

# TRUMP'S BUDGET WOULD BE DEVASTATING FOR IDAHO

## If Trump's Budget for 2019 became law, it would:

- Eliminate health insurance for 201,000 Idahoans by implementing the cruel “Graham-Cassidy” plan to **repeal and replace the Affordable Care Act**. This plan would slash funding for Medicaid, weaken protections for people with pre-existing conditions, and cause havoc in the health insurance market.
- Cut Medicaid by \$1.4 trillion over the next 10 years – 34 percent in 2028 alone – with Idaho's share representing \$5 billion. **Medicaid** provides funding for more than 60 percent of all nursing home residents, 40 percent of all children, 60 percent of children with disabilities, and nearly half of all births in the U.S.
- Slash the **Supplemental Nutrition Assistance Program (SNAP, or food stamps)** by \$213.5 billion, potentially eliminating nutrition assistance from 40,000 Idahoans, 94 percent of whom live in households with at least one child, elderly person, or a person with a disability. Providing a “Blue Apron”-style, government-issued box of canned goods to make up for some of this cut is merely a cruel joke.
- Eliminate nutrition assistance for 4,300 pregnant women, new moms, babies, and toddlers in Idaho by cutting the **Women, Infants, and Children (WIC)** program by 13 percent in the final year of this budget.
- Deny heating assistance to 32,400 Idaho households – 84 percent of which include at least one elderly person, one person with a disability, or one child under five years old – by abolishing the **Low-Income Home Energy Assistance Program (LIHEAP)**.
- Cut off affordable housing assistance to 610 Idaho families, putting them at immediate risk of eviction and homelessness by slashing “**Section 8**” **Housing Choice Vouchers**.
- Cut **Head Start** in Idaho by \$42 million over 10 years, which – in any given year over the next 10 – could eliminate high-quality child care and early education for 460 low-income children.
- Eliminate after-school programs for 5,800 Idaho students by zeroing out the **21st Century Community Learning Centers** program.
- Make college more expensive by completely eliminating the **Direct Subsidized Loan** program that 32,100 Idaho students benefit from each year and by eliminating grants to some 6,100 Idaho students through the **Supplemental Educational Opportunity Grant** program. The Trump Budget also eliminates the **Public Service Loan Forgiveness** program and cuts **Federal Work Study** by 80 percent.
- End a home energy **weatherization** program that for over 40 years has helped make 62,000 Idaho residences more energy efficient. This program saves the average homeowner nearly \$300 a year on energy bills.
- Eliminate federal funding for nine Idaho **community action programs** that provide thousands of low-income Idahoans emergency food, shelter, heating assistance, transportation, and health care.
- Cut \$11 million in **Community Development Block Grants** that provide Idaho funding for affordable housing, transportation, and economic development.
