Mr. William Kiefer
Chief Executive Officer
Ottumwa Regional Health Center

Dear Mr. Kiefer:

On March 17, 2023, Senator Grassley wrote to Ottumwa Regional Health Center with serious concerns about the horrific events that occurred at the hospital in Ottumwa, Iowa, in 2021 and 2022, where at least nine female patients were sexually assaulted while sedated by a now deceased nurse practitioner who overdosed and died at the facility.¹ Senator Grassley's letter described a series of opaque and questionable acquisitions, mergers, and other related party transactions at the direction of and involving Apollo Global, Lifepoint Health, and Medical Properties Trust² and sought additional information about Ottumwa Regional's financial stability and to what extent the related-party transactions contributed to the shocking events detailed in news reporting.³

¹ Letter from Senator Charles E. Grassley, Ranking Member, Senate Committee on the Budget, to Mr. Edward K. Aldag, Jr., Chairman, President and Chief Executive Officer, Medical Properties Trust; Mr. David M. Dill, Chairman and Chief Executive Officer, Lifepoint Health; Mr. Eric Carlson, Chair, Ottumwa Regional Health Center Board of Trustees; Mr. Charles R. Kaye, Chairman and Chief Executive Officer, Warburg Pincus; and Mr. Marc Rowan, Chief Executive Officer, Apollo Global Management, Inc., (March 17, 2023), available at https://www.grassley.senate.gov/imo/media/doc/grassley_to_private_equity_reit_-_ottumwa_regional_health.pdf.

The new entity was renamed RCCH Healthcare Partners. In 2016, Apollo bought out Capella Healthcare from Medical Properties Trust (MPT) and merged it with RCCH Healthcare for a combined company worth \$1.7 billion. Then, in 2018, Apollo purchased LifePoint Health for \$5.6 billion and merged it with RCCH, branding the merged entity as LifePoint Health. Of particular concern is a 2019 transaction where MPT reentered the picture and acquired the real estate of 10 LifePoint Hospitals for \$700 million in what is known as a sale-leaseback transaction.); Rosemary Batt et al., *The Role of Public REITs In Financialization and Industry Restructuring*, Working Paper No. 189, at 45, INSTITUTE FOR NEW ECONOMIC THINKING (July 9, 2022), available at <https://www.ineteconomics.org/uploads/papers/WP189-Batt-Appelbaum-Public-REITS-2.pdf>; Marc Newman, *Hospital sale finalized*, OTTUMWA COURIER (May 10, 2010), available at https://www.ottumwacourier.com/news/local_news/hospital-sale-finalized/article_00c03d50-9272-5bd4-b2dc-c2d2d6868b83html.

Lifepoint, on behalf of Ottumwa Regional, provided responses on March 31, 2023,⁴ April 21, 2023,⁵ May 5, 2023,⁶ May 10, 2023,⁷ May 12, 2023,⁸ and June 30, 2023.⁹ Those responses failed to provide full and complete answers, including supporting documents, in response to his March 17 letter.¹⁰

Since Senator Grassley sent the initial letters in this matter, he and Chairman Whitehouse have agreed to pursue a joint, bipartisan investigation into the impact of private equity (PE) ownership and related party transactions on the administration of health care throughout the United States. Reports suggest that such ownership may result in negative outcomes for both frontline medical providers and patients ranging from staffing reductions to wholesale facility closures to substandard medical care. The American people deserve to understand the potential impact of PE firms in the delivery of their health care. That is why, among other reasons, we are seeking the information and documents set out in Senator Grassley's prior letters and the additional information and documents we now seek below.

Indeed, the limited information and documents that Lifepoint and related companies have provided to date have given rise to additional questions and concerns about financial transactions impacting the hospital and the people of Iowa. We therefore reiterate the unanswered questions and expand upon the questions in Senator Grassley's March 17 letter. To assist the Committee in its objective and independent review of the role that Apollo and Lifepoint play in the management and operations of Ottumwa Regional Health Center, including the aforementioned financial transactions and their effect on the administration of health care, please answer the following questions and produce documents that support your answers, no later than December 20, 2023:

1. Identify the individual(s) employed by or affiliated with Ottumwa Regional who oversaw and authorized the 2019 sale-leaseback transaction. In your response, please include the following: (i) the names and titles of all individuals involved in the 2019 sale-leaseback
