President Donald J. Trump
The White House
1600 Pennsylvania Avenue, NW
Washington, D.C. 20500

Dear Mr. President,

As the Governors of States, we write to express our gratitude for your support of the Senate's amendment to the House Budget Resolution.¹ As you know, this budget resolution, which has now passed both chambers and awaits final consideration in the United States House of Representatives, is a preliminary step to unlocking a reconciliation bill that delivers on all of the promises every Republican made to the American people.

On behalf of the citizens of our states, we also thank you for the immense amount of work you and your administration have undertaken to reverse the tremendous hardship endured by our citizens due to President Biden's failed policies. Your promises to reinstitute fiscal sanity, fight against the weaponization of the justice system, secure our borders, and achieve energy dominance are unmatched. As we have all seen, promises made, promises kept.

We, like you, understand that more must be done to fully implement the agenda for which millions of Americans voted to see realized. In particular, Congress must deliver to your desk a reconciliation bill that reinforces your executive actions and codifies in permanent law policies to secure the border, unleash American energy, restore military supremacy, fight wasteful spending, prevent a debilitating tax hike on working class Americans, and prevent a debt default.

We are on your side in supporting the Senate amendment to the House budget resolution because we know that failure cannot be an option. The Democrats' open border policies created a deadly flood of illegal immigrants in all our states. Inflation and punishing energy regulations have siphoned money from the pocketbooks of families. Without an extension of your *Tax Cuts and Jobs Act*, taxpayers will suffer a multi-trillion-dollar tax hike.

¹ H.Con.Res14, as amended.

We believe this budget resolution sets a strong foundation on which to build. It provides congressional Republicans with the tools they need to enact the entire Trump agenda. Again, we thank you for supporting this budget so Congress can start putting pen to paper on the one, big, beautiful bill that will Make America Great Again.

Sincerely,
