORHC Clinical Documentation Improvement program to include collaborating with ORHC staff (case managers and clinical managers/directors) and assisting Hospitalists in completion of queries.

SCHEDULE D

BUSINESS ASSOCIATE ADDENDUM TO CONTRACT

This Addendum sets out the responsibilities and obligations of the undersigned individual or company ("Associate") as a Business Associate of RCHP-Ottumwa, LLC d/b/a Ottumwa Regional Health Center ("Entity") that is covered by an existing services agreement between Associate and Facility ("Agreement"). Associate and Entity agree to the terms and conditions of this Addendum in order to comply with the use and handling of Protected Health Information ("PHI") which includes Electronic Protected Health Information ("ePHI") under the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. Parts 160 and 164, Subparts A and E, as amended from time to time ("Privacy Standards"), the Standards for the Protection of Electronic Protected Health Information, 45 C.F.R. Parts 160 and 164 Subparts A and C, as amended from time to time ("Security Standards"), and the Health Information Technology for Economic and Clinical Health Act ("HITECH Act"), as incorporated in the American Recovery and Reinvestment Act of 2009. (Collectively, the Privacy Standards, Security Standards, and HITECH Act are referred to as the "Requirements.") Unless otherwise provided, all capitalized terms in this Agreement will have the same meaning as provided under the Requirements. Associate and Entity will comply with the terms of this Addendum for the duration of the Agreement and for such other continuing periods as provided in this Addendum. Unless otherwise indicated in this Addendum, PHI shall include ePHI.

1. **Uses and Disclosures of Protected Health Information**. Associate will use and disclose PHI only for those purposes necessary to perform its duties, obligations and functions under the Agreement, or as otherwise expressly permitted in this Addendum or required by other law. Associate will use or disclose only the Minimum Necessary amount of PHI for each use or disclosure made on behalf of Entity.

2. **Security and Confidentiality Safeguards**. Associate will implement appropriate safeguards to prevent any use or disclosure of PHI not otherwise permitted in this Addendum. Associate will also implement Administrative, Physical and Technical Safeguards to protect the Confidentiality, Integrity, and Availability of the PHI, if any, that Associate creates, receives, maintains, or transmits on behalf of Entity. Associate will comply with all security and privacy requirements applicable to Business Associates as set forth in the Requirements.

3. **Reports of Privacy Breach or Other Impermissible Use or Disclosure**. Associate will report impermissible uses or disclosures to Entity as follows:

    a. **Privacy Breach.**

        (i) Within 72 hours following discovery of a privacy Breach (as defined below), Associate will provide Entity with a brief description of what happened, including the date of the Breach, date of discovery, and an estimate of the number of Patients effected by the Breach. Notice may be made by calling Entity's Privacy Officer or faxing written notice to the Entity's Chief Information Security Officer, as set forth in Section 15.

        (ii) Without unreasonable delay and in no case later than twenty (20) calendar days following discovery of a Breach, Associate will provide Entity's Privacy Officer with:

- the identity, to the extent known, of each Patient whose PHI has been accessed, acquired, used, or disclosed during the Breach;

- A description of the types of PHI that were involved in the Breach (such as whether full name, social security number, date of birth, home address, account number, diagnosis, disability code, or other types of information were involved);

- A description of what Associate is doing to investigate the Breach, to mitigate harm to Patients, and to protect against any further Breaches.

"*Breach*" means, for purposes of this Addendum, the acquisition, access, use or disclosure of unencrypted PHI in a manner not permitted under the Requirements or under this Agreement, and that could compromise the privacy or security of the PHI, within the meaning of 45 C.F.R. § 164.402. The unauthorized acquisition, access, use or disclosure of a Patient's Social Security number is automatically deemed to constitute a Breach.

(iii) To the extent any Breach is attributable to a breach of the obligations of Associate under this Addendum or a violation of any of the Requirements, Associate shall bear (a) the costs incurred by Entity in complying with its legal obligations relating to such Breach, and (b) in addition to other damages for which Associate may be liable for under this Addendum, the following expenses incurred by Entity in responding to such Breach: (1) the cost of preparing and distributing notifications to affected Patients, (2) the cost of providing notice to government agencies, credit bureaus, and/or other required entities, (3) the cost of providing affected Patients with credit monitoring services for a specific period not to exceed twenty-four (24) months, or longer if required by law, to the extent the incident could lead to a compromise of the data subject's credit or credit standing, (4) call center support for such affected Patients, and (5) the cost of any other measures required under applicable law.

b. **Security Incident.**

(i) Within 72 hours of a Security Incident (as defined below) that results in access to or disruption of PHI, Associate will provide Entity with a description of the Security Incident, the scope of the Security Incident, the Associate's response, and, if known, the identification of the party responsible for causing the Security Incident. Notice may be made by faxing written notice to the Entity's Director of Information Systems Security as set forth in Section 15.

(ii) Periodically as requested by Entity, Associate will provide Entity with a general description of Security Incidents that were not successful in accessing or disrupting PHI.

(iii) Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Associate of a Security Incident.

"*Security Incident*" means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system.

c. **Other Improper Uses or Disclosures**. Associate will report to Entity any other impermissible use or disclosure within 72 hours of discovery of the impermissible use or disclosure.

d. **Mitigation**. Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Associate of a use or disclosure of PHI by Associate in violation of the requirements of this Addendum or the Requirements, as reasonably directed by Entity.

4. **Agents and Subcontractors**. If Associate provides PHI to a Subcontractor (defined below) for a purpose authorized under the Agreement and this Addendum, Associate will first enter into a written contract with the Subcontractor that complies with the requirements of 45 C.F.R. § 164.504(e)(2) through (e)(4), pursuant to which the Subcontractor agrees to the same restrictions and conditions applicable to Associate's use and disclosure of PHI, as set forth in this Addendum. Associate shall also ensure that any Subcontractor that creates, receives, maintains, or transmits PHI on behalf of Associate agrees to comply with the applicable requirements of the applicable Requirements. Associate will maintain a list of any such disclosures to Subcontractors as provided in Section 8 of this Addendum. "Subcontractor" shall have the same meaning as the term "subcontractor" in 45 C.F.R. § 160.103.

5. **Obligations Regarding Associate Personnel**. Associate will appropriately inform all of its employees, agents, representatives and members of its workforce ("Associate Personnel"), whose services may be used to satisfy Associate's obligations under the Agreement and this Addendum of the terms of this Addendum. Associate represents and warrants that the Associate Personnel have signed confidentiality agreements and are under legal obligation to Associate to enable Associate to fully comply with the provisions of this Addendum. Associate shall maintain copies of such signed confidentiality agreements and shall provide them to Entity upon request.

6. **Access to PHI**.

a. **Entity Request**. Within ten (10) days of a request by Entity for access to PHI held by Associate, Associate will make requested PHI available to Entity.

b. **Patient Request**. If an Individual or his/her Personal Representative as defined by state law (individually or collectively, "Patient") directs the access request to Associate, Associate will within five (5) business days forward such request in writing to Entity. Entity will be responsible for making all determinations regarding the grant or denial of a Patient's request and Associate will make no such determinations.

7. **Amendment of PHI**.

a. **Entity Request**. Within 20 calendar days of receiving a request from Entity to amend a Patient's PHI, Associate will provide such information to Entity for amendment. If the Entity's request includes specific information to be included in the PHI as an amendment, Associate will incorporate such amendment within 10 days of receipt of the Entity's request.

b. **Patient Request**. If a Patient directs the amendment request to Associate, Associate will within 20 days forward such request in writing to Entity. Entity will be responsible for making all determinations regarding the grant or denial of a Patient's request and Associate will make no such determinations.

8. **Accounting of Disclosures; Requests for Disclosure**. Associate will, to the extent required by the Requirements, keep a record of any disclosure made to third parties, including Associate's Subcontractors, and will maintain this disclosure record for the term of the Agreement and for the period prescribed by the Requirements.

   a. **Entity Request**. Associate will provide a copy of its record of such disclosures to Entity within 20 days following the request by Entity.

   b. **Patient Request**. If a Patient directs the accounting request to Associate, Associate will within twenty (20) business days forward such request in writing to Entity. Entity will be responsible for making all determinations regarding the grant or denial of a Patient's request and Associate will make no such determinations.

   c. **Survival**. This Section shall survive termination of this Addendum.

9. **Patient Request for Restrictions**. If a Patient requests Associate to restrict the use or disclosure of PHI, Associate will forward the request to Entity within 20 calendar days of Associate's receipt of the request. Entity will be responsible for making all determinations regarding the grant or denial of a Patient's request for restrictions, and Associate will make no such determinations. Associate will restrict the use or disclosure of PHI consistent with the Entity's instructions, and will further comply with any Patient's request for restrictions that Entity or Associate is required by law to honor, including requested restrictions on payment or health care operations-related disclosures to health plans when the Patient's involved health care provider has been paid out of pocket in full.

10. **Associate Use and Disclosure for Management and Administration**. Associate may use PHI for the proper management and administration of Associate or to carry out its legal responsibilities. Associate may disclose PHI for the proper management and administration of Associate or to carry out its legal responsibilities only if:

   a. The disclosure is required by law; or

   b. Associate secures written assurance from the receiving party that the receiving party will: (i) hold the PHI confidentially; (ii) use or disclose the PHI only as required by law or for the purposes for which it was disclosed to the recipient; and (iii) notify the Associate of any breaches in the confidentiality of the PHI.

11. **Performance of Entity Obligations**. To the extent Associate is to carry out any obligation of Entity under the Privacy Standards, Associate agrees to comply with the same Privacy Standard requirements that apply to Entity in the performance of such obligation.

12. **Responsibilities upon Termination.**

   a. **Return of PHI; Destruction**. Within thirty (30) calendar days of termination of Agreement, Associate will return to Entity all PHI received from Entity or created or received by Associate on behalf of Entity which Associate maintains in any form or format, and Associate will not maintain or keep in any form or format any portion of the PHI. Alternatively, Associate may, upon Entity's written consent, destroy all such PHI and provide written documentation of such destruction. The requirement to return or destroy such PHI will apply to all Subcontractors of Associate. Associate will be responsible for recovering any PHI from such Subcontractors. If Associate cannot obtain

the PHI from any Subcontractor, Agent will so notify Entity and will require that such Subcontractors directly return PHI to Entity or otherwise destroy such PHI, subject to the terms of this Section.

13. **Termination**. Entity may immediately terminate the Agreement upon written notice to Associate if Entity determines that the Associate has breached a material term of this Addendum. Alternatively, Entity may elect to provide Associate with thirty (30) calendar days' advance written notice of Associate's breach of any term or condition of this Addendum, and afford Associate the opportunity to cure the breach to the satisfaction of Entity within twenty (20) calendar days of such notice. If Associate fails to timely cure the breach, as determined by Entity, the Agreement will terminate as provided in Entity's notice.

14. **Associate Books and Records**.
