Mr. David M. Dill
Chairman and Chief Executive Officer
Lifepoint Health, Inc.

Dear Mr. Dill:

On March 17, 2023, Senator Grassley wrote to Lifepoint Health (“Lifepoint”) with serious concerns about the horrific events that occurred at the Ottumwa Regional Health Center in Ottumwa, Iowa, in 2021 and 2022, where at least nine female patients were sexually assaulted while sedated by a now deceased nurse practitioner who overdosed and died at the facility.¹ Senator Grassley’s letter described a series of opaque and questionable acquisitions, mergers, and other related party transactions at the direction of and involving your company² and sought additional information about Ottumwa Regional’s financial stability and to what extent the related-party transactions contributed to the shocking events detailed in news reporting.³

¹ Letter from Senator Charles E. Grassley, Ranking Member, Senate Committee on the Budget, to Mr. Edward K. Aldag, Jr., Chairman, President and Chief Executive Officer, Medical Properties Trust; Mr. David M. Dill, Chairman and Chief Executive Officer, Lifepoint Health; Mr. Eric Carlson, Chair, Ottumwa Regional Health Center Board of Trustees; Mr. Charles R. Kaye, Chairman and Chief Executive Officer, Warburg Pincus; and Mr. Marc Rowan, Chief Executive Officer, Apollo Global Management, Inc., (March 17, 2023), available at https://www.grassley.senate.gov/imo/media/doc/grassley_to_private_equity_reit_-_ottumwa_regional_health.pdf.

² *Id.* at 2 (Senator Grassley wrote, “In November of 2015, Apollo Global Management acquired RegionalCare, Ottumwa’s parent company, from Warburg in a deal valued at \$800 million. The new entity was renamed RCCH Healthcare Partners. In 2016, Apollo bought out Capella Healthcare from Medical Properties Trust (MPT) and merged it with RCCH Healthcare for a combined company worth \$1.7 billion. Then, in 2018, Apollo purchased LifePoint Health for \$5.6 billion and merged it with RCCH, branding the merged entity as LifePoint Health. Of particular concern is a 2019 transaction where MPT reentered the picture and acquired the real estate of 10 LifePoint Hospitals for \$700 million in what is known as a sale-leaseback transaction.”); Rosemary Batt et al., *The Role of Public REITs In Financialization and Industry Restructuring*, Working Paper No. 189, at 45, INSTITUTE FOR NEW ECONOMIC THINKING (July 9, 2022), available at <https://www.ineteconomics.org/uploads/papers/WP189-Batt-Appelbaum-Public-REITS-2.pdf>; Marc Newman, *Hospital sale finalized*, OTTUMWA COURIER (May 10, 2010), available at https://www.ottumwacourier.com/news/local_news/hospital-sale-finalized/article_00c03d50-9272-5bd4-b2dc-c2d2d6868b83.html.

³ *Id.* at 4 (Senator Grassley wrote “to better understand the facts and circumstances of your relationship with Ottumwa Regional Health Center and to perform an objective and independent review of the financial impact of the aforementioned financial transactions, please answer the following questions no later than March 31, 2023); Kyle Ocker, *Police: Multiple patients sexually assaulted at ORHC while sedated*, OTTUMWA COURIER (Jan. 11,

Lifepoint provided responses on March 31, 2023,⁴ April 21, 2023,⁵ May 5, 2023,⁶ May 10, 2023,⁷ May 12, 2023,⁸ and June 30, 2023.⁹ Although Lifepoint’s Board and Lifepoint executives have committed to fully cooperate with Senator Grassley and the investigation,¹⁰ and have provided limited documents, Lifepoint has failed to provide full and complete answers, including supporting documents, in response to his March 17 letter.¹¹ By way of example, your company has failed to provide full and complete responses related to the 2019 sale-leaseback transaction.¹² Lifepoint has also failed to provide full and complete responses to questions about the company’s use of COVID-19 taxpayer money, including repeated failures to answer the following question: “Describe in detail how these funds were allocated.”¹³

Since Senator Grassley sent the initial letters in this matter, he and Chairman Whitehouse have agreed to pursue a joint, bipartisan investigation into the impact of private equity (PE) ownership and related party transactions on the administration of health care throughout the United States. Reports suggest that such ownership may result in negative outcomes for both frontline medical providers and patients ranging from staffing reductions to wholesale facility closures to substandard medical care. The American people deserve to understand the potential impact of PE firms in the delivery of their health care. That is why, among other reasons, we are seeking the information and documents set out in Senator Grassley’s prior letters and the additional information and documents we now seek below.

Indeed, the limited information and documents that Lifepoint and related companies have provided to date have given rise to additional questions and concerns about financial transactions impacting Ottumwa Regional Health Center and the people of Iowa. We therefore reiterate the unanswered questions and expand upon the questions in Senator Grassley’s March 17 letter.
